Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires Brooks' executive officers and directors, and persons who own more than 10% of the Company's Common Stock, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC. Executive officers, directors and

greater than 10% stockholders are required to furnish the Company with copies of all Forms 3, 4 and 5 they file.

Based solely on the Company's review of the copies of such forms it has received from certain reporting persons that they were not required to file Forms 5 for the fiscal year ended September 30, 2003, the Company believes that all of its executive officers, directors and greater than 10% stockholders complied with all Section 16(a) filing requirements applicable to them during the Company's fiscal year ended September 30, 2003.

Standards of Conduct

Pursuant to the requirements of the Sarbanes-Oxley Act of 2002 and the Nasdaq Stock Market rules, the Company has adopted Standards of Conduct that apply to all officers, directors and employees, covering a wide range of matters and a Code of Ethics specifically for senior financial officers related to the protection of the integrity of the Company's financial records and reports. Copies of both are publicly available at www.brooks.com. If the Company makes any substantive amendment to the Standards of Conduct or Code of Ethics or grants any waiver, including any implicit waiver, from a provision of either code to the persons covered by each, the Company is obligated to disclose the nature of such amendment or waiver, the name of the person to whom any waiver was granted, and the date of waiver on the above website or in a report on Form 8-K.

Item 11. Executive Compensation

Effective as of January 2004, for service on the Board, nonemployee directors of Brooks receive a \$40,000 cash annual retainer, in addition to reimbursement of expenses reasonably incurred. Nonemployee directors who are members of the audit, compensation or nominating and governance committees receive an additional \$7,500 per year for their services on each committee and the Chairman of the Audit Committee receives an annual retainer of \$5,000 for serving as Chair. Directors are also paid a meeting fee for each meeting attended (either in person or by phone).

A total of 40,000 options were granted to non-employee directors during fiscal 2003 pursuant to that plan and an additional total of 50,000 shares to Messrs. Allen and McGillicuddy (25,000 shares each) upon their joining the Board on October 1, 2003. The 1993 Nonemployee Director Stock Option Plan expired at the close of business on October 1, 2003.

Employee directors may elect to participate in Brooks' 1995 Employee Stock Purchase Plan and may be granted options under Brooks' 2000 Combination Stock Option Plan.

Indemnification Agreements. Brooks has entered into indemnification agreements with each of its directors and anticipates that it will enter into similar agreements with any future directors. Generally, the indemnification agreements are designed to provide the maximum protection permitted by Delaware law with respect to indemnification of a director.

The indemnification agreements provide that Brooks will pay certain amounts incurred by a director in connection with any civil or criminal action or proceeding, specifically including actions by or in the name of Brooks (derivative suits) where the individual's involvement is by reason of the fact that he is or was a director or officer. Such amounts include, to the maximum extent permitted by law, attorney's fees, judgments, civil or criminal fines, settlement amounts, and other expenses customarily incurred in connection with legal proceedings. Under the indemnification agreements, a director will receive indemnification unless he is found not to have acted in good faith and in a manner he reasonably believed to be in the best interests of Brooks.

Contractual Arrangements With Executive Officers

Employment Agreements

Robert J. Therrien. The Company entered into a new employment agreement with Robert J. Therrien, its chief executive officer, effective October 1, 2001, which replaced Mr. Therrien's former agreement that expired on September 30, 2001. Under the 2001 agreement, Mr. Therrien would continue in his role as president and chief executive officer of the Company for four years and if Mr. Therrien identified his successor as president and chief executive officer, then Mr. Therrien would become chairman of the Board of Directors. (In February 2003 Mr. Grady became president, and Mr. Therrien became chairman but continued as chief executive officer.)

Edgar Filing: BROOKS AUTOMATION INC - Form 10-K/A

Under the terms of the 2001 agreement, Mr. Therrien's annual salary was to increase to \$615,000 upon completion of the merger with PRI on May 14, 2002. The agreement also entitles Mr. Therrien to annual discretionary bonuses determined by the Compensation Committee. As discussed in the Compensation Committee Report, Mr. Therrien did not receive a bonus in 2002 or 2003 and the increase in his annual salary upon completion of the merger with PRI provided for under the 2001 agreement was not implemented until January 2004.

