USE OF PROCEEDS

We expect to use the net proceeds from the sale of the securities for general corporate purposes. These may include additions to working capital, repayment of existing debt and acquisitions. If we decide to use the net proceeds from the sale of securities in some other way, we will describe the use of the net proceeds in the prospectus supplement for that offering.

DESCRIPTION OF DEBT SECURITIES

General

The following description sets forth general terms that may apply to the debt securities. The particular terms of any debt securities will be described in the prospectus supplement relating to those debt securities.

The debt securities will be senior obligations of Newell and will rank equally with all of our other unsecured and unsubordinated debt. The debt securities will be issued under an indenture to be entered into between us and U.S. Bank National Association, as trustee.

Edgar Filing: NEWELL RUBBERMAID INC - Form S-3ASR

The form of indenture is filed as an exhibit to the registration statement. For your convenience, we have included references to specific sections of the indenture in the descriptions below.

The following summaries of provisions of the debt securities and the indenture are not complete and are qualified in their entirety by express reference to all of the provisions of the indenture and the debt securities.

Because Newell is a holding company and conducts its business principally through its subsidiaries, these notes will be structurally subordinated to the liabilities of its subsidiaries. The rights of Newell, and the rights of its creditors, including the holders of the notes, to participate in any distribution of the assets of any of its subsidiaries upon that subsidiary's liquidation or reorganization or otherwise are necessarily subject to the prior claims of creditors of that subsidiary, except to the extent that Newell's claims as a creditor of that subsidiary

Table of Contents

may be recognized. Neither the debt securities nor the indenture restrict Newell or any of its subsidiaries from incurring indebtedness.

The indenture does not limit the principal amount of debt securities that we may issue. The indenture provides that debt securities may be issued up to the principal amount that we may separately authorize from time to time. It also provides that the debt securities may be denominated in any currency or currency unit designated by us. Unless otherwise shown in the prospectus supplement related to that offering, neither the indenture nor the debt securities will contain any provisions to afford holders of any debt securities protection in the event of a takeover, recapitalization or similar restructuring of our business.

We will include specific terms relating to a particular series of debt securities in a prospectus supplement relating to the offering. The terms we will describe in the prospectus supplement will include some or all of the following:

the distinct title and type of the debt securities;

the total principal amount or initial offering price of the debt securities;

the date or dates when the principal of the debt securities will be payable;

the rate at which the debt securities will bear interest;

the date from which interest on the debt securities will accrue;

the dates when interest on the debt securities will be payable and the regular record date for these interest payment dates;

the place where

the principal, premium, if any, and interest on the debt securities will be paid,

registered debt securities may be surrendered for registration of transfer, and

debt securities may be surrendered for exchange;

any sinking fund or other provisions that would obligate us to repurchase or otherwise redeem the debt securities;

the terms and conditions upon which we will have the option to redeem the debt securities;

the denominations in which any registered debt securities will be issuable, if other than denominations of \$1,000 or integral multiples, and the denominations in which any bearer debt securities will be issuable, if other than a denomination of \$5,000;

the identity of each security registrar and paying agent, and the designation of the exchange rate agent, if any, if other than the trustee;

the portion of the principal amount of debt securities that will be payable upon acceleration of the maturity of the debt securities;

the currency used to pay principal, premium and interest on the debt securities, if other than U.S. Dollars, and whether you or we may elect to have principal, premium and interest paid in a currency other than the currency in which the debt securities are denominated;

any index, formula or other method used to determine the amount of principal, premium or interest on the debt securities;

whether provisions relating to defeasance and covenant defeasance will be applicable to the series of debt securities;

any changes to the events of default or to our covenants;

whether the debt securities are issuable as registered debt securities or bearer debt securities, whether there are any restrictions relating to the form in which they are issued and whether bearer and registered debt securities may be exchanged for each other;

Table of Contents

to whom interest will be payable

if other than the registered holder (for registered debt securities),

if other than upon presentation and surrender of the related coupons (for bearer debt securities), or

if other than as specified in the indenture (for global debt securities);

if the debt securities are to be convertible or exchangeable for other securities, the terms of conversion or exchange; and

any other terms of the debt securities.

