FORWARD-LOOKING STATEMENTS

This prospectus supplement contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Statements that are not historical or current facts, including statements about beliefs and expectations, are forward-looking statements. These statements often include the words may, could, would, should, believes, expects, anticipates, estimates, intends, plans, targets, potentially, probably, pr similar expressions. These forward-looking statements cover, among other things, our anticipated future revenue and expenses and our future plans and prospects. Forward-looking statements involve inherent risks and uncertainties, and important factors could cause actual results to differ materially from those anticipated. A continuation of the recent turbulence in the global financial markets, particularly if it worsens, could impact our performance, both directly by affecting our revenues and the value of our assets and liabilities, and indirectly by affecting our counterparties and the economy generally. Dramatic declines in the housing market in the past year have resulted in significant write-downs of asset values by financial institutions. Concerns about the stability of the financial markets generally have reduced the availability of funding to certain financial institutions, leading to a tightening of credit, reduction of business activity, and increased market volatility. There can be no assurance that any governmental program or legislation will help to stabilize the U.S. financial system or alleviate the industry or economic factors that may adversely impact our business. In addition, our business and financial performance could be impacted as the financial industry restructures in the current environment, by increased regulation of financial institutions or other effects of recently enacted or proposed legislation, by changes in the creditworthiness and performance of our counterparties, and by changes in the competitive landscape. Our results could also be adversely affected by continued deterioration in general business and economic conditions; changes in interest rates; deterioration in the credit quality of our loan portfolios or in the value of the collateral securing those loans; deterioration in the value of securities held in our investment securities portfolio; legal and regulatory developments; increased competition from both banks and non-banks; changes in customer behavior and preferences; effects of mergers and acquisitions and related integration; effects of critical accounting policies and judgments; and management s ability to effectively manage credit risk, market risk, operational risk, legal risk, and regulatory and compliance risk. For discussion of these and other risks that may cause actual results to differ from expectations, please refer to the Risk Factors section elsewhere in this prospectus supplement, our 2008 Annual Report including the information contained in Exhibit 13 thereto, including the sections entitled Risk Factors and Corporate Risk Profile, and our Quarterly Report. Forward-looking statements speak only as of the date they are made, and we undertake no obligation to update them in light of new information or future events.

RISK FACTORS

An investment in our common stock involves certain risks. You should carefully consider the risks described below and the risks described in our 2008 Annual Report including in the Corporate Risk Profile and Risk Factors sections of Exhibit 13 thereto, as well as the other information included or incorporated by reference in this prospectus supplement and the accompanying prospectus, before making an investment decision. Our business, financial condition or results of operations could be materially adversely affected by any of these risks. The trading price of our common stock could decline due to any of these risks, and you may lose all or part of your investment. This prospectus supplement also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the risks faced by us described below, elsewhere in this prospectus supplement and the accompanying prospectus and in the documents incorporated by reference therein.

The price of our common stock may fluctuate significantly, which may make it difficult for you to resell shares of common stock owned by you at times or at prices you find attractive.

Our stock price may fluctuate as a result of a variety of factors, many of which are beyond our control. These factors include, in addition to those described in Forward-Looking Statements :

- actual or anticipated quarterly fluctuations in our operating results and financial condition;
- changes in financial estimates or publication of research reports and recommendations by financial analysts or actions taken by rating agencies with respect to us or other financial institutions;
- failure to meet analysts revenue or earnings estimates;
- speculation in the press or investment community generally or relating to our reputation or the financial services industry;
- strategic actions by us or our competitors, such as acquisitions, restructurings, dispositions or financings;
- actions by our current shareholders, including sales of common stock by existing shareholders and/or directors and executive officers;
- fluctuations in the stock price and operating results of our competitors;
- future sales of our equity or equity-related securities;
- changes in the frequency or amount of dividends or share repurchases;
- proposed or adopted regulatory changes or developments;
- anticipated or pending investigations, proceedings, or litigation that involve or affect us;
- domestic and international economic factors unrelated to our performance; and

general market conditions and, in particular, developments related to market conditions for the financial services industry.

In addition, in recent years, the stock market in general has experienced extreme price and volume fluctuations. This volatility has had a significant effect on the market price of securities issued by many companies, including for reasons unrelated to their operating performance. These broad market fluctuations may adversely affect our stock price, notwithstanding our operating results. We expect that the market price of our common stock will continue to fluctuate and there can be no assurances about the levels of the market prices for our common stock.

There may be future sales or other dilution of our equity, which may adversely affect the market price of our common stock.

Except as described under the heading Underwriting below, we are not restricted from issuing additional common stock, including any securities that are convertible into or exchangeable for, or that represent the right to receive, common stock. The issuance of any additional shares of common stock or preferred stock or securities convertible into, exchangeable for or that represent the right to receive common stock or the exercise of such securities could be substantially dilutive to shareholders of our common stock. Holders of our shares of common stock have no preemptive rights that entitle holders to purchase their pro rata share of any offering of shares of any class or series. The market price of our common stock could decline as a result of sales of shares of our common stock made after this offering or the perception that such sales could occur. Because our decision to issue securities in any future offering will depend on market conditions and other factors beyond our control, we cannot predict or

Table of Contents

estimate the amount, timing or nature of our future offerings. Thus, our shareholders bear the risk of our future offerings reducing the market price of our common stock and diluting their stock holdings in us.

In addition, the terms of the warrant we issued to the U.S. Treasury under the CPP includes an anti-dilution adjustment that provides that if we issue shares of common stock or securities convertible or exercisable into or exchangeable for shares of our common stock at a price that is less than 90% of the market price of such shares on the last trading day preceding the date of the agreement to sell such shares, the number of shares of common stock to be issued would increase and the per share price of common stock to be purchased pursuant to the warrant would decrease. This anti-dilution adjustment may have a further dilutive effect on other holders of our common stock.

You may not receive dividends on the common stock.

Holders of our common stock are only entitled to receive such dividends as our board of directors may declare out of funds legally available for such payments. Furthermore, holders of our common stock are subject to the prior dividend rights of holders of our preferred stock at any time outstanding or depositary shares representing such preferred stock then outstanding.

As of March 31, 2009, 12,510 shares of our Series A Non-Cumulative Perpetual Preferred Stock (*Series A Preferred Stock*) were reserved for issuance in connection with the stock purchase agreement entered into in connection with our issuance in March 2006 of $1.25 billion of 6.189% Fixed-to-Floating Rate Normal ITS (the *Normal ITS*) through USB Capital IX, a Delaware statutory trust (the *Trust*); 5,000 shares of our Series C Non-Cumulative Perpetual Preferred Stock (*Series C Preferred Stock*) were reserved for issuance in connection with our issuance in December 2006 of $500 million of Fixed-to-Floating Rate Exchangeable Non-Cumulative Perpetual Series A Preferred Stock (the *USB Realty Preferred Securities*) of USB Realty Corp., a Delaware corporation; 40,000 shares of our Series B Non-Cumulative Perpetual Preferred Stock (*Series B Preferred Stock*) and 20,000 shares of our Series D Non-Cumulative Perpetual Preferred Stock (*Series D Preferred Stock*) were issued and outstanding; and 6,599,000 shares of our Series E Preferred Stock were issued to the U.S. Treasury under the CPP. Under the terms of the Series A Preferred Stock (if and when issued and outstanding), the Series B Preferred Stock, the Series C Preferred Stock (if and when issued and outstanding), the Series D Preferred Stock and the Series E Preferred Stock, our ability to declare or pay dividends on or repurchase our common stock or other equity or capital securities will be subject to restrictions in the event that we fail to declare and pay (or set aside for payment) full dividends on the Series A Preferred Stock, Series B Preferred Stock, Series C Preferred Stock, Series D Preferred Stock or Series E Preferred Stock, as applicable. In addition, prior to November 14, 2011, unless we have redeemed all of the Series E Preferred Stock or the U.S. Treasury has transferred all of the Series E Preferred Stock to third parties, the consent of the U.S. Treasury will be required for us to, among other things, increase our quarterly common stock dividend above $0.425 per share, except in limited circumstances.

Although we have historically declared cash dividends on our common stock, we are not required to do so. On March 4, 2009, our board of directors declared a quarterly common stock dividend of $0.05 per share, which was a reduction from the quarterly common stock dividend of $0.425 per share declared in the previous quarter. We reduced our dividend for the first quarter of 2009 to preserve capital. In an effort to further preserve capital in light of the challenges facing the banking industry and regulatory constraints or for other reasons, we may further reduce or eliminate our common stock dividend in the future. This could also adversely affect the market price of our common stock.

There can be no assurance when the Series E Preferred Stock can be redeemed and the Warrant can be repurchased.

Subject to obtaining the required regulatory approvals, we will repurchase the Series E Preferred Stock and the related warrant issued to the U.S. Treasury with the proceeds from this offering, as described in Use of Proceeds; however, there can be no assurance when the Series E Preferred Stock and the related warrant can be repurchased, if at all. Until such time as the Series E Preferred Stock and the related warrant are repurchased, we will remain subject to the terms and conditions of those instruments, which, among other things, require us to obtain regulatory approval to pay dividends on our common stock in excess of $0.425 per share and, with some exceptions, to repurchase shares of our common stock. Further, our continued participation in the CPP subjects us to increased regulatory and legislative oversight, including with respect to executive compensation. These new and any future oversight and legal requirements and implementing standards under the CPP may have unforeseen or unintended adverse effects on the financial services industry as a whole, and particularly on CPP participants such as ourselves.

Table of Contents

Our results of operations and our ability to fund dividend payments on our common stock and all payments on our other obligations depend upon the results of operations of our subsidiaries.

We are a separate and distinct legal entity from our banking and non-banking subsidiaries. Our principal source of funds to make payments on securities is dividends from our banking subsidiaries. Various federal and state statutes and regulations limit the amount of dividends that our banking and non-banking subsidiaries may pay to us without regulatory approval. In particular, dividend and other distributions from our bank to our holding company could require notice to or approval of the applicable regulatory authority in the future if the dividends and distributions fail to satisfy certain tests, in which case there would be no assurances that we would receive such approval.

In addition, if, in the opinion of the applicable regulatory authority, a bank under its jurisdiction is engaged in or is about to engage in an unsafe or unsound practice, such authority may require, after notice and hearing, that such bank cease and desist from such practice. Depending on the financial condition of our banking subsidiaries, the applicable regulatory authority might deem us to be engaged in an unsafe or unsound practice if our banking subsidiaries were to pay dividends. The Federal Reserve and the Office of the Comptroller of the Currency have issued policy statements generally requiring insured banks and bank holding companies only to pay dividends out of current operating earnings. The Federal Reserve recently released a supervisory letter advising bank holding companies, among other things, that as a general matter a bank holding company should inform the Federal Reserve and should eliminate, defer or significantly reduce its dividends if (i) the bank holding company s net income available to shareholders for the past four quarters, net of dividends previously paid during that period, is not sufficient to fully fund the dividends, (ii) the bank holding company s prospective rate of earnings is not consistent with the bank holding company s capital needs and overall current and prospective financial condition, or (iii) the bank holding company will not meet, or is in danger of not meeting, its minimum regulatory capital adequacy ratios.

Payment of dividends would also be subject to regulatory limitations if any of our banking subsidiaries became under-capitalized for purposes of the prompt corrective action regulations of the federal bank regulatory agencies that are the primary regulators of our banking subsidiaries. Under-capitalized is currently defined as having a total risk-based capital ratio of less than 8.0%, a Tier 1 risk-based capital ratio of less than 4.0%, or a leverage ratio (that is, capital to total consolidated assets) of less than 4.0%. Throughout 2008, our banking subsidiaries were in compliance with all regulatory capital requirements and considered to be well-capitalized.

Furthermore, our right to participate in any distribution of assets of any of our subsidiaries upon its liquidation or otherwise, and thus your ability as a holder of the common stock to benefit indirectly from such distribution, will be subject to the prior claims of creditors of such subsidiary, except to the extent that any of our claims as a creditor of such subsidiary may be recognized. As a result, our common stock is effectively subordinated to all existing and future liabilities and obligations of our subsidiaries.

We may make additional offerings of debt, which would be senior to our common stock upon liquidation, and/or preferred equity securities which may be senior to our common stock for purposes of dividend distributions or upon liquidation.

We may make additional offerings of debt or preferred equity securities, including medium-term notes, trust preferred securities, senior or subordinated notes and preferred stock. Upon liquidation, holders of our debt securities and shares of preferred stock and lenders with respect to other borrowings will receive distributions of our available assets prior to the holders of our common stock. If we issue preferred stock in the future that has a preference over our common stock with respect to the payment of dividends or upon our liquidation, dissolution, or winding up, or if we issue preferred stock with voting rights that dilute the voting power of our common stock, the rights of holders of our common stock could be adversely affected.

Anti-takeover provisions could negatively impact our shareholders.

Provisions of Delaware law and provisions of our certificate of incorporation and bylaws, such as our board of directors ability to issue a series of preferred stock as a defensive measure, could make it more difficult for a third party to acquire control of us or have the effect of discouraging a third party from attempting to acquire control of us. These provisions could make it more difficult for a third party to acquire us even if an acquisition might be in the best interest of our shareholders.

Table of Contents

USE OF PROCEEDS

We expect to receive net proceeds from this offering of approximately $2.43 billion (or approximately $2.80 billion if the underwriters exercise their over-allotment option in full), after deduction of underwriting discounts and commissions and estimated expenses payable by us.

Subject to consultation with our banking regulators, we will notify the U.S. Treasury of our intent to repurchase all of the 6,599,000 shares of our Series E Preferred Stock and the related warrant for 32,679,102 shares of our common stock issued to the U.S. Treasury under the CPP and, if permitted to do so, we expect to fund a portion of any such repurchase with the proceeds of this offering and the medium-term notes offering described above. The Series E Preferred Stock would be repurchased at its $1,000 per share liquidation preference, plus accrued and unpaid interest.

If we do not repurchase the Series E Preferred Stock and the related warrant, we may use the net proceeds of this offering and the medium-term notes offering for general corporate purposes and may contribute some portion of the net proceeds to the capital of our subsidiaries, which will use such amount for their general corporate purposes.

PRICE RANGE OF COMMON STOCK AND DIVIDENDS

Our common stock is listed and traded on the NYSE under the symbol USB. As of April 30, 2009, there were 1,758,762,596 shares of our common stock issued and outstanding. The following table sets forth for the periods indicated the high and low reported sales prices of our common stock on the NYSE, and the cash dividends declared per share.

First Quarter	$ 36.84	$ 34.40	$ .400

On May 11, 2009, the last reported sale price of our common stock on the NYSE was $18.50 per share.

Currently, our ability to declare or pay dividends on shares of our common stock is subject to certain restrictions in the event that we fail to pay or set aside full dividends on the Series E Preferred Stock for all past dividend periods. In addition, we must obtain regulatory approval to pay dividends on our common stock in excess of $0.425 per share. For the first quarter of 2009, our board of directors declared a dividend of $.05 per share of common stock, which is substantially lower than has been declared and paid in prior quarters. The purpose of this dividend reduction was to fortify our capital base by increasing common equity as a proportion of total capital, to ensure that we can withstand the challenges currently facing the banking industry while remaining positioned to take advantage of opportunities for growth, and to give our company the flexibility to redeem the investment of the U.S. Treasury in the company under the CPP. In the future, dividends on our common stock will be determined in light of our results of operations, financial condition, regulatory constraints and other factors deemed relevant by our board of directors. The Federal Reserve recently released a supervisory letter advising bank holding companies, among other things, that as a general matter a bank holding company should inform the Federal Reserve and should eliminate, defer or significantly reduce its dividends if (i) the bank holding company s net income available to shareholders for the past four quarters, net of dividends previously paid during that period, is not sufficient to fully fund the dividends, (ii) the bank holding company s prospective rate of earnings is not consistent with the bank holding company s capital needs and overall current and prospective financial condition, or (iii) the bank holding company will not meet, or is in danger of not meeting, its minimum regulatory capital adequacy ratios. Payments of dividends on our common stock may be subject to any preferential rights under any of our preferred stock that may be outstanding from time to time. See Description of Capital Stock.

DESCRIPTION OF CAPITAL STOCK

The following description summarizes the terms of our capital stock but does not purport to be complete, and it is qualified in its entirety by reference to the applicable provisions of federal law governing bank holding companies, Delaware law and our certificate of incorporation and bylaws. Our certificate of incorporation and bylaws are incorporated by reference as exhibits to our 2008 Annual Report filed with the SEC. See Where You Can Find More Information.

Common Stock

We are authorized to issue up to 4,000,000,000 shares of common stock, par value $.01 per share, and 50,000,000 shares of preferred stock, par value $1.00 per share. As of March 31, 2009, there were 1,972,643,007 shares of common stock issued (including 214,062,612 shares held in treasury). Our common stock is listed on the New York Stock Exchange under the symbol USB.

Voting and Other Rights. Each share of common stock is entitled to one vote per share, and, in general, a majority of votes cast with respect to a matter is sufficient to authorize action upon routine matters. Directors are elected by a majority of the votes cast, and shareholders do not have the right to cumulate their votes in the election of directors. For that reason, holders of a majority of the shares of common stock entitled to vote in any election of directors may elect all of the directors standing for election. In general, however:

- amendments to the certificate of incorporation are approved if the votes cast within a voting group favoring the action exceed the votes cast within the voting group opposing the action; and

- a merger or dissolution, or the sale of all or substantially all of its assets, must be approved by the affirmative vote of the holders of a majority of the voting power of the outstanding voting shares and the affirmative vote of the holders of a majority of the outstanding shares of each class entitled to vote on the matter as a class.

No Preemptive or Conversion Rights. Our common stock will not entitle its holders to any preemptive rights, redemption privileges, sinking fund privileges or conversion rights.

Assets upon Dissolution. In the event of liquidation, holders of common stock will receive proportionately any assets legally available for distribution to our shareholders with respect to shares held by them, subject to any prior rights of any of our preferred stock then outstanding.

Distributions. Holders of our common stock will be entitled to receive the dividends or distributions that our board of directors may declare out of funds legally available for these payments. The payment of distributions by us is subject to the restrictions of Delaware law applicable to the declaration of distributions by a corporation. Under Delaware law, a corporation may not pay a dividend out of net profits if the capital stock of the corporation is less than the stated amount of capital represented by the issued and outstanding stock of all classes having a preference upon the distribution of the corporation s assets. In addition, the payment of distributions to shareholders is subject to any prior rights of outstanding preferred stock.

