CORPORATE GOVERNANCE

Set forth below in question and answer format is a discussion about our corporate governance policies and practices, some of which have been modified since last year's annual meeting, and other matters relating to our Board and its committees.

General

Have you adopted corporate governance guidelines?

Yes, our Board has formally adopted corporate governance guidelines that address such matters as director qualification standards, director responsibilities, board committees, director access to management and independent advisors, director compensation, director orientation and continuing education, chief executive officer evaluation and management succession and performance evaluation of our Board.

Have you adopted a code of ethics and conduct?

Yes, our Board has formally adopted a corporate code of business conduct and ethics applicable to our directors, officers and employees. Our corporate code includes a financial code of ethics applicable to our chief executive officer, chief financial officer and controller or chief accounting officer.

How can I view or obtain copies of your corporate governance materials?

The guidelines and codes mentioned above as well as the charters for each significant standing committee of our Board are available on our website for viewing and printing. Board of Directors

How many independent directors do you have? How do you determine whether a director is independent?

Our Board has affirmatively determined that eleven of the thirteen nominees for director are independent as that term is defined by NYSE rules. In making this determination, our Board considered transactions and relationships between each director nominee or his or her immediate family and our company and its subsidiaries, including those reported below under Compensation Committee Interlocks and Insider Participation and Interests of Management and Others in Certain Transactions. The purpose of this review was to determine whether any such relationships or transactions were material and, therefore, inconsistent with a determination that the director is independent. As a result of this review, the board affirmatively determined based on its understanding of such transactions and relationships that all of the directors nominated for election at the annual meeting are independent of our company under the standards set forth by the NYSE, with the exception of David A. Trice and David F. Schaible, who are management employees of our company. There is no family relationship between any of the nominees for director or between any nominee and any executive officer of our company.

Table of Contents

How many times did your Board meet last year?

Our Board met in person or by conference telephone six times during 2004.

Did any of your directors (other than those appointed in November 2004) attend fewer than 75% of the meetings of the Board and their assigned committees during 2004?

No.

Do your non-management directors and independent directors meet in executive session?

Yes, our non-management directors and independent directors meet separately on a regular basis usually at each regularly scheduled meeting of our Board. Our only non-management director who is not independent is Joe B. Foster. Our corporate governance guidelines provide that our independent directors will meet in executive session at least annually and more frequently as needed at the call of one or more of our independent directors. The guidelines also provide that the presiding director at these meetings will be the chairperson of the Nominating & Corporate Governance Committee or such other person chosen by a vote of the directors participating in the meeting. Dennis R. Hendrix has been the chairperson of the Nominating & Corporate Governance Committee since the first adoption of our corporate governance guidelines. No other director has been chosen as a presiding director at any of these meetings.

How can interested parties communicate directly with your non-management directors?

We have established a toll-free Ethics Line so that investors, employees and other interested parties can anonymously report through a third party any practices thought to be in violation of our corporate governance policies. The Ethics Line also can be used to make concerns known to our non-management directors on a direct and confidential basis. The telephone number for the Ethics Line is 1-866-843-8694. Additional information is available on our website at <http://www.Newfld.com/CorporateGovernance/Overview>.

How are your directors compensated?

Our non-employee directors are currently paid an annual fee of \$30,000 and committee chairpersons receive an additional annual fee of \$6,000. Non-employee directors also receive a fee of \$1,500 per board meeting and committee meeting held on any day on which a board meeting is not held and a fee of \$750 for each telephonic board or committee meeting. In addition, non-employee directors are paid a fee of \$1,000 for each committee meeting held on the same day as a board meeting if the committee meeting lasts for a substantial period of time. For purposes of annual fees, a new annual period begins on the date of our annual meeting of stockholders and that period ends on the date of our next annual meeting. Our non-employee directors were paid \$388,500 in the aggregate in 2004 as compensation for serving as directors. Only non-employee directors are compensated for serving as directors. Non-employee directors also are reimbursed for out-of-pocket expenses incurred to attend board and committee meetings.

