Report of Independent Registered Public Accounting Firm

The Participants and Plan Administrator of
The Kansas City Southern Railway Company Union 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of the Kansas City Southern Railway Company Union 401(k) Plan (the Plan) as of December 31, 2004 and 2003, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004 and 2003, and the changes in net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

**THE KANSAS CITY SOUTHERN RAILWAY
COMPANY UNION 401(k) PLAN**

Notes to Financial Statements

December 31, 2004 and 2003

(1) Description of the Plan

(a) General

The Kansas City Southern Railway Company Union 401(k) Plan (the Plan) is a participant-directed, contributory, defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(b) Eligibility

The Plan covers all full-time employees of The Kansas City Southern Railway Company (the Company) who are members of one of the following collective bargaining units: Brotherhood of Railway Carmen - Division of Transportation Communications International Union, Brotherhood of Railroad Signalmen, The American Railway and Airway Supervisors Association - Division of Transportation Communications International Union, Transportation Communications International Union Clerks, and The National Conference of Firemen & Oilers. Plan entry dates are the first day of each calendar quarter.

A plan participant that ends his or her membership in any of the above collective bargaining units is no longer eligible to make elective deferrals under the Plan but will continue to be vested under the Plan.

(c) Contributions

Participants may contribute a portion of their annual eligible compensation, as defined in the Plan, not to exceed a specified dollar amount as determined by the Internal Revenue Code (IRC). The Company does not match participant contributions.

(d) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of Plan earnings, net of investment expenses. Allocations are based on participant earnings or account balances, as set forth in the plan agreement. The benefit to which a participant is entitled is that which can be provided from the participant's account.

(e) Vesting

Participants are immediately vested in their contributions plus actual Plan earnings thereon.

(f) Investment Options

Upon enrollment in the Plan, a participant may direct their contributions into any of the various funds offered by the Plan.

Effective July 1, 2002, the Plan added Kansas City Southern (NYSE:KCS) common stock as an investment option.

Notes to Financial Statements

December 31, 2004 and 2003

Participants should refer to the respective prospectuses for a description of the investment objective of each fund.

(g) Benefits

Distributions generally will be made in the event of retirement, death, disability, resignation, or dismissal. A participant's normal retirement age is 65. The Plan also provides for distribution at age 59 1/2.

Distributions after termination of employment will be made in a lump-sum payment. Balances not exceeding \$5,000 will be paid out within one calendar year of termination of employment. Balances exceeding \$5,000 will be paid upon the distribution date elected by the participant, but no later than April 1 following the calendar year in which the participant attains the age of 70 1/2.

(h) Plan Termination

Although it has expressed no intention to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. Upon termination of the Plan, the participants shall receive amounts equal to their respective account balances.

(i) Plan Expenses

Investment expenses are paid by the Plan as long as plan assets are sufficient to provide for such expenses. Administrative expenses are principally paid by the Company.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The Plan's financial statements are presented on the accrual basis of accounting and present the net assets available for benefits and changes in those net assets. Benefit payments to participants are recorded when paid.

(b) Investments

The fair value of marketable securities is based upon quotations from national securities exchanges; where marketable securities are not listed on an exchange, quotations are obtained from brokerage firms. Securities transactions are accounted for on the trade date (the date the order to buy or sell is executed).

The assets held in the common collective trust (Invesco Stable Value Fund) are valued at contract value, which approximates fair value, as determined by the AMVESCAP National Trust Company.

(c) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes in net assets available for benefits. Actual results could differ from those estimates.

	\$ 48,048	98,016

(4) Portfolio Risk

The Plan provides for investments in various securities that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

(5) Income Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service, dated August 9, 2002, indicating that it is qualified under Section 401(a) of the Internal Revenue Code and, therefore, the related trust is

exempt from tax under Section 501(a) of the Internal Revenue Code. The determination letter is applicable for amendments executed through April 1, 2002.
