Item 2.01 Completion of Acquisition or Disposition of Assets

Effective October 26, 2006, Crown NorthCorp Inc. (Crown), through a newly incorporated special-purpose subsidiary, acquired from HypoVereinsbank (HVB) all of the issued and registered share capital of Westfalenbank AG (WB), a banking and credit institution licensed and operating under the laws of Germany. Crown s quarterly report on Form 10-QSB for the quarter ended September 30, 2006 contains information on the acquisition of WB and is incorporated by reference herein. Set forth below is a further description of the acquisition as well as financial statements and pro forma financial information pertaining to WB.

Crown acquired the share capital of WB from HVB pursuant to a definitive Stock Purchase and Transfer Agreement dated July 31, 2006 (SPA), whereby Crown became the economic owner of HVB effective July 3, 2006. The SPA called for a purchase price of Euro 25,000,000 (approximately \$31,818,500), which price was derived from arm s-length negotiations and represents the net equity of WB as set forth on its June 30, 2006 financial statements, plus certain premiums and adjustments. Additionally, Crown incurred transaction costs of approximately Euro 2,100,000.

The transaction closed on October 26, 2006 upon the approval of regulatory authorities in Germany and the satisfaction of certain other closing conditions.

In conjunction with the execution of the SPA, Crown and certain of its subsidiaries entered into a Euro 25,000,000 Facility Agreement with a financial institution (the Facility Agreement). Crown utilized the Facility Agreement and cash on hand to effect the acquisition of WB.

Pursuant to the Facility Agreement and related documentation, Crown and certain of its subsidiaries have provided cross-guarantees in favor of the lender and have granted the lender security over certain of their assets (including security over specific shareholdings). Additionally, throughout the term of the Facility Agreement, Crown must also adhere to a comprehensive set of financial covenants and operating restrictions. Crown has pledged Euro 2,000,000 to ensure payment of interest and fees that may become due under the Facility Agreement. The lender has also been issued warrants to subscribe, under certain terms and conditions, to up to 19% of the share capital of the single-purpose entity Crown utilized to acquire WB at that entity s book value as at the date of WB s acquisition. WB has operated in its present form since June 2006. Historically, WB, which is headquartered in Bochum, Germany, provided corporate and personal banking services. In 2005, WB implemented a business plan to dispose of all of its business lines and substantially consolidate operations. In furtherance of this plan, WB sold its asset management and private banking lines of business to third parties in 2005. In June 2006, HVB acquired WB s corporate banking business. This series of transactions reduced WB s assets by approximately 94% leaving WB with assets comprising mainly cash as well as a portfolio of non-performing loans and fixed and other assets required to maintain a core banking platform. The SPA contains usual and customary representations, warranties and indemnities from HVB in favor of Crown with respect to the disposed operations.

As a result of the dispositions and consolidation noted above, WB is in no material respect comparable to the much larger enterprise that existed before WB sold its business lines. Consequently, the company does not believe that historical financial statements of WB would provide relevant or useful information on WB as it has operated since June 2006 and as it was acquired by Crown. For example, in any audited financial statements for WB for the years 2004 and 2005, the vast majority of assets and operations set forth in the reports would be ones that WB sold prior to Crown's acquisition and for which, as noted above, Crown has received appropriate indemnification. Crown believes that the inclusion of any such historical financial reports would be unhelpful and misleading for any third party trying to understand the impact upon Crown of making this acquisition. Consequently, Crown is not including historical financial statements in the financial information presented in Section 9.01 below but is including on Exhibit B WB's 2005 annual report.

Crown's primary objective in acquiring WB was to acquire a licensed platform in Germany to enable Crown to develop special servicing and mortgage origination businesses in Germany, for which a bank license is required. Operating under WB's license, the company intends for WB to offer fee-based services to the real estate financial markets. In furtherance of this plan, Crown intends to consolidate and operate all of its loan servicing operations in Europe within the WB structure. Loans WB originates will provide additional opportunities for recurring servicing revenue.

WESTFALENBANK AG AND SUBSIDIARIES
NOTES TO THE CONSOLIDATED BALANCE SHEET
As of July 3, 2006

NOTE 1 BUSINESS DESCRIPTION AND
SIGNIFICANT ACCOUNTING POLICIES

Basis of Balance Sheet Presentation

The accompanying consolidated balance sheet has been prepared on the basis of accounting principles as generally accepted in Germany.

Principles of Consolidation

The accompanying consolidated balance sheet includes the accounts of Westfalenbank AG and its wholly owned subsidiaries (collectively, the Company). All significant intercompany balances and transactions have been eliminated.

Business Description

The Company is a financial services company providing servicing of distressed debt, mortgage origination, servicing and ancillary services to investors in real estate and mortgage interest in Germany.

Cash and Cash Equivalents

The cash reserve includes cash on hand and balances with the central bank, which are carried at nominal value. The company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a reserve for uncollectible accounts, based upon its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the reserve account.

NOTE 1 BUSINESS DESCRIPTION AND
SIGNIFICANT ACCOUNTING POLICIES Continued

Property and Equipment

Property and equipment are recorded at cost. Repairs, maintenance and minor replacements are expensed as incurred. Upon retirement, sale or disposition of property and equipment, the cost and accumulated depreciation are eliminated from the accounts, and a gain or loss is included in operations.

Depreciation is computed using the straight-line method over the expected useful life of the assets as follows:

Computer hardware	3 years
Vehicles	6 years
Office furniture and equipment	5 to 13 years

Works of art are generally not depreciated and are carried at cost.

Long-Lived Assets

The Company evaluates long-lived assets and certain identifiable intangibles for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. When discounted future cash flows will not be sufficient to recover an asset's carrying amount, the asset is written down to its fair value. The discount rate reflects the risk that is specific to that asset. Long-lived assets to be disposed of other than by sale are classified as held and used until they are disposed of. Long-lived assets to be disposed by sale are classified as held for sale and are reported at the lower of carrying amount or fair value less cost to sell, and depreciation is ceased.

Investments

For investments in which the Company owns 20% to 50% of voting shares and does have significant influence over operating and financial policies, the equity method of accounting is used. Accordingly, the Company's shares of the earnings and losses of these companies are included in the equity earning/loss in the unconsolidated subsidiaries in the accompanying consolidated statements of income of the Company.

Investments in Non Performing Loans and Reserves for Loan Losses

Investments in nonperforming loans are carried at lower of cost or fair value. Under German law, when a loan is classified as non-performing, the original terms of the loan terms are cancelled.

At each balance sheet date, the Company assesses whether there is objective evidence that the loan is impaired. A loan is considered impaired when the borrower fails to make any payment within three months or when there are no assessable collaterals. When a loan is considered nonperforming, accruals of interest are no longer capitalized. An allowance is applied in full on the current loan amount (principle, accrued interest and costs). Collaterals are assessed only if there is a market price for the charged objects and sale or foreclosure can be achieved within a reasonable time. Real estate is assessed by considering the source, quality and date of valuations or appraisals. Discounts are made when necessary because of market development and individual aspects of the properties. Regarding properties in legal foreclosure proceedings, discounts are applied on valuations depending on historical local foreclosure results. This foreclosure can vary from 30% to 50%. When no formal appraisal is available, asset managers who are experienced in standard appraisal techniques make assessments. Assignment of life insurances and deposits are assessed according to official statements of the relevant companies. Liens on chattels are assessed only when a market price is traceable.

Intangible Assets

Intangible assets consist of purchased software, which are not an integral part of the related hardware. They are carried at cost less accumulated amortization. Intangible assets are amortized on a straight-line basis over a useful life of three to five years. If there are indications that impairment might have occurred, a write down is recognized for the relevant asset.

Subordinated Liabilities

Subordinated liabilities include liabilities, which will only be repaid once all other unsubordinated liabilities have been repaid in the case of insolvency or liquidation. Subordinated liabilities are eligible capital within the meaning of the German Banking Act (Kreditwesengesetz-KWG) and thus qualify as liable capital (TIER II). If the liabilities have a remaining term of less than two years, they are only partially allocated to eligible capital.

NOTE 1 BUSINESS DESCRIPTION AND
SIGNIFICANT ACCOUNTING POLICIES Continued

Other Provisions

Other provisions are recognized for current legal or constructive obligations for which the date and/or the amount of the obligations are uncertain, and for which an outflow of resources required to settle the obligations is probable. Provisions for expenses, which do not relate to external obligations, are not recognized. Other provisions are measured in the amount expected to be utilized.

Pension Provisions

Pension provisions are recorded at discounted value according to actuarial principles in accordance with the German tax regulations.

Revenue Recognition

Management fees are recorded as services required under the contract are performed.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in Germany requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Credit Risk

The Company maintains several cash accounts with a total of 45.8 million. Major items are the account with the Bundesbank 10.3 million and the account with the HypoVereinsbank AG 31.9 million.

The management believes that the risk is limited because the Deutsche Bundesbank reflects the state risk and HVB can be considered as a bank with a strong financial position.

NOTE 2 RECEIVABLES FROM CUSTOMERS

The receivables from customers amounts to 15,985,776. Included are the non-performing loans recorded with 12,390,902. Each of these loans has been valued individually and any impairments have been considered.

Dear customers and employees,

2005 was very much given over to restructuring Westfalenbank. The decision of Group parent company HypoVereinsbank not to continue with the Westfalenbank business model set the points for some radical changes. We were successful in gaining partners for the Asset Management and Private Banking business units. As of 1 October 2005 Fortis Investment took over the institutional investors business and the associated eleven employees. By purchasing Private Banking, private institute Merck Finck & Co. has strengthened its presence in North Rhine-Westphalia with a further site in Bochum employing 14 staff. We were thus able to offer long-term perspectives for both the customers and employees of these business units.

Other important decisions were also reached in 2006. Corporate Banking with some 1,500 customers and 30 employees in the Asset Management, Lending and Special Finance sectors is to be taken over by HypoVereinsbank. The main idea behind this decision has been to give particular priority to business developments in North Rhine-Westphalia following the merger of Hypo-Vereinsbank with Unicredit. HypoVereinsbank intends to expand here chiefly with customers in medium-sized companies through outstanding asset management services, intelligent banking products and with the strength of a European bank. Acquisition of Westfalenbank's Corporate Banking represents an important step. As a result, Westfalenbank needs to be provided with a completely different business orientation. To this end, talks are being held with British/American investor Crown Mortgage Management (CMM) with which we already closely collaborate in the servicing of impaired loans. CMM wants to develop Westfalenbank into the first Group-independent servicer bank in Germany and, in all probability, will take on a further 20 Westfalenbank employees.

We assume that both these transactions will be finalized by the end of 2006. Most of the personnel adjustments took place in 2005 and all of them should be concluded by mid-2006. Together with our constructively operating Works Council we managed to avoid any hardships or layoffs.

2

Report of the Executive Board

These changes are reflected in the business figures: whilst income from normal operations improved from minus EUR 8.5 million in 2004 to minus EUR 1.9 million, restructuring outlay needed to clear the inherited burden produced a loss for the year of EUR 36.8 million.

We wish to very much thank our business associates for continuing to place their trust in us during these turbulent times and also our employees whose dedication and loyalty have been a real source of support.

Yours sincerely

Dr. Joachim Paulus

Dr. Christian von Villiez

Report of the Supervisory Board

In fiscal 2005 the Supervisory Board fully performed its duties of advising and monitoring the Executive Board as established by law and the Company's statutes. The Executive Board reported to the Supervisory Board on the bank's developments on a regular basis. The Supervisory Board discussed all business events of significance with the Executive Board in the course of four regular Supervisory Board sessions. In particular the economic situation, the bank's views on development and changes in costs and revenues were the subject of discussion.

The credit committee appointed from the ranks of the Supervisory Board was in contact with the Executive Board specifically in four sessions, but throughout the year as well. The credit committee was thus able to stay abreast of the course of business of the bank, the intentions of the Executive Board and both principal and current topics of significance, to advise on these issues and to prepare decisions of the Supervisory Board. Transactions requiring the consent of the Supervisory Board, especially in connection with the Banking Act, were approved by the credit committee after review and discussion with the Executive Board; in addition the credit committee handled all major commitments, as well as the structure of the loan portfolio, also with respect to industry and country risk.

Similarly, important staff issues were discussed by a personnel committee comprised of three members of the Supervisory Board. This committee provided recommendations to the Supervisory Board regarding pending resolutions.

BDO Deutsche Warentreuhand Aktiengesellschaft Wirtschaftsprüfungsgesellschaft, Düsseldorf, appointed as auditors, examined Westfalenbank AG's existing monitoring systems for early risk detection. The auditors confirm that the monitoring systems implemented are appropriate and fulfill their designated function.

The financial statements and management report were duly audited and an unqualified audit opinion was issued. The Supervisory Board acknowledged and approved the audit findings. The external auditor attended the financial statements review meeting of the Supervisory Board and presented a report on his audit findings. He was available to answer any queries at this meeting.

No objections were raised from the concluding findings of the review of the annual financial statements and audit report undertaken by the Supervisory Board. The Supervisory Board accepted the financial statements prepared by the Executive Board in its session of March 15th, 2006, which are thereby deemed approved.

Report of the Supervisory Board

The report on relationships with affiliated companies according to section 312 of the AktG (Securities Act) has been provided. It was reviewed by the auditors and given the following audit certificate: Based on our audit performed in accordance with our professional duties, we confirm that

1. information contained in the report is accurate,
2. with respect to the legal transactions cited therein, the Company's remuneration was at an appropriate level,
3. the measures listed in the report do not warrant an assessment that differs significantly from that made by the Executive Board.

The Supervisory Board acknowledged and approved the report on relationships with affiliated companies and the accompanying audit report.

The regular Annual General Meeting of 27 June, 2005 voted to reduce the number of Supervisory Board members from nine to six. Mr. Michael Rosenberg resigned his mandate at the close of the Annual General Meeting. The mandate of Mr. Jörg Podwojewski ended on conclusion of the Annual General Meeting. Mr. Günther Berger resigned his mandate as of 31 August, 2005. In his place Mr. Lutz Diederichs was elected to the Supervisory Board at an extraordinary Annual General Meeting on 15 September, 2005.

At this point, the Supervisory Board once again wishes to thank all those resigning their membership in the Westfalenbank Supervisory Board for all the work they have performed in the past.

Effective 31 August, 2005, Dr. Heinz J. Hockmann resigned from Westfalenbank's Executive Board. Dr. Joachim Paulus was appointed as a member of the Executive Board at the same time. Dr. Johannes-Jörg Riegler stepped down from the bank's Executive Board as of 30 September, 2005. Dr. Christian von Villiez was appointed in his place as a member of the Executive Board with effect from 15 September, 2005.

The Supervisory Board wishes to thank the Executive Board, all our employees and their elected representatives for their commitment and hard work throughout fiscal 2005.

Management Report

Macroeconomic Developments

Although the global economy kept growing in 2005, its dynamism was somewhat weaker in the middle of the year. This was due principally to marked rises in energy and raw material prices.

The greatest impulses to growth in 2005 continued to come from North America and Asia. In contrast, business recovery in Western Europe was very restrained. Economic development in Germany remained below-average with business suffering especially from low private consumption.

Business Developments

In the past fiscal year, the bank, as a regional private bank, consistently continued its path of providing commercial banking products and sophisticated counseling focused particularly on owner run medium-sized companies. In order to effectively focus on our core operating fields, we disposed of the Private Banking and Asset Management segments.

The gross income from operations progressed as follows (EUR million) compared to the previous year:

	2004	2005	Change
Corporate Banking	18.6	18.5	-0.1
Private Banking	3.6	3.6	0.0
Asset Management	4.4	2.9	-1.5
International Markets	1.9	0.7	-1.2
Assets/Liabilities Control	7.8	9.2	1.4

Despite the steps taken and with consideration given to the administrative expenses, the bank, overall, was not able to come up with a positive operating result.

Other Significant Events during the Fiscal Year

Following disposal of the Asset Management and Private Banking segments we undertook redimensioning so as to find an economically tenable approach with prospects as a corporate sector bank. Related restructuring expenses displayed that this decision had a considerable impact on the asset and earnings position.

Total Assets and Off-Balance Sheet Transactions

Total assets dipped approx. EUR 258 million to approx. EUR 1,268 million. On the assets side, this chiefly affected the receivables from banks and customers as well as the levels of fixed-interest securities. On the liability side we decreased our inter-bank debt and refinancing from customer funds correspondingly.

Off-balance sheet transactions involve liabilities from guarantees and warranty contracts, as well as obligations arising from irrevocable loan commitments. Changes from the previous year are within the ranges customary in our business. Interest, share and currency derivatives shown in the notes to the annual financial statements at a nominal level of EUR 2,071 million are mainly for customer business, to construct portfolio hedges and to create hedging transactions to be attributed on an individual basis. Positions not attributable to the business purposes mentioned are designed to limit the bank's interest rate risks.

Assets

Customer receivables were reduced by approximately EUR 102 million. Our holdings in **fixed-interest securities** are reported at EUR 288 million EUR 156 million less than the previous year chiefly related to maturities as well as sales. In the main they include securities covered for interest and exchange risk, as well as other variable-interest papers. Of the fixed-interest securities reported, approx. 93% are eligible as collateral for ECB repo operations. Our **holdings in shares and other non-fixed interest income securities** including chiefly long-term investment paper have risen only slightly compared to the prior year-end. Increases relate to funds invested in a variety of investment funds (shares, bonds).

The trust loans stem from taking over a loans portfolio which we are to manage.

Liabilities

Liabilities to banks have shrunk by EUR 216 million to EUR 303 million. We have various inter-bank business connections at our disposal for any short-term liquidity requirements that may arise, in particular also with our parent company, the HypoVereinsbank. Short-term **customer deposits** are lower by EUR 63 million. At the same time medium- to long-term customer liabilities have risen by approx. EUR 12 million.

The increase in accruals results from the restructuring steps taken. In addition we had **subordinated liabilities** at our disposal for refinancing purposes in the amount of EUR 26 million.

10

Personnel Division

Average over the year, a workforce (including management staff) of 245 members of staff (previous year: 258) was employed. In December 2005 a reconciliation of interests agreement was reached with the Works Council to accompany the intended reduction in personnel numbers.

