Once a candidate has been identified, the Nominating Committee reviews the individual's experience and background and may discuss the proposed nominee with the source of the recommendation.

The Nominating Committee's recommendations are presented to the Board of Directors at regularly scheduled meetings. The Nominating Committee will also consider those recommendations by stockholders which are submitted in writing to the Secretary of the Corporation, giving the recommended candidates name, biographical data and qualifications. Pursuant to the Company's By-laws, any stockholder that wishes to submit director nominations should submit advance notice of the proposed nomination to the Secretary of the Company not less than 90 days or more than 120 days prior to the meeting date, provided that if the date of the annual meeting has been changed by more than 30 days from the anniversary of the annual meeting date stated in the previous year's proxy statement, nominations must be received by the Company not later than the close of business on the tenth day following the public announcement of the date of the meeting was first made. Options and stock appreciation rights must be granted at not less than fair market value on the date of grants (110% of the fair market value in the case of incentive stock options granted to participants who own more than 10% of the Company's shares on the grant date). An option granted under the plan generally expires on the 10th anniversary of the date the option was granted.

The exercise price for each share purchased under the plan will not be less than 90% of the fair market value of the common stock on the last business day of the calendar quarter of each offering (Offering Termination Date). An option granted to a participant will be deemed to have been exercised automatically on the Offering Termination Date applicable to such option. The Company and the Bank are parties to an Employment Agreement with George H. Mantakos dated May 1, 1995, pursuant to which Mr. Mantakos is employed as the President of the Bank. The agreement provides for an annual salary of \$125,000 which may be adjusted on the anniversary date of the agreement to an amount to be approved by the Board of Directors. Mr. Mantakos will, at the discretion of the Chairman, have the opportunity to receive a bonus in a maximum amount of \$20,000 per year. The Compensation Committee is empowered to grant a larger bonus to Mr. Mantakos. Mr. Mantakos receives the use of an automobile provided by the Bank. The term of the Employment Agreement is one year, expiring May 1, 2006 and, if not terminated within 90 days of its termination date, is automatically renewed for one additional year, provided, however, that the Board of Directors of the Bank may terminate the agreement at any time. In the event of involuntary termination for reasons other than gross negligence, fraud or dishonesty (or in the event of the material diminution of or interference with Mr. Mantakos' duties, or a change of control of the Bank), the Bank is obligated to pay Mr. Mantakos his salary through the remaining term plus additional severance equal to the then current annual salary, but not less than \$110,000. In such event, Mr. Mantakos is permitted to exercise all options, and warrants held by him, and the Company is obligated to purchase all of the Common Stock owned by Mr. Mantakos at the time of the involuntary termination and all of the Common Stock owned by him after he exercises all of his options and warrants.

CHANGE IN CONTROL AGREEMENTS

The Company has entered into Change in Control Agreements with Messrs. Hale, Mantakos, Cicero, and Keidel.

The agreements provide severance payments to these executives should a change in control result in a loss of employment, or a significant change in his or her employment. Under the agreement Messrs. Hale, Mantakos, and Cicero would be entitled to severance payments equal to 2.99 times annual compensation, while Mr. Keidel would receive 1.99 times his annual compensation.

RETIREMENT SAVINGS

The Company maintains a defined contribution plan, which was established in 1997. The plan covers the Company's employees meeting certain age and service eligibility requirements. The plan provides for cash deferrals qualifying under Section 401(k). The Company makes matching contributions to the plan, consisting of a 50% matching for the first two percent contributed by the employee and 25% matching for the next four percent contributed by the employee. The Company's contributions to the plan for Messrs. Hale, Cicero, Mantakos and Keidel are set forth in Note (2) to the Summary Compensation Table.

OTHER BENEFITS

The Company provides life insurance benefits to Messrs. Hale, Mantakos, Cicero and Keidel in an amount equal to two times base annual salary during their employment up to a maximum of \$300,000. The Company has agreed to provide post-employment life insurance benefits for these executives of \$100,000, subject to a predetermined vesting schedule.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The functions of the Compensation Committee include, administering management incentive compensation plans, establishing the compensation of officers and reviewing the compensation of directors. The Board of Directors has adopted a written charter for this committee setting out the functions that this committee is to perform. A copy of the charter is available on the Company's website.

