Record Date; Voting Rights; Vote Required

Only holders of the Company's common stock of record on the books of the Company at the close of business on the Record Date are entitled to notice of and to vote at the Meeting or at any adjournment or postponement thereof. As of the Record Date, there were 3,066,072 shares of the Company's common stock issued and outstanding, each of which is entitled to one vote on all matters other than the election of Directors. In the election of Directors, each shareholder has cumulative voting rights, so that a shareholder may vote the number of shares owned by him for as many persons as there are Directors to be elected, or he may multiply the number of shares by the number of Directors to be elected and allocate the resulting votes to one or any number of candidates. For example, if the number of Directors to be elected is four (4), a shareholder owning ten (10) shares may cast ten (10) votes for each of four (4) nominees, or cast forty (40) votes for any one (1) nominee or allocate the forty (40) votes among several nominees.

Any other matters that properly come before the Meeting will be decided by a majority of votes cast, unless a different vote is required by law, the Articles of Incorporation, or the Bylaws. Abstentions and broker non-votes are counted only for purposes of determining whether a quorum is present at the Meeting.

Shares of common stock represented by properly executed proxies, unless previously revoked, will be voted at the Meeting in accordance with the directions therein. If no direction is specified, such shares will be voted FOR each nominee listed below under "Election of Directors" and in the discretion of the person named in the proxy with respect to any other business that may come before the Meeting. We are not aware of any other matter to be considered at the

Annual Meeting other than those listed in the Notice of Annual Meeting of Shareholders.

A proxy may be revoked by a shareholder at any time prior to the exercise thereof by filing with the Secretary of the Company a written revocation or a duly executed proxy bearing a later date. A proxy shall be suspended if the shareholder is present and elects to vote in person.

COMPENSATION DISCUSSION AND ANALYSIS

Overview of Compensation Program

The Compensation Committee (for purposes of this analysis, the “Committee”) of the Board has responsibility for establishing, implementing and continually monitoring adherence with the Company’s compensation philosophy. The Committee ensures that the total compensation paid to the named executive officers is fair, reasonable and competitive. Generally, the types of compensation and benefits provided to the named executive officers, including the actively-employed named executive officers, are similar to those provided to other executive officers in publicly traded financial institutions.

On February 6, 2009, we became a participant in the U.S. Treasury’s Troubled Asset Relief Program (“TARP”) by participating in the Capital Purchase Program. On September 29, 2010, we refinanced our Capital Purchase Program funding into Community Development Capital Initiative funding. The Community Development Capital Initiative is also a TARP program. As a result of our participation in TARP, The First Bancshares, Inc. and certain of our employees are subject to compensation related limitations and restrictions for the period that we continue to participate in TARP. The TARP compensation limitations and restrictions include the following:

- Except in limited circumstances, our most highly compensated employee (as determined on an annual basis) is prohibited from receiving cash bonus payments during the TARP period. Mr. Cole was subject to this limitation during 2010.
- Except in limited circumstances, our Named Executive Officers (NEOs) and our next five most highly compensated employees (each as determined on an annual basis) are prohibited from receiving any severance payments upon a termination of employment or any payments triggered by the occurrence of a change in control.
- Our NEOs and next 20 most highly compensated employees are subject to a “clawback” of incentive compensation if that compensation is based on materially inaccurate financial statement or performance metrics. Further, no one in this group of employees may receive any tax gross-up payment during the TARP period.
- We are limited to an annual tax deduction of \$500,000 with respect to the compensation paid to each of our NEOs.

The TARP rules further required us to adopt an “Excessive or Luxury Expenditure Policy.” Our board of directors has complied with this requirement and the policy is located on our website, www.thefirstbank.com. It is the intent of our board of directors that the policy remain in full force and effect for the duration of the TARP period. The policy covers, in particular, entertainment or events, office and facility renovations, aviation or other transportation services and other similar items, activities or events for which we may reasonably anticipate such expenditures that are not reasonable expenditures for staff development, reasonable performance incentives, or other similar reasonable measures conducted in the normal course of our business operations. All of our employees are required to comply with the policy. Our Chief Executive Officer and Chief Financial Officer are primarily accountable for ensuring adherence to the policy and for certifying that prior approval for any expenditure requiring such prior approval was properly obtained.

