VOTING BY PROXY AND REVOCATION OF PROXIES

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of ZIOPHARM Oncology, Inc. (periodically referred to in this proxy statement as the **Company**) to be used at the annual meeting of our stockholders to be held at Grand Hyatt New York, 109 East 42nd Street at Grand Central Terminal, New York, New York, 10017, on Wednesday, June 22, 2011, at 7:30 a.m. Eastern time, or at any adjournment or adjournments thereof, for the purpose of considering and taking appropriate action with respect to the following:

- The approximate date on which this proxy statement and the accompanying proxy were first sent or given to stockholders was May 2, 2011.

VOTING PROCEDURES

Registered stockholders may vote in one of three ways: By completing and returning the enclosed proxy card via regular mail or by voting via the Internet or telephone. Specific instructions for using these methods are set forth on the enclosed proxy card. The Internet and telephone procedures are designed to authenticate the stockholder's identity and to allow stockholders to vote their shares and confirm that their instructions have been properly recorded.

Only holders of record of the Company's common stock at the close of business on April 25, 2011, the Record Date for the annual meeting, are entitled to notice of and to vote at the annual meeting. On the Record Date, there were

66,041,943 shares of the Company's common stock outstanding. Each share of common stock entitles the holder thereof to one vote upon each matter to be presented at the annual meeting. A quorum, consisting of a majority of the outstanding shares of the common stock entitled to vote at the annual meeting, must be present in person or represented by proxy before action may be taken at the annual meeting.

1

Each proxy returned to the Company will be voted in accordance with the instructions indicated thereon. If no direction is given by a stockholder, the shares will be voted as recommended by the Company's Board of Directors. If any nominee for the Board of Directors should withdraw or otherwise become unavailable for reasons not presently known, the proxies that would have otherwise been voted for such nominee will be voted for such substitute nominee as may be selected by the Board of Directors. If a stockholder abstains from voting on any matter, the abstention will be counted for purposes of determining whether a quorum is present at the annual meeting as well as shares entitled to vote on that matter, but will not be considered as votes in favor of such matter. With respect to proposals for actions that require approval by a majority of shares present in person or represented by proxy at the meeting, an abstention will have the same effect as a vote against that matter. A non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner. Broker non-votes on a matter are counted as present for purposes of establishing a quorum for the annual meeting, but are not considered entitled to vote on that particular matter. Consequently, non-votes generally do not have the same effect as a negative vote on the matter.

A stockholder giving a proxy may revoke it at any time before it is exercised by (i) giving written notice of revocation to the Chief Financial Officer of the Company, (ii) delivering a duly executed proxy bearing a later date, or (iii) voting in person at the annual meeting. Presence at the annual meeting of a stockholder who has signed a proxy does not, alone, revoke that proxy; revocation must be announced by the stockholder at the time of the meeting.

The election of each director under Proposal One requires the affirmative vote of the holders of a plurality of the shares of the Company's common stock present in person or represented by proxy at the annual meeting. Adoption of Proposal Two (Ratification of Appointment of Independent Registered Public Accounting Firm) and Proposal Three (Advisory Vote on Executive Compensation) each requires the affirmative vote of the holders of a majority of such shares. Under Proposal Four (Advisory Vote on the Frequency of an Advisory Vote on Executive Compensation), the frequency of the advisory vote on compensation of our named executive officers receiving the greatest number of votes every three years, every two years or every one year will be the frequency that stockholders approve. Because your votes on Proposals Three and Four are advisory, they will not be binding on the Board of Directors or the Company. However, the Board of Directors will review the voting results and take them into consideration when making future decisions regarding executive compensation and the frequency of the advisory vote on executive compensation. **The Board of Directors unanimously recommends that you vote FOR the election of all nominees for the Board of Directors named in this Proxy Statement, FOR the ratification of McGladrey & Pullen, LLP as the independent registered public accounting firm of the Company for fiscal 2011, FOR the advisory vote on compensation of our named executive officers, and FOR a frequency of every year for future advisory stockholder votes on compensation of our named executive officers.**

While the Board of Directors knows of no other matters to be presented at the annual meeting or any adjournment thereof, all proxies returned to the Company will be voted on any such matter in accordance with the judgment of the proxy holders.

NOTICE TO BENEFICIAL OWNERS OF SHARES HELD IN BROKER ACCOUNTS:

New York Stock Exchange Rule 452 prohibits NYSE member organizations from giving a proxy to vote with respect to an election of directors without receiving voting instructions from a beneficial owner. Because NYSE Rule 452 applies to all brokers that are members of the NYSE, this prohibition applies to the annual meeting even though the Company is not listed on the New York Stock Exchange. Therefore, brokers will not be entitled to vote shares at the annual meeting with respect to the election of directors without instructions by the beneficial owner of the shares. **THEREFORE, BENEFICIAL OWNERS OF SHARES HELD IN BROKER ACCOUNTS ARE ADVISED**

THAT, IF THEY DO NOT TIMELY PROVIDE INSTRUCTIONS TO THEIR BROKER, THEIR SHARES WILL NOT BE VOTED IN CONNECTION WITH THE ELECTION OF DIRECTORS.