Asset Position

Our **liable capital** according to section 10 of the KWG (Banking Act) totals EUR 130 million as at the balance sheet date. The securitization of weighted risk assets and market risk position by equity capital as required under Principle I was, at 15.8%, well above the stipulated minimum rate of 8%.

Utilization in **Principle I** indicates that even after taking into account all current losses and those from the previous years sufficient equity capital reserves exist to underpin business volume.

Our **securities holdings** include to a major extent variable interest rate accounts, not subject to any notable risks of depreciation in the case of a rise in capital market interest rates.

Financial Position

Our Principle II coefficient of 1.3 at the balance sheet date is above the legally stipulated indicator of 1.0. During 2002/2003 we extended the capital commitment terms of funds borrowed as part of our strategic liquidity management by issuing long-term subordinated capital components and debentures. The liquidity situation of the bank on the whole is convenient.

Earnings Position

Net interest income was reduced by approx. 2%. It must be remembered that income, in part, is involved e.g. from investment fund payouts which cannot be repeated at will.

Net commission income in comparison to last year fell by approx. 19% to EUR 11.3 million. Declining commissions in securities trading are mainly responsible for this development.

Personnel expense leaving aside the EUR 1.6 million restructuring expenses of the previous year remains on a par with the previous year.

Capital expenditure including depreciation is some EUR 0.6 million below that of the previous year. While running expenses practically remained unchanged, depreciations were reduced by EUR 0.6 million.

Other operating income of EUR 0.6 million is of minor significance.

12

Management Report

The bank's net valuation result for the adjustment of risk provisions for loans extended and contingent receivables, as well as investment securities, totals plus EUR 0.6 million.

Development	In millions of Euro	In millions of Euro
As of 1 January, 2005/2004	138.7	167.3
Allocations	2.5	16.7
Write-offs	2.5	10.5
Consumption	26.4	34.8
As of 31 December, 2005/2004	112.3	138.7

In 2005 requisite risk provision taking into account direct depreciation and receipts against receivables written-off relieved the strain on the income by EUR 0.4 million (2004: financial burden EUR 6.3 million). We continued to fund the provision for risk with caution and according to strict principles of valuation.

The use of a moderated lower of cost or market principle is responsible for undisclosed charges of EUR 0.1 million in long-term securities at balance sheet date.

The **extraordinary items** concern matters in connection with bank restructuring. EUR 16.2 million of the extraordinary expenses totaling EUR 40.4 million relate to severance pay under the redundancy plan, EUR 2.3 million to allocations to pension reserves, EUR 15.2 million to losses from long-term rental agreements and EUR 4.3 million to exceptional depreciations (particularly to intangibles and bail-out purchases). The extraordinary incomes involve revenues from the sale of a company unit.

The **net loss for the year** amounts to EUR 36.8 million (previous year: net loss for the year of EUR 8.3 million).

Report on Affiliated Companies

The Executive Board has prepared a report on relationships with affiliated companies according to section 312 of the AktG (Securities Act). At the close of this report the Executive Board has declared: According to circumstances known to us at the time at which legal transactions were undertaken with affiliated companies, Westfalenbank AG has received appropriate remuneration in each case. Other steps in the interest of, or at the request of, affiliated companies have neither been taken nor omitted.

Risk Report

Counterparty default and market price risks are actively managed as part of Westfalen-bank's risk policy principles. Liquidity risk is managed essentially using Principle II and a weekly drafted liquidity balance. Operational and other risks are minimized by appropriate organizational measures to the extent that these are within the bank's sphere of influence. The risk capacity of the bank determines the appropriateness of the assumption of risk.

14

Organization and Tasks of Risk Control

The Bank's Risk Control unit reports directly to the Executive Board. The tasks of Risk Control include the following:

- § The introduction and continued development of systems and methods for risk measurement and management
- § Ongoing measurement and monitoring of market price risks based on a value-at-risk approach
- § Independent control of parameters, such as interest rate curves, volatilities, etc. used for market price risk and results measurement
- § Ongoing check of trading transactions to ensure that conditions compatible with the market have been established
- § Daily calculation of trading results

Monitoring and Management of the Major Risks

Monitoring and management processes in Risk Control take into account the nature and scope of transactions entered into, as well as aspects specific to the type of risk.

Counterparty risks are defined as possible losses in value arising from full or partial defaults on agreed payments on the part of a borrower or contracting partner.

We monitor and manage risks from our loan business with reference to individual commitments according to their size, industry and creditworthiness. In preparation for Basel II we continue to use the customer-specific rating system of the Federal Association of German Banks.

At the moment we are determining loan business risks anticipated for the subsequent year according to rating categories at the individual and portfolio levels. The resulting standard risk costs are integrated into the interest rates offered, calculated on the basis of market interest rate method and are collected throughout the year, almost as an insurance

premium. In determining standard risk costs we increasingly take into account aspects of actual default behavior within the portfolio (risk-adjusted pricing).

The provision formed for our country risks is based on the risk rate ranges provided by the Ministry of Finance, which we apply to transfer risks from loans with a term of over a year, deducting in all cases the value of associated securities.

We calculate the level of counterparty risk from the gross replacement value according to the market value method as the total of all positive market values, without taking into account the risk-reduction impact of netting. The notes to the annual financial statements contain a detailed listing of our derivative business as well as our counterparty structure.

The market price risk is calculated as the potential loss that may arise due to changes in market prices (interest rates, exchange rates, share prices) for the trading and liquidity positions we hold.

We use an external software solution Front-Arena to calculate these risks. The risk measurement method uses a VaR module that works on the basis of historical simulations. The security level is 99%, the holding period one day. The value-at-risk calculation is based on historical market price changes and provides a maximum loss value for normal market fluctuations. We regularly check the explanatory power of this indicator as part of back-testing.

In order to estimate risks from extreme market fluctuations, we perform stress tests that determine the change in risk for the position from a worst-case scenario or for a higher security level.

16

Management Report

The quality of the theoretical risks of loss established by Front-Arena is monitored constantly by means of a so-called clean back-test. This compares the simulated price changes in balances from the preceding day with the market price changes that have actually occurred.

Risk Control measures the risk and monitors limits on a daily basis and reports them to the Executive Board responsible. The entire Executive Board is brought up-to-date by means of a weekly position-specific risk report. The Executive Board as a whole makes decisions on the entire bank's asset and liability management. We formulate the risk of interest rate change using a fixed-interest period accounting, differentiated according to level or products and maturities and supplemented by sensitivity analyses that show the effects of changes in market interest rates on interest income from an annual perspective.

The use of Front-Arena with appropriate interfaces supports asset/liability management by taking into account all interest-bearing transactions at both the interest and total bank level.

We implement functionality for the assessment of the effects of an assumed interest rate shock of 200 basis points according to Basel II, as well as the transparent determination of the composition of interest income on a daily basis and from an accumulated month and year view.

Liquidity risk management occurs using the liquidity indicator pursuant to Principle II, supplemented by additional management instruments such as daily and maturity balances stemming from interest rate and maturity disparities. In addition we enhance the quality of liquidity risk management by means of a cash-flow based liquidity balance.

For us an **operational risk** refers to possible losses caused, for instance, by system failures, inadequate control mechanisms, processing errors, fraud or changes in legal and fiscal conditions. We counteract the risks we have identified on an ongoing basis by regularly revising organizational requirements and adapting our processes.

Other risks comprise risks from catastrophes, incorrect or missing insurance, as well as from supplier bankruptcies and changes in the law. We assess these ourselves or request expert insurance opinions.

We do not at present expect to quantify operational and other risk using mathematical models given the current absence of such systems on the market and the size and structure of our institution.

Existing risk monitoring and management instruments are to be adapted in 2006 to the current reorientation of the bank.

Audit

Internal audit is a component of our internal monitoring system in addition to the internal control system. Internal Audit reports directly to the Executive Board. It fulfills its functions autonomously and independently. Audit is not bound by any instructions in terms of reporting and valuation of audit findings. Internal Audit's activities cover all operational and business processes.

Outlook

The overall position of the bank in 2005 was insecure and was reflected as such in the statement of income. Whilst there was a tendency for the results in the first six months to improve over the previous year, they still remained far behind the operative goals. Thus steps had to be taken to secure the economic basis and create prospects for the bank and its employees.

As a first step, the Asset Management and Private Banking segments were disposed of. Then an extensive redimensioning program was launched to effectively position Westfalenbank AG as a corporate sector bank for medium-sized companies.

At the same time efforts were continued to implement the alternative future concepts. Hence talks were held with investors on purchasing the new corporate sector bank and interested parties were also found for separate purchase of corporate client portfolios and the remaining service units.

Important Events Arising after the End of the Fiscal Year

After consideration of all possibilities it was decided to transfer the business units of corporate clients, loans and special financing arrangements to HypoVereinsbank and to continue negotiations with an Anglo-American investor intent on using the bank as a service platform for handling impaired loans. To this end, a joint venture was set up with the investor in mid-2005. These projects should be realized by mid-2006.

Accounting and valuation principles

The bank continues to use the following accounting and valuation principles:

Currency translation is undertaken according to section 340 of the German Commercial Code. Balance sheet accounts denominated in foreign currency are translated to Euro at the mid-rate for the currency on the last day in the fiscal year on which the stock exchange is open for trading. The valuation of forward exchange deals is based on spot rates. Swap premiums are accrued pro rata temporis. Profit and loss from currency translation is taken to income in the case of closed positions; open positions are accounted for using the principle of imparity.

Fixed assets and intangible assets are capitalized at acquisition cost. Items that are subject to wear and tear are as a rule depreciated over the customary useful life of the object using the straight-line method. Against the backcloth of bank restructuring we undertook exceptional depreciations as shown in the extraordinary expenses.

Securities classified under fixed assets are recorded at acquisition cost and written down if permanent impairment is anticipated.

Securities classified under current assets are recorded at the lower of cost or market value. Hedge accounting is performed in the case of hedging transactions. Investments and shares in affiliated companies are valued at acquisition cost or fair value, whichever is lower.

Receivables are recorded at nominal value, liabilities at the repayment amount and provisions in an amount based on reasonable commercial assessment. Valuation allowances are deducted from relevant asset accounts.

Prepaid expenses/deferred charges comprise expenditures and receipts respectively reported prior to the balance sheet closing date, provided they represent expenses or revenues that will occur within a specified period of time after the closing date.

If the repayment amount of a liability is higher than the amount initially recorded, the difference is included in a prepaid expense account under assets. The difference is allocated to the liability over its entire term.

Pension provisions are recorded at discounted value according to actuarial principles in keeping with the International Financial Reporting Standards (IAS 19). This took place against the backcloth of bank restructuring. In doing so we give consideration to a 4.5% interest rate (previous year: 6%) and the 2005G actuarial mortality assumptions. There is a difference of EUR 2.3 million to the accruals established the previous year. It is shown under extraordinary expenses.

Assignment of security for own liabilities

Liabilities to banks include open market transactions with the Deutsche Bundesbank (German Central Bank) amounting to EUR 104.1 million (repurchase value), which we have taken up under a pledge of a corresponding level of fixed-interest securities. Furthermore, they include specific-purpose funds of other banks in the amount of EUR 71.0 million, secured by the cession of corresponding levels of receivables. Liabilities to customers contain specific-purpose funds in the amount of EUR 1.7 million, similarly secured by the cession of corresponding levels of receivables.

Other financial obligations

Additional funding obligations of up to EUR 4.8 million stem from our holdings in the Liquiditäts-Konsortialbank GmbH, Frankfurt/Main. Moreover, joint and several liability for additional funding obligations of other shareholders of the Federal Association of German banks e.V., Cologne, applies. Moreover, rental obligations in a total amount of EUR 12.0 million arise under long-term agreements for the entire term to 2018 (Düsseldorf offices) and in the amount of EUR 1.6 million per annum under an agreement to run initially until mid-2012 (Bochum offices). To cover liabilities involved in giving up the site as intended (Düsseldorf premises) and/or still unclear use of the buildings in Bochum, we have set up accruals of approx. EUR 15 million. The usual liability and warranty commitments from a corporate sale exist in connection with the sale of the Asset Management und Private Banking segments.

Audit Opinion

We have audited the annual financial statements consisting of balance sheet, income statement and notes (on accounts) including the accounting and the management report, of Westfalenbank Aktiengesellschaft, Bochum, for the fiscal year from 1 January to 31 December, 2005. Maintenance of the books and records and the preparation of the annual financial statements and management report in accordance with German commercial law and supplementary statutory requirements are the responsibility of the legal representatives of the company. It is our responsibility to express an opinion, based on our audit, on the annual financial statements including the accounting system and the management report.

We conducted our audit of the consolidated financial statements in accordance with German auditing regulations and generally accepted standards for the audit of financial statements promulgated by the Institut der Wirtschaftsprüfer in Deutschland (Institute of Auditors in Germany) pursuant to section 317 of the German Commercial Code. Those standards require that we plan and perform the audit such that material misstatements affecting the presentation of the net assets, financial position and results of operations in the annual financial statements in accordance with German accounting principles and in the management report are detected with reasonable certainty. In determining audit procedures, we took into consideration our knowledge of the Company's business activities and its economic and legal environment, as well as expectations of possible misstatements. The audit relied largely on random checks as evidence of the effectiveness of the internal accounting control system, as well as of the disclosures made in the accounts, the annual financial statements and the management report. The audit includes assessing the accounting principles used and significant estimates made by the legal representatives, as well as evaluating the overall presentation of the annual financial statements and the management report. We believe that our audit provides a reasonable basis for our opinion.

Our audit resulted in no reservations.

According to our assessment on the basis of the knowledge gained in the audit, the annual financial statements conform with the statutory provisions and additional conditions of the corporate articles and convey a true and fair view of the net assets, financial position and results of operations of the company in accordance with proper accounting principles. The management report is in accordance with the financial statements, provides a suitable understanding of the Company's position altogether and suitably presents the risks of future development.

1. Seller is the sole shareholder of Westfalenbank AG, registered with the commercial register of the local court in Bochum under HRB 1941 (hereinafter also **WeBo**). The issued and registered share capital (*Grundkapital*) of WeBo amounts to EUR 20,000,000.00 and is divided into 1,942,857 bearer shares without par value (*auf den Inhaber lautende Stückaktien*) (hereinafter also the **Sold Shares**). The Sold Shares are evidenced in two global share certificates (*Globalurkunden*), one representing 1,939,290 shares and the other representing 3,567 shares.

2. WeBo holds direct or indirect participations in various companies as listed in

Exhibit P2

hereto (hereinafter each also **Subsidiary** and together **Subsidiaries**). WeBo and the Subsidiaries are hereinafter referred to as **WeBo Group** .

3. WeBo is a credit institution in accordance with Section 1 para. 1 of the German Banking Act (*Kreditwesengesetz*). In the last years, WeBo has passed through various organisational and business restructurings as well as changes of control. In particular, WeBo has sold its asset management business as well as its private client business in 2005 (hereinafter the **Former Divestments**). On March 9/10, 2006, the Seller and Crown have entered into Heads of Terms providing for, inter alia, further restructuring. A preliminary Pro-Forma Balance Sheet attached to such Heads of Terms as Annex 2 (e) reflects the then intended financial status of WeBo as per June 30, 2006. The amended Pro-Forma Balance Sheet as per Record Date reflecting the status as of signing of the Spin-off Contract referred to under item 4 below is attached hereto as

Exhibit P3

(hereinafter the **Pro-Forma Balance Sheet**).

4. The restructuring of WeBo by Seller was continued as intended and outlined in the Heads of Terms. The intended target state of WeBo as of Record Date was reached by a spin-off (*Abspaltung*) of WeBo's corporate client business and other assets and liabilities pursuant to the spin-off contract notarized on June 21, 2006 (hereinafter **Spin-off Contract**), attached hereto as

Exhibit P4

Final Version July 31, 2006

and is, inter alia, also reflected in the relevant Guarantees of the Seller set out in this Agreement (hereinafter **WeBo Target State**). The Parties will jointly cooperate in accomplishing until Closing (as defined in subsequent Section 4), if possible, all further steps to be taken in order to ensure, to the extent actually possible and economically reasonable, that the WeBo Target State will be reached. Such economically reasonable cooperation shall also be applied with respect to any appropriate or necessary measure resulting from the Spin-off Contract after Closing, particularly with regard to the corporate client business (such as processing related payments *Zahlungsverkehrsbrücke*), personell issues, real estate and IT. The spin-off of the corporate client business and other assets and liabilities of WeBo pursuant to the Spin-off Contract has become effective by entry into the commercial register of WeBo on July 3, 2006.

5. Purchaser is a Dutch corporation incorporated in accordance with the laws of the Netherlands in the form of a private company with limited liability (*besloten vennootschap met beperkte aansprakelijkheid*), having its corporate seat in Amsterdam and offices at 1043 BW Amsterdam, Naritaweg 165 Telestone 8, Netherlands, registered with the Trade Register of the Amsterdam Chamber of Commerce under number 06053940. Purchaser receives its revenues primarily from service agreements, mortgage origination fees and real estate asset management fees. Purchaser is an experienced international provider of services for commercial real estate, loan workouts and business restructuring for the international capital market.

6. Crown intends to expand its business in Germany and Europe and is, therefore, interested in acquiring, through the Purchaser, WeBo in its WeBo Target State from Seller.
7. The definitions used in this Agreement, for reference only, are listed in
Exhibit P7 List of Definitions .
8. Seller is willing to sell and transfer the Sold Shares to Purchaser.

2. The Sold Shares are sold with all rights and obligations pertaining thereto.
3. The Seller shall transfer the Sold Shares to Purchaser on the Closing Date (as defined below) in accordance with the rules set out in Section 4 below.

Section 2

Record Date Balance Sheet/Net Equity Calculation

1. To the extent legally possible Seller will cause WeBo to prepare as of June 30, 2006, 12:00 p.m. / July 1, 2006, 00:00 a.m., (hereinafter also the **Record Date**), and based on the assumptions of the Pro-Forma Balance Sheet.
 - a) a balance sheet for WeBo in accordance with (and in such priority in case of inconsistencies) (i) the accounting and valuation principles described in **Exhibit 2.1.a** hereto (hereinafter also the **Preliminary Record Date Balance Sheet**); (ii) the statutory rules of the German Commercial Code (*Handelsgesetzbuch*) applicable for the establishment of annual accounts, (iii) the German General Accepted Accounting Principles (*Grundsätze ordnungsmä iger Buchführung*) and
 - b) on the basis of the Preliminary Record Date Balance Sheet, a calculation of WeBo s Net Equity (as defined below) (hereinafter also the **Preliminary Net Equity Calculation**).
2. (Intentionally left blank).