In addition to the foregoing limitations and restrictions, the TARP rules and regulations will require the Compensation Committee to undertake a semi-annual risk assessment with respect to certain of the compensation plans, programs and arrangements maintained by the Company, regardless of whether the individual employee(s) covered by the plan, program or arrangement is a NEO. The risk assessments are intended to reduce the chance that any employee will be incentivized to take unacceptable risks in order to maximize his or her compensation under such plans, programs and arrangements.

As the TARP final rules were implemented in 2009, the Compensation Committee regularly discussed its compliance obligations with respect to our executive compensation programs at each committee meeting. The Compensation Committee has depended upon guidance from our legal counsel to fully interpret the extent of the application of each of these requirements in our executive compensation programs.

On a related note, in June 2010 Federal banking regulators issued final interagency guidance that set forth a framework for assessing the soundness of incentive compensation plans, programs and arrangements maintained by financial institutions. The guidance focuses on balanced risk-taking incentives, compatibility with effective controls and risk management, and strong corporate governance.

The Compensation Committee believes that an awareness and assessment of the impact of risk has always been, and will continue to be, a component of its analysis of executive compensation. As such, the committee recognizes the role of risk assessment in the overall processes and procedures for establishing such executive compensation. In this regard, the committee believes that the TARP semi-annual risk assessment and the Federal Reserve’s proposed rules will serve as a framework for reconfirming the appropriateness of the process and procedure the committee has previously followed in reaching its decisions with respect to compensation related matters.

Throughout this proxy statement, the individuals who served as the Company’s Chief Executive Officer and Chief Financial Officer during fiscal 2010 as well as the other individuals included in the Summary Compensation Table on page 16, are referred to as the “named executive officers” or “NEO”s.

Compensation Philosophy and Objectives

The Committee believes that the most effective executive compensation program is one that is designed to reward the achievement of specific annual, long-term and strategic goals by the Company, and which aligns the interests of the executive officers with the Company’s overall business strategy, values and management initiatives. These policies are intended to reward executives for strategic management and the enhancement of shareholder value and support a performance-oriented environment that rewards achievement of internal goals. The Committee evaluates both performance and compensation to ensure that the Company maintains its ability to attract and retain superior employees in key positions and that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of our peer companies. To that end, the Committee believes executive compensation packages provided by the Company to its executives, including the named executive officers,

should be designed to include both cash and stock-based compensation that reward performance as measured against established goals.

Role of Executive Officers in Compensation Decisions

The Committee makes all compensation decisions for the named executive officers and approves recommendations regarding equity awards to all named executive officers of the Company. Decisions regarding the non-equity compensation of other executive officers are made by the Committee and the Chief Executive Officer.

The Committee and the Chief Executive Officer annually reviews the performance of each member of the named executive officers (other than the Chief Executive Officer whose performance is reviewed by the Committee). The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual award amounts, are presented to the Committee. The Committee can exercise its discretion in modifying any recommended adjustments or awards to executives.

Setting Executive Compensation

Based on the foregoing objectives, the Committee has structured the Company's annual and long-term incentive-based cash and non-cash executive compensation to motivate executives to achieve the business goals set by the Company and reward the executives for achieving such goals. To that end, the Committee has retained Blanchard Chase to provide research for benchmarking purposes related to executive compensation. Additionally, the Company subscribes to and participates in the Mississippi Bankers Association survey, which provides the Committee with comparative compensation data from the Company's market areas and its peer groups. This information is used by the committee to ensure that it is providing compensation opportunities comparable to its peer group, thereby allowing the Company to retain talented executive officers who contribute to the Company's overall and long-term success.

It is anticipated that the services provided by the third-party consultant will be used as the basis of comparison of compensation between the Company and the companies in the Compensation Peer Group.

Compensation Policies and Practices as They Relate to Risk Management

As participants in the Troubled Asset Relief Program ("TARP") administered by the United States Department of the Treasury, the Company is subject to the executive compensation requirements of the Emergency Economic Stabilization Act of 2008 ("EESA") and as amended by the American Recovery and Reinvestment Act of 2009 ("ARRA"). In compliance therewith the Compensation Committee of the Board of Directors of the Company meets at least semi-annually to discuss and evaluate employee compensation plans in light of its assessment of risk posed to the Company from such plans and to ensure compliance with executive compensation rules and regulations implemented under EESA and ARRA. The Compensation Committee met twice in 2010 to review the Company's compensation plans and determined that the Company had no compensation plans that would encourage manipulation of reported earnings to enhance compensation or encourage unnecessary or excessive risk-taking. The Compensation Committee has determined that there are no compensation policies or procedures that are likely to have a material adverse effect on the Company.

