PROXY STATEMENT

VOTING AND OTHER MATTERS

General

The accompanying proxy is solicited on behalf of MarineMax, Inc., a Delaware corporation, by our Board of Directors for use at our Annual Meeting of Stockholders to be held at 8:00 a.m. on Wednesday, February 17, 2010, or at any adjournment thereof, for the purposes set forth in this proxy statement and in the accompanying notice. The meeting will be held at 2375 East Camelback Road, 7th Floor, Phoenix, Arizona.

In accordance with rules adopted by the Securities and Exchange Commission, or the SEC, that allow companies to furnish their proxy materials over the Internet, we are mailing a Notice of Internet Availability of Proxy Materials instead of a paper copy of our proxy statement and our 2009 Annual Report to most of our stockholders. The Notice of Internet Availability of Proxy Materials contains instructions on how to access those documents and vote over the Internet. The Notice of Internet Availability of Proxy Materials also contains instructions on how to request a paper copy of our proxy materials, including our proxy statement, our 2009 Annual Report, and a form of proxy card. We believe this process will allow us to provide our stockholders the information they need in a more timely manner, while reducing the environmental impact and lowering our costs of printing and delivering the proxy materials.

These proxy solicitation materials were first distributed on or about January 11, 2010 to all stockholders entitled to vote at the meeting.

Voting Securities and Voting Rights

Stockholders of record at the close of business on December 28, 2009 are entitled to notice of and to vote at the meeting. On the record date, there were issued and outstanding 21,933,922 shares of our common stock. Each holder of common stock voting at the meeting, either in person or by proxy, may cast one vote per share of common stock held on all matters to be voted on at the meeting.

The presence, in person or by proxy, of the holders of a majority of the total number of shares entitled to vote constitutes a quorum for the transaction of business at the meeting. Assuming that a quorum is present, a nominee for election to our Board of Directors will be elected if the votes cast for such nominee's election, in person or by proxy, exceed the votes cast against such nominee's election. The affirmative vote of a majority of the outstanding shares of our common stock is required to approve the amendment to our certificate of incorporation to increase the total number of authorized shares of our capital stock.

Votes cast by proxy or in person at the meeting will be tabulated by the election inspectors appointed for the meeting who will determine whether a quorum is present. The election inspectors will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but as unvoted for purposes of determining the approval of any matter submitted to the stockholders for a vote. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter.

Voting of Proxies

When a proxy is properly executed and returned, the shares it represents will be voted at the meeting as directed. If no specification is indicated, the shares will be voted (1) for the election of the nominees for directors set forth in this proxy statement, (2) for approval of the amendment to our certificate of incorporation to increase our authorized capital stock, (3) for the ratification of the appointment of Ernst & Young LLP, an independent registered public accounting firm, as the independent auditor of our company for the fiscal year ending September 30, 2010,

Table of Contents

and (4) as the persons specified in the proxy deem advisable on any such other matters as may come before the meeting.

Revocability of Proxies

Any person giving a proxy may revoke the proxy at any time before its use by delivering to us written notice of revocation or a duly executed proxy bearing a later date or by attending the meeting and voting in person.

Solicitation

We will pay for this solicitation. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for expenses incurred in forwarding solicitation materials to such beneficial owners. Proxies also may be solicited by certain of our directors and officers, personally or by telephone or e-mail, without additional compensation.

Annual Report and Other Matters

Our 2009 Annual Report on Form 10-K, which was made available to stockholders with or preceding this proxy statement, contains financial and other information about our company, but is not incorporated into this proxy statement and is not to be considered a part of these proxy soliciting materials or subject to Regulations 14A or 14C or to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended. The information contained in the Compensation Committee Report on Executive Compensation and Report of the Audit Committee shall not be deemed filed with the Securities and Exchange Commission or subject to Regulations 14A or 14C or to the liabilities of Section 18 of the Securities Exchange Act of 1934.

We will provide, without charge, a printed copy of our annual report on Form 10-K for the fiscal year ended September 30, 2009 as filed with the SEC to each stockholder of record as of the record date that requests a copy in writing. Any exhibits listed in the Form 10-K report also will be furnished upon request at the actual expense incurred by us in furnishing such exhibits. Any such requests should be directed to our company's secretary at our executive offices set forth in this proxy statement.

PROPOSAL ONE

ELECTION OF DIRECTORS

Nominees

Our certificate of incorporation and bylaws provide that the number of directors shall be fixed from time to time by resolution of our Board of Directors. In the event that any nominee is unable or declines to serve as a director at the time of the meeting, the proxies will be voted for any nominee designated by the current Board of Directors to fill the vacancy. It is not expected that the nominees will be unable or will decline to serve as directors.

The Board of Directors recommends a vote **for** the nominees named herein.

At each annual meeting of stockholders, directors of a particular class will be elected for three-year terms to succeed the directors of that class whose terms are expiring. Messrs. McLamb and Knittel are Class I directors whose terms will expire in 2011. Messrs. McGill, Furman, and Kant are Class II directors whose terms will expire in 2012. Messrs. There are no family relationships among any of our directors or executive officers.

Information Relating to Corporate Governance and the Board of Directors

Our Board of Directors has determined, after considering all the relevant facts and circumstances, that Messrs. Eure, Furman, Knittel, Watters, and Woodman are independent directors, as independence is defined by the listing standards of the New York Stock Exchange, because they have no material relationship with us (either directly or as a partner, stockholder, or officer of an organization that has a relationship with us). Messrs. McGill and McLamb are employee directors, and Mr. Kant is a non-employee director.

Table of Contents

Our Board of Directors has an Audit Committee, a Compensation Committee, and a Nominating/Corporate Governance Committee, each consisting entirely of independent directors.

Our Board of Directors has adopted charters for the Audit, Compensation, and Nominating/Corporate Governance Committees describing the authority and responsibilities delegated to each committee by our Board of Directors. Our Board of Directors has also adopted Corporate Governance Guidelines, a Code of Business Conduct and Ethics, and a Code of Ethics for the CEO and Senior Financial Officers. We post on our website, at www.MarineMax.com, the charters of our Audit, Compensation, and Nominating/Corporate Governance Committees; our Corporate Governance Guidelines, Code of Business Conduct and Ethics, and Code of Ethics for the CEO and Senior Financial Officers, and any amendments or waivers thereto; and any other corporate governance materials contemplated by SEC or New York Stock Exchange regulations. These documents are also available in print to any stockholder requesting a copy in writing from our corporate secretary at our executive offices set forth in this proxy statement.

We regularly schedule executive sessions in which non-employee directors, meet without the presence or participation of management, with at least one of such sessions including only independent directors. The presiding director of such executive session rotates among the Chairs of the Audit Committee, Compensation Committee, and the Nominating/Corporate Governance Committee.

Interested parties may communicate with our Board of Directors or specific members of our Board of Directors, including our independent directors and the members of our various board committees, by submitting a letter addressed to the Board of Directors of MarineMax, Inc. c/o any specified individual director or directors at the address listed herein. Any such letters are forwarded to the indicated directors.