In addition to the fees described above, pursuant to our non-employee director restricted stock plan each of our directors who is in office immediately after an annual meeting of stockholders and who has not been an employee of our company at any time since the beginning of the calendar year preceding the calendar year in which the annual meeting is held receives a number of restricted shares of our common stock determined by dividing \$30,000 by the closing sales price of our common stock on the NYSE on the date of the annual meeting (rounded down to nearest whole share). In addition, each eligible non-employee director who is appointed to our Board (not in connection with an annual meeting of stockholders) is granted, effective on the date of appointment, a number of restricted shares of our common stock determined by dividing \$30,000 by the closing sales price of our common stock on the NYSE on the date of appointment (rounded down to nearest whole share). With respect to all such grants, the restrictions lapse on the day before the first annual meeting of stockholders following the date of grant. An aggregate of 50,000 restricted shares were initially available for issuance pursuant to our non-employee director plan.

Each of Messrs. Burguieres, Duncan, Hendrix, Kemp, Newman, Ricks and Shultz and Ms. Farley were granted 571 restricted shares on May 6, 2004, the date of our 2004 annual meeting of stockholders.

as consideration of his or her background, ability, judgment, skills and experience in the context of the needs of our Board. The committee is likely to consider whether a prospective nominee has relevant business or financial experience or a specialized expertise.

Does the committee consider nominees for the Board submitted by stockholders and, if so, what are the procedures for submitting such recommendations?

Yes, the committee considers suggestions from many sources, including stockholders, regarding possible candidates for director. Any such nominations, together with appropriate biographical information, should be submitted to the Chairman of the Nominating & Corporate Governance Committee, c/o Terry W. Rathert, Secretary, Newfield Exploration Company, 363 N. Sam Houston Pkwy. E., Suite 2020, Houston, Texas 77060.

(1) Reflects current cash incentive compensation awards paid in February 2005, 2004 and 2003 based upon performance in 2004, 2003 and 2002, respectively, pursuant to our 1993 incentive compensation plan (2002) and our 2003 incentive compensation plan (2003 and 2004). See Compensation & Management Development Committee Report on Executive Compensation *Incentive Compensation Plans*.

(2)

Reflects deferred incentive compensation awards granted in February 2005, 2004 and 2003 based upon performance in 2004, 2003 and 2002, respectively, pursuant to our 1993 incentive compensation plan (2002) and our 2003 incentive compensation plan (2003 and 2004). Deferred awards are paid in four equal annual installments. Under our 1993 plan, a recipient of a deferred award had the option for 30 days following the date of grant to elect to have all or a portion of his award paid in shares of our common stock. See Compensation & Management Development Committee Report on Executive Compensation *Incentive Compensation Plans*.

- (3) The restricted stock awards were all made pursuant to our 2000 omnibus stock plan. The dollar value of the awards was determined by multiplying the closing price of our common stock on the NYSE on the date of grant by the number of restricted shares granted to the executive officer. At December 31, 2004, Mr. Trice held 59,500 restricted shares with a value of \$3,513,475 (based on the closing price of our common stock on the NYSE on December 31, 2004 of \$59.05), Mr. Schaible held 40,000 restricted shares with a value of \$2,362,000, Mr. Pew held 34,000 restricted shares with a value of \$2,007,700, Mr. Rathert held 39,000 restricted shares with a value of \$2,302,950 and Mr. Boothby held 14,300 restricted shares with a value of \$844,415. To the extent declared and paid, dividends will be paid on restricted shares. These restricted shares vest on the ninth anniversary of the date of grant. The awards may, however, vest earlier. See Restricted Stock Awards below.
- (4) For 2004, reflects (i) the amount we credited under our deferred compensation plan for highly compensated employees or contributed to our 401(k) plan for the benefit of the named executive officer (\$25,667 for Mr. Trice, \$19,000 for Mr. Schaible, \$17,400 for Mr. Pew, \$18,200 for Mr. Rathert and \$14,500 for Mr. Boothby), (ii) premiums we paid of \$270 with respect to term life insurance for the benefit of each named executive officer and (iii) above-market interest (as defined in SEC rules) earned on deferred awards granted under our 2003 incentive compensation plan and on compensation deferred pursuant to our deferred compensation plan for highly compensated employees (\$11,820 for Mr. Trice, \$2,736 for Mr. Schaible, \$1,871 for Mr. Pew, \$8,754 for Mr. Rathert and \$779 for Mr. Boothby). (1) The value realized upon the exercise of a stock option is equal to the difference between the closing price of our common stock on the NYSE on the date of exercise and the exercise price of the stock option multiplied by the number of shares acquired.