2

ELECTION OF DIRECTORS

(Proposal One)

Our Board of Directors currently consists of the eight directors identified below, each of whom has been nominated for re-election by our Board. If re-elected, each nominee has consented to serve as a director of the Company, to hold office until the next annual meeting of stockholders, or until his or her successor is elected and shall have qualified. If any director nominee should withdraw or otherwise become unavailable for reasons not presently known, the proxies which would have otherwise been voted for that director nominee may be voted for a substitute director nominee selected by the Company's Board of Directors.

The following paragraphs provide information as of the date of this proxy statement about each nominee. The information presented includes information each director has given us about his or her age, all positions he or she holds within the Company, his principal occupation and business experience for the past five years, and the names of other publicly-held companies of which he or she currently serves as a director or has served as a director during the past five years, as well as each nominee's specific experience, qualifications, attributes and skills that led our Board to the conclusion that he should serve as a director.

Description of Employment Agreements and Related Compensation

Employment Agreement with Jonathan Lewis, M.D., Ph.D.

Dr. Jonathan Lewis has served as the Company's Chief Executive Officer since the Company's September 2005 acquisition of ZIOPHARM, Inc., and previously served as Chief Executive Officer of ZIOPHARM, Inc. since January 2004. Effective January 8, 2008, the Company entered into a new three-year employment agreement with Dr. Lewis upon the expiration of his prior employment agreement. On December 28, 2010, the Company extended the term of the current employment agreement with Dr. Lewis for an additional two-year period expiring January 8, 2013.

Base Salary. Under the agreement, Dr. Lewis received an initial annual base salary of \$420,000, subject to increase at the discretion of the Board of Directors based on an annual review. Based on its year-end reviews for fiscal 2009 and 2010, the Board of Directors increased Dr. Lewis' annual base salary for 2010 and 2011 to \$462,000 and \$485,100, respectively.

Annual Performance Bonus. Dr. Lewis is eligible under the employment agreement to receive an annual bonus based on his performance as determined by the Board of Directors. The agreement contemplates that Dr. Lewis and the Company's compensation committee will agree on certain performance goals for each year. The target amount of the annual performance bonus is a range from \$250,000 to \$360,000. The actual amount received is based on whether each of the goals have been achieved by the Company, with lesser amounts paid if substantial progress has been made to achieve the goal or it has been abandoned by the Company, and greater amounts paid if expectations are exceeded.

Dr. Lewis is also eligible to receive an additional annual discretionary bonus in such amounts determined by the Board of Directors. On December 5, 2008, the employment agreement with Dr. Lewis was amended to provide for a restricted stock grant of 150,000 shares, with restrictions that lapsed in their entirety on December 3, 2009, in lieu of the cash bonus for fiscal year 2008 that Dr. Lewis would otherwise have been eligible to receive. Replacing Dr. Lewis cash bonus potential with a restricted stock grant was in accordance with the Company's efforts to conserve cash. The Company's other senior management employees also received restricted stock grants in accordance with these efforts.

Effective as of December 31, 2009 and 2010, respectively, the Board of Directors adopted the compensation committee's recommendations for 2009 and 2010 end-of-year cash bonuses pursuant to which Dr. Lewis received respective cash bonuses of \$200,000 and \$170,016.

Equity Incentive Grants. In connection with his initial entry into the current employment agreement, the Company granted Dr. Lewis an award of restricted stock in the amount of 100,000 shares. The restricted stock award is governed by an agreement that prohibits Dr. Lewis from transferring the restricted shares and provides that the shares will be forfeited without consideration if Dr. Lewis's employment with the Company is terminated under certain circumstances. See *Severance Provisions* below. The transfer restrictions and forfeiture obligations lapsed in three equal annual installments on January 8, 2009, January 8, 2010 and January 8, 2011. Dr. Lewis is also eligible under his employment agreement to receive additional equity awards as determined by the Board of Directors in its sole discretion from time to time. On May 13, 2009, the Company granted to Dr. Lewis options to purchase 100,000 shares of the Company's common stock at an exercise price of \$0.70, which options vested in four equal installments on each of May 13, 2009, August 13, 2009, November 13, 2009, and February 13, 2010. Effective as of December 31, 2009,

the Board of Directors adopted the compensation committee's recommendations for 2009 end-of-year awards of restricted stock and grants of stock options under the Company's 2003 Stock Option Plan pursuant to which Dr. Lewis was awarded 150,000 shares of the Company's common stock with transfer and forfeiture restrictions that lapse in annual installments over three years commencing on the one-year anniversary of the grant date and options to purchase 150,000 shares of the Company's common stock at an exercise price of \$2.85, which options vest in equal annual installments over three years commencing on the one-year anniversary of the grant date. Effective as of December 31, 2010, the Board of Directors adopted the compensation committee's

recommendations for 2010 end-of-year awards of restricted stock and grants of stock options under the Company's 2003 Stock Option Plan pursuant to which Dr. Lewis was awarded options to purchase 150,000 shares of the Company's common stock at an exercise price of \$4.77, which options vest in equal annual installments over three years commencing on the one-year anniversary of the grant date.

