Item 2.02 Results of Operations and Financial Condition and Item 7.01 Regulation FD Disclosure.

The information contained in this Current Report on Form 8-K, including the accompanying Exhibit 99.1, is being furnished pursuant to Item 2.02 and Item 7.01 of Form 8-K and shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liability of that section. The information contained in this Current Report on Form 8-K, including the accompanying Exhibit 99.1, shall not be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act, whether made before or after the date hereof, except as shall be expressly set forth by specific reference in such a filing.

On July 27, 2005, Harris Corporation (Harris) issued a press release announcing, among other things, its results of operations and financial condition as of and for its fourth quarter of fiscal 2005 and fiscal year 2005 and revised guidance regarding expected earnings for fiscal 2006. The full text of the press release and related financial tables is furnished herewith as Exhibit 99.1 and is incorporated herein by reference.

Use of Non-GAAP Financial Information

The press release includes a discussion of earnings guidance for fiscal year 2006 using certain non-GAAP financial measures. A non-GAAP financial measure is generally defined as a numerical measure of a company's historical or future performance that excludes or includes amounts, or is subject to adjustments, so as to be different from the most directly comparable measure calculated and presented in accordance with generally accepted accounting principles (GAAP). Income from continuing operations and income from continuing operations per diluted share excluding the impact of any facility shutdown, relocation expenses, severance costs and other charges associated with the cost reduction actions planned to take place in our Broadcast Communications segment are measures that are not defined by GAAP and should be viewed in addition to, and not in lieu of, income from continuing operations and income from continuing operations per diluted share on a GAAP basis. Pursuant to the requirements of Regulation G and paragraph (e)(1)(i) of Item 10 of Regulation S-K, Harris has included in its press release a reconciliation of non-GAAP financial measures disclosed in the press release to the most directly comparable GAAP financial measure.

Management of Harris believes that these non-GAAP financial measures, when considered together with the GAAP financial measures, provide information that is useful to investors in understanding period-over-period operating results separate and apart from items that could have a disproportionate positive or negative impact on results in any particular period. Management also believes that these non-GAAP financial measures enhance the ability of investors to analyze trends in Harris' business and to better understand our performance. In addition, Harris may utilize non-GAAP financial measures as a guide in its forecasting, budgeting and long-term planning process and to measure operating performance for some management compensation purposes. Please refer to our financial statements and accompanying footnotes for additional information and for a presentation of results in accordance with GAAP. Non-GAAP financial measures should be considered in addition to, and not as a substitute for, or superior to, financial measures prepared in accordance with GAAP.

Item 9.01 Financial Statements and Exhibits.

(c) Exhibits.

The following exhibit is furnished herewith:

Press Release, issued by Harris Corporation on July 27, 2005 (furnished pursuant to Item 2.02 and Item 7.01).