Final Version July 31, 2006

3. The Preliminary Record Date Balance Sheet and the Preliminary Net Equity Calculation shall be reviewed and certified (*Bescheinigung*) by BDO Deutsche Warentreuhand AG (hereinafter **BDO**) as Seller's contractual auditor (*Vertragsprüfer*) (hereinafter also **Seller's Auditor**) and, if and to the extent applicable, adjusted to comply with the requirements referred to under Section 2.1 above, including Exhibit 2.1.a. The certification (*Bescheinigung*) by BDO shall confirm that the review by BDO was done as thoroughly (*sorgfältig und umfassend*) as required for a full audit by BDO. The Preliminary Record Date Balance Sheet and the Preliminary Net Equity Calculation as reviewed and, if applicable, adjusted by Seller's Auditor are hereinafter also referred to as the **Reviewed Record Date Balance Sheet** and the **Reviewed Net Equity Calculation**. Seller and Purchaser anticipate the Reviewed Record Date Balance Sheet and the Reviewed Net Equity Calculation to be established 90 days after the Record Date at the latest.
4. Upon receipt of the Reviewed Record Date Balance Sheet and the Reviewed Net Equity Calculation, Seller shall without undue delay forward the Reviewed Record Date Balance Sheet and the Reviewed Net Equity Calculation to Purchaser. Within four weeks (*Ausschlussfrist*) upon receipt of the Reviewed Record Date Balance Sheet and the Reviewed Net Equity Calculation, Purchaser is entitled to raise towards Seller in written form and concisely identifying the respective position in the Reviewed Record Date Balance Sheet or the Reviewed Net Equity Calculation, objections that the Reviewed Record Date Balance Sheet or the Reviewed Net Equity Calculation do not comply with the requirements of Items 1 above, however, provided that (i) the aggregate amount of such objections (if taken into account) would lead to a Net equity (as defined below) falling short of the Net equity shown in the Reviewed Net Equity Calculation by more than EUR 100,000.00, and, (ii) objections against individual positions of the Reviewed Record Date Balance Sheet or the Reviewed Net Equity Calculation shall only be taken into account if they exceed a threshold of EUR 100,000.00 in each case. Purchaser shall quantify the amount by which the Net Equity as shown in the Reviewed Net Equity Calculation exceeds or falls short of the Net Equity pursuant to Purchaser's calculations.
5. If Seller and Purchaser do not agree upon the objections raised by Purchaser in accordance with Item 4 above, Seller and Purchaser, at any time, may request to have any dispute settled by an expert arbitrator (*Schiedsgutachter*) according to the requirements set forth in Item 1 above. If Seller and Purchaser do not agree, within two weeks upon such request by a Party, upon the person of such expert arbitrator, the expert arbitrator shall be appointed by the Institute of Chartered

Final Version July 31, 2006

- Accountants (*Institut der Wirtschaftsprüfer e.V.*) in Düsseldorf. To the extent permissible by law, Section 319 of the German Civil Code (*Bürgerliches Gesetzbuch*), the findings of the expert arbitrator shall be finally binding between the Parties to the extent Seller and Purchaser could not agree upon the objections raised by Purchaser in accordance with Item 4 above. The expert arbitrator shall also decide upon the costs in connection with the proceedings under this Section in accordance with the principles set forth in Sections 91 et subs. of the German Civil Procedure Act (*Zivilprozessordnung*); however, each Party shall bear the costs of its own advisors.
6. The Reviewed Record Date Balance Sheet and the Reviewed Net Equity Calculation shall become finally binding between the Parties if, and to the extent that, Purchaser does not raise objections in compliance with Item 4 sentences 2 and 3 above. Otherwise, the Reviewed Record Date Balance Sheet and the Reviewed Net Equity Calculation shall become binding between the Parties in accordance with a mutual agreement between the Parties with regard to Purchaser's objections pursuant to Item 4 sentences 2 and 3 or, as the case may be, in accordance with the findings of the expert arbitrator.

The finally binding Reviewed Record Date Balance Sheet and the Reviewed Net Equity Calculation in accordance with this Item 6 are hereinafter also referred to as the **Effective Record Date Balance Sheet** and the **Effective Net Equity Calculation**.

7. **Net Equity** as referred to in this Agreement comprises equity as defined by section 266 para. 3 A. of the German Commercial Code. **Net Equity** in the Pro-Forma Balance Sheet is listed in Section *Passiva* under *Eigenkapital* (*Shareholders Equity*) and amounts to EUR 22,013,000.00.
8. For the avoidance of doubt, the Parties hereby record their understanding that the funds kept in the cpd account number 630667 amounting to EUR 408,455.99 as of June 30, 2006 shall remain with WeBo. - b) any other information or documents made available to Purchaser, its representatives or advisors with regard to WeBo, except for information expressly contained herein or the exhibits hereto;
- c) WeBo's non-performing loan portfolio; the Parties agree that risks and chances of WeBo's non-performing loan portfolios shall be on the Purchaser's side with economic effect as of January 1, 2006, so that later developments shall not influence the Net Equity Calculation.

- d) The Parties further agree that the engagements listed in

Exhibit 6.15.d

c) Neither Crown nor Purchaser is aware of any facts which could give rise to the conclusion that the German Federal Agency for Supervision of Financial Services or any other competent authority would not approve of this Agreement or any transaction contemplated herein.

Section 8
Remedies

1. To the extent that any statement contained in the guarantees made by Seller pursuant to Section 6 hereof is untrue or incorrect, Seller shall, subject to the rules set forth in this Section 8, be liable towards Purchaser or, at the election of

Final Version July 31, 2006

Purchaser; to Crown or WeBo, exclusively for the compensation, in cash, respectively in kind (*Kompensation*), of damages of Purchaser directly (i.e. excluding consequential damages or lost profits) resulting from such statement being untrue or incorrect (such damages each hereinafter also a **Damage** and together the **Damages**).

- a) The Parties agree that Seller shall not be liable towards Purchaser with regard to those assets or liabilities which are the subject matter of the Spin-off Contract
 - b) In the event that the transfer of an asset or of a liability being the subject matter of the Spin-off Contract should require the consent of a third party and such consent cannot be obtained until Record Date, the Parties will jointly cooperate and, to the extent legally possible, cause WeBo to cooperate in obtaining such consent to the extent economically reasonable. If such consent cannot be obtained the Parties shall treat each other as if the respective asset or liability would have been transferred with economic effect as of the Effective Date.
2. Seller shall not be liable towards Purchaser to the extent that Purchaser or WeBo Group obtain any advantages or benefits as a consequence of, or in connection with, the matter giving rise to the Damage. Without limiting the generality of the forgoing, this shall apply to the extent that a Damage is deductible or allowable for tax purposes or with respect to any other tax benefit or advantage of Purchaser or WeBo Group resulting from, or in connection with, the matter giving rise to the Damage, irrespective of whether the tax benefit or advantage affects former, current or future tax periods.
3. Furthermore, Seller shall not be liable towards Purchaser or Crown for any Damage to the extent that
- a) such Damage is incurred by Purchaser or Crown or WeBo Group as a consequence of, or in connection with, changes of, or amendments to, the applicable laws, ordinances, tax rates, administrative regulations, guidelines or practices or any other binding regulations coming into force after the date hereof;
 - b) Purchaser or Crown, its directors, officers, representatives or advisors know that the respective statement of Seller was untrue or incorrect;
 - c) the matter giving rise to the Damage occurs after the signing of this Agreement on request, or with the consent, of Purchaser or Crown;

Final Version July 31, 2006

- d) Purchaser or Crown or WeBo Group actually recover the Damage from any other third person, specifically including, but not limited to, an insurance carrier, in which case Seller shall, however, indemnify Purchaser or Crown or WeBo Group from any reasonably legal costs arising from the enforcement of such claim, which are not refundable from other sources, as well as any deductible payment (*Selbstbehalt*), if any. Purchaser or Crown or WeBo Group will use their best efforts to collect the Damage from any third person and, upon request by Seller, will provide Seller with evidence of such best efforts.
 - e) the matter giving rise to the Damage is provisioned (*Rückstellung*) in the Financial Statement or the Effective Record Date Balance Sheet;
 - f) the Financial Statement or the Effective Record Date Balance Sheet otherwise contain provisions (*Rückstellungen*) which can be written back;
 - g) Purchaser or Crown or WeBo Group receive (prior to the date Seller acknowledges the Damage vis-à-vis Purchaser or Crown or Purchaser or Crown institutes judicial proceedings against Seller to recover the Damage) payments in excess of the book value against accounts receivable that have been written down in the Financial Statement or the Effective Record Date Balance Sheet; however, the Parties agree that this does not apply as to payments pertaining the WeBo's non-performing loan portfolio.
 - h) Purchaser or Crown is entitled to be indemnified by Seller pursuant to Section 9 below.
4. Seller shall only be liable towards Purchaser to the extent Purchaser's aggregate Damages are in excess of an exempt amount (*Freibetrag*) of EUR 250,000.00 (hereinafter also the **Exempt Amount**), provided that for calculating the Exempt Amount only individual Damages exceeding EUR 25,000.00 shall be taken into account. The Seller shall be liable for Damages only for the amounts above the Exempt Amounts. In no event, however, shall Seller be liable for any Damages exceeding the amount of the Net Equity as stated in the Effective Net Equity Calculation.
5. All claims of Purchaser arising out of, or in connection with, a breach of a guarantee made by Seller pursuant to Section 6 hereof shall prescribe (*unterliegen einer Ausschlussfrist*) by January 31, 2008, except for claims arising out

Final Version July 31, 2006

of a breach of the guarantees contained in Section 6.1 litt. a through d hereof which shall prescribe within four years from the Closing Date.

6. Purchaser shall be entitled to recover compensation for any Damages from Seller if, and to the extent that, as soon as practical after Purchaser receives knowledge of facts or circumstances, from which it can be derived that a statement by Seller contained in one of the guarantees pursuant to Section 6 above is untrue or incorrect, Purchaser gives written notice to Seller of the breach of the respective guarantee stating, as precisely as possible, (i) such facts or circumstances and (ii) an estimate of the Damage anticipated and (iii) that Seller is entitled to establish the situation that it has guaranteed (*Naturalrestitution*) within a reasonable period of time, which shall be a minimum of two and a maximum of six months. Knowledge of Purchaser as is relevant for this Section 8 Item 6 shall depend on the knowledge of persons listed in

Exhibit 8.6.

7. In the event that a third person, including, but not limited, fiscal and other administrative authorities, asserts, alleges, or purports to have, a claim against Purchaser or WeBo Group which could lead to a Damage (hereinafter the **Third Person Claim**"), Purchaser shall immediately notify Seller in writing hereof.
- a) Purchaser and/or Crown shall then within a reasonable period of time be entitled to request Seller to take over the defence against the Third Person Claim (hereinafter also the **Defence Request**). However, in any case, the Defence Request shall be made so promptly that the prospects for a successful defence are not jeopardised. If Purchaser does not timely inform Seller of the Third Person Claim, Seller may refuse the Defence Request if and to the extent that a successful defence is in fact jeopardised. Purchaser and/or Crown will compensate Seller for the Damage directly caused by the fact that information was not provided in time.
- b) Without undue delay upon the receipt of the Defence Request, Seller shall declare to Purchaser if, and to which extent, it is willing to take over and organise the defence against the Third Person Claim (hereinafter also the **Defence Notice**).
- c) To the extent Seller does not issue the Defence Notice in accordance with lit. b above, Purchaser shall then be entitled to take over and organise the defence against the Third Person Claim in its own discretion. Seller shall be bound by the outcome of such defence with regard to any Damage of

Final Version July 31, 2006

Purchaser or WeBo Group resulting from the respective Third Person Claim.

- d) To the extent Seller does issue the Defence Notice in accordance with lit. b above, Seller shall be entitled to take over and organise the defence against the Third Person Claim in its own discretion. Purchaser shall, and shall cause WeBo Group to, give Seller the opportunity to effectively defend Purchaser or WeBo Group against the Third Person Claim. Purchaser shall, and shall cause WeBo Group to, cooperate with Seller in good faith, give access to Seller and its representatives, including, but not limited to, Seller's advisors, to all relevant corporate books and records and all other documents as well as Purchaser's and WeBo Group's board members, managing directors or other staff members. Seller shall be entitled to participate in and supervise any written or oral correspondence, negotiations or court or other hearings of any concern to the Third Person Claim and to retain legal, tax or other advisors for Purchaser or WeBo Group. Seller may request Purchaser or WeBo Group to settle the Third Person Claim or otherwise institute formal proceedings. In this regard, Purchaser shall, and shall cause WeBo Group to, follow any instructions by Seller. In no event are Purchaser or WeBo Group entitled to acknowledge or settle the Third Person Claim without the prior written consent of Seller. Purchaser shall instruct WeBo Group accordingly. In case Purchaser does not comply with its obligations under this lit. d, Purchaser forgoes any claims for Damages resulting from, or in connection with, the Third Person Claim, unless the legal position of Purchaser or WeBo Group has not been detrimentally affected by Purchaser's misconduct. Section 6 Item 7 (c) sentence 2 hereof shall apply accordingly.
8. Section 254 of the German Civil Code shall apply accordingly.
9. The contractual remedy as set forth in this Section 8 shall be the exclusive remedy available for Purchaser with respect to the breach of any guarantee pursuant to Section 6 hereof. Statutory rights Purchaser might otherwise have including, but not limited to, claims for specific performance (*Nacherfüllung*), rights of avoidance (*Anfechtungsrechte*), including the avoidance for lack of substantial qualities (*Fehlen verkehrswesentlicher Eigenschaften*), any rescission, termination or other adjustment rights, including such for lack of substantial elements (*Störung der Geschäftsgrundlage*) are explicitly excluded.

Final Version July 31, 2006

10. Purchaser abandons and waives any known or unknown rights of any nature (contractual, quasi-contractual, tortious or other kind of rights and claims, including, but not limited to, statutory warranties, avoidance, termination and rescission rights) it might have out of, or in connection with, this Agreement in addition to the remedies set forth in this Section 8, unless they are specifically provided for in this Agreement.
11. The foregoing item 9 and item 10 shall not apply in case of wilful or grossly negligent misconduct of Seller.

Section 9

Tax Indemnification

1. Seller shall indemnify WeBo Group from all liabilities for taxes or ancillary contributions (*steuerliche Nebenleistungen*) within the meaning of Section 3 of the German General Tax Code (*Abgabenordnung*) or mandatory social security contributions (*Sozialversicherungsbeiträge*) levied upon WeBo Group on or after the Effective Date if, and to the extent that, such liability results from tax relevant facts that have occurred prior to the Effective Date (hereinafter also **Taxes**).
2. Any payment under Item 1 above shall become due within ten banking days upon presentation of a final binding fiscal determination (*endgültig bestands- kraftiger Festsetzungsbescheid*) or a comparable decision of the respective competent authority unless, however, payment of the respective liability has been deferred by the competent authority or the competent authority has suspended the enforcement (*Aussetzung der Vollziehung*) of such liability or Seller or WeBo Group have failed to correctly file an application for deferred payment or suspension of enforcement.
3. Seller shall not be liable towards Purchaser and/or Crown for the indemnification for any Taxes to the extent that Purchaser or WeBo Group obtain any advantages or benefits as a consequence of, or in connection with, the matter giving rise to the liability of Seller under this Section 9. Without limiting the generality of the forgoing, this shall apply to the extent that the respective Tax liability is deductible or allowable for tax purposes or with respect to any other tax benefit or advantage of Purchaser or WeBo Group resulting from, or in connection with, the matter giving rise to the Tax liability, irrespective of whether the tax benefit or advantage affects former, current or future tax periods. This is

Final Version July 31, 2006

valid in particular with respect to, but not limited to, timing differences (*Phasen-verschiebungen*) which lead to tax reductions in subsequent years.

4. Furthermore, Seller shall not be liable towards Purchaser and/or Crown for any Taxes to the extent that
- a) such Taxes are levied upon Purchaser or WeBo Group as a consequence of, or in connection with, changes of, or amendments to, the applicable laws, ordinances, tax rates, administrative regulations, guidelines or practices or any other binding regulations coming into force after the Effective Date;
 - b) the matter giving rise to the Taxes occurs after the execution of this Agreement on request, or with the consent, of Purchaser;
 - c) Purchaser or WeBo Group have any claim for repayment or indemnification against a third person for the respective Tax;
 - d) the Taxes or the matter giving rise to the Taxes are reflected in the Financial Statement or the Effective Record Date Balance Sheet or the financial statements of the Subsidiaries for the fiscal year ending December 31, 2005, e.g. by provisions;
 - e) the Financial Statement or the Effective Record Date Balance Sheet or the financial statements of the Subsidiaries for the fiscal year ending December 31, 2005 contain provisions (*Rückstellungen*) which can be dissolved;
 - f) Seller or WeBo Group receive, prior to the date Seller acknowledges its liability under this Section 9 vis-a-vis Purchaser or Purchaser institutes judicial proceedings against Seller to recover, or receive indemnification for, the Taxes, payments in excess of the book value against accounts receivable that have been written down in the Financial Statement or the Effective Record Date Balance Sheet or the financial statements of the Subsidiaries for the fiscal year ending December 31, 2005;
 - g) the Taxes are assessed by the competent authority or otherwise paid by Seller or WeBo Group as a result of, or in connection with, a tax disadvantage (*steuerlicher Mehraufwand*) based upon the findings (*Feststellungen*) of the current or any future tax audit (*Betriebsprüfung*) affecting time periods ending on the Record Date to the extent that such

Final Version July 31, 2006

- findings taken into account increase, or would increase, WeBo's Net Equity.
5. Purchaser shall pay to Seller any refunds Purchaser or WeBo Group receive on taxes or other contributions covered by Item 1 above if, and to the extent that, such refund results from tax relevant facts that have occurred prior to the Effective Date unless, however, such refund has been provided for in the Financial Statement or the Effective Record Date Balance Sheet or the financial statements of the Subsidiaries for the fiscal year ending December 31, 2005 Purchaser shall also pay to Seller an amount equal to any unused tax provision contained in the Financial Statement or the Effective Record Date Balance Sheet or the financial statements of the Subsidiaries for the fiscal year ending December 31, 2005 that may be dissolved in accordance with a binding finding of a competent fiscal or other authority.
 6. With respect to Seller's responsibility for taxes or other contributions covered by this Section 9 prior to the Effective Date, Purchaser shall, and shall cause WeBo Group to, prepare and file all tax returns required with regard to all time periods ending on, or prior to, the Effective Date. These tax returns shall be furnished to Seller not later than 30 banking days prior to the due date of the tax filing for review and approval by Seller. All notices, calculations, books and records necessary or useful in connection with these tax returns shall be made available to Seller. Notwithstanding the provisions contained in Item 8 below, Purchaser shall immediately keep Seller informed as to any issue relating to taxes or other contributions covered by this Section 9 which could reasonably have a bearing on Seller's obligations or liabilities under this Agreement. Seller shall bear its own costs triggered under this Item 6.
 7. Purchaser shall immediately inform Seller of any (intended) tax audit covering or affecting time periods ending on, or prior to the Effective Date, or affecting Seller's obligations or liabilities under this Section 9 and shall allow Seller and its advisors to participate in all correspondence and discussions with the fiscal authorities.
 8. In the event any dispute between the competent authorities and Purchaser or WeBo Group arises which could affect any obligation of Seller under this Section 9, the procedure set forth in Section 8.7 shall apply mutatis mutandis.
 9. If and to the extent to which existing tax loss carryforwards (corporation tax and trade tax) of WeBo, which were generated before Effective Date, can be used by

Final Version July 31, 2006

WeBo (by offsetting future profits of WeBo against the tax loss carryforwards), the following shall apply:

Regarding the first 10 million Euro of the future tax benefit arising from the use of the tax loss carryforwards after Closing Date (hereinafter the **Future Benefit**) Purchaser shall pay to Seller 70% of the Future Benefit.