The Audit Committee

The purpose of the Audit Committee is to assist the oversight of our Board of Directors of the integrity of the financial statements of our company, our company's compliance with legal and regulatory matters, the independent auditor's qualifications and independence, and the performance of our company's independent auditor and internal audit function. The primary responsibilities of the Audit Committee are set forth in its charter and include various matters with respect to the oversight of our company's accounting and financial reporting process and audits of the financial statements of our company. The Audit Committee also selects the independent auditor to conduct the annual audit of the financial statements of our company; reviews the proposed scope of such audit; reviews accounting and financial controls of our company with the independent auditor and our financial accounting staff; and reviews and approves transactions between us and our directors, officers, and their affiliates.

The Audit Committee currently consists of Messrs. Eure, Furman, Knittel, and Woodman, each an independent director of our company under the New York Stock Exchange rules as well as under rules adopted by the SEC pursuant to the Sarbanes-Oxley Act of 2002. Mr. Eure serves as the Chairman of the Audit Committee. The Board of Directors has determined that Messrs. Eure, Furman, Knittel, and Woodman (whose backgrounds are detailed above) each qualify as an audit committee financial expert in accordance with applicable rules and regulations of the SEC.

The Compensation Committee

The purpose and responsibilities of the Compensation Committee include reviewing and approving corporate goals and objectives relevant to the compensation of our Chief Executive Officer, evaluating the performance of our Chief Executive Officer in light of those goals and objectives, and, either as a committee or together with the other independent directors (as directed by the Board of Directors), determining and approving the compensation level of our Chief Executive Officer based on this evaluation. The Compensation Committee also recommends to the Board of Directors, or as directed by the Board of Directors determines and approves, the compensation of our other executive

officers, and considers the grant of stock-based awards to our executive officers under our 2007 Incentive Compensation Plan. The Compensation Committee currently consists of Messrs. Furman, Knittel, Watters, and Woodman, with Mr. Furman serving as Chairman.

Table of Contents

The Nominating/Corporate Governance Committee

The purpose and responsibilities of the Nominating/Corporate Governance Committee include the identification of individuals qualified to become board members, the selection or recommendation to the Board of Directors of nominees to stand for election as directors at each election of directors, the development and recommendation to the Board of Directors of a set of corporate governance principles applicable to our company, the oversight of the selection and composition of committees of the Board of Directors, and the oversight of the evaluations of the Board of Directors and management. The Nominating/Corporate Governance Committee currently consists of Messrs. Eure, Watters, and Woodman, with Mr. Watters serving as Chairman. The Nominating/Corporate Governance committee will consider persons recommended by stockholders for inclusion as nominees for election to our Board of Directors if the names, biographical data, and qualifications of such persons are submitted in writing in a timely manner consistent with our bylaws and addressed and delivered to our company's secretary at the address listed herein. The Nominating/Corporate Governance Committee identifies and evaluates nominees for our Board of Directors, including nominees recommended by stockholders, based on numerous factors it considers appropriate, some of which may include strength of character, mature judgment, career specialization, relevant technical skills, diversity, and the extent to which the nominee would fill a present need on our Board of Directors. As discussed above, the members of the Nominating/Corporate Governance Committee are independent, as that term is defined by the listing standards of the New York Stock Exchange.

Board and Committee Meetings

Our Board of Directors held a total of 15 meetings during the fiscal year ended September 30, 2009. No director attended fewer than 75% of the aggregate of (i) the total number of meetings of the Board of Directors; and (ii) the total number of meetings held by all committees of the Board of Directors on which such director was a member. We encourage each of our directors to attend each annual meeting of stockholders. To that end, and to the extent reasonably practicable, we regularly schedule a meeting of the Board of Directors on the same day as our annual meeting of stockholders. All members of our Board of Directors attended the 2009 annual meeting of stockholders.

During the fiscal year ended September 30, 2009, the Audit Committee held 12 meetings; the Compensation Committee held five meetings; the Nominating/Corporate Governance Committee held four meetings; and the Pricing Committee held one meeting.

COMPENSATION DISCUSSION AND ANALYSIS

Overview and Philosophy

Our Board of Directors has appointed a Compensation Committee, consisting of independent members of the Board of Directors, to review and approve corporate goals and objectives relevant to the compensation of our Chief Executive Officer, evaluate the performance of our Chief Executive Officer in light of those goals and objectives, and determine or recommend to the Board of Directors the compensation of our Chief Executive Officer based on this evaluation. The Compensation Committee also recommends to the Board of Directors, or as directed by the Board of Directors determines and approves, the compensation of our other executive officers. The Compensation Committee makes every effort to ensure that the compensation plan is consistent with our values and is aligned with our business strategy and goals as they exist from time to time.

Our compensation program for executive officers consists primarily of base salaries, incentive bonuses, discretionary bonuses, and long-term incentives in the form of stock-based awards, which may include stock options, shares of restricted common stock, restricted stock units, or RSUs, or a combination thereof. Executives also participate in various other benefit plans, including medical and retirement plans that generally are available to all of our employees.

We consider each element of compensation collectively with other elements of compensation when establishing the various forms, elements, and levels of compensation.

Our philosophy is to pay base salaries to executives at levels that enable us to attract, motivate, and retain highly qualified executives, with base salaries generally set at levels below those of our peer companies taking into

Table of Contents

account the possibility of the receipt by our executives of performance-based incentive bonuses. Incentive bonuses are designed to reward individuals for performance-based on certain aspects of our company's financial results as well as the achievement of personal and corporate objectives that contribute to our long-term success in building stockholder value. Grants of stock-based awards are intended to result in limited rewards if the price of our common stock does not appreciate, but may provide substantial rewards to executives as our stockholders in general benefit from stock price appreciation. Grants of stock-based awards also are intended to align compensation with the price performance of our common stock. Total compensation levels reflect corporate positions, responsibilities, and achievement of goals. As a result of our performance-based philosophy to compensation, compensation levels may vary significantly from year to year and among our various executive officers. In general, we expect the compensation level of our Chief Executive Officer will be higher than that of our other executive officers assuming relatively equal achievement of performance targets.

Role of the Compensation Committee and Chief Executive Officer

At the request of our Compensation Committee, our Chief Executive Officer generally attends a portion of our Compensation Committee meetings, including meetings at which our compensation consultants are present. This enables our Compensation Committee to review with our Chief Executive Officer the corporate and individual goals that he regards as important to achieve our overall goals. Our Compensation Committee also requests our Chief Executive Officer to assess the performance of, and our goals for, our executives. Although the participation of the Chief Executive Officer could influence performance targets, including his own, the Compensation Committee rather than our Chief Executive Officer makes all final determinations or board recommendations regarding setting individual and corporate goals and targets and performance against such goals and targets.

The Compensation Committee reviews and approves or recommends to the full board the compensation of our Chief Executive Officer and our other executive officers. Annually, our Compensation Committee evaluates the performance of our Chief Executive Officer and approves or recommends to our Board of Directors the compensation of our Chief Executive Officer in light of the goals and objectives of our compensation program for that year. Our Compensation Committee together with our Chief Executive Officer annually assesses the performance of our other executive officers. Based on recommendations from our Chief Executive Officer and the determinations of our Compensation Committee, our Compensation Committee approves or makes recommendations to our Board of Directors regarding the compensation of our other executive officers.

Compensation Surveys and Compensation Consultants

In determining compensation levels, we periodically review compensation levels in our geographical area, compensation levels of companies that we deem to be similar to our company regardless of their location, competitive factors to enable us to attract executives from other companies, and compensation levels that we deem appropriate to retain and motivate our executives. We use this peer group information as a point of reference, but do not benchmark or target our compensation levels against our peer group.

