In addition, the contract provides for a potential annual bonus if the Company determines that it has sufficient working capital to (a) continue to carry-out its day-to-day operations including overhead, expenses, etc. for the next twelve months, and (b) execute and fulfill all projects and contractual obligations which have been undertaken by the Company. The first ISO Award will vest upon the Company achieving (cumulatively) \$1,000,000 in Gross Revenues, and each additional ISO Award will vest upon the Company achieving the next \$1,000,000 increment in cumulative Gross Revenue. For example, the second Incentive Award will vest upon the company achieving \$2,000,000 in cumulative Gross Revenue, the third Incentive Award will vest upon the company achieving \$3,000,000 in cumulative Gross Revenue, and so on up until the Company achieves \$10,000,000 in cumulative Gross Revenue. The ISO Awards shall be exercisable for a period of up to five(5) years from the date that they vest, and will be subject to the provisions of the Company's Executive Incentive Stock Option Plan.

Finally, the contract provides that the total compensation paid (whether base salary, bonus compensation, award of stock, award of any stock option, or otherwise) shall be identical to and with the total compensation paid by the Company to its Vice-President and Chief Technical Officer.

Mr. Jackson does not have any family relationships with any other director or officer of the Company, and there are no transactions in which he has an interest requiring disclosure under Item 404(a) of Regulation S-K.
