- (1) Based upon the total number of options that we granted to our employees during 2001.
- (2) The estimated grant date present value reflected in the above table is determined using the Black-Scholes model. The material assumptions and adjustments incorporated in the Black-Scholes model in estimating the value of the options reflected in the above table include the following: (a) the respective option exercise prices, (b) the exercise of options within three and one-half years of the date that they become exercisable, (c) a risk-free interest rate of 3.04% per annum and (d) volatility of 0.9. The ultimate values of the options will depend on the future market price of our common stock, which cannot be forecast with reasonable accuracy. The actual value, if any, an optionee will realize upon exercise of an option will depend on the excess of the market value of our common stock over the exercise price on the date the option is exercised. We cannot assure you that the value realized by an optionee will be at or near the value estimated by the Black-Scholes model or any other model applied to value the options.
- (3) These options vest and become exercisable at the rate of 1/3 per year beginning on the first anniversary of the date of grant.

The following table sets forth information with respect to the named executive officers concerning exercisable and unexercisable options held as of December 31, 2001. The values of in-the-money options are based on the year-end closing price of our common stock as of December 31, 2001 of \$7.06 and are net of the option exercise price.

Director Compensation

Our directors do not receive any cash fees for their service on our Board of Directors or any Board committee, but they are entitled to reimbursement for all reasonable out-of-pocket expenses incurred in connection with their attendance at Board and Board committee meetings. All Board members are eligible to receive stock options under our 2000 Long-Term Incentive Plan and our 1996 Stock Plan, and outside directors receive stock options pursuant to automatic grants of stock options under our 2000 Long-Term Incentive Plan annually on January 1. The options to purchase common stock of Medical Manager or CareInsite issued to those of our directors who previously were directors of those companies were converted into options to purchase WebMD common stock at the time of WebMD's merger transactions with those companies.

Each of Messrs. Brooke, Doerr, Manning, Sarkowsky and Smith and Dr. Adler and two of our former directors, Dennis B. Gillings and Charles G.V. Stevens, received an automatic grant of options to purchase 20,000 shares of WebMD common stock, with an exercise price equal to \$7.9375 per share, in January 2001 and an additional grant of options to purchase 20,000 shares of WebMD common stock, with an exercise price equal to \$3.43 per share, in September 2001. The options granted to Dr. Gillings and Mr. Stevens were cancelled when they resigned from our Board of Directors on October 8, 2001 and October 22, 2001, respectively.

Compensation Arrangements with Executive Officers***Arrangements with Martin J. Wygod***

In October 2001, we entered into a five-year employment agreement with Martin J. Wygod. The employment agreement provides that Mr. Wygod will be Chairman and Chief Executive Officer of WebMD. Given that WebMD satisfied the performance threshold described in the employment agreement, Mr. Wygod's annual base salary increased to \$1.4 million, effective as of October 1, 2001.

In the event of termination of Mr. Wygod's employment by us without cause or by Mr. Wygod for good reason, as those terms are defined in his employment agreement, Mr. Wygod would become a consultant for us and would be entitled to receive his salary (the greater of his actual salary and the \$1.4 million) and continuation of benefits for the longer of two years and the expiration of the term of the employment period. In addition, all options, or other forms of equity compensation, granted to Mr. Wygod which have not vested prior to the date of termination would be vested as of the date of termination and, assuming there has not been a change in control (as defined in the employment agreement), would continue to be exercisable for so long as he remains a consultant (or longer if the plan or agreement expressly provided). In the event that Mr. Wygod's employment is terminated due to death or disability,

Table of Contents

he would receive the same benefits as described above, except that his salary would continue at the rate in effect at the time of his termination.

The employment agreement provides that in the event of a change in control (as defined in the employment agreement, which definition includes certain business combination transactions) of WebMD all outstanding options and other forms of equity compensation would become immediately vested on the date of the change in control and, if following the change in control, Mr. Wygod's employment terminates for any reason other than cause, they will continue to be exercisable until the tenth anniversary of the applicable date of grant. A change in control is also an event that constitutes good reason for purposes of a termination by Mr. Wygod.