Expense Reimbursement. Under his current agreement, Dr. Lewis is eligible for reimbursement of reasonable out-of-pocket expenses incurred by him in furtherance of the business and affairs of the Company, including reasonable travel and entertainment expenses, as well as for medical licensing fees, professional dues and memberships, journal subscriptions and up to \$10,000 per year in costs associated with certain corporate consultants retained by Dr. Lewis. In addition, the Company has agreed to reimburse Dr. Lewis for premiums on life insurance policies having aggregate coverage limits of up to \$800,000 and premiums on disability insurance policies covering Dr. Lewis in amounts up to \$20,000 per month.

Severance Provisions. Dr. Lewis' employment agreement provides that he will continue to receive his base salary, benefits and a pro-rata portion of his target performance bonus for a period of one year if he is terminated by the Company for a reason other than death, disability or Cause, or if Dr. Lewis resigns for Good Reason, each as defined in the employment agreement. In connection with any such termination, the pro rata portion of Dr. Lewis' performance bonus will be based on the number of days Dr. Lewis has been employed by the Company during the year of termination. In the event Dr. Lewis' employment is terminated without Cause prior to and in connection with a Change in Control, or within 18 months thereafter, he will continue to receive his base salary and benefits for a period of two years following such termination and will also receive the greater of the amount of his performance bonus for the year of termination or the average of the amounts received as a performance bonus under the new employment agreement or guaranteed bonus under the previous employment agreement for the two years preceding the year of termination. If Dr. Lewis' employment is terminated as a result of death or disability, Dr. Lewis (or his estate, as applicable) will receive his base salary for a period of one year following the date of termination. Upon occurrence of any of the above termination events, all stock options and restricted stock grants scheduled to vest by the end of the calendar year in which such termination occurs will be accelerated and deemed to vest as of the termination date.

Non-competition and Non-solicitation. The employment agreement provides that Dr. Lewis will not compete with the Company, or solicit employees, clients or customers of the Company, for twelve months after the termination of his employment with the Company; provided, however, that the Company will be obligated to pay Dr. Lewis his base salary and his performance bonus (based on Dr. Lewis' average performance bonus received for the prior two years) if the Company desires such non-competition and non-solicitation provisions to have effect following expiration of the employment agreement without renewal.

Employment Agreement with Richard E. Bagley

Mr. Richard E. Bagley has served as the Company's President, Chief Operating Officer, Chief Financial Officer, and Treasurer since the Company's September 2005 acquisition of ZIOPHARM, Inc., and previously served as President, Chief Operating Officer, Chief Financial Officer, and Treasurer of ZIOPHARM, Inc. since June 2004. The actual amount received is based on whether each of the goals have been achieved by the Company, with lesser amounts paid if substantial progress has been made to achieve the goal or it has been abandoned by the Company, and greater amounts paid if expectations are exceeded. Mr. Bagley is also eligible to receive an additional annual discretionary bonus in such amount as may be determined by the Board of Directors. On December 5, 2008, the employment agreement with Mr. Bagley was amended to provide for a restricted stock grant of 50,000 shares, with restrictions that lapsed on December 3, 2009, in lieu of the cash bonus for fiscal 2008 that Mr. Bagley would otherwise have been eligible to receive. Director Compensation

Under the Company's director compensation policy, which became effective on March 31, 2010, each non-employee director of the Company receives a \$40,000 annualized cash retainer and additional annualized payments for service on the committee(s) to which they are assigned, as set forth in the table below:

	Chair	Member
Audit Committee	\$ 15,000	\$ 8,000
Compensation Committee	\$ 10,000	\$ 6,000
Corporate Governance and Nominating Committee	\$ 6,000	\$ 4,000

The non-executive Lead Director also receives further annualized cash compensation of \$15,000. All cash retainers are paid on a quarterly basis in arrears to non-employee directors that continue to serve as members of the Board on the last business day of each calendar quarter. In addition, at the end of each calendar year, each non-employee director receives annual equity incentive grants comprised of restricted shares of the Company's common stock and/or options to purchase shares of the Company's common stock. These grants vest in their entirety on the one-year anniversary of the date of grant. The number of restricted shares and options comprising each grant will be determined by the Board of Directors prior to the end of each calendar year upon recommendation from the compensation committee. On December 31, 2010, Company's non-employee directors were each granted options to purchase 30,000 shares of the Company's common stock in accordance with this policy. In addition, non-employee directors were granted 15,000 shares of restricted stock and options to purchase 15,000 shares of the Company's common stock. These equity grants were in respect of grants that would have been made had the amended policy been in place on December 31, 2009. Effective upon a director's initial election to the Board, he or she will receive 25,000 restricted shares of the Company's common stock and an option to purchase 25,000 shares of the Company's common stock. The restricted stock will be subject to transfer and forfeiture restrictions that will lapse on the one-year anniversary of the grant date and the stock option will vest in three equal annual installments.

As set forth in its written charter, the compensation committee annually, or more frequently if deemed advisable, reviews director compensation practices and recommends any changes for adoption by the full Board of Directors. As such, the director compensation described above is subject to change at the discretion of the Board of Directors.

The table below summarizes the compensation earned or paid by the Company to its non-employee directors during the fiscal year ended December 31, 2010.

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

(Proposal Two)

Our Board of Directors and management are committed to the quality, integrity and transparency of the financial reports. Independent auditors play an important part in our system of financial control. In accordance with the duties set forth in its written charter, the audit committee of our Board of Directors has appointed McGladrey & Pullen, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011. A representative of McGladrey & Pullen, LLP is expected to attend this year's annual meeting and is expected to be available to make statements and respond to appropriate questions from stockholders.