From time to time, we retain the services of independent compensation consultants to review a wide variety of factors relevant to executive compensation, trends in executive compensation, and the identification of relevant peer companies. The Compensation Committee makes all determinations regarding the engagement, fees, and services of our compensation consultants; our compensation consultants report directly to our Compensation Committee; and our compensation consultants do not perform any other services for our company.

Base Salary

We set base salaries at a level sufficient to attract, retain, and motivate our executives taking into account the fact that our executives have the opportunity to receive significant incentive compensation if they are able to achieve performance goals set from time to time. Base salaries for executive officers are established based on an executive's position, responsibilities, skills, and experience. In determining base compensation, we also take into account individual performance and contributions, future potential, competitive salary levels for comparable positions at other companies, salary levels relative to other positions within our company, and corporate needs. The Compensation Committee's evaluation of the foregoing factors is subjective, and Compensation Committee does not

Table of Contents

assign a particular weight to any factor. Our base salaries tend to be lower than those of other companies that do not place as much emphasis as we do on paying for performance.

Incentive Compensation

Incentive compensation represents an important component of overall executive compensation. Our incentive compensation reflects our pay-for-performance philosophy. We establish objective performance criteria when setting performance goals for the incentive compensation program for a particular year. The performance objectives may include a wide range of factors, including pretax income for our consolidated company or on a regional basis, customer satisfaction index, achievement of budgeted results, market share, inventory management, earnings before interest, taxes, depreciation, and amortization, operating margin, working capital, cash, cash management, and debt-to-equity ratio. The performance objectives vary on a year-to-year and executive-by-executive basis depending on the goals then deemed important for our company as a whole and for the particular executive officer. We attempt to set our performance goals at a level that can be realistically achieved, but at a level at least necessary to achieve the desired corporate goal. Our executive officers satisfied 80% of their performance goals in fiscal 2007, 10% of their performance goals in fiscal 2008, and 55% of their performance goals in fiscal 2009.

Grants of Stock-Based Awards

We strongly believe in utilizing our common stock to tie executive rewards directly to our long-term success and increases in stockholder value. Grants of stock-based awards to our executive officers enable those executives to develop and maintain a significant ownership position in our common stock. Among other factors, the amount of stock-based awards granted takes into account stock-based awards previously granted to an individual. Stock based compensation typically vests over a period of years to encourage executive retention and emphasize long-term performance and may also include specific performance metrics to be earned. Our Board of Directors grants stock-based awards at regularly scheduled meetings of the board. See Executive Compensation Summary Compensation Table.

Other Benefits

Executive officers are eligible to participate in benefit programs designed for all of our full-time employees. These programs include medical insurance, a qualified retirement program allowed under Section 401(k) of the Internal Revenue Code, and life insurance coverage.

Deductibility of Executive Compensation

We take into account the tax effect of our compensation. Section 162(m) of the Internal Revenue Code currently limits the deductibility for federal income tax purposes of compensation in excess of \$1.0 million paid to each of any publicly held corporation's chief executive officer and four other most highly compensated executive officers. We may deduct certain types of compensation paid to any of these individuals only to the extent that such compensation during any fiscal year does not exceed \$1.0 million. Qualifying performance-based compensation is not subject to the deduction limits if certain requirements are met. We currently intend to structure the performance-based portion of the compensation of our executive officers in a manner that complies with Section 162(m).

Accounting Considerations

We account for stock-based awards in accordance with the provisions of Statement of Financial Accounting Standards No. 123R (SFAS 123R). In determining stock-based awards, we consider the potential expense of those grants under SFAS 123R and the impact on our earnings per share.

Policies for the Pricing and Timing of Stock-Based Grants

We set the price of all stock-based awards at the closing price of our stock on the New York Stock Exchange on the date of grant. We grant the stock-based compensation at regularly scheduled meetings each year. In the case of new hires, we generally grant stock-based compensation on start dates, which are determined by the date the employee reports for service.

Table of Contents

Employment Agreements

Each of Messrs. McGill, McLamb, and Russell is a party to an employment agreement with us, which provides for designated base salaries plus incentive compensation based on the performance of our company and the employees as determined by our Board of Directors. Each of the employment agreements provides for benefits in the event of certain changes in control of our company. These arrangements have no effect on our compensation arrangements absent a change in control. Under the respective employment agreements, had a change in control occurred at the end of our last fiscal year, the compensation costs, including SFAS 123R compensation expense associated with the acceleration of all outstanding equity-based awards, would have been \$941,748, \$423,422, and \$319,194, respectively, for Messrs. McGill, McLamb, and Russell, and insurance continuation costs would have been approximately \$30,000 for Mr. McGill.

Fiscal 2009 Compensation

Compensation Consultants

We engaged Compensia, Inc. to assist us in connection with our fiscal 2009 incentive compensation program. Our prior executive compensation consulting firm previously assisted us in determining an appropriate group of peer companies, which we continued to use for fiscal 2009. As a result of the absence of comparable direct competitors, the peer group was drawn primarily from retail and general industry companies with an emphasis on specialty retailers of luxury products, vehicle dealers, and recreational real estate companies. These peer companies consist of Asbury Automotive Group, Autonation Inc., Sotheby's, Bluegreen Corp., Coach Inc., Finlay Enterprises Group, Automotive Inc., Carmax, Inc., Lithia Motors Inc., Vail Resorts, Polo Ralph Lauren Corp., Sonic Motors, Tiffany & Co., WCI Communities, and Zale Corp.

Base Salaries

Messrs. McGill, McLamb, and Russell received base compensation for fiscal 2009 in accordance with the base compensation levels in effect under their respective employment agreements. Kurt M. Frahn and Jack P. Ezzell received base compensation for 2009 in accordance with their respective fiscal 2009 compensation plans as recommended by the Compensation Committee and approved by the Board of Directors. In accordance with our pay-for-performance philosophy, our base compensation levels for fiscal 2009 were generally lower than those of our peer companies.

None of our named executive officers received an increase in base salary for fiscal 2009. Mr. McGill voluntarily reduced his base salary for the second half of fiscal 2009 from an annual rate of \$500,000 to an annual rate of \$400,000.

Incentive Compensation

For fiscal 2009, we established an individual compensation plan for each of Messrs. McGill, McLamb, Russell, Frahn, and Ezzell under our 2009 executive incentive compensation program. Mr. McGill's plan provided for a pretax bonus calculated at .51% of the consolidated monthly pretax profit of our company plus a cash flow bonus calculated at 1.77% of the quarterly cash flow of our company plus a bonus of up to 40% of Mr. McGill's base salary based upon achieving three goals: growth of pretax profit in our service department by a specified amount over fiscal 2008, a reduction of inventory over 365 days by a designated amount, and board approval of a company-wide succession plan, with the three goals having respective weighting of 40%, 40%, and 20%. Mr. McGill achieved two of the three goals but did not receive a pretax profit bonus or cash flow bonus.