We may issue debt securities as original issue discount securities to be sold at a substantial discount below their principal amount. If we issue original issue discount securities, then special federal income tax rules that apply may be described in the prospectus supplement for those debt securities.

Registration and Transfer

We presently plan to issue each series of debt securities only as registered securities. However, we may issue a series of debt securities as bearer securities, or a combination of both registered securities and bearer securities. If we issue debt securities as bearer securities, they will have interest coupons attached unless we elect to issue them as zero coupon securities. (Sections 201 and 301). If we issue bearer securities, we may describe material U.S. federal income tax consequences and other material considerations, procedures and limitations in the prospectus supplement for that offering.

Holders of registered debt securities may present the debt securities for exchange for different authorized amounts of other debt securities of the same series and of similar principal amount at the corporate trust office of the trustee in New York, New York or at the office of any other transfer agent we may designate for the purpose and describe in the applicable prospectus supplement. The registered securities must be duly endorsed or accompanied by a written instrument of transfer. The agent will not impose a service charge on you for the transfer or exchange. We may, however, require that you pay any applicable tax or other governmental charge. We will describe any procedures for the exchange of bearer securities for other debt securities of the same series in the prospectus supplement for that offering. Generally, we will not allow you to exchange registered securities for bearer securities. (Sections 301, 305 and 1002)

In general, unless otherwise specified in the applicable prospectus supplement, we will issue registered securities without coupons and in denominations of \$1,000, or integral multiples, and bearer securities in denominations of \$5,000. We may issue both registered and bearer securities in global form. (Sections 301 and 302)

Conversion and Exchange

If any debt securities will be convertible into or exchangeable for our common stock or other securities, the applicable prospectus supplement will set forth the terms and conditions of the conversion or exchange, including:

the securities into which the debt securities are convertible;

the conversion price or exchange ratio;

the conversion or exchange period;

whether the conversion or exchange will be mandatory or at the option of the holder or Newell;

whether any portion of the conversion value will be paid in cash;

provisions for adjustment of the conversion price or exchange ratio; and

provisions that may affect the conversion or exchange if the debt securities are redeemed.

Table of Contents

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that we will identify in a prospectus supplement. Unless and until it is exchanged in whole or in part for the individual debt securities represented thereby, a global security may not be registered for transfer or exchange except:

as a whole by the depositary for the global security to a nominee of the depositary, by a nominee of the depositary to the depositary or another nominee of the depositary, or by the depositary or a nominee of the depositary to a successor depositary or a nominee of the successor depositary; and

in any other circumstances described in the prospectus supplement applicable thereto.

The specific terms of the depositary arrangement with respect to any portion of a series of debt securities to be represented by a global security will be described in the prospectus supplement applicable thereto. Newell expects that the following provisions will apply to depositary arrangements.

Unless otherwise specified in the applicable prospectus supplement, debt securities that are to be represented by a global security to be deposited with or on behalf of a depositary will be represented by a global security or, in some cases, global securities registered in the name of the depositary or its nominee. Upon the issuance of the global security, and the deposit of the global security with or on behalf of the depositary for the global security, the depositary will credit on its book entry registration and transfer system the respective principal amounts of the debt securities represented by the global security to the accounts of institutions that have accounts with the depositary or its nominee (participants). The accounts to be credited will be designated by the underwriters or agents of the debt securities. If we directly offer and sell debt securities, the accounts to be credited will be designated by us. Ownership of beneficial interests in the global security will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests by participants in the global security will be shown on, and the transfer of that ownership interest will be effected only through, records maintained by the depositary or its nominee for the global security. Ownership of beneficial interests in the global security by persons that hold through participants will be shown on, and the transfer of that ownership interest within the participant will be effected only through, records maintained by the participant. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of the securities in certificated form. The foregoing limitations and the laws may impair the ability to transfer beneficial interests in the global securities.