The Compensation Committee of the Board consists of Mr. Bondroff, Mr. Sibel and Ms. Brown, who are non-employee directors and have no interlocking relationship or insider participation as defined by the Securities and Exchange Commission. None of the Company's executive officers serves on the Board of Directors or Compensation Committee of a company that has an executive officer that serves on the Company's Board or Compensation Committee. No member of the Company's Board is an executive officer of a company in which one of the company's executive officers serves as a member of the Board of Directors or Compensation Committee of that company.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The objectives of the Company's management compensation policy are to attract and retain the best available executive officers; to motivate them to achieve the goals set forth in the Company's business plan; to link executive and stockholder interest through equity-based compensation; and to provide a compensation package that recognizes the executive's contribution, as well as the Company's performance, measured by both short-term and long-term achievements.

The management compensation policy and the general compensation policies of the Company are established by the Compensation Committee of the Board (the Compensation Committee). The Compensation Committee formulates the compensation policy and specific compensation levels for executive officers and administers the Company's equity based compensation plans. Each member of the Compensation Committee is a non-employee director. From time to time, the Compensation Committee retains independent compensation consultants to work on its compensation matters. The Board of Directors approves the recommendations of the Compensation Committee.

COMPENSATION OF CHIEF EXECUTIVE OFFICER

The Compensation Committee meets regularly to assess the compensation of the Chief Executive and Other Executive officers of the company. In evaluating executive compensation, the committee regularly engages external professionals to conduct peer studies, as well as assessments of the competitive market for executives, and new developments in the area of executive compensation. The committee believes that the compensation of the Chief Executive Officer, Edwin F. Hale, Sr., should be based largely upon corporate performance relative to the Company's business plan. The committee also considers the key role Mr. Hale plays in the continued development and expansion of the Company, its substantial growth, the significance of the public awareness of the Company and the development of commercial and consumer business of the bank.

Under Mr. Hale's leadership, the Company has continued to reflect solid growth and increasing profits, as evidenced in the Company's growth and performance since its formation in 1995. The Company's profits in 2005 were a record for the fifth consecutive year, increasing 28% over 2004 profits.

The Company's profits have increased over 230% since 2001. The Company continues to grow at significant rates while stressing conservative loan underwriting practices that have resulted in strong asset quality measures. In the 10+ years since the Company's formation, we have grown to be the fourth largest publicly traded bank holding company headquartered in Maryland.

Mr. Hale has been an integral part of the Company's sales and marketing efforts, actively participating in the Company's marketing strategies and serving as spokesman in the Company's radio and television advertising. Through Mr. Hale's efforts, the Company enjoys name recognition of approximately 90% in the Baltimore Metropolitan area based upon an independent market study. Through his leadership of the Bank, as well as other public civic and private endeavors, Mr. Hale has become a very visible and respected business leader in the Bank's operating area.

Mr. Hale has also been a critical factor in the Company's success in raising capital to support its continued growth. Mr. Hale's banking experience and credibility in the capital markets has been instrumental in successful capital raising efforts in 1995, 1998, 2001, 2002, 2003, 2004 and most recently, in the fourth quarter of 2005, all of which have supported the Company's continued growth.

Based upon the competitive peer data reviewed, and the various forms of compensation received by executives of other financial services organizations in the region, the committee set Mr. Hale's base salary for 2005 at \$504,000, an increase of 5% compared to 2004. Mr. Hale received bonus payments in 2005 totaling \$392,120, compared to \$244,000 in 2004 in accordance with the Company's annual executive bonus plan, which is based on a formula tied directly to corporate performance and profitability, including exceeding the Company's budgeted earnings targets. Additionally, the committee granted options to purchase 60,000 shares of common stock at an exercise price of \$17.77. Mr. Hale received no option grant in 2004.

COMPENSATION OF OTHER EXECUTIVE OFFICERS

Recommendations regarding the base salary of the Executive Officers, other than the Chief Executive Officer, are made to the Compensation Committee by the Chief Executive Officer and either approved or modified by the Compensation Committee. The recommendation as to the bonus paid to each Executive Officer is based upon a review of the performance of these officers during the prior year by the Chief Executive Officer and includes the factors described in the preceding section on compensation of the Chief Executive Officer. The Compensation Committee concurred with the recommendations made by the Chief Executive Officer.

