**Item 1.01. Entry into a Material Definitive Agreement.**

On November 1, 2004, Universal Technical Institute, Inc. (the Company), a Delaware corporation, announced that it has entered into a new credit agreement. A copy of the press release, attached hereto as Exhibit 99.01, as well as the descriptions and summaries of the Credit Agreement under Item 2.03 of this Report, are incorporated herein in their entirety by this reference and are qualified in their entirety by the Credit Agreement and the related documents.

**Item 2.03. Creation of Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

On October 26, 2004, the Company signed a revolving credit agreement (the Credit Agreement) with Wells Fargo Bank (the Lender), allowing the Company to borrow, repay and reborrow, on an unsecured basis and from time to time prior to October 27, 2007, up to \$30 million dollars. The Credit Agreement replaces the Company's prior credit facility of equal amount with Heller Financial, Inc., as lender and agent for the other lenders parties thereto. The Company announced the termination of the prior facility on September 30, 2004 in anticipation of signing the new credit facility, which announcement was disclosed in a Current Report on Form 8-K dated October 5, 2004. The Company will use the Credit Agreement for working capital and other general corporate purposes.

The Credit Agreement may be used to issue letters of credit, individually or in the aggregate up to \$30.0 million, and any undrawn amount of the letters of credit will be reserved and will not be available for other borrowings. The Credit Agreement also provides for the issuance by the Lender of one or more additional standby letters of credit (the Standby Letter of Credit), in the aggregate amount not to exceed \$20 million, of which \$14.4 is currently outstanding, to finance any corporate purpose. The Lender's issuance of the Standby Letter of Credit (1) does not affect the \$30 million of borrowings under the Credit Agreement and (2) requires that the Company maintain a cash collateral account with the Lender in an amount at least equal to the aggregate face amount of outstanding Standby Letter of Credit.

The Company must repay borrowings under the Credit Agreement by October 26, 2007 unless payment is accelerated upon the occurrence of an event of default, which includes the Company's failure to comply with certain financial covenants and the Company's or any of its subsidiaries' failure to maintain their respective eligibility for Title IV Programs or, in the case of a new campus intending to participate in Title IV Programs, to become eligible for the Title IV Programs within the first 12 months of operation.

Borrowing under the Credit Agreement will bear interest, at the Company's election, at rates based on the LIBOR rate plus five-eighth percent or the prime rate minus one-half percent. The Company will also pay unused commitment fees of 0.125% and fees in connection with letters of credit of 0.625% and Standby Letter of Credit of 0.375%.

The Credit Agreement includes customary covenants including certain financial covenants that the Company shall maintain:

Net income after taxes determined for any fiscal quarter of not less than \$3,500,000 for such quarter;

Total Liabilities divided by Tangible Net Worth (each as defined in the Credit Agreement) determined for any fiscal quarter of not greater than;
