PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS OF
eRESOURCE CAPITAL GROUP, INC.

May 17, 2002

INFORMATION CONCERNING SOLICITATION AND VOTING

General

This Proxy Statement (the "Proxy Statement") and the accompanying form of proxy are being furnished to the stockholders of eResource Capital Group, Inc. (the "Company") in connection with the solicitation of proxies by the Board of the Company (the "Board") from holders of its outstanding common stock (the "Common Stock"), for use at the Annual Meeting of Stockholders of the Company (together with any adjournments or postponements thereof, the "Meeting") to be held at the Homewood Suites hotel, located at 755 Currency Circle, Lake Mary, Florida 32746, on May 17, 2002 at 11:00 a.m., local time. The Homewood Suites hotel is approximately 10 miles from the Orlando Sanford International airport. This Proxy Statement, the accompanying form of proxy and the Annual Report to Stockholders are expected to be mailed to stockholders of the Company on or about May 1, 2002.

Solicitation

The expense of this solicitation will be borne by the Company. Solicitation will be primarily by use of the mails. Executive officers and other employees of the Company may solicit proxies, without additional compensation, personally and by telephone and other means of communication. The Company will also reimburse brokers and other persons holding Common Stock in their names or in the names of their nominees for their reasonable expenses in forwarding proxies and proxy materials to beneficial owners.

Voting Rights and Outstanding Shares

Stockholders of record as of the close of business on March 18, 2002 (the "Record Date") will be entitled to vote at the Meeting (except as noted below). Each share of outstanding Common Stock is entitled to one vote. As of the Record Date, there were 85,291,215 shares of Common Stock outstanding of which 77,941,469 shares will be entitled to vote at the Meeting for the election of directors. All of the outstanding shares as of the Record Date will be entitled to vote at the Meeting with respect to the proposal to authorize the Company's Board of Directors, in its sole discretion, to amend the Company's Restated Certificate of Incorporation to effect a reverse stock split of no more than 1-for-10 and no less than 1-for-5 of the issued and outstanding shares of the Company's Common Stock without further approval or authorization of the Company's stockholders (the "Stock Split"), and to ratify the Board of

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form DEF 14A

Directors' selection of Crisp Hughes Evans LLP ("CHE") as the Company's independent auditors for the audit of the Company's financial statements for the fiscal year ended June 30, 2002 ("Auditor Appointment").

The presence at the Meeting, in person or by proxy, of a majority of the outstanding shares of Common Stock as of the Record Date will constitute a quorum for transacting business at the Meeting. Abstentions and broker non-votes are counted towards a quorum. Provided a quorum is present at the Meeting, directors will be elected by a plurality of the votes of the shares present in person or represented by proxy at the Meeting and entitled to vote for the election of directors. The Stock Split and the Auditor Appointment will each be ratified by an affirmative vote of a majority of shares entitled to vote thereon that were outstanding as of the Record Date.

The inspector of elections appointed for the Meeting will tabulate all votes. The inspector of elections will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions will be counted for purposes of determining either the presence or absence of a quorum for the transaction of business and the total number of votes cast with respect to a particular matter. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business but will not be counted for or against the particular proposal on which the broker has expressly not voted. Broker non-votes with respect to proposals set forth in this Proxy Statement will not be considered votes cast and, accordingly, will not affect the determination as to whether a majority of votes cast has been obtained with respect to such matters.

Revocability of Proxies

The shares of Common Stock represented by proxy will be voted as instructed if received in time for the Meeting. If no instructions are indicated, such shares will be voted in favor of (FOR) (i) each nominee for

5

election as a director specified herein; (ii) the approval of the Stock Split; and (iii) ratification of the selection of CHE as the Company's independent auditors for the fiscal year ended June 30, 2002. Shares of Common Stock represented by proxy will be voted (iv) in the discretion of the proxy holder as to any other matter that may properly come before the Meeting. Any person signing and mailing the proxy may, nevertheless, revoke it at any time before it is exercised by written notice to the Company (Attention: John Van Heel, 5935 Carnegie Boulevard, Suite 101, Charlotte, NC 28209), or by attending in person and voting at the Meeting. Attendance at the Meeting, however, will not itself constitute the revocation of a proxy.