As a bank holding company, our ability to pay distributions is affected by the ability of our banking subsidiaries to pay dividends. The ability of these banking subsidiaries, as well as us, to pay dividends in the future currently is, and could be further, influenced by bank regulatory requirements and capital guidelines.

Restrictions on Ownership. The Bank Holding Company Act of 1956 requires any bank holding company (as defined in that Act) to obtain the approval of the Federal Reserve Board prior to acquiring more than 5% of our outstanding common stock. Any person other than a bank holding company is required to obtain prior approval of the Board of Governors of the Federal Reserve System to acquire 10% or more of our outstanding common stock under the Change in Bank Control Act. Any holder of 25% or more of our outstanding common stock, other than an individual, is subject to regulation as a bank holding company under the Bank Holding Company Act.

Additional Anti-Takeover Provisions Contained in the Certificate of Incorporation and Bylaws

In addition to the ability to issue preferred stock as described below, our certificate of incorporation and bylaws contain additional provisions that may make it less likely that our management would be changed or that someone

would acquire voting control of us without our board of directors consent. Under our bylaws, our board of directors can supplement, amend or repeal the bylaws, subject to limitations under the Delaware General Corporation Law. Our shareholders also have the power to supplement, amend or repeal our bylaws at any annual or special meeting of the shareholders.

Preferred Stock

The board of directors is authorized to issue up to 50,000,000 shares of preferred stock in one or more series, to fix the number of shares in each series, and to determine the designations and preferences, limitations and relative rights of each series, including dividend rates, terms of redemption, liquidation preferences, sinking fund requirements, conversion rights, voting rights, and whether the preferred stock can be issued as a share dividend with respect to another class or series of shares, all without any vote or other action on the part of shareholders. This power is limited by applicable laws or regulations and may be delegated to a committee of our board of directors.

Series A Preferred Stock. In connection with the offering of the Normal ITS of the Trust, we entered into a stock purchase agreement with the Trust under which we agreed to issue and sell to the Trust 12,510 shares of our Series A Preferred Stock, $100,000 liquidation preference per share. When and if issued, shares of the Series A Preferred Stock will rank senior to our common stock, equally with shares of our Series B Preferred Stock, Series C Preferred Stock (when and if issued and outstanding), Series D Preferred Stock and Series E Preferred Stock, and at least equally with each other series of our preferred stock we may issue (except for any senior series that may be issued with the requisite consent of the holders of the Series A Preferred Stock), with respect to the payment of dividends and distributions of assets upon liquidation, dissolution or winding up. Holders of Series A Preferred Stock will not have preemptive or subscription rights.

The Series A Preferred Stock will not be convertible into, or exchangeable for, shares of any other class or series of stock or other securities of the Company. The Series A Preferred Stock has no stated maturity and will not be subject to any sinking fund or other obligation of ours to redeem or repurchase the Series A Preferred Stock.

Dividends. Series A Preferred Stock, when and if issued, will pay non-cumulative cash dividends only when, as and if declared by our board of directors. Any dividends on shares of Series A Preferred Stock will be calculated (a) if the Series A Preferred Stock is issued prior to April 15, 2011, at a rate per annum equal to 6.189% until April 15, 2011, payable semi-annually, and (b) thereafter, at a rate per annum that will be reset quarterly and will equal a rate determined by reference to three-month LIBOR with a minimum of 3.50%, payable quarterly. If we pay a partial dividend or skip a dividend payment on the Series A Preferred Stock at any time, we will be subject to certain restrictions.

Redemption. Subject to certain conditions (including but not limited to date restrictions, Federal Reserve approval and covenanting in favor of certain debt holders), the Series A Preferred Stock is redeemable at our option, in whole or in part, at a redemption price equal to $100,000 per share, plus any declared and unpaid dividends without regard to any undeclared dividends.

Voting Rights. Except as provided by applicable law, the holders of the Series A Preferred Stock will have no voting rights and will not be entitled to elect any directors.

Series B Preferred Stock. As of March 31, 2009, there were 40,000 shares of Series B Preferred Stock issued and outstanding. Shares of the Series B Preferred Stock rank senior to our common stock, equally with shares of our Series A Preferred Stock (if and when issued and outstanding), Series C Preferred Stock (if an when issued and outstanding), Series D Preferred Stock and Series E Preferred Stock, and at least equally with each other series of our preferred stock we may issue (except for any senior series that may be issued with the requisite consent of the holders

of the Series B Preferred Stock), with respect to the payment of dividends and distributions of assets upon liquidation, dissolution or winding up. Holders of Series B Preferred Stock will not have preemptive or subscription rights.

The Series B Preferred Stock will not be convertible into, or exchangeable for, shares of any other class or series of stock or other securities of the Company. The Series B Preferred Stock has no stated maturity and will not be subject to any sinking fund or other obligation of ours to redeem or repurchase the Series B Preferred Stock.

Dividends. Holders of Series B Preferred Stock will be entitled to receive, when, as and if declared by our board of directors or a duly authorized committee of the board of directors, out of assets legally available for the payment of dividends under Delaware law, non-cumulative cash dividends. These dividends will accrue, with respect to each dividend period, on the liquidation preference amount of $25,000 per share at a rate per annum determined by reference to three-month LIBOR with a minimum of 3.50%, payable quarterly. Dividends on shares of Series B Preferred Stock will not be cumulative. If we pay a partial dividend or skip a dividend payment on the Series B Preferred Stock at any time, we will be subject to certain restrictions.

Redemption. The Series B Preferred Stock is not redeemable prior to April 15, 2011. On and after that date, the Series B Preferred Stock will be redeemable at our option (subject to prior approval of the Federal Reserve and the terms of the applicable Replacement Capital Covenant), in whole or in part, at a redemption price equal to $25,000 per share, plus any declared and unpaid dividends, without accumulation of any undeclared dividends.

Voting Rights. Except as provided below, the holders of the Series B Preferred Stock will have no voting rights.

Whenever dividends on any shares of the Series B Preferred Stock or any other class or series of preferred stock that ranks on parity with the Series B Preferred Stock (which includes the Series A Preferred Stock (if and when issued and outstanding), the Series D Preferred Stock and the Series E Preferred Stock) as to payment of dividends, and upon which similar voting rights have been conferred and are exercisable, shall have not been declared and paid for an amount equal to six or more dividend payments, whether or not for consecutive dividend periods, the number of directors on our board of directors shall automatically increase by two and the holders of shares of Series D Preferred Stock, together with the holders of all other affected classes and series of parity stock, voting as a single class, shall be entitled to elect the two additional directors. These voting rights will continue until full dividends have been paid regularly on the shares of the Series B Preferred Stock and any other class or series of parity stock as to payment of dividends for at least four dividend periods.

So long as any shares of Series B Preferred Stock remain outstanding, the vote or consent of the holders of at least 662/3% of the shares of Series B Preferred Stock shall be necessary to (i) issue, authorize or increase the authorized amount of, or to issue or authorize any obligation or security convertible into or evidencing the right to purchase, any class or series of stock ranking senior to the Series B Preferred Stock and all other parity stock with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up of the Company; or (ii) to amend our certificate of incorporation or the Certificate of Designations of the Series B Preferred Stock or any other series of preferred stock so as to materially and adversely affect the powers, preferences, privileges or rights of the Series B Preferred Stock, taken as a whole.

Series C Preferred Stock. Pursuant to the terms of the USB Realty Preferred Securities, if the Office of the Comptroller of the Currency so directs upon the occurrence of certain exchange events, each outstanding USB Realty Preferred Security will be exchanged for one share of our Series C Preferred Stock, $100,000 liquidation preference per share. When and if issued, shares of the Series C Preferred Stock will rank senior to our common stock, equally with shares of our Series A Preferred Stock (when and if issued and outstanding), Series B Preferred Stock, Series D Preferred Stock and Series E Preferred Stock, and at least equally with each other series of our preferred stock we may issue (except for any senior series that may be issued with the requisite consent of the holders of the Series C Preferred Stock), with respect to the payment of dividends and distributions of assets upon liquidation, dissolution or winding up. Holders of Series C Preferred Stock will not have preemptive or subscription rights.

The Series C Preferred Stock will not be convertible into, or exchangeable for, shares of any other class or series of stock or other securities of the Company. The Series C Preferred Stock has no stated maturity and will not be subject to any sinking fund or other obligation of ours to redeem or repurchase the Series C Preferred Stock.

Dividends. Series C Preferred Stock, when and if issued, will pay non-cumulative cash dividends only when, as and if declared by our board of directors. Any dividends on shares of Series C Preferred Stock will be calculated (a) if the Series C Preferred Stock is issued prior to January 15, 2012, at a rate per annum equal to 6.091% until January 15, 2012, payable quarterly and (b) thereafter, reset quarterly at a rate per annum equal to three-month

The Board also approved certain actions by unanimous written consent.

Annual Meeting Attendance

It is the Company's policy that Directors should make every effort to attend the annual meeting of stockholders. In 2004, a family emergency prevented physical attendance by Mr. Woodcock. Mr. Woodcock, instead participated by telephone.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics that applies to all of our Directors, officers and employees, including our principal executive officer, principal financial officer and principal accounting officer. A copy of the Company's Code of Business Conduct and Ethics is included as Appendix C to this Proxy Statement and is available on our website at http://www.tetonpetroleum.com. We will post on our website any amendment to the Company's Code of Business Conduct and Ethics or waivers of the Company's Code of Business Conduct and Ethics for directors and executive officers.

Complaints Regarding Accounting Matters

The Audit Committee has established procedures for (i) the receipt, retention and treatment of complaints regarding accounting, internal accounting controls, or auditing matters ("accounting matters"), and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

Communications with Directors

The Board has approved procedures for stockholders to send communications to individual Directors or the non-employee Directors as a group.

Written correspondence should be addressed to the Director or Directors in care of Secretary of the Company at the Company's primary address. All correspondence will be forwarded directly to the intended recipient.

BOARD COMMITTEES

The Board has standing Audit, Compensation, and Governance and Nominating committees. Each committee has a written charter. The charters are included as appendices to this Proxy Statement and available on the Company's website at http://www.tetonpetroleum.com. Information concerning the membership and function of each committee is as follows:

Board Committee Membership

Name	Audit Committee	Compensation Committee	Governance and Nominating Committee

Mr. Connor	X[1]		
Mr. Conroy	X	X	X[1]
Mr. Cooper			
Mr. Woodcock	X	X[1]	X

(1) Chairman.

Audit Committee

The Audit Committee is responsible for determining the adequacy of the Company's internal accounting and financial controls, reviewing the results of the audit of the Company performed by the independent public accountants, and recommending the selection of independent public accountants. The functions of the Audit Committee and its activities during 2004 are described in more detail under "Report of the Audit Committee" on page 18 as well as in the Committee's charter included as Appendix A to this Proxy Statement. During the year, the Board examined the composition of the Audit Committee in light of the adoption by the AMEX of new listing standards governing audit committees. Based upon this examination, the Board has determined that each of the members of the Audit Committee is unrelated, is an outside member with no other current affiliation with the Company, and is independent as defined by AMEX listing standards. The Board has determined that Mr. John Connor is an "audit committee financial expert" as that term is defined by the SEC and AMEX, and is "independent" from the Company's management as that term is defined in Item 7(d)(3)(iv) of Regulation 14A promulgated under the 1934 Act. During 2004, the Audit Committee held three meetings by teleconference.

During the year, the Board examined the composition of the Audit Committee in light of the adoption by AMEX of new listing standards governing audit committees. Based upon this examination, the Board has determined that Mr. Connor and Mr. Woodcock are unrelated, are outside members with no other current affiliation with the Company, and are independent as defined by AMEX listing standards. Mr. Conroy was appointed to the Audit Committee in June 2004 as the third member of the Committee pursuant to the Board's determination that he does not have a material relationship with the Company that would interfere with the exercise of his independent judgment. As previously noted the Board believes that notwithstanding Mr. Conroy's tenure as interim CFO for the Company in 2002 and part of 2003, he nevertheless qualifies as independent under the applicable AMEX listing standards, because he did not meet the test of having an material relationship with the Company that would interfere with the exercise of his independent judgment.

Compensation Committee

The Compensation Committee determines matters pertaining to the compensation of certain executive officers of the Company and administers the Company's stock option and incentive compensation. During 2004, the Compensation Committee held three meetings by teleconference. The Committee's report starts on page 16. The Committee's charter is included as Appendix B to this Proxy Statement.

Governance and Nominating Committee

The Board has established a Governance and Nominating Committee for purposes of nominating Directors and for all other purposes outlined in the Governance and Nominating Committee charter, including nominees submitted to the Board by stockholders. The Board has determined that each of the members of the Governance and Nominating Committee is unrelated, is an outside member with no other affiliation with the Company, and is independent as defined by the AMEX listing standards. The Committee's charter is included as Appendix E to this Proxy Statement.

Nomination of Directors

As provided in the Governance and Nominating Committee's charter and our Company's corporate governance principles, the Governance and Nominating Committee is responsible for identifying individuals qualified to become Directors. The Governance and Nominating Committee seeks to identify director candidates based on input provided by a number of sources, including (1) the Governance and Nominating Committee members, (2) our other Directors, (3) our stockholders, (4) our Chief Executive Officer or Chairman, and (5) third parties such as professional search firms. In evaluating potential candidates for director, the Governance and Nominating Committee considers the entirety of each candidate's credentials.

Qualifications for consideration as a director nominee may vary according to the particular areas of expertise being sought as a complement to the existing composition of the Board. However, at a minimum, candidates for director must possess:

- high personal and professional ethics and integrity;
- the ability to exercise sound judgment;
- the ability to make independent analytical inquiries;
- a willingness and ability to devote adequate time and resources to diligently perform Board and committee duties; and
- the appropriate and relevant business experience and acumen.

In addition to these minimum qualifications, the Governance and Nominating Committee also takes into account when considering whether to nominate a potential director candidate the following factors:

6

- whether the person possesses specific industry expertise and familiarity with general issues affecting our business;

- whether the person's nomination and election would enable the Board to have a member that qualifies as an "audit committee financial expert" as such term is defined by the Securities and Exchange Commission (the "SEC");

- whether the person would qualify as an "independent" director under the rules of the SEC and AMEX listing standards;

- the importance of continuity of the existing composition of the Board to provide long-term stability and experienced oversight; and

- the importance of diversified Board membership, in terms of both the individuals involved and their various experiences and areas of expertise.

The Governance and Nominating Committee will consider director candidates recommended by stockholders provided such recommendations are submitted in accordance with the procedures set forth below. In order to provide for an orderly and informed review and selection process for director candidates, the Board has determined that stockholders who wish to recommend director candidates for consideration by the Governance and Nominating Committee must comply with the following:

- the recommendation must be made in writing to the attention of the Company's Corporate Secretary, Patrick A. Quinn;

- the recommendation must include the candidate's name, home and business contact information, detailed biographical data and qualifications, information regarding any relationships between the candidate and the Company within the last three years and evidence of the recommending person's ownership of the Company's Common Stock;

- the recommendation shall also contain a statement from the recommending stockholder in support of the candidate; professional references, particularly within the context of those relevant to Board membership, including issues of character, judgment, diversity, age, independence, expertise, corporate experience, length of service, other commitments; and personal references; and

- a statement from the stockholder nominee indicating that such nominee wants to serve on the Board and could be considered independent under SEC rules and AMEX listing standards, as in effect at that time.

All candidates submitted by stockholders will be evaluated by the Governance and Nominating Committee according to the criteria discussed above and in the same manner as all other director candidates.

Options/SARs Grants During Last Fiscal Year

The following table provides information related to options granted to our named executive officers during the fiscal year ended December 31, 2004.

Name	Number of Securities Underlying Options Granted	% of Total Options Granted in Fiscal 2004 (1)	Exercise Price Per Share	Expiration Date	Grant Date Present Value (2)
Howard Cooper	400,000	28.3%	$ 3.60	03/30/14	$ 992,000
Karl F. Arleth	300,000	21.2%	$ 3.60	03/30/14	$ 744,000

(1) The exercise price of the stock options was based on the fair market value of the stock on the day of the grant.
(2) Valued using the Black-Scholes option pricing model using the following assumptions: volatility of 55%, a risk-free rate of 4.06%, zero dividend payments, and an expected life of ten years.

The Board issued the options in 2004 with the understanding that they would seek shareholder approval as to the ultimate number of options that can be issued. Accordingly, 994,000 of the options representing approximately $2,500,000 of the fair value of the total options granted could be voided if the shareholders do not approve an increase in the number of authorized shares available for issuance under the 2003 Employee Stock option plan.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the 1934 Act requires that the Company's Directors and certain of its officers file reports of ownership and changes of ownership of the Company common stock with the SEC and AMEX. Based solely on copies of such reports provided to the Company, the Company believes that all Directors and officers filed on a timely basis all such reports required of them with respect to stock ownership and changes in ownership during 2004 except that Messrs. Arleth, Conroy, Connor, Cooper and Woodcock were late in reporting the grant of stock options under the 2003 Employee Stock Option Plan.

Executive Employment Agreements

Mr. Howard Cooper, Director, signed a consulting agreement with the Company dated March 1, 2005. The consulting agreement is for an initial term of one year and will continue for additional one year terms unless 60 days prior to the anniversary date either party gives notice of termination. Mr. Cooper will receive bi-monthly payments of $8,333 each. Under the terms of the agreement, if Mr. Cooper is terminated without cause, he is entitled to 12 months of severance pay, payable in bi-monthly installments over 12 months, from the date of termination. The Company may

discontinue the severance payments if Mr. Cooper violates the confidentiality, noncompetition, or nonsolicitation provisions of his employment agreement.

Mr. Arleth, President and Chief Executive Officer, signed an employment agreement on May 1, 2003. The agreement is for a three-year term, with an initial salary of $10,000 per month that was increased to $15,000 per month beginning in January 2004. Under the terms of the agreement, Mr. Arleth is entitled to 24 months severance pay in the event of a change of position or control of the Company.

COMPENSATION COMMITTEE REPORT

The Report of the Compensation Committee (the "Compensation Report") does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the 1934 Act, except to the extent the Company specifically incorporates this Compensation Report by reference therein.

The Company's executive compensation program is designed to attract, retain and motivate executive officers capable of leading the Company to meet its business objectives, to align the interests of executive management with those of the stockholders, and to provide incentives and reward both short and long term performance based on the success of the Company in meeting its development milestones and business objectives. The Compensation Committee places a particular emphasis on variable, performance based components, such as the bonus potential and stock option awards, the value of which could increase or decrease to reflect changes in corporate and individual performance.