If the stockholders do not ratify the appointment of McGladrey & Pullen, LLP, the audit committee may reconsider its selection, but is not required to do so. Notwithstanding the proposed ratification of the appointment of McGladrey & Pullen, LLP by the stockholders, the audit committee, in its discretion, may direct the appointment of a new independent registered public accounting firm at any time during the year without notice to, or the consent of, the stockholders, if the audit committee determines that such a change would be in the Company's best interests and the best interests of its stockholders.

Changes in Certifying Accountant

On July 21, 2010, the Company was notified that effective July 20, 2010, McGladrey & Pullen, LLP acquired certain assets of Caturano and Company, Inc. (formerly Caturano and Company, P.C.) (Caturano), who then served as the Company's independent registered public accounting firm, and substantially all of the officers and employees of Caturano joined McGladrey & Pullen, LLP. As a result, and effective July 27, 2010, Caturano resigned as the Company's independent registered public accounting firm and McGladrey & Pullen, LLP was concurrently appointed as its new independent registered public accounting firm. The decision to engage McGladrey & Pullen, LLP was approved by the Company's audit committee of the board of directors.

The audit reports of Caturano on the financial statements of the Company for the years ending December 31, 2009 and 2008 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified to the uncertainty, audit scope or accounting principles, except that the audit opinion for the year ended December 31, 2009 did contain an explanatory paragraph disclosing that the Company changed the manner in which it accounts for certain warrants effective January 1, 2009.

During the two most recent fiscal years ended December 31, 2009 and 2008, and through the date of Caturano's resignation, there were: (1) no disagreements between the Company and Caturano on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of Caturano would have caused them to make reference thereto in their reports on the Company's financial statements for such years, and (2) no reportable events within the meaning set for in Item 304(a)(1)(v) of Regulation S-K.

During the Company's two most recent fiscal years ended December 31, 2009 and through the date of McGladrey & Pullen, LLP's appointment, the Company did not consult with McGladrey & Pullen, LLP on either (1) the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that may

be rendered on the Company's financial statements, and McGladrey & Pullen, LLP did not provide either a written report or oral advice to the Company that McGladrey & Pullen, LLP concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue; or (2) any matter that was either the subject of a disagreement, as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K, or a reportable event, as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

In connection with filing a current report on Form 8-K disclosing the change in independent registered public accounting firms, the Company provided Caturano a copy of the disclosures in such report and requested that Caturano furnish the Company with a letter addressed to the Securities and Exchange Commission stating whether or not it agreed with the statements therein. A copy of the letter dated July 30, 2010 was filed as Exhibit 16.1 to the current report on Form 8-K filed by the Company on July 30, 2010.

Fees Billed to Company by Its Independent Registered Public Accounting Firm

McGladrey & Pullen, LLP served as the Company's independent registered public accounting firm for the fiscal year ended December 31, 2010, and Caturano served as the Company's independent registered public accounting firm for the fiscal year ended December 31, 2009 and through July 20, 2010. The following table presents the collective fees billed by McGladrey & Pullen, LLP and Caturano during such years.

	For the Fiscal Year Ended December 31,	
	2010	2009
Audit Fees ⁽¹⁾	\$ 137,388	\$ 159,291
Audit Related Fees ⁽²⁾		
Tax Fees		
All Other Fees ⁽³⁾		
Total	\$ 137,388	\$ 159,291

- (1) Represents amounts related to the audit of the Company's annual financial statements and the review of the Company's financial statements included in the Company's quarterly reports on Form 10-Q.
- (2) Audit-related fees represent amounts reasonably related to the performance of the audit or review of the Company's financial statements but are not reported under the Audit Fees category.

(3) All other fees consist of fees for review of regulatory filings other than quarterly and annual reports. The audit committee of the Board of Directors has reviewed the services provided by McGladrey & Pullen, LLP during the fiscal year ended December 31, 2010 and the amounts billed for such services. After consideration, the audit committee has determined that the receipt of these fees by McGladrey & Pullen, LLP is compatible with the provision of independent audit services. The audit committee has discussed these services and fees with McGladrey & Pullen, LLP and Company management to determine that they are appropriate under the rules and regulations concerning auditor independence promulgated by the U.S. Securities and Exchange Commission to implement the Sarbanes-Oxley Act of 2002, as well as under guidelines of the American Institute of Certified Public Accountants.

Pre-Approval Policy

The audit committee charter provides that all audit and non-audit accounting services that are permitted to be performed by the Company's independent registered public accounting firm under applicable rules and regulations must be pre-approved by the audit committee or by designated independent members of the audit committee, other than with respect to de minimis exceptions permitted under Section 202 of the Sarbanes-Oxley Act of 2002. All services performed by Caturano and Company, P.C. and McGladrey & Pullen, LLP in fiscal 2009 and 2010 have been pre-approved in accordance with the charter.