PROPOSAL 1 -- ELECTION OF DIRECTORS

Six directors, constituting the entire Board, are to be elected at the Meeting and, if elected, will serve until the next Annual Meeting of Stockholders and until their successors have been elected and qualified. The Company's Bylaws, as amended, provide that the Board shall consist of a minimum of three and a maximum of nine members and, as established by resolution of the Board on June 11, 2001, shall be five or six members.

In July and November 1999, the Company approved non-qualified stock options to purchase an aggregate of 3,800,000 shares of Common Stock at an exercise prices ranging from \$0.4177 to \$4.00 per share, in connection with the services of certain current and former outside members of the Board of Directors. These stock options are subject to stockholder approval, which has not been obtained. As a result, these stock options are not currently exercisable but could be approved by the stockholders at a later date. The Board of Directors has no current plans to submit these stock options for approval by the Company's stockholders.

Certain Relationships and Related Transactions

In connection with consulting services related to the Company's Internet-based, private aviation travel service business provided by Mr. Bert Lance, the father of the Company's former President and Chief Executive Officer, the Company in fiscal 2000 and 1999 granted warrants to purchase 1,600,000 and 400,000 shares, respectively, of its Common Stock to the Bert Lance Grantor Trust. In addition, the Company paid consulting fees of \$183,000 to Mr. Bert Lance in fiscal 2000. In August 2000, the Bert Lance Grantor Trust assigned 250,000 of such warrants to an unrelated third party, with the Company's consent, and such warrants were exercised for cash proceeds of \$125,000 to the Company.

In January 2000, the Company entered into a common stock purchase agreement (the "Four Corners Purchase Agreement") with Four Corners Capital, LLC ("Four Corners"), which provides for an equity financing package consisting of the sale of restricted Common Stock and warrants. Under the terms of the Four Corners Purchase Agreement, Four Corners purchased from the Company, for an aggregate purchase price of \$1,000,000, 165,070 shares of restricted Common Stock, and warrants to purchase up to 2,723,668 shares of Common Stock. In connection with the Four Corners Purchase Agreement, the Company entered into a Registration Rights Agreement with respect to the Common Stock purchased by Four Corners and the Common Stock underlying all options or warrants held by Four Corners. The terms of the Purchase Agreement were the result of arms' length negotiations between the parties. Mr. Goldberg, a former director of the Company, owns a 25% interest in Four Corners.

In connection with the equity financing provided by the Four Corners Purchase Agreement and the Company's \$5,000,000 private placement of Common Stock in January 2000, the Company agreed to pay Four Corners a fee for services provided to the Company equal to 6% of the proceeds actually received by the Company and to reimburse Four Corners for expenses relating to the financing. In fiscal 2000, the Company paid fees to Four Corners in the amount of \$360,000 and has reimbursed Four Corners for approximately \$58,000 in expenses.

On January 23, 2001, the Company entered into a General Release and Settlement Agreement with Four Corners and D.C. Investment Partners Exchange Fund, L.P. pursuant to which all claims relating to the Four Corners Purchase Agreement and the fees owed to Four Corners by the Company, if any, were settled and released.

In a series of transactions consummated during the 1999 fiscal year, Mr. Conner, a former President and Chief Executive Officer of the Company, and another former officer of the Company purchased real property assets used in connection with certain discontinued operations of the Company with an aggregate

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form DEF 14A

book value of \$16 million and assumed all related mortgage indebtedness. The Company received cash, notes receivable or Common Stock in these transactions. As of June 30, 1999, the Company held notes receivable for \$465,000 with respect to these transactions, and received payment in full subsequent thereto. In fiscal 2000, the Company sold additional assets of discontinued operations with a carrying value of \$400,000 for cash and other assets of discontinued operations for \$1 million in notes receivable plus assumption of approximately \$2.2 million in mortgage indebtedness. At June 30, 2000, the aggregate note balance was \$900,000 which amount was fully reserved as uncollectible by the Company due to Mr. Conner's inability to obtain financing to complete the planned development of the property. These transactions were entered into with entities in which the former chief executive officer and a former officer are investors. All such transactions were the result of arms' length negotiations.

