Item 1.01. Entry into a Material Definitive Agreement.

(a) On July 18, 2006, the Board of Directors of Terex Corporation (Terex or the Company) approved certain changes to the Company's director compensation program. While public company boards, including the Board of Directors of Terex, generally have faced increasing time commitments and demands over the past several years, and director compensation at public company boards has been increasing generally over this time, the annual retainer paid to members of the Board of Directors of Terex has remained constant since 2000.

In considering changes to the compensation for the Board of Directors of Terex, the Compensation Committee of the Company's Board of Directors reviewed an analysis of the director compensation practices of 13 of the Company's industry peers performed by an outside compensation consultant. Further, in addition to the information provided by such outside compensation consultant, the Compensation Committee also engaged a second compensation consulting firm to provide independent information and recommendations.

A summary of the material terms of Terex's revised outside directors' compensation program is filed as Exhibit 10.1 to this Form 8-K.

(b) On July 18, 2006, the Board of Directors of Terex approved an award of 2,000 shares of Terex common stock to David Sachs, a director of the Company, under one of the Company's long term incentive plans. The award was given to Mr. Sachs in recognition of the significant amount of time that he has dedicated to Terex over the past 18 months as chairperson of the Audit Committee of the Company's Board of Directors, which additional time was in excess of the time devoted to Board and committee meetings.

Item 9.01. Financial Statements and Exhibits.

(c) Exhibits

10.1 Summary of material terms of Terex Corporation Outside Directors' Compensation Program.
