PROXY STATEMENT

Edgar Filing: INTELLIGENT SYSTEMS CORP - Form DEF 14A

FOR THE ANNUAL MEETING OF SHAREHOLDERS TO BE HELD MAY 23, 2002

We are sending this Proxy Statement to the shareholders of Intelligent Systems Corporation in connection with the solicitation of proxies by the Board of Directors to be voted at the 2002 Annual Meeting of Shareholders of Intelligent Systems Corporation and any adjournment thereof. The Annual Meeting will be held on May 23, 2002 at our corporate offices located at 4355 Shackleford Road, Norcross, Georgia at 4:00 p.m. local time. We expect to mail this Proxy Statement and the accompanying proxy to shareholders on or about April 12, 2002. Only one annual report and proxy statement will be delivered to multiple shareholders who share the same address unless you request additional copies. We will provide additional copies if you write to the Secretary of the company and request additional copies at 4355 Shackleford Road, Norcross, Georgia 30093 or if you call the secretary of the company at (770) 381-2900. You may contact us at this address and telephone number to either specify that you wish to receive separate copies in the future or, if you are already receiving separate copies, to request only a single copy in the future.

VOTING

GENERAL

The securities that can be voted at the Annual Meeting consist of common stock of Intelligent Systems Corporation, \$.01 par value per share. Each share entitles its owner to one vote on each matter submitted to the shareholders. The record of shareholders entitled to vote at the Annual Meeting was taken as of the close of business on Friday, April 5, 2002. On that date, we had outstanding and entitled to vote 4,495,530 shares of common stock with each share entitled to one vote.

QUORUM

A majority of the outstanding shares of our common stock must be present, in person or by proxy, to constitute a quorum at the Annual Meeting. We will treat shares that are withheld or abstain from voting as present at the Annual Meeting for purposes of determining a quorum. If a broker, bank, custodian, nominee or other record holder of our common stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular matter, the shares held by that record holder (referred to as "broker non-votes") will also be counted as present in determining whether we have a quorum.

PROXIES

At the Annual Meeting, the persons named as proxies will vote all properly executed proxy cards delivered in connection with this solicitation and not revoked in accordance with the directions given. Shareholders should specify their choices with regard to the proposal to be voted upon on the accompanying proxy card. IF NO SPECIFIC INSTRUCTIONS ARE GIVEN WITH REGARD TO THE MATTER TO BE VOTED UPON, THEN THE SHARES REPRESENTED BY A SIGNED PROXY CARD WILL BE VOTED "FOR" THE ELECTION OF THE DIRECTOR NOMINEES. If any other matters properly come before the Annual Meeting, the persons named as proxies will vote upon such matters according to their judgment.

You may revoke your proxy card delivered in connection with this solicitation at any time by:

- giving written notice to the Secretary of the company at 4355

Edgar Filing: INTELLIGENT SYSTEMS CORP - Form DEF 14A

Shackleford Road, Norcross, Georgia 30093 prior to the Annual Meeting,
or

- executing and delivering to the Secretary a later dated proxy, or
- voting in person at the Annual Meeting.

You cannot revoke your proxy as to any matter upon which, prior to such revocation, a vote has been cast in accordance with the authority conferred by such proxy.

We will pay all expenses incurred in connection with the solicitation of proxies. Such costs include charges by brokers, fiduciaries and custodians for forwarding proxy materials to beneficial owners of stock held in their names. We may solicit proxies by mail, telephone and personal contact by directors, officers, and employees of the company without additional compensation.

PROPOSAL NO. 1 -- THE ELECTION OF TWO DIRECTORS

NOMINEES

At the Annual Meeting of Shareholders, shareholders will elect two directors to the Board of Directors to serve a three-year term until the 2005 Annual Meeting of Shareholders. The other directors' terms expire at the Annual Meeting of Shareholders listed below for each category of directors or until their earlier death, resignation or removal from office. Directors are elected by a plurality of the shares present and voting at the meeting. A "plurality" means that the individual who receives the largest number of votes cast is elected as director up to the maximum number of directors to be chosen at the meeting. Therefore, shares that are withheld or abstain from voting and broker

Edgar Filing: INTELLIGENT SYSTEMS CORP - Form DEF 14A

non-votes will have no effect on the outcome of the vote. Unless contrary instructions are given, the persons named as proxies will vote the shares represented by a signed proxy card "FOR" the nominees.

If either of the nominees withdraws or for any reason or is not able to serve as a director, the proxy will be voted for another person designated by the Board of Directors as substitute nominee, but in no event will the proxy be voted for more than two nominees. The Board of Directors has no reason to believe that either nominee will not serve if elected.

The Board of Directors has nominated the persons named below to serve as directors of the company. The nominees are currently directors of the company. The nominees and other directors gave us the following information concerning their current age, other directorships, positions with the company, principal employment and shares of our common stock beneficially owned as of March 15, 2002.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE PROPOSAL TO ELECT THE NOMINEES LISTED BELOW AS DIRECTORS OF THE COMPANY.