Edgar Filing: BROOKS AUTOMATION INC - Form 10-K/A

The 2001 agreement provides that Mr. Therrien will receive a supplemental retirement benefit. The supplemental retirement benefit is equal to the product of his final adjusted salary times 1 1/2 times the number of years Mr. Therrien serves the Company after October 1, 1994. For purposes of calculating the supplemental retirement benefit, the contract provides that Mr. Therrien's annual salary will be no less than his base salary at termination or \$500,000. Currently, Mr. Therrien has 9 years of credited service with the Company. The supplemental retirement benefit will be paid in a lump sum payment on the first day of the month following expiration of the employment agreement or the date on which Mr. Therrien's services with the Company are terminated due to his death, long-term disability or termination for any other reason.

The Company has established a rabbi trust to fund the payment of Mr. Therrien's supplemental retirement benefit. The rabbi trust holds two whole life insurance policies insuring Mr. Therrien's life and cash and marketable securities. The two life insurance policies had combined death benefits of \$7,222,000. The two life insurance policies had a combined cash surrender value of approximately \$3,268,000 and the cash and marketable securities have a current fair market value of \$5,229,000 as of September 30, 2003. The rabbi trust assets are unsecured and subject to the claims of creditors.

In addition, Mr. Therrien will participate in all employee welfare and benefit plans normally offered to other Company executives, except that he will not participate in any retirement plan other than the Company's 401(k) plan and will only receive the supplemental retirement benefit. Mr. Therrien also participates in a split dollar life insurance plan for which he now pays the premiums. The Company retains a security interest in the split dollar life insurance plan equivalent to the total amount of premiums it previously paid prior to July 2002. Mr. Therrien is entitled to the use of an automobile during the term of his agreement.

The employment agreement provides that if Mr. Therrien's employment is terminated without cause, or if Mr. Therrien terminates his employment for good reason, he will be entitled to receive his annual salary and bonus for the remaining term of the agreement, continued life insurance coverage until October 1, 2005 and medical, dental and vision insurance for life. The employment agreement provides that cause means Mr. Therrien has: (1) habitually neglected his material duties under the agreement; (2) perpetrated fraud or embezzlement against the Company; or (3) been finally adjudicated to have committed a felony under any federal or state law. The agreement also provides that good reason means Mr. Therrien has suffered, without his consent, a reduction in his status at the Company either through a reduction in his duties or in his title.

If Mr. Therrien is terminated for cause, he will only be entitled to receive his then accrued salary and accrued vacation days and will forfeit all benefits payable under the supplemental retirement benefit.

In addition, if Mr. Therrien's employment is terminated or he resigns following a change of control, as defined in the agreement, then the Company is obligated to pay Mr. Therrien a lump sum severance payment equal to three times his base salary and bonus.

In the event of Mr. Therrien's termination or resignation following a change of control, his resignation for good reason or his termination without cause, his stock options will immediately vest and remain exercisable until the earlier of 24 months following his termination or the expiration of the option term. However, the extension of the option exercise period will not apply to any options granted prior to September 30, 2001, if such extension would result in a charge to earnings or other adverse accounting consequence. Mr. Therrien is also entitled to receive other payments and benefits including continuation of life insurance coverage until October 1, 2005 and medical, dental and vision insurance for life. Mr. Therrien is entitled to a gross-up payment for federal golden parachute excise tax and income tax imposed on any excess parachute payments received under the employment agreement.

Mr. Therrien's employment agreement also contains noncompetition, nonsolicitation and confidentiality provisions. The noncompetition and nonsolicitation provisions prohibit Mr. Therrien from directly or indirectly competing with, or soliciting employees of, the Company so long as he is an employee of the Company and for a period of two years thereafter.

