PART III - NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Kohl's Corporation's (the Company's) Quarterly Report on Form 10-Q for the quarter ended July 30, 2011 (the Second Quarter 10-Q) cannot be filed within the prescribed time period without unreasonable effort or expense because of unanticipated delays in the Company's collection and compilation of information required for the completion of the Second Quarter 10-Q. A more detailed explanation follows.

As reported by the Company in its current reports on Form 8-K furnished to the Commission on August 4, 2011 and August 11, 2011, the Company has identified certain errors related to its accounting for leases. On August 9, 2011, the audit committee of the Company's board of directors, in consultation with management, concluded that because of these errors, investors should no longer rely upon the financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended January 29, 2011 (the 2010 Annual Report) or the Company's Quarterly Report on Form 10-Q for the quarterly period ended April 30, 2011 (the First Quarter 10-Q). The Company has further advised that any related reports of the Company's independent registered public accounting firm (Ernst & Young LLP) should not be relied upon.

The Company has discovered various errors in its accounting for both store and equipment leases. The most significant errors are the result of misinterpretations of accounting literature related to leases where the lessee (the Company in this case) is involved in asset construction. Historically, the Company has been extensively involved in the construction of leased stores. In many cases, the Company is responsible for construction cost over runs or is responsible for non-standard tenant improvements (i.e. roof or HVAC systems). Pursuant to ASC 840, *Leases*, the Company is deemed the owner for accounting purposes during the construction period, so is required to capitalize the construction costs on its Balance Sheet. If a portion of the construction costs are reimbursed via adjusted rental payments rather than at the time of construction or if the property is subject to a lease which fixes the rents for a significant percentage of its economic life, the Company is precluded from derecognizing the constructed assets from its Balance Sheet when construction is complete.

Additionally, certain stores and equipment leases were improperly recorded as operating leases, rather than capital leases.

As a result of these and other less significant accounting corrections, the Company will record additional property and financing obligations on its Balance Sheet. In the Company's Statements of Income, lease payments will be recognized as depreciation and interest expense, rather than rent expense (which the Company records in Selling, General and Administrative Expense). The corrections will have no impact on the net increase or decrease in cash and cash equivalents reported in the Company's Statements of Cash Flows.

In conjunction with Ernst & Young LLP, the Company is working diligently to complete the restatement of the above-referenced financial statements. The Company expects to file the Second Quarter 10-Q and the restated 2010 Annual Report and First Quarter 10-Q, by no later than September 13, 2011, the expiration date of the extension period provided by Rule 12b-25 of the Securities Exchange Act of 1934, as amended.

PART IV - OTHER INFORMATION

- (1) Name and telephone number of person to contact in regard to this notification

Wesley McDonald
(Name)

262-703-1893
(Telephone Number)

- (2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s). Yes No

- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

As discussed above in Part III, the Company is in the process of completing the preparation of its restated financial statements for its fiscal year ended January 29, 2011 and for the first quarter of its fiscal 2011. Until those financial statements are completed, the Company is not able to complete its financial statements for the quarterly period ended July 30, 2011.

The Company expects to report the following results for the second quarter of 2011 (the 13-week fiscal period ended July 30, 2011):

Net sales increased 3.6% to \$4.2 billion from \$4.1 billion in the second quarter of 2010;

Year to date, net sales increased 3.4% from \$8.1 billion for the first six months of 2010 to \$8.4 billion for the first six months of 2011;

On a comparable store basis, sales increased 1.9% for the quarter and 1.6% year to date;

Gross margin as a percent of net sales increased 43 basis points to 40.7% for the second quarter of 2011 and 24 basis points to 39.4% year to date.

Generally, the correction of the previous accounting errors and the related financial statement restatements are expected to have the following impact:

The adjustments are expected to impact the classification of cash flows from operations, financing activities and investing activities, but will have no impact on the net increase or decrease in cash or cash equivalents reported in the Company's Statements of Cash Flows;

Additional property and capital lease and financing obligations in yet-undetermined amounts will be recorded on the Company's Balance Sheet; and

Edgar Filing: KOHLS Corp - Form NT 10-Q

In addition to having a yet-undetermined impact on net income, the presentation of lease payments in the Company's Statements of Income will significantly change as they are expected to be recognized as depreciation and interest expense, rather than as rent expense, which the Company records in Selling, General and Administrative Expense.

As a result of the foregoing, the Company is not able to provide a reasonable estimate of its second quarter results beyond net sales, comparable store sales and gross margin amounts indicated above.

The above statements and description of expected adjustments are preliminary and subject to change based, among other things, on the Company's completion of the restatement of its financial statements discussed above.