In December 1999, the Company issued 400,000 shares of restricted Common Stock from treasury to certain parties including Langdon Flowers, Jr. (a former director of the Company), Mr. Flower's father and a former officer of the Company. The shares were issued pursuant to an agreement that resolved outstanding issues related to certain transactions involving the Company's discontinued real estate operations, which reduced the related asset valuations, by \$193,000. The transaction was the result of arms-length negotiations. In connection therewith, the Company entered into a Registration Rights Agreement with the holders of such shares.

In fiscal 2000, the Company advanced \$275,100 in anticipation of an equity investment in a newly formed entity that would acquire private jets for use in connection with flights arranged through the Company's Private SeatsTM program. The entity was formed and managed by Four Corners. Due to the Company's inability to raise adequate capital to complete the planned acquisition of aircraft, these advances were written off as of June 30, 2000.

Mr. Pruitt and a company owned by Mr. Pruitt have loaned money to the Company. At June 30, 2001, \$120,000 and \$216,000 were due to Mr. Pruitt and a company owned by Mr. Pruitt, respectively. Of the \$120,000 due to Mr. Pruitt, \$100,000 is a demand note payable to Mr. Pruitt bearing interest at 12%. The other \$20,000 from Mr. Pruitt is an advance bearing imputed interest of 8% and payable upon demand. The \$216,000 represents notes payable that bear imputed interest of 8% and are due on demand.

In September 2000, the Company acquired all of the issued and outstanding shares of capital stock of DM Marketing, Inc. ("DMM") for 8,450,000 shares of the Company's Common Stock. Mr. Pruitt was a 50% stockholder of DMM at the time of the acquisition. Mr. Pruitt was not a director, officer or stockholder of the Company at the time the acquisition was negotiated and the consideration paid was determined as a result of arms-length negotiations.

In February 2001, the Company acquired all of the issued and outstanding capital stock of Avenel Ventures, Inc. ("Avenel") for 6,700,000 shares of the Company's Common Stock. Mr. Pruitt was an officer, director and 4.9% stockholder of Avenel. Melinda Morris Zanoni was a director, officer and 29.9% stockholder of Avenel. In connection with the acquisition, Mr. Pruitt and Ms. Zanoni entered into employment agreements to serve as executive officers of the Company. Ms. Zanoni was not an officer, director or stockholder of the Company at the time the Avenel acquisition was approved by the Company's Board of Directors. The consideration paid was the result of arms-length negotiations between the Company and the Avenel stockholders and was recommended by a special committee of the Company's Board of Directors.

In April 2001, the Company acquired 100% of the issued and outstanding capital stock of LST, the Company's home technology business, for 8,074,575 shares of the Company's Common Stock excluding 2,000,000 shares issuable based on certain performance goals. Mr. Pruitt was a 3.2% stockholder of LST at the

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form DEF 14A

time of the acquisition and sold his shares for the same per share consideration received by the other LST stockholders.

13

In December 2001, Mr. Pruitt provided collateral securing a bank line of credit of \$100,000 for the Company's home technology business.

Mr. Pruitt, President/CEO and Chairman of the Board of Directors of the Company, is a minority investor in a company that is a franchisee of the Company's home technology business in three markets in Maryland and in a separate company that is a franchisee in three markets in South Carolina.

Mr. Johnson, a director of the Company, is a minority stockholder in a company that is a franchisee of the Company's home technology business in the Dallas, Texas market.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities and Exchange Act of 1934, as amended, requires the Company's directors, executive officers, and persons who own beneficially more than 10% of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of such securities of the Company. Directors, executive officers and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) reports they file.