(2) The value of each unexercised in-the-money stock option is equal to the difference between the closing price of our common stock on the NYSE on December 31, 2004 of \$59.05 per share and the exercise price of the stock option.

Restricted Stock Awards

No restricted stock awards were granted to the named executive officers in 2004.

Awards granted in 2000, 2001 and 2002 vest 20% per year if certain annual performance targets (beginning with the year of grant) are achieved. The performance targets for these awards were met in all years.

In February 2003, Mr. Trice was awarded 50,000 restricted shares, Messrs. Schaible, Pew and Rathert were each awarded 30,000 restricted shares and Mr. Boothby was awarded 12,000 restricted shares pursuant to our 2000 omnibus stock plan. The value of these shares on the date of their award is reflected under Long Term Compensation Awards in the Summary Compensation Table. The restricted shares vest on the ninth anniversary of the date of grant. However, the restricted shares may vest earlier, in accordance with the following schedule:

Table of Contents

TSR Rank means the result (expressed as a percentage) obtained by dividing (a) our rank from one to one plus the number of companies comprising the Qualified Peer Group for the relevant Measurement Period set forth in the schedule above with us and each such other company ranked from best to worst based on each such company's Total Stockholder Return for such Measurement Period by (b) one greater than the number of companies comprising the Qualified Peer Group for such Measurement Period.

Total Stockholder Return for a particular Measurement Period means the rate of return (expressed as a percentage) achieved with respect to our common stock and the common stock of each company in the Qualified Peer Group for such Measurement Period if (a) \$100 were invested in the common stock of each such company at the beginning of such Measurement Period based on the closing price of the applicable common stock on January 31, 2003, (b) all dividends declared with respect to a particular common stock during such Measurement Period were reinvested in such common stock as of the payment date using the closing price on such date and (c) the per share valuation of such common stock at the end of such Measurement Period equaled the closing price on the last trading day occurring on or before the last January 31 of such Measurement Period.

Qualified Peer Group means each Qualified Peer Company; provided that, if there are more than 15 Qualified Peer Companies at the end of the relevant Measurement Period, then only the first 15 Qualified Peer Companies (taken in order from the list of companies in the definition of Initial Peer Group) will comprise the Qualified Peer Group for such Measurement Period.

Qualified Peer Company means each company included in the Initial Peer Group that (a) has been listed or traded on a national securities exchange or the Nasdaq National Market (or any successor thereto) throughout the relevant Measurement Period and (b) has not at any time during the relevant Measurement Period had a significant change in its capital structure or ownership as a result of a merger, consolidation, recapitalization, reorganization or similar transaction such that, in the discretion of the Compensation & Management Development Committee of our Board, such company should no longer be considered as one of our peers. Wesport Resources Corporation and Tom Brown Inc. no longer meet the definition of a Qualified Peer Company.

Initial Peer Group means the following companies and their successors: Pogo Producing Company, Noble Energy, Inc., The Houston Exploration Company, Stone Energy Corporation, XTO Energy Inc., Westport Resources Corporation, Cabot Oil & Gas Corporation, EOG Resources, Inc., Forest Oil Corporation, Chesapeake Energy Corporation, Swift Energy Company, St. Mary Land & Exploration Company, Pioneer Natural Resources Company, Tom Brown Inc., Kerr-McGee Corporation, Apache Corporation, Burlington Resources Inc., Anadarko Petroleum Corporation, Devon Energy Corporation and Murphy Oil Corporation and any other companies designated by the Compensation & Management Development Committee from time to time.