Mr. McLamb's plan provided for Mr. McLamb to receive a pretax bonus calculated at .17% of the consolidated monthly pretax profit of our company plus a cash flow bonus calculated at .59% of the quarterly cash flow of our company plus a bonus of up to 40% of Mr. McLamb's base salary based upon achieving three equally weighted goals: the reduction of inventory over 365 days by designated amounts; growth of the pretax profits service, parts, accessories, finance, and insurance operations by specified amounts for fiscal 2009 compared with fiscal 2008; and

Table of Contents

growth of pretax profit by our service department by a specified amount over fiscal 2008. Mr. McLamb achieved one of the three goals but did not receive a pretax profit bonus or cash flow bonus.

Mr. Russell's plan provided for Mr. Russell to receive a pretax bonus calculated at .17% of the consolidated monthly pretax profit of our company plus a cash flow bonus calculated at .59% of the quarterly cash flow of our company plus a bonus of up to 40% of Mr. Russell's base salary based upon achieving two equally weighted goals: growth of pretax profit of our service department by a specified amount over fiscal 2008 and a reduction of inventory over 365 days by a designated amount. Mr. Russell achieved one of the two goals but did not receive a pretax profit bonus or cash flow bonus.

Messrs. McGill, McLamb, and Russell also each received a \$15,000 quarterly bonus for developing board approved detailed planning budgets addressing the economic climate and industry factors facing our company on an individual quarterly basis.

Mr. Frahn's plan provided for Mr. Frahn to receive a pretax bonus calculated at .15% of the consolidated monthly pretax profit of our company plus a bonus based upon assisting our company to maintain compliance with and amending our credit agreement and reducing our real estate occupancy costs. Mr. Frahn achieved each of his goals but did not receive a pretax profit bonus.

Mr. Ezzell's plan provided for Mr. Ezzell to receive a pretax bonus calculated at .12% of the consolidated monthly pretax profit of our company plus a bonus based on the completion of our financial reporting on a timely and cost-efficient manner with no material weaknesses and achieving enhancements in our purchase order process. Mr. Ezzell achieved each of his goals but did not receive a pretax profit bonus.

Stock-Based Awards

For fiscal 2009, our stock-based incentive compensation grants took the form of grants of time-based and performance-based stock options. Our Board of Directors granted stock options to purchase the following number of shares of common stock to the following executive officers: 100,000 time-based stock options and 35,000 performance-based stock options to Mr. McGill, 70,000 time-based stock options and 17,500 performance-based stock options to Mr. McLamb, 70,000 time-based stock options and 17,500 performance-based stock options to Mr. Russell, 22,500 time-based stock options and 6,500 performance-based stock options to Mr. Frahn, and 22,500 time-based stock options and 6,500 performance-based stock options to Mr. Ezzell. The time-based stock options vest 1/36 per month beginning on the date of grant. The performance-based stock options are earned when our company achieves designated levels of inventory. Stock-based compensation for fiscal 2008 took the form of performance-based RSUs and stock-based compensation for fiscal 2007 took the form of time-based RSUs. The stock underlying the RSUs is scheduled to be delivered within five months after vesting provided that the delivery date may be delayed to the extent necessary to be deductible under Section 162(m) of the Internal Revenue Code. Each officer forfeits the unearned or unvested portion, if any, of the stock options or RSUs if the officer's service to our company is terminated for any reason, except as may otherwise be determined by the Board of Directors or as provided in an applicable employment agreement. For Messrs. McGill, McLamb, and Russell, stock-based awards vest upon a change in control of our company.

CEO Compensation

During fiscal 2009, the Compensation Committee evaluated the factors described above in recommending the base salary and incentive compensation of William H. McGill Jr., our Chairman, President, and Chief Executive Officer. See *Executive Compensation Employment Agreements*.

Section 162(m)

Our compensation arrangements with any of our executive officers did not exceed the limits on deductibility under Section 162(m) during our fiscal year ended September 30, 2009.

- (1) The base salaries set forth in this column reflect any base salary adjustments for all of our 2007, 2008, and 2009 fiscal years for each of the named officers.
- (2) Discretionary bonuses were paid for fiscal 2007 and 2008 to Messrs. Frahn and Ezzell.
- (3) The amounts shown in this column represent the dollar amounts recognized for financial statement reporting purposes in fiscal 2007, 2008, and 2009 with respect to the grant date fair value of RSU awards determined in accordance with SFAS 123R and thus include amounts from awards granted in previous years. We determine the grant date fair value of each RSU award using the closing price of our common stock on the date of grant and recognize the compensation expense over the vesting period. Each named executive officer forfeits the unvested portion, if any, of the officer's RSUs if the officer's service to our company is terminated for any reason, except as may otherwise be determined by the Board of Directors or as provided in an employment agreement. For further information on these awards, see the Grants of Plan-Based Awards table of this proxy statement.
- (4) The amounts shown in this column reflect the dollar amount recognized for financial statement reporting purposes in fiscal 2007, 2008, and 2009 with respect to the grant date fair value of stock option awards determined in accordance with SFAS 123R, and thus include amounts from awards granted in previous years. We estimated the grant date fair value of each stock option award on the date of grant using the Black-Scholes option pricing model and recognize the compensation expense over the vesting period. See Note 15 to the Consolidated Financial Statements in our Form 10-K for the year ended September 30, 2009 for a discussion of the relevant assumptions used in determining the grant date fair value of our stock option awards pursuant to SFAS 123R. Each named executive officer forfeits the unvested portion, if any, of the officer's stock options if the officer's service to our company is terminated for any reason, except as may otherwise be determined by the

(1) The vesting schedule for stock options historically has been time based over three to five years although we granted performance-based as well as time-based stock options for fiscal 2009 as noted above. The vesting schedule for restricted stock and RSUs historically has been time based over four to five years and, at times, contained certain performance elements.

- (2) The market value of shares or units of stock that have not vested as reported in the table above is determined by multiplying the closing market price of our common stock on the last trading day of our last completed fiscal year of \$7.81 by the number of shares or units of stock that have not vested.

Table of Contents**Option Exercises and Stock Vested**

The following table describes, for the named executive officers, the number of shares acquired on the exercise of options and vesting of stock awards and the value realized on exercise of options and vesting of stock awards.

OPTION EXERCISES AND STOCK VESTING

Name (a)	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (b)	Value Realized on Exercise (c)	Number of Shares Acquired on Vesting (d)	Value Realized on Vesting (e)
William H. McGill Jr.	0	\$ 0	69,084	\$ 189,097
Michael H. McLamb	0	\$ 0	36,750	\$ 102,113
Edward A. Russell	0	\$ 0	29,167	\$ 81,842
Kurt M. Frahn	0	\$ 0	5,584	\$ 14,372
Jack P. Ezzell	0	\$ 0	5,584	\$ 14,372

For option awards, the value realized is computed as the difference between the market price on the date of exercise and the exercise price times the number of options exercised. For stock awards, the value realized is computed as the market price on the later of the date the restrictions lapse or the delivery date times the number of shares vested.

Pension Benefits and Nonqualified Deferred Compensation

We do not offer a pension plan for any of our employees. We do not offer a nonqualified deferred compensation plan for any of our employees. Employees meeting certain requirements may participate in our 401(k) plan.

1998 Incentive Stock Plan

On April 5, 1998 and April 30, 1998, respectively, our Board of Directors adopted and our stockholders approved the MarineMax, Inc. 1998 Incentive Stock Plan, or the 1998 Plan. The 1998 Incentive Stock Plan was amended by the Board of Directors during May 1998 and November 2000, and our stockholders approved the November 2000 amendment during February 2001. Our Board of Directors further amended the 1998 Incentive Stock Plan during December 2004. The plan provided for the grant of incentive and nonqualified stock options to acquire our common stock, the direct grant of common stock, the grant of stock appreciation rights, or SARs, and the grant of other cash awards to key personnel, directors, consultants, independent contractors, and others providing valuable services to our company and our subsidiaries.