Mr. Cicero, Mr. Mantakos and Mr. Keidel were granted options to purchase 30,000, 22,500 and 15,000 shares respectively in 2005.

PERFORMANCE GRAPH

The following graph compares the performance of the Company's Common Stock, with the performance of a broad market index and a nationally-recognized industry standard assuming in each case both an initial \$100 investment on December 31, 2000 and reinvestment of dividends as of the end of the Company's fiscal years. The Company has selected the Nasdaq Market Index as the relevant broad market index because prices for the Company's Common Stock are quoted on Nasdaq National Market. Additionally, the Company has selected the Nasdaq Bank Index as the relevant industry standard because such index consists of financial institutions which the Company believes generally possess assets, liabilities and operations more similar to the Company than other publicly-available indices. However, given the short history of the Company's operations and its rapid growth, the Company believes no truly appropriate comparative index exists.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company has had in the past, and expects to have in the future, banking transactions in the ordinary course of business with directors and executive officers on substantially the same terms, including interest rates and collateral on loans, as those prevailing at the same time for comparable transactions with other unaffiliated persons and, in the opinion of management, these transactions do not and will not involve more than the normal risk of collectibility or present other unfavorable features. Included in our portfolio are loans outstanding from the Company to Edwin F. Hale, Sr. in the aggregate amount of \$650,000 at December 31, 2005, which loans do not involve more than the normal risk of collectibility and bear interest and are collateralized on terms prevailing for comparable transactions.

We lease from Hale Properties, LLC, a company owned by Edwin F. Hale, Sr., CEO of the Company, 34,500 square feet of general office space at 1516 Baylis Street, Baltimore, Maryland, which houses a significant portion of the Company's servicing and operations units. We paid \$389,000 rent expense on this location in 2005. We also lease 18,400 square feet of storage space and disaster recover facilities at two other location owned by Mr. Hale. In 2005, we paid \$140,000 in rent for these facilities. For the first three months of 2005, we also leased our headquarters building from Hale Properties, LLC. Rent expense on this location amounted to approximately \$277,000 for 2005. In March 2005, we purchased the building from Mr. Hale for a purchase price of \$20 million which was paid as follows: (i) the Company assumed the outstanding principal balance of the existing loan on the building of approximately \$10,000,000, and (ii) the Company paid the difference between the outstanding principal balance on the loan and the purchase price in cash. The purchase price was based on independent appraisals performed on behalf of the Company, and the purchase was approved by the Company's Audit Committee and the independent members of the Board of Directors.

In May of 2005, we signed a lease for approximately 56,500 square feet of office space in a new building currently under construction by Mr. Hale. On November 15, 2005, we signed an amendment to the lease that increased the square footage we will occupy to 74,061. This building is adjacent to the current headquarters building at 3301 Boston Street and is anticipated to be completed in the second quarter of 2006. At that time the operations facility at 1516 Baylis Street will be vacated. The additional space will be utilized for growth and the annual rent will be approximately \$1.851 million.

We have a letter of credit with the Baltimore Blast, a professional soccer team owned by Edwin F. Hale, Sr., in the amount of \$400,000 that is secured by cash.

We have obtained the naming rights to the major indoor sports/entertainment facility in Baltimore from Mr. Hale who obtained them from the City of Baltimore. We pay Mr. Hale \$75,000 per year for the naming rights, which is the same as Mr. Hale pays the City of Baltimore. We have a letter of credit with the City of Baltimore in the amount of \$375,000 securing performance under the contract.

We have a letter of credit with Canton Crossing, LLC, a limited liability company wholly owned by Mr. Hale for \$363,000 that is secured by cash.

The Audit Committee and the independent members of the Board of Directors has reviewed and approved the above transactions and believes them to be fair and reasonable, on terms at least as favorable as those that could be obtained from a third party, and in the best interest of the Company.

The Company also sponsors the activities of the Baltimore Blast. The Company paid approximately \$150,000 for a sponsorship package which includes printed material and Company banners displayed at Baltimore Blast games, prize giveaways, free tickets, and employee recognition nights. The Audit Committee approved this sponsorship and reported such approval to the Board of Directors.