To the Company's knowledge, based solely on review of the copies of such reports furnished to the Company and representations that no other reports were required, all Section 16(a) filing requirements applicable to its directors, executive officers and greater than 10% beneficial owners were complied with during the fiscal year ended June 30, 2001.

PROPOSAL 2

AUTHORIZATION FOR THE BOARD OF DIRECTORS, IN ITS SOLE DISCRETION, TO AMEND THE COMPANY'S RESTATED CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF NO MORE THAN 1-FOR-10 AND NO LESS THAN 1-FOR-5 OF THE ISSUED AND OUTSTANDING SHARES OF THE COMPANY'S COMMON STOCK WITHOUT FURTHER APPROVAL OR AUTHORIZATION OF THE COMPANY'S STOCKHOLDERS

On April 10, 2002, the Company's Board of Directors adopted resolutions, (i) declaring the advisability of a reverse stock split, subject to stockholder approval, of no more than 1-for-10 and no less than 1-for-5, (ii) amending the Company's Restated Certificate of Incorporation, to effect a reverse stock split, subject to stockholder approval, and (iii) authorizing any other action it deems necessary to effect a reverse stock split, without further approval or authorization of the Company's stockholders, at any time prior to May 17, 2003.

If the Stockholders approve the Stock Split, a reverse stock split could become effective on any date selected by the Board of Directors prior to May 17, 2003. The Board of Directors may only effect one reverse stock split within the range provided for in this proposal. The Board of Directors reserves the right to forego or postpone effecting a reverse stock split if such action is determined not to be in the best interests of the Company and its stockholders. If no approved reverse stock split is implemented by the Board of

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form DEF 14A

Directors and effected by the May 17, 2003, this proposal will be deemed abandoned, without any further effect. In such case, the Board of Directors may again seek stockholder approval at a future date for a reverse stock split if it deems a reverse stock split to be advisable at that time.

In the event the Company's Board of Directors implements an approved reverse stock split prior to the May 17, 2003, it intends to effect the split with a ratio that will most closely approximate a fair market value of \$1.00 per share of the Company's Common Stock, based on the closing bid price for the Company's Common Stock on the American Stock Exchange. Contingent on implementation by the Board of Directors, upon filing of an amendment to the Company's Restated Certificate of Incorporation with the Delaware Secretary of State, a reverse stock split will be effective.

Reasons for the Reverse Stock Split

The reason for the reverse stock split is to increase the per share market price of the Company's Common Stock. The Board of Directors believes that the current low per share market price of the Company's Common Stock has had a negative effect on the marketability of its Common Stock, the amount and percentage of transaction costs paid by individual stockholders and the potential ability of the Company to raise capital by issuing additional shares of its Common Stock. The Board believes there are several reasons for these effects, including:

14

(i) many institutional investors have internal policies preventing the purchase of low-priced stocks;

(ii) certain policies and practices of broker/dealers discourage individual brokers within those firms from dealing in low-priced stocks; and

(iii) because the brokers' commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher priced stocks, the current share price of the Company's Common Stock can result in individual stockholders paying transaction costs (commissions, markups or markdowns) which are a higher percentage of their total share value than would be the case if the Company's share price was substantially higher.

The Board of Directors anticipates that a reverse stock split in the range of 1-for-5 to 1-for-10 will result in a trading price for the Company's Common Stock of at least \$1.00 per share. The Board also believes that the decrease in the number of shares of the Company's Common Stock outstanding as a consequence of a reverse stock split, and the anticipated increase in the price of the Company's Common Stock, could encourage interest in the Company's Common Stock and possibly promote greater liquidity for the Company's stockholders, although such liquidity could be adversely affected by the reduced number of shares outstanding after a reverse stock split. In addition, although any increase in the market price of the Company's Common Stock resulting from a reverse stock split may be proportionately less than the decrease in the number of outstanding shares, a reverse stock split could result in a market price for the Company's Common Stock that will be high enough to overcome the reluctance, policies and practices of brokers and investors referred to above and to diminish the adverse impact of trading commissions on the market for the shares.