Capital Purchase Program – Effect on Executive Compensation

In February, 2009 the Company entered into a transaction with the Department of the Treasury under the TARP Capital Purchase Program (“CPP”). Subsequently, on September 29, 2010, the Company entered into a transaction with Treasury by which it refinanced its CPP funding for lower-cost funding, and also accepted additional funding for a total of \$17,123,000 in funding, through participation in the Community Development Capital Initiative (“CDCI”). As a TARP participant, the Company has been required to comply with the Treasury standards for executive compensation and corporate governance for the period during which the Treasury holds equity in the Company issued under TARP. As discussed above, the Company must meet certain standards, including (without limitation): (1) ensuring that incentive compensation for certain senior executives does not encourage unnecessary and excessive risks that threaten the value of the Company; (2) requiring a return to the Company of any bonus or incentive compensation paid to certain senior executives based on financial statements or other performance metric criteria that are later proven to be materially inaccurate; (3) prohibiting the Company from making certain excess payments to certain senior executives made on account of involuntary separations from service or in connection with a bankruptcy, insolvency or receivership of the Company; and (4) agreeing not to deduct for tax purposes executive compensation in excess of \$500,000 for each applicable senior executive. The TARP executive compensation and corporate governance standards have been implemented in an interim final rule found in the Code of Federal Regulations at 31 CFR Part 30 (the “TARP IFR”). For so long as the Treasury continues to hold equity interests in the Company issued under TARP, the Company will monitor its compensation arrangements and modify them as necessary, limit its compensation deductions, and take such other actions as may be necessary to comply with TARP IFR, as the same may be modified from time to time. The Company does not anticipate that any material changes to its existing executive compensation structure will be required to maintain its compliance with the TARP IFR.

2010 Executive Compensation Components

Historically, and for the fiscal year ended December 31, 2010, the principal components of compensation for named executive officers were:

- base salary;
- performance-based incentive bonus compensation;

Base Salary

The Company provides named executive officers and other employees with base salary to compensate them for services rendered during the fiscal year. Base salary ranges for named executive officers are determined for each executive based on his or her position and responsibility.

During its review of base salaries for executives, the Committee primarily considers: 1) performance of the Company; 2) market data provided by our outside consultants; 3) internal review of the executive’s compensation, both individually and relative to other officers; and 4) individual performance of the executive. Salary levels are typically considered annually as part of the Company’s performance review process as well as upon a promotion or other change in job responsibility. Merit based increases to salaries of the named executive officers are based on the Committee’s assessment of the individual’s performance.

Performance-Based Incentive Compensation

The Company has established an incentive bonus compensation plan that is based upon individual performance as well as team and corporate performance. Named executive officers in the Company have unique performance goals in up to nine (9) categories. The individual measures relate primarily to sales, service quality, regulatory compliance, timeliness, and financial goals. The particular measures on an individual's performance depend on the actions that are determined to be most important for that individual to achieve for the current year. The estimated bonus payouts are accrued throughout the year. Cash bonuses may be granted to executives at each year end depending on the achievement of a corporate performance target such as earnings per share, which was used in 2010. The Company's Chief Executive Officer has measures that are company-wide in nature. The measures for 2010 were for net income, earnings per share and return on equity. Each measure was weighted equally for 2010.

For the year ended December 31, 2010, the following cash bonuses were awarded:

David E. Johnson	\$	0.00
M. Ray		0.00
(Hoppy) Cole, Jr.		
Dee Dee Lowery		17,595.00
David O. Thoms, Jr		0.00
Carol M. Daniel(1)		11,778.03
Ray L. Wesson, Jr.(1)		9,225.00

(1) Carol M. Daniel and Ray L. Wesson, Jr. are executive officers of the bank and not the holding company.

Equity Incentive Compensation

2007 Stock Option Plan (1)

In 2007, the Company adopted The First Bancshares, Inc. 2007 Stock Incentive Plan. The 2007 Plan provides for the issuance of up to 315,000 shares of Company Common Stock, \$1.00 par value per share. Shares issued under the 2007 Plan may consist in whole or in part of authorized but unissued shares or treasury shares.