So long as the depositary for a global security, or its nominee, is the registered owner of the global security, the depositary or the nominee, as the case may be, will be considered the sole owner or holder of the debt securities represented by the global security for all purposes under the indenture applicable thereto. Unless otherwise specified in the applicable prospectus supplement, owners of beneficial interests in the global security will not be entitled to have debt securities of the series represented by the global security registered in their names, will not receive or be entitled to receive physical delivery of debt securities of the series in certificated form and will not be considered the holders of the debt securities for any purposes under the indenture applicable thereto. Accordingly, each person owning a beneficial interest in the global security must rely on the procedures of the depositary and, if the person is not a participant, on the procedures of the participant through which the person owns its interest to exercise any rights of a holder of debt securities under the indenture applicable thereto. Newell understands that under existing industry practices, if Newell requests any action of holders or an owner of a beneficial interest in the global security desires to give any notice or take any action a holder is entitled to give or take under the indenture applicable thereto, then the depositary would authorize the participants to give this notice or take this action, and participants would authorize

beneficial owners owning through these participants to give this notice or take this action or would otherwise act upon the instructions of beneficial owners owning through them.

Principal of and any premium and interest on a global security will be payable in the manner described in the applicable prospectus supplement.

Consolidation, Merger and Sale of Assets

As provided in the indenture, we may, without the consent of holders of the debt securities, consolidate with or merge into, or convey, transfer or lease all or substantially all of our properties and assets to, any person (the survivor), so long as:

the survivor is a corporation, limited liability company, partnership or trust organized and validly existing under the laws of any United States jurisdiction and expressly assumes our obligations on the debt securities and under the indenture;

immediately after giving effect to the transaction, no default or event of default shall have occurred and be continuing under the indenture; and

certain other conditions regarding delivery of an officers' certificate and opinion of counsel are met.
(Section 801)

Limitation on Liens

The indenture provides that while the debt securities issued under it or the related coupons remain outstanding, Newell will not, and will not permit any of its subsidiaries to, create, incur, assume or suffer to exist any lien of any kind upon any of its or their property or assets, now owned or hereafter acquired, without directly securing all of the debt securities equally and ratably with the obligation or liability secured by the lien, except for:

- (1) liens existing as of the date of the indenture;
- (2) liens, including sale and lease-back transactions, on any property acquired, constructed or improved after the date of the indenture, which are created or assumed contemporaneously with, or within 180 days after, the acquisition or completion of this construction or improvement, or within six months thereafter by a commitment for financing arranged with a lender or investor within the 180-day period, to secure or provide for the payment of all or a portion of the purchase price of the property or the cost of the construction or improvement incurred after the date of the indenture (or before the date of the indenture in the case of any construction or improvement which is at least 40% completed at the date of the indenture) or, in addition to liens contemplated by clauses (3) and (4) below, liens on any property existing at the time of acquisition of the property including acquisition through merger or consolidation; provided, that any lien (other than a sale and lease-back transaction meeting the requirements of this clause) does not apply to any property theretofore owned by Newell or a subsidiary other than, in the case of any such construction or improvement, any theretofore unimproved real property on which the property so constructed, or the improvement, is located;
- (3) liens existing on any property of a person at the time the person is merged with or into, or consolidates with, Newell or a subsidiary;
- (4) liens on any property of a person (including, without limitation, shares of stock or debt securities) or its subsidiaries existing at the time the person becomes a subsidiary, is otherwise acquired by Newell or a subsidiary or becomes a successor to Newell under Section 802 of the indenture;

- (5) liens to secure an obligation or liability of a subsidiary to Newell or to another subsidiary;
- (6) liens in favor of the United States of America or any state, or any department, agency or instrumentality or political subdivision of the United States of America or any state, to secure partial progress, advance or other payments under any contract or statute or to secure any indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of constructing or improving the property subject to the liens;
- (7) liens to secure tax-exempt private activity bonds under the Internal Revenue Code of 1986, as amended;

