Item 7.01 Regulation FD Disclosure

On June 6, 2007 the Company signed an agreement to lease a building near Baltimore, Maryland. The Company's obligations under the lease were, for the most part, contingent upon the landlord's ability to purchase the building subject to the lease.

On August 8, 2007 the landlord purchased the building, which consists of approximately 73,000 square feet. On August 14, 2007 the Company issued a press release, a copy of which is filed as an exhibit to this report, concerning the purchase of the building.

## Edgar Filing: CEL SCI CORP - Form 8-K

The building will be remodeled in accordance with the Company's specifications so that it can be used by the Company to manufacture its cancer drug Multikine for Phase III clinical trials and sales of the drug following marketing approval.

The lease is for a term of twenty years and requires annual base rent payments of \$1,575,000 during the first year of the lease. The annual base rent escalates each year at 3%. The Company is also required to pay all real and personal property taxes, insurance premiums, maintenance expenses, repair costs and utilities. The lease allows the Company, at its election, to extend the lease for two ten-year periods or to purchase the building at the end of the 20-year lease.

The lease required the Company to pay \$3,150,000 towards the remodeling costs, which will be recouped by reductions in the annual base rent of \$303,228 in years six through twenty of the lease.