Awards of Company Common Stock under the 2007 Plan may take the form of a stock option, including an incentive stock option (a stock option which meets the applicable requirements of the Internal Revenue Code), stock appreciation rights (an award entitling a holder to receive an amount in cash, Company Common Stock, or a combination of both determined by reference to the excess of the fair market value of a specified number of shares of Company Common Stock over a specified price which shall not be less than the fair market value of such shares as of the date of the grant), restricted stock awards (a transfer of shares subject to certain restrictions on transfer or other incidents of ownership or subject to specified performance standards), dividend equivalent rights (an award entitling a holder to receive an amount in cash, Company Common Stock, or a combination of both determined by reference to the cash dividends paid on a specified number of shares of Company Common Stock from the date of grant), performance unit awards, restricted stock units or other stock-based awards (including without limitation, awards entitling recipients to receive shares of Company Common Stock to be delivered in the future) (collectively referred to as "Awards"). As of December 31, 2010, 12,353 restricted stock awards were granted.

(1) The First Bancshares, Inc. 2007 Stock Incentive Plan replaced The First Bancshares 1999 Stock Incentive Plan, which is no longer in effect.

Retirement and Other Benefits

All employees of the Company, including named executive officers, are eligible to participate in the The First Bancshares, Inc. 401K Plan and Trust.

The Company sponsors an Employee Stock Ownership Plan (ESOP), which was established in 2006 for employees who have completed one year of service for the Company and attained age 21. Employees become fully vested after five years of service. Contributions to the plan are at the discretion of the Board of Directors. At December 31, 2010, the ESOP held 6,142 shares of Company common stock and had no debt obligation.

Perquisites and Other Personal Benefits

The Company provides named executive officers with perquisites and other personal benefits that the Company and the Committee believe are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key positions. The Committee periodically reviews the levels of perquisites and other personal benefits provided to named executive officers.

The named executive officers participate in the Company's broad-based employee benefit plans, such as medical, dental, supplemental disability and term life insurance programs. Some of the named executive officers are provided use of company automobiles. The vehicle is provided primarily for their business travel. Personal use is taxed through the Company's payroll process. Each named executive officer and certain other members of senior management are entitled to receive a cash payment upon such executive's death through the split dollar death benefit funded by bank owned life insurance.

Attributed costs of the personal benefits described above for the named executive officers for the fiscal year ended December 31, 2010, are included in the "Summary Compensation Table" on page 17.

The Company has entered into Change of Control Agreements with certain key employees. The Change of Control Agreements are designed to promote stability and continuity of senior management. Information regarding applicable payments under such agreements for the named executive officers is provided under the heading "Potential Payments Upon Termination or Change in Control" on pages 22 and 23.

Deductibility of Executive Compensation

As part of its role, the Committee reviews and considers the deductibility of executive compensation under Section 162(m)(5) of the Internal Revenue Code, which provides that the Company may not deduct compensation of more than \$500,000 that is paid to certain individuals. The Company believes that compensation paid under the incentive plans are generally fully deductible for federal income tax purposes.

COMPENSATION COMMITTEE REPORT

The Compensation Committee certifies that it has reviewed with senior risk officers the SEO incentive compensation arrangements and has made reasonable efforts to ensure that such arrangements do not encourage SEOs to take unnecessary and excessive risks that threaten the value of the financial institution.

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

CORPORATE GOVERNANCE

Corporate Governance Guidelines. The Board of Directors' Nominating Committee has enacted guidelines to determine director independence and qualifications for directors. The Nominating Committee Charter is published at the Corporation's website under the "Corporate Governance" at www.thefirstbank.com. The Board regularly reviews corporate governance developments and considers modifications to its governance charter to clarify and augment the Board's processes, including those relating to risk oversight.

The Board's Role in Risk Oversight. We believe that each member of our Board of Directors in his or her fiduciary capacity has a responsibility to monitor and manage risks faced by the Company. At a minimum, this requires the members of our Board of Directors to be actively engaged in board discussions, review materials provided to them, and know when it is appropriate to request further information from management and/or engage the assistance of outside advisors. Furthermore, because the banking industry is highly regulated, certain risks to the Company are monitored by the Board of Directors and the Audit Committee through its review of the Company's compliance with regulations set forth by its regulatory authorities and recommendations contained in regulatory examinations.

