Report of Independent Registered Public Accounting Firm

The Participants and Plan Administrator of
MidSouth Rail Union 401(k) Retirement Savings Plan:

We have audited the accompanying statements of net assets available for benefits of the MidSouth Rail Union 401(k) Retirement Savings Plan (the Plan) as of December 31, 2006 and 2005, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2006 and 2005, and the changes in net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

As discussed in Note 3, the Plan adopted Financial Accounting Standards Board Staff Position AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*, as of December 31, 2006 and 2005.

RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2006 and 2005

(1) Description of the Plan

The following description of the Midsouth Rail Union 401(k) Retirement Savings Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan document.

(a) General

The Plan is a participant-directed, defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan covers all full-time employees of the Kansas City Southern Railway Company (the Company) who are members of one of the following collective bargaining units with the former MidSouth Rail Corporation: Brotherhood of Locomotive Engineers, Brotherhood of Maintenance of Way Employees, Brotherhood of Railway Carmen, Brotherhood of Railroad Signalmen, International Association of Machinists and Aerospace Workers, International Brotherhood of Electrical Workers, Transportation Communications International Union, or United Transportation Union. Plan entry dates are the first day of each calendar quarter.

A participant that ends his or her membership in any of the above collective bargaining units is no longer eligible to receive Company contributions. However, while still employed by the Company, such participant will continue to receive credit for vesting under the provisions of the Plan and continues to share fully in trust fund allocations, as set forth in the Plan. Upon rejoining any of the above collective bargaining units, such participant is then immediately eligible to participate in all future Company contributions, as set forth in the Plan.

(b) Plan Administration

The Plan is administered by the Compensation and Organization Committee which is appointed by the board of directors of the Company. The Plan's trustee, Nationwide Trust Company (the Trustee), is responsible for the custody and management of the Plan's Assets.

(c) Contributions

Each year, participants may contribute a portion of their annual eligible compensation, as defined in the Plan, not to exceed a specified dollar amount as determined by the Internal Revenue Code (IRC). The Company matches 100% of the first \$500 of participant salary deferral contributions. Upon enrollment in the Plan, a participant may direct their contributions and Company matching contributions into any of the various funds offered by the Plan, which includes the Kansas City Southern (NYSE:KSU) common stock as an investment option.

Notes to Financial Statements
December 31, 2006 and 2005

(d) Vesting

Participants are immediately vested in their salary deferral contributions plus actual earnings thereon.

Company contributions vest according to the following schedule:

	Years of service	Percent vested
One year		20%
Two years		40%
Three years		60%
Four years		80%
Five years		100%

(e) Payment of Benefits

Distributions generally will be made in the event of retirement, death, disability, resignation, or dismissal. A participant's normal retirement age is 65. The Plan also provides for distribution at age 59½. Distributions after termination of employment will be made in a lump-sum payment. Balances not exceeding \$1,000 will be paid out within one calendar year of termination of employment. Balances exceeding \$1,000 will be paid upon the distribution date elected by the participant, but no later than April 1 following the calendar year in which the participant attains the age of 70½.

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. In addition, hardship distributions are permitted if certain criteria are met.

(f) Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of Plan earnings, net of investment expenses. Allocations are based on participant earnings or account balances, as set forth in the plan agreement. The benefit to which a participant is entitled is that which can be provided from the participant's account.

(g) Forfeitures

Nonvested amounts forfeited by employees are allocated to the other participants as a part of and in the same manner as the Company contribution for the Plan year in which the forfeiture occurs. Allocated forfeitures were \$358 and \$118 for the Plan years ended December 31, 2006 and 2005, respectively.

(h) Administrative Expenses

Investment expenses are paid by the Plan as long as Plan assets are sufficient to provide for such expenses. Administrative expenses of the Plan are paid by the Company.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting and Use of Estimates*

The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

(b) *Income Recognition*

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

(c) *Investments Valuation*

Investments in mutual funds and common stocks are stated at fair value as determined by quoted market prices.

Investments in the common collective trust (Invesco Stable Value Trust or the Trust) are valued at the estimated fair value of the investments in the respective trust at year end. The estimated fair value of the investment in the Trust is then adjusted to contract value in the adjustment from fair value to contract value for fully benefit-responsive investment contracts as described in footnote 3. The contract value is determined by the AMVESCAP National Trust Company.