Edward C. Grady. The Company entered into an employment agreement with Edward C. Grady, in connection with his hiring as President and Chief Operating Officer, effective January 31, 2003. Mr. Grady's

employment agreement is effective for an initial two-year term, which automatically renews for successive one-year terms.

Under the terms of the agreement, Mr. Grady receives an annual base salary in the amount of \$350,000. Mr. Grady also received \$180,000 as compensation for his relocation from California to Massachusetts and reimbursement of reasonable, customary and actual moving expenses. Subject to certain termination provisions contained in the agreement, Mr. Grady became entitled to an initial deferred sign-on bonus payment in the amount of \$180,000 on January 1, 2004, and will receive a second deferred sign-on bonus payment in the amount of \$300,000 on January 1, 2005. In addition, Mr. Grady shall be eligible to receive an annual management bonus, as determined by the Chief Executive Officer and the Compensation Committee from year to year. The Company also agreed to appoint Mr. Grady to the Board of Directors if he continued to be employed six months after commencement of the agreement, which was done in September 2003.

Under the terms of the agreement, Mr. Grady also received an inducement option to purchase 200,000 shares of Brooks Common Stock, vesting over four years. Mr. Grady will also be eligible to participate in all employee welfare and benefit plans normally offered to other senior executives of the Company.

Robert W. Woodbury, Jr. The Company entered into an at-will employment agreement with Robert W. Woodbury, Jr., its Senior Vice-President and Chief Financial Officer, effective February 26, 2003. Under the terms of the Agreement, Mr. Woodbury receives an annual base salary of \$270,000 and an annual management bonus which may range from 0% to 150% of 70% of Mr. Woodbury's base salary. The agreement also grants Mr. Woodbury an option to purchase up to 85,000 shares of Brooks Common Stock, vesting over four years. Mr. Woodbury will also be eligible to participate in all employee welfare and benefit plans normally offered to other senior executives of the Company.

Change In Control Arrangements. Brooks has entered into change of control agreements with certain key employees, including each of the Named Executive Officers other than Mr. Therrien, whose employment contract offers change of control benefits. The Board of Directors determined that it was in the best interests of Brooks and its stockholders to assure that Brooks have the continued dedication of these persons, notwithstanding the possibility, threat, or occurrence of a change in control of Brooks. The purpose of the agreements is to diminish the inevitable distraction for these persons caused by the personal uncertainties and risks created by a pending or threatened change of control and to encourage their full attention and dedication to Brooks currently and in the event of any threatened or pending change of control. The agreements have terms of five years and automatically renew in five-year increments unless a party to the agreement objects in writing in advance of the renewal. The agreements provide that in the event of a change of control these persons will retain their then current compensation and benefits for the lesser of one year or until terminated for cause. The agreements also provide that the position of such person upon a change of control shall be at least commensurate with the highest position held by such person prior to the change of control, after completion of a six-month transitional period. Under the agreements, if the employee is terminated other than for cause, disability or death or if the employee resigns for good reason the employee is entitled to one year of salary in a lump sum payment and the continuation of certain benefits for 18 months. For purposes of the agreements, cause means willful acts of dishonesty, repeated breaches by the employee of the agreement or the conviction of a felony involving moral turpitude. Good reason includes diminution of the responsibility or position of the employee, Brooks breach of the agreement or the involuntary relocation of the employee.

Indemnification Agreements. Brooks has entered into indemnification agreements with each of its executive officers. The indemnification agreements provide that the Company will pay certain amounts incurred by an officer in connection with any civil or criminal action or proceeding, specifically including actions by or in the name of the Company where the individual's involvement is by reason of the fact that he is or was an officer. Such amounts include, to the maximum extent permitted by law, attorney's fees, judgments, civil or criminal fines, settlement amounts, and other expenses customarily incurred in connection with legal proceedings. Under the indemnification agreements, an officer will receive indemnification unless he or she is found not to have acted in good faith and in a manner he or she reasonably believed to be in the best interests of Brooks.