The employment agreement contains confidentiality obligations that survive indefinitely, and nonsolicitation and noncompetition obligations that continue until the second anniversary of the date his employment has ceased.

The employment agreement contains a tax gross-up provision relating to any excise tax that Mr. Wygod incurs by reason of his receipt of any payment that constitutes an excess parachute payment as defined in Section 280G of the Internal Revenue Code.

Arrangements with Kevin M. Cameron

We are party to an employment agreement with Kevin Cameron, Executive Vice President Business Development and Member of the Office of the President, which provides for an employment period through April 4, 2005. Mr. Cameron is currently on medical leave from our company.

In the event of the termination of Mr. Cameron's employment by us without cause or by him for good reason, as those terms are defined in Mr. Cameron's employment agreement, he would be entitled to a continuation of his base salary (\$450,000 per year) for twelve months. In addition, 20% of the stock options granted to Mr. Cameron in connection with his initial employment would remain outstanding and continue to vest and become exercisable as if he remained in our employ through the next scheduled vesting date of each option. Any shares that vested on or prior to the date of termination will remain outstanding for three years from the date of termination and any shares that vest after the date of termination will remain outstanding for three years from the date of such vesting. The option granted on August 21, 2000 would be deemed fully vested and remain outstanding through the tenth anniversary of the date of grant. A change in control (as defined in the employment agreement) is an event that constitutes good reason. A change in control only occurs if there is a business combination and Martin J. Wygod is no longer either the Chairman of the Board or a senior executive officer of the acquiring company with responsibilities substantially equivalent to the responsibilities that he had prior to the change in control. Our mergers with Medical Manager and CareInsite were expressly excluded from the definition of a change in control.

In the event of the termination of Mr. Cameron's employment due to his death or disability, he would be entitled to a continuation of his base salary for twelve months. In addition, his stock options would immediately vest on the date of termination and would remain exercisable for the period specified in the applicable option agreement.

If Mr. Cameron's employment is terminated by us for cause or by him without good reason, he is not entitled to any further compensation or benefits. In addition, Mr. Cameron would not be entitled to any additional rights or vesting with respect to the stock options following the date of termination.

The employment agreement contains confidentiality obligations, which survive indefinitely and non-solicitation and non-competition obligations that end on the first anniversary of the date employment has ceased.

Arrangements with Roger C. Holstein

We are party to an employment agreement with Roger Holstein, our Chief Executive Officer WebMD Health and Member of the Office of the President, which provides for an employment period through November 6, 2002 and which will automatically renew for successive one month periods unless prior written notice is given. Mr. Holstein currently receives an annual base salary of \$450,000.

In the event of the termination of Mr. Holstein's employment by us without cause (which includes our delivery of notice of our desire not to renew the agreement) or by him for cause, as those terms are defined in Mr. Holstein's employment agreement, he would be entitled to a continuation of his base salary for 24 months. In addition, all of Mr. Holstein's options will continue to vest and remain exercisable for two years from the date of termination.

In the event of a change in control, Mr. Holstein may resign at any time after the first anniversary of a change in control and he would continue to vest in all of his options and otherwise be treated as if he remained in our employ until the last applicable vesting date with respect to each option. A change in control only occurs if Martin J. Wygod is no longer either the Chairman of the Board, Chief Executive Officer or a senior executive officer with responsibilities substantially equivalent to the responsibilities that he had prior to the change in control.

In the event of the termination of Mr. Holstein's employment due to his death or disability, he would continue to vest and otherwise be treated as if he remained in our employ through the last vesting date applicable to each option grant.

If Mr. Holstein's employment is terminated by us for cause or by him without cause, he is not entitled to any further compensation or benefits. In addition, Mr. Holstein would not be entitled to any additional rights or vesting with respect to the stock options following the date of termination.

The employment agreement contains confidentiality obligations, which survive indefinitely and non-solicitation and non-competition obligations that end on the second anniversary of the date employment has ceased.

Arrangements with Charles A. Mele

We are party to an employment agreement with Charles A. Mele, our Executive Vice President General Counsel and Secretary, which provides for an employment period through July 1, 2006. Mr. Mele currently receives an annual base salary of \$450,000 and is entitled to receive a bonus in the same form and amount received by any other executive officer with similar responsibilities and compensation.

