ROGERS WIRELESS TO LOAN \$1.4 BILLION TO ROGERS COMMUNICATIONS INC.

TORONTO, Dec. 17 /CNW/ - Rogers Wireless Communications Inc. ("Rogers Wireless") and Rogers Communications Inc. ("RCI") announced today that the board of directors of Rogers Wireless has approved a loan of up to \$1.4 billion from Rogers Wireless to RCI. The loan will be made by Rogers Wireless from cash on hand resulting from a return of capital from Rogers Wireless Inc., a wholly-owned subsidiary (which recently completed a private placement of notes in an aggregate principal amount of approximately US \$2.356 billion). RCI intends to use the \$1.4 billion proceeds from the loan, together with \$350 million from cash on hand, to permanently repay the \$1.75 billion bridge credit facility referred to below.

A special committee of independent directors of Rogers Wireless concluded that making this loan to RCI is in the best interests of Rogers Wireless and recommended that the board of directors of Rogers Wireless approve the making of the loan.

The loan to RCI will be advanced on December 31, 2004 and will mature on October 16, 2006. The loan must be repaid in whole or in part before the maturity date in certain circumstances including from the proceeds of any shareholder distributions by Rogers Wireless to RCI or to its wholly-owned subsidiary, RWCI Acquisition Inc. The loan will be secured by a pledge of shares of Rogers Cable Inc. and of shares of RWCI Acquisition Inc. which holds 48,594,172 Rogers Wireless Class B Restricted Voting shares.

Rogers Wireless has previously publicly disclosed that it was reviewing the various methods of transferring \$1.75 billion to its shareholders, so that RCI would have adequate funds to repay its \$1.75 billion bridge credit facility incurred to a group of financial institutions in connection with its acquisition of Rogers Wireless Class B Restricted Voting shares from AT&T Wireless Services, Inc. Rogers Wireless stated at the time that a determination of the method of such a distribution, including the timing thereof, would not take place until following completion by RCI of its offer to acquire all of the outstanding Rogers Wireless Class B Restricted Voting shares held by the public. RCI's offer is currently scheduled to expire on December 30, 2004. Rogers Wireless is continuing to review the various methods of effecting such a distribution.