Because we believe risk oversight is a responsibility for each member of the Board of Directors, we do not concentrate the Board's responsibility for risk oversight in a single committee. Instead, each of our committees concentrates on specific risks for which they have an expertise, and each committee is required to regularly report to the Board of Directors on its findings. For example, the audit committee regularly monitors the Company's exposure to certain reputational risks by establishing and evaluating the effectiveness of company programs to report and monitor fraud and by monitoring the Company's internal controls over financial reporting. Our compensation committee's role in monitoring the risks related to our compensation structure is discussed in further detail below.

Director Independence. The First Bancshares, Inc. currently has nine independent directors out of eleven. The Board has satisfied, and expects to continue to satisfy, its objective that at least a majority of the Board should consist of independent directors. For a director to be considered independent, the Board must determine that the director does not have any direct or indirect material relationship with the Company. The Board has established guidelines to assist it in determining director independence which conform to the independence requirements of the NASDAQ Stock Exchange listing standards. In addition to applying these guidelines, the Board will consider all relevant facts and circumstances in making an independence determination.

In the course of the Board's determination regarding independence, it considers any transactions, relationships and arrangements as required by the Company's independence guidelines.

All members of the Audit Committee, Compensation Committee, and Nominating Committee must be independent directors as defined by NASDAQ. Members of the Audit Committee also must satisfy a separate Securities and Exchange Commission ("SEC") independence requirement, which provides that they may not accept directly or indirectly any consulting, advisory or other compensatory fee from the Company or its subsidiaries other than their directors' compensation.

Director Candidates, Qualifications and Diversity. In considering whether to recommend any candidate for inclusion in the Board's slate of recommended director nominees, including candidates recommended by stockholders, the Nominating Committee will consider a number of criteria, including, without limitation, financial, regulatory and business experience; familiarity with and participation in the local community; integrity, honest and reputation;

dedication to the Company and its stockholders; independence and any other factors the Nominating Committee deems relevant, including age, diversity, size of the Board of Directors and regulatory disclosure obligations. Although the Nominating Committee has no official policy regarding diversity, the committee seeks well-qualified nominees, and believes its Board represents a wide variety of backgrounds .

Board Leadership Structure. The Board of Directors of the Company is made up of eleven individuals, one of whom is an insider as an executive of the Company. The ten outside directors have a wide variety of business experience and bring that experience to bear in fulfilling their duties as directors of the Company. The Chairman and Chief Executive Officer positions are held separately. The Board has not named a lead independent director. All independent directors have an equal voice in the business of the Company.

The Board of Directors has the primary responsibility of overseeing the Company's risk management processes, including reviewing policies and procedures to identify any significant risks or exposures and determining the steps to take to monitor and minimize those risks. The Audit Committee is responsible for oversight of financial reporting risks, while the Compensation Committee is responsible for oversight of compensation-related risks.

Standards of Conduct. All directors, officers and employees of The First Bancshares, Inc. must act ethically at all times and in accordance with the policies comprising the Code of Ethics for Financial Officers, a copy of which can be found at the Company's internet website, www.thefirstbank.com.

Communicating Concerns to Directors. The Audit Committee and the non-management directors have established procedures to enable any employee who has a concern about The First Bancshares' conduct, policies, accounting, internal accounting controls or auditing matters, to communicate that concern directly to the Board through written notification directed to the Chairman of the Audit Committee, Doug Seidenburg, at P. O. Box 1197, Laurel, MS 39441, or by email to DougS@sburgetpa.com. Such communications may be confidential or anonymous. The Company's Whistleblower Policy is available on the Company's website, www.thefirstbank.com. The status of any outstanding concern, if any, is reported to the non-management directors of the Board periodically by the Chairman of the Audit Committee.

Stockholder Communications. Stockholders may communicate with all or any member of the Board of Directors by addressing correspondence to the "Board of Directors" or to the individual director and addressing such communication to Chandra B. Kidd, Secretary, The First Bancshares, Inc., P. O. Box 15549, Hattiesburg, Mississippi, 39404. All communications so addressed will be forwarded to the Chairman of the Board of Directors (in case of correspondence addressed to the "Board of Directors") or to the individual director without exception.