Components of Compensation

Each executive officer's compensation package is generally comprised of the following elements: (1) a base salary which is established at levels considered appropriate for the duties and scope of responsibilities of each officer's position; (2) a performance-based annual bonus; and (3) periodic grants of stock options to strengthen the mutuality of interests between the executive officers and the Company's stockholders. Executive officers are also eligible to participate in compensation and employee benefits generally available to all employees of the Company.

The Compensation Committee believes that this approach best serves the interests of the Company and its stockholders. It enables the Company to meet the requirements of the highly competitive environment in which the Company operates while ensuring that executive officers are compensated in a way that advances both the short and long term interests of stockholders. Under this approach, compensation for these officers involves a high proportion of pay that is "at risk," namely, the annual bonus and stock options. The variable annual bonus is also based, in significant part, on Company performance. Stock options relate a significant portion of long term remuneration directly to stock price appreciation realized by all of the Company's stockholders.

Base Salary

Base salaries for executive officers are set at levels believed by the Committee to be sufficient to attract and retain qualified executive officers based on the stage of development of the Company, the salary levels in effect for comparable positions in similarly situated companies within relevant industries, and internal comparability considerations. Base salaries for the Company's executive officers other than the Chief Executive Officer, as well as changes in such salaries, are based upon recommendations by the Chief Executive Officer, taking into account such factors as competitive industry salaries, a subjective assessment of the nature of the position and the contribution and experience of the officer and the length of the officer's service. All such recommendations are subject to approval or disapproval by the Compensation Committee. Other than provisions provided for in employment agreements, changes in base salaries of executives are based on an evaluation of the personal performance of the executive, prevailing market practices, and the performance of the Company as a whole. In determining base salaries, the Committee not only considers the short term performance of the Company, but also the success of the executive officers in developing and executing the Company's strategic plans, developing management employees and exercising leadership in the development of the Company.

Cash-Based Incentive Bonus

The Committee believes that a portion of the total cash compensation for executive officers should be based on the Company's success in meeting its short term performance objectives and contributions by the executive officers that

enable the Company to meet its long term objectives, and has structured the executive compensation program to reflect this philosophy. This approach creates a direct incentive for executive officers to achieve desired short-term corporate goals that also further the long-term objectives of the Company, and places a significant portion of each executive officer's annual compensation at risk.

Stock Options

The Compensation Committee believes that equity participation is a key component of the Company's executive compensation program. Stock options are awarded by the Committee to executive officers primarily based on potential contributions to the Company's growth and development and marketplace practices. These awards are designed to retain executive officers and to motivate them to enhance stockholder value by aligning the financial interests of executive officers with those of stockholders. Stock options provide an effective incentive for management to create stockholder value over the long term because the full benefits of the option grants cannot be realized unless an appreciation in the price of the Company's Common Stock occurs over a number of years.

Variable Bonus

The Committee may award annual or interim special bonuses in the form of cash, stock options, or restricted stock to executive management and employees for achieving certain milestones, progress made in the staff and organizational development of the Company, and advances in the market acceptance and commercialization of the Company's technology.

CEO Compensation

With the framework described above, the Committee determines the salary and bonus of the Chief Executive Officer based on his leadership, the execution of business plans, and strategic results. The complexity of the business and his experience are also key factors. The Committee has used the following metrics to determine the CEO's compensation: the historical complexity of the Company's international operations, the experience that the CEO brings to the Company and its business, the CEO's ability to continuously improve the Company's results, and the CEO's ability to evaluate and execute on acquisitions that will enable the Company to grow its asset base in the near term. The Committee does not use narrow, quantitative measures or formulas in determining the CEO's compensation. The Committee meets annually to establish operational and financial goals and objectives for the CEO and throughout the year regularly meets in executive sessions and with the CEO to review performance against those objectives. A final meeting of the Compensation Committee as well as with the entire Board is held at the end of each fiscal year to measure results of the prior year as well as to set objectives and establish compensation benchmarks for the subsequent year. Beginning in 2005, annual performance reviews will be held during the first quarter of the year following the close of the previous calendar year.

AUDIT COMMITTEE REPORT

The following Report of the Audit Committee (the "Audit Report") does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Audit Report by reference therein.

Role of the Audit Committee

The Audit Committee's primary responsibilities fall into three broad categories:

First, the Committee is charged with monitoring the preparation of quarterly and annual financial reports by the Company's management, including discussions with management and the Company's outside auditors about draft annual financial statements and key accounting and reporting matters;

Second, the Committee is responsible for matters concerning the relationship between the Company and its outside auditors, including recommending their appointment or removal; reviewing the scope of their audit services and related fees, as well as any other services being provided to the Company; and determining whether the outside auditors are independent (based in part on the annual letter provided to the Company pursuant to *Independence Standards Board Standard No.* 1); and

Third, the Committee reviews financial reporting, policies, procedures, and internal controls of the Company.

The Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under the Committee's charter. In overseeing the preparation of the Company's financial statements, the Committee met with management and the Company's outside auditors, including meetings with the Company's outside auditors without management present, to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the Committee discussed the statements with both management and the outside auditors. The Committee's review included discussion with the outside auditors of matters required to be discussed pursuant to *Statement on Auditing Standards No. 61 (Communication With Audit Committees*).

With respect to the Company's outside auditors, the Committee, among other things, discussed with Ehrhardt Keefe Steiner & Hottman PC matters relating to its independence, including the disclosures made to the Committee as required by the *Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees*).

Recommendations of the Audit Committee. In reliance on the reviews and discussions referred to above, the Committee recommended to the Board that the Board approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the SEC.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

PROPOSAL NO. 2

Ehrhardt Keefe Steiner & Hottman PC has served as the Company's independent auditors since December 1999 and has been appointed by the Audit Committee to continue as the Company's independent auditors for the fiscal year ending December 31, 2005. In the event that ratification of this selection of auditors is not approved by a majority of the shares of Common Stock voting at the Annual Meeting in person or by proxy, the Board will reconsider its selection of auditors. Ehrhardt Keefe Steiner & Hottman PC has no interest, financial or otherwise, in the Company.

A representative of Ehrhardt Keefe Steiner & Hottman PC is expected to be present at the Annual Meeting. The auditors will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

The proxy holders intend to vote the shares represented by proxies to ratify the Board's selection of Ehrhardt Keefe Steiner & Hottman PC as the Company's independent auditors for the fiscal year ending December 31, 2005.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

The Audit Committee pre-approves all audit and non-audit services provided by the independent auditors prior to the engagement of the independent auditors with respect to such services. The Chairman of the Audit Committee has been delegated the authority by the Committee to pre-approve interim services by the independent auditors other than the annual audit. The Chairman must report all such pre-approvals to the entire Audit Committee at the next Committee meeting.

Approval of this proposal requires the affirmative vote of the majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting.

THE BOARD RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF EHRHARDT KEEFE STEINER & HOTTMAN PC AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2005.

RATIFICATION OF CHANGE IN COMPANY'S NAME

PROPOSAL NO. 3

In response to the Company's diversification from a producer solely of oil into a concern focused on both oil and gas, the Company believes the name Teton Petroleum Company may be seen as too limiting to the markets in which it operates as well as to the public at large. In order to reflect this change, the Company is proposing to amend its certificate of incorporation to change its name to Teton Energy Corporation.

This change will not affect the rights of the holders of any of our equity securities. The rights, privileges, and preferences of our shareholders will remain the same as they were before the amendment. Certificates for shares issued by Teton Petroleum Company will represent the same number of shares in Teton Energy Corporation. The Company will issue certificates in our new name as old certificates are submitted for transfer or as new shares are authorized for issuance. However, there is no requirement for shareholders to submit their old certificates for re-issuance in the new corporate name.

To effect the corporate name change we must file a Certificate of Amendment to our Amended and Restated Certificate of Incorporation, as amended, to insert the name "Teton Energy Corporation" in lieu of Teton Petroleum Company. If the amendment to change our corporate name is approved by our stockholders we would expect to file the Certificate of Amendment to effect the corporate name change with the Secretary of State of the State of Delaware as soon as practicable. The name change will become effective upon the filing of the Certificate of Amendment with the Secretary of State of the State of Delaware. All outstanding plans, such as our option plans, whether previously approved or approved at the 2005 Annual Meeting, will be renamed to reflect the Company's new name.

A copy of the proposed amendment to the certificate of incorporation is attached as Appendix F to this Proxy Statement.

Approval of this proposal requires the affirmative vote of the majority of the outstanding stock entitled to vote thereon.

THE BOARD OF DIRECTORS HAS APPROVED THE AMENDMENT TO THE CERTIFICATE OF INCORPORATION, DEEMING IT ADVISABLE AND IN THE BEST INTERESTS OF THE COMPANY AND DIRECTED THAT THE AMENDMENT BE CONSIDERED AT THE ANNUAL MEETING. THE COMPANY'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF THE AMENDMENT TO THE CERTIFICATE OF INCORPORATION CHANGING OUR CORPORATE NAME FROM TETON PETROLEUM COMPANY TO TETON ENERGY CORPORATION.

APPROVAL OF AN INCREASE IN THE NUMBER OF AUTHORIZED SHARES AVAILABLE FOR ISSUANCE UNDER THE 2003 EMPLOYEE STOCK COMPENSATION PLAN

PROPOSAL NO. 4

We are asking stockholders to approve an amendment to the Teton Petroleum Company 2003 Employee Stock Option Plan (the "2003 Plan") to increase the number of shares of Common Stock that are authorized and reserved for issuance under the 2003 Plan by 916,667 shares (from 2,083,333 shares to 3,000,000 shares).

The primary purpose of the 2003 Option Plan is to attract and retain the best available personnel for the Company in order to promote the success of the Company's business and to facilitate the ownership of the Company's stock by employees. Under the 2003 Option Plan, options may be granted to key employees, officers, directors or consultants of the Company, as provided in the 2003 Option Plan.

Under the Plan, options may be granted which are intended to qualify as Incentive Stock Options ("ISOs") under Section 422 of the Internal Revenue Code of 1986 (the "Code") or which are not ("Non-ISOs") intended to qualify as Incentive Stock Options thereunder. The 2003 Option Plan and the right of participants to make purchases thereunder are intended to qualify as an "employee stock purchase plan" under Section 423 of the Internal Revenue Code of 1986, as amended (the "Code"). The 2003 Option Plan is not a qualified deferred compensation plan under Section 401(a) of the Internal Revenue Code and is not subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Under the Plan, options may be granted which are intended to qualify as Incentive Stock Options ("ISOs") under Section 422 of the Internal Revenue Code of 1986 (the "Code") or which are not ("Non-ISOs") intended to qualify as Incentive Stock Options thereunder. The 2003 Option Plan and the right of participants to make purchases thereunder are intended to qualify as an "employee stock purchase plan" under Section 423 of the Internal Revenue Code of 1986, as amended (the "Code"). The 2003 Option Plan is not a qualified deferred compensation plan under Section 401(a) of the Internal Revenue Code and is not subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The 2003 Plan was approved by the Company's stockholders on March 19, 2003. As adopted, the 2003 Plan called for the reservation of 25,000,000 shares for issuance thereunder. At the same annual meeting at which the 2003 Plan was adopted, the Company's shareholders also approved a 1:12 reverse split. Although the Board of Directors believed that a reasonable interpretation of both actions indicated that since the 2003 Plan was adopted at the same shareholders meeting as the reverse split and further since there were no shares of the 2003 plan technically outstanding at the time of the reverse split's approval, no adjustment needed to be made to the plan, it nevertheless elected to take a conservative approach and considered the number of shares outstanding for purposes of the 2003 Plan to similarly be reversed, thus resulting in only 2,083,333 shares being available under the 2003 Plan.

The Board of Directors amended the 2003 Plan on May 11, 2004, subject to shareholder approval, to increase the maximum number of shares available under the plan to 3,000,000. The 2003 Plan currently provides, under the Board's interpretation, for 2,083,333 to be available under the plan. The Board of Directors has approved, and recommends to the stockholders that they approve, an amendment to the 2003 Plan to increase the number of shares of common stock available for issuance pursuant to the 2003 Plan by 916,667 shares so that an aggregate of 3,000,000 shares of common stock may be issued pursuant to the 2003 Plan and to effectively ratify the issuance of additional options to qualified persons in 2004, which options were issued subject to shareholder approval. The Company's management relies on options to purchase its common stock as essential parts of the compensation packages necessary for the Company to attract and retain experienced officers, directors, and employees. The Board of Directors of the Company believes that the proposed increase in the number of shares available under the 2003 Plan is essential to permit the Company to continue to provide long-term, equity-based incentives to present and future key employees.

The 2003 Plan expires by its terms no later than March 19, 2013. However, it will terminate immediately following stockholder approval of the 2005 Long Term Incentive Plan. See Proposal 5 below; provided, however, that all outstanding and approved options will remain in force until they are exercised or expire pursuant to the terms of the 2003 Plan. As of April 15, 2005, an aggregate of 2,968,037 shares of common stock were issued under the 2003 Plan, net of options cancelled, including 884,704 options that were issued subject to receiving shareholder approval to increase the number of authorized shares under the 2003 Plan.

The following table presents information regarding the options that were prospectively issued subject to shareholder approval:

24

Name & Position		Dollar Value of Grant	Number of Options Granted
Arleth, Karl F.	$	676,406	272,223
Connor, John T.	$	186,356	75,000
Conroy, Thomas F.	$	186,356	75,000
Cooper, H. Howard	$	924,881	372,223
Woodcock, James C.	$	496,950	200,000

The full text of the 2003 Stock Plan is attached as Appendix H.

Approval of this proposal requires the affirmative vote of the majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting.

THE BOARD RECOMMENDS A VOTE FOR APPROVAL OF
THE AMENDMENT TO THE 2003 EMPLOYEE STOCK OPTION PLAN

APPROVAL OF THE 2005 LONG TERM INCENTIVE PLAN

PROPOSAL NO. 5

At the Annual Meeting, the Company's stockholders are being asked to approve the Teton Petroleum 2005 Long Term Incentive Plan ("2005 Long Term Incentive Plan") to replace the 2003 Plan and the 2004 Non-Employee Compensation Plan (the "2004 Plan"). The Board has unanimously approved the 2005 Long Term Incentive Plan and has directed that it be submitted for the approval of the stockholders at the annual meeting. The 2005 Long Term Incentive Plan will become effective on the date of stockholder approval (the "Effective Date"). The 2003 Plan and the 2004 Plan will each terminate immediately after stockholders approve the 2005 Long Term Incentive Plan.

The following description of the 2005 Long Term Incentive Plan is only a summary of the important provisions of the 2005 Long Term Incentive Plan and does not contain all of the terms and conditions of the 2005 Long Term Incentive Plan. The full text of the 2005 Long Term Incentive Plan is attached as Appendix G.

What is the Purpose of the 2005 Long Term Incentive Plan?

Stock-based compensation, also called equity incentives, is a critical component of our compensation program. Our ability to attract and retain qualified, high-performing employees is vital to our success as a company. Our equity compensation programs have historically been and continue to be designed to attract and retain these employees, many of whom view equity incentives as a key component of their compensation. Stock-based compensation encourages and rewards employee performance and links it to shareholder value. We believe that such flexibility is all-the-more important since the Company has shifted its focus from Russia into North America, where competition for highly qualified employees in the oil and gas industry is especially competitive. We believe that the 2005 Long Term Incentive Plan will provide us with the flexibility to offer a variety of competitive stock-based compensation. In addition, stock-based compensation will also help us retain consultants, professionals, and service providers who provide services to the Company in connection with, among other things, the Company's obligations as a publicly held reporting company. Furthermore, we expect to benefit from the added interest that the non-affiliated Awardees will have in our welfare as a result of their ownership or increased ownership of our Common Stock.

The Board of Directors has adopted, and is submitting to shareholders for approval, the 2005 Long Term Incentive Plan.

Background

Because the Board of Directors believes that the fundamental objective of a long term incentive compensation program is the alignment of management and shareholder interests, the Board of Directors has designed the 2005 Long Term Incentive Plan to focus management on the long-term interests of the Company's shareholders and align management's interests with shareholders. The 2005 Long Term Incentive Plan allows for several forms of awards based on the value of Common Stock and for the utilization of performance based vesting targets that measure operational and financial performance improvements relevant to shareholder value. Key points include:

- **Emphasis on Performance Based Awards.** The Committee intends to direct the greatest portion of awards to vest solely on the basis of performance targets. The most senior executive group of executives will receive 60% of the value of their awards in the form of performance share units subject to three-year performance targets. A performance share unit is equal in value to a share of Common Stock. Between 20 and 25% of the value of awards to other executives and employees will consist of performance share units.

- **Discounted stock option and stock appreciation rights and re-pricing prohibited.** The 2005 Long Term Incentive Plan prohibits stock appreciation rights or stock option awards with an exercise price less than fair market value of Common Stock on the date of grant. The 2005 Long Term Incentive Plan also prohibits re-pricing such awards or the

cancellation of such awards in exchange for new awards with a lower exercise price, except in the event of stock splits and certain other capital transactions.

Inclusion of minimum vesting provisions. The 2005 Long Term Incentive Plan generally provides for a minimum three-year vesting schedule for stock appreciation rights and stock options. Additionally, awards contingent upon performance-based vesting will also generally be subject to a three-year performance measurement period. No more than 60% of awards may be subject to less than a three-year vesting period.

- **Plan Term.** The 2005 Plan will expire on the fifth anniversary of the shareholder approval date.

- **Shares terminated under prior plans will not increase plan reserve.** Shares subject to awards under previous plans that are cancelled, forfeited, or expired will not be available for re-grant in the 2005 Long Term Incentive Plan. There will be no transfer of unused shares reserved for other plans into the 2005 Long Term Incentive Plan share reserve. Upon approval of the 2005 Long Term Incentive Plan, Teton will not grant any new awards under existing equity compensation plans.

- **Shares surrendered to pay taxes or exercise price for stock options will not increase the plan reserve.** Shares tendered to Teton for taxes or to pay the exercise price will not provide Teton with additional shares for the 2005 Long Term Incentive Plan.

- **Stock appreciation rights settled in shares will not be counted on a net basis.** Each stock settled stock appreciation right will count as a full share against the 2005 Long Term Incentive Plan share reserve limit rather than the net gain realized upon exercise.

Description of the Plan
The text of the 2005 Long Term Incentive Plan is attached hereto as Appendix G and is hereby incorporated by reference. The following summary of key provisions of the 2005 Long Term Incentive Plan is qualified in its entirety by reference to the attached 2005 Long Term Incentive Plan document.

Purpose of the Plan
The purpose of the 2005 Long Term Incentive Plan is to align shareholder and management interests through stock and performance-based awards linked to shareholder value and to give Teton a competitive advantage in attracting and retaining key employees and directors.