The plan authorized the issuance of a maximum amount of shares of common stock equal to the lesser of 4,000,000 shares or the sum of (1) 20% of the then-outstanding shares of common stock of our company, plus (2) the number of shares exercised with respect to any awards granted under the plan.

Upon the approval by our stockholders of our 2007 Incentive Compensation Plan during February 2007, any shares that were not subject to an outstanding award under the 1998 Incentive Stock Plan became available for issuance

under our 2007 Incentive Compensation Plan. Accordingly, at that time, we ceased making new grants under the 1998 Incentive Stock Plan.

2007 Incentive Compensation Plan

Our 2007 Incentive Stock Plan, or the 2007 Plan, is designed to attract, motivate, retain, and reward our executives, employees, officers, directors, and independent contractors by providing such persons with annual and long-term performance incentives to expend their maximum efforts in the creation of stockholder value.

The terms of the 2007 Plan provide for the grant of stock options, stock appreciation rights, restricted stock, stock units, bonus stock, dividend equivalents, other stock related awards, and performance awards that may be settled in cash, stock, or other property.

Table of Contents

The total number of shares of our common stock that may be subject to awards under the 2007 Plan is equal to 1,000,000 shares, plus (i) any shares available for issuance and not subject to an award under the 1998 Plan; (ii) the number of shares with respect to which awards granted under the 2007 Plan and the 1998 Plan terminate without the issuance of the shares or where the shares are forfeited or repurchased; (iii) with respect to awards granted under the 2007 Plan and the 1998 Plan, the number of shares which are not issued as a result of the award being settled for cash or otherwise not issued in connection with the exercise or payment of the award; and (iv) the number of shares that are surrendered or withheld in payment of the exercise price of any award or any tax withholding requirements in connection with any award granted under the 2007 Plan and the 1998 Plan.

The 2007 Plan imposes individual limitations on certain awards, in part to comply with Section 162(m) of the Internal Revenue Code of 1986. Under these limitations, no more than 50% of the total number of shares of our common stock reserved for issuance under the 2007 Plan may be granted to an individual during any fiscal year pursuant to awards granted under the 2007 Plan. The maximum amount that may be payable to any one participant as a performance award (payable in cash) is \$5,000,000 per calendar year.

No outstanding options may be repriced without stockholder approval (that is, we cannot amend an outstanding option to lower the exercise price or exchange an outstanding option for a new option with a lower exercise price). In addition, the 2007 Plan prohibits us from exchanging an outstanding option with an exercise price above the then current fair market value of our common stock for cash, other awards, or other property.

In the event that a stock dividend, forward or reverse split, merger, consolidation, combination, or other similar corporate transaction or event affects our common stock, then the plan administrator will substitute, exchange, or adjust any or all of the following in a manner that precludes the enlargement or dilution of rights and benefits: (1) the kind and number of shares available under the 2007 Plan, (2) the kind and number of shares subject to limitations on awards described in the preceding paragraph, (3) the kind and number of shares subject to all outstanding awards, (4) the exercise price, grant price, or purchase price relating to any award, and (5) any other affected terms of awards.

In the event that a dividend or other distribution (whether in cash or other property, but excluding a stock dividend), recapitalization, reorganization, spin-off, repurchase, share exchange, liquidation, dissolution, or other similar corporate transaction or event affects our common stock or our other securities or the securities of any other issuer, so that an adjustment, substitution, or exchange is determined to be appropriate by the plan administrator, then the plan administrator is authorized to adjust any or all of the following as the plan administrator deems appropriate: (1) the kind and number of shares available under the 2007 Plan, (2) the kind and number of shares subject to limitations on awards described in the preceding paragraph, (3) the kind and number of shares subject to all outstanding awards, (4) the exercise price, grant price, or purchase price relating to any award, and (5) any other affected terms of awards.

The persons eligible to receive awards under the 2007 Plan consist of officers, directors, employees, and independent contractors. However, incentive stock options may be granted under the 2007 Plan only to our employees, including our officers who are employees.

Our Board of Directors or a committee of the Board of Directors will administer the 2007 Plan. Together, our Board of Directors and any committee(s) delegated to administer the 2007 Plan are referred to as the plan administrator. Subject to the terms of the 2007 Plan, the plan administrator is authorized to select eligible persons to receive awards, determine the type and number of awards to be granted and the number of shares of our common stock to which awards will relate, specify times at which awards will be exercisable or may be settled (including performance conditions that may be required as a condition thereof), set other terms and conditions of awards, prescribe forms of award agreements, interpret and specify rules and regulations relating to the 2007 Plan, and make all other determinations that may be necessary or advisable for the administration of the 2007 Plan. The plan administrator may amend the terms of outstanding awards, in its discretion. Any amendment that adversely affects the rights of the award

recipient, however, must receive the approval of such recipient.

The plan administrator, in its discretion, may accelerate the vesting, exercisability, lapsing of restrictions, or expiration of deferral of any award, including if we undergo a change in control, as defined in the 2007 Plan and all awards shall become fully vested, exercisable, and all restrictions shall lapse upon a change in control that is not

Table of Contents

approved by our Board of Directors. In addition, the plan administrator may provide that the performance goals relating to any performance-based award will be deemed to have been met upon the occurrence of any change in control. The award agreement may provide for the vesting of an award upon a change of control, including vesting if a participant is terminated by us or our successor without cause or terminates for good reason as defined in the 2007 Plan.

To the extent we undergo a corporate transaction (as defined in the 2007 Plan), the 2007 Plan provides that outstanding awards may be assumed, substituted for, or continued in accordance with their terms. If the awards are not assumed, substituted for, or continued, to the extent applicable, such awards will terminate immediately prior to the close of the corporate transaction. The plan administrator may, in its discretion, either cancel the outstanding awards in exchange for a cash payment or vest all or part of the awards contingent on the corporate transaction. With respect to a corporate transaction that is not a change in control, awards under the 2007 Plan must be assumed, continued, or substituted for.

Our Board of Directors may amend, alter, suspend, discontinue, or terminate the 2007 Plan or the plan administrator's authority to grant awards without further stockholder approval, except stockholder approval will be obtained for any amendment or alteration if such approval is deemed necessary and advisable by our Board of Directors or any amendment for which stockholder approval is required by law or the primary stock exchange on which our common stock trades. Unless earlier terminated by our Board of Directors, the 2007 Plan will terminate on the earlier of (1) ten years after the later of (a) the adoption by our Board of Directors of the 2007 Plan and (b) the approval of an increase in the number of shares reserved under the 2007 Plan by our Board of Directors (contingent upon such increase being approved by our stockholders), and (2) such time as no shares of our common stock remain available for issuance under the 2007 Plan and no further rights or obligations with respect to outstanding awards are outstanding under the 2007 Plan. Amendments to the 2007 Plan or any award require the consent of the affected participant if the amendment has a material adverse effect on the participant.