Regarding any additional Future Benefit exceeding the 10 million Euro threshold Purchaser shall pay to Seller 50% of the Future Benefit.

The payment of the Future Benefit shall become due within ten banking days upon presentation of a final fiscal binding tax assessment (*endgültig bestandskräftiger Steuerbescheid*), which constitutes the Future Benefit.

As far as the tax loss carryforwards of WeBo increase after Effective Date, it is assumed that first the tax loss carryforwards which are generated after Effective Date will be used by Webo.

10. Purchaser shall immediately inform Seller if and to the extent to which the existing tax loss carryforwards are used by WeBo. Additionally the tax advisors of Purchaser or WeBo shall annually give a report to Seller if and to the extent to which the tax loss carryforwards were used. Seller has the right to get this verified by a tax advisor of his choice. The tax advisor only informs Seller of the result of the research and has otherwise the duty to keep confidential the tax/economic situation of WeBo. Seller shall bear its own costs caused pursuant to this Item 10.
11. Claims of the Purchaser under this Section 9 shall become time barred upon expiration of a period of three months after the tax assessments (*Steuer- bescheide*) for the Relevant Assessment Period become final.

Section 10

shareholder of WeBo or indirect shareholder of the Subsidiaries, including, but not limited to, obligations and liabilities of Seller arising out of, or in connection with, statutory, contractual, organisational or other rules concerning capital contribution or maintenance (*Kapitalaufbringung oder -erhaltung*) or assumption of co-liability of Seller for WeBo Group's liabilities, including, but not limited to, any comfort letters issued by Seller. However, Purchaser shall not be liable under this Item 1 towards Seller to the extent that the respective obligation or liability of Seller results from facts which give rise to a liability of Seller towards Purchaser under Section 6 in connection with Section 8 or under Section 9 hereof.

2. Seller shall indemnify WeBo from any claim for breach of representations and warranties as well as from any indemnification obligation arising out of the Former Divestments (as defined in Preamble, Item 3). In particular, Seller shall indemnify and hold WeBo harmless with regard to any obligations of WeBo resulting from the spin-off contract with Fortis (Asset Management) and Merck Finck (Private Banking), as listed in Annex 2 (d) of the Heads of Terms, attached hereto as

Exhibit 10.2

Seller hereby confirms that such listing is complete and accurate. After Closing Date, Purchaser shall, to the extent legally possible and in accordance with the requests of Seller, cause WeBo to take all reasonable steps aiming at the successful defence against any claim resulting from Former Divestments if Seller is prepared to reimburse WeBo any additional costs arising from such steps. Purchaser shall immediately inform Seller and, to the extent legally possible, cause WeBo to immediately inform Seller, in writing of any assertion or preparation or announcement of a possible assertion of a claim resulting from Former Divestments as well as any other event directly or indirectly connected with claims resulting from Former Divestment.

3. WeBo might be entitled to damages against certain former members of the managing board (*Vorstand*) of WeBo in connection with the product "cash- Premium". These claims are not activated in the books of WeBo Group, but might be recoverable due to a D&O liability insurance policy in place between Seller on the one hand and Bayerische Versicherungsbank AG and Allianz Versicherungs-AG (hereinafter together also **Allianz**) on the other hand (these potential claims hereinafter also the **D&O Claims**). Seller and Allianz are currently in dispute with regard to the applicability of the insurance coverage and the scope of the D&O Claims. Pursuant to the principles as set forth in

Final Version July 31, 2006

Section 2.1a above, the D&O Claims may not be activated in the Preliminary, Reviewed or Effective Record Date Balance Sheet. As a consequence thereof, the D&O Claims will not be taken into account in the calculation of the Effective Purchase Price. Therefore, in case that Purchaser or WeBo Group are entitled to any amount actually paid out of, or in connection with, the D&O Claims, Seller shall be entitled to a payment in such amount from Purchaser or Crown (net of costs incurred by Purchaser or WeBo Group for the pursuit of the D&O Claims). After Closing Date, Purchaser or Crown shall, to the extent legally possible and in accordance with the requests of Seller, cause WeBo to take all reasonable steps aiming at the successful assertion of the D&O Claims, if Seller is prepared to reimburse WeBo for any additional costs arising from such steps. Purchaser or Crown shall immediately inform Seller and, to the extent legally possible, cause WeBo to immediately inform Seller, in writing of any payment out of, or in connection with, the D&O Claims as well as any other event directly or indirectly connected with the D&O Claims.

4. From the date hereof until Closing Date, Seller shall ensure, to the extent legally possible, that WeBo conducts its business in the ordinary course and consistent with past practice, if not amended due to the completion of the Former Divestments as well as establishing the WeBo Target State, unless otherwise contemplated in this Agreement or requested by, or in explicit consent with, Purchaser.
5. Purchaser is aware that WeBo's membership in the ATM network called Cash Group will terminate as of the Closing Date.
6. The Parties shall, and shall ensure that WeBo Group, use their best efforts that all documents and other instruments are executed and all actions are taken in a timely manner to allow the consummation of this Agreement and of the transactions contemplated herein and to give effect to the purposes of this Agreement.
7. If any change as to the statements made in Section 6 comes to the knowledge of Seller between Record Date and Closing Date, Seller shall inform Purchaser accordingly.
8. As a member of a consortium of banks, WeBo is affected by a litigation matter commenced by the Bundesanstalt für vereinigungsbedingte Sonderaufgaben (BvS) against the leader of the consortium. BvS claims damages for fraud and misrepresentation in an amount of EUR 24,000,000.00 in connection with the engagement Pilz. No provisions were made by WeBo with regard to this

Final Version July 31, 2006

litigation matter or further claims resulting from the engagement Pilz. Seller agrees to indemnify and hold WeBo harmless with regard to any obligations of WeBo resulting from such litigation matter and any further potential claims of the guarantor (Bayerische Landesanstalt für Aufbaufinanzierung) including reasonable legal cost and expenses. Seller's obligation to indemnify WeBo from all such obligations of the engagement Pilz shall end six months after a binding judgement in the litigation matter BvS versus the leader of the consortium has been rendered. After Closing Date, Purchaser and Crown shall, to the extent legally possible and in accordance with the requests of the Seller, cause WeBo to take all reasonable steps aiming at a successful defence against such claims, if Seller is prepared to reimburse WeBo for any additional costs arising from such requests by Seller. Purchaser is aware that Seller is a member of the consortium of banks involved in such dispute and that WeBo has granted unrestricted and irrevocable power of attorney to Seller to enter into a settlement agreement with BvS and the guarantor with regard to the above-mentioned damage claims also on behalf of WeBo.

9. Seller also agrees to indemnify and hold WeBo harmless with regard to a potential claim of Deutsche Bank AG raised against WeBo in an amount of EUR 250,000.00, based on a guarantee allegedly issued by WeBo. No provisions were made by WeBo with regard to such guarantee. After Closing Date, Purchaser or Crown shall, to the extent legally possible, inform Seller of any ongoing development and, in accordance with the requests of Seller, cause WeBo to take all reasonable steps aiming at the successful defense of any related claim, if Seller is prepared to reimburse WeBo for any additional costs arising from such steps.
10. Seller agrees to indemnify and hold WeBo harmless with regard to all claims against WeBo resulting from the labour law dispute Stappert, requesting pension and bonus payments.
11. Seller agrees to indemnify and hold WeBo harmless with regard to all claims against WeBo raised by customers in connection with two real estate projects, BVT Eschborn and BVT Mainzer Landstraße, over and above the provisions made by WeBo in the Effective Record Date Balance Sheet (EUR 400,000.00 as of December 31, 2005). Purchaser shall cause WeBo to the extent legally possible to continue to mitigate this matter. As of July 31, 2007, any amounts remaining of the related provisions as shown in the Effective Record Date Balance Sheet made by WeBo shall be due to Seller. After Closing Date, Purchaser or Crown shall, to the extent legally possible, inform Seller of any ongoing development and, in accordance with the requests of Seller, cause

Final Version July 31, 2006

WeBo to take all reasonable steps aiming at the successful defense of any related claim, if Seller is prepared to reimburse WeBo for any additional costs arising from such steps.

12. The Parties understand that, pursuant to para. 133 German Transformation Act, WeBo and Seller are jointly and severally liable for WeBo's obligations incurred before the date on which the spin-off takes effect. The Seller agrees to indemnify and hold harmless WeBo with regard to all assets and liabilities which were transferred to the Seller in accordance with the Spin-off Contract. Conversely, Purchaser shall cause WeBo to the extent legally possible to grant such indemnification towards Seller. Furthermore, Purchaser and Crown shall also indemnify and hold harmless the Seller with regard to those assets and liabilities which remain with WeBo.

Section 11

Real Estate

1. Dorion GmbH & Co. KG, München (hereinafter **Dorion**) is the owner of the real estate Huestraße 17-19 and 21-25 in 44787 Bochum (hereinafter **Real Estate Bochum**). Until July 19, 2006, WeBo was the lessee of the Real Estate Bochum. On that date WeBo, Dorion and Argentaurus Immobilien- Vermietungs- und Verwaltungs GmbH, München (hereinafter **Argentaurus**) entered into a three-party-agreement whereby the lease agreement between Dorion and WeBo was cancelled and a new lease agreement was concluded between Dorion and Argentaurus with legal effect as of July 1, 2006. In consideration thereof, WeBo paid to Argentaurus an amount of EUR 11,000,000.00. A copy of such three-party-agreement is attached hereto as

Exhibit II.1.a.

Furthermore, Argentaurus and WeBo entered into a sub-lease agreement with regard to the Bochum Real Estate which is attached hereto as

Exhibit II.1.b.

2. WeBo has leased the premises Benratherstraße 12 in Düsseldorf (hereinafter **Real Estate Düsseldorf**) from Acis Verwaltungsgesellschaft mbH & Co. Immobilienvermietungs KG (hereinafter **Acis**). On July 19, 2006, WeBo entered into a sub-lease agreement with Argentaurus relating to the Real Estate Düsseldorf with legal effect as of July 1, 2006. In consideration thereof, WeBo agreed to pay to Argentaurus an amount of EUR 8,300,000.00. Starting July 1,

Final Version July 31, 2006

2006, Argentaurus shall make the payment of the rent directly to Acis, inter alia, in view of the assignment to Acis of the rental claims arising out of the sub-lease agreement pursuant to the lease agreement between Acis and WeBo. The sublease agreement is attached hereto as

Exhibit 11.2.

If the sub-lease agreement will not become effective, the Parties agree to achieve an economically comparable solution in particular taking into account Seller's interest in receiving the above mentioned amount of EUR 8,300,000.00. This shall, in particular, apply as regards the preemptive right (*Ankaufsrecht*) pursuant to the annex of Exhibit 11.2 to be transferred as a condition precedent to Argentaurus according to section 4.2 of the sub-lease agreement. However, Seller or, after Closing Date, Purchaser and Crown shall cause WeBo, to the extent legally possible, to use its best efforts to fulfill the pre-conditions pursuant to section 4 of the sublease agreement.

Seller will cause Argentaurus to deposit an amount of EUR 7,000,000.00 into an escrow account by July 31, 2007. Such escrow account shall be opened with Seller and shall secure by way of pledge (with the exception of interest due) Argentaurus' rental obligation vis-a-vis its sublessor WeBo due under the sublease agreement. Argentaurus shall be authorized to dispose on any funds deposited in such escrow account in accordance with a payment schedule to be agreed upon. Such payment schedule shall provide that the last rental payments being due under the sub-lease agreement with WeBo (calculated from the termination of the sublease agreement with WeBo backwards) can be made out of the escrow account. The Parties agree that any funds deposited in such escrow account shall be released if Acis agrees to transfer the main lease contract from WeBo to Argentaurus.

In the event that Argentaurus will not deposit EUR 7,000,000.00 into the escrow account by July 31, 2007, Seller agrees to take over the respective obligation of Argentaurus.

3. Seller irrevocably and unconditionally offers to WeBo to enter, or to cause a company affiliated with the Seller within the meaning of Section 16 German Stock Corporation Act to enter into a purchase and transfer agreement regarding WeBo's entire limited partner's interest in Nadinion GmbH & Co. KG (hereinafter **Nadinion**) in the nominal amount of EUR 25,000.00 (hereinafter the **Put-Option**). The Put-Option can be exercised by WeBo only after July 5,

Final Version July 31, 2006

2009 and only for a subsequent period of six months by written notice to the Seller.

4. The purchase price for WeBo's entire limited partner's interest in Nadinion shall amount to its book-value as stated in the Effective Record Date Balance Sheet.
5. The Put-Option shall be subject to the following cumulative conditions:
 - a) Nadinion continues to hold a 94% limited partner's interest in Dorion in the amount of EUR 23,500.00.
 - b) Dorion continues to be the owner of the Real Estate Bochum.
 - c) Neither Nadinion nor Dorion operate beyond their current business activities. The Parties agree that no new investments shall be made and no new activities shall be entered into by Nadinion and/or Dorion or any subsidiary of these companies.

If changes in the current activities of Nadinion and/or Dorion appear to be necessary in order to avoid any disadvantages for such companies developing after signing of this agreement, the Parties will use their best efforts to come to a mutually beneficial solution reflecting the original intent of the Parties.

6. The Parties agree that a possible sale of the Bochum Real Estate can be effected by Dorion without having to request for consent of Dorion's shareholders meeting pursuant to Section 8 para. 4 of Dorion's articles of association. If, however, such consent turns out to be necessary in order to effect a sale, the Parties further agree that the Purchaser shall, to the extent legally possible, cause WeBo and Nadinion to support such sale without any restriction. Furthermore, Seller or one of its affiliated companies may also, at any time, negotiate on a possible sale of Dorion and/or Nadinion on behalf of the respective shareholder. Purchaser will, to the extent legally possible, cause WeBo, Nadinion and Dorion to support such sale without any restriction as well. If a sale regarding the Bochum Real Estate or Dorion can be effected, Purchaser is entitled to exercise the Put-Option as soon as the change of ownership regarding the Bochum Real Estate or the limited partner's interest in Dorion, respectively, is entered into the land register (Grundbuch). The Parties agree that Purchaser shall procure that neither WeBo nor any of the companies affiliated with WeBo shall effect a sale of the Bochum Real Estate, Nadinion and/or Dorion unilaterally without consent of the Seller.

No Party shall make any press release or similar public announcement with respect to this Agreement and shall keep confidential and not disclose to any third person the contents of this Agreement and any confidential information regarding the other Party disclosed to it in connection with this Agreement or its implementation, except as expressly agreed upon in writing with the other Party and except as may be required in order to comply with the requirements of any applicable laws, other rules and regulations of any stock exchange upon which the securities of one of the Parties or its respective parent companies are listed. However, in any case, the Parties shall not make any announcement without consulting the respective other Party in advance.
3. With respect to taxes, costs and other charges, the following shall apply:
 - a) All transfer taxes (including real estate transfer taxes), stamp duties, fees (including notarial fees, if any), registration duties or other charges in connection with any regulatory requirements (including merger control proceedings) and other charges and costs payable in connection with the execution of this Agreement and the implementation of the transactions contemplated herein shall be borne by Purchaser unless explicitly provided otherwise herein.
 - b) Each Party shall pay its own expenses, including the costs of its advisors, incurred in connection with this Agreement.
 - c) The costs of Seller's Auditor for work done in connection with Section 2 shall be borne by Seller.
4. This Agreement (including all Exhibits hereto) contains the entire agreement between the Parties with respect to the subject matter hereof and supersedes all prior agreements and understandings with respect thereto, except for the confidentiality agreement dated January 21, 2005 / February 9, 2005 / July 31, 2006 and attached hereto as **Exhibit 12.4** which will remain in full force and effect.
5. Any provision of this Agreement (including this Section 11.5) may be amended or waived only if such amendment or waiver is (i) by written instrument executed by each Party and explicitly refers to this Agreement or (ii) by notarised deed if required by law.