In the event of the termination of Mr. Mele's employment due to his death or disability, by us without cause or by Mr. Mele for good reason, as those terms are defined in Mr. Mele's employment agreement, he would be entitled to: (i) continuation of his base salary through the later of eighteen months and the expiration of the term of the agreement; (ii) any bonuses that he would have normally been entitled to through the term of his employment agreement (the amount of the bonus for years subsequent to the year in which the termination of employment occurred will be equal to the bonus received for the year of termination) and (iii) continued participation in our benefit plans (or comparable plans) for thirty-six months. In addition, all options granted to Mr. Mele which have not vested prior to the date of termination would be vested as of the date of termination and all such options would remain exercisable as if he remained in our employ through the expiration date specified in each applicable stock option agreement. A change in control (which is defined in the employment agreement) of WebMD is an event that constitutes good reason.

If Mr. Mele's employment is terminated by us for cause or by him without good reason, he is not entitled to any further compensation or benefits. In addition, Mr. Mele would not be entitled to any additional rights or vesting with respect to the stock options following the date of termination.

The employment agreement contains confidentiality obligations, which survive indefinitely and non-solicitation and non-competition obligations that end on the later of the second anniversary of the date employment has ceased and the last day of the term of the agreement.

The employment agreement contains a tax gross-up provision relating to any excise tax that Mr. Mele incurs by reason of his receipt of any payment that constitutes an excess parachute payment as defined in Section 280G of the Internal Revenue Code.

Arrangements with Michael A. Singer

We are party to an employment agreement with Michael A. Singer, our President and Chief Executive Officer WebMD Medical Manager and Member of the Office of the President, which provides for an employment period through July 23, 2004. Mr. Singer currently receives an annual base salary of \$450,000.

In the event of the termination of Mr. Singer's employment by us without cause or by Mr. Singer for good reason, as those terms are defined in Mr. Singer's employment agreement, he would be entitled to: (i) continuation of his base salary in effect at the time of termination through the later of two years from the date of termination or the expiration of the term of the employment agreement and (ii) continued participation in our benefit plans (or comparable plans) for the duration of the severance period or, if earlier, until he is eligible for comparable plans with a subsequent employer. In addition, the option granted to Mr. Singer on June 5, 2000 will be deemed fully vested and exercisable on the date of termination and would remain exercisable for the duration of the severance period. If a change in control (as defined in the employment agreement) occurs, Mr. Singer may resign for good reason at any time after the six month anniversary of the change in control (or immediately if the incumbent directors did not approve the change in control).

The merger with Medical Manager Corporation constituted a change in control and an event of good reason for purposes of Mr. Singer's employment agreement after the six month anniversary of the merger date (March 12, 2001). On September 5, 2000, Mr. Singer agreed that if he resigned following March 12, 2001 as a result of the Medical Manager merger, his severance benefits would be based upon an annual base salary of \$250,000 and his June 5, 2000 option would not vest. The option granted to Mr. Singer on July 23, 1999 was deemed fully vested on the six month anniversary of the merger.

In the event of the termination of Mr. Singer's employment due to his death or disability, he would be entitled to a continuation of his base salary and benefits for the period through the expiration of the term of the agreement. In addition, the option granted to Mr. Singer on June 5, 2000 will be deemed fully vested and exercisable on the date of termination and would remain exercisable through such period.

If Mr. Singer's employment is terminated by us for cause, he is not entitled to any further compensation or benefits. In addition, Mr. Singer would not be entitled to any additional rights or vesting with respect to the stock options following the date of termination.

The employment agreement contains confidentiality obligations, which survive indefinitely and non-solicitation and non-competition obligations that end on the later of (a) the first anniversary of the date of termination; (b) July 23, 2004; or (c) the last day on which Mr. Singer is receiving severance or benefits following his separation from the employ of our company.