The plan is not intended to be the exclusive means by which we may issue options or warrants to acquire our common stock, stock awards, or any other type of award. To the extent permitted by applicable law and New York Stock Exchange requirements, we may issue any other options, warrants, or awards other than pursuant to the plan with or without stockholder approval.

Employee Stock Purchase Plan

During 1998, we adopted and our stockholders approved the 1998 Employee Stock Purchase Plan, or 1998 ESPP, which provided for the issuance of up to 750,000 shares of common stock. The 1998 ESPP expired in 2008.

Our Board of Directors adopted and our stockholders approved the 2008 Employee Stock Purchase Plan, or 2008 ESPP, in 2008. Our 2008 ESPP is designed to qualify for favorable income tax treatment under Section 423 of the Internal Revenue Code and is intended to offer financial incentives for employees to purchase our common stock. The 2008 ESPP is administered by a committee of the Board of Directors. The 2008 ESPP will remain in effect until December 31, 2018.

We believe that the 2008 ESPP represents an important factor in attracting and retaining executive officers and other key employees and constitutes a significant part of our compensation program. The 2008 ESPP provides such individuals with an opportunity to acquire a proprietary interest in our company and thereby align their interests with the interests of our other stockholders and give them an additional incentive to use their best efforts for the long-term success of our company.

The 2008 ESPP permits eligible employees to authorize payroll deductions that will be utilized to purchase shares of our common stock during a series of consecutive offering periods. Employees may purchase shares of common stock pursuant to the 2008 ESPP at a purchase price equal to the lower of (i) 85% of the closing price of our common stock on the first day of the offering period, or (ii) 85% of the closing price of our common stock on the last day of the applicable offering period. Each annual offering may, in the discretion of the Plan Committee, be divided into two six-month offerings commencing on October 1 and April 1, respectively, and terminating six months thereafter (March 31 or September 30, as the case may be).

Table of Contents

Subject to adjustment upon changes in capitalization of our company, the number of shares of common stock that may be issued under the 2008 ESPP will be 620,009, consisting of 500,000 shares under the 2008 ESPP plus 120,009 shares that were reserved for issuance under the 1998 ESPP that were not purchased as of the expiration of the 1998 ESPP. If any change is made in the stock subject to the 2008 ESPP or subject to any outstanding options under the 2008 ESPP (through reorganization, merger, recapitalization, reclassification, stock split, reverse stock split, or similar transaction), appropriate and proportionate adjustments may be made by the Plan Committee (as defined below) in the number and type of shares of common stock that are subject to purchase under outstanding options and to the option price applicable to such outstanding options.

An employee who has completed one year of service with our company will be eligible to participate in the 2008 ESPP. An employee may not participate in the 2008 ESPP if (i) immediately after the grant, such employee would own common stock, including outstanding options to purchase common stock under the 2008 ESPP, possessing 5% or more of the total combined voting power or value of our common stock, or (ii) participation in the 2008 ESPP would permit such employee's rights to purchase common stock under all of our employee stock purchase plans to exceed \$25,000 in fair market value (determined at the time the option is granted) of the common stock for each calendar year in which such option is outstanding.

At the time an employee becomes a participant in the 2008 ESPP, the employee may elect payroll deductions of up to 10% of such employee's compensation for each pay period during an offering. Participants may not reduce or increase future payroll deductions during an offering period. All payroll deductions made by each participant will be credited to an account set up for that participant under the 2008 ESPP. The Plan Committee may, prior to the beginning of an offering period, limit the percentage of compensation that an employee may contribute to his or her account.

Participation in the 2008 ESPP is voluntary and depends on each eligible employee's election to participate and his or her determination as to the level of payroll deductions. Accordingly, future purchases under the 2008 ESPP are not determinable. Non-employee members of the Board of Directors are not eligible to participate in the 1998 ESPP or the 2008 ESPP.

A participant in the 2008 ESPP may withdraw all of the payroll deductions credited to such participant's account under the 2008 ESPP by giving us written notice at any time prior to the last five days of an offering period. If a participant withdraws from an offering period, he or she may not participate in that offering but may participate in any succeeding offering under the 2008 ESPP or in any similar plan that we may adopt.

Upon termination of a participant's employment for any reason, other than death or permanent disability (as defined in the Internal Revenue Code), the payroll deductions credited to such participant's account will be returned to the participant. If the participant's employment terminates due to death or permanent disability, the participant or the participant's beneficiary will have the right to elect (i) to withdraw all of the payroll deductions credited to the participant's account under the 2008 ESPP, or (ii) to exercise the participant's option on the next offering termination date and purchase the number of shares of common stock that the accumulated payroll deductions in the participant's account will purchase at the applicable option price. Any excess in the participant's account will be returned to the participant or his or her beneficiary, without interest. In the event that we receive no notice of election from the participant or his or her beneficiary, the participant or his or her beneficiary will be deemed to have elected to exercise the participant's option.

The 2008 ESPP, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the Internal Revenue Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the 2008 ESPP are sold or otherwise disposed of. Upon sale or other disposition of the shares, the participant will generally be subject to tax and the amount of the tax will depend upon the holding period. If the shares are sold or otherwise disposed of more than (a) two years from the first day of the

offering period, and (b) more than one year from the date of transfer of the shares to the participant, then the participant will recognize ordinary income measured as the lesser of (i) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price, or (ii) an amount equal to 15% of the fair market value of the shares as of the first day of the offering period. Any additional gain will be treated as long-term capital gain. If the shares are sold or otherwise disposed of before the expiration of these holding periods, the

Table of Contents

participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the price at which the participant purchased the shares under the 2008 ESPP.

Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on the holding period. We will not be entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent ordinary income is recognized by participants as a result of a sale or disposition of shares prior to the expiration of the holding periods described above.

The plan is not intended to be the exclusive means by which we may issue options or warrants to acquire our common stock, stock awards, or any other type of award. To the extent permitted by applicable law and New York Stock Exchange requirements, we may issue any other options, warrants, or awards other than pursuant to the plan with or without stockholder approval.

Employment Agreements

On June 7, 2006, we entered into an employment agreement with each of William H. McGill Jr., Michael H. McLamb, and Edward A. Russell. The employment agreements provide for a base salary of \$500,000 for Mr. McGill, \$225,000 for Mr. McLamb, and \$225,000 for Mr. Russell. Each employment agreement provides for a bonus or other incentive compensation based upon the performance of our company and the executive and such other factors as determined to be relevant by our Board of Directors or Compensation Committee. In connection with their employment, each of the executives may also receive options to purchase common stock or other stock-based compensation. Each employment agreement also provides vacation benefits, reimbursement for business expenses, and the right to participate in company-wide benefits, including insurance, pension, retirement, and other plans and programs as are available to our executive officers. Each employment agreement contains a covenant not to compete with our company or solicit our employees or customers for a period equal to the greater of two years immediately following termination of employment or the period during which severance payments are being made, subject to certain exceptions.

We and the executive may each terminate the executive's employment at any time. If we terminate any of the executives without good cause or any of them terminates his employment with good reason or upon a change in control of our company that is not approved by at least two-thirds of our directors or does not provide the executive with the same position he had with us immediately prior to the change of control, as such terms are defined in the respective agreements, the terminated executive will receive an amount equal to the average of his base salary and bonus in the two fiscal years prior to termination (in a lump sum in the event of a change in control), for a period of three years after the effective date of termination in the case of Mr. McGill and 18 months after the effective date of termination in the case of Mr. McLamb and Mr. Russell; their stock options will vest and be exercisable for up to their full term (or for such shorter period of time that would not cause the executive any adverse tax consequences) and other stock-based compensation will not be subject to forfeiture or repurchase, subject in each case to certain exceptions; and the benefits and insurance coverage will continue for three years after termination in the case of Mr. McGill.