There can be no assurances, however, that the foregoing events will occur, or that the market price of the Company's Common Stock immediately after a reverse stock split will be maintained for any period of time. Moreover, there can be no assurance that the market price of the Company's Common Stock after a reverse stock split will adjust to reflect the exchange ratio or that the market price following a reverse stock split will either exceed or remain in excess of

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form DEF 14A

the current market price.

Principal Effects of a Reverse Stock Split

If, for example, the Board of Directors elects to effect a reverse stock split of 1-for-7 prior to May 17, 2003, then each share of the Company's Common Stock outstanding as of the record date chosen by the Board will, immediately and automatically, be changed as of the effective date of the reverse stock split, into one seventh (1/7) of a share of the Company's Common Stock. In addition, the number of shares of the Company's Common Stock subject to outstanding options, warrants and other convertible securities issued by the Company will be reduced by a factor of seven, and the exercise or conversion price thereof will be proportionately increased by a factor of seven. No fractional shares of the Company's Common Stock will be issued in connection with a reverse stock split. Holders of the Company's Common Stock who would otherwise receive a fractional share of the Company's Common Stock pursuant to a reverse stock split will receive cash in lieu of the fractional share as explained more fully below. The par value of the Company's Common Stock would remain unchanged at \$.04 per share, and the number of authorized shares of the Company's Common Stock would remain unchanged.

If the Board of Directors elects to effect a reverse stock split prior to May 17, 2003, the Board of Directors will fix a record date for determination of shares subject to the split. As of the date of this Proxy Statement, the Board of Directors had not fixed a record date for a reverse stock split. As of March 18, 2002, there were 85,281,215 shares of the Company's Common Stock issued and outstanding. If additional shares of the Company's Common Stock are issued or redeemed, the actual number of shares issued and outstanding before and after a reverse stock split will increase or decrease accordingly.

Because the reverse stock split will apply to all issued and outstanding shares of the Company's Common Stock and outstanding rights to purchase the Company's Common Stock or to convert other securities into the Company's Common Stock, a reverse stock split will not alter the relative rights and preferences of existing stockholders. Because the number of authorized shares of the Company's Common Stock would remain unchanged, the amendment will, however, effectively increase the number of shares of the Company's Common Stock available for future issuances by the Board of Directors.

15

If the Board of Directors elects to effect a reverse stock split prior to May 17, 2003, some stockholders may consequently own less than one hundred shares of the Company's Common Stock. A purchase or sale of less than one hundred shares (an "odd lot" transaction) may result in incrementally higher trading costs through certain brokers, particularly "full service" brokers. Therefore, those stockholders who own less than one hundred shares following a reverse stock split may be required to pay moderately higher transaction costs should they then determine to sell their shares of the Company's Common Stock.

Stockholders have no right under Delaware law or the Company's Resated Certificate of Incorporation or By-Laws to dissent from the reverse stock split or to dissent from the payment of cash in lieu of issuing fractional shares.

Cash Payment in Lieu of Fractional Shares

If the Board of Directors elects to effect a reverse stock split, no fractional shares will be issued as a result. In lieu of any fractional shares to which a holder of the Company's Common Stock would otherwise be entitled as a result of the reverse stock split, the Company shall pay cash equal to such fractional share multiplied by the average of the high and low trading prices of

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form DEF 14A

the Common Stock (as adjusted to reflect the reverse stock split) during regular trading hours for the five (5) trading days immediately preceding the effective time of the reverse stock split, which amount is hereby determined to equal the fair market value of the Common Stock at the effective time of the reverse stock split.