Compensation Plans

Bonus Plan. The Company maintains a bonus program for employees, including executive officers, under which such employees may be awarded cash bonuses based upon the Company's overall financial performance.

Stock Purchase Plan. In February 1996, the Company adopted the 1995 Employee Stock Purchase Plan to provide employees of Brooks with additional incentives by permitting them to acquire an equity interest in the Company through the purchase of shares of Brooks Common Stock. As of September 30, 2003, 770,230 shares of Brooks Common Stock have been purchased under the Stock Purchase Plan and 729,770 shares remain available for purchase. The Stock Purchase Plan is intended to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code.

Stock Option Plans. Brooks maintains a number of equity compensation plans for employees, officers, directors and others whose efforts contribute to Brooks' success. The plans described below are administered by the Compensation Committee of the Board of Directors. However, Mr. Therrien, the Chairman and Chief Executive Officer of the Company, has the authority to grant options to purchase not more than 15,000 shares of the Company's Common Stock per employee per fiscal year to employees who are not executive officers on terms that are consistent with the 1998 Plan and the 2000 Plan described below. Under that authority, Mr. Therrien granted options to purchase an aggregate of 250,800 shares of the Company's Common Stock in fiscal 2003.

The following tables set forth certain information with respect to the stock options granted to and exercised by the Named Executive Officers during fiscal 2003 and the aggregate number of and value of options exercisable and unexercisable held by the Named Executive Officers during fiscal 2003.

Description of Plans Adopted By Stockholders

Edgar Filing: BROOKS AUTOMATION INC - Form 10-K/A

1992 Combination Stock Option Plan. Under Brooks' 1992 Combination Stock Option Plan (the "1992 Plan"), Brooks may grant both incentive stock options intended to qualify under Section 422 of the Internal Revenue Code of 1986, and other options which are not qualified as incentive stock options. The term of the 1992 Plan expired on May 12, 2002, and no further options may be granted under that plan. Incentive stock options could only be granted to persons who were employees of the Company at the time of grant, and could include officers and directors who were also employees. Nonqualified stock options could be granted to persons

who were officers, directors or employees of or consultants or advisors to the Company, or persons who were in a position to contribute to the long-term success and growth of the Company at the time of grant. Options granted under the 1992 Plan generally vest over a period of four years. A total of 1,950,000 shares of the Company's Common Stock were reserved for issuance under the 1992 Plan. Of these shares, options for 382,258 shares had been granted and were outstanding at September 30, 2003. In order to align the 1992 Plan with its current practices, in January 2000 the Board of Directors amended the 1992 Plan to eliminate the Company's ability to grant restricted stock under the 1992 Plan and to require that all options be granted with exercise prices not less than fair market value.

1993 Nonemployee Director Stock Option Plan. The purpose of the 1993 Nonemployee Director Stock Option Plan (the Directors Plan) was to attract and retain the services of experienced and knowledgeable independent directors of Brooks for the benefit of Brooks and its stockholders and to provide additional incentives for such independent directors to continue to work for the best interests of the Company and its stockholders. A total of 690,000 shares of Brooks' Common Stock were reserved for issuance under the Directors Plan. Of these shares, options for 232,000 shares had been granted and were outstanding at September 30, 2003. On October 1, 2003, grants totaling 50,000 shares were issued to two newly appointed directors. The term of the Director Plan expired on October 1, 2003, and no further options may be granted under that plan.