In the event of his death, the agreement with Mr. McGill provides for a payment of \$1.5 million to his estate, for a six-month continuation of health, hospitalization, and similar benefits to Mr. McGill's dependent family members, and for all stock options to vest and be exercisable for their full term and for other stock-based compensation to vest and not be subject to forfeiture or repurchase, subject to certain exceptions. In the event of the death of Mr. McLamb or Mr. Russell, the agreement provides for a payment of \$550,000 to the estate of Mr. McLamb and \$500,000 to the estate of Mr. Russell and for all stock options to vest and be exercisable for up to their full term (or for such shorter period of time that would not cause the executive any adverse tax consequences) and for other stock-based compensation to vest and not be subject to forfeiture or repurchase, subject to certain exceptions.

In the event of disability, the employment agreement of each executive provides for the payment in a lump sum of the average of his base salary and bonus in the two fiscal years prior to disability for one year and for all stock options to vest and be exercisable for up to full term (or for such shorter period of time that would not cause the executive any adverse tax consequences) and for other stock-based compensation to vest and not be subject to forfeiture or repurchase, subject to certain exceptions. Mr. McGill's employment agreement provides for retirement

Table of Contents

benefits if Mr. McGill retires upon his decision or our request upon reaching the age of 75, consisting of the payment to Mr. McGill for two years of an amount equal to 50% of the average of the base salary and bonus paid to him for the two fiscal years prior to retirement, medicare supplemental medical coverage for life, the continuation of life insurance benefits for a period of three years after retirement, the vesting and continuation of stock options for up to their full term (or for such shorter period of time that would not cause the executive any adverse tax consequences), and the vesting and termination of any forfeiture or repurchase provisions of other stock-based compensation. In addition, the employment agreements with Mr. McGill and Mr. McLamb provide for a gross up for any excise taxes for which they are liable under Section 4999 of the Internal Revenue Code of 1986, as amended, in connection with a change of control.

Section 280G of the Internal Revenue Code may limit the deductibility for federal income tax purposes of payments made following a change in control. If these payments are not deductible and if we have income at least equal to such payments, an amount of income equal to the amount of such payments could not be offset. As a result, the income that was not offset would be phantom income (i.e. income without cash) to our company. A change in control would include a merger or consolidation of our company, a sale of all or substantially all of our assets, under certain circumstances changes in the identity of a majority of the members of the Board of Directors of our company, or acquisitions of more than 20% of our common stock, subject to certain limitations.

The following tables show the potential payments upon termination or a change of control for each of Messrs. McGill, McLamb, and Russell.

Potential Payments Upon Termination or Change of Control

The tables above reflect the amount of compensation to Messrs. McGill, McLamb, and Russell in the event of termination of such executive's employment. The amount of compensation payable to each named executive officer upon voluntary termination, involuntary not for cause termination, for cause termination, termination following a change of control, and in the event of disability or death of the executive is shown above. The amounts shown assume that such termination was effective as of September 30, 2009, and thus includes amounts earned through such time and are estimates of the amounts which would be paid out to the executives upon their termination. Amounts related to stock options assume a price of \$7.81, which was the closing price of our common stock as quoted on the New York Stock Exchange on September 30, 2009, the last trading day of the fiscal year. As the exercise price on unvested options held by these executive officers was higher than the closing price of our common stock on September 30, 2009, no value has been attributed to stock options in the tables above. The actual amounts to be paid out can only be determined at the time of such executive's separation from our company.

Limitation of Directors' Liability; Indemnification of Directors, Officers, Employees, and Agents

Our certificate of incorporation provides that no director of our company will be personally liable to us or our stockholders for monetary damages for breach of a fiduciary duty as a director, except to the extent such exemption or limitation of liability is not permitted under the Delaware General Corporation Law. The effect of this provision in the certificate of incorporation is to eliminate the rights of our company and our stockholders, either directly or through stockholders' derivative suits brought on behalf of our company, to recover monetary damages from a director for

breach of the fiduciary duty of care as a director except in those instances described under Delaware law.

In addition, we have adopted provisions in our bylaws and entered into indemnification agreements that require us to indemnify our directors, officers, and certain other representatives of our company against expenses and certain other liabilities arising out of their conduct on behalf of our company to the maximum extent and under all circumstances permitted by law. Indemnification may not apply in certain circumstances to actions arising under the federal securities laws.

- (1) Messrs. Furman, Kant, Knittel, Watters, and Woodman elected to receive some or all of their annual retainer in shares of our common stock.
- (2) The amounts shown in this column reflect the dollar amounts recognized for financial statement reporting purposes in fiscal 2009 with respect to the grant date fair value of stock option awards determined in accordance with SFAS 123R, and thus includes amounts from awards granted in previous years. We estimated the grant date fair value of each stock option award on the date of grant using the Black-Scholes option pricing model and recognize the compensation expense over the vesting period. See Note 15 to the Consolidated Financial Statements included in our Form 10-K for the year ended September 30, 2009 for a discussion of the relevant

assumptions used in determining grant date fair value of our stock option awards pursuant to SFAS 123R. Each board member forfeits the unvested portion, if any, of the board member's stock options if the board member's service to our company is terminated for any reason, except as may otherwise be determined by the Board of Directors or the Compensation Committee as the administrator of our 2007 Incentive Compensation Plan. For further information on these awards, see the Grants of Plan-Based Awards table in the *Executive Compensation* section of this proxy statement. There were no forfeitures of stock options by any directors in fiscal 2009. For Messrs. Eure, Furman, Kant, Watters, and Woodman, the grant date fair value of the stock options granted during fiscal 2009 was \$2.81 on November 20, 2008. For Mr. Knittel, who joined the board during the fiscal year, the grant date fair value of the stock options granted during fiscal 2009 was \$3.46 on June 5, 2009. The vesting schedule for stock option awards is generally 100% by the first anniversary of the grant date.

REPORT OF THE AUDIT COMMITTEE

The Board of Directors has appointed an Audit Committee consisting of four directors. All of the members of the committee must be independent of our company and management, as independence is defined in applicable rules of the New York Stock Exchange and the Securities and Exchange Commission listing standards.

The purpose of the Audit Committee is to assist the oversight of our Board of Directors in the integrity of the financial statements of our company, our company's compliance with legal and regulatory matters, the independent auditor's qualifications and independence, and the performance of our company's independent auditor and internal audit function. The primary responsibilities of the committee include overseeing our company's accounting and financial reporting process and audits of the financial statements of our company. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The independent auditor is responsible for auditing the financial statements and expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles. Our Board of Directors has amended and restated the charter of the Audit Committee to reflect, among other things, requirements of recently adopted federal legislation, including the Sarbanes-Oxley Act of 2002, new rules adopted by the Securities and Exchange Commission, and amended rules of the New York Stock Exchange.