Federal Income Tax Consequences

The following description of the material federal income tax consequences of the reverse stock split is based on the Internal Revenue Code of 1986, as amended (the "Code"), applicable Treasury Regulations promulgated thereunder, judicial authority and current administrative rulings and practices as in effect on the date of this Proxy Statement. Changes to the laws could alter the tax consequences described below, possibly with retroactive effect. The Company has not sought and will not seek an opinion of counsel or a ruling from the Internal Revenue Service regarding the federal income tax consequences of the reverse stock split. This discussion is for general information only and does not discuss the tax consequences, which may apply to special classes of taxpayers (e.g., non-resident aliens, broker/dealers or insurance companies). The state and local tax consequences of the reverse stock split may vary significantly as to each stockholder, depending upon the jurisdiction in which such stockholder resides. Stockholders are urged to consult their own tax advisors to determine the particular consequences to them.

In general, the federal income tax consequences of the reverse stock split will vary among stockholders depending upon whether they receive cash for fractional shares or solely a reduced number of shares of the Company's Common Stock in exchange for their old shares of the Company's Common Stock. The Company believes that because the reverse stock split is not part of a plan to increase periodically a stockholder's proportionate interest in the Company's assets or earnings and profits, the reverse stock split will likely have the following federal income tax effects:

- o A stockholder who receives solely a reduced number of shares of the Company's Common Stock will not recognize gain or loss. In the aggregate, such a stockholder's basis in the reduced number of shares of the Company's Common Stock will equal the stockholder's basis in its old shares of the Company's Common Stock.
- o A stockholder who receives cash in lieu of a fractional share as a result of the reverse stock split will generally be treated as having received the payment as a distribution in redemption of the fractional share, as provided in Section 302(a) of the Code, which distribution will be taxed as either a distribution under Section 301 of the Code or an exchange to such stockholder, depending on that stockholder's particular facts and circumstances. Generally, a stockholder receiving such a payment would recognize gain or loss equal to the difference, if any, between the amount of cash received and the stockholder's basis in the fractional share. In the aggregate, such a stockholder's basis in the reduced number of shares of the Company's Common Stock will equal the stockholder's basis in its old shares of the Company's Common Stock decreased by the basis allocated to the fractional share for which such stockholder is entitled to receive cash.

16

- o The Company will not recognize any gain or loss as a result of the reverse stock split

Board Discretion to Implement the Reverse Stock Split

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form DEF 14A

The Board of Directors may, in its sole discretion, at any time prior to May 17, 2003, authorize a reverse stock split of not more than 1-for-10 and not less than 1-for-5 and file the amendment to the Company's Restated Certificate of Incorporation substantially in the form attached to this Proxy Statement as Exhibit B with the Delaware Secretary of State. The determination by the Board of Directors will be based on a number of factors, including market conditions, existing and expected trading prices for the Company's Common Stock and the likely effect of business developments on the market price for the Company's Common Stock. Notwithstanding the approval of the reverse stock split, the Board of Directors may, in its sole discretion, determine not to implement the reverse stock split.

Recommendation

The affirmative vote of holders of at least a majority of the outstanding shares of Common Stock present in person or represented by proxy at the Meeting and entitled to vote on the proposal is required for the authorization of the Stock Split. Unless indicated to the contrary, the enclosed proxy will be voted FOR the Stock Split. Votes "withheld" or abstaining from voting or broker non-votes will have no effect on the authorization of the Stock Split.

The Board recommends that stockholders vote

PROPOSAL 3

TO RATIFY THE BOARD OF DIRECTORS' SELECTION OF CRISP HUGHES
EVANS AS INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDED JUNE 30, 2002

The Audit Committee of the Board has selected CHE as the independent auditors of the Company for the fiscal year ending June 30, 2002. Ernst & Young LLP examined the Company's financial statements for the fiscal year ended June 30, 2001. The Company has been advised by CHE that neither it nor any member of CHE has any financial interest, direct or indirect, in the Company or any of its subsidiaries. In addition to examining and reporting upon the Company's financial statements, CHE will also review the Company's filings with the SEC and provide consultations on financial statement implications of matters under consideration by the Company.