The Trust holds guaranteed investment contracts (GICs) and synthetic guaranteed investment contracts (synthetic GICs). GICs represent deposits which guarantee a stated interest rate for the term of the contracts. The fair value of GICs is determined based on the present value of the contract's expected cash flows, discounted by current market interest rates for like-duration and like-quality investments. Synthetic GICs are portfolios of securities (debt securities or units of collective trusts) owned by the Trust with wrap contracts associated with portfolios. The fair value of wrap contracts is based on the change in the present value of the contract's expected cash flows, discounted at current market rates. Investment contracts may have elements of risk due to lack of a secondary market and resale restrictions which may result in the inability of the Trust to sell a contract at a fair price and may substantially delay the sale of contracts which the Trust seeks to sell. In addition, investment contracts may be subject to credit risk based on the ability of the insurance company or bank to meet interest or principal payments, or both, as they become due.

Purchases and sales of securities are recorded on a trade-date basis.

Unsettled security transactions at year end are reflected in the financial statements as investment trades payable or receivable.

Notes to Financial Statements

December 31, 2006 and 2005

(d) Net Appreciation (Depreciation) in fair value of Investments

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

(e) Payment of Benefits

Benefit payments are recorded when paid.

(3) Adoption of New Accounting Standard

FSP AAG INV-1 and SOP94-4-1. Effective January 1, 2006, the Plan adopted the provisions of FASB Staff Position (FSP) AAG INV-1 and Statement of Position 94-4-1 Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans with respect to fully benefit-responsive investment contracts held by the Trust.

As provided in the FSP, an investment contract is generally permitted to be valued at contract value, rather than fair value, to the extent it is fully benefit-responsive. As also provided by the FSP, the fully benefit-responsive investment contracts are included at fair value in the investments of the Plan and are adjusted to contract value in the statements of net assets available for Plan benefits. The provisions of the FSP have been retroactively adopted for the year ended December 31, 2005, for comparative purposes.

(4) Investments

Investments, which exceeded 5% of the net assets available for benefits at December 31, 2006 and 2005, were as follows:

	2006	2005
Invesco Stable Value Trust, 1,114,910 and 1,049,302 units, respectively	\$ 1,091,103	1,033,271
Allianz Funds OCC Renaissance Admin, 0 and 9,074 units, respectively		196,823
CRM Mid Cap Value Fund/Investment 7,814 and 0 units, respectively	229,876

Franklin Balance Sheet Investment Fund Class A, 5,331 and 4,597 units, respectively	355,627	283,796
Growth Fund of America, 8,105 and 7,254 units, respectively	266,402	223,862
Kansas City Southern common stock, 8,018 and 8,514 shares, respectively	232,362	207,997
MFS Value Fund, 8,171 and 7,469 units, respectively	218,728	172,900
PIMCO Total Return Administrative Shares, 45,945 and 42,110 units, respectively	476,912	442,153
Washington Mutual Investors, 7,536 and 6,528 units, respectively	262,712	201,336

During 2006 and 2005, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$243,561 and \$62,084, respectively, as follows:

	2006	2005
Kansas City Southern common stock	\$ 40,094	40,601
Mutual funds	203,467	21,483
Total net investment appreciation	\$ 243,561	62,084

(5) Portfolio Risk

The Plan provides for investments in various securities that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

**MIDSOUTH RAIL UNION 401(k)
RETIREMENT SAVINGS PLAN**

Notes to Financial Statements
December 31, 2006 and 2005

(6) Tax Status

The Plan received a favorable determination letter from the Internal Revenue Service, dated March 7, 2003, indicating that it is qualified under Section 401(a) of the Internal Revenue Code (the Code), and therefore, the related trust is exempt from tax under Section 501(a) of the Code. The determination letter is applicable for amendments executed through April 1, 2002. The tax determination letter has not been updated for the latest plan amendments occurring after April 1, 2002. However, the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt for the years ended December 31, 2006 and 2005.

The Company is not aware of any activity or transactions that may adversely affect the qualified status of the Plan.

(7) Plan Termination

Although it has expressed no intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, the participants shall receive amounts equal to their respective account balances.

(8) Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statement to the Form 5500:

	2006
Net assets available for benefits per the financial statements	\$ 4,222,197
Less: Adjustment from contract value to fair value for fully benefit-responsive investment contracts	(23,807)
Net assets available for benefits per the Form 5500	\$ 4,198,390

The following is a reconciliation of the total investment income per the financial statements to the Form 5500:

	2006
Total investment income per the financial statements	\$ 442,829
Less: Adjustment from contract value to fair value for fully benefit-responsive investment contracts	(23,807)
Total investment income per the Form 5500	\$ 419,022

(9) Prohibited Transaction

During the plan year ending December 31, 2006, the Company failed to remit to the Trustee certain employee contributions totaling approximately \$90 within the period of time prescribed by ERISA Section 2510.3-102. Delays in remitting contributions to the Plan's trustee were due to administrative errors, and the Company will

make contributions to the affected participant's account to compensate in aggregate the approximate lost income due to the delays. These prohibited transactions do not affect the tax status determination of the Plan, and the Company intends to pay all fines imposed, to the extent there are any.