Table of Contents**Change of Control Severance Arrangements and Employment Agreement**

Change of Control Severance Agreements. In February 2005, we entered into change of control severance agreements with eight of our executive officers: David A. Trice, David F. Schaible, Elliott Pew, Terry W. Rathert, William D. Schneider, George T. Dunn, Gary D. Packer and Lee K. Boothby. The agreements have an initial term of two or three years, with automatic daily extensions unless our Board takes action to cease the automatic extensions.

The agreements generally provide for a severance protection period that begins on the date of a change of control and ends on the second or third anniversary of that date (certain circumstances may cause an extension of the period). During the protected period, if the executive's employment is terminated by us without cause or by the executive for good reason, the agreement provides for the following severance benefits: (a) a lump sum cash payment equal to two or three times the sum of (1) the greater of the executive's base salary prior to the change of control or at any time thereafter and (2) one-half of the greater of the executive's bonus compensation for the two years ending prior to the change of control or for the two years ending prior to the executive's termination of employment; (b) full vesting of any restricted stock awards (which is already provided for in our existing stock plans) and stock options; (c) health coverage at active executive rates for two or three years (health benefits are to be offset by any health benefits the executive receives from subsequent employment and a cash payment may be made by us in lieu of providing coverage if the executive is not eligible for the coverage or if the health benefits provided would be taxable to the executive); and (d) outplacement services.

If the payment of benefits under the agreement or otherwise results in the executive being subject to parachute payment excise taxes, the agreement provides that we will make an additional payment to the executive in an amount such that after the payment of all income and excise taxes, the executive will be in the same net after-tax position as if no parachute payment excise taxes had been imposed. Receipt of benefits under the agreement is subject to the executive's execution of a comprehensive release agreement. In the event of a dispute, the agreement provides for binding arbitration at our expense (unless the arbitrator provides otherwise with respect to the executive's expenses).

The agreements with Messrs. Trice, Schaible, Pew and Rathert provide for a three year initial term, a three year severance protection period, a three times multiplier for determining the cash severance payment and three years of health coverage, while the agreements with Messrs. Schneider, Dunn, Packer and Boothby provide for a two year initial term, a two year severance protection period, a two times multiplier for determining the cash severance payment and two years of health coverage.

Change of Control Severance Plan. In February 2005, we adopted a change of control severance plan. The plan provides severance protection to covered employees in the event of qualifying terminations of employment in connection with a change of control. The plan generally covers employees who, immediately prior to a change of control, are scheduled to work 30 or more hours per week. Each of our executive officers who is not a party to a change of control severance agreement is covered by the plan.

The plan generally provides for a severance protection period that begins on the date of a change of control and ends on the second anniversary of that date (certain circumstances may cause an extension of the period). During the protected period, if a covered employee's employment is terminated by us without cause or by the employee for good reason, the plan provides for the following severance benefits: (a) a lump sum cash payment equal to (1) for certain designated employees (generally managers and technical professionals, which would include the executive officers covered by the plan), the employee's weekly pay multiplied by four times his or her years of service and (2) for all other covered employees, the employee's weekly pay multiplied by three times his or her years of service, with a minimum payment of two times weekly pay and a maximum payment of 104 times weekly pay in all cases; and (b) full vesting of any restricted stock awards (which is already provided for in our existing stock plans) and stock options. Weekly pay under the plan generally means the sum of the employee's annual base salary prior to the change of control and one-half of the employee's bonus compensation for the two years ending prior to the change of control, divided by 52. Years of service under the plan are based on an employee's period of employment with us and our affiliates since his or her most recent date of hire, with certain designated

Table of Contents

employees (generally managers and technical professionals, which would include the executive officers covered by the plan) eligible to receive up to an additional ten years of service credit for prior industry experience and all other employees eligible to receive up to an additional five years of such service credit.