Arrangements with Anthony Vuolo

We are party to an employment agreement with Anthony Vuolo, our Executive Vice President Chief Financial Officer, which provides for an employment period through July 1, 2006. Mr. Vuolo currently receives an annual base salary of \$450,000 and is entitled to receive a bonus in the same form and amount received by any other executive officer with similar responsibilities and compensation.

In the event of the termination of Mr. Vuolo's employment due to his death or disability, by us without cause or by Mr. Vuolo for good reason, as those terms are defined in Mr. Vuolo's

employment agreement, he would be entitled to: (i) continuation of his base salary through the later of eighteen months and the expiration of the term of the agreement; (ii) any bonuses that he would have normally been entitled to through the term of his employment agreement (the amount of the bonus for years subsequent to the year in which the termination of employment occurred will be equal to the bonus received for the year of termination); and (iii) continued participation in our benefit plans (or comparable plans) for thirty-six months. In addition, all options granted to Mr. Vuolo which have not vested prior to the date of termination would be vested as of the date of termination and all such options would remain exercisable as if he remained in our employ through the expiration date specified in each applicable stock option agreement. A change in control (as defined in the employment agreement) of WebMD is an event that constitutes good reason.

If Mr. Vuolo's employment is terminated by us for cause or by him without good reason, he is not entitled to any further compensation or benefits. In addition, Mr. Vuolo would not be entitled to any additional rights or vesting with respect to the stock options following the date of termination.

The employment agreement contains confidentiality obligations, which survive indefinitely and non-solicitation and non-competition obligations that end on the later of the second anniversary of the date employment has ceased and the last day of the term of the agreement.

The employment agreement contains a tax gross-up provision relating to any excise tax that Mr. Vuolo incurs by reason of his receipt of any payment that constitutes an excess parachute payment as defined in Section 280G of the Internal Revenue Code.

Arrangements with Patricia Fili-Krushel

In connection with Patricia Fili-Krushel's resignation as our Chief Executive Officer - Consumer Sales and Services, we entered into a letter agreement with Ms. Fili-Krushel effective July 13, 2001. Pursuant to the letter agreement, WebMD agreed to pay to Ms. Fili-Krushel, in installments during the three-year period following her resignation: (a) 50% of her annual base salary of \$1,000,000 from July 13, 2001 through May 13, 2004 and (b) \$750,000, which represents 50% of her minimum annual bonus of \$500,000 for 2001, 2002 and 2003. In addition, the option to purchase 550,000 shares of WebMD common stock granted to Ms. Fili-Krushel was deemed vested, but continues to become exercisable in accordance with its original terms and remains exercisable through June 15, 2004.

Ms. Fili-Krushel is subject to nonsolicitation, noncompetition and confidentiality provisions. WebMD's obligations under the letter agreement are conditioned on Ms. Fili-Krushel's compliance with these provisions.

Item 13. *Certain Relationships and Related Transactions*

Microsoft

We entered into a five-year strategic alliance with Microsoft in May 1999. In March 2001, we executed a non-binding letter of intent with Microsoft with respect to a new relationship. In April 2001, we entered into definitive agreements with Microsoft to implement the new relationship, which was effective as of January 1, 2001. In connection with the original relationship, Microsoft acquired shares of common stock and a warrant to purchase shares of common stock of WebMD, Inc. As a result of our merger with WebMD, Inc. in November 1999, the shares of common stock were converted into 11,933,340 shares of our common stock and the warrant was converted into a warrant to purchase 13,676,389 shares of our common stock at an exercise price of \$30.16 per share. We repurchased the 11,933,340 shares of common stock from Microsoft in November 2001 for approximately \$50 million in cash. The warrant is outstanding and is fully vested and expires on May 12, 2004. The original relationship and the new relationship are each described below. On October 22, 2001, Charles G.V. Stevens resigned as director of WebMD, a position to which he was elected in accordance with the terms of the original relationship.

Original Relationship. Under the terms of the original strategic relationship, WebMD developed, hosted and maintained on its servers a health channel for MSN and was required to pay Microsoft an aggregate of \$162,000,000 in carriage fees for the distribution of that content. In addition, Microsoft and WebMD each committed co-marketing funds of \$50,000,000 over the first two years of the term. During 2000, WebMD recognized \$30,562,000, as sales, marketing, general and administrative expense related to the carriage fees.