Prior to or as soon as practicable following the beginning of each fiscal year, a description of audit, audit-related, tax, and other services expected to be performed by the independent registered public accounting firm in the following fiscal year is presented to the audit committee for approval. Following such approval, any requests for audit, audit-related, tax, and other services not presented and pre-approved must be submitted to the audit committee for specific pre-approval and cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings. However, the authority to grant specific pre-approval between meetings, as necessary, may be delegated to one or more members of the audit committee who are independent directors. In the

event such authority is so delegated, the full audit committee must be updated at the next regularly scheduled meeting with respect to any services that were granted specific pre-approval by delegation. During fiscal year 2010, the audit committee has functioned in conformance with these procedures.

ADVISORY VOTE ON EXECUTIVE COMPENSATION

(Proposal Three)

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholders to vote to approve, on an advisory (nonbinding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules.

Our executive compensation programs are designed to attract, motivate, and retain our named executive officers, who are critical to our success. We have done this by utilizing elements of compensation that include base salary adjustments, annual cash bonus awards and grants of stock incentives in a manner that we believe rewards executives for achieving or exceeding individual and company-wide performance criteria and ties a significant portion of overall annual compensation to the creation of stockholder value. When reviewing executive compensation policies, the Compensation Committee reviews executive compensation data generated by an independent third party as well as compensation data obtained from other sources. Our compensation practices have evolved over the past several years and the practices applicable to fiscal 2010 are summarized below.

Base Salary. Base salary amounts for our named executive officers were initially established in their respective employment agreements. Annual adjustments to base salary have been determined by the Compensation Committee based on a review of individual and/or company performance against pre-determined goals, and in the context of comparative compensation data. Based upon data acquired through multiple sources, the Compensation Committee believes that the base salaries for our executive officers are comparable with executives in other companies of similar size and stage of development operating in our industry.

Annual Cash Bonus. Executive officers are eligible to receive target year-end cash bonus payments based on a percentage base salary, 40% for the Chief Executive Officer and 35% for the President, Chief Operating Officer and Chief Financial Officer. In administering the annual cash bonus program, the Compensation Committee, in conjunction with the Company's annual budget approval process, has established and weighted Company objectives for executive officers that are intended to serve as a guide for the determination of year-end executive cash bonus payments. Historically over the past several years, the Compensation Committee has reviewed executive officer performance against these objectives to arrive at a weighted-average performance achievement percentage ranging from 0% for failure to achieve an objective to 125% for exceeding the objective. The resulting weighted average achievement percentage is then multiplied by the applicable percentage of the executive officers' base salary to arrive at an amount that serves as a baseline for bonus determination. Throughout the year, the Compensation Committee reviews the objectives and the weights attached to them and makes adjustments that it deems appropriate to reflect changing priorities of the Company from time to time. Although the Compensation Committee has used the baseline bonus amounts as a guide for granting year-end bonuses, ultimate bonus determinations have not been formula-based and the Compensation Committee and the Board of Directors has retained full discretion with respect to the amount of annual cash bonus awarded to each executive officer.

Equity Incentive Grants. Our named executive officers are eligible to receive year-end equity compensation grants. Although these grants have taken the form of stock options and/or shares of restricted stock, the year-end 2010 grants consisted only of stock options that vest in equal annual installments over three years. The size of the grant was determined based upon an analysis conducted by the Company's outside compensation consultant and application of a weighted average performance percentage similar to that utilized in the determination of annual cash bonus, as well as a share ownership analysis for key employees.

Amounts of compensation of our named executive officers for fiscal 2008, 2009 and 2010 is further disclosed in the compensation tables, and the related disclosures contained on pages 8 through 16 of this proxy statement.

The Compensation Committee continually reviews the compensation programs for our named executive officers to ensure they achieve the desired goals of attracting and retaining talented and experienced senior executives to lead the Company successfully in a competitive environment while aligning our executive compensation structure with our stockholders' interests. As part of its review process, for fiscal year 2011 the Compensation Committee has communicated that it expects to focus more heavily on overall annual stockholder return as an objective upon which the determination of senior executive annual cash bonuses will be based. In prior years, stated objectives have been operations-based and have included progressing clinical trials and related development activities, satisfying financing and other financial goals, and other operating activities that the Compensation Committee and the Board believe will maximize stockholder value over time. We believe that adding an objective tied directly to year-over-year stock appreciation to objectives based on Company operating activities will appropriately align the compensation of our senior executives with both short-term and long-term value to stockholders.

We are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we will ask our stockholders to vote FOR the following resolution at the annual meeting:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2011 annual meeting of stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission.

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our board of directors. Our board of directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE
FOR THE PROPOSAL
TO APPROVE THE COMPENSATION OF OUR NAMED
EXECUTIVE OFFICERS,
AS DESCRIBED IN THIS PROXY STATEMENT.**

ADVISORY VOTE ON THE FREQUENCY OF AN ADVISORY VOTE ON EXECUTIVE COMPENSATION

(Proposal Four)

The Dodd-Frank Act also enables our stockholders to indicate how frequently we should seek an advisory vote on the compensation of our named executive officers, as disclosed pursuant to the SEC's compensation disclosure rules, such as Proposal Three. In particular, we are asking whether the advisory vote should occur every three years, every two years, or every one year.