Eligibility and Participation
Executives, employees, directors and certain consultants of Teton, its subsidiaries and affiliates will be eligible to participate in the 2005 Long Term Incentive Plan, as determined by the Committee. Upon approval of the 2005 Long Term Incentive Plan by shareholders, Teton will not grant any new awards under the 2003 Plan or the 2004 Plan.

Administration of the Plan
The 2005 Long Term Incentive Plan will be administered by the Committee, composed exclusively of independent non-employee directors in accordance with American Stock Exchange listing requirements. The Committee will have full authority to administer the 2005 Long Term Incentive Plan, including, without limitation, the authority to determine who will receive awards, to establish the specific terms that will govern awards as will be set forth in individual award agreements, to interpret awards and 2005 Long Term Incentive Plan provisions, to revoke awards in the event of serious misconduct and to amend the Plan and outstanding awards subject to certain limitations set forth in the Plan document. The Committee may delegate authority to officers of Teton, provided however, that it may not delegate authority with respect to executives who are reporting persons under Section 16 of the Securities Exchange Act of 1934. The Committee's authority to amend existing awards is restricted in the event of a change in control. The Board's Governance and Nominating Committee will authorize awards to non-employee directors.

Shares Reserved for Plan Awards
There shall be reserved and available for issuance under the Plan (a) for the first Plan Year, that number of shares equal to 20% of the total number of shares of Common Stock outstanding as of the Effective Date and (b) for each subsequent Plan Year, (i) that number of shares equal to 10% of the total number of shares of Common Stock outstanding as of the first day of each respective Plan Year, plus (ii) that number of shares of Common Stock reserved and available for issuance but unissued during any prior Plan Year during the Term of the Plan; provided, however, in

no event shall the number of shares of Common Stock available for issuance under the Plan as of the beginning of any Plan Year plus the number of shares of Common Stock reserved for outstanding awards under the Plan exceed 35% percent of the total number of shares of Common Stock outstanding at that time, based on a three-year period of grants. Such shares may consist in whole or in part of authorized and unissued shares or treasury shares or any combination thereof.

Individual Award Limits

The number of shares subject to awards of (i) Stock Options, (ii) Stock appreciation rights or (iii) Stock bonus awards made to any individual in any Plan Year may not exceed 20% of the shares of Stock reserved and available for issuance in such Plan Year. Except as otherwise provided herein, any shares subject to an option or right which for any reason expires or is terminated unexercised as to such shares shall again be available under the Plan.

Stock Appreciation Rights and Stock Options
The 2005 Long Term Incentive Plan provides for awards of stock appreciation rights, non-qualified stock options and incentive stock options intended to comply with Section 422 of the Internal Revenue Code. The Committee intends to utilize stock appreciation rights for regular cycle awards if tax-efficient, or, alternatively, will use non-qualified stock option awards. The 2005 Long Term Incentive Plan specifically prohibits stock appreciation rights and stock options with an exercise price less than the fair market value of Common Stock on the date of grant, the re-pricing of stock appreciation and stock option awards or the cancellation of such awards in exchange for new awards with a lower exercise price unless approved by the Company's shareholders except in the event of a stock split or certain other capital transactions.

A stock appreciation right entitles the holder to receive shares of Common Stock or cash equal in value to the difference between the fair market value of Common Stock on the exercise date and the value of Common Stock on the grant date. Stock appreciation rights and stock options will have a maximum term of 10 years. Generally, options will be subject to a minimum three-year vesting schedule. In limited circumstances, the Committee can provide grants with a vesting schedule of less than three years; however, no more than60% of the pool of shares can be used for awards to executives and directors that have a vesting period of less than three years. Upon retirement, however, stock appreciation rights and stock options will become exercisable if the recipient has held them for at least one year. Exercisable stock appreciation and stock option awards may be exercised for a period of 90 days following termination, or until expiration of their term following termination after age 55. In cases of long-term disability, awards are not forfeited and will remain outstanding and become exercisable as scheduled during the period of disability. All outstanding stock appreciation right and stock option awards will become exercisable for a period of three years in the event of the death of the participant.

Restricted Stock and Restricted Stock Unit Awards
A restricted stock award is an award of shares of Common Stock subject to a restriction on transferability. The restriction on transferability will lapse following a stated period of time, upon attainment of specified performance targets or some combination thereof. Generally, awards will be subject to a multi-year time or performance based vesting schedule. In limited circumstances, the Committee can provide grants with a vesting schedule of less than three years; provided, however, that such grants to executives and directors may not exceed 10% of the shares reserved for full value share awards under the 2005 Long Term Incentive Plan. A recipient of a restricted stock award will have all of the rights of a holder of Common Stock with respect to the underlying shares except for the restriction on transferability, including the right to vote the shares and receive dividends. A restricted stock unit is equal in value to one share of Common Stock and will vest following a specified period of continuous employment (or service in the case of a consultant) as set forth in the award agreement. A performance share unit is a restricted stock unit that will vest solely upon the achievement of specified performance targets. The holder of a restricted stock unit or performance share unit award is generally not entitled to the rights of a holder of Common Stock. Both restricted stock units and performance share units will be settled by delivery of shares of Common Stock or cash, as specified in the award agreement.

The 2005 Long Term Incentive Plan also authorizes other types of awards valued by reference to Common Stock.

Change in Control and Other Events
The 2005 Long Term Incentive Plan provides the Committee with discretion to take certain actions with respect to outstanding awards in the event of a change in control or certain other material events that affect Teton's capital structure or the number of shares of Common Stock outstanding. In the event of a stock split, reverse stock split, share combination, recapitalization, sale of assets, extraordinary dividend or other event affecting the value of a share of Common Stock or the number of shares outstanding, the various share limitations set forth in the 2005 Long Term Incentive Plan and the number of shares subject to outstanding awards will be adjusted as necessary and appropriate to reflect the change in the number or value of outstanding shares and to preserve the value of outstanding awards. The Committee may also, in its discretion, take other actions, including without limitation, the cancellation of outstanding

awards in exchange for payments of cash, property, or a combination thereof having an aggregate value as determined by the Committee to be appropriate to protect the value of participants' interests in their awards.

In the event of a change in control, the Committee may, in its discretion, provide that all stock appreciation rights and stock options will immediately vest and become exercisable, lapse any restrictions applicable to restricted stock and provide that performance based vesting targets applicable to performance share units and other awards will be deemed satisfied and that such performance based awards will be considered to be earned and payable in full. In addition, if within 24 months following a change in control an award recipient is involuntarily terminated, resigns following a material and adverse change in compensation, responsibilities, functions or reporting relationship or resigns rather than relocate more than 50 miles from his or her job location, then, without further action by the Committee, such recipient will become vested in all outstanding awards as of the date of termination. Stock appreciation rights and stock options so vested may be exercised until the earlier of the third anniversary of the date of termination or the expiration of the term of the award.

For purposes of the 2005 Long Term Incentive Plan, a change in control means generally: (i) the acquisition by an individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act) of beneficial ownership of 15% or more of the then outstanding shares of Common Stock; (ii) a change in the composition of the Board of Directors such that the individuals who constitute a majority of the Board cease for any reason to constitute at least a majority of the Board (for this purpose, individuals whose nomination for election to the Board is approved by a vote of at least two-thirds of the directors then comprising the incumbent board shall be considered to be a member of the incumbent board); or (iii) the consummation of a merger or similar consolidation following which: (A) the individuals and entities that were owners of Common Stock do not own more than 50% of the outstanding shares of the new resulting business entity; or (B) an individual or group owns 15% or more of the outstanding shares of the resulting new business entity; or (C) the members of the incumbent Teton Board do not comprise a majority of the board of directors of the resulting new business entity.

Qualified Performance-Based Awards
The 2005 Long Term Incentive Plan provides that compensation from stock options, stock appreciation rights, performance share units and other performance-based awards will generally be structured to be exempt from the limitation on deductible compensation imposed by Section 162(m) of the Internal Revenue Code Section. The Committee will administer the 2005 Long Term Incentive Plan and the 2005 Long Term Incentive Plan will be interpreted consistent with the purpose of maintaining the exemption from the Section 162(m) deduction limitation, except that qualified performance targets will be waived in the event of death and may be waived in the event of a change of control. The Committee is responsible for certifying to the measurement of applicable performance targets. The 2005 Long Term Incentive Plan provides that performance based compensation awards intended to be exempt from the Section 162(m) deduction limitation will be subject to vesting on the basis of one or more of the following performance targets: (i) diluted earnings per share; (ii) total shareholder return; (iii) working capital and gross inventory turnover; or (iv) revenue growth. The Committee shall determine which of the foregoing criteria shall be applicable to awards and shall set the specific targets no later than 90 days following the commencement of the applicable measurement period, which will generally be 3 years.

Effective Date and Term
The 2005 Long Term Incentive Plan will be effective June 2, 2005 if approved at the Annual Meeting. The first regular cycle of award grants will occur in 2005. The 2005 Long Term Incentive Plan will terminate on the fifth anniversary of shareholder approval. The 2005 Long Term Incentive Plan may be amended by the Committee provided that no 2005 Long Term Incentive Plan amendment may materially impair the rights of award recipients with respect to existing awards and no amendment shall be made without approval of Teton’s shareholders to the extent that such approval is required by applicable law or the listing standards of the American Stock Exchange.

Federal Income Tax Consequences
The following discussion is intended only as a brief summary of the material U.S. Federal income tax rules that are generally relevant to 2005 Long Term Incentive Plan awards. The laws governing the tax aspects of awards are highly technical and such laws are subject to change.

Upon the exercise of a stock appreciation right, an award recipient will be subject to ordinary income tax, and wage and employment tax withholding equal to the excess of the fair market value of Common Stock on the exercise date over the fair market value of Common Stock on the date of grant. Teton will generally be entitled to a corresponding deduction equal to the amount of ordinary income that the recipient recognizes. Upon the sale of Common Stock acquired upon exercise of a stock appreciation right, the recipient will recognize long or short-term capital gain or loss, depending on whether the recipient held the stock for more than one year from the date of exercise. Upon the exercise of a non-qualified option, the excess of the fair market value of the shares acquired on the exercise of the option over the exercise price paid (the “spread”) will constitute compensation taxable to the recipient as ordinary income. Teton will generally be entitled to a corresponding deduction equal to the amount of ordinary income recognized by the recipient. With respect to incentive stock options (“ISOs”), a recipient who holds shares acquired

upon exercise will not recognize taxable income. If the recipient holds the shares for at least one year, the recipient will recognize long-term capital gain or loss, as the case may be, measured by the difference between the stock's selling price and the exercise price. Teton will not receive a tax deduction with respect to the exercise of an ISO if the one year ISO holding period is satisfied. Award recipients do not recognize any taxable income and Teton is not entitled to a deduction upon the grant of a stock appreciation right, a non-qualified option or an ISO.

The recipient of a performance share unit, restricted stock, restricted stock unit, or other stock-based or performance based award will not recognize taxable income at the time of grant as long as the award is subject to a substantial risk of forfeiture as a result of performance based vesting targets, continued service requirements or other conditions that must be satisfied before payment or delivery of shares can occur. The recipient will generally recognize ordinary income and be subject to wage and employment tax withholding when the substantial risk of forfeiture expires or is removed unless the cash to be paid or shares to be delivered are deferred until a date subsequent to the vesting date. Teton will generally be entitled to a corresponding deduction equal to the amount of income the recipient recognizes.

Foreign Employees and Foreign Law Considerations

The Committee may grant awards to individuals who are foreign nationals and are located outside of the United States. With respect to such individuals, the Committee is authorized to amend the 2005 Long Term Incentive Plan, establish sub-plans and/or provide provisions to applicable award agreements for the purpose of complying with legal or regulatory provisions of countries outside the United States.

Required Vote

Approval of the 2005 Long Term Incentive Plan requires the receipt of the affirmative vote of a majority of the shares of the Company’s Common Stock present in person or by proxy and entitled to vote at the Annual Meeting.

APPENDIX A

AUDIT COMMITTEE CHARTER

Organization

This charter governs the operations of the audit committee. The committee shall review and reassess the charter at least annually and obtain the approval of the Board. The committee shall be appointed by the Board and shall comprise at least two Directors, each of whom is independent of management and the Company. Members of the committee shall be considered independent if they have no relationship that may interfere with the exercise of their independence from management and the Company. All committee members shall be financially literate, or shall become financially literate within a reasonable period of time after appointment to the committee and at least one member shall have accounting or related financial management expertise.

Statement of Policy

The audit committee shall provide assistance to the Board in fulfilling their oversight responsibility to the stockholders, potential stockholders, the investment community, and others relating to the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, the annual independent audit of the Company's financial statements, and the legal compliance and ethics programs as established by management and the board. In so doing, it is the responsibility of the committee to maintain free and open communication between the committee, independent auditors and management of the Company. In discharging its oversight role, the committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company and the power to retain outside counsel, or other experts for this purpose.

Responsibilities and Processes

The primary responsibility of the audit committee is to oversee the Company's financial reporting process on behalf of the board and report the results of their activities to the board. Management is responsible for preparing the Company's financial statements, and the independent auditors are responsible for auditing those financial statements. The committee in carrying out its responsibilities believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The committee should take the appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices, and ethical behavior.

The following shall be the principal recurring processes of the audit committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the committee may supplement them as appropriate.

- The committee shall have a clear understanding with management and the independent auditors that the independent auditors are ultimately accountable to the board and the audit committee, as representatives of the Company's stockholders. The committee shall have the ultimate authority and responsibility to evaluate and, where appropriate, replace the independent auditors. The committee shall discuss with the auditors their independence from management and the Company and the matters included in the written disclosures required by the Independence Standards Board. Annually, the committee shall review and recommend to the board the selection of the Company's independent auditors, subject to stockholders' approval.

- The committee shall discuss with the independent auditors the overall scope and plans for their respective audits including the adequacy of staffing and compensation. Also, the committee shall discuss with management and the independent auditors the adequacy and effectiveness of the accounting and financial controls, including the

Company's system to monitor and manage business risk, and legal and ethical compliance programs. Further, the committee shall meet separately with the independent auditors, with and without management present, to discuss the results of their examinations.

- The committee shall review the interim financial statements with management and the independent auditors prior to the filing of the Company's Quarterly Report on Form 10-Q. In addition, the committee shall discuss the results of the quarterly review and any other matters required to be communicated to the committee by the independent auditors under generally accepted auditing standards. The chair of the committee may represent the entire committee for the purposes of this review.

A-1

· The committee shall review with management and the independent auditors the financial statements to be included in the Company's Annual Report on Form 10-K (or the annual report to stockholders if distributed prior to the filing of Form 10-K), including their judgment about the quality, not just acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. In addition, the committee shall discuss the results of the annual audit and any other matters required to be communicated to the committee by the independent auditors under generally accepted auditing standards.

APPENDIX C

CODE OF BUSINESS CONDUCT AND ETHICS

Introduction

We ask for, and expect, a great deal from everyone associated with Teton Petroleum Company and its domestic and foreign operations (collectively, the "Company"). We ask that you produce outstanding results and maintain high standards of business conduct. We ask that you become deeply involved with our business in its many forms. We ask that you work smart and make intelligent and rational decisions, which make the difference in our ability to be successful throughout the world in highly competitive businesses. At the same time, we also ask that you, as members of this Company, act in ways that will bring credit to yourselves, your families and your associates.

The purpose of this Code of Business Conduct and Ethics (the "Code") is to set forth the basic principles and guidelines for the employees, officers, and directors of the Company, including the Company's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions (collectively, the "Employees"), and to codify standards reasonably designed to deter wrongdoing.

In addition to strict compliance with legal requirements and local customs, all Employees are expected to be guided by the principles of honesty and professionalism in the conduct of the Company's affairs, and to comply with the policies contained, or referred to, in this Code. No code of business conduct and ethics can replace the thoughtful behavior of Employees. However, such a Code can focus the board and management on areas of ethical risk, provide guidance to personnel to help them recognize and deal with ethical issues, provide mechanisms to promptly report unethical conduct, and help to foster an awareness of the Company's obligations to shareholders, other Employees, customers, vendors, and the general public.

You are then responsible for compliance with this Code and, if you are a supervisor or manager, for making sure that those under your supervision know and adhere to it also. Failure to comply with the Code in any respect will result in disciplinary action, termination of employment, or other corrective action determined legally appropriate by the Company. If you are in a situation which you believe may violate or lead to a violation of this Code, a law, or Company policy, follow the guidelines described in Section 23 of this Code.

Section 1. Conflicts of Interest

To maintain the highest degree of integrity in the conduct of the Company's business and to maintain an Employee's independent judgment, each Employee must avoid any activity or personal interest that creates or appears to create a conflict of interest between the Employee's interest and the interests of the Company.

When conducting Teton-related activities, you must devote your undivided loyalty to the business of Teton and avoid (1) any situation that might result in a conflict between your personal interests and the interests of the Company; and (2) any activity or financial interest that might reflect unfavorably on your or the Company's integrity or high reputation in the business community. In addition, if an activity or investment would be improper for you, it may also be improper for your family members or any business controlled by you or any family member. Absent disclosure to the General Counsel of a particular situation which raises a conflict of interest issue to determine whether the situation may continue, you need adhere to the following principles:

§ You may not realize any personal gain or profit from the Company's dealings with suppliers, customers or other firms or persons doing or seeking to do business or competing with Teton. You should avoid situations or the receipt of favors that could interfere with your exercise of independent judgment; cause you to act other than in the best interest of the Company; or deprive Teton of your undivided loyalty.

§ You may not take, for your own individual benefit, opportunities that are discovered through the use of your Company position or the Company's property or information. You owe a duty to the Company to advance its legitimate interests whenever the opportunity to do so arises.

§ Neither you nor members of your family may have a financial interest, direct or indirect, in any firm doing business or competing with Teton, if you are in a position to influence awarding of or managing the business or competition between Teton and that firm, except for publicly traded shares or other securities not exceeding 1% of the outstanding shares or other securities of that company.

§ Neither you nor any member of your family is permitted to accept money, gifts of more than token value, substantial favors or services, or excessive entertainment, from any person or firm doing business or competing with Teton. Likewise, gifts or favors that you make to any employee of another enterprise (a supplier, a customer or any other firm) should not be of a nature or amount that could even create the appearance of a bribe, kickback or unlawful gift. Any attempt to offer a gift of the magnitude that indicates an intent to exert improper influence must be reported promptly to the Company's General Counsel. If because of cultural or other reasons the receipt of a gift exceeding token value cannot be avoided, and/or the gift cannot be returned, the General Counsel must be consulted with respect to the gift's proper disposition, and that disposition must be confirmed in writing to the Law Department.