If the payment of benefits under the plan or otherwise results in an employee being subject to parachute payment excise taxes, plan benefits will be reduced so that the employee will not be subject to such excise taxes, but only if the reduction will result in a better net after-tax position for the employee than if the plan benefits had been paid in full. Severance payments under the plan are subject to a limitation under the Employee Retirement Income Security Act of 1974 that limits severance pay to two times an employee's annual compensation (as defined under Department of Labor regulations). Receipt of benefits under the plan is subject to the employee's execution of a comprehensive release agreement. The plan may be amended or terminated at any time prior to a change of control. After a change of control, the plan may not be terminated during the severance protection period or amended to adversely affect potential benefits under the plan.

Employment Agreement. Contemporaneously with Joe B. Foster's retirement as our chief executive officer on January 31, 2000, Mr. Foster entered into an employment agreement with us providing for Mr. Foster to be a non-officer employee of our company. The employment term under the agreement expired on February 15, 2003. Pursuant to the agreement, Mr. Foster was entitled to an annual base salary of \$225,000 and was eligible to participate in all of our employee benefit plans that were available to similarly situated employees. Mr. Foster also was entitled to severance through January 30, 2005 at a rate of \$200,000 per year.

Compensation Committee Interlocks and Insider Participation

Messrs. Duncan, Hendrix, Kemp and Shultz served during all of 2004 on the Compensation & Management Development Committee of our Board of Directors. There were no interlocks among any of the members of the Compensation & Management Development Committee and any of our executive officers.

David A. Trice, our Chairman, President and Chief Executive Officer, is a minority owner of Huffco International L.L.C. In May 1997, prior to Mr. Trice rejoining us as an executive officer, we acquired from Huffco an entity now known as Newfield China, LDC, the owner of a 35% interest (subject to a 51% reversionary interest held by the Chinese government) in a production sharing contract area, referred to as Block 05/36, in Bohai Bay, offshore China. Huffco retained preferred shares of Newfield China that provide for an aggregate dividend equal to 10% of the excess of proceeds received by Newfield China from the sale of oil, gas and other minerals over all costs incurred with respect to exploration and production in Block 05/36, plus the cash purchase price we paid Huffco for Newfield China (\$6.2 million). At December 31, 2004, Newfield China had approximately \$44.7 million in unrecovered costs and no revenue and, as a result, no dividends have been paid to date on its preferred shares.

Interests of Management and Others in Certain Transactions

David A. Trice, our President and Chief Executive Officer, is a minority owner of Huffco. See Compensation Committee Interlocks and Insider Participation above.

Philip J. Burguieres, a director of our Company, also is a director of JPMorgan Chase-Houston. Affiliates of JPMorgan Chase-Houston are the agent and a lender under our revolving credit facility. We also are parties to commodity and interest rate hedge agreements with affiliates of JPMorgan Chase-Houston.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our officers and directors and persons who own more than 10% of our common stock to file reports of ownership and changes in ownership with the SEC. These persons are required by SEC rules to furnish us with copies of all Section 16(a) reports they file. Based

Table of Contents

solely on our review of the copies of such reports received by us and representations from certain reporting persons that they have complied with the relevant filing requirements, we believe that all such filing requirements were complied with during the year ended December 31, 2004 except as follows:

In February 2004, David A. Trice, David F. Schaible, Terry W. Rathert, Elliott Pew and William D. Schneider each satisfied tax withholding obligations upon the vesting of restricted stock by surrendering to us a number of shares of our common stock having a value on the date of vesting equal to the tax withholding obligation. Messrs. Trice, Schaible and Rathert should have reported withholding on February 7, 9 and 10, 2004 of an aggregate of 1,321 shares, 1,189 shares and 1,057 shares, respectively, by no later than the second business day following the day each transaction occurred. Mr. Pew should have reported withholding on February 9, 2004 of 396 shares by no later than February 11, 2004. Mr. Schneider should have reported withholding on February 9 and 10, 2004 of an aggregate of 528 shares by no later than the second business day following the day each transaction occurred. All of these transactions were reported late in filings made on February 18, 2004.