In fulfilling its oversight responsibilities, the committee reviewed and discussed the audited financial statements with management and the independent auditor. The committee discussed with the independent auditor the matters required to be discussed by Statement of Auditing Standards No. 61. This included a discussion of the independent auditor's judgments as to the quality, not just the acceptability, of our company's accounting principles and such other matters as are required to be discussed with the committee under generally accepted auditing standards. In addition, the committee received from the independent auditor written disclosures and the letter required by Independence Standards Board Standard No. 1. The committee also discussed with the independent auditor the independent auditor's independence from management and our company, including the matters covered by the written disclosures and letter provided by the independent auditor.

The committee discussed with our independent auditor the overall scope and plans for its audit. The committee meets with the independent auditor, with and without management present, to discuss the results of the independent auditor's examinations, its evaluations of our company, the internal controls, and the overall quality of the financial reporting. The committee held 12 meetings during fiscal 2009.

Based on the reviews and discussions referred to above, the committee recommended to the Board of Directors, and the board approved, that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended September 30, 2009 for filing with the Securities and Exchange Commission.

The report has been furnished by the Audit Committee of our Board of Directors.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, officers, and persons who own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission. These regulations require the directors, officers, and greater than 10% stockholders to furnish us with copies of all Section 16(a) forms they file.

Based solely upon our review of the copies of such forms received by us during the fiscal year ended September 30, 2009, and written representations that no other reports were required, we believe that each person who, at any time during such fiscal year was a director, officer, or beneficial owner of more than 10% of our

common stock, complied with all Section 16(a) filing requirements during such fiscal year except Messrs. Ezzell, Frahn, Knittel, McGill, McLamb, Russell, and Watters.

PROPOSAL TWO

**PROPOSAL TO AMEND THE COMPANY'S
CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF
AUTHORIZED SHARES OF CAPITAL STOCK**

The Board of Directors has approved a proposal to amend our Certificate of Incorporation to increase the number of authorized shares of common stock from 24,000,000 to 40,000,000 and authorized shares of preferred stock from 1,000,000 to 5,000,000. The Board of Directors recommends a vote for the proposed amendment to the Company's Certificate of Incorporation. If approved by the stockholders, the proposed amendment will become effective upon the filing of the Certificate of Incorporation with the Secretary of State of Delaware, which will occur as soon as reasonably practicable.

The Board of Directors believes that it is in our company's best interests to increase the number of authorized shares of common stock in order to have additional authorized but unissued shares available for issuance to meet business needs as they arise. We currently have only 2,066,078 shares of authorized but unissued shares of common stock, all of which are subject to outstanding stock options or RSUs. The failure of stockholders to approve the proposed amendment may require us to forego attractive acquisition opportunities that arise in a market environment that have proven very difficult for a number of attractive boat dealers, to increase cash compensation to replace stock-based compensation that we believe more closely aligns the interests of our company with stockholders, and to forego raising additional capital should the need develop. The Board of Directors also believes that the availability of such additional shares will provide our company with the flexibility to issue common stock for possible future financing, stock dividends or distributions, acquisitions, stock option plans, and other proper corporate purposes that may be identified in the future by the Board of Directors, without the possible expense and delay of a special stockholders meeting. The issuance of additional shares of common stock may have a dilutive effect on earnings per share and, for persons who do not purchase additional shares to maintain their pro rata interest in our company, on such stockholders percentage voting power.

The authorized shares of common stock in excess of those issued will be available for issuance at such times and for such corporate purposes as the Board of Directors may deem advisable, without further action by our stockholders, except as may be required by applicable law or by the rules of any stock exchange or national securities association trading system on which the securities may be listed or traded. Upon issuance, such shares will have the same rights as the outstanding shares of common stock. Holders of common stock have no preemptive rights.

We have not sought any increase of our authorized capital stock since our initial public offering in 1998. In fact, we are only seeking to restore our authorized capital structure to that of the time of our initial public offering. In February 2001, stockholders approved our recommendation to reduce our authorized capital stock from 40,000,000 shares of common stock and 5,000,000 shares of preferred stock to the current level of 24,000,000 shares of common stock and 1,000,000 shares of preferred stock. At that time, stockholders authorized our Board of Directors, without stockholder approval, to increase our authorized capital stock to the original amount at the time of our initial public offering and to the amount we are now requesting. We have determined, however, that the board governance practices dictate that we seek stockholder approval and avoid any concerns about the authorization of the Board of Directors to so act without stockholder approval.

We have issued a total of 3,730,835 shares of common stock during the past three fiscal years and have never issued any preferred stock. We have no arrangements, agreements, understandings, or plans at the current time for the issuance or use of the additional shares of common stock proposed to be authorized. The Board of Directors does not

intend to issue any common stock except on terms which the Board of Directors deems to be in the best interests of our company and its then existing stockholders. Any future issuance of common stock will be subject to the rights of holders of outstanding shares of any Preferred Stock that we may issue in the future.

Although we have no present intention to issue shares of common stock in the future in order to make acquisition of control of our company more difficult, future issuances of common stock could have that effect. For example, the acquisition of shares of our common stock by an entity in order to acquire control of our company might be discouraged through the public or private issuance of additional shares of common stock, since such issuance would dilute the stock ownership of the acquiring entity. Common stock could also be issued to existing stockholders as a dividend or privately placed with purchasers that might side with our Board of Directors in opposing a takeover bid, thus discouraging such a bid.

Table of Contents**PROPOSAL THREE****RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR**

Our Audit Committee has appointed Ernst & Young LLP, an independent registered public accounting firm, to audit the consolidated financial statements of our company for the fiscal year ending September 30, 2010, and recommends that stockholders vote in favor of the ratification of such appointment. In the event of a negative vote on such ratification, the Audit Committee will reconsider its selection. We anticipate that representatives of Ernst & Young LLP will be present at the annual meeting of stockholders, will have the opportunity to make a statement if they desire, and will be available to respond to appropriate questions.

Audit Committee Pre-Approval Policies and Procedures

The charter of our Audit Committee provides that the duties and responsibilities of our Audit Committee include the pre-approval of all audit, audit-related, tax, and other services permitted by law or applicable SEC regulations (including fee and cost ranges) to be performed by our independent auditor. Any pre-approved services that will involve fees or costs exceeding pre-approved levels will also require specific pre-approval by the Audit Committee. Unless otherwise specified by the Audit Committee in pre-approving a service, the pre-approval will be effective for the 12-month period following pre-approval. The Audit Committee will not approve any non-audit services prohibited by applicable SEC regulations or any services in connection with a transaction initially recommended by the independent auditor, the purpose of which may be tax avoidance and the tax treatment of which may not be supported by the Internal Revenue Code and related regulations.

To the extent deemed appropriate, the Audit Committee may delegate pre-approval authority to the Chairman of the Audit Committee or any one or more other members of the Audit Committee provided that any member of the Audit Committee who has exercised any such delegation must report any such pre-approval decision to the Audit Committee at its next scheduled meeting. The Audit Committee will not delegate to management the pre-approval of services to be performed by the independent auditor.

Our Audit Committee requires that our independent auditor, in conjunction with our Chief Financial Officer, be responsible for seeking pre-approval for providing services to us and that any request for pre-approval must inform the Audit Committee about each service to be provided and must provide detail as to the particular service to be provided.

All of the services provided by Ernst & Young LLP described above under the captions "Audit-Related Fees" and "Tax Fees" were approved by our Audit Committee pursuant to our Audit Committee's pre-approval policies.