Final Version July 31, 2006

6. a) Except as expressly set forth in this Agreement, no Party may assign, delegate or otherwise transfer any of its rights or obligations under this Agreement without the consent of the other Party.
 - b) Crown herewith irrevocably assumes unconditional and unlimited liability for any and all obligations of the Purchaser arising out of or in connection with this Agreement.
7. Neither this Agreement nor any provision contained in this Agreement is intended to confer any rights or remedies upon any person or entity other than the Parties.
8. This Agreement shall be governed by, and construed in accordance with, the laws of Germany (excluding conflict of laws rules).
9. Any dispute arising out of, or in connection with, this Agreement or the validity hereof shall be exclusively settled in the courts of Munich.
10. Purchaser hereby appoints Dr. Werner Tetiwa, c/o White & Case LLP, Bockenheimer Landstraße 20, 60323 Frankfurt, Germany, as its agent for service of process (*Zustellungsbevollmächtigter*) for all legal proceedings including, but not limited to, any action for injunctive relief (*einstweiliger Rechtsschutz*) involving Purchaser arising out of or in connection with this Agreement. This appointment shall only terminate upon the appointment of another agent for service of process domiciled in Germany, provided that the agent for service of process is an lawyer admitted to the German Bar (*in Deutschland zugelassener Rechtsanwalt*) and this appointment has been notified to and approved in writing by Seller (which approval shall not be unreasonably withheld).
11. Terms to which a German translation has been added shall be interpreted as having the meaning assigned to them by the German translation.
12. The Exhibits to this Agreement are an integral part of this Agreement and any reference to this Agreement includes this Agreement and the Exhibits as a whole. The disclosure of any matter in this Agreement (including any Exhibit thereto) shall be deemed to be a disclosure for all purposes of this Agreement. The fact that the matter has been disclosed in an Exhibit shall not be used to construe the extent of the required disclosure (including any standard of materiality) pursuant to the relevant statement or other provisions of this Agreement.

Final Version July 31, 2006

13. Should any provision of this Agreement, or any provision incorporated into this Agreement in the future, be or become invalid or unenforceable, the validity or enforceability of the other provisions of this Agreement shall not be affected thereby. The invalid or unenforceable provision shall be deemed to be substituted by a suitable and equitable provision which, to the extent legally permissible, comes as close as possible to the intent and purpose of the invalid or unenforceable provision. The same shall apply: (i) if the Parties have, unintentionally, failed to address a certain matter in this Agreement (*Regelungslücke*); in this case a suitable and equitable provision shall be deemed to have been agreed upon which comes as close as possible to what the Parties, in the light of the intent and purpose of this Agreement, would have agreed upon if they had considered the matter; or (ii) if any provision of this Agreement is invalid because of the scope of any time period or performance stipulated herein; in this case the time period or performance deemed to have been agreed upon is that which is legally permissible and comes as close as possible to the stipulated time period or performance.
14. Tax Elections. In the event Purchaser and its successors desire to make certain U.S. tax elections, the Seller agrees to provide, at the expense of Purchaser, all reasonable assistance and promises not to unreasonably withhold consents to such elections. Each request will be provided by Purchaser to Seller in writing, describing the requested assistance and consents needed by Purchaser to perfect the U.S. tax election. Such elections that may be required from time to time by Purchaser include (i) Deemed Asset Sale Elections pursuant to Section 338 of the U.S. Internal Revenue Code, as amended (**IRC**) and (ii) Changes in Entity Classifications pursuant to Section 7701 of the IRC. Until Closing Date, Seller also agrees, at the expense of Purchaser, to cause WeBo, to the extent legally possible, to perform all administrative requirements necessary for perfecting the elections, such as causing WeBo to apply for U.S. taxpayer identification numbers in cases of entity classification elections. Purchaser shall indemnify Seller for any direct Damage (except Damage from lack of authority of a person to sign an election on behalf of the Seller or other action on behalf of the Seller) resulting from Seller's compliance with Purchaser's request pursuant to this Item 14.
15. Without undue delay after the signing of this Agreement, Seller and WeBo shall enter into a service agreement according to which WeBo shall provide to Seller certain services to facilitate the safe conduct and integration of WeBo's corporate client business after its Spin-Off to Seller and the wind-down of

Final Version July 31, 2006

certain banking activities previously carried out by WeBo (hereinafter the **Service Agreement**).

The Service Agreement shall in particular provide for the services described in

Exhibit 12.15

If further services turn out to be necessary or useful to Seller with regard to the continuation of the corporate client business or the wind-down of WeBo's former banking activities, the Parties shall cause WeBo, to the extent legally possible, to use its reasonable commercial efforts to provide such services.

The Parties agree that the services specified in Exhibit 12.15 have been taken into account when determining the Purchase Price (as defined in Section 3 of this Agreement) and, thus, shall be provided by WeBo free of charge with exception of the costs resulting from the archiving of electronic data pertaining to WeBo's corporate client business and WeBo's former banking activities and other services for which provisions in the Pro-Forma Balance Sheet (Schließungskosten IT) amounting to EUR 1,732,000.00 have been built up in accordance with Exhibit 2.1.a. The Parties agree that, due to such provisioning, Seller is not obliged to any further payment towards WeBo as regards the costs of the aforementioned archiving of electronic data.

In order to reach the WeBo Target State, Seller will, also after Closing, cause its subsidiary HVB Verwa 5 GmbH & Co. Restrukturierungs KG, to the extent legally possible, to assist WeBo, if requested by WeBo, to wind down its former banking-activities. Such services shall also be provided free of charge since they have been taken into account when determining the Purchase Price and the account and valuation principles as laid down in

Exhibit 2.1.a.

16. Crown and Purchaser undertake to ensure, to the extent legally possible, that WeBo meets its obligations pursuant to the non-compete clauses contained in the sale and purchase agreements relating to the sale of WeBo's asset management business and private client business dated September 2/8, 2005 and December 31/January 2, 2006.
17. Crown and Purchaser undertake to ensure to the extent legally possible that WeBo will not engage in those activities which were carved out from WeBo's business due to the Spin-Off Contract and particular in WeBo's previous

Final Version July 31, 2006

business segment corporate clients if and when such activities would result in a direct or indirect competition with Seller.

Crown and Purchaser are aware that Seller operates a bank branch on the premises referred to above as the Real Estate Bochum.

I. TERMS OF THE ENGAGEMENT

In a letter dated 1 August 2006, Bayerische Hypo- und Vereinsbank AG, Munich (hereinafter also referred to as HVB), engaged us to conduct an audit at

**Westfalenbank Aktiengesellschaft,
Bochum**

(hereinafter Westfalenbank AG , WeBo or the Bank)

of the record date balance sheet as of 30 June 2006, in consideration of the account and valuation principles as laid down in the Share Purchase and Transfer Agreement dated 31 July 2006 (hereinafter also referred to as SPA) concerning all shares of stock of Westfalenbank AG, and to issue a certificate on the results of our audit procedures.

In accordance with our engagement, our audit procedures covered the following areas:

- Audit of the record date balance sheet as of 30 June 2006 and the income statement from 1 January 2006 to 30 June 2006 in conformity with German commercial accounting provisions, and in compliance with the account and valuation principles as laid down in the SPA

- Computational review of the net equity calculation as of 30 June 2006.

We performed the audit during August and September 2006 at the Bank s business premises in Bochum. We finalised the audit work at our offices.

We prepared this Report in analogy to generally accepted reporting principles (IDW PS 450 (*Grundsätze ordnungsmäBiger Berichterstattung*) defined by the German Institute of Certified Public Accountants (*Institut der Wirtschaftsprüfer in Deutschland e. V., Düsseldorf*).

The performance of the engagement and our responsibilities including those to third parties are governed by the General Terms of Engagement for Wirtschaftsprüfer and Wirtschaftsprüfungsgesellschaften in the version of 1 January 2002, and our Special Terms governing the increase in liability that are attached to this Report as Appendix VII. The increase in liability does not apply where the performance of a professional service, particularly in the case of a required statutory audit, is subject to a lower liability amount, which is prescribed by law. In this case, the legal liability limit must be retained.

II. PRESENTATION OF THE TRANSACTION AND LEGAL BASIS

Based on the Share Purchase and Transfer Agreement dated 31 July 2006 between HVB as Seller and Sabrosa Holding B.V., Amsterdam, as Purchaser, all shares of the Bank's stock were sold effective as of 1 July 2006. Prior to the sale of the Bank's shares of stock, a spin-off of the corporate customer business and other assets and liabilities to HVB Verwa 5 GmbH & Co. Beteiligungs KG, Bochum (hereinafter referred to as Beteiligungs KG or KG 1) and HVB Verwa 5 GmbH & Co. Restrukturierung KG, Bochum (hereinafter referred to as Restrukturierung KG or KG 2) was conducted pursuant to Section 123 (2) No. 1 UmwG.

Therefore, a notarized spin-off and takeover agreement was concluded on 21 June 2006 between Westfalenbank AG as the transferor company and Beteiligungs KG and Restrukturierung KG as the transferee companies. The Agreement was approved by the Bank's Extraordinary Shareholders Meeting held on the same day.

Internally, the spin-off between the Bank and Beteiligungs KG and Restrukturierung KG was carried out effective as of 1 January 2006. Prior to 1 January 2006, dealings and transactions are considered as being performed for the account of the transferee companies.

The spin-off proceeded on the basis of the balance sheet of Westfalenbank AG as of 31 December 2005 as the closing balance sheet within the meaning of Section 135, 125 Sentence 1, 17 (2) UmwG, which was provided with an unqualified audit opinion.

The asset transfer was executed at the book values reported in the closing balance sheet in consideration of all disposals, additions, or other changes recorded until the execution date (= date when the spin-off was entered in the Commercial Register); the surrogates appeared in place of asset changes.

The spin-off and the reduction in the Bank's capital stock to EUR 20,000,000.00 were entered in the Commercial Register on 3 July 2006.

Within the scope of the transaction, the contracting parties to the SPA agreed that an interim balance sheet would be prepared and audited as a record date balance sheet as of 30 June 2006. The record date balance sheet is oriented towards the pro forma balance sheet attached to the contractual documentation.

The record date balance sheet as of 30 June 2006 is used for the calculation of the net equity of Westfalenbank AG, which is to be transferred to the Purchaser with economic effect as of midnight, 30 June 2006/1 July 2006 (00:00). The interim balance sheet is to be prepared in variance from the German commercial accounting requirements and generally accepted accounting principles with respect to a number of specified items; the individual regulations agreed in Exhibit 2.1a are presented below in Report Section IV: Findings and Explanatory Comments on the Record Date Balance Sheet and Net Equity Calculation.

III. OBJECT, TYPE AND SCOPE OF THE ENGAGEMENT

The object of our audit procedures were the record date balance sheet of Westfalenbank AG as of 30 June 2006, the income statement for the period from 1 January 2006 to 30 June 2006, and the calculation of net equity capital as of 30 June 2006.

The Bank's Management is responsible for the information provided to us. Our responsibility is to evaluate these documents and the information provided within the framework of our engagement.

Our audit procedures were planned and performed with due professional care in order to ensure that inaccuracies which could have a significant effect on the record data balance sheet presentation would be detected with reasonable assurance.

The audit was carried out on the basis of sampling procedures; the samples were selected in accordance with standards usual for the profession. In addition, compliance with the provisions contained in Exhibit 2.1a of the SPA was observed.

The scope of our engagement did not include an audit of the recoverability of loans to customers to the extent that the loans were in existence as of 31 December 2005 and were allocated to the non-performing loan portfolio. In this respect, Exhibit 2.1a of the Share Purchase and Transfer Agreement stipulates special provisions; please refer to Section IV.1 of our Report.

With respect to the valuation of pension commitments and the payment of long service awards, we made use of the results of the actuarial estimate of the management consulting firm Unternehmensberatung für Versorgung & Vergütung Dr. Dr. Heissmann GmbH, Wiesbaden.

The Management of Westfalenbank AG provided us with all clarifications and documentary evidence requested by us, and confirmed their completeness in a letter of representation dated 25 September 2006.

IV. FINDINGS AND EXPLANATORY COMMENTS ON THE RECORD DATE BALANCE SHEET AND NET EQUITY CALCULATION

1. Record Date Balance Sheet as of 30 June 2006

In accordance with the Share Purchase and Transfer Agreement concluded between HVB and Sabrosa Holding B.V. on 31 July 2006 concerning the purchase of the Bank's entire stock, an interim balance sheet as of 30 June 2006 is to be prepared as a record date balance sheet, which is to be used for the calculation of net equity.

In variance from the requirements defined in the German Commercial Code (HGB) with respect to annual financial statement and generally accepted accounting principles, the following regulations were agreed in Exhibit 2.1a of the Share Purchase and Transfer Agreement for the record date balance sheet as of 30 June 2006 and the income statement for the period from 1 January 2006 to 30 June 2006:

- a) Personnel expenses and operating expenditure including depreciation are allocated to the purchasing legal entity within the scope of the spin-off, HVB Verwa 5 GmbH & Co. Beteiligungs KG on the one hand, and Westfalenbank, on the other hand, in accordance with the percentage-based share in gross revenue.
 - b) Payroll expenses concerning the employees being transferred to HVB Verwa 5 GmbH & Co. Restrukturierung KG are accrued up to the respective termination of the employment relationship, regardless of whether the employees have already been made redundant or not.
 - c) Pension provisions for retired employees and departed employees with vested pension claims, required within the framework of the transfer of operations and employment relationships to HVB Verwa 5 GmbH & Co. Beteiligungs KG and HVB Verwa 5 GmbH & Co. Restrukturierung KG are measured at the DBL values according to IFRS; the provisions for employees remaining with the Bank are measured at the respective DBO values according to IFRS.
 - d) An amount of EUR 1,732,000.00 is accrued to account for closure and restructuring costs.
-

- e) Provisions or other liabilities are recorded to account for subsequent costs at amounts that cover future expenses originating in the first half of 2006. The pro-forma balance sheet originally provides for EUR 350,000.00 in this respect. The amount actually required is to be audited by BDO as contractual auditor within the customary scope.
- f) IT closure costs paid in the first half of 2006 and which relate to the entire financial year are not accounted for on an accrual basis as of 30 June 2006.
- g) The NPL portfolio is taken over with economic effect as of 31 December 2005/1 January 2006 in variance from the 30 June 2006 cut off date; consequently, the opportunities and risks realized in the interim period are not to be recognised in the income statement from 1 January 2006 to 30 June 2006, but rather are charged to the Buyer. Thus, the NPL portfolio is not to be revalued as of 30 June 2006. However, if a difference between the book value of the NPL portfolio as of 31 December 2005/1 January 2006 and 30 June 2006 should arise, it is to be taken into account as a reconciliation adjustment and net equity is to be adjusted accordingly, provided the difference was booked in the first half of 2006 with an effect on the income statement. An exception to the aforementioned provision is made for those loans that were classified as non-performing after 1 January 2006. To this extent it should be examined whether the book values of these loans were recorded in conformity with the previous risk valuation principles and accepted valuation practices of the Bank.
- h) Other matters that may arise from the audit are to be taken into account after consultation with the parties. Moreover, the income statement classification according to Exhibit P of the Share Purchase and Transfer Agreement is to be in a format which varies from the German Commercial Code requirements.

Our comments on the aforementioned regulations are as follows:

Re a)

Personnel expenses and operating expenditure including depreciation were allocated in accordance with the respective percentage-based shares in gross revenue.

The allocation of gross revenue to KG 1 and the Bank was in accordance with the allocation schema of Estimated Result Web0 01.01. 30.06.2006 for the pro forma balance sheet in accordance with Exhibit P 3 of the Share Purchase and Transfer Agreement.

The Bank's income statement for the period from 1 January 2006 to 30 June 2006 is attached to this Report as Appendix II.

The net income was determined in accordance with the calculation scheme of Estimated Result Webo 01.01.30.06.2006 for the pro forma balance sheet in accordance with Exhibit P 3 of the Share Purchase and Transfer Agreement.

Re e)

Provisions for subsequent costs were not recorded. Instead, the prepaid expenses account was subject to a lump sum reduction of TEUR 350, which is equal to the amount originally planned for the accrual in the pro forma balance sheet in Exhibit P 3 of the Share Purchase and Transfer Agreement.

A lump sum reduction was recorded since the prepaid expenses account includes expenses, which, in economic terms, represent subsequent costs.

The Bank recorded this lump sum reduction of prepaid expenses in coordination with HVB. To this extent, we did not review the adequacy of the reduction.

Re g)

The Bank recorded new individual provisions for bad debt in the first half of 2006, to the extent the relevant loans were newly allocated to the non performing loan portfolio.

This item related to an addition to individual provisions for bad debt in the amount of TEUR 129.

The individual borrowers are listed in Appendix VI.

We established that the new individual provisions for bad debt were valued in accordance with previous risk valuation principles and in conformity with the Bank's established valuation practice.

Re b) to d) and f)

The Bank observed the relevant regulations when preparing the record date balance sheet.

Re h)

Within the framework of our audit, we did not establish the existence of any significant reportable conditions.

2. Net Equity Calculation as of 30 June 2006

The Bank's calculation of net equity as of 30 June 2006 is attached to this Report as Appendix III.

The income statement for the period from 1 January 2006 to 30 June 2006 is based on allocation agreements which follow the calculation schema of Estimated Result Webo 01.01. 30.06.2006 concerning the pro forma balance sheet in Exhibit P 3, pursuant to the Share Purchase and Transfer Agreement For further details, please refer to Appendix II. Our findings indicated that the net equity as of 30 June 2006 was calculated appropriately in accordance with the specific allocation agreements for determination of the net loss for the year which are presented in Appendix II.

V. SUMMARY CONCLUSION AND COPY OF THE CERTIFICATE

The record date balance sheet as of 30 June 2006 in the version attached in Appendix I was prepared in compliance with the special regulations of Exhibit 2.1a of the Share Purchase and Transfer Agreement of 31 July 2006 concerning the entire shares of stock of Westfalenbank AG, and the regulations defined in the German Commercial Code and generally accepted accounting principles.

The assets and liabilities reported in the record date balance sheet as of 30 June 2006 were appropriately evidenced. The net equity as of 30 June 2006 amounts to EUR 22,000,000.00 according to the calculation provided in Appendix III.

The conclusive findings of our audit procedures indicate that the record date balance sheet, the income statement and the net equity calculation do not present any grounds for objections.