CODE OF CONDUCT AND ETHICS

The Company has an Employee Code of Conduct and Ethics Policy approved by the Board of Directors that applies to all employees, directors, and officers of the Company, including our principal executive officer, principal financial officer and principal accounting officer. We require all directors, officers and employees to adhere to the Code of Conduct and Ethics Policy in addressing the legal and ethical issues encountered in conducting their work. All employees are required to certify that they have reviewed the Code of Conduct and Ethics Policy and understood it. Additionally, the Company has adopted an Executive Code of Conduct and Ethics that addresses (i) blackout period prohibitions on trading in the Company's securities; (ii) prohibitions against insider trading; (iii) corporate opportunities; and (iv) the policy regarding loans to insiders.

**Proposal Two:
STOCKHOLDER PROPOSAL RELATING TO SEPARATION OF POSITIONS OF CHAIRMAN OF
THE BOARD AND CHIEF EXECUTIVE OFFICER**

Mr. John F. Maas, 14610 Ballantyne Lake Road #832, Charlotte, North Carolina 28277, the beneficial owner of 3796.413 shares of common stock, has advised the Company that he plans to introduce the following resolution at the Annual Meeting:

RESOLVED:

The shareholders of First Mariner Bancorp (FMB) urge the Board of Directors to adopt a policy that the Chairman of the Board and Chief Executive Officer be two different individuals and the Chairman be an independent director, elected by the directors.

SUPPORTING STATEMENT

In May 2005 this proposal received 20.7% of the votes cast.

In my opinion, the purpose of the Board of Directors is to protect shareholders' interests by providing independent oversight of managements, including the CEO. I believe that a separation of the roles of Chairman and CEO will promote greater management accountability to shareholders. An independent Chairman will strengthen the Board's integrity and improve oversight of management.

The NACD Blue Ribbon Commission on Director Professionalism recommended an independent director should be charge with organizing the board's evaluation of the CEO and providing continuous ongoing feedback; chairing the executive sessions of the board; setting the agenda with the CEO, and leading the board in anticipating and responding to crises. (*Report of the NACD Blue Ribbon Commission on Director Professionalism*. Washington, D.C.: National Association of Corporate Directors, 1996, reissued 2001).

Chancellor William B. Chandler III of Delaware Chancery Court in his August 2005 decision involving Disney pointed out a problem that can arise when the two positions are not separate. The judge stated, *Eisner stacked his (and I intentionally write his as opposed to the company's) board of directors with friends and other acquaintances who, though not necessarily beholden to him in a legal sense, were certainly more willing to accede to his wishes and support him.*

Institutional investors have found that a strong objective board leader can best provide the necessary oversight of Management. CalPERS Corporate Governance Core Principles and Guidelines states that the independence of a majority of the Board is not enough and that the leadership of the board must embrace independence, and it must ultimately change the way in which directors interact with management. (CalPERS Corporate Governance Core Principles & Guidelines: The United States April 13, 1998, III.A).

The Baltimore Business Journal reported on 4/9/2004

When companies do business with firms owned by an officer or board member, it is known as a related party transaction. The practice isn't uncommon, but it is receiving increased scrutiny from shareholder advocates who feel it may serve the management's interests, not those of shareholders.

Institutional Shareholder Services said in a report last year that Hale's involvement in related party transactions negatively affected First Mariner's corporate governance ranking

Last year, First Mariner, founded in 1995, ranked in the lowest third of about 22,000 public companies ISS surveyed on their corporate governance practices.

Andrew Grove, chairman of Intel Corporation, stated "The separation of the two jobs goes to the heart of the conception of a corporation. Is a company a sandbox for the CEO, or is the CEO an employee? If he is an employee, he needs a boss, and that boss is the board. The chairman runs the board. How can the CEO be his own boss?" (*BusinessWeek*, November 11, 2002).

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THIS PROPOSAL FOR THE FOLLOWING REASONS

The Board strongly endorses the view that one of its primary functions is to protect stockholders' interests by providing independent oversight of management, including the CEO. However, the Board does not believe that mandating a particular structure, such as a separate chairman and CEO, is necessary to achieve effective oversight.

The same proposal has been submitted by Mr. Maas for each of the last four years. The stockholders of the Company defeated a similar proposal submitted by Mr. Maas at the 2005 annual meeting, rejecting it by more than a majority (79.3%) of shares voted by stockholders. The Board of Directors continues to believe that the proposal is not in the best interests of the Company or its stockholders. The Board believes that our Company is best served by having Mr. Hale, who is also a large stockholder, serve as both Chairman and Chief Executive Officer. In this manner, the Chairman, whose interests in the opinion of the Board are aligned with the interest of the public stockholders, acts as a bridge between the Board and the operating organization and provides critical leadership for strategic initiatives.