2000 Combination Stock Option Plan. The purposes of the 2000 Combination Stock Option Plan (the 2000 Plan) are to attract and retain employees and to provide an incentive for them to assist Brooks to achieve long-range performance goals and to enable them to participate in the long-term growth of Brooks. Under the 2000 Plan, Brooks may grant (i) incentive stock options intended to qualify under Section 422 of the Internal Revenue Code, and (ii) options that are not qualified as incentive stock options. A total of 6,000,000 shares of Brooks' Common Stock have been reserved for issuance under the 2000 Plan. Of these shares, options for 1,296,924 shares had been granted and were outstanding and 4,683,001 shares remained available for grant as of September 30, 2003. On October 16, 2003, the Company issued options for 12,617 shares under the 2000 Plan to replace options previously surrendered in accordance with the Option Exchange Program authorized by stockholders at the 2003 annual meeting. In addition, on October 16, 2003 and October 17, 2003 respectively, options for 902,500 and 155,000 shares were granted under the 2000 Plan.

Description of Plans Not Adopted By Stockholders

1998 Employee Equity Incentive Plan. The purpose of the 1998 Employee Equity Incentive Plan (the 1998 Plan), adopted by the Board of Directors of Brooks in April 1998, is to attract and retain employees and provide an incentive for them to assist Brooks to achieve long-range performance goals and to enable them to participate in the long-term growth of Brooks. All Brooks' employees (other than its officers and directors), contractors, consultants, service providers or others who are in a position to contribute to the long-term success and growth of Brooks are eligible to participate in the 1998 Plan. A total of 4,825,000 shares of Brooks' Common Stock were reserved for issuance under the 1998 Plan. In order to align the 1998 Plan with its current practices, in January 2000, the Board of Directors amended the 1998 Plan to eliminate Brooks' ability to award nonqualified stock options with exercise prices at less than fair market value. On February 26, 2003 the Board of Directors voted to cancel and not return to the reserve any 1998 Plan forfeited option. From February 26, 2003 through September 30, 2003, a total of 552,883 options were forfeited due to employee terminations. Of the shares reserved for issuance under the 1998 Plan, options for 1,573,341 shares had been granted and were outstanding and 2,294,322 shares remained available for grant at September 30, 2003. On October 16, 2003, the Company issued options for 1,206,192 shares under the 1998 Plan to replace options previously surrendered in accordance with the Option Exchange Program, and cancelled and did not return to the reserve 632,435 forfeited options.

Compensation Committee Report

To The Stockholders:

The Compensation Committee of the Board of Directors is comprised of three independent directors. As more fully described above under Corporate Governance Committee of the Board, it is responsible for establishing compensation policies applicable to the Company's directors and its executive officers, including its chief executive officer. In discharging its responsibilities, the committee consults, as necessary, with outside advisors.

Compensation Philosophy

The Company has developed a compensation philosophy and programs designed to enable the Company to attract, motivate and retain excellent executive talent. Compensation is earned based upon performance consistent with the expectations defined by the Company's leadership practices and measurable objectives which support the Company's corporate goals and financial metrics.

To accomplish these goals, the Company uses a combination of programs to offer a balance between short-term and long-term incentives. Components of these programs include:

base pay targeted at a percentage of competitive pay for similar positions within a peer group of companies;

a variable component based upon performance to business and financial metrics which may result in the individual receiving more or less cash compensation when compared to our peer group companies;

discretionary bonuses which may be utilized to recognize and reward outstanding individual performance in excess of measurable business and performance objectives;

long term incentive compensation to retain key talent and align the interests of executives with those of shareholders, which may include options or stock grants; and

deferred compensation in selected cases for key executives.

In fiscal year 2001, the committee retained PricewaterhouseCoopers LLP to prepare an executive compensation benchmarking study of comparative companies to help assess overall executive compensation and specifically the compensation of Mr. Therrien, the Company's president. The compensation consultant helped the Company to implement its compensation philosophy by:

comparing the compensation of the Company's executive officers, including Mr. Therrien, to executives in comparable positions at various peer companies and other compensation survey data;

recommending modifications to base, bonus and equity compensation levels; and

recommending a comprehensive program of cash based incentives for the Company.