It is the Nominating Committee's policy to consider director candidates recommended by stockholders who appear to be qualified to serve on the Company's Board of Directors. The Nominating Committee may choose not to consider an unsolicited recommendation if no vacancy exists on the Board of Directors and the Nominating Committee does not perceive a need to increase the size of the Board of Directors. The Nominating Committee will consider only those director candidates recommended in accordance with the Nominating Committee Shareholder Policies and Procedures, a copy of which was attached as Exhibit "C" to the Proxy Statement for the 2004 Annual Meeting. Certain Relationships and Related Transactions

Officers, directors and 10% beneficial owners of the Company and its associates, including members of their families or corporations, partnerships, or other organizations in which such officers or directors have a controlling interest, are customers of the bank and have transactions with the banks in the ordinary course of business, and may continue to do so in the future. All outstanding loans and commitments included in such transactions were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and did not involve more than normal risk of collectability or present other unfavorable features. All directors other than M. Ray (Hoppy) Cole, Jr., and Dennis Pierce are independent as defined in pertinent Nasdaq rules.

The Company entered into a construction contract with PierCon, Inc. relating to the renovation of the Company’s Operations Center located at 5299 Old Hwy 11, Hattiesburg, MS. As of October 8, 2008, all amounts relating to the contract had been paid and the contract completed. The contract provided for payments to be made on a “cost plus ten plus ten” basis (cost plus ten percent profit plus ten percent overhead). Including change orders, overhead, profit, and sales tax, the total contract amount of \$561,565.00, which represents cost plus eight percent profit plus eight percent overhead, was paid during 2008. Dennis Pierce, who serves as a Director of the Company, is President of PierCon, Inc. This transaction was reviewed and approved in advance by the Board’s Audit Committee.

Section 16(a) Beneficial Ownership Reporting Compliance

Executive officers and directors are required by Securities and Exchange Commission Regulations to furnish the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended December 31, 2010, all Section 16(a) filing requirements applicable to the Company's executive officers and directors were complied with except for one transaction by Michael W. PROPOSAL 2 – APPROVAL OF INDEPENDENT PUBLIC ACCOUNTANTS

The Board of Directors has appointed T.E. Lott & Company, a firm of independent certified public accountants, as auditors for the fiscal year ending December 31, 2010, and until their successors are selected.

The Company has been advised that neither the firm nor any of its partners has any direct or any material indirect financial interest in the securities of the Company or its subsidiaries, except as auditors and consultants on accounting procedures and tax matters. The Board anticipates that representatives of T.E. Lott & Company will be in attendance at the Annual Meeting, be present to make a statement or be available to respond to questions.

Although not required to do so, the Board of Directors has chosen to submit its appointment of T.E. Lott & Company for ratification by the Company's shareholders. It is the intention of the persons named in the Proxy to vote such Proxy FOR the ratification of this appointment. If this proposal does not pass, the Board of Directors will reconsider the matter. The proposal will be ratified if the votes cast favoring the appointment exceed the votes cast opposing it.

The Board of Directors unanimously recommends you vote FOR Proposal 2 to ratify the appointment of T.E. Lott & Company as independent public accountants for the fiscal year ending December 31, 2010.

PROPOSAL 3 - ADVISORY VOTE ON EXECUTIVE COMPENSATION

The America Reinvestment and Recovery Act of 2009 (“ARRA”) requires recipients of funds under CCP to permit a separate shareholder vote to approve the compensation of executives, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission (which disclosure shall include the compensation discussion and analysis, the compensation tables, and any related material). ARRA further provides that this shareholder vote shall not be binding on the board of directors of a recipient of funds under CCP, and may not be construed as overruling a decision by such board, nor to create or imply any additional fiduciary duty by such board, nor shall such vote be construed to restrict or limit the ability of shareholders to make proposals for inclusion in proxy materials related to executive compensation.

These ARRA provisions give you as a shareholder the right to endorse or not endorse our executive compensation through the following resolution:

“Resolved, that the shareholders approve its executive compensation as described in the section captioned “Compensation Discussion and Analysis” in the 2010 Proxy Statement, including the compensation tables and any related material.”

Under ARRA, your vote is advisory, and will not be binding on the Board. However, the Compensation Committee will take into account the vote when considering future executive compensation arrangements.

The Board of Directors unanimously recommends you vote FOR approval of the resolution.