Under Mr. Hale's leadership the Company has continued to reflect solid growth and increasing profits, as evidenced in the Company's growth and performance since its formation in 1995. The Company's profits in 2005 were a record for the fifth consecutive year, increasing 28% over 2004 profits. The Company continues to grow at significant rates while stressing conservative loan underwriting practices, which have resulted in strong asset quality measures. In the 10+ years since the Company's formation, we have grown to be the fourth largest bank holding company headquartered in Maryland.

Mr. Hale has been an integral part of the Company's sales and marketing efforts, actively participating in the Company's marketing strategies and serving as spokesman in the Company's radio and television advertising. Through Mr. Hale's efforts, the Company has enjoyed name recognition of 89%-94% in the Baltimore Metropolitan area based upon independent market studies conducted by Marshall Marketing in the last few years on behalf of WBAL. Through his leadership of the Bank, as well as other public civic and private endeavors, Mr. Hale has become a very visible and respected business leader in the Bank's operating area.

Mr. Hale has also been a critical factor in the Company's success in raising capital to support its continued growth. Mr. Hale's banking experience and credibility in the capital markets has been instrumental in successful capital raising efforts in 1995, 1998, 2001, 2002, 2003, 2004 and most recently, in the fourth quarter of 2005, all of which have supported the Company's continued growth.

The Board of Directors believes that independent oversight of management is effectively conducted and maintained through the Board. In fact, 12 of the 15 current directors, and each of the two new nominees up for election at the Annual Meeting, are independent directors and the Chairman has no greater nor lesser vote on matters considered by the Board than any other director.

Moreover, in addition to the full Board, all various committees of the Board are comprised by a majority of independent directors. The Compensation Committee of the Board consists of three directors, all independent; as detailed in its report appearing elsewhere in this proxy statement, the Compensation Committee reviews and evaluates the performance of all executive officers of the Company including the Chief Executive Officer and reports to the Board. The Audit Committee, which is comprised solely of independent directors, oversees the Company's financial practices, regulatory compliance, accounting procedures and financial reporting functions. In addition, the Audit Committee, is specially entrusted by

law to pass on related party transactions and possible conflicts of interest, if any. Furthermore, as a regulated entity, any related party transactions are closely scrutinized by federal and state government agencies that regularly examine the Company. In the opinion of the Board of Directors, an independent chairman does not add any value to this already effective process.

Finally, all directors of the Company, including the Chairman, are bound by fiduciary obligations, imposed by law, to serve the best interests of the stockholders. Separating the offices of Chairman and Chief Executive Officer would not serve to enhance or diminish the fiduciary duties of any director of the Company.

The Board believes that the interests of the Company and its stockholders are best served at this time by the experienced leadership and decisive direction provided by a full-time Chairman and Chief Executive Officer, subject to oversight by the Company's independent directors. The Board and the Company is strengthened by the presence of Mr. Hale, who provides strategic, operational, and technical expertise, broad vision and a proven ability to lead the Company to the successes it has experienced. The Board believes that success is promoted by active and independent directors and loyal and hard-working executives who act consistently with a strong set of corporate governance ethics, rather than a particular Board structure. The Board believes that it needs to retain the ability to balance board structure with the flexibility to determine board leadership.

The Board believes therefore, that this proposal is not in the best interest of the Company or its stockholders and unanimously recommends a vote **AGAINST** approval of the proposal to separate the office of Chairman and Chief Executive Office, and the accompanying proxy will be so voted, unless a contrary specification is made.

In recognition of this responsibility, the following provision is included in the Audit Committee's charter: In carrying out [its] responsibilities, the Committee will . . . pre-approve all audit and permitted non-audit services in accordance with Section 202 of the [Sarbanes-Oxley] Act [of 2002] and the SEC rules promulgated thereunder. All of the services described above were pre-approved by the Audit Committee pursuant to this SEC rule. No fees were paid to the independent registered public accounting firm pursuant to the *de minimis* exception to the foregoing pre-approval policy.