Base Salary

The base salary of an executive officer is established after considering the level of his responsibility and the quality of his performance. The committee also reviews data gathered through executive compensation benchmarking studies prepared by compensation consultants. In assessing the information contained in the studies, the committee considers the size and the profitability of peer companies and the nature of their business. No particular weight is given to any factors reviewed by the committee. In setting compensation, the Company's compensation philosophy has been to target base compensation above the 50th percentile in comparison to its peer companies. As a result of economic conditions and the Company's financial performance, the annual salary of all executive officers was reduced by 12% in fiscal 2001. That reduction remained in effect throughout fiscal 2002 and fiscal 2003.

Bonus

Executive officers are eligible to receive performance bonuses under the Company's bonus plan normally equal to a percentage of their base salary. Each officer is eligible to receive a bonus which may range from 0% to 150% of a pre-established percentage (either 50%, 70% or 100%) of his base salary. The bonuses are not guaranteed and are subject to the Company's overall financial performance. No bonuses were paid to any executive officer in fiscal year 2003.

Equity Compensation

Each of the executive officers and all key employees are eligible to receive grants of options under the 2000 Plan and until May 12, 2002 were eligible to receive grants or options under the 1992 Plan. The 2000 Plan is used and the 1992 Plan was used to align a portion of the executive officers' and key employees' compensation with the stockholders' interests and the long-term success of the Company through the use of variable compensation. In determining the number of options to be granted to each executive officer or key employee, the committee uses surveys of independent compensation consultants such as the fiscal 2001 benchmarking study and makes a subjective determination based on factors such as the individual's level of responsibility, performance and number of options held by the individual. The committee gives no particular weight to any factor. During fiscal 2003, options to purchase 530,000 shares of the Company's Common Stock were granted to persons who were executive officers at the time of grant under the 2000 Plan. The 1995 Employee Stock Purchase Plan provides all of the Company's employees, including executive officers, with a means of purchasing the Company's Common Stock, further aligning the interests of executive officers, employees and stockholders.

Compensation of Chief Executive Officer

The Company entered into a new employment agreement with Robert J. Therrien, its chief executive officer, effective October 1, 2001. This 2001 employment agreement entitled Mr. Therrien to an increase in base salary to \$615,000 upon completion of the PRI merger on May 14, 2002, with base salary subject to further annual review. Under the 2001 agreement Mr. Therrien also will receive consideration for discretionary bonuses, certain life insurance benefits, a supplemental retirement benefit, an automobile allowance and other employment benefits as are generally available to employees of the Company. See "Executive Compensation and Other Matters" Employment Contracts for additional details.

In determining to enter into the new 2001 employment agreement with Mr. Therrien, the Compensation Committee held a number of meetings and considered several factors. The committee gave no particular weight to any one factor. The committee retained the services of two compensation consultants. Each consultant reviewed the proposed terms and conditions of the employment agreement in light of market conditions existing for the president and chief executive officer of a publicly traded technology company and prepared studies evaluating and analyzing:

compensation programs of peer companies;

change of control, severance and benefit programs and other contractual arrangements for peers; and

the terms and conditions of the new employment agreement in comparison to the Mr. Therrien's original employment agreement which expired on September 30, 2001.

In entering into the new 2001 employment agreement, the committee also considered and evaluated Mr. Therrien's leadership ability and his contributions over the last several years in:

leading the Company to substantial organic growth;

financing the Company;

growing the Company through several strategic acquisitions;

successfully integrating several acquired companies into the Company; and

managing the expansion of the Company's product offerings and market share.

Edgar Filing: BROOKS AUTOMATION INC - Form 10-K/A

As a result of economic conditions and the Company's financial performance, Mr. Therrien's salary increase to \$615,000 provided for under the terms of the 2001 employment contract was not implemented at that time or during fiscal year 2003. Mr. Therrien did not receive an annual bonus in the 2003 fiscal year.

Policy on Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code limits the deductibility of nonperformance based compensation in excess of \$1 million in any year paid to the chief executive officer and the next four highest paid executive officers. It is the Company's general policy to comply with Section 162(m) and ensure that all compensation paid to the chief executive officer and the next four highest paid executives is deductible.

Respectfully Submitted.