The optimal frequency of the advisory vote on executive compensation depends on a balancing of the benefits and burdens of more or less frequent votes. Many have expressed a belief that less frequent votes are appropriate as they enable stockholders to focus on a company's overall compensation program design, as opposed to short-term decisions, and provide sufficient time to evaluate how a company's compensation programs drive longer-term performance and the creation of longer-term stockholder value. Many also believe that a less frequent voting cycle will give companies sufficient time to respond thoughtfully to stockholder views and to implement any necessary changes to executive compensation programs and allow stockholders to evaluate the results of these changes before the next stockholder advisory vote.

Others believe more frequent stockholder votes are optimal as they provide stockholders with the opportunity to react promptly to emerging trends in compensation and to provide rapid feedback to companies with respect to their views on the effectiveness and appropriateness of their executive compensation programs. This more frequent feedback would provide the boards of directors and compensation committees with the opportunity to evaluate individual compensation decisions each year in light of the stockholder feedback and to better incorporate current stockholder views into companies' compensation programs.

Our Board believes that the most appropriate outcome at this time is to have an annual stockholder advisory vote on compensation, to best enable the Board and the Compensation Committee to understand and incorporate the views of our stockholder in structuring our executive compensation programs. As time progresses the Board may alter this view, but initially the Board is interested in obtaining more frequent feedback from our stockholders to assist in evaluating and structuring the Company's compensation programs.

You may cast your vote on your preferred voting frequency by choosing the option of three years, two years, one year or abstain from voting when you vote on this Proposal.

The option of three years, two years or one year that receives the highest number of votes cast by stockholders will be the frequency for the advisory vote on executive compensation that has been selected by stockholders. As with your vote on Proposal Three above, your vote on this Proposal Four is advisory, and therefore not binding on the Company, the Compensation Committee, or our Board, and the Board may decide that it is in the best interests of our stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the option approved by our stockholders. However, our Board and our Compensation Committee value the opinions of our stockholders and we will take our stockholders' preferences into account in making determinations regarding the frequency of the say-on-pay vote.

**THE BOARD RECOMMENDS THAT STOCKHOLDERS
VOTE FOR A FREQUENCY OF ONCE
EVERY YEAR FOR FUTURE NON-BINDING, ADVISORY
STOCKHOLDER VOTES ON
COMPENSATION OF OUR NAMED EXECUTIVE
OFFICERS.**

OTHER MATTERS

Board of Directors and Committees

Board of Directors

The Company's Board of Directors is currently comprised of eight directors, each of whom is identified under Proposal One (Election of Directors) above. The Board has determined that Dr. Murray Brennan, Mr. James A. Cannon, Senator Wyche Fowler, Jr., Mr. Timothy McInerney and Dr. Michael Weiser are independent directors, as such term is defined in the NASDAQ Stock Market's Marketplace Rule 5605(a)(2). The full Board of Directors held 11 meetings during fiscal year 2010 and took action by written consent on two occasion(s). For purposes of considering certain aspects of a financing transaction completed by the Company in fiscal 2010, the Board of Directors appointed a special financing committee that held one meeting.

The Board of Directors has appointed an independent director, Dr. Murray Brennan, to serve as its non-executive Lead Director. The Board has elected to separate the Lead Director function from that of the Chief Executive Officer, who serves as the Company's principal executive officer, due to a belief that separating these functions, and empowering an independent director to chair the Board meetings, will result in increased Board oversight of management activities.

The Board of Directors has a standing audit committee, compensation committee and corporate governance and nominating committee. During the 2010 fiscal year, each director attended at least 75% of the meetings of the Board of Directors and the committees on which such director served. Although the Company has no formal policy regarding directors' attendance at the Company's annual stockholders meetings, the Company encourages such attendance by members of the Board of Directors. Seven member of the Board of Directors attended the Company's 2010 annual stockholders meeting.

The current members of the committees are as follows:

Jonathan Lewis, MD, PhD

James A. Cannon			
Senator Wyche Fowler, Jr., JD

Audit Committee of the Board of Directors

The Company maintains a three member audit committee of the Board of Directors. The current members of the audit committee are Mr. James A. Cannon, who serves as the committee's Chairman, Senator Wyche Fowler, Jr. and Dr. Michael Weiser, MD, PhD. The audit committee operates under a written charter adopted by the Board of Directors, a copy of which is available on the Company's website at www.ziopharm.com. As set forth in the charter, the primary responsibility of the audit committee is to oversee the Company's financial reporting processes and internal control

system on behalf of the Board of Directors. In that regard, the audit committee is, among other things, responsible for the appointment, compensation, retention and oversight of the work performed by the independent registered public accounting firm employed by the Company.

Each member of the audit committee is an independent director, as such term is defined in the NASDAQ Stock Market's Marketplace Rule 5605(a)(2), and meets the criteria for independence set forth in Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended. The Board of Directors has also determined that each of the audit committee members is able to read and understand fundamental financial statements and that at least one member of the audit committee has past employment experience in finance or accounting. The Board of Directors has determined that at least one member of the audit committee, Mr. James A. Cannon, is an audit committee financial expert, as that term is defined in Item 407(d)(5)(ii) of Regulation S-K promulgated under the Securities Exchange Act of 1934, as amended. Mr. Cannon's relevant experience includes his current service as the Chief Financial Officer of BBDO Worldwide, a position he has held for the past 20 years, and his past service as director of financial operations of the Omnicom Group.

