Section 1 Registrant's Business and Operations

Item 1.01. Entry into a Material Definitive Agreement

The information in Item 2.03 below is incorporated herein by reference.

Item 2.01. Completion of Acquisition or Disposition of Assets

On April 18, 2007, pursuant to a Purchase and Sale Agreement, we completed the previously-announced acquisition of an 80% working interest in the Entrada Field from BP Exploration and Production Company for an initial cash purchase price of \$150 million and the payment of an additional \$40 million after the field produces 12.5 million barrels of oil equivalent.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

To fund the acquisition described above plus a portion of the development costs, on April 18, 2007, we entered into a revolving credit facility in aggregate maximum principal amount of \$200 million by and between Callon Petroleum Company, Merrill Lynch, Pierce, Fenner & Smith Incorporated, as Lead Arranger, Merrill, Lynch Capital Corporation, as Administrative Agent and as Revolving Loan Lender, Merrill Lynch Bank USA, as Deposit Bank, and the other lenders described therein (the Credit Agreement). The Credit Agreement provides,

For a maturity date of March 31, 2014, provided that if Callon does not refinance its 9.75% senior notes due December 8, 2010, the maturity date will be September 8, 2010;

That borrowings under the facility are limited to a borrowing base, which initially is \$400 million, and will be re-determined by the administrative agent every six months beginning September 1, 2008;

That borrowings under the facility are secured by a lien on the Entrada field, and that all of the subsidiaries of Callon guarantee the loan;

For mandatory reductions in the maximum commitments thereunder to the extent of 50% of any cash proceeds realized from a sale to a third party of any of Callon's interests in the Entrada field and from 50% of future excess cash flow from the Entrada field beginning September 1, 2009;

That the interest rate is based on LIBOR plus a margin of 7% or the corporate base rate announced by the administrative agent plus a margin of 6%; and

For an unused commitment fee payable by Callon on the difference between the commitment amount and the outstanding balance of the loan based upon the applicable margin for LIBOR loan described above.

Upon the occurrence of certain events of default, Callon's obligations under the Credit Agreement may be accelerated. Callon is subject to customary affirmative and negative covenants, including financial covenants requiring a minimum ratio of trailing four quarter EBITDA to total interest expense, minimum PV-10 value to total net funded debt and a maximum ratio of total net funded debt to trailing four quarter EBITDA.

The lenders under Callon's existing credit facility have consented to Callon's entering into the Credit Agreement. As a condition to providing such consent, the lenders required an amendment of the existing credit facility (Amendment No. 1) effective upon closing of the Credit Agreement. Amendment No. 1 to the credit facility provides for increased fees and interest rates under such existing credit facility, and a lowering of the borrowing base from \$75 million to \$50 million, until the next borrowing base re-determination date.

A copy of the press release announcing the acquisition is attached as Exhibit 99.1. The Credit Agreement and Amendment No. 1 are attached hereto as Exhibit 10.1 and Exhibit 10.2 and are incorporated herein by reference.

The descriptions of the Agreements do not purport to be complete and are qualified in their entirety by reference to such agreements.