Mr. Pew also should have reported the acquisition of 12,700 shares of our common stock upon the exercise of stock options and the simultaneous sale of the shares on December 29, 2004 by no later than December 31, 2004. The transactions were reported late on January 24, 2005.

Mr. Rathert also should have reported charitable gifts of 1,000 shares on each of December 9 and December 12, 2003 by no later than February 16, 2004. The gifts were reported late on February 19, 2004.

In May 2004, Joe B. Foster received a distribution of 500 shares of our common stock from Warburg Pincus Equity Partners. Mr. Foster should have reported his receipt of these shares by no later than May 11, 2004. The transaction was reported late on February 11, 2005.

Each of J. Michael Lacey, Joseph H. Netherland and J. Terry Strange received a grant of 498 restricted shares on November 4, 2004, the date of their appointment to our Board, pursuant to our non-employee director restricted stock plan. The grants should have been reported by no later than November 8, 2004 but were reported late on January 25, 2005.

Compensation & Management Development Committee Report on Executive Compensation

The Compensation & Management Development Committee oversees the administration of compensation programs applicable to all employees of Newfield, including its executive officers. Executive compensation is reviewed at least annually by the Committee.

The Committee seeks to encourage growth in long-term stockholder value through the creation and maintenance of compensation opportunities that attract and retain committed, highly qualified personnel. To achieve those goals, the Committee believes that the compensation of all employees, including executive officers, should include the following components:

a base salary that is competitive with (but not necessarily comparable to) compensation offered by other similar oil and gas exploration and production enterprises;

annual incentive compensation that is conditioned on profitability and is based on company and individual performance; and

equity-based incentives to better align the interests of employees with those of Newfield's stockholders.

The base salaries of senior executives generally are below those for comparable positions in other similarly situated oil and gas companies and a substantial portion of the compensation of such executive officers (and employees in general) is provided through Newfield's incentive compensation plan and grants of restricted stock and stock options. Newfield provides its domestic employees with the opportunity to purchase common stock at a discount of 15% or more through its employee stock purchase plan. Newfield also encourages its employees to save for retirement through its 401(k) plan and its deferred compensation plan for highly compensated employees.

With a few exceptions, executive compensation determinations are made in February of each year. At that time, current and deferred awards under Newfield's incentive compensation plans that relate to the prior year are approved. Any changes in base salaries also are usually approved at such time. In addition, grants (other than in connection with initial employment) of restricted shares and stock options usually are made then. Because this report addresses 2004 compensation, it necessarily must discuss some of the compensation determinations made in February 2004 (primarily increases in base salary) and some of the determinations made in February 2005 (the grant of current and deferred awards under Newfield's 2003 incentive compensation plan).

Incentive Compensation Plans. Newfield's 1993 incentive compensation plan provided for the creation each calendar year of an award pool that, in general, was equal to the revenues that would be attributable to a 1% overriding royalty interest on acquired producing properties and a 2% overriding royalty interest on exploration properties, bearing on both the interest of Newfield and certain investors that participated in Newfield's activities in such properties and proportionately reduced to the interest of Newfield and such investors. If, for a particular year, the portion of the pool that related to Newfield's interests was in excess of 5% of Newfield's adjusted net income (as defined in the plan) for that year, such excess could not be awarded to employees. Awards could consist of both a current and deferred amount. Eligible employees could elect for all or a portion of deferred awards to be paid in common stock instead of cash. In such case, the number of shares of common stock to be awarded was determined by using the fair market value of the common stock on the date of the award. Deferred Awards are paid in four annual installments, each installment consisting of 25% of the deferred award, plus interest on awards paid in cash.

Effective January 1, 2003, Newfield's Board of Directors terminated the 1993 incentive compensation plan and adopted the 2003 incentive compensation plan. The 2003 plan is very similar to the old plan. Under the new plan, the incentive pool is generally equal to 5% of Newfield's adjusted net income (as defined in the plan) plus the revenues attributable to an overriding royalty interest (or, with the approval of the Committee, other similar promotional interests) bearing on the interest of certain third party participants. The new plan eliminates the option to elect to have all or a portion of a deferred award paid

Table of Contents

in common stock instead of cash. The primary reason for terminating the old plan and adopting the new plan was to eliminate the administrative burden of accounting for the phantom overriding royalty interest bearing on Newfield's interests and the administrative burden associated with the election to receive stock in lieu of cash with respect to deferred awards.