Microsoft was required to remit to WebMD 100% of the net revenue over the term of the agreement from banner and other advertising and e-commerce transactions generated on the health channel or advertising that Microsoft placed on WebMD.com each year during the term until we received an amount equal to that year's carriage fees, including guaranteed minimum amounts of \$22,500,000 in each of the first two years of the term, and was required to share revenue equally with us after that. WebMD was required to pay Microsoft a 25% commission on the portion of the revenue received up to the annual guaranteed minimum amounts for all advertisements placed by Microsoft. WebMD recognized this advertising revenue when Microsoft notified us that advertisements had been placed on the health channel and billed by Microsoft, not based on the guaranteed minimum amounts. During 2000, WebMD recognized \$5,996,000, net of commissions, related to health channel advertising.

Microsoft agreed to sponsor up to 5.0 million subscriber months, for \$29.95 per month, of subscriptions to our physician Web site over the term of the agreement. WebMD was required to pay a \$5 per month commission on all subscriptions placed by Microsoft. During 2000, WebMD recorded \$16,114,000, as revenue, net of commissions, related to subscriptions sponsored by Microsoft.

WebMD was required to share with Microsoft 50% of net revenue from banner and other advertising on our physician Web site generated by sponsored subscriptions until Microsoft received the amount it had incurred for its sponsored subscriptions. Thereafter, WebMD was required to share 25% of this revenue with Microsoft. In addition, WebMD was required to share with Microsoft 15% of WebMD's net revenue from e-commerce transactions and additional services not included in the basic subscription to WebMD's physician Web site generated by these sponsored subscriptions. There were no obligations to Microsoft during 2000 relating to this provision.

New Relationship. To implement the new relationship, the parties entered into two definitive agreements. The first agreement related to technology matters and was terminated by the parties on September 14, 2001. No payments were made by either party under the terminated agreement. Under the second agreement, we will program the majority of the MSN health channel, and WebMD and MSN will share revenues derived from advertising, sponsorship and e-commerce on the MSN health channel site, with WebMD receiving 100% of revenues up to an agreed upon annual threshold (or until an agreed upon maximum for the contract period is reached) and 60% thereafter. We will no longer pay carriage fees to

Table of Contents

Microsoft. The term of this agreement is scheduled to expire on June 30, 2004. In connection with the new relationship, the parties agreed that Microsoft would no longer be responsible for funding the sponsorship of subscriptions to WebMD's physician portal, and we would no longer be required to share with Microsoft revenue generated by physician usage of WebMD's healthcare portals.

Quintiles Transnational Corporation

As part of the transaction in which WebMD acquired Envoy Corporation from Quintiles Transnational Corp. in May 2000, WebMD entered into a Data Rights Agreement and an Internet Product Development and Marketing Agreement with Quintiles and Dennis B. Gillings, Ph.D., was appointed to the Board of Directors of WebMD, a position from which he resigned effective October 8, 2001. During 2001, Quintiles did not make any payments to WebMD pursuant to either of these agreements.

As part of a settlement of litigation between WebMD and Quintiles, the parties terminated the Data Rights Agreement and the Internet Product Development Agreement and all other agreements between them pursuant to a Settlement Agreement dated October 12, 2001. In accordance with the terms of the Settlement Agreement, on October 12, 2001, WebMD purchased from Quintiles, for \$185 million in cash, all 35 million shares of WebMD common stock held by Quintiles and Quintiles ceased being a related party of WebMD.

The Settlement Agreement also provides that Quintiles will have the right to receive a payment (payable at WebMD's option in cash and/or stock) in the event that, on or before June 30, 2004, WebMD is acquired at a price per WebMD share greater than \$4.00 or Envoy is sold at an aggregate price of greater than \$500 million. WebMD has no obligation to pursue either of these types of transactions.

In the case of an acquisition of WebMD on or before June 30, 2003, the payment to Quintiles will equal the amount by which the price paid in the acquisition exceeds \$4.00 per share, multiplied by 35 million. If the acquisition occurs after June 30, 2003 and on or before June 30, 2004, the payment will be 80% of the payment described in the prior sentence.