§ You are not permitted to accept outside employment that may adversely affect your relationship with Teton.

§ If you have any responsibility for or knowledge of the Company's investments in other companies, you must not make any personal investment, direct or indirect, in those companies. You are not permitted to use information obtained as a result of your relationship with Teton for personal profit or as the basis for a "tip" to others unless the Company has made that information generally available to the public. For example, the purchase of real estate near property that you are aware is being considered for purchase or development by the Company would be a conflict and thus prohibited. In addition, you must not purchase or sell stock or other securities of Teton or of any other company if because of information you learned in confidence, either directly or indirectly, as a result of your relationship with Teton, you believe that the price of such stock or other security will increase or decrease. Finally, as part of the Company's desire to avoid even the appearance of any conflict of interest, any director or executive officer or other employee designated by the Company as being subject to the obligation described in this paragraph (or any member of his or her immediate family) who is offered the opportunity to participate in any offering of securities by any person or entity with whom the Company has an investment or commercial banking or other supplier or customer relationship must notify and secure the approval for such participation from the Company's Legal Counsel before participating in any such offering. See also the Company's insider trading policy.

You must report to the Company's Legal Counsel any personal interests or circumstances that might constitute a conflict of interest, as described above, in the attached Employee Affirmation or as soon as the circumstances arise. Depending on the degree of potential conflict, appropriate action may be taken, which may include requiring you (or a family member) to divest a financial interest, to accept a new position within Teton or to return or to pay for gifts or other favors received. Failure to report any actual or potential conflict of interest, or continuing to engage in such conduct after being advised of its impropriety, is grounds for disciplinary action, including termination.

Conflicts of interest may not always be clear-cut; thus, if you believe that any transaction or activity may constitute a conflict of interest, you should promptly consult with the Teton Law Department.

Generally, a "conflict of interest" exists when a person's private interest interferes in any way with the interests of the Company. A conflict situation can arise when an Employee takes actions or has interests that may make it difficult to perform his or her Company work objectively and effectively. Sections 2, 3, and 4 of this Code provide specific examples of conflicts of interest. Loans to, or guarantees of obligations of, Employees and their family members may also create conflicts of interest.

Conflicts of interest are prohibited as a matter of Company policy, except under guidelines approved by the Board of Directors. Conflicts of interest may not always be clear-cut, so if you have a question, you should consult with your manager, or a higher level of management or member of the Company's legal counsel. Any Employee who becomes aware of a conflict or potential conflict should bring it to the attention of a supervisor, manager or other appropriate personnel or consult the procedures described in Section 21 of this Code.

Special Rules for Members of the Board of Directors and Executive Officers

The Board of Directors or the Audit Committee of the Board must approve a director's or an executive officer's direct or indirect interest in a transaction involving the Company and the director or officer and a third party.

The Board of Directors will determine on a continuing basis whether, in its judgment, a director's relationship with other business, consulting, legal, charitable or other institutions impair his or her independence as a director.

Executive officers of the Company must obtain the approval of the Board of Directors or the Audit Committee of the Board for any outside employment, or any directorships with for-profit entities.

Only the Board of Directors or the Audit Committee of the Board may grant a waiver of this Code for executive officers and directors.

Loans from the Company to directors and executive officers of the Company are prohibited in accordance with applicable federal law.

Section 2. Interest in Other Business Organizations

Employees or members of their families should not have a "significant financial interest" in any business organization that does, or seeks to do, business with the Company, or is a competitor of the Company, unless such interest has been fully disclosed in writing to the Employee's Human Resources Manager, who will determine whether the Employee's duties with the Company will require him or her to make decisions that could be influenced by such interest.

As a minimum standard, a "significant financial interest" is an aggregate interest of an Employee and family member of more than:

1% of any class of outstanding securities of the firm or corporation, or
10% interest in any partnership or association, or
5% of the total direct and beneficial assets or income of such company.

Family members include spouse, minor or adult child, stepchild, parents, stepparents, brothers, sisters, grandparents, grandchildren, in-laws and any person living in the same household.

An Employee must not conduct business on behalf of the Company with a member of his/her family, or business organization with which the Employee or family member has "significant financial interest" or is a director, officer, employee, creditor or proprietor. An Employee whose duties bring him or her into contact with an organization that employs a family member should take appropriate precautions to avoid a potential conflict of interest or the suspicion of preferential treatment. The Employee should consult with his or her supervisor and, if necessary, disqualify himself or herself from acting on behalf of the Company.

Section 3. Gifts, Gratuities and Payments to Employees

No Employee should accept gifts, loans, favors, or entertainment, directly or indirectly, from any person, firm, or corporation doing business, or seeking to do business, with the Company, other than nominal gifts or courtesies as described further below. Gifts or loans of cash or other property, or gift certificates in any amount whatsoever, or any form of bribe or kickback, to Employees by existing or potential suppliers of the Company are forbidden. This policy does not prohibit either giving or receiving reasonable courtesies in the normal course of business.

In the application of this policy, Employees may accept such courtesies only if they meet all of the following criteria:

1. They are consistent with accepted business practice and in a form that is not, will not appear to be, or will not be construed as, a bribe, kickback, payoff or substantial personal benefit to the Employee.

2. They are of nominal value or intended for business use, such as datebooks, desk calendars or reasonable business meals.

3. They do not violate any applicable law, regulation or generally accepted ethical standard.

4. Public disclosure of the facts would not embarrass the Company.

The policy is not intended to eliminate participation in business-related functions and activities that occur in conjunction with seminars, exhibits, meetings and presentations, which often involve lunches, dinners and entertainment. These can be, under the proper circumstances, in the best interest of the Company. Failure to comply with this prohibition in any respect will result in disciplinary action, termination of employment, or other corrective action determined legally appropriate by the Company.

Services offered by a supplier may be accepted by an Employee when the need for the services are associated with a business relationship, and the supplier provides the service to other customers and prospects as a normal part of its business, (e.g., travel agency services). The services should generally be of the type normally used by Employees and allowable on the travel expense account.

If in doubt as to the propriety of any gift or activity, it should be cleared with the Corporate Attorney or the CEO. In making this judgment, the Employee must go beyond the question of whether the gift or activity would influence an Employee in any way and should consider what unfavorable appearance or interpretation might be placed on this action by a critical third party who has the advantage of hindsight.

Section 4. Corporate Opportunities Converted to Personal Benefit

As Teton employees, we are obligated to place Teton's interests in any business transaction ahead of any personal interest or personal gain to the individual employee (and, for purposes of this policy, to the employee's spouse, family member, roommate, friend or other individual). Each employee is under an affirmative obligation to bring to the attention of his or her supervisor, Legal Counsel or the CEO or CFO any situation that is an actual, alleged or even potential conflict of interest.

Employees are prohibited from taking for themselves personally any business opportunities that are discovered or learned through the use of corporate property, information or position without the consent of the Board of Directors. No Employee may use corporate property, information, or position for personal gain, and no Employee may compete with the Company directly or indirectly. Employees owe a duty to the Company to advance its legitimate interests when the opportunity to do so arises.

Section 5. Fair Dealing with Customers, Suppliers, Competitors and Others

Employees who make or are involved in making business decisions for the Company must do so using consistent and unbiased standards. We seek to outperform our competition fairly and honestly by gaining competitive advantages through superior performance, and each Employee should deal fairly with the Company's customers, suppliers, competitors and Employees.

Section 6. Company Records and Preservation of Assets

Accurate and auditable records of all Company financial transactions must be maintained in conformity with generally accepted accounting principles and local requirements.

Employees are responsible for safeguarding and preserving Company assets and properties under their control. Employees are also responsible for providing an auditable record of financial transactions related to the use of these assets. No "off-the-books" funds (e.g., side cash funds, reserves or allowances) or transactions that are not documented in the Company's regular accounting system are permitted. Guidelines are as follows:

1. The use of Company funds or assets for any improper or unlawful purpose is prohibited. Improper purposes include the use of Company time, materials, assets or facilities for purposes not related directly to the Company's business, or the removal or borrowing of the Company's property without permission.

2. All assets, liabilities, revenues, expenses and transactions must be accurately reported on the books of the Company, in accordance with the Company's accounting procedures.

3. No false or misleading entries may be made in the books and records of the Company.

4. No undisclosed or unrecorded fund or asset of the Company may be established or maintained for any purpose.

C-4

---

5. No payment on behalf of the Company may be approved or made with the intention or understanding that any part of such payment is being made for any purpose other than that described in the documents supporting such payment.

Dishonest reporting or failure to disclose information that by law or by contract must be disclosed is strictly prohibited by this Code and will not be tolerated. Violation of these guidelines may lead not only to termination of employment, but could also lead to civil or criminal liability or monetary damages for Employees or the Company.

Section 7. Proprietary or Confidential Information

You must not disclose any Company confidential or proprietary information, or confidential information entrusted to you by the Company's customers, to anyone outside the Company, except when disclosure is authorized by the Company's general or outside counsel, or required by laws or regulations. Furthermore, such information is to be used only in the Company's business. These obligations apply whether or not you developed the information yourself. You should also limit the disclosure of proprietary information within the Company to those Employees with a "need to know."

Proprietary or confidential information subject to the foregoing restriction on disclosure includes all non-public information that might be of use to competitors, or harmful to the Company or its customers, if disclosed, such as information of the type contained in patents, copyrights or trademarks, or held as trade secrets. It also includes the business, financial, marketing and service plans associated with products; designs, engineering and manufacturing ideas, know-how and processes; Company business and product plans with outside suppliers and customers; manufacturing performance data; unpublished financial data and reports; information pertaining to acquisition and divestiture plans, directional strategy, and competitive position; product test results; a variety of internal data bases; and personnel and salary information.

Section 8. Compliance with Laws, Rules and Regulations

The Company's goal is to comply with the spirit and letter of the laws, rules and regulations that apply to our business, and also to endeavor to abide by the highest principles of ethical standards and honor. This means obeying the law, both in letter and in spirit. All Employees must respect and obey the governmental laws, rules and regulations of the cities, states and countries in which we operate. Although not all Employees are expected to know the details of these laws, it is important to know enough to determine when to seek advice from supervisors, managers or other appropriate personnel.

Section 9. Public Communications

All disclosures in reports and documents that the Company files with the U.S. Securities and Exchange Commission (the "SEC"), as well as all other public communications made by the Company, should be complete, fair, accurate, timely and understandable.

Section 10. Insider Trading

On occasion, Employees of the Company come into possession of non-public information concerning the Company and its affairs. This information about the Company comes to us so that we can do our jobs better, not so that we can benefit personally by using inside information in the stock market. Disclosure of material non-public information is against Company policy and knowledge of such information may not be used under any circumstances for the Employee's personal benefit in the stock market. Failure to observe these rules could potentially expose an Employee to civil or criminal penalties. Material information means: "any information concerning the Company that is not yet public knowledge, but that, if publicly known, could reasonably be expected to affect the price of the Company's

stock, or is likely to be considered important by a reasonable investor." The Employee's responsibilities are twofold under SEC rules:

1. Employees cannot buy or sell Teton Petroleum Company stock at any time when he or she has material information about the Company that is not known to the investing public.

2. Employees cannot tip off others to buy or sell Teton Petroleum Company stock on the basis of his or her material information that is not known to the investing public.

C-5

Similar restrictions apply to trading in the stock of other companies on the basis of non-public information an Employee may learn in the course of his or her employment at the Company.

Limitations on use of information obtained as a result of employment for personal gain is not limited to transactions involving stock. For example, the purchase of real estate near property that an Employee knows is being considered for purchase by the Company constitutes a conflict of interest.

Please also see the Company's Insider Trading Policy.

Section 11. Gifts, Gratuities and Payments by the Company

All customer relations are maintained on the fundamental premise that our business efforts are based on quality and performance at an agreed price. Accordingly, Employees are prohibited from attempting to promote the Company and its business offerings, or to gain improper concessions for the Company by giving any bribe, kickback, payment, gift, loan or special favor to customers, except casual entertainment or items of nominal value. Any form of indirect payment also is prohibited under this policy. A legitimate use, however, of accepted business techniques, such as employment of a reputable, independent commissioned agent, is proper if done in accordance with established Company policies and procedures and under terms by which the agent is expected to adhere to the similar policies prohibiting improper payments or actions.

Gifts, favors and entertainment may be given to others at Company expense only if they meet all of the following criteria:

1. They are consistent with accepted business practices and in a form that is not, will not appear to be, or will not be construed as, a bribe, kickback, payoff or substantial benefit.
2. They are of nominal value or intended for business use such as datebooks, or desk calendars.
3. They do not violate any applicable law, regulation or generally accepted ethical standard of the locale.
4. Public disclosure of the facts would not embarrass the Company.
5. The cost is allowable under the applicable expense account policy.

The recipient's policies regarding such gifts, favors and entertainment should be respected.

Business gifts, loans or favors to U.S. federal, state, or municipal employees are strictly forbidden. Business gifts or favors to overseas customers must conform to the Foreign Corrupt Practices Act, local law, and Company policy. The Company's Foreign Corrupt Practices Act policy is articulated in a separate document and is specifically referenced herein.

The Company adheres to the letter and spirit of the Foreign Corrupt Practices Act. This Act prohibits giving money or items of value to foreign officials for the purpose of obtaining or retaining business from a foreign government or influencing foreign legislation or regulations. The Foreign Corrupt Practices Act further prohibits giving money or items of value to any person or firm where there is reason to believe that it will be passed on to a government official for this purpose. The law also requires that accurate records and accounts be maintained in reasonable detail and prohibits the establishment of off-the-books corporate slush funds. The Foreign Corrupt Practices Act has severe penalties, including fines and imprisonment. All matters pertaining to this statute must be coordinated with the Company's CFO and legal counsel.

Section 12. Political Contributions

Contributions by the Company to federal candidates or political parties are prohibited by law and may not be made. State and local laws often prohibit and restrict contributions by corporate organizations. It is Company policy that no contributions may be made at the state or local level that do not comply with applicable law and without the written approval of the Company's legal counsel. Laws regarding foreign contributions vary by country and no contributions may be made except in compliance with applicable law, and with written approval of the Company's legal counsel.

The Company encourages its Employees to become involved in civic affairs and to participate in political activities. Employees must recognize, however, that their involvement and participation must be on an individual basis, on their own time, and at their own expense. Employees may not use any Company facilities, such as supplies, telephones, copy machines, or Company letterhead in connection with political activities, candidates or parties.

Unless specifically directed by the Company, when an Employee speaks on public issues, it must be clear that the comments or statements made are those of the individual and not those of the Company.

Section 13. Non-Discrimination and Non-Harassment

It is the policy of the Company that all Employees should be able to work in an environment free from all forms of unlawful discrimination and harassment. The Company strives to comply fully with all applicable local, state and federal US laws for its US operations and applicable local laws and customs in other countries and to manage its human resources and business operations in ways that promote equitable and respectful treatment of Employees and expects all Employees to follow this practice. Personnel decisions such as compensation, benefits, transfers, layoffs, return from layoffs, training, company-sponsored education, tuition assistance, social and recreation programs will be administered without discrimination. Only valid job requirements will be imposed for promotional opportunities

Sexual or other unlawful harassment by any Employee(s) also is inconsistent with our obligation to provide all Employees with a nondiscriminatory work environment in the US. It is also a violation of US law. The Company will conform with the laws of other locales in which it operates. The Company will not tolerate any unlawful harassment, whether by an Employee toward another, by an Employee toward a customer or a supplier or by a customer or a supplier toward an Employee.

Employees of the Company are expected to know and follow the Company’s policies. Copies of these policies are available in the Employee handbook. Reports of violations should be directed to the Company’s legal counsel for prompt investigation and appropriate corrective action. The Company’s policies prohibit retaliation against any Employee who raises a complaint in good faith.

Section 14. Substance Abuse

The unlawful possession, use, dispensation, distribution, or manufacture of a controlled substance is prohibited within any Company office or facility. Employees who fail to comply with this policy will be terminated.

Section 15. Electronic Communications

All data that is composed, transmitted or received via the Company’s computer communications systems may be considered to be part of the official records of the Company and, as such, may be subject to disclosure to law enforcement or other third parties. Consequently, Employees should always ensure that the information contained in e-mail messages and other transmissions is accurate, appropriate, ethical and lawful.

Computers, computer files, voice mail, the e-mail system, Internet access, and software furnished to Employees are the Company’s property intended for appropriate business use. Employee use of this equipment and systems may be monitored at any time at the Company’s discretion and is subject to the following requirements:

1. All software provided by the Company must be used in accordance with the software license agreement of the vendor. Illegal duplication of software and its related documentation is prohibited.

2. An Employee’s personal software, unauthorized, and undocumented software may not be used on Company equipment or otherwise be accessible for use by Employees.

3. Willful unlawful infringement of a copyright and willful unlawful violation of a software license are prohibited and may expose the Company and the Employee to substantial damages, including criminal penalties.

C-7

---

4. All use of Company electronic communications equipment and Internet access must be consistent with Company policies, including without limitation policies referenced in this Code.

5. Information maintained in, or distributed through, Company electronic communications equipment must be consistent with Company policies, including without limitation policies referenced in this Code.

6. Only authorized Employees may establish or modify Company web sites or access records, files, or equipment of others.

Section 16. Environmental Responsibilities

The Company recognizes the importance of protecting our natural environment and conserving natural resources. The Company is committed to its Employees, customers and the public to operate its business in a manner consistent with environmental stewardship and in compliance with all environmental laws of the locale in which we are operating.

Section 17. Compliance with Antitrust Laws

The objective of U.S. antitrust laws, State antitrust laws, and the antitrust laws in certain countries where the Company does or may do business is to promote vigorous competition in open markets. Violation of U.S. antitrust laws is a serious offense and can result in criminal and/or civil penalties for business entities or imprisonment and/or fines for individuals. An individual who willfully violates the antitrust laws will receive no protection from the Company. Failure to comply with the antitrust laws in any respect will result in disciplinary action, termination of employment, or other corrective action determined legally appropriate by the Company.

Generally speaking, antitrust laws of the United States prohibit agreements, understandings or actions whether oral or written, tacit or explicit, which unreasonably restrain trade. Among the activities found to be clear violations of the law regardless of the intentions of the parties involved ("per se" violations) are any agreements or understandings among competitors to fix or control prices; to boycott specified suppliers or customers; to allocate customers, product, territories, or markets; or to control, limit or reduce production or sales. Such agreements are against public policy and against the policy of the Company.