Traditionally, a significant portion of the grants under this plan are in the form of deferred awards (58% in the aggregate and 67% for senior executives for the 2004 plan year and 45% in the aggregate and 50% for senior executives for the 2003 plan year). This provides a significant retention tool because, with limited exceptions, employees are entitled to deferred awards only if they remain employed by Newfield through the date of payment of the awards.

Omnibus Stock Plans. The Committee may provide equity-based compensation and incentives to employees through the award of stock options and restricted shares pursuant to Newfield's omnibus stock plans. Almost all new employees are granted stock options (the number of options depends on the level of responsibility of the employee) when they join Newfield. Beginning in 2003, the Committee has elected to provide Newfield's executive officers with the opportunity for stock-based compensation through the award of restricted shares with performance-based vesting in lieu of a combination of stock options and restricted shares that vest solely or primarily upon the passage of time. The Committee continued primarily to use stock options as incentives for employees who are not executive officers.

Savings/ Deferred Compensation Plans. Newfield's 401(k) plan and deferred compensation plan for highly compensated employees allow an eligible employee to defer a portion of his or her salary or bonus on an annual basis. Newfield matches 100% of an employee's deferral up to 8% of the employee's salary, subject to limitations imposed by the relevant plan. Newfield's contribution with respect to any particular employee under the deferred compensation plan for highly compensated employees is reduced to the extent that Newfield made contributions to its 401(k) plan on behalf of that employee.

Tax Deductibility Considerations. Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to a public company for compensation paid to its chief executive officer or any of its four other most highly compensated executive officers to the extent that the compensation of any of such officers exceeds \$1 million in any calendar year. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met.

The Committee considers its primary goal to be the design of compensation strategies that further the best interests of Newfield and its stockholders. To the extent not inconsistent with that goal, the Committee attempts where practical to use compensation policies and programs that preserve the deductibility of compensation expense. Stock options granted under Newfield's stock plans are designed to qualify as performance-based compensation. However, the restricted stock awarded in 2002 and 2003 and all of the grants under Newfield's 1993 and 2003 incentive compensation plans do not qualify as performance-based compensation for purposes of Section 162(m).

Executive Compensation. Specific actions taken by the Committee regarding executive compensation are summarized below.

Base Salary. The Committee evaluated peer group information in setting base salary levels. Annual salary adjustments for Newfield's executive group are based on general levels of market salary increases, cost of living adjustments, individual performance and Newfield's overall financial and operating results, without any specific relative weight assigned to any of these factors.

Incentive Compensation Awards. Awards granted under the 2003 incentive compensation plan to the named executive officers in February 2005 for the 2004 performance period are presented under "Bonus" in the Summary Compensation Table. The allocation of the available pool among employees was based upon an employee's position and level of responsibility and his or her impact on 2004 results (weighted approximately 40%), overall value to Newfield (e.g., leadership, consistency over a number of years) (weighted approximately 35%) and quality of performance (weighted approximately 25%). The Committee established awards for each of the executive officers after hearing the recommendations of Newfield's chief

executive officer. Based on the recommendation of Newfield's chief executive officer, 67% of the grants to the named executive officers were in the form of deferred awards.

Stock Plans. No stock options or restricted shares were awarded to the named executive officers in 2004. For further information regarding stock-based awards, please see the discussion in this report under the caption *Omnibus Stock Plans* and the discussion above under the caption *Restricted Stock Awards*.

Chief Executive Officer Compensation. Newfield's compensation philosophy for its chief executive officer is to provide a base salary that is on the low end of the range paid by Newfield's peer group, annual incentive compensation conditioned on profitability and based upon corporate and individual performance and equity-based incentives such as restricted stock. Specific actions taken by the Committee regarding Mr. Trice's compensation for the 2004 performance year are summarized below.