COMPENSATION OF DIRECTORS

Non-employee directors earn \$8,000 per year plus a fee of \$2,000 per meeting day. Total compensation is capped at \$16,000 annually. Effective January 1, 1992, the company adopted the Outside Directors' Retirement Plan which provides for each non-employee director, upon resignation from the Board after reaching the age of 65, to receive a lump sum cash payment equal to \$5,000 for each full year of service as a director of the company (and its predecessors and successors) up to \$50,000. Effective August 22, 2000, the company adopted the Non-Employee Director Stock Option Plan which provides for an initial grant to each director of 5,000 options to purchase common stock of the company and annual grants of 4,000 options on the date of each subsequent Annual Meeting. Options are granted at fair market value on the date of grant.

-6-

CHANGE-IN-CONTROL ARRANGEMENTS

Effective January 1, 1992, we adopted the Change in Control Plan for Officers so that if control of the company changes in the future, management would be free to act on behalf of the company and its shareholders without undue concern for the possible loss of future compensation. A "change in control" means either: (i) the accumulation by an unrelated person of beneficial ownership of more than 25 percent of the company's common stock, (ii) the sale of all or substantially all of the company's assets to an unrelated person, in a merger or otherwise, or (iii) a change of control within the meaning of the rules promulgated by the Securities and Exchange Commission.

Under the Change in Control Plan, if the employment of an officer of the company terminates for any reason within 12 months of a change in control, the officer would receive a lump sum cash payment in an amount equal to twice the total of (i) such officer's base annual salary at the time of termination, (ii) the cash value of annual benefits, and (iii) such officer's bonus for the most recent year, if any. Additionally, upon a change in control, all options shall vest and the exercise period for all options becomes the longer of (i) one year after the date of termination or (ii) the exercise period specified in the officer's option agreement. The right to such benefits would lapse one year after the occurrence of the last change in control event to occur if there were no actual termination during that period. Currently, J. Leland Strange, Francis A. Marks and Bonnie L. Herron are the only officers designated by the Board to participate in the Change in Control Plan.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors reviews and approves compensation paid by the company to its executive officers. The Compensation Committee reviews compensation of the executive officers annually, with input from the Chief Executive Officer. The Stock Plan Committee is responsible for administering the 1991 Stock Incentive Plan, including selecting individuals who will receive stock option grants and determining the timing, pricing and amounts of the options granted. The Plan Committee reviewed and granted stock options to executive officers in 1991, 1995 and 1996. Both committees are comprised of three non-employee directors of the company. The

Edgar Filing: INTELLIGENT SYSTEMS CORP - Form DEF 14A

last grants of options to executive officers were in 1996 and the Plan expired in December 2001.

The Securities and Exchange Commission requires that all compensation committees discuss how the companies that they serve intend to deal with the cap on the deductibility of compensation over \$1 million for proxy-named executive officers. Given our current level of executive compensation, it is not necessary to consider this issue.

The basic goal of our compensation program for executive officers is to:

- fairly compensate executive officers in line with their responsibilities and contribution to the company
- reward management for achievement of financial or other measurable goals of the company and specified subsidiaries, where the contribution of the executive can be tied to operations under his/her control
- align management's compensation with shareholder interests as measured by stock price appreciation

The compensation of executive officers consists of a base salary, a cash incentive and long-term compensation consisting of previously granted stock options. Because the company does not have readily identifiable comparative companies, the Compensation Committee determines

-7-

the base salary. The Committee intends the base salary to be in the median range for persons with similar experience and scope of responsibility. The Committee considers a number of subjective factors including the nature, scope and variety of responsibilities of each executive as well as the company's financial results and condition. The Committee considers an individual executive's performance in a variety of functions which may include line responsibility for established as well as start-up companies, corporate development activities (including acquisitions and investments), completion of significant transactions, contribution to and management of the company's minority-owned businesses and other corporate functions.

Cash incentives are earned by the named executives based on achievement of goals of the company as a whole or those subsidiaries or projects for which the named executive has management responsibility.

Our long-term incentive compensation plan is based on the 1991 Stock Incentive Plan which was designed to reward executives for increases in the market price of our stock, thus linking the interest of executives and shareholders. The Plan Committee, in its sole discretion, grants options to those individuals whose contribution is most likely to have an impact on our overall performance and price of the company's common stock. The Committee intends for the number of options granted to an individual executive to provide an adequate financial incentive over a three to five year time frame and to provide the executives with an equity interest in the company. The number of options granted to an executive officer depends upon a subjective evaluation of the individual's contribution to the company. The Committee did not award any options to executives in the three years ended December 31, 2001 and the Plan expired in December 2001. The Board of Directors expects to consider and

Edgar Filing: INTELLIGENT SYSTEMS CORP - Form DEF 14A

recommend to shareholders the adoption of a new stock option plan in the future but no decision with respect to such a plan has been made. The named executive officers each exercised all of their stock options in 2000 and currently do not have any unexercised stock options.