The audit committee held four meetings during fiscal year 2010, during which the audit committee held discussions with financial management and representatives from the independent registered public accounting firm prior to the filing of each quarterly report on Form 10-Q and annual report on Form 10-K with the Securities and Exchange Commission.

Compensation Committee of the Board of Directors

The Company maintains a three member compensation committee of the Board of Directors. The current members of the compensation committee are Dr. Murray Brennan, who serves as the committee's Chairman, Mr. Randal J. Kirk and Dr. Michael Weiser. The Board of Directors has adopted a written charter for the compensation committee, a copy of which is available on the Company's website at www.ziopharm.com. The compensation committee reviews the Company's remuneration policies and practices and makes recommendations to the Board of Directors in connection with all compensation matters affecting the executive officers of the Company.

Each of Drs. Brennan and Weiser is an independent director, as such term is defined in the NASDAQ Stock Market's Marketplace Rule 5605(a)(2), and meets the criteria for independence set forth in Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended.

Although he is not considered an independent director under NASDAQ Marketplace Rule 5605(a)(2), the Board has determined that Mr. Kirk's service as a member of the compensation committee is appropriate and required by the best interests of the Company and its stockholders based upon his unique and extensive experience and record of achievement as an executive and board and compensation committee member of numerous pharmaceutical and other health care companies. The Board believes that Mr. Kirk's experience, in combination with his direct and indirect ownership in the Company (approximately 12.16% beneficial ownership as of the Record Date), provides him with a unique perspective from which to develop executive compensation policies that align executives' interests with those of our stockholders and that focus on maximizing stockholder value. In that regard, the Board appointed Mr. Kirk to the compensation committee pursuant a permitted exception to NASDAQ Marketplace Rule 5605(d), which generally provides that compensation of executive officers be determined, or recommended to the Board for determination, by either a majority of the Board's independent directors in a vote in which only they participate, or by a compensation committee comprised solely of independent directors. In accordance with requirements of the exception, Mr. Kirk's term as a member of the compensation committee will be limited to two years. Mr. Kirk is not considered an independent director under NASDAQ Marketplace Rule 5605(a)(2) as a result of his controlling interest in, and his positions as Chairman of the Board of Directors and Chief Executive Officer of Intrexon Corporation, a company with which we have entered into a strategic channel partnership arrangement. We issued 3,636,926 shares of common stock to Intrexon as partial consideration for entering into agreements governing the arrangement in January 2011. Under the arrangement, the Company is using Intrexon technology in connection with the development of two existing synthetic biology product candidates and generally to research, develop and commercialize products, in which DNA is administered to humans for expression of anti-cancer effectors for the purpose of treatment or prophylaxis of cancer.

Our channel partnership arrangement with Intrexon is described in greater detail in the Company's Annual Report on Form 10-K filed with Securities and Exchange Commission on March 1, 2011 and the agreement governing the arrangement are filed as Exhibits to the Company's Current Report on Form 8-K filed with Securities and Exchange Commission on January 12, 2011.

The compensation committee held three meetings during fiscal year 2010, took action by written consent on four occasions and met informally on several other occasions.

Compensation Committee Processes and Procedures for the Consideration and Determination of Executive Officer and Director Compensation

Pursuant to the authority granted under its written charter, the compensation committee is responsible for developing programs governing the compensation of executive officers and other members of senior management that support achieving corporate objectives, reviewing and making recommendations to the Board regarding the compensation of employees determined to be named executive officers, approving the compensation of executive officers and members of senior management other than the named executive officers, administering the Company's equity compensation plans, and reviewing the Company's Board compensation practices.

In administering the Company's incentive compensation programs, the compensation committee is charged with, among other things, annually, and in conjunction with the Company's annual budget approval process, establishing Company objectives for executive officers during the first quarter of each fiscal year and reviewing executive officer performance against such objectives. In doing so, the compensation committee may establish annual incentive compensation programs for executive officers, senior management and other employees that measure performance based on achievement of pre-determined individual and/or corporate objectives. The compensation committee is also responsible for evaluating and approving the compensation of the Company's senior management other than named executive officers, reviewing executive employment agreements and, where applicable, severance arrangements.

In making compensation recommendations and determinations, the compensation committee has taken into account the compensation levels of executives in similar capacities and industries and has established levels of salary, bonus and equity incentive compensation based in large part on that review. Historically, compensation decisions have been based on size-adjusted data obtained through an independent third-party survey, notably the Radford Biotechnology Survey. This data was compiled and presented along with recommendations to the Board by the Company. Individual discretionary bonus determinations have taken into account an executive officer's position and level of responsibility, along with the executive's performance during the previous fiscal year. Awards of equity incentive compensation, which to date have been comprised of stock options and restricted stock, have taken into account the executive officer's and the Company's performance during the previous fiscal year and his or her potential to influence the Company's operations in the future. In 2010, the compensation committee did not base its considerations on any single performance factor, but rather has considered a mix of factors and evaluated the Company's and the individual's performance against that mix. In making 2010 year-end compensation determinations and salary adjustments for 2011, the compensation committee also relied on detailed analysis compiled and presented by the compensation committee's independent outside compensation consultant, Oyster Pond Associates, LLC.