<u>Relations with Competitors</u>

The antitrust laws prohibit any understanding whatsoever between competitors with respect to price or any element of price (such as discounts or credit terms), including price stabilization. Thus, agreements between competitors to adhere to a specific formula for the determination of price, to restrict production, or to communicate with each other with respect to their prices are just as unlawful as an agreement regarding price itself.

In this regard, Employees must not:

1. Engage in any discussions of such matters with representatives of other companies.

2. Exchange information with competitors relating to prices or other terms or conditions of sale.

3. Attend a meeting with a competitor at which such matters are likely to be discussed.

The Company's relationships with its customers are also subject to a number of antitrust statutes aimed at protecting its customers.

(a) Restrictive Agreements. The antitrust laws prohibit all understandings or agreements that unreasonably restrain trade. In addition to the per se violations outlined above, which are considered unlawful by themselves without specific proof as to their effect, there are certain types of agreements between sellers and buyers which, while not unlawful by themselves, fall into a danger zone. They should not be considered or consummated without prior consultation with the Company's legal counsel.

(i) Refusals to Deal. A company generally has the right to select the customers with which it chooses or refuses to do business. However, this is a right which must be exercised by the company alone without consultation with any other outside party.

(ii) Resale restrictions. A basic tenet of the law is that a purchaser of a product has the right to do with it as he chooses without restriction by the seller; thus, an agreement or understanding by the seller and customer with respect to the prices at which the customer will resell the product violates antitrust laws. Restrictions on the area in which resales can be made can also cause serious problems.

(iii) Tying Arrangements. Any arrangement under which a seller having a substantial market position in one product coerces a customer to take a product the customer does not want as a condition for the sale of another product it does want constitutes a “tie-in” sale. Such arrangements should be regarded as per se unlawful and strictly avoided. The commingling in a bid of two products where the commingled price is different from the price of the two articles purchased separately should receive legal review. “Teaming” arrangements, by which the Company and another party cooperate in making a bid to a customer, are not unlawful but should also be reviewed in advance by the Company’s legal counsel.

(b) Discrimination in Pricing. The Robinson-Patman Act prohibits sales of products of like grade and quality at different prices to competing customers where the effect may be to injure competition. To determine whether a Robinson-Patman problem exists, an Employee should ask initially whether the Company has made sales (i) at different prices; (ii) within a reasonably contemporaneous period; (iii) of products of like grade and quality; (iv) to customers who were using or reselling the product in substantially the same competitive market. The Robinson-Patman Act is also applicable to purchasers. It is unlawful to procure a price from a supplier on the basis that the supplier must meet a competitive price which has not actually been offered by another supplier.

Relations with Suppliers

Reciprocal Dealing. The antitrust laws make reciprocal buying and selling illegal where a purchaser with substantial buying power intentionally uses that power as a lever to make sales of its products to its suppliers. The law does not prohibit our purchasing products from companies that purchase from us. It does prohibit any understanding or agreement, whether written or oral and whether expressed or implied, that purchases by one party are contingent upon purchases by the other.

International Transactions. Certain U. S. antitrust laws also apply to international operations and transactions related to imports to, or exports from, the United States. Moreover, the international activities of the Company could be subject to antitrust laws of foreign nations or organizations such as the European Economic Community.

As with other complex laws, it is important that legal advice be sought on any questions regarding antitrust matters, particularly before entering into any agreement, understanding or arrangement.

Section 18. Compliance and Discipline

Failure to comply with the standards contained or referenced in this booklet will result in corrective action that may include disciplinary action, termination, referral for criminal prosecution, requirement to reimburse the Company for any losses or damages or other measures determined appropriate by the Company. If an Employee is charged with a violation of this Code, the matter normally will be dealt with in a manner consistent with any grievance procedure or complaint resolution process applicable in the Employee’s worksite.

Section 19. Certification

At least annually, Company personnel in sensitive positions must complete a certification/questionnaire affirming their commitment to the Code of Business Conduct and Ethics and disclosing violations of the Code. Completion of this questionnaire will be requested by the Chief Executive Officer of Teton Petroleum Company and a report of responses will be made to the Board committee designated with overseeing and enforcing this Code.

The annual questionnaire does not relieve Employees of the continuing obligation to disclose relevant information immediately and, whenever possible, in advance of any proposed action.

Section 20. Waivers of the Code of Business Conduct and Ethics

This Code has been adopted by the Company's Board of Directors and it applies to all employees, officers and directors of the Company. Any waiver of this Code, including any waiver with respect to the Company's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, may be made only by the Company's Board of Directors or a Board committee designated with overseeing and enforcing this Code. Any such waiver approved by the Board or committee will be promptly disclosed to shareholders in compliance with the relevant rules issued by the American Stock Exchange and the SEC.

Section 21. Problem Solving

While this Code aims to provide answers to Employees, it is impossible to address all possible problems. Often a question presented to an Employee will not have a clear-cut answer and may present difficult choices. As a result, the Company encourages Employees to use the following steps to solve problems regarding policy:

1. Obtain all the facts.
2. Determine what specifically you are being asked to do.
3. Clarify your responsibility and whether others should be involved.
4. Ask yourself: Is it legal?
5. Also ask yourself: Even if it is legal, is it appropriate?
6. Discuss the problem with your supervisor or any other person identified in the "Seeking Advice" section.

Section 22. Seeking Advice/Reporting any Illegal or Unethical Behavior

The Company wants to make sure that all Employees fully understand the Company's Code of Business Conduct and Ethics and are able to seek advice. Employees are encouraged to ask questions and seek advice before acting, rather than after.

If you are unsure of what a policy requires of you, if you are concerned that the Company may be in violation of the law, or if you feel that a Company policy is being violated, you should seek advice from your supervisor. If you are uncomfortable raising a question about policy with your supervisor, or if you are not satisfied with the resolution by your supervisor, you may contact the Company's President. If your question or concern relates to accounting, internal accounting controls or auditing matters, contact the Chairman of the Audit Committee of the Company's Board of Directors.

Disciplinary action will be taken against any Employee who retaliates, directly or indirectly, or encourages others to do so, against an Employee who reports a violation or suspected violation of the Company's Code of Business Conduct and Ethics. The Company wants Employees to communicate concerns or report misconduct without fear of retribution. It is your responsibility to report misconduct if you become aware of it.

Section 23. Administration of the Code of Business Conduct and Ethics

The Code was adopted by the Board of Directors on July 16, 2004. The Board of Directors shall be responsible for the administration and enforcement of this Code, but may delegate responsibility for administration of the Code to a committee of the Board. The Board (or a Board committee designated with overseeing and enforcing this Code) shall

take reasonable steps to monitor and audit compliance with the Code, including establishment of monitoring and auditing systems reasonably designed to detect violations of the Code by Employees. The Board (or a Board committee designated with overseeing and enforcing this Code) shall periodically review the Code and recommend changes when desirable or necessary to (i) ensure continued compliance with applicable rules and regulations, and (ii) make certain that any weaknesses revealed through monitoring, auditing and reporting systems are eliminated or corrected.

No amendments or changes to the Code shall be made by anyone other than the Board of Directors of the Company (or a Board committee designated with overseeing and enforcing this Code). Amendments to this Code shall be publicly disclosed in compliance with rules of the American Stock Exchange and applicable law, rule and regulation.

A copy of the most up-to-date version of the Code shall be posted at all times on the Company's website and intranet, and the Company's Internet address and the fact that the Company has posted this Code on its website will be disclosed in the Company's annual report. In addition, a copy of the most up-to-date version of the Code will be made available in print to any Company shareholder who requests it, and this availability of the Code will be stated in the Company's annual report.

Section 24. Non-Exclusivity

This Code of Business Conduct and Ethics is not the exclusive set of policies and procedures of the Company. You are expected to comply with all policies and procedures applicable to you, whether or not set forth or referenced in this Code. Further, remedies for non-compliance with this Code of Business Conduct and Ethics are not exclusive and references to possible actions set forth herein shall not limit the Company's options in addressing non-compliance. Mention of a remedy upon a failure to comply in any one instance shall not limit the applicability of all remedies to all circumstances of noncompliance.

APPENDIX D

Foreign Corrupt Practices Act

OFFICIAL POLICY STATEMENT

Teton Petroleum Company ("Teton" or the "Company") has in the past and may in the future engage in its operations and activities outside the United States in complete compliance with the letter and spirit of the Foreign Corrupt Practices Act (the "FCPA"). No Company officer, employee, or agent has the authority to offer payments to a foreign official to induce that official to affect any government act or decision in a manner that will assist the Company, or any of its subsidiaries or divisions, to obtain or retain business. Furthermore, every officer, employee and agent is obligated by Company policy and federal law to keep books, records and accounts that accurately and fairly reflect all transactions and disposition of Company assets.

GENERAL POLICY

All employees must conduct business in a way which will assure compliance with the FCPA, a United States law that prohibits giving money or any other thing of value to a foreign government official with the intention of corruptly influencing the official's actions. No payments will be authorized, offered or made, nor gifts or anything of value be promised, directly or indirectly, to any foreign official, political party or official of that political party, or to any candidate for political office, which is intended to corruptly influence an official act or decision of such a person. Every Teton employee, agent and contractor must properly account for the use of Teton funds and assets. Further, Teton will take appropriate steps in its international activities, including accounting practices, contract provisions and training, to assure that its employees, agents, contractors and partners will assist Teton in meeting its responsibilities under the FCPA. Failure to comply with this policy may subject a Teton employee to discipline approved by the Chief Executive Officer.

RESPONSIBILITIES

Any Teton employee having information, knowledge or belief of the commission of any act prohibited by this policy, or any solicitation to engage in any such prohibited act, must report it immediately to the Chief Executive Officer or the Chief Financial Officer. In cases of uncertainty as to the applicability of the FCPA or this policy concerning any potentially prohibited act, advice should be sought from the Chief Financial Officer.

Subject to direction from the Chief Executive Officer, Teton's Chief Financial Officer is responsible for devising and maintaining a system of internal accounting controls to assure compliance with the FCPA and this policy. He is also responsible for making and keeping books, records and accounts which accurately and fairly reflect the financial transactions and disposition of the assets of the Company.

Audits of Teton books and records will be conducted by the internal audit function within the Company. Periodic independent audits of Teton books and records will be conducted by outside auditors not less frequently than once each year. Among other objectives, these audits will evaluate Teton compliance with the FCPA. The term "foreign official" means any officer or employee of a foreign government or any department, agency, or instrumentality of that foreign government, or any person acting in an official capacity for or on behalf of such government, department, agency, or instrumentality. The term "foreign official" also includes a member of the immediate family of a foreign official.

Payment to foreign officials to expedite or secure the performance of a routine governmental action as permitted under section 78dd-1(b) of the FCPA may be made only with the express prior approval of the Chief Executive Officer or the Chief Financial Officer.

It is critical that all employees be aware that payments to agents may inadvertently amount to FCPA violations and must take care to assure that they do not inadvertently get caught in an FCPA violation.

SOME “RED FLAGS” THAT COULD INDICATE THAT PAYMENT TO AN AGENT MAY INVOLVE A VIOLATION OF THE FCPA INCLUDE:

- *An agent who insists on anonymity;*
- *An agent who insists on payment by cash, the use of false invoices, that payment be made in a third country, etc.;*
- *The commission requested by the agent is substantially above the market rate;*
- *The agent states that money is needed to “get the business” or “make the necessary arrangements.”*

EMPLOYEE CERTIFICATION

I, [*Employee*], in my capacity as [*Position*] of Teton Petroleum Company, swear under the pains and penalties of perjury that:

1. I have read the Company’s policy on the FCPA and have no questions concerning its provisions, its application, its purpose, or its intent.
2. I have not engaged during the previous year in any action that would amount to a covered transaction under the FCPA nor have I ordered or suggested that any other employee or agent or consultant of the Company engage in any action that would amount to a covered transaction under the FCPA.
3. I am not aware of any other employee, consultant, or agent of the Company that has committed an act that would be covered under the FCPA, nor am I aware of any other instance that may be construed as a violation of the FCPA.
4. I have no reason to believe that any third party whom I have dealt with during the past year has had intent to evade the prescriptions of the FCPA or has in fact violated the FCPA.
5. I am aware that there are significant penalties for violations of the FCPA, including criminal penalties.

d. *Award Agreements*. The terms and conditions of each Award, as determined by the Committee, shall be set forth in a written Award Agreement, which shall be delivered to the Participant receiving such Award as promptly as is reasonably practicable following the grant of such Award. The Award's effectiveness will not be dependent on any signature unless specifically so provided in the Award Agreement. Awards shall generally be subject to a three year vesting period and no more than 60% of Awards to executives and directors may have a vesting period of less than three years, provided, however, that vesting may accelerate in the event of change in control and certain other events as set forth in Section 10 herein, and in the events of death, disability or retirement, as will be specified in the Award Agreement.

SECTION 4. Common Stock Subject to Plan

a. *Plan Maximums*. There shall be reserved and available for issuance under the Plan (a) for the first Plan Year, that number of shares equal to 20% of the total number of shares of Stock outstanding as of the Effective Date and (b) for each subsequent Plan Year, (i) that number of shares equal to 10% of the total number of shares of Stock outstanding as of the first day of each respective Plan Year, plus (ii) that number of shares of Stock reserved and available for issuance but unissued during any prior Plan Year during the Term of the Plan; provided, however, in no event shall the number of shares of Stock available for issuance under the Plan as of the beginning of any Plan Year plus the number of shares of Stock reserved for outstanding awards under the Plan exceed 35% percent of the total number of shares of Stock outstanding at that time, based on a three-year period of grants. Such shares may consist in whole or in part of authorized and unissued shares or treasury shares or any combination thereof.

b. *Individual Limits*. The number of shares subject to awards of (i) Stock Options, (ii) Stock appreciation rights or (iii) Stock bonus awards made to any individual in any Plan Year may not exceed 20% of the shares of Stock reserved and available for issuance in such Plan Year. Except as otherwise provided herein, any shares subject to an option or right which for any reason expires or is terminated unexercised as to such shares shall again be available under the Plan.

c. *Rules for Calculating Shares Delivered*. To the extent that any Award is forfeited, or any Option or Stock Appreciation Right terminates, expires or lapses without being exercised, the Shares subject to such Awards not delivered as a result thereof shall again be available for Awards under the Plan. Shares tendered or withheld to pay the exercise price of a Stock Option or to pay tax withholding will count against the foregoing limitations and will not be added back to the Shares available under the Plan. Each Stock Appreciation Right will count as one Share, notwithstanding the fact that net Shares delivered upon exercise may be less than the number of Stock Appreciation Rights granted. Awards valued by reference to Common Stock that may be settled in equivalent cash value will count against the foregoing limitations to the same extent as if settled in Shares.

SECTION 5. Options and Stock Appreciation Rights

a. *Options*. An "Option" entitles the holder to acquire Shares at an exercise price equal to or greater than the Fair Market Value of Common Stock on the Grant Date, subject to the terms and conditions set forth in the Award Agreement. Options will be non-qualified Options unless the Award Agreement specifies that the Option is an Incentive Stock Option intended to comply with Section 422 of the Code.

b. *Stock Appreciation Rights*. A "Stock Appreciation Right" entitles the holder to acquire shares of Common Stock or to receive a cash payment in each case equal in value to the difference between Fair Market Value on the Grant Date and Fair Market Value on the date of exercise, subject to the terms and conditions set forth in the Award Agreement. Upon the exercise of a Stock Appreciation Right, the Participant shall be entitled to receive cash or Shares equal in value to the product of (i) the excess of the Fair Market Value of one Share over the exercise price of the applicable Stock Appreciation Right, multiplied by (ii) the number of Shares in respect of which the Stock Appreciation Right has been exercised. The Award Agreement shall specify whether such payment is to be made in cash, Common Stock or both.

c. *Limitations*. The exercise price per Share of an Option or a Stock Appreciation Right shall be determined by the Committee and set forth in the applicable Award Agreement, and shall not be less than the Fair Market Value of a share of the Common Stock on the Grant Date. In no event may any Option or Stock Appreciation Right granted under this Plan be amended, other than pursuant to Section 10, to decrease the exercise price thereof, be cancelled in conjunction with the grant of any new Option or Stock Appreciation Right with a lower exercise price, or otherwise be subject to any action that would be treated, for accounting purposes, as a "repricing" of such Option or Stock Appreciation Right, unless such amendment, cancellation, or action is approved by the Corporation's shareholders.

d. *Term*. The Term of each Option and Stock Appreciation Right shall be fixed by the Committee, but shall not exceed ten years from the Grant Date.

e. *Vesting and Exercisability*. Except as otherwise provided herein, Options and Stock Appreciation Rights shall be vested and exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee and set forth in the Award Agreement.

f. *Method of Exercise*. Vested Options and Stock Appreciation Rights may be exercised, in whole or in part, during the applicable Term by giving written notice of exercise to the Corporation specifying the number of Options or Stock Appreciation Rights to be exercised. In the case of the exercise of an Option, such notice shall be accompanied by payment in full of the exercise price (which shall equal the product of such number of Shares subject to an Option multiplied by the applicable exercise price) by certified or bank check or such other instrument as the Corporation may accept. If approved by the Committee, payment, in full or in part, may also be made as follows:

(i) Payments may be made in the form of unrestricted Shares already owned by the Participant (by delivery of such Shares or by attestation) of the same class as the Common Stock subject to the Option (based on the Fair Market Value of the Common Stock on the date the Option is exercised);

(ii) To the extent permitted by applicable law, payment may be made by delivering a properly executed exercise notice to the Corporation, together with a copy of irrevocable instructions to a broker to deliver promptly to the Corporation the amount of sale proceeds necessary to pay the purchase price, and, if requested, the amount of any federal, state, local or foreign withholding taxes. To facilitate the foregoing, the Corporation may enter into agreements for coordinated procedures with one or more brokerage firms;

(iii) By such other means as the Committee shall authorize, including without limitation, the withholding of Shares otherwise receivable upon settlement of the Award in payment of the exercise price.

g. Termination of Employment. Options and Stock Appreciation Rights will generally vest after a three year holding period or achievement of Performance Targets, if applicable. Awards shall be forfeited in the event of a Participant's Termination of Employment prior to the vesting date, except as set forth below:

(i) In the event of a Participant's death, Options and Stock Appreciation Rights held by the Participant shall immediately vest and all outstanding Options and Stock Appreciation Rights may be exercised at any time until the third anniversary of the date of death;

(ii) Upon a Participant's Termination of Employment by reason of Disability, Options or Stock Appreciation Rights held by the Participant that were exercisable immediately before the Termination of Employment may be exercised at any time until the later of (A) the third anniversary of such Termination of Employment or (B) the expiration of the Term thereof. Non-vested Stock Appreciation Rights and Options will continue to be eligible to vest as scheduled during the period the Participant remains disabled and will be exerciseable for three years after the vesting date;

(iii) Upon a Participant's Termination of Employment by reason of Retirement or Early Retirement, Options or Stock Appreciation Rights held for more than one year shall immediately become vested and exercisable. Vested Options and Stock Appreciation Rights may be exercised until the expiration of their Term with respect to Participants who retire on or after age 55;

(iv) Upon a Participant's Termination of Employment for Cause, all Options and Stock Appreciation Rights held by the Participant will be forfeited immediately, whether or not vested;

(v) If a Participant dies after Termination of Employment, outstanding Option or Stock Appreciation Rights may be exercised until the later of the expiration of the Term thereof or three years from the date of death; and

(vi) Upon a Participant's Termination of Employment for any reason other than death, Disability, Retirement or for Cause, any vested Option or Stock Appreciation Right may be exercised until the earlier of (A) the 90th day following such Termination of Employment or (B) expiration of the Term thereof.