Base Salary. Mr. Trice's annual base salary was increased from \$300,000 to \$325,000 in February 2004 primarily as a cost of living adjustment.

Incentive Compensation Plan. In February 2005, Mr. Trice received a \$594,000 current award and a \$1,206,000 deferred award for the 2004 performance period pursuant to the 2003 incentive compensation plan. These awards were based on Mr. Trice's level of responsibility, his relative contribution to Newfield's performance in 2004, the quality of his performance and his value to Newfield.

Stock Plans. No stock options or restricted shares were awarded to Mr. Trice in 2004. For further information regarding stock-based awards, please see the discussion in this report under the caption *Omnibus Stock Plans* and the discussion above under the caption *Restricted Stock Awards*.

Audit Committee Report

The Audit Committee currently consists of the three directors whose names appear below. Each member of the Committee is independent as defined in Sections 303.01(B)(2)(a) and 303.01(B)(3) of the NYSE's listing standards. The primary purpose of the Committee is to assist the Board of Directors in monitoring:

the integrity of Newfield's financial statements and reporting processes and systems of internal controls;

the qualifications and independence of Newfield's independent accountants; and

the performance of Newfield's internal audit function and independent accountants; and

compliance with legal and regulatory requirements.

The Committee performs the specific functions set forth in its charter, which is attached as Appendix A to Newfield's proxy statement for its 2004 annual meeting of stockholders.

The Committee held eight meetings in person or by conference telephone during 2004. The meetings were designed to facilitate and encourage communication between the Audit Committee and Newfield's internal auditors and independent accountants.

The Committee has reviewed and discussed with Newfield's management and PricewaterhouseCoopers LLP, Newfield's independent accountants, the audited financial statements of Newfield included in its Annual Report on Form 10-K for the year ended December 31, 2004.

The Committee also has discussed with Newfield's independent accountant the matters required to be discussed pursuant to SAS 61, 89 and 90, Codification of Statements on Auditing Standards, Communication with Audit Committees. The Committee has received and reviewed written disclosures and the letter from PricewaterhouseCoopers LLP as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with PricewaterhouseCoopers LLP such independent accountants' independence. The Committee also has considered whether the provision of non-audit services to Newfield by PricewaterhouseCoopers LLP is compatible with maintaining their independence.

Based on the review and discussion referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in Newfield's Annual Report on Form 10-K for the year ended December 31, 2004 filed with the SEC.

This report is submitted on behalf of the Audit Committee.

Table of Contents**Principal Accountant Fees and Services**

Aggregate fees for professional services rendered to us by PricewaterhouseCoopers LLP for the years ended December 31, 2004 and 2003 were:

Category of Service	2003	2004
Audit Fees	\$ 729,600	\$ 1,631,725
Audit Related Fees	106,053	2,000
Tax Fees	268,593	54,230
All Other Fees		
 Total	 \$ 1,104,246	 \$ 1,687,955

The audit fees for both years were for professional services rendered in connection with the audit of our 2003 and 2004 consolidated financial statements, including the statutory audit fee in the U.K. and issuance of comfort letters, consents and assistance with review of various documents filed with the SEC.

Audit related fees for 2004 were for licensing fees for access to a technical literature database. Audit related fees for 2003 were for internal control reviews, consultations concerning financial accounting and reporting standards and Australian audit related services.

Tax fees for both years were for services related to tax compliance, including the preparation of tax returns and tax planning advice, a Section 280G review (2003 only), a transaction cost analysis, international tax structuring and other tax services.

PricewaterhouseCoopers did not provide us any financial information systems design or implementation services during 2004 or 2003.

The Audit Committee reviews and pre-approves audit and non-audit services performed by our independent public accountant as well as the fees charged for such services. The Audit Committee may delegate pre-approval authority for such services to one or more members, whose decisions are then presented to the full Audit Committee at its next scheduled meeting. In its review of all non-audit service fees, the Audit Committee considers, among other things, the possible effect of such services on the auditor's independence.