Corporate Governance and Nominating Committee of the Board of Directors

The Company currently maintains a three member corporate governance and nominating committee of the Board of Directors. The current members of the corporate governance and nominating committee are Mr. Timothy McNerney, who serves as the committee's Chairman, Dr. Murray Brennan and Senator Wyche Fowler, Jr. The corporate governance and nominating committee operates under a written charter adopted by the Board of Directors. A copy of the charter, entitled the First Amended and Restated Corporate Governance and Nominating Committee Charter, is available on the Company's website at www.ziopharm.com. As set forth in the charter, the primary responsibility of the corporate governance and nominating committee is to consider and make recommendations to the Board of Directors concerning the appropriate size, function and needs of the Board of Directors and its committees. In that regard, the corporate governance and nominating committee is, among other things, responsible for establishing criteria for membership on Board of Directors, recruiting and recommending candidates to fill newly created or vacant positions

on the Board of Directors and reviewing any candidates recommended by stockholders. In addition, the corporate governance and nominating committee evaluates and assesses the performance of the Board of Directors as a whole and its committees. During 2009, in furtherance of these responsibilities and the self-evaluation and peer review procedures created by the corporate governance and nominating committee in 2008, each director completed a self-evaluation and peer review, the results of which were then reviewed by the full Board of Directors as part

of a discussion regarding overall corporate governance. In 2010, the Chairman of the corporate governance and nominating committee conducted a similar but informal review process.

Each member of the corporate governance and nominating committee is an independent director, as such term is defined in the NASDAQ Stock Market's Marketplace Rule 5605(a)(2), and meets the criteria for independence set forth in Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended. The corporate governance and nominating committee held one meeting during fiscal year 2010.

Director Nominations

The corporate governance and nominating committee (or a subcommittee thereof) recruits and considers director candidates and presents qualified candidates to the full Board of Directors for consideration. There is no fixed process for identifying and evaluating potential candidates to be nominees for directors, and there is no fixed set of qualifications that must be satisfied before a candidate will be considered. Rather, the corporate governance and nominating committee has the flexibility to consider such factors as it deems appropriate. These factors may include education, general business and industry experience, ability to act on behalf of stockholders, potential concerns regarding independence or conflicts of interest and other factors relevant in evaluating Board nominees. Although the corporate governance and nominating committee does not have a policy with regard to the consideration of diversity in identifying director candidates, overall Board diversity of industry background and experience is generally among the factors considered. The corporate governance and nominating committee believes that a Board comprised of directors with diverse skills and experiences relevant to the Company's industry and operations will result in efficient and competent oversight of the Company's various core competencies, which include pharmaceutical development, strategic partnering, commercialization activities, regulatory compliance, corporate finance and accounting. As such, the corporate governance and nominating committee gives consideration to the interplay of a director candidate's experience with that of other members of the Board of Directors and the evolving needs of the Company's business.

Qualified candidates will be considered without regard to race, color, religion, sex, ancestry, national origin or disability and the corporate governance and nominating committee will consider director candidates recommended by security holders. If the corporate governance and nominating committee approves a candidate for further review following an initial screening, the corporate governance and nominating committee will establish an interview process for the candidate. Generally, the candidate will meet with at least a majority of the members of the corporate governance and nominating committee, along with the Company's Chief Executive Officer. Contemporaneously with the interview process, the corporate governance and nominating committee will conduct a comprehensive conflicts-of-interest assessment of the candidate. The corporate governance and nominating committee will consider reports of the interviews and the conflicts-of-interest assessment to determine whether to recommend the candidate to the full Board of Directors. The corporate governance and nominating committee will also take into consideration the candidate's personal attributes, including, without limitation, personal integrity, loyalty to the Company and concern for its success and welfare, willingness to apply sound and independent business judgment, awareness of a director's vital part in the Company's good corporate citizenship and image, time available for meetings and consultation on Company matters and willingness to assume broad, fiduciary responsibility.

Recommendations for candidates to be considered for election to the Board of Directors at the Company's annual stockholders' meeting may be submitted to the corporate governance and nominating committee by the Company's stockholders. In order to make such a recommendation, a stockholder must submit the recommendation in writing to the Chairperson of the corporate governance and nominating committee, in care of the Company's Chief Financial Officer at the Company's headquarters address, at least 120 days prior to the mailing date of the previous year's annual meeting proxy statement. To enable the corporate governance and nominating committee to evaluate the candidate's qualifications, stockholder recommendations must include the following information:

The name and address of the nominating stockholder and of the director candidate;

A representation that the nominating stockholder is a holder of record of the Company entitled to vote at the current year's annual meeting;

29

A description of any arrangements or understandings between the nominating stockholder and the director candidate or candidates being recommended pursuant to which the nomination or nominations are to be made by the stockholder;

A resume detailing the educational, professional and other information necessary to determine if the nominee is qualified to become a director of the Company;

Such other information regarding each nominee proposed by such stockholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission had each nominee been nominated by the Board of Directors; and

The consent of each nominee to serve as a director of the Company if so elected.

Each of the individuals nominated for re-election to the Board of Directors pursuant to Proposal One were approved for such nomination by the corporate governance and nominating committee.

Risk Management and Oversight

The Board reviews information regarding the Company's credit, liquidity, and operations, as well as the risks associated with each.