We provided the record date balance sheet as of 30 June 2006, the income statement for the period from 1 January 2006 to 30 June 2006 and the net equity calculation of **Westfalenbank Aktiengesellschaft, Bochum**, attached to this Report as Appendix I (Record Date Balance Sheet), Appendix II (Income Statement) and Appendix III (Net Equity Calculation) with the following certificate signed on 28 September 2006 in Frankfurt am Main, and attached to this Report as Appendix IV:

To Bayerische Hypo- und Vereinsbank AG, Munich

We audited the Record Date Balance Sheet as of 30 June 2006, the Income Statement for the period from 1 January to 30 June 2006 and the Net Equity Calculation as of 30 June 2006 of Westfalenbank Aktiengesellschaft, Bochum. The preparation of the record date balance sheet, the income statement and the net equity calculation in accordance with the accounting regulations defined in the German Commercial Code and the variant regulations of the Share Purchase and Transfer Agreement of 31 July 2006 concluded between Bayerische Hypo- und Vereinsbank AG, Munich, and Sabrosa Holding B.V., Amsterdam, is the responsibility of the Management of Westfalenbank Aktiengesellschaft, Bochum.

The Share Purchase and Transfer Agreement of 31 July 2006, Exhibit 2.1a, contains the following regulations, which are in variance from the regulations of the German Commercial Code governing annual financial statements and generally accepted accounting principles:

- a) Personnel expenses and operating expenditure including depreciation are to be allocated between the acquiring entity within the scope of the spin off of HVB Verwa 5 GmbH & Co. Beteiligungs KG, on the one hand, and Westfalenbank AG, on the other hand, in accordance with the respective percentage-based share in gross revenue.
 - b) Payroll expenses concerning the employees being transferred to HVB Verwa 5 GmbH & Co. Restrukturierung KG are to be accrued up to the respective termination of the employment relationship independently of whether the the employees have already been made redundant or not.
-

- c) Pension provisions for retired employees and departed employees with vested pension claims, required within the framework of the transfer of operations and employment relationships to HVB Verwa 5 GmbH & Co. Beteiligungs KG and HVB Verwa 5 GmbH & Co. Restrukturierung KG are measured at the DBL values according to IFRS; the provisions for employees remaining with the Bank are measured at the respective DBO values according to IFRS.
- d) An amount of EUR 1,732,000.00 was accrued to account for closure and restructuring costs.
- e) Provisions and other liabilities are to be recorded to account for subsequent costs at amounts which cover future expenses originating in the first half of 2006. The pro forma balance sheet originally provides for an amount of TEUR 350 regarding these expenses.
- f) IT closure costs paid in the first half of 2006 and which relate to the entire financial year are not accounted for through an appropriate period adjustment as of 30 June 2006.
- g) The NPL portfolio as of 31 December 2005 is accounted for in variance from the treatment as of 30 June 2006 at the book values as of 31 December 2005/1 January 2006 in consideration of the changes in amounts resulting from out-payments and return payments; therefore, the opportunities and risks realised in the interim period are not to be recognised in the income statement from 1 January to 30 June 2006.
- h) Other conditions that may arise from the audit are to be taken into consideration after consultation with the parties.

Moreover, the income statement classification according to Exhibit P 3 of the Share Purchase and Transfer Agreement is to be in a format that varies from the German commercial regulations.

Our responsibility is to issue a certificate on the record date balance sheet, the income statement and the net equity calculation based on our audit procedures which have been conducted with due professional care.

We performed the audit procedures in observance of professional auditing standards. Those standards require that the audit is planned and performed to provide reasonable assurance that inaccuracies which may have a significant effect on the presentation of the record date balance sheet, income statement and net equity calculation can be detected.

On the basis of our audit procedures we did not become aware of any conditions which would lead us to assume that the record date balance sheet, the income statement and the net equity calculation were not prepared in conformity with the regulations of the German Commercial Code and generally accepted accounting principles, as well as the deviating regulations of the Share Purchase and Transfer Agreement.

In addition, it should be noted that, in coordination with Bayerische Hypo- und Vereinsbank AG, Munich, and in observance of Exhibit 2.1a e) of the Share Purchase and Transfer Agreement, subsequent costs to the amount of TEUR 350 had already been paid in the first half of 2006 and therefore were deducted from the prepaid expense account.

An Agency and Trust Agreement was concluded with Credit Suisse First Boston International, London, (CSFB) on 23/24 November 2005 governing the management of receivables from non-bank customers. An amended version of the agreement was concluded on 30 December 2005. CSFB purchased a loan portfolio from a savings bank in the second half of 2005.

Since CSFB did not want to maintain direct business relationships with some of the customers, this activity was carried out by Westfalenbank by means of the trust agreement. According to the provisions of the trust agreement, Westfalenbank is responsible for account maintenance and loan extension by way of trust and in such a manner that the Bank has rights and duties vis-a-vis the customers externally, but acts for the account of CSFB internally.

All customer default risks arising from the trust loans are borne by CSFB.

In addition, the Bank continues to hold a trust participation of TEUR 5 in the capital stock of Parkhotel GmbH, Düsseldorf, which is held for the account of Industrie-Club e.V., Düsseldorf.

General Engagement Terms
for
Wirtschaftsprüfer and Wirtschaftsprüfungsgesellschaften
[German Public Auditors and Public Audit Firms]
as of January 1, 2002

This is an English translation of the German text, which is the sole authoritative version

1. Scope

(1) These engagement terms are applicable to contracts between Wirtschaftsprüfer [German Public Auditors] or Wirtschaftsprüfungsgesellschaften [German Public Audit Firms] (hereinafter collectively referred to as the *Wirtschaftsprüfer*) and their clients for audits, consulting and other engagements to the extent that something else has not been expressly agreed to in writing or is not compulsory due to legal requirements.

(2) If, in an individual case, as an exception contractual relations have also been established between the Wirtschaftsprüfer and persons other than the client, the provisions of No. 9 below also apply to such third parties.

2. Scope and performance of the engagement

(1) Subject of the Wirtschaftsprüfer's engagement is the performance of agreed services not a particular economic result. The engagement is performed in accordance with the Grundsätze ordnungsmäßiger Berufsausübung [Standards of Proper Professional Conduct]. The Wirtschaftsprüfer is entitled to use qualified persons to conduct the engagement.

(2) The application of foreign law requires except for financial attestation engagements an express written agreement.

(3) The engagement does not extend to the extent it is not directed thereto to an examination of the issue of whether the requirements of tax law of special regulations, such as, for example, laws on price controls, laws limiting competition and Bewirtschaftungsrecht [laws controlling certain aspects of specific business operations] were observed; the same applies to the determination as to whether subsidies, allowances or other benefits may be claimed. The performance of an engagement encompasses auditing procedures aimed at the detection of the defalcation of books and records and other irregularities only if during the conduct of audits grounds therefor arise or if this has been expressly agreed to in writing.

(4) If the legal position changes subsequent to the issuance of the final professional statement, the Wirtschaftsprüfer is not obliged to inform the client of changes or any consequences resulting therefrom.

3. The client's duty to inform

(1) The client must ensure that the Wirtschaftsprüfer even without his special request is provided, on a timely basis, with all supporting documents and records required for and is informed of all events and circumstances which may be significant to the performance of the engagement. This also applies to those supporting documents and records, events and circumstances which first become known during the Wirtschaftsprüfer's work.

(2) Upon the Wirtschaftsprüfer's request, the client must confirm in a written statement drafted by the Wirtschaftsprüfer that the supporting documents and records and the information and explanations provided are complete.

4. Ensuring independence

The client guarantees to refrain from everything which may endanger the independence of the Wirtschaftsprüfer's staff. This particularly applies to offers of employment and offers to undertake engagements on one's own account.

5. Reporting and verbal information

If the Wirtschaftsprüfer is required to present the results of his work in writing, only that written presentation is authoritative. For audit engagements the long-form report should be submitted in writing to the extent that nothing else has been agreed to. Verbal statements and information provided by the Wirtschaftsprüfer's staff beyond the engagement agreed to are never binding.

6. Protection of the Wirtschaftsprüfer's intellectual property

The client guarantees that expert opinions, organizational charts, drafts, sketches, schedules and calculations especially quantity and cost computations prepared by the Wirtschaftsprüfer within the scope of the engagement will be used only for his own purposes.

7. Transmission of the Wirtschaftsprüfer's professional statement

(1) The transmission of a Wirtschaftsprüfer's professional statements (long-form reports, expert opinions and the like) to a third party requires the Wirtschaftsprüfer's written consent to the extent that the permission to transmit to a certain third party does not result from the engagement terms.

The Wirtschaftsprüfer is liable (within the limits of No. 9) towards third parties only if the prerequisites of the first sentence are given.

(2) The use of the Wirtschaftsprüfer's professional statements for promotional purposes is not permitted; an infringement entitles the Wirtschaftsprüfer to immediately cancel all engagements not yet conducted for the client.

8. Correction of deficiencies

(1) Where there are deficiencies, the client is entitled to subsequent fulfillment [of the contract]. The client may demand a reduction in fees or the cancellation of the contract only for the failure to subsequently fulfill [the contract]; if the engagement was awarded by a person carrying on a commercial business as part of that commercial business, a government-owned legal person under public law or a special government-owned fund under public law, the client may demand the cancellation of the contract only if the services rendered are of no interest to him due to the failure to subsequently fulfill [the contract]. No. 9 applies to the extent that claims for damages exist beyond this.

(2) The client must assert his claim for the correction of deficiencies in writing without delay. Claims pursuant to the first paragraph not arising from an intentional tort cease to be enforceable one year after the commencement of the statutory time limit for enforcement.

(3) Obvious deficiencies, such as typing and arithmetical errors and formelle Mängel [deficiencies associated with technicalities] contained in a Wirtschaftsprüfer's professional statements (long-form reports, expert opinions and the like) may be corrected and also be applicable versus third parties by the Wirtschaftsprüfer at any time. Errors which may call into question the conclusions contained in the Wirtschaftsprüfer's professional statements entitle the Wirtschaftsprüfer to withdraw also versus third parties such statements. In the cases noted the Wirtschaftsprüfer should first hear the client, if possible.

9. Liability

(1) *The liability limitation of § [Article] 323 (2) [paragraph 2] HGB [Handelsgesetzbuch : German Commercial Code] applies to statutory audits required by law.*

(2) *Liability for negligence; An individual case of damages*

If neither No. 1 is applicable nor a regulation exists in an individual case, pursuant to § 54a (1) no. 2 WPO [Wirtschaftsprüferordnung : Law regulating the Profession of Wirtschaftsprüfer] the liability of the Wirtschaftsprüfer for claims of compensatory damages of any kind except for damages resulting from injury to life, body or health for an individual case of damages resulting from negligence is limited to 4 million; this also applies if liability to a person other than the client should be established. An individual case of damages also exists in relation to a uniform damage arising from a number of breaches of duty. The individual case of damages encompasses all consequences from a breach of duty without taking into account whether the damages occurred in one year or in a number of successive years. In this case multiple acts or omissions of acts based on a similar source of error or on a source of error of an equivalent nature are deemed to be a uniform breach of duty if the matters in question are legally or economically connected to one another. In this event the claim against the Wirtschaftsprüfer is limited to 5 million. The limitation to the fivefold of the minimum amount insured does not apply to compulsory audits required by law.

(3) *Preclusive deadlines*

A compensatory damages claim may only be lodged within a preclusive deadline of one year of the rightful claimant having become aware of the damage and of the event giving rise to the claim at the very latest, however, within 5 years subsequent to the event giving rise to the claim. The claim expires if legal action is not taken within a six month deadline subsequent to the written refusal of acceptance of the indemnity and the client was informed of this consequence.

The right to assert the bar of the preclusive deadline remains unaffected. Sentences 1 to 3 also apply to legally required audits with statutory liability limits.

10. Supplementary provisions for audit engagements

- (1) A subsequent amendment or abridgement of the financial statements or management report audited by a Wirtschaftsprüfer and accompanied by an auditor's report requires the written consent of the Wirtschaftsprüfer even if these documents are not published. If the Wirtschaftsprüfer has not issued an auditor's report, a reference to the audit conducted by the Wirtschaftsprüfer in the management report or elsewhere specified for the general public is permitted only with the Wirtschaftsprüfer's written consent and using the wording authorized by him.
- (2) If the Wirtschaftsprüfer revokes the auditor's report, it may no longer be used. If the client has already made use of the auditor's report, he must announce its revocation upon the Wirtschaftsprüfer request.
- (3) The client has a right to 5 copies of the long-form report. Additional copies will be charged for separately.

11. Supplementary provisions for assistance with tax matters

- (1) When advising on an individual tax issue as well as when furnishing continuous tax advice, the Wirtschaftsprüfer is, entitled to assume that the facts provided by the client especially numerical disclosures are correct and complete; this also applies to bookkeeping engagements. Nevertheless, he is obliged to inform the client of any errors he has discovered.
- (2) The tax consulting engagement does not encompass procedures required to meet deadlines, unless the Wirtschaftsprüfer has explicitly accepted the engagement for this. In this event the client must provide the Wirtschaftsprüfer, on a timely basis, all supporting documents and records especially tax assessments material to meeting the deadlines, so that the Wirtschaftsprüfer has an appropriate time period available to work therewith.
- (3) In the absence of other written agreements, continuous tax advice encompasses the following work during the contract period:
 - a) preparation of annual tax returns for income tax, corporation tax and business tax, as well as net worth tax returns on the basis of the annual financial statements and other schedules and evidence required for tax purposes to be submitted by the client
 - b) examination of tax assessments in relation to the taxes mentioned in (a)
 - c) negotiations with tax authorities in connection with the returns and assessments mentioned in (a) and (b)
 - d) participation in tax audits and evaluation of the results of tax audits with respect to the taxes mentioned in (a)
 - e) participation in Einspruchs- und Beschwerdeverfahren [appeals and complaint procedures] with respect to the taxes mentioned in (a).

In the afore-mentioned work the Wirtschaftsprüfer takes material published legal decisions and administrative interpretations into account.

- (4) If the Wirtschaftsprüfer receives a fixed fee for continuous tax advice, in the absence of other written agreements the work mentioned under paragraph 3 (d) and (e) will be charged separately.
- (5) Services with respect to special individual issues for income tax, corporate tax, business tax, valuation procedures for property and net worth taxation, and net worth tax as well as all issues in relation to sales tax, wages tax, other taxes and dues require a special engagement. This also applies to:
 - a) the treatment of nonrecurring tax matters, e. g. in the field of estate tax, capital transactions tax, real estate acquisition tax
 - b) participation and representation in proceedings before tax and administrative courts and in criminal proceedings with respect to taxes, and
 - c) the granting of advice and work with respect to expert opinions in connection with conversions of legal form, mergers, capital increases and reductions, financial reorganizations, admission and retirement of partners or shareholders, sale of a business, liquidations and the like.

(6) To the extent that the annual sales tax return is accepted as additional work, this does not include the review of any special accounting prerequisites nor of the issue as to whether all potential legal sales tax reductions have been claimed. No guarantee is assumed for the completeness of the supporting documents and records to validate the deduction of the input tax credit.

12. Confidentiality towards third parties and data security

(1) Pursuant to the law the Wirtschaftsprüfer is obliged to treat all facts that he comes to know in connection with his work as confidential, irrespective of whether these concern the client himself or his business associations, unless the client releases him from this obligation.

(2) The Wirtschaftsprüfer may only release long-form reports, expert opinions and other written statements on the results of his work to third parties with the consent of his client.

(3) The Wirtschaftsprüfer is entitled within the purposes stipulated by the client to process personal data entrusted to him or allow them to be processed by third parties.

13. Default of acceptance and lack of cooperation on the part of the client

If the client defaults in accepting the services offered by the Wirtschaftsprüfer or if the client does not provide the assistance incumbent on him pursuant to No. 3 or otherwise, the Wirtschaftsprüfer is entitled to cancel the contract immediately. The Wirtschaftsprüfer's right to compensation for additional expenses as well as for damages caused by the default or the lack of assistance is not affected, even if the Wirtschaftsprüfer does not exercise his right to cancel.

14. Remuneration

(1) In addition to his claims for fees or remuneration, the Wirtschaftsprüfer is entitled to reimbursement of his outlays: sales tax will be billed separately. He may claim appropriate advances for remuneration and reimbursement of outlays and make the rendering of his services dependent upon the complete satisfaction of his claims. Multiple clients awarding engagements are jointly and severally liable.

(2) Any set off against the Wirtschaftsprüfer's claims for remuneration and reimbursement of outlays is permitted only for undisputed claims or claims determined to be legally valid.

15. Retention and return of supporting documentation and records

(1) The Wirtschaftsprüfer retains, for seven years, the supporting documents and records in connection with the completion of the engagement that had been provided to him and that he has prepared himself as well as the correspondence with respect to the engagement.

(2) After the settlement of his claims arising from the engagement, the Wirtschaftsprüfer, upon the request of the client, must return all supporting documents and records obtained from him or for him by reason of his work on the engagement. This does not, however, apply to correspondence exchanged between the Wirtschaftsprüfer and his client and to any documents of which the client already has the original or a copy. The Wirtschaftsprüfer may prepare and retain copies or photocopies of supporting documents and records which he returns to the client.

16. Applicable law

Only German law applies to the engagement, its conduct and any claims arising therefrom.

Enclosure
to the General Terms of Engagement

SPECIAL CONDITIONS
for the increase of the liability under the
General Terms of Engagement
as of January 1, 2002

The amounts of EURO 4,000,000 and EURO 5,000,000, respectively, as provided for in No. 9 par, 2 of the attached General Terms of Engagement are uniformly substituted by the amount of EURO 5,000,000.

If, in the client's opinion, the foreseeable contractual risk will be considerably higher than EURO 5,000,000, BDO Deutsche Warentreuhand Aktiengesellschaft will agree, at the client's request, to offer to the client an increased liability limit if and to the extent the liability insurance for the increased amount can be obtained from a German professional liability insurer. Upon the agreement of an increased liability limit, BDO Deutsche Warentreuhand Aktiengesellschaft is entitled to allow for the premium expense when determining the amount of its fees.

The above mentioned provisions are not applicable when a greater or lesser liability limit has been provided by law for the respective professional service, particularly in connection with a statutory audit. In such a case the statutory liability regulations continue to be applicable.