It is our policy to provide executives with the same benefits provided to all other employees with respect to medical, dental, life insurance and 401(k) plans.

CHIEF EXECUTIVE OFFICER COMPENSATION

The Compensation Committee reviews the compensation of the Chief Executive Officer annually. Mr. Strange, the largest shareholder of the company, does not have an employment agreement with the company. Since there have not been directly comparable peer group companies, the Committee considers a number of subjective factors in setting Mr. Strange's compensation. Some factors considered are the nature, scope and variety of his responsibilities; his contribution to increasing the value of the company's majority and minority-owned companies; the trading price of our common stock and the company's financial results and condition. The Compensation Committee believes Mr. Strange's compensation is appropriate in consideration of the scope of his position and the performance of the company. In March 2000, the Board increased Mr. Strange's annual salary to better align it with prevailing market rates, the scope of his responsibilities, and the value of his contribution to the company's operations and affiliate companies. Mr. Strange earned a bonus of \$150,000 in 2000 based on the sale of an affiliate company, Risk Laboratories, which resulted in a gain of \$8.6 million for the company. Mr. Strange earned a bonus of \$150,000 in 2001 related to the sale of an affiliate company, PaySys, in a transaction that resulted in a gain of \$17.8 million for the company. Mr. Strange was awarded stock options in 1991 and 1996 under the same conditions as described above for all executive officers. In determining the number of options granted, the Plan

-8-

Committee considered his base salary, the number of shares owned by Mr. Strange, and the number of options granted to other executives.

AUDIT COMMITTEE REPORT

The Board of Directors has adopted the Audit Committee Charter, which meets the revised requirements of The American Stock Exchange ("AMEX"). The Audit Committee Charter includes many of the recommendations of the 1999 Blue Ribbon Committee on Improving the Effectiveness of Corporate Audit Committees, sponsored by the New York Stock Exchange and the National Association of Securities Dealers. The Audit Committee Charter includes organization and membership requirements, a statement of policy and the Committee's authority and responsibilities. All members of the Audit Committee currently meet the

Edgar Filing: INTELLIGENT SYSTEMS CORP - Form DEF 14A

independence and qualification standards set forth in the AMEX listing standards.

Management is responsible for our company's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of the company's consolidated financial statements in accordance with auditing standards generally accepted in the United States and for issuing a report thereon. The Audit Committee's responsibility is generally to monitor and oversee these processes, as described in the Audit Committee's Charter. During fiscal year 2001, among its other activities, the Audit Committee:

- reviewed and discussed with management and the independent auditors the audited financial statements of the company as of December 31, 2001 and for the year then ended
- discussed with the independent auditors the matters required to be discussed by auditing standards generally accepted in the United States
- received from the independent auditors the written disclosures and written affirmation of their independence required by Independence Standards Board Standard No. 1 and discussed with the auditors the firm's independence

Based upon the review and discussion summarized above, the Audit Committee recommended to the Board of Directors (and the board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Securities and Exchange Commission.

Executive Officer of the company, participated as a common stockholder in the sale of all of the outstanding preferred and common stock of PaySys International, Inc., a former affiliate company, to First Data Corporation ("FDC"). The company sold its interest in PaySys to FDC for \$17.8 million as part of the sale transaction. Mr. Strange's shares, which he had owned since 1983 prior to the company's investment in PaySys in 1994, represented less than one percent of PaySys' outstanding shares. The proceeds from the sale of his PaySys stock were \$594,000, which was based on the same price per share paid to all common shareholders of PaySys by FDC.

Each of the named officers of the company participated on a pro rata basis with other shareholders of the company pursuant to the company's tender offer on July 12, 2001. In addition, each officer sold shares of common stock to the company at \$4.20 per share (which was the closing price of the company's common stock on July 20, 2001, the sale date) to meet the requirements of Section 302 of the Internal Revenue Code for capital gains treatment of

shares sold by the officers in the tender offer. J. Leland Strange, a director, President and Chief Executive Officer, and the beneficial owner of more than 5 percent of the company's common stock, sold 47,619 shares for a total sales price of \$200,000; Bonnie L. Herron, Vice President and Chief Financial Officer, sold 47,619 shares for a total sales price of \$200,000; and Francis A. Marks, Vice President, sold 18,500 shares for a total sales price of \$77,700. The officers previously reported these sale transactions on Forms 4 filed with the Securities and Exchange Commission.

On March 14, 2002, the shareholders of Risk Laboratories, a former affiliate of the company, sold their remaining ownership interests to the same buyer that had purchased majority control of Risk in March of 2000. The company and J. William Goodhew, a vice president of the company and minority shareholder in Risk, each sold their respective ownership interests along with all other minority shareholders in the \$6 million transaction. Mr. Goodhew's pro rata share of the sale proceeds was \$429,600 and the company's pro rata share was \$474,000. The company previously sold most of its ownership in Risk in several transactions totaling \$10.7 million in proceeds.