In the case of a sale of Envoy on or before June 30, 2003, the payment to Quintiles will equal 10% of the amount by which the price received in the sale exceeds \$500 million. If the sale occurs after June 30, 2003 and on or before June 30, 2004, the payment will be 80% of the payment described in the prior sentence.

News Corporation

Pursuant to an agreement signed and publicly announced in December 1999 and closed in January 2000, WebMD entered into a strategic relationship with The News Corporation Limited, Fox Entertainment Group and certain of their affiliates, which we refer to collectively as News Corporation. On December 29, 2000, this strategic alliance was revised by the parties. On February 15, 2001, WebMD completed all transactions related to its revised strategic relationship with News Corporation and News Corporation ceased being a related party of WebMD. The original relationship and the new relationship are described below.

Original Relationship. The financial terms of the relationship included: \$700,000,000 in media services by News Corporation, comprised of \$400,000,000 domestically and \$300,000,000 internationally over 10 years; a \$100,000,000 cash investment commitment by News Corporation in an international joint venture; a \$60,000,000 five-year licensing agreement for syndication of WebMD daily broadcast content; and the transfer to WebMD of 50% interests in The Health Network, a health-focused cable network, and thehealthnetwork.com. WebMD issued an aggregate of 155,951 shares of Series A preferred stock, convertible into 21,282,645 shares of WebMD's common stock. In addition, News Corporation purchased 2,000,000 shares of WebMD common stock for an aggregate purchase price of \$100,000,000 in cash.

Table of Contents

New Relationship. WebMD retained the right to receive \$205,000,000 in domestic media services over ten years from News Corporation and will continue to provide content to News Corporation for use across News Corporation's media properties for the next four years for cash payments totaling \$12 million annually. News Corporation transferred its 50% interest in the international joint venture to WebMD and was relieved of its commitment to provide any future capital to the international joint venture and its commitment to provide any international media services. WebMD transferred its interest in The Health Network to News Corporation. WebMD was also relieved of all future capital commitments to The Health Network.

In connection with the revisions to the relationship, News Corporation surrendered 155,951 shares of WebMD's Series A convertible preferred stock, which would have converted into 21,282,645 shares of WebMD common stock. WebMD granted to News Corporation a warrant to acquire 3,000,000 shares of its common stock at an exercise price of \$15 per share. News Corporation has registration rights with respect to the shares of common stock issuable upon exercise of the warrant.

Officer Loans

On April 6, 2001, we loaned \$1,450,000 to K. Robert Draughon, our Executive Vice President, Business Development. The funds were advanced pursuant to a promissory note bearing interest at the fixed rate per annum of 4.63%. The loan is full recourse and is secured by a pledge by Mr. Draughon of all shares of our common stock, and all options to purchase shares of our common stock, owned by him. As of April 1, 2002, approximately \$365,000 of the principal amount and \$20,000 of accrued interest were outstanding.

On September 11, 2000, Medical Manager loaned \$500,000 to Kevin M. Cameron, a member of WebMD's Office of the President and our Executive Vice President, Business Development, which loan was assumed by us in our merger with Medical Manager. The funds were advanced pursuant to a promissory note bearing interest at the fixed rate per annum of 6.22%. The loan is secured by a pledge by Mr. Cameron of all shares of our common stock, and all options to purchase shares of our common stock, owned by him. As of April 1, 2002, the entire principal amount and approximately \$50,000 of accrued interest were outstanding.

Other

We were reimbursed approximately \$163,000 by a corporation controlled by Martin J. Wygod, our Chairman of the Board of Directors and Chief Executive Officer, for the partial use of our office facilities and for services rendered by our employees during 2001.

We lease property in Alachua, Florida that is owned by a corporation controlled by Michael A. Singer, a member of WebMD's Office of the President and Chief Executive Officer and President, WebMD Medical Manager and a member of our Board of Directors, and a member of his family. We are responsible for all real estate taxes, insurance and maintenance relating to the property. The term of the lease is through March 31, 2009. During 2001, the amount of rent payable under the lease was approximately \$755,000.