If various causes of damage occur, BDO Deutsche Warentreuhand Aktiengesellschaft is liable within the scope of the increased liability limit only to the extent that causation can be attributed to BDO Deutsche Warentreuhand Aktiengesellschaft or its employees in relation to other causes relevant to the damage. This applies in particular in the case of a joint assignment with other auditors. If, as agreed by the client, a third party is engaged for the execution of an assignment BDO Deutsche Warentreuhand Aktiengesellschaft will only be liable for negligence in connection with the selection of that third party.

12. MODIFICATION OF RIGHTS

- 12.1 Subject to Clauses 12.3 and 12.4, this Deed, other than Clauses 9 (*Information and Rights of Warrantholders*), 12 (*Modification of Rights*), 16 (*Board Observer*), 17 (*Public Offering*), 18 (*Tag- Along Right*), 19 (*Drag-Along Right*) and 26 (*Service of Process*) may be modified only with the prior written consent of the Warrantholders entitled to subscribe for at least 75 per cent, of the Warrant Shares, provided that for as long as Credit Suisse or any of its Affiliates is a Warrantholder, the prior written consent of Credit Suisse or its Affiliate(s) (as the case may be) is required.
- 12.2 Subject to Clauses 12.3 and 12.4, Clauses 9 (*Information and Rights of Warrantholders*), 12 (*Modification of Rights*), 16 (*Board Observer*), 17 (*Public Offering*), 18 (*Tag-Along Right*), 19 (*Drag- Along Right*) and 26 (*Service of Process*) may be modified only with the prior written consent of the holders of at least 75 per cent, of the Warrant Shares (assuming that all the Warrants had been exercised immediately prior to any such proposed modification) provided that, for as long as Credit Suisse or any of its Affiliates is a Warrantholder and/or holder of Warrant Shares, the prior written consent of Credit Suisse or its Affiliate(s) (as the case may be) is required.
- 12.3 Any modifications to this Deed which affect or may affect the rights and/or obligations of Credit Suisse, the Company or the Parent require the prior written consent of Credit Suisse, the Company or the Parent (as the case may be) (including, without limitation, in the case of any modifications which affect or may affect the rights and/or obligations of Credit Suisse, any modifications to Clause 5.3(a)(i)).
- 12.4 Subject to Clause 12.3, modifications to this Deed which are of a purely formal, minor or technical nature may be made by written agreement signed as a deed by (i) the Company, (ii) the Parent and (iii) Credit Suisse or any of its Affiliates nominated by Credit Suisse for that purpose (but only for as long as Credit Suisse or any of its Affiliates is a Warrantholder and/or holder of Warrant Shares).
- 12.5 Modifications made in accordance with the provisions of this Clause 12 shall be binding on all the Warrantholders.

13. LIQUIDATION

- 13.1 If an order is made or an effective resolution is passed for the winding-up or dissolution (*ontbinding*) of the Company or if any other dissolution of the Company by operation of law is to be effected then the provisions of Clause 13.2 or 13.3 (as the case may be) shall apply.
- 13.2 If the winding-up or dissolution is for the purpose of a reorganisation, amalgamation or merger on terms previously sanctioned by Extraordinary Resolution, the terms of the scheme of arrangement, or the equivalent thereof under Dutch law, will be binding on the Warrantholders.
- 13.3 If Clause 13.2 does not apply, the Company shall immediately notify the Warrantholders, in writing, that such an order has been made or resolution has been passed or other dissolution is to be effected. Each of the Warrantholders shall be entitled at any time within 3 months after the date such notice is given to elect by notice in writing to the Company to be treated as if it had, immediately before the date of the making of the order or passing of the resolution, exercised the Subscription Rights and it shall be entitled to receive out of the assets which would otherwise be available in the liquidation to the holders of Ordinary Shares, such a sum, (if any) as they would have received had they been the holders of and paid for the Ordinary Shares to which they would have become entitled by virtue of such exercise, after deducting from such sum the amount which would have been payable by them in respect of the Ordinary Shares if they had exercised the Subscription Rights. Nothing contained in this Clause 13.3 shall have the effect of requiring the Warrantholders to make any actual payment

to the Company. If and to the extent that the Warrantholders are not able to rely on their rights under this Clause 13.3, the Parent shall, to the extent that it receives any distribution on such liquidation in its capacity as the holder of Ordinary Shares which would otherwise have been paid to the Warrantholders in accordance with the foregoing provisions of this Clause 13.3 (the **Participation Proceeds**), be liable to promptly

account to the Warranholders for such Participation Proceeds less any applicable costs and expenses. The Parent shall pay to each Warranholder its pro-rata share of such Participation Proceeds, to such account as such Warranholder shall have notified the Parent for the purpose of such payment.

14. REGISTER AND WARRANT CERTIFICATES

14.1 The Company shall maintain the Register in accordance with Schedule 2.

14.2 Within 5 Business Days of entering the name of a Warranholder in the Register the Company shall issue to the Warranholder a Warrant Certificate in respect of that number of the Warrant Shares for which that Warranholder has the right to subscribe in accordance with this Deed.

14.3 If a Warrant Certificate is mutilated, defaced, lost, stolen or destroyed the Company will replace it provided that:-

- (a) the Warranholder seeking the replacement provides the Company with such evidence and indemnity in respect of the mutilation, defacement, loss, theft or destruction as the Company may reasonably require;
- (b) the Warranholder seeking the replacement pays the Company's reasonable costs in connection with the issue of the replacement; and
- (c) a mutilated or defaced Warrant Certificate in respect of which a replacement is being sought is surrendered before such replacement is issued.

14.4 If there are inconsistencies between the Register and a Warrant Certificate, the Register shall be conclusive evidence of the rights of a Warranholder, save in the case of fraud or manifest error or if the Warranholder establishes otherwise.

15. MEETINGS

The provisions of Schedule 4 shall apply to meetings of the Warranholders.

16. BOARD OBSERVER

16.1 The Warranholders and the holders of the Warrant Shares, acting by simple majority, shall be entitled to appoint one non-voting observer to attend any meeting of the Board and any committees of the Board. For the purposes of this Clause 16, such simple majority shall be calculated by reference to the number of Warrant Shares held or to which such Warranholder or holder of Warrant Shares would be entitled to hold, at the relevant time, if they had exercised their Subscription Rights in full.

16.2 If a board observer resigns, dies, retires or is otherwise removed by the Warranholders and the holders of the Warrant Shares or leaves the office of board observer, he shall be replaced by a new board observer chosen by the Warranholders and the holders of the Warrant Shares, acting in accordance with Clause 16.1.

16.3 Any board observer appointed pursuant to Clause 16.1 or 16.2 shall have the right to attend all meetings of the Board and to receive all such information as the Board are entitled to receive at the same time as such information is provided to the Board and shall be subject to the same confidentiality obligations to the Company as if a Director and shall undertake to the Company accordingly. Any board observer shall be entitled to disclose any such information to any of the Warranholders and/or holders of Warrant Shares, subject to the confidentiality obligations in Clause 9.3 continuing to apply. Any observer shall be entitled to attend and speak

at such meetings but shall not be entitled to vote.

17. PUBLIC OFFERING

17.1 The Company and the Parent agree, and the Parent agrees to procure that, if at any time the Company proposes to undertake a Public Offering:-

- (a) the Company shall give to each of the Warrantholders and/or the holders of the Warrant Shares (as the case may be) notice in writing of such proposed Public Offering at least 30 days prior to the same (the **Public Offering Notice**). The Public Offering Notice shall, subject to any legal or regulatory restriction, describe the proposed Public Offering in reasonable detail; and
- (b) each of the Warrantholders and/or the holders of the Warrant Shares (as the case may be), shall have the opportunity to participate in the Public Offering on the same basis as any of the other existing shareholders of the Company, save that each Warrantholders or shareholders participation (as the case may be) shall be determined pro-rata to its Equity Proportion unless there is any legal or regulatory restriction which specifically prohibits such pro-rata participation by any particular Warrantholder or Warrantholders, in which case it or they (as the case may be) should not be entitled to participate, but without prejudice to the rights of the other Warrantholders to participate on such pro-rata basis.

18. TAG-ALONG RIGHT

18.1 Save as provided in Clause 18.6, and subject always to Clause 18.7, if the Parent or a Permitted Transferee proposes to transfer any of its Ordinary Shares in the Company, it shall not complete such transfer unless it ensures that the intended transferee (the **Purchaser**) offers in writing to buy from each of the Warrantholders and/or the holders of the Warrant Shares:

- (a) if the Ordinary Shares to be sold by the Parent (or such Permitted Transferee), whether in a single transaction or a series of transactions, represent, in aggregate, 50 per cent, or more of all of the issued and outstanding Ordinary Shares in the Company, all of the Warrants and/or the Warrant Shares held by each such Warrantholder and/or holder of Warrant Shares; or
- (b) (on the basis that the offer to buy from each of the Warrantholders and/or holders of the Warrant Shares is in addition to and does not reduce the number of Ordinary Shares in the Company proposed to be transferred by the Parent (or such Permitted Transferee)) in any other case, the pro-rata portion of the Warrant Shares held or deemed to be held by each such Warrantholder and/or holder of Warrant Shares (calculated by dividing (A) the number of Warrant Shares held by each Warrantholder and/or holder of Warrant Shares (assuming that all the Warrants had been exercised immediately prior to any such proposed offer) by (B) the number of Ordinary Shares owned by the Parent (or such Permitted Transferee) multiplied by (C) the number of shares which the Parent (or such Permitted Transferee) proposes to transfer).

For the avoidance of doubt with respect to any proposed transfer, if such proposed transfer, when aggregated with all previous transfers by the Parent (or such Permitted Transferee) represent, in aggregate, 50 per cent, or more of all of the issued and outstanding Ordinary Shares in the Company, then with respect to such proposed transfer, the provisions of Clause 18.1(a) shall apply.

18.2 The offer shall:-

- (a) be made in writing to each of the Warrantholders and/or holders of the Warrant Shares;
- (b) be open for acceptance by the Warrantholders and/or holders of the Warrant Shares for a period of not less than 14 days after receipt of such offer;
- (c) be irrevocable and unconditional (except for any conditions which apply to the proposed transfer of Ordinary Shares by the Parent);

- (d) be on the same terms and conditions as shall apply to the sale of the Ordinary Shares by the Parent (or such Permitted Transferee), save as otherwise provided in Clauses 18.2 and 18.3;
 - (e) be on terms that the consideration for each Warrant shall be (A) the consideration offered for each Ordinary Share whose proposed transfer has led to the offer multiplied by (B) the number of Warrant Shares to which the Warrantholder would be entitled, in respect of each Warrant, if the Warrant were to be exercised (and for this purpose treating any fraction of a Warrant Share arising in respect of such exercise as included in the entitlement) less (C) the Warrant Price (including for this purposes, where a fraction of a Warrant Share has been included as described in sub-paragraph (B) above, a fraction of the Subscription Price equal to the fraction of a Warrant Share so included);
 - (f) be on terms that the consideration for each Warrant Share in relation to a proposed transfer shall be the consideration offered for each Ordinary Share whose proposed transfer has led to the offer; and
 - (g) be governed by the laws of England or the laws of such other jurisdiction as may govern any agreement between the Parent (or such Permitted Transferee) and the Purchaser.
- 18.3 A person selling any Transferring Warrants pursuant to this Clause 18 shall warrant:-
- (a) that it is entitled to transfer or procure the transfer of the full legal and beneficial ownership of such Transferring Warrants on the terms prescribed by this Clause 18;
 - (b) (if the person is a body corporate) that it has obtained all corporate authorisations (whether required under applicable law, its constitution documents or otherwise) to empower it to enter into and perform its obligation to sell its holding of the Transferring Warrants on the terms prescribed by this Clause 18;
 - (c) that it is the sole legal and beneficial owner of the Transferring Warrants free from all encumbrances and other rights exercisable by third parties;
 - (d) in the event of a tag-along right exercised pursuant to Clause 18.1 (a), that it shall sell such Warrants or Warrant Shares with such warranties and/or indemnities as are customary in such transactions and subject to such caps and/or thresholds on liability as are customary in such transactions (taking into account the status of such person as an institutional investor without control over the management of the Company but for the avoidance of doubt, such provisions shall in any event extend beyond the provisions contained in Clauses 18.3(a) to (c) above); and
 - (e) in the event of a tag-along right exercised pursuant to Clause 18.1(b), that it shall sell such Warrants or Warrant Shares on substantially the same terms as the Parent or Permitted Transferee shall sell its Ordinary Shares.
- 18.4 If Clause 18.1 (a) applies, each of the Warrantholders and/or the holders of the Warrant Shares may accept the offer with respect to all (but not some only) of the Warrants and/or Warrant Shares held by it, or if Clause 18.1(b) applies, each of the Warrantholders and/or the holders of the Warrant Shares may accept the offer with respect to the relevant pro-rata amount of the Warrants and/or Warrant Shares held by it (in each case, the **Transferring Warrants**). The completion of the sale and transfer of the Transferring Warrants by any Warrantholder and/or holder of Warrant Shares shall not be conditional upon the acceptance of the offer by the other Warrantholders and/or holders of the Warrant Shares.
- 18.5 If the offer is accepted by any of the Warrantholders and/or the holders of the Warrant Shares, the transfer of such Transferring Warrants shall be completed at the same time as the Parent's (or such Permitted Transferee's) sale of the Ordinary Shares to the Purchaser.

- 18.6 Notwithstanding Clause 18.1 and subject always to Clause 18.7, the Parent may transfer all (but not some only) of its Ordinary Shares to any of its wholly-owned subsidiaries (each a **Permitted Transferee**), subject to the Permitted Transferee agreeing immediately to transfer legal and beneficial title to all of the Ordinary Shares held by it to the Parent or another Permitted Transferee of the Parent upon the first-mentioned Permitted Transferee ceasing to be a wholly-owned subsidiary of the Parent, and the Parent undertakes to ensure compliance by its Permitted Transferees with this Clause 18.6.
- 18.7 It shall be a condition of any transfer of Ordinary Shares by the Parent (or a Permitted Transferee) to any Purchaser or any transfer of Ordinary Shares by the Parent to a Permitted Transferee, that such Purchaser or Permitted Transferee (as the case may be) shall enter into a Deed of Adherence agreeing to become party to and be bound by the terms of this Deed, and thereafter any reference to the Parent herein shall be deemed to include a reference to such Purchaser or Permitted Transferee as if named herein as a party.
- 18.8 Any transfer attempted in violation of this Clause 18 shall be null and void and shall not be binding on the Company or the Board.
19. **DRAG-ALONG RIGHT**
- 19.1 In this Clause 19, a **Qualifying Offer** shall mean an offer in writing by or on behalf of any person other than an Affiliate of the Company (the **Offeror**) to the holders of the Ordinary Shares, the Warrants and the Warrant Shares to acquire all of the Ordinary Shares, the Warrants and the Warrant Shares (collectively, the **Sale Shares**).
- 19.2 A Qualifying Offer shall:
- (a) be a bona fide offer on arm's length terms; and
 - (b) fully describe all material terms and conditions of the offer (including terms relating to price, conditions precedent and the anticipated time and place of completion (the **Drag-Along Closing**),
- 19.3 If the holders of not less than 51 per cent, in nominal value of the Ordinary Shares then in issue (the **Accepting Shareholders**) wish to accept the Qualifying Offer, then the provisions of this Clause shall apply.
- 19.4 The Accepting Shareholders shall give written notice to the remaining holders of the Warrants or the Warrant Shares (the **Other Shareholders**) of their wish to accept the Qualifying Offer within 14 days of receipt of the Qualifying Offer and the Other Shareholders shall thereupon become bound to accept the Qualifying Offer and to transfer their Warrants or Warrant Shares to the Offeror (or his nominee) (the **Drag-Along Notice**).
- 19.5 Upon receipt of a Drag-Along Notice, each of the Other Shareholders shall have the obligation to transfer all of its Sale Shares to the Offeror (or its nominee) at the Drag-Along Closing, provided that:
- (a) save as expressly provided in this Clause 19, all the Sale Shares held by the Accepting Shareholders and the Other Shareholders are sold to the Offeror (or its nominee) at the Drag-Along Closing at the same price and on the same terms and conditions as set out in the Qualifying Offer; and
 - (b) save as set out in Clause 19.6, none of the Other Shareholders shall be required to give any warranties or indemnities in the context of such transfer.

19.6 A person selling any Warrants or Warrant Shares pursuant to this Clause 19 shall warrant:

- (a) that it is entitled to transfer or procure the transfer of the full legal and beneficial ownership of such Warrants or Warrant Shares (as the case may be) on the terms prescribed by this Clause 19;
- (b) (if the person is a body corporate) that it has obtained all corporate authorisations (whether required under applicable law, its constitutional documents or otherwise) to empower it to enter into and perform its obligation to sell its holding of the Warrants or Warrant Shares (as the case may be) on the terms prescribed by this Clause 19;
- (c) that it is the sole legal and beneficial owner of the Warrants or Warrant Shares (as the case may be) free from all encumbrances and other rights exercisable by third parties; and
- (d) that it shall provide such additional warranties and/or indemnities as are customary in such transactions and be subject to such caps and/or thresholds on liability as are customary in such transactions (taking into account the status of such person as an institutional investor without control over the management of the Company but for the avoidance of doubt, such provisions shall in any event extend beyond the provisions contained in Clause 19.6(a) to (c) above).

19.7 Notwithstanding the foregoing provisions of this Clause 19, a person who would otherwise be required to sell any Warrants and/or Warrant Shares under this Clause 19 shall not be required to do so if as a consequence of its participation in the relevant offer or receipt of the consideration for the relevant Qualifying Offer it would contravene any law or regulation or any request of any applicable Regulatory Authority, but such person shall use its reasonable endeavours to take such actions as would be necessary to enable such person to transfer such Warrants and/or Warrant Shares.

21. NO FETTER ON THE COMPANY

The Company is not bound by any provision of this Deed to the extent that it constitutes an unlawful fetter on any statutory power of the Company. This Clause 21 shall not affect the validity and enforceability of any provision of this Deed as against the Parent, and to the extent that the Company is not bound by any of provisions of this Deed, the Parent agrees to exercise all of its rights and powers arising under this Deed, the Articles and Dutch law and to do all acts and things (including the waiver or failure to exercise any rights arising under the Articles and Dutch law) as are reasonably necessary to ensure that those provisions are complied with.