Table of Contents

(8) liens arising out of or in connection with a sale and lease-back transaction if the net proceeds of the sale and lease-back transaction are at least equal to the fair value, as determined by the board of directors, the chairman of the board, the vice chairman of the board, the president or the principal financial officer of Newell, of the property subject to the sale and lease-back transaction;

(9) liens for the sole purpose of extending, renewing or replacing in whole or in part indebtedness secured by any lien referred to in the foregoing clauses (1) to (8), inclusive, or in this clause (9); provided, however, that the principal amount of indebtedness secured thereby shall not exceed the principal amount of indebtedness so secured at the time of the extension, renewal or replacement, and that this extension, renewal or replacement shall be limited to all or a part of the property which secured the lien so extended, renewed or replaced plus improvements on the property;

(10) liens arising out of or in connection with a sale and lease-back transaction in which the net proceeds of the sale and lease-back transaction are less than the fair value, as determined by the board of directors, the chairman of the board, the vice chairman of the board, the president or the principal financial officer of Newell, of the property subject to the sale and lease-back transaction if Newell provides in a board resolution that it shall, and if Newell covenants that it will, within 180 days of the effective date of any arrangement or, in the case of (C) below, within six months thereafter under a firm purchase commitment entered into within the 180-day period, apply an amount equal to the fair market value as so determined of the property:

(A) to the redemption of debt securities of any series which are, by their terms, at the time redeemable or the purchase and retirement of debt securities, if permitted;

(B) to the payment or other retirement of funded debt, as defined below, incurred or assumed by Newell which ranks senior to or *pari passu* with the debt securities or of funded debt incurred or assumed by any subsidiary other than, in either case, funded debt owned by Newell or any subsidiary; or

(C) to the purchase of property other than the property involved in the sale;

(11) liens on (x) accounts receivable and related general intangibles and instruments arising out of or in connection with a sale or transfer by Newell or the subsidiary of the accounts receivable and (y) any or all of the assets of a special purpose subsidiary that has purchased such accounts receivable (and related general intangibles and instruments) securing indebtedness of such special purpose subsidiary;

(12) permitted liens; and

(13) liens other than those referred to in clauses (1) through (12) above which are created, incurred or assumed after the date of the indenture, including those in connection with purchase money mortgages and sale and lease-back transactions, provided that the aggregate amount of indebtedness secured by the liens, or, in the case of sale and lease-back transactions, the value of the sale and lease-back transactions, referred to in this clause (13), does not exceed 15% of consolidated total assets. (Section 1007)

The term *consolidated total assets* means the total of all the assets appearing on the consolidated balance sheet of Newell and its subsidiaries determined according to generally accepted accounting principles applicable to the type of business in which Newell and the subsidiaries are engaged, and may be determined as of a date not more than 60 days before the happening of the event for which the determination is being made. (Section 101)

The term *funded debt* means any indebtedness which by its terms matures at or is extendable or renewable at the sole option of the obligor without requiring the consent of the obligee to a date more than 12 months after the date of the

creation of the indebtedness. (Section 101)

The term *lien* means, as to any person, any mortgage, lien, collateral assignment, pledge, charge, security interest or other encumbrance in respect of or on, or any interest or title of any vendor, lessor, lender or other secured party to or of the person under any conditional sale or other title retention agreement, purchase money mortgage or sale and lease-back transaction with respect to, any property or asset (including without limitation income and rights thereto) of the person (including without limitation capital stock of any subsidiary of the person), or the signing by the person and filing of a financing statement which names the person as debtor, or the