Notwithstanding the foregoing, the Committee shall have the power, in its discretion, to apply different rules concerning the consequences of a Termination of Employment; as set forth in the applicable Award Agreement.

SECTION 6. Restricted Stock

a. *Nature of Awards and Certificates*. Shares of "Restricted Stock" are actual Shares issued to a Participant, evidenced by book-entry registration in the name of the Participant and shall reference the terms, conditions, and restrictions applicable to such Award.

b. *Terms and Conditions*. Shares of Restricted Stock shall be subject to the following terms and conditions:

(i) The Committee may designate an Award of Restricted Stock as a Qualified Performance-Based Award that will vest only upon the attainment of Performance Targets. The Committee may also condition the grant or vesting of a Restricted Stock Award upon the continued service of the Participant or a combination of continued service and performance vesting criteria;

(ii) The Participant shall not be permitted to sell, assign, transfer, pledge or otherwise encumber Shares of Restricted Stock prior to the expiration of the required period of continued service or the achievement of applicable Performance Targets. Except as provided in the preceding sentence, the Participant shall have all of the rights of a stockholder of the Corporation holding the class or series of Common Stock that is the subject of the Restricted Stock Award, including the right to vote the Shares and the right to receive cash dividends; and

(iii) Upon a Participant's Termination of Employment during the restriction period or before the applicable Performance Targets are satisfied, non-vested Shares of Restricted Stock shall be forfeited by such Participant; provided, however that Performance Units will vest in the event of death and may vest or remain eligible to vest in the

event of Early Retirement, Retirement or Disability, as set forth in the Award Agreement.

SECTION 7. Performance Share Units

a. *Nature of Award*. A "Performance Share Unit" is equal in value to one Share and subject to vesting on the basis of the achievement of specified Performance Targets. Upon vesting, Performance Share Units will be settled by delivery of Shares or cash (as specified in the Award Agreement) to the Participant equal to the number of vested Performance Share Units.

b. *Terms and Conditions*. Performance Share Units shall be subject to the following terms and conditions:

(i) Performance Share Units are Qualified Performance-Based Awards and shall vest solely as a result of the achievement of Performance Targets. An Award of Performance Share Units shall be settled if and when the Performance Share Units become vested;

(ii) A Participant may not assign, transfer, pledge or otherwise encumber Performance Share Units;

(iii) The Award Agreement shall specify if the Participant shall be entitled to receive current or deferred payments of cash or Common Stock in respect of non-vested Performance Units corresponding to the dividends payable on the Common Stock; and

(iv) Upon a Participant's Termination of Employment before the applicable Performance Targets are satisfied, all Performance Share Units still subject to restriction shall be forfeited by such Participant; provided, however that Performance Units will vest in the event of death and may vest or remain eligible to vest in the event of Early Retirement, Retirement or Disability, as set forth in the Award Agreement.

SECTION 8. Restricted Stock Units

Nature of Award. A "Restricted Stock Unit" is equal in value to one Share of Common Stock and subject to vesting on the basis of a period of continuous employment with the Corporation or an Affiliate or other criteria as specified in the Award Agreement. Upon vesting, Restricted Stock Units will be settled by delivery of Shares to the Participant equal to the number of vested Restricted Stock Units.

SECTION 9. Other Stock-Based Award

Other Awards that are valued in whole or in part by reference to, or are otherwise based upon, Common Stock, including (without limitation) unrestricted stock, dividend equivalents, and convertible debentures, may be granted under the Plan.

SECTION 10. Future Events

a. *Adjustments to Common Stock*. In the event of a stock split, reverse stock split, share combination, recapitalization, sale of assets, stock dividend, extraordinary dividend or similar event affecting the value of a Share of Common Stock, or the number of shares outstanding (each, a "Share Change"), applicable Share limitations as set forth in Section 4 and outstanding Awards, the number of Shares subject to outstanding Awards, the exercise price of Options and Stock Appreciation Rights and other relevant provisions of the Plan and outstanding Awards shall be adjusted as necessary and appropriate to reflect the Share Change and to preserve the value of Awards.

b. *Changes to the Corporation's Capital Structure*. In the event of a merger, consolidation, spin-off, reorganization, stock rights offering, liquidation, Disaffiliation, or other material event affecting the capital structure of the Corporation (each, a "Corporate Transaction"), the Committee or the Board may in its discretion make such substitutions or adjustments as it deems appropriate and equitable to: (A) the aggregate number and kind of Shares or other securities reserved for issuance and delivery under the Plan; (B) the various maximum limitations set forth in Section 4; (C) the number and kind of Shares or other securities subject to outstanding Awards; and (D) the exercise price of outstanding Options and Stock Appreciation Rights. Adjustments may include, without limitation, the cancellation of outstanding Awards in exchange for payments of cash, property or a combination thereof having an aggregate value equal to the value of such Awards, as determined by the Committee or the Board in its sole discretion to be necessary or appropriate to protect the value of Participants' interests in their Awards. In the event of a Disaffiliation, the Committee may arrange for the assumption of Awards, or replacement of Awards with new awards

based on other property or other securities.

c. *Change in Control*. In the event of a Change in Control, notwithstanding any other provision of the Plan to the contrary, the Committee may, in its discretion, take any of the following actions:

(i) provide that any Options and Stock Appreciation Rights outstanding which are not then exercisable and vested shall become immediately vested and fully exercisable;

(ii) immediately lapse restrictions and deferral limitations applicable to any Restricted Stock, Restricted Stock Unit and other Awards and such Restricted Stock shall become free of all restrictions, fully vested and transferable and Restricted Stock Units and other Awards shall be settled as promptly as practicable in the form set forth in the applicable Award Agreement;

(iii) provide that Performance Targets applicable to Performance Share Units and other Awards shall be deemed to be satisfied and such Awards shall be considered to be earned and payable in full, and any deferral or other restriction shall lapse and such Restricted Stock Units and other Awards shall be settled as promptly as is practicable in the form set forth in the applicable Award Agreement; and

(iv) make such additional adjustments, substitutions and/or settlements of outstanding Awards as it deems appropriate to protect Participants' interests in their Awards, consistent with the Plan's purposes, including, without limitation, the cancellation of outstanding Awards in exchange for payments of cash, property or a combination thereof having an aggregate value equal to the value of such Awards, as determined by the Committee or the Board in its sole discretion.

d. *Termination of Employment Following Change in Control*. To the extent not otherwise vested by the Committee in accordance with the provisions of this Section 10 and notwithstanding any other provision of this Plan to the contrary, during the 24-month period following a Change in Control: (i) upon the involuntary termination of a Participant's employment other than termination for Cause; (ii) upon the voluntary termination of employment by the Participant following a material and adverse change in the Participant's compensation, responsibilities, functions or reporting relationship; or (iii) in the event a Participant resigns rather that accept a mandatory relocation greater than 50 miles; then, in any such event, all outstanding Awards held by such Participant shall become vested as of the Date of Termination. Any Option or Stock Appreciation Right held by the Participant as of the date of the Change in Control that remains outstanding as of the date of Termination of Employment may thereafter be exercised, until the earlier of (i) the third anniversary of the date of termination; or (ii) the expiration of the Term of such Option. Restricted Shares shall immediately be free and transferable and Restricted Share Units, Performance Share Units and other Awards shall be vested as of the Termination of Employment and settled as soon as practicable as specified in the Award Agreement.

e. *Definition of Change in Control*. For purposes of the Plan, a "Change in Control" shall mean any of the following events:

(i) The acquisition by any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act (a "Person")) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 15% or more of the then-outstanding Shares of Common Stock plus any other outstanding shares of stock of the Corporation entitled to vote in the election of directors (the "Outstanding Corporation Voting Securities"); provided, however, that the Corporation and any employee benefit plan (or related trust) sponsored by it shall not be deemed to be a Person; or

(ii) A change in the composition of the Board such that the individuals who constitute the Board (the "Incumbent Board") cease for any reason to constitute at least a majority of the Board. For this purpose, any individual whose election or nomination for election by the Corporation's shareholders was approved by a vote of at least two-thirds of the directors then comprising the Incumbent Board shall be considered a member of the Incumbent Board; or

(iii) The consummation of a reorganization, merger, statutory share exchange or consolidation or similar corporate transaction involving the Corporation or any of its subsidiaries or a sale or other disposition of substantially all of the assets of the Corporation or a material acquisition of assets or stock of another entity by the Corporation or any of its subsidiaries, (each, a "Business Combination") if:

A. the individuals and entities that were the beneficial owners of the Outstanding Corporation Voting Securities immediately prior to such Business Combination do not beneficially own, directly or indirectly, more than 50% of the then-outstanding shares of stock and the combined voting power of the then-outstanding voting securities of the corporation resulting from such Business Combination; or

B. a Person beneficially owns, directly or indirectly, 15% or more of the then-outstanding shares of stock of the corporation resulting from such Business Combination; or

C. members of the Incumbent Board do not comprise at least a majority of the members of the board of directors of the corporation resulting from such Business Combination; or

---

(iv) The approval by the shareholders of the Corporation of a complete liquidation or dissolution of the Corporation.

SECTION 11. Qualified Performance-Based Awards

a. The provisions of this Plan are intended to ensure that all Options, Stock Appreciation Rights, Performance Share Units and other Qualified Performance-Based Awards granted hereunder to any Participant who is or may be a "covered employee" (within the meaning of Section 162(m)(3) of the Code) qualify for the Section 162(m) Exemption, and all such Awards and this Plan shall be interpreted and operated consistent with that intention.

b. Each Qualified Performance-Based Award (other than an Option or Stock Appreciation Right) shall be earned, vested and payable (as applicable) only upon the achievement of one or more Performance Targets, together with the satisfaction of any other conditions, such as continued employment, as the Committee may determine to be appropriate. Qualified Performance-Based Awards may not be amended, nor may the Committee exercise discretionary authority in any manner that would cause the Qualified Performance-Based Award to cease to qualify for the Section 162(m) Exemption; provided, however; that the Committee may provide, either in connection with the grant of the applicable Award or by amendment thereafter, that achievement of such Performance Targets will be waived: (i) upon the death or Disability of the Participant (or under any other circumstance with respect to which the existence of such possible waiver will not cause the Award to fail to qualify for the Section 162(m) Exemption); and (ii) in accordance with Section 10 herein.

c. The Committee shall certify to the measurement of performance by the Corporation and the business units relative to Performance Targets and the resulting vesting achievement percentage. The Committee shall rely on such financial information and other materials as it deems necessary and appropriate to enable it to certify to the percentage of achievement of Performance Targets. The Committee shall make its vesting determination not later than the end of the first quarter following the end of the performance measurement period.

SECTION 12. Term, Amendment and Termination

a. *Effective Date*. The Plan shall be effective as of the date of approval by the shareholders of the Corporation (the "Effective Date").

b. *Termination*. The Plan will terminate on the fifth anniversary of the Plan's Effective Date. Awards outstanding shall not be affected or impaired by the termination of the Plan.

c. *Amendment of Plan*. The Board may amend, alter, or discontinue the Plan, but no amendment, alteration or discontinuation shall be made which would materially impair the rights of a Participant with respect to a previously granted Award without such Participant's consent, except an amendment made to comply with applicable law, stock exchange rules or accounting rules. In addition, no amendment shall be made without the approval of the Corporation's shareholders to the extent such approval is required by applicable law or the listing standards of the Exchange.

d. *Amendment of Awards*. Subject to Section 10, the Committee may unilaterally amend the terms of any Award theretofore granted, prospectively or retroactively, but no such amendment shall cause a Qualified Performance-Based Award to cease to qualify for the Section 162(m) Exemption or be made without the Participant's consent if such amendment materially impairs the rights of any Participant with respect to an Award, except amendments made to cause the Plan or Award to comply with applicable law, stock exchange rules, tax rules or accounting rules. The Committee may unilaterally amend the terms of any Award theretofore granted, as appropriate, in the event that performance criteria are achieved earlier than planned targets.

SECTION 13. General Provisions

a. *Nature of Payments*. All Awards made pursuant to this Plan are in consideration of services performed for the Corporation or its Affiliates. Any gain realized pursuant to such Awards constitutes a special incentive payment to the Participant and shall not be taken into account as compensation for purposes of any of the employee benefit plans of the Corporation or any Affiliate. Nothing contained in the Plan shall prevent the Corporation or any Subsidiary or Affiliate from adopting other or additional compensation arrangements for its employees.

---

b. *Unfunded Plan*. The Plan constitutes an "unfunded" plan for incentive and deferred compensation. Neither the Corporation nor the Committee shall have any obligation to segregate assets or establish a trust or other arrangements to meet the obligations created under the Plan. Any liability of the Corporation to any Participant with respect to an Award shall be based solely upon contractual obligation created by the Plan and the Award Agreement. No such obligation shall be deemed to be secured by any pledge or encumbrance on the property of the Corporation.

c. *No Contract of Employment*. The Plan shall not constitute a contract of employment, and adoption of the Plan or granting of an Award shall not confer upon any employee the right to continued employment, nor shall it interfere in any way with the right of the Corporation or any Subsidiary or Affiliate to terminate the employment of any employee at any time.

d. *Required Taxes*. No later than the date an amount first becomes includible in gross income with respect to any Award, Participants must pay to the Corporation, or make arrangements satisfactory to the Corporation regarding the payment of, any federal, state, local or foreign taxes of any kind required by law to be withheld with respect to such amount. Unless otherwise determined by the Corporation, withholding obligations may be settled with Common Stock, including Common Stock that is part of the Award that gives rise to the withholding requirement; provided, however, that not more than the legally required minimum withholding may be settled with Common Stock. The obligations of the Corporation under the Plan and any Award Agreement shall be conditional on such payment or arrangements, and the Corporation and its Affiliates shall, to the extent permitted by law, have the right to deduct any such taxes from any payment otherwise due to such Participant. Nothing in this section or in this Plan shall prohibit the Committee from authorizing the Corporation to enact gross-up provisions as part of any Award granted herein.

e. *Forfeiture of Interests and Gains Upon Certain Events*. All Awards, including vested Awards, shall be forfeited, and a Participant shall be obligated to repay gains previously realized from Awards upon any of the following events:

(1) Termination of Employment for Cause, as defined in any applicable employment contract, employment letter, consulting or similar agreement or in material contravention of any standard conduct required by the Corporation's Code of Business Conduct;

(2) if within three years following any Termination of Employment the Committee or the Corporation determines that the Participant engaged in conduct that would have constituted the basis for a Termination of Employment for Cause; or

(3) if at any time during the twelve month period immediately following any Termination of Employment, a Participant: (i) solicits for employment or otherwise attempts to retain the professional services of any individual then employed or engaged by the Corporation (other than a person performing secretarial or similar services) or who was so employed or engaged during the three month period preceding such solicitation; or (ii) publicly disparages the Corporation or any of its officers, directors or senior executive employees or otherwise makes any public statement that is materially detrimental to the interests of the Corporation or such individuals.

Following any of these events and immediately upon notice from the Corporation, the Participant must repay an amount equal to all income or gain realized in respect of any Awards on and after the earlier of (A) the date that is twelve months prior to the Date of Termination of Employment or (B) the date the conduct occurred that constituted the basis for termination for Cause in (1) or (2) above. The amount of repayment shall include, without limitation: (i) gains from the exercise of Options or Stock Appreciation Rights; (ii) amounts received in connection with the delivery or sale of Shares or cash paid in respect of any Award; and (iii) any dividends, dividend equivalents or other distributions received in respect of any Award. There shall be no forfeiture or repayment under this Section 13 (e) following a Change in Control.

f. *Certain Deferrals*. The Committee may from time to time establish procedures pursuant to which a Participant may elect to defer, until a date later than the date a Performance Share Unit would otherwise become vested and payable. In the event of such a deferral, the deferred Units will be credited with dividend equivalents to be re-invested in additional Units or paid in cash, at the election of the Participant.

g. *Designation of Death Beneficiary*. The Committee shall establish such procedures as it deems appropriate for a Participant to designate a beneficiary to whom any amounts payable in the event of such Participant's death are to be paid or by whom any rights of such Eligible Individual, after such Participant's death, may be exercised.

h. G*overning Law and Interpretation*. The Plan and all Awards made and actions taken thereunder shall be governed by and construed in accordance with the laws of the State of Delaware, without reference to principles of conflict of laws and, where applicable, the laws of the United States. The captions of this Plan are not part of the provisions hereof and shall have no force or effect.

i. N*on-Transferability*. Awards under the Plan are not transferable except by will or by the laws of descent and distribution. The Committee may provide that certain Options and Stock Appreciation Rights may be transferred to a Participant's children or family members, whether directly or indirectly by means of a trust, partnership or otherwise. "Family member" shall have the meaning given to such term in General Instructions A.1(a)(5) to Form S-8 under the Securities Act of 1933, as amended, and any successor thereto. Options and Stock Appreciation Rights shall be exercisable only by the applicable Participant, the guardian or legal representative of such Participant, or any person to whom such Option or Stock Appreciation Right is permissibly transferred pursuant to Section 13(i).

j. *Foreign Employees and Foreign Law Considerations*. The Committee may grant Awards to Eligible Individuals who are foreign nationals, who are located outside the United States or who are not compensated from a payroll maintained in the United States, or who are otherwise subject to (or could cause the Corporation to be subject to) legal or regulatory provisions of countries or jurisdictions outside the United States, on such terms and conditions different from those specified in the Plan as may, in the judgment of the Committee, be necessary or desirable to foster and promote achievement of the purposes of the Plan, and, in furtherance of such purposes, the Committee may make such modifications, amendments, procedures, or subplans as may be necessary or advisable to comply with such legal or regulatory provisions.