PROPOSAL 4 – APPROVAL OF AMENDMENT TO ARTICLES OF INCORPORATION

The Amendment

On March 24, 2011, upon recommendation of the Nominating Committee, the Board of Directors unanimously approved, subject to shareholder approval, an amendment to the Articles of Incorporation of the Company to amend Article Six (a) to eliminate cumulative voting for election of directors of the Company, by inserting a revised Article Six (a). The proposed Amendment to Article Six (a) is attached hereto as Appendix “A.”

Background; Reasons for the Amendment; Recommendation of the Board of Directors

The Company's stockholders currently elect directors by a procedure called "cumulative voting." Under Mississippi law, for entities incorporated prior to 2002, cumulative voting is present unless specifically eliminated in the articles filed with the Mississippi Secretary of State. The Company was incorporated in 1995 and because the Company's Articles of Incorporation currently do not address cumulative voting, shareholders of the Company have the right to cumulatively vote in any election of directors. Cumulative voting enables a shareholder to cumulate votes for the election of a nominee by casting a number of votes for such nominee equal to the number of directors to be elected multiplied by the number of votes to which the shareholder is entitled. The shareholder also may distribute his or her votes among two or more nominees on the same basis. This procedure allows a stockholder to cumulate his or her votes for one or more of the nominees for director, meaning that his or her votes may be cast for one or more of the nominees. For example, in an election of three directors, if a stockholder held one vote, the stockholder would have three votes. He or she could cast those three votes for one of the directors, or cast two votes for one director and one vote for another, or cast one vote for each of the three nominees.

The Board believes this procedure is overly complicated to implement and seldom if ever used by stockholders and is no longer in the best interests of the Company and its stockholders, particularly in view of the large number of stockholders and broad-based ownership of the Company. In addition, a shareholder or group of shareholders holding a relatively small number of shares that cumulatively votes its shares in an election of directors could elect one or more directors whose loyalty may primarily be to the minority group responsible for their election rather than to the Company and all of its shareholders. The Board believes that each director is responsible to, and should represent the interests of all shareholders as opposed to a minority shareholder group that may have special interests and goals inconsistent with those of the majority of shareholders. The election of directors who view themselves as representing a particular minority shareholder group could result in partisanship and discord on the Board of Directors, and may impair the ability of the directors to act in the best interests of the Company and all its shareholders.

Accordingly, upon recommendation of the Nominating Committee, the Board is proposing the amendment to Article Six (a) of the Articles of Incorporation. If this proposal is accepted by the stockholders, the Company's directors will then be elected by plurality vote as provided by the Company's Bylaws, without the right to cumulate votes.

Required Vote

Approval of the proposal requires an affirmative vote, in person or represented by proxy, of a majority of all outstanding shares of the Common Stock.

The Board of Directors unanimously recommends that you vote FOR approval of the amendment to the Articles of Incorporation to eliminate cumulative voting in the election of directors of the Company.

Effective Date

If the amendment to the Articles is approved by the requisite vote of the shareholders, the Company shall file the amendment with the Mississippi Secretary of State as soon as reasonably practicable after the Meeting. The amendment shall become effective upon filing with the Mississippi Secretary of State.

Solicitation of Proxies

The cost of soliciting proxies from shareholders will be borne by the Company. The initial solicitation will be by mail. Thereafter, proxies may be solicited by directors, officers and employees of the Company or the bank, by means of telephone, telegraph or personal contact, but without additional compensation therefore. The Company will reimburse brokers and other persons holding shares as nominees for their reasonable expenses in sending proxy soliciting material to the beneficial owners.

Proposals of Shareholders

Any proposal of a shareholder to be presented for action at the Annual Meeting of Shareholders to be held in the year 2012 must be received at the Company's principal executive office no later than January 26, 2012, if it is to be included in management's proxy statement. To ensure prompt receipt by the Company, the proposal should be sent certified mail, return receipt requested. Proposals must comply with the Company's bylaws relating to shareholder proposals and certain Securities and Exchange Commission Regulations in order to be included in the Company's proxy materials.

The Company's proxy for the year 2012 meeting may confer discretionary authority to vote on any proposal of a shareholder to be presented for action at the Annual Meeting of Shareholders to be held in the year 2012 which is not received prior to January 26, 2012 at the Company's principal executive office.

Annual Report

The 2010 Annual Report to shareholders of the Company, including audited financial statements of the Company, is enclosed for the information of the shareholders. The Annual Report and financial statements are not a part of the proxy soliciting material.