22. US SECURITIES LAW

22.1 The Warrants and the underlying Ordinary Shares have not been registered under the United States Securities Act of 1933, as amended, (the **Securities Act**), or any securities laws of any state and, unless so registered, may not be offered or sold except pursuant to an exception from, or any transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. Accordingly, the Warrants issued pursuant to this instrument may only be offered and sold by Credit Suisse, as initial Warrantholders, (a) to Qualified Institutional Buyers (as defined in Rule 144A under the Securities Act (**Rule 144A**) in compliance with Rule 144A and (b) in offshore transactions outside the United States in accordance with Regulation S and the Securities Act.

24. INVALIDITY AND OBLIGATIONS ON LISTING

Without prejudice to Clause 21, if at any time any provision in this Deed is or becomes illegal, invalid or unenforceable, in whole or in part, under any enactment or rule of law, or pursuant to any decision or ruling by any court or administrative body of competent jurisdiction, such provision or part shall to that extent be deemed not to form part of this Deed but the legality, validity or enforceability of the remainder of this Deed shall not be affected. The Parent and the Company shall (subject to Clause 12) use their reasonable efforts to replace such illegal, invalid or unenforceable provision with a valid provision which, as far as possible, has the same legal and commercial effect as that which it replaces.

25. GOVERNING LAW AND JURISDICTION

- 2.2 The instrument of transfer of a Warrant shall be executed by or on behalf of the transferor and the transferee. The transferor shall be deemed to remain the holder of the Warrant until the name of the transferee is entered in the Register in respect of the Warrant being transferred.
- 2.3 The Board may decline to recognise any instrument of transfer of a Warrant unless the instrument of transfer is deposited at the registered office of the Company accompanied by the Warrant Certificate for the Warrant to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer. The Board may waive production of any Warrant Certificate upon production to them of satisfactory evidence of the loss or destruction of the Warrant Certificate together with such indemnity as they may require.

2. In the case of the occurrence of any Adjustment Event as defined in paragraph 7(b) below whilst any of the Warrants are outstanding and unexercised, the number and/or nominal value of Warrant Shares to be, or capable of being, issued on any subsequent exercise of the Subscription Rights and/or the Subscription Price will be adjusted in such manner as the Auditors shall certify to be necessary in order that, after such adjustment the total number of Warrant Shares to be, or capable of being, issued on any subsequent exercise of the Subscription Rights conferred by the Warrants:-
 - (a) will carry as nearly as possible (and in any event not less than) the same proportion (expressed as a percentage of the total number of votes exercisable in respect of all the Equity Shares) of the votes; and
 - (b) will carry the same entitlement (expressed as a percentage of the total entitlement conferred by all the Equity Shares) to participate in the profits and assets of the Company, as would the total number of Warrant Shares which could have been subscribed pursuant to the Subscription Rights conferred by the Warrants had there been no such adjustment and no such event giving rise to such adjustment and the Company shall procure that the Register will be updated accordingly; and
 - (c) the aggregate amount which would be payable by all Warranholders if they were to subscribe for all the Warrant Shares which are capable of being subscribed thereafter will be as nearly as possible the same as it was prior to such adjustment.
3. The Company shall, and the Parent shall procure, that no Adjustment Event shall occur at any time unless the Board shall either (a) prior to or (b) contemporaneously with, such Adjustment Event, determine the appropriate adjustment pursuant to paragraph 1 or 2 (as the case may be).
4. The Company shall, subject to the confidentiality provisions of Clause 9.3 continuing to apply, notify each Warranholder in writing as soon as reasonably practicable and in any event no later than 14 days after the Board or a general meeting of the shareholders have resolved to implement the Adjustment Event specifying the prospective date of the event and the nature of the event.
5. The Company shall, subject to the confidentiality provisions of Clause 9.3 continuing to apply, send notice of any adjustments to the Warranholders as soon as practicable (and in any event no later than 3 Business Days) following the Adjustment Event.

Notwithstanding any other provision of this Deed, in the event the Company resolves to implement an Adjustment Event at any time after a Warranholder has elected to exercise its Subscription Rights with respect to all or any of the Warrants held by it in accordance with Clause 5 (the **Exercised Warrants**) but prior to the issuance of the corresponding number of Ordinary Shares to which such Warranholder is entitled in respect of such exercise, such that the relevant Warranholder is, notwithstanding such election, not reflected as a holder of such Ordinary Shares in the register of the Company prior to the record date of such Adjustment Event, the parties agree that the number and/or nominal value or the Subscription Price (as the case may be) of the Warrant Shares to be issued on the exercise of the Subscription Rights with respect to the Exercised Warrants shall be adjusted in accordance with the provisions of this Schedule 3, and that such Warranholder shall be issued with such adjusted number of Equity Shares in accordance with the provisions of Clause 8.1. In the case of an Adjustment Event as defined in paragraph 7(a), the Company shall also promptly reimburse the relevant Warranholder an amount equal to the Reduction Amount multiplied by the number of Warrant

SCHEDULE 4

PROVISIONS AS TO MEETINGS AND RESOLUTIONS OF WARRANTHOLDERS

1. The Company at any time may, and upon a request in writing of Warrantholders holding Warrants conferring rights to subscribe for not less than 20 per cent, of the Warrant Shares shall, convene a meeting of Warrantholders. Every such meeting shall be held at a reasonably convenient and appropriate place in the United Kingdom as the Board may approve. The Company shall reimburse each Warrantholder with its reasonable expenses incurred in respect of attending such meetings.
2. At least 21 days written notice of the meeting shall be given to Warrantholders but any meeting of Warrantholders may be called by shorter notice if it is so agreed by Warrantholders holding Warrants conferring the right to subscribe for all of the Warrant Shares. The notice shall specify the day, time and place of the meeting and the terms of the resolutions to be proposed. The accidental omission to give notice to, or the non-receipt of any such notice by, any of the Warrantholders shall not invalidate the proceedings at any meeting.
3. The Warrantholders present at any meeting shall choose one of their number to be the chairman of the meeting.
4. For the avoidance of doubt, any Warrantholder may attend any meeting by means of conference telephone or similar equipment whereby all persons participating in the meeting can hear each other and participation in a meeting in this manner shall be deemed to constitute presence in person at such meeting.
5. At any meeting, subject to the remaining provisions of this paragraph 5, two or more persons holding Warrants and/or being proxies and being or representing in the aggregate Warrantholders registered as the holders of Warrants conferring the right to subscribe for not less than 20 per cent, of the Warrant Shares shall (except for the purpose of passing an Extraordinary Resolution) form a quorum for the transaction of business and no business other than the choosing of a chairman shall be transacted at any meeting unless the requisite quorum is present at the commencement of business. The quorum at any meeting for the passing of an Extraordinary Resolution shall, subject to the remaining provisions of this paragraph 5, be two or more persons holding Warrants and/or being proxies and being or representing in the aggregate Warrantholders registered as the holders of Warrants conferring not less than 75 per cent, of the right to subscribe for Warrant Shares provided that for as long as Credit Suisse or any of its Affiliates is a Warrantholder, the quorum shall include Credit Suisse or its Affiliate(s) (as the case may be). Whenever there is only one holder of Warrants, a quorum at any meeting of Warrantholders shall, for all purposes, be that Warrantholder or any proxy for that Warrantholder.
6. If, within half an hour after the time appointed for any meeting, a quorum is not present, the meeting shall, if convened upon the requisition of Warrantholders, be dissolved. In any other case it shall stand adjourned for such period, not being less than 14 days nor more than 28 days, and to such time and place, as may be appointed by the chairman. At the adjourned meeting two or more persons (or, if there is only one holder of Warrants, one person) present in person holding Warrants or being proxies (whatever the Subscription Rights conferred by the number of Warrants so held or represented) shall for all purposes form a quorum and shall have the power to pass any resolution (including an Extraordinary Resolution) and to decide upon all matters which could properly have been dealt with at the meeting from which the adjournment took place had a quorum been present at such meeting.
7. The chairman may with the consent of (and shall if directed by) any meeting adjourn the same from time to time and from place to place but no business shall be transacted at any adjourned meeting except business which might lawfully have been transacted at the meeting from which the adjournment took place.
8. At least 7 days notice of any meeting adjourned through want of a quorum shall be given to Warrantholders in the same manner as notice of an original meeting, and such notice shall state the quorum required at such adjourned meeting as provided by paragraph 5 of this Schedule 4.

9. Every question submitted to a meeting shall be decided in the first instance by a show of hands, and in case of equality of votes, the chairman shall both on a show of hands and on a poll have a casting vote in addition to the vote or votes to which the chairman may be entitled as a Warrantholder or as a proxy.
 10. At any meeting, unless a poll is demanded by the chairman or by one or more Warrantholders (or by their proxies) being or representing in the aggregate Warrantholders registered as the holders of Warrants conferring the right to subscribe for not less than 10 per cent, of the Warrant Shares (before or on the declaration of the result of a show of hands), a declaration by the chairman that a resolution has been carried or carried by a particular majority or lost or not carried by any particular majority shall be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against such resolution.
 11. If at any meeting a poll is so demanded, it shall be taken in such manner and, subject as provided below, either at once or after any adjournment, as the chairman directs, and the result of such poll shall be deemed to be the resolution of the meeting at which the poll was demanded. The demand for a poll shall not prevent the continuance of the meeting for the transaction of any business other than the question on which the poll has been demanded.
 12. Any poll demanded at any meeting on the election of a chairman or on any question of adjournment shall be taken at the meeting without adjournment.
 13. The Company (through its representatives and legal and financial advisers) shall be entitled to attend and speak at any meeting of the Warrantholders. Except as provided in this Deed, no person shall be entitled to attend or vote at any meeting of Warrantholders or to join with others in requesting the convening of such a meeting unless it is a Warrantholder or the duly appointed proxy of a Warrantholder. Neither the Company nor any subsidiary undertaking of the Company shall be entitled to vote in respect of Warrants held by it or on its behalf nor shall the holding of any such Warrants count towards a quorum.
 14. Subject as provided in paragraph 12 of this Schedule 4, at any meeting:-
 - (a) on a show of hands every Warrantholder who is present in person (or in the case of a corporation, by a duly authorised representative) and every person who is a proxy shall have one vote; and
 - (b) on a poll every Warrantholder who is present in person or by proxy as aforesaid shall have a number of votes equal to the proportion (expressed as a percentage figure rounded up or, as appropriate, down to the nearest one hundredth of one per cent.) of the maximum Warrant Shares represented by Warrants held by him.
- Any person entitled to more than one vote need not use all his votes or cast all the votes to which he is entitled in the same way.
15. A proxy need not be a Warrantholder.
 16. A meeting of Warrantholders shall in addition to all other powers (but without prejudice to any powers conferred on other persons by this Deed) have the following powers exercisable by Extraordinary Resolution, namely:-
 - (a) power to sanction any compromise or arrangement proposed to be made between the Company and the Warrantholders or any of them;
 - (b) power to sanction any proposal by the Company for the modification, abrogation, variation or compromise of, or arrangement in respect of, the rights of the Warrantholders against the Company whether such rights shall arise under this Deed or otherwise;

- (c) power to sanction any proposal by the Company for the exchange or substitution for the Warrants of, or the conversion of the Warrants into, shares, stock, bonds, debentures, debenture stock or other obligations or securities of the Company, or any other body corporate formed or to be formed;
 - (d) power to assent to any modification of the terms of this Deed and/or the provisions contained in this Deed which shall be proposed by the Company;
 - (e) power to authorise any person to concur in and execute and do all such documents, acts and things as may be necessary to carry out and give effect to any Extraordinary Resolution;
 - (f) power to discharge or exonerate any person from any liability in respect of any act or omission for which such person may have become responsible under this Deed;
 - (g) power to give any authority, direction or sanction which under the provisions of this Deed is required to be given by Extraordinary Resolution; and
 - (h) power to appoint any persons (whether Warranholders or not) as a committee or committees to represent the interest of the Warranholders and to confer upon such committee any powers or discretions which the Warranholders could themselves exercise by Extraordinary Resolution.
17. An Extraordinary Resolution shall be binding upon all the Warranholders, whether present or not present at such meeting, and each of the Warranholders shall be bound to give effect thereto accordingly. The passing of any resolution shall be conclusive evidence that the circumstances of the resolution justified the passing of it.
18. Minutes of all resolutions and proceedings at every meeting shall be made and duly entered in books to be from time to time provided for that purpose by the Company, and any such minutes, if the same are signed by the chairman of the meeting at which such resolutions were passed or proceedings transacted or by the chairman of the next succeeding meeting of the Warranholders, shall be conclusive evidence of the matters therein contained and, until the contrary is proved, every meeting in respect of the proceedings of which minutes have been made and signed as aforesaid shall be deemed to have been duly convened and held and all resolutions passed or proceedings transacted thereafter to have been duly passed and transacted.
19. Anything which, under the terms of this Deed, may be done by resolution passed at a meeting of the Warranholders (including specifically, but without limitation, the passing of an Extraordinary Resolution) may be done, without a meeting and without any previous notice being required, by resolution in writing signed by or on behalf of all the Warranholders who, at the date of such resolution, would be entitled to attend and vote at such meeting. The signatures to any such resolution need not be on a single document provided each is on a document which accurately states the terms of the resolution. The date of the resolution shall be when the resolution is signed by or on behalf of the last Warranholder to sign.

Should a shareholder who is entitled to a pre-emption right not or not fully exercise such right, the other shareholders shall be similarly entitled to pre-emption rights in respect of those shares which have not been claimed.

If the latter collectively do not or do not fully exercise their pre-emption rights, then the general meeting shall be free to decide to whom the shares which have not been claimed shall be issued and such issue may be made at a higher price.

b. the aggregate par value of the shares in its share capital to be acquired and already held by the company and its subsidiary companies does not exceed half the issued share capital.

The validity of the acquisition shall be determined on the basis of the company's equity as shown by the most recently adopted balance sheet, minus the acquisition price for shares in the company's share capital and any distribution of profits or reserves to other persons which have become due by the company and its subsidiary companies after the balance sheet date. No acquisition pursuant to this paragraph shall be allowed if a period of more than six months following the end of a financial year has expired without the annual accounts for such year having been adopted.

Nonetheless, the holder of a right of usufruct or the holder of a right of pledge on a share held by the company or a subsidiary company is not excluded from the right to vote such share, if the right of usufruct or the right of pledge was granted prior to the time such share was held by the company or such subsidiary company. Neither the company nor a subsidiary company may cast votes in respect of a share on which it holds a right of usufruct or a right of pledge.

Where this paragraph 7.4 and/or the law excludes shares from voting, those shares shall not be taken into account when determining the extent to which shareholders cast votes, are present or represent or the share capital is provided or represented.

7.5. Shares which the company holds in its own share capital shall not be counted when determining the division of the amount to be distributed on shares.

Reduction of share capital.

Article 8.

8.1. The general meeting may resolve to reduce the issued share capital by cancelling shares or by reducing the par value of shares by an amendment to the articles of association, provided that the amount of the issued share capital does not fall below the minimum share capital as required by law in effect at the time of the resolution.

8.2. Cancellation of shares can only apply to shares which are held by the company itself or to shares for which the company holds depositary receipts.

8.3. Reduction of the par value of shares without repayment or partial repayment on shares shall be effected pro rata with respect to all shares. The pro rata requirement may be waived with the consent of all shareholders.

8.4. The notice of a general meeting at which a resolution referred to in this article is to be adopted shall include the purpose of the reduction of the share capital and the manner in which such reduction shall be effectuated. 10.4. The managing board shall make the shareholdersregister available at the office of the company for inspection by the shareholders, as well as by the holders of a right of usufruct and by the holders of a right of pledge who are entitled to the rights of holders of depositary receipts.

The joint participants may also designate more than one person.

If the joint holding comprises shares, the joint participants may determine at the time of the designation of the representative or thereafter but only unanimously that, if a joint participant so wishes, a number of votes corresponding to his interest in the joint holding will be cast in accordance with his instructions.

Notices of shareholders meetings and notifications.

Save in the event that the company is a party to the transaction the rights attached to the shares may only be exercised after:

- a. the company has acknowledged the transaction;
- b. the deed has been served upon the company; or
- c. the company has acknowledged the transaction on its own initiative by recording the same in the shareholders register,

all in accordance with the provisions set out in sections 2:196a and 2:196b of the Civil Code.

Article 16.

The general meeting shall decide on the request for approval within thirty days after such request having been made. Failing this, the approval shall be deemed to have been granted,

Article 17.

The approval shall also be deemed to have been granted in the event that the general meeting refuses its approval but does not simultaneously provide the shareholder with the name(s) of one or more prospective purchasers designated by it, who are willing to purchase the shares to be transferred, against payment in cash at the price to be determined in accordance with article 19. The company itself may only be a prospective purchaser with the shareholder's consent.

A resolution to continue the suspension may be adopted only once and in such event the suspension may be continued for a maximum period of three months commencing on the day the general meeting has adopted the resolution to continue the suspension.

A managing director who has been suspended shall be given the opportunity to account for his actions at the general meeting and to be assisted by an adviser.

29.6. Shareholders and holders of depositary may be represented at a meeting by a proxy authorised in writing.

Shareholders who are entitled to vote as well as holders of a right of usufruct and holders of a right of pledge on shares who are put on par with holders of depositary receipts pursuant to article 9, may adopt any resolutions which they could adopt at a meeting, without holding a meeting. The managing directors are given the opportunity to advise regarding such resolution, unless in the circumstances it is unacceptable according to criteria of reasonableness and fairness to give such opportunity. A resolution cannot be adopted without holding a meeting in case depositary receipts have been issued with the cooperation of the company.

A resolution to be adopted without holding a meeting shall only be valid if all persons entitled to vote have cast their votes in writing, by cable, by telex or by telefax in favour of the proposal concerned.

- 35.3. The liquidation shall take place with due observance of the provisions of the law. During the liquidation period these articles of association shall, wherever possible, remain in full force.
- 35.4. The balance of the assets of the company remaining after all liabilities have been paid shall be distributed among the shareholders in proportion to the par value of their shareholdings.
- 35.5. After the company has ceased to exist, its books, records and other data carriers shall remain in the custody of the person designated for that purpose by the liquidators for a period of seven years.
