Item 8.01. *Other Events*

During the period January 1, 2006 to June 30, 2006, First Industrial Realty Trust, Inc. (the Company) sold 66 industrial properties comprising approximately 8.4 million square feet of Gross Leasable Area (GLA) that meet the criteria established by FAS 144 (defined hereinafter) to be included in discontinued operations. Five of these properties were classified as held for sale at December 31, 2005 and were previously included in discontinued operations. At June 30, 2006, the Company had 16 industrial properties comprising approximately 2.1 million square feet of GLA classified as held for sale. In accordance with FAS 144 (defined hereinafter), the results of operations of the 16 industrial properties held for sale at June 30, 2006 are included in discontinued operations.

This Current Report on Form 8-K is being filed to reflect the impact of the reclassification of the results of operations of the industrial properties sold during the period January 1, 2006 to June 30, 2006 that were not previously classified as held for sale and the results of operations from properties that are classified as held for sale at June 30, 2006 as discontinued operations in accordance with the Financial Accounting Standards Board's Statement of Financial Accounting Standards No. 144, Accounting for the Impairment or Disposal of Long Lived Assets (FAS 144).

In compliance with FAS 144, the Company has reported the results of operations and gains/(losses) on the sale of industrial properties sold and the results of operations from properties that are classified as held for sale at June 30, 2006 as income from discontinued operations for each period presented in its quarterly report filed on Form 10-Q for the second quarter ended June 30, 2006. The Company is filing this Form 8-K to reclassify the results of operations of the sold industrial properties that previously were not classified as held for sale at December 31, 2005 and the industrial properties held for sale at June 30, 2006 as discontinued operations in the Company's historical financial statements for each of the years ended December 31, 2005, 2004, 2003, 2002, and 2001. This reclassification has no effect on the Company's reported net income available to common stockholders.

This report on Form 8-K updates Items 6, 7, 8 and 15 of the Company's Annual Report on Form 10-K for the year ended December 31, 2005 to reflect the reclassification of operations from properties sold from January 1, 2006 to June 30, 2006 that previously were not classified as held for sale at December 31, 2005 and industrial properties held for sale at June 30, 2006 that were previously not classified as held for sale at December 31, 2005 as discontinued operations for all periods presented. All other items of the Annual Report on Form 10-K for the year ended December 31, 2005 remain unchanged. No attempt has been made to update matters in the Company's Annual Report on Form 10-K for the year ended December 31, 2005 except to reflect the retrospective adjustment requirements of FAS 144.