APPENDIX H
TETON PETROLEUM COMPANY
2003 EMPLOYEE STOCK OPTION PLAN
(As Amended, Subject to Shareholder Approval)

1. Purposes

This 2003 Stock Option Plan (the "Plan") is intended to attract and retain the best available personnel for positions with Teton Petroleum Company or any of its subsidiary corporations (collectively, the "Company"), and to provide additional incentive to such employees and others to exert their maximum efforts toward the success of the Company. The above aims will be effectuated through the granting of certain stock options. Under the Plan, options may be granted which are intended to qualify as Incentive Stock Options ("ISOs") under Section 422 of the Internal Revenue Code of 1986 (the "Code") or which are not ("Non-ISOs") intended to qualify as Incentive Stock Options thereunder. The term "subsidiary corporation" shall, for the purposes of the Plan, be defined in the same manner as such term is defined in Section 424(f) of the Code and shall include a subsidiary of any subsidiary.

2. Administration of the Plan

(a) The Plan shall be administered by the Board of Directors of the Company (the "Board of Directors"), as the Board of Directors may be composed from time to time, except as provided in subparagraph (b) of this Paragraph 2. The determinations of the Board of Directors under the Plan, including without limitation as to the matters referred to in this Paragraph 2, shall be conclusive. Any determination by a majority of the members of the Board of Directors at any meeting, or by written consent in lieu of a meeting, shall be deemed to have been made by the whole Board of Directors. Within the limits of the express provisions of the Plan, the Board of Directors shall have the authority, in its discretion, to take the following actions under the Plan:

(i) to determine the individuals to whom, and the time or times at which, ISOs to purchase the Company's shares of Common Stock, par value $.001 per share ("Common Shares"), shall be granted, and the number of Common Shares to be subject to each ISO,

(ii) to determine the individuals to whom, and the time or times at which, Non-ISOs to purchase the Common Shares, shall be granted, and the number of Common Shares to be subject to each Non-ISO,

(iii) to determine the terms and provisions of the respective stock option agreements granting ISOs and Non-ISOs (which need not be identical),

(iv) to interpret the Plan,

(v) to prescribe, amend and rescind rules and regulations relating to the Plan, and

(vi) to make all other determinations and take all other actions necessary or advisable for the administration of the Plan. In making such determinations, the Board of Directors may take into account the nature of the services rendered by such individuals, their present and potential contributions to the Company's success and such other factors as the Board of Directors, in its discretion, shall deem relevant. An individual to whom an option has bee granted under the Plan is referred to herein as an "Optionee."

(b) Notwithstanding anything to the contrary contained herein, the Board of Directors may at any time, or from time to time, appoint a committee (the "Committee") of at least two members of the Board of Directors, and delegate to the

Committee the authority of the Board of Directors to administer the Plan. Upon such appointment and delegation, the Committee shall have all the powers, privileges and duties of the Board of Directors, and shall be substituted for the Board of Directors, in the administration of the Plan, except that the power to appoint members of the Committee and to terminate, modify or amend the Plan shall be retained by the Board of Directors. In the event that any member of the Board of Directors is at any time not a "disinterested person," as defined in Rule 16b-3(c)(3)(i) promulgated pursuant to the Securities Exchange Act of 1934, the Plan shall not be administered by the Board of Directors, and may only by administered by a Committee, all the members of which are disinterested persons, as so defined. The Board of Directors may from time to time appoint members of the Committee in substitution for or in addition to members previously appointed, may fill vacancies in the Committee and may discharge the Committee. A majority of the Committee shall constitute a quorum and all determinations shall be made by a majority of its members. Any determination reduced to writing and signed by a majority of the members shall be fully as effective as if it had been made by a majority vote at a meeting duly called and held. Members of the Committee shall not be eligible to participate in this Plan.

---

3. Shares Subject to the Plan

The total number of Common Shares which shall be subject to ISOs and Non-ISOs granted under the Plan (collectively, "Options") shall be 3,000,000 in the aggregate, subject to adjustment as provided in Paragraph 8. The Company shall at all times while the Plan is in force reserve such number of Common Shares as will be sufficient to satisfy the requirements of outstanding Options. The Common Shares to be issued upon exercise of Options shall in whole or in part be authorized and unissued or reacquired Common Shares. The unexercised portion of any expired, terminated or canceled Option shall again be available for the grant of Options under the Plan.

4. Eligibility

(a) Subject to subparagraphs (b) and (c) of this Paragraph 4, Options may be granted to key employees, officers, directors or consultants of the Company, as determined by the Board of Directors.

(b) An ISO may be granted, consistent with the other terms of the Plan, to an individual who owns (within the meaning of Sections 422(b)(6) and 424(d) of the Code), more that ten (10%) percent of the total combined voting power or value of all classes of stock of the Company or a subsidiary corporation (any such person, a "Principal Stockholder") only if, at the time such ISO is granted, the purchase price of the Common Shares subject to the ISO is an amount which equals or exceeds one hundred ten percent (110%) of the fair market value of such Common Shares, and such ISO by its terms is not exercisable more than five (5) years after it is granted.

(c) A director or an officer of the Company who is not also an employee of the Company and consultants to the Company shall be eligible to receive Non-ISOs but shall not be eligible to receive ISOs.

(d) Nothing contained in the Plan shall be construed to limit the right to the Board of Directors to grant an ISO and Non-ISO concurrently under a single stock option agreement so long as each Option is clearly identified as to its status. Furthermore, if an Option has been granted under the Plan, additional Options may be granted from time to time to the Optionee holding such Options, and Options may be granted from time to time to one or more employees, officers or directors who have not previously been granted Options.

(e) To the extent that the grant of an Option results in the aggregate fair market value (determined at the time of grant) of the Common Shares (or other capital stock of the Company or any subsidiary) with respect to which Incentive Stock Options are exercisable for the first time by an Optionee during any calendar year (under all plans of the Company and subsidiary corporation) to exceed $100,000, such Options shall be treated as a Non-ISO. The provisions of this subparagraph (e) of Paragraph 4 shall be construed and applied in accordance with Section 422(d) of the Code and the regulations, if any, promulgated thereunder.

5. Terms of Options

The term of each Option granted under the Plan shall be contained in a stock option agreement between the Optionee and the Company and such terms shall be determined by the Board of Directors consistent with the provisions of the Plan, including the following:

(a) The purchase price of the Common Shares subject to each ISO shall not be less than the fair market value (or in the case of the grant of an ISO to a Principal Stockholder, not less that 110% of fair market value) of such Common Shares at the time such Option is granted. Such fair market value shall be determined by the Board of Directors and, if the Common Shares are listed on a national securities exchange or traded on the over-the-counter market, the fair market value shall be the mean of the highest and lowest trading prices or of the high bid and low asked prices of the Common Shares on such exchange, or on the over-the-counter market as reported by the NASDAQ system or the National Quotation Bureau, Inc., as the case may be, on the day on which the ISO is granted or, if there is no trading

or bid or asked price on that day, the mean of the highest and lowest trading or high bid and low asked prices on the most recent day preceding the day on which the ISO is granted for which such prices are available.

(b) The purchase price of the Common Shares subject to each Non-ISO shall not be less than 85% of the fair market value of such Common Shares at the time such Option is granted. Such fair market value shall be determined by the Board of Directors in accordance with subparagraph (a) of this Paragraph 5. The purchase price of the Common Shares subject to each Non-ISO shall be determined at the time such Option is granted.

(c) The dates on which each Option (or portion thereof) shall be exercisable and the conditions precedent to such exercise, if any, shall be fixed by the Board of Directors, in its discretion, at the time such Option is granted.

(d) The expiration of each Option shall be fixed by the Board of Directors, in its discretion, at the time such Option is granted; however, unless otherwise determined by the Board of Directors at the time such Option is granted, an Option shall be exercisable for ten (10) years after the date on which it was granted (the "Grant Date"). Each Option shall be subject to earlier termination as expressly provided in Paragraph 6 hereof or as determined by the Board of Directors, in its discretion, at the time such Option is granted.

(e) Options shall be exercised by the delivery by the Optionee thereof to the Company at its principal office, or at such other address as may be established by the Board of Directors, of written notice of the number of Common Shares with respect to which the Option is being exercised accompanied by payment in full of the purchase price of such Common Shares. Payment for such Common Shares may be made (as determined by the Board of Directors) (i) in cash, (ii) by certified check or bank cashier's check payable to the order of the Company in the amount of such purchase price, (iii) by a promissory note issued by the Optionee in favor of the Company in the amount equal to such purchase price and payable on terms prescribed by the Board of Directors, which provides for the payment of interest at a fair market rate, as determined by the Board of Directors, (iv) by delivery of capital stock to the Company having a fair market value (determined on the date of exercise in accordance with the provisions of subparagraph (a) of this Paragraph 5) equal to said purchase price, or (v) by any combination of the methods of payment described in clauses (i) through (iv) above.

(f) An Optionee shall not have any of the rights of a stockholder with respect to the Common Shares subject to his Option until such shares are issued to him upon the exercise of his Option as provided herein.

(g) No Option shall be transferable, except by will or the laws of descent and distribution, and any Option may be exercised during the lifetime of the Optionee only by him. No Option granted under the Plan shall be subject to execution, attachment or other process.

6. Death or Termination of Employment

(a) If employment or other relationship of an Optionee with the Company shall be terminated voluntarily by the Optionee and without the consent of the Company or for "Cause" (as hereinafter defined), and immediately after such termination such Optionee shall not then be employed by the Company, any Options granted to such Optionee to the extent not theretofore exercised shall expire forthwith. For purposes of the Plan, "Cause" shall mean "Cause" as defined in any employment agreement ("Employment Agreement") between Optionee and the Company, and, in the absence of an Employment Agreement or in the absence of a definition of "Cause" in such Employment Agreement, "Cause" shall mean (i) any continued failure by the Optionee to obey the reasonable instructions of the President or any member of the Board of Directors, (ii) continued neglect by the Optionee of his duties and obligations as an employee of the Company, or a failure to perform such duties and obligations to the reasonable satisfaction of the President or the Board of Directors, (iii) willful misconduct of the Optionee or other actions in bad faith by the Optionee which are to the detriment of the Company, including without limitation commission of a felony, embezzlement or misappropriation of funds or commission of any act of fraud or (iv) a breach of any material provision of any Employment Agreement not cured within 10 days after written notice thereof.

(b) If such employment or other relationship shall terminate other than (i) by reason of death, (ii) voluntarily by the optionee and without the consent of the Company, or (iii) for Cause, and immediately after such termination such Optionee shall not them be employed by the Company, any Options granted to such Optionee may be exercised at any time within three months after such termination, subject to the provisions of subparagraph (d) of this Paragraph 6. After such three-month period, the unexercised Options shall expire. For the purposes of the Plan, the retirement of an Optionee either pursuant to a pension or retirement plan adopted by the Company or on the normal retirement date prescribed from time to time by the Company, and the termination of employment as a result of a disability (as defined in Section 22(e) (3) of the Code) shall be deemed to be a termination of such Optionee's employment or other relationship other than voluntarily by the Optionee or for Cause.

(c) If an Optionee dies (i) while employed by, or engaged in such other relationship with, the Company or (ii) within three months after the termination of his employment or other relationship other than voluntarily by the Optionee and without the consent of the Company or for Cause, any options granted to such Optionee may be exercised at any time within twelve months after such Optionee's death, subject to the provisions of subparagraph (d) of this Paragraph 6. After the three month period, the unexercised Options shall expire.

(d) An Option may not be exercised pursuant to this paragraph 6 except to the extent that the Optionee was entitled to exercise the Option at the time of termination of employment or Such other relationship, or death, and in any event may not be exercised after the expiration of the earlier of (i) the term of the option or (ii) ten (10) years from the date the Option was granted, or five (5) years from the date an ISO was granted if the optionee was a Principal Stockholder at that date.

7. Leave of Absence.

For purposes of the Plan, an individual who is on military or sick leave or other bona fide leave of absence (such temporary employment by the United States or any state government) shall be considered as remaining in the employ of the Company for 90 days or such longer period as shall be determined by the Board of Directors.

8. Option Adjustments.

(a) The aggregate number and class of shares as to which Options may be granted under the Plan, the number and class shares covered by each outstanding Option and the exercise price per share thereof (but not the total price), and all such Options, shall each be proportionately adjusted for any increase and decrease in the number of issued Common Shares resulting from any split-up, spin-off or consolidation of shares or any like Capital adjustment or the payment of any stock dividend.

(b) Except as provided in subparagraph (c) of this Paragraph 8, upon a merger, consolidation, acquisition of property or stock, separation, reorganization (other than a merger or reorganization of the Company in which the holders of Common Shares immediately prior to the merger or reorganization have the same proportionate ownership of Common Shares in the surviving corporation immediately after the merger or reorganization) or liquidation of the Company, as a result of which the stockholders of the Company receive cash, stock or other property in exchange for their Common Shares, any Option granted hereunder shall terminate; but, provided that the Optionee shall have the right immediately prior to any such merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation to exercise his Option in whole or in part whether or not the vesting requirements set forth in the stock option agreement have been satisfied.

(c) If the stockholders of the Company receive capital stock of another corporation (“Exchange Stock”) in exchange for their Common Shares in any transaction involving a merger, consolidation, acquisition of property or stock, separation or reorganization (other than a merger or reorganization of the Company in which the holders of Common Shares immediately prior to the merger or reorganization have the same proportionate ownership of Common Shares in the surviving corporation immediately after the merger or reorganization), all options granted hereunder shall terminate in accordance with the provision of subparagraph (b) of this Paragraph 8 unless the of Directors and the corporation issuing the Exchange Stock in their sole and arbitrary discretion and subject to any required action by the stockholders of the Company and such corporation, agree that all such Options granted hereunder are converted into options to purchase shares of Exchange Stock. The amount and price of such options shall be determined by adjusting the amount and price of the Options granted hereunder in the same proportion as used for determining the number of shares of Exchange Stock the holders of the Common Shares receive in such merger, consolidation, acquisition of property or stock, separation or reorganization. The vesting schedule set forth in the stock option agreement shall continue to apply to the options granted for the Exchange Stock.

(d) All adjustments pursuant to this Paragraph 8 shall be made by the Board of Directors and its determination as to what adjustments shall be made, and the extent thereof, shall be final, binding and conclusive.

---

9. Further Conditions of Exercise.

(a) Unless prior to the exercise of an Option the Common Shares issuable upon such exercise are the subject of a registration statement filed with the Securities and Exchange Commission pursuant to the Securities Act of 1933, as amended (the "Securities Act"), and there is then in effect a prospectus filed as part of such registration statement meeting the Requirements of Section 10(a)(3) of the Securities Act, the notice of exercise with respect to such Option shall be accompanied by a representation or agreement of the individual exercising the Option to the Company to the effect that such shares are being acquired for investment only and not with a view to the resale or distribution thereof, or such other documentation as may be required by the Company, unless, in the opinion of counsel to the Company, such representation, agreement or documentation is not necessary to comply with the Securities Act.

(b) Anything in the Plan to the contrary notwithstanding, the Company shall not be obligated to issue or sell any Common Shares until they have been listed on each securities exchange on which the Common Shares may then be listed and until and unless, in the opinion of counsel to the Company, the Company may issue such shares pursuant to a qualification or an effective registration statement, or an exemption from registration, under such state and federal laws, rules or regulations as such counsel may deem applicable. The Company shall use reasonable efforts to effect such listing, qualification and registration, as the case may be.

10. Termination, Modification and Amendment

(a) The Plan (but not Options previously granted under the Plan) shall terminate ten (10) years from the earlier of the date of its adoption by the Board of Directors or the date on which the Plan is approved by the affirmative vote of the holders of a majority of the outstanding shares of capital stock of the Company entitled to vote thereon, and no Option shall be granted after termination of the Plan.

(b) The Plan may at any time be terminated and from time to time be modified or amended by the affirmative vote of the holders of a majority of the outstanding shares of the capital stock of the Company present, or represented, and entitled to vote at a meeting duly held in accordance with the applicable laws of the State of Delaware.

(c) The Board of Directors of the Company may at any time terminate the Plan or from time to time make such modifications or amendments of the Plan as it may deem advisable; provided, however, that the Board of Directors shall not (i) modify or amend the Plan in any way that would disqualify any ISO issued pursuant to the Plan as an Incentive Stock Option or (ii) without approval by the affirmative vote of the holders of a majority of the outstanding shares of the capital stock of the Company present, or represented, and entitled to vote at a meeting duly held in accordance with the applicable laws of the State of Delaware, increase (except as provided by Paragraph 8) the maximum number of Common Shares as to which Options may be granted under the Plan or change the class of persons eligible to Options under the Plan.

(d) No termination, modification or amendment of the Plan may adversely affect the rights conferred by any Options the consent of the Optionee thereof.

11. Effectiveness of the Plan

The Plan shall become effective upon adoption by the Board of Directors. The Plan shall be subject to approval by the affirmative vote of the holders of a majority of the outstanding shares of the capital stock of the Company entitled to vote thereon within one year following adoption of the Plan by the Board of Directors, and all Options granted prior to such approval shall be subject thereto. In the event such approval is withheld, the Plan and all Options which may have been granted thereunder shall become null and void.

12. Not a Contract of Employment

Nothing contained in the Plan or in any stock option agreement executed pursuant hereto shall be deemed to confer upon any individual to whom an Option is or may be granted hereunder any right to remain in the employ of, or in another relationship with, the relationship with, the Company.

---

13. Miscellaneous

(a) Nothing contained in the Plan or in any stock option agreement executed pursuant hereto shall be deemed to confer upon any individual to whom an Option is or may be granted hereunder any right to remain in the employ of, or other relationship with, the Company.

(b) If an Option has been granted under the Plan, additional Options may be granted from time to time to the Optionee, and Options may be granted from time to time to one or more individuals who have not previously been granted options.

(c) Nothing contained in the Plan shall be construed to limit the right of the Company to grant options otherwise than under the Plan in connection with the acquisition of the business and assets of any corporation, firm, person or association, including options granted to employees thereof who become employees of the Company, nor shall the provisions of the Plan be to limit the right of the Company to grant options Otherwise than under the Plan for other proper corporate purposes.

(d) The Company shall have the right to require the Optionee to pay the Company the cash amount of any taxes the Company is required to withhold in connection with the exercise of an Option.

(e) No award under this Plan shall be taken into account in determining an Optionee's compensation for purposes of an employee benefit plan of the Company.