CHE replaced Ernst & Young, who served as independent auditors of the Company for the fiscal years ended June 30, 2001 and 2000 and whom the Company dismissed on January 31, 2002. The Company's independent auditor's report on the financial statements for the years preceding the dismissal of Ernst & Young did not contain an adverse opinion or disclaimer opinion, nor was it modified as to uncertainty, audit scope or accounting principles. The decision to change accountants was approved by the Audit Committee. There were no disagreements with Ernst & Young on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure. The Company had no discussions with CHE as to specific accounting matters or type of opinion that might be rendered, other than those related to the normal engagement of certifying accountants. CHE conducted the independent audit of Avenel Ventures, Inc., a subsidiary of the Company, which the Company acquired in February 2001, for the period ended December 31, 2000. Crisp Hughes Evans LLP, is one of the top 5 accounting firms in the Southeast and one of the top 50 in the nation. Bowman's Accounting Report ranks them as one of the top 25 "Best of the Best" accounting firms in the country.

AUDIT COMMITTEE CHARTER

May 16, 2000

ARTICLE I.
PURPOSE

The audit committee assists the board of directors in fulfilling its oversight responsibilities relating to the accounting and reporting practices of the corporation. The audit committee's primary responsibilities are to serve as an independent and objective party to review the corporation's auditing, accounting and financial reporting processes. The audit committee will primarily fulfill these responsibilities by carrying out the activities enumerated in Article V of this charter.

ARTICLE II.
RELATIONSHIP WITH THE OUTSIDE AUDITORS

The corporation's outside auditing firm is ultimately responsible to the board of directors and the audit committee. The board of directors, acting through the audit committee, has the ultimate authority and responsibility to select, evaluate and replace the outside auditors.

Management is responsible for preparing the corporation's financial statements. The corporation's outside auditors are responsible for auditing the financial statements. The activities of the audit committee are in no way designed to supersede or alter these traditional responsibilities.

The corporation's outside auditors and management have more available time and information about the corporation than does the audit committee. Accordingly, the audit committee's role does not provide any special assurances with regard to the corporation's financial statements, nor does it involve a professional evaluation of the quality of the audits performed by the outside auditors.

ARTICLE III.
COMPOSITION

The audit committee shall be comprised of three or more directors as determined by the board. The board of directors shall also designate a chairperson of the audit committee. Each member of the audit committee shall be independent of management of the corporation and shall have no relationship that might, in the opinion of the board of directors, interfere with the exercise of his or her independent judgment. The members of the audit committee shall satisfy at all times the requirements for audit committee membership of any exchange on which the corporation's securities are listed or of any applicable law. The board of directors shall determine, in its business judgment, whether the members of the audit committee satisfy all such requirements.

ARTICLE IV.
MEETINGS

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form DEF 14A

The audit committee shall meet regularly and as circumstances dictate. Regular meetings of the audit committee may be held without notice at such time and at such place as shall from time to time be determined by the chairperson of the audit committee, the president or the secretary of the corporation. Special meetings of the audit committee may be called by or at the request of any member of the audit committee, any of the corporation's executive officers, the secretary, the director of internal auditing or the outside auditors, in each case on at least twenty-four hours notice to each member.

A-1

If the board of directors, management or the outside auditors desires to discuss matters in private, the audit committee shall meet in private with such person or group.

A majority of the audit committee members shall constitute a quorum for the transaction of the audit committee's business. Unless otherwise required by applicable law, the corporation's charter or bylaws, or the board of directors, the audit committee shall act upon the vote or consent of a majority of its members at a duly called meeting at which a quorum is present. Any action of the audit committee may be taken by a written instrument signed by all of the members of the audit committee. Meetings of the audit committee may be held at such place or places as the audit committee shall determine or as may be specified or fixed in the respective notices or waivers of a meetings. Members of the audit committee may participate in audit committee proceedings by means of conference telephone or similar communications equipment by means of which all persons participating in the proceedings can hear each other, and such participation shall constitute presence in person at such proceedings