The term **permitted liens** means:

liens, deposits, or pledges to secure the performance of bids, tenders, contracts (other than contracts for the payment of money), leases, public or statutory obligations, surety, stay, appeal, indemnity, performance or other similar bonds, or similar obligations arising in the ordinary course of business;

judgment and other similar liens arising in connection with court proceedings, provided the execution or other enforcement of the liens is effectively stayed and the claims secured thereby are being actively contested in good faith and by appropriate proceedings; and

easements, rights of way, restrictions and other similar encumbrances which, in the aggregate, do not materially interfere with the occupation, use and enjoyment by Newell or any subsidiary of the property or assets encumbered thereby in the normal course of its business or materially impair the value of the property subject thereto. (Section 101)

The term **sale and lease-back transaction** means, with respect to any person, any direct or indirect arrangement with any other person or to which any other person is a party, providing for the leasing to the first person of any property, whether now owned or hereafter acquired (except for temporary leases for a term, including any renewal of the leases, of not more than three years and except for leases between Newell and a subsidiary or between subsidiaries), which has been or is to be sold or transferred by the first person to the other person or to any person to whom funds have been or are to be advanced by the other person on the security of the property. (Section 101)

The term **subsidiary** means any corporation of which at the time of determination Newell or one or more subsidiaries owns or controls directly or indirectly more than 50% of the shares of voting stock. (Section 101)

The term **value** means, with respect to a sale and lease-back transaction, as of any particular time, the amount equal to the greater of:

(a) the net proceeds from the sale or transfer of the property leased under the sale and lease-back transaction or

(b) the fair value in the opinion of the board of directors, the chairman of the board, the vice chairman of the board, the president or the principal financial officer of Newell of the property at the time of entering into the sale and lease-back transaction,

in either case multiplied by a fraction, the numerator of which shall be equal to the number of full years of the term of the lease remaining at the time of determination and the denominator of which shall be equal to the number of full years of the term, without regard to any renewal or extension options contained in the lease. (Section 101)

The term **voting stock** means stock of a corporation of the class or classes having general voting power under ordinary circumstances to elect at least a majority of the board of directors, managers or trustees of the corporation. (Section 101)

Events of Default

An **event of default** regarding any series of debt securities is any one of the following events:

default for 30 days in the payment of any interest installment when due and payable;

Table of Contents

default in the payment of principal or premium (if any) when due at its stated maturity, by declaration, when called for redemption or otherwise;

default in the making of any sinking fund payment when due;

default in the performance of any covenant in the debt securities or in the indenture (other than a default in the performance of a covenant which is specifically dealt with elsewhere in these bullets or which is solely for the benefit of one or more other series of debt securities) for 60 days after notice to Newell by the trustee or to Newell and the trustee by the holders of at least 25% in principal amount of the outstanding debt securities of that series;

certain events of bankruptcy, insolvency and reorganization of Newell or one of its principal subsidiaries;

an event of default (as defined in any mortgage, indenture or instrument under which there is issued, or by which there is secured or evidenced, any indebtedness of Newell or any principal subsidiary for money borrowed) that results in such indebtedness in principal amount in excess of \$75,000,000 becoming or being declared due and payable prior to the date on which it would otherwise become due and payable, which such acceleration is not rescinded or annulled, nor such indebtedness discharged, within a period of 30 days after notice to Newell by the trustee or to Newell and the trustee by the holders of at least 25% in principal amount of the outstanding debt securities of that series; and

any other event of default provided with respect to that series of debt securities. (Section 501)

The term **principal subsidiary** means, as of any date of determination thereof, any subsidiary the consolidated net revenues of which for the twelve-month period ending on the last day of the month then most recently ended exceed 10% of our consolidated net revenues for such period, determined on a pro forma basis after giving effect to any acquisition or disposition of a subsidiary or a business effected on or prior to the determination date and after the beginning of such twelve-month period (including acquisitions and dispositions accomplished through a purchase or sale of assets or through a merger or consolidation). (Section 101)

We are required to file every year with the trustee an officers' certificate stating whether any default exists and specifying any default that exists. (Section 1004)

Acceleration of Maturity

If an event of default occurs and is continuing with respect to debt securities of a particular series (other than an event of default relating to certain events of bankruptcy, insolvency and reorganization), the trustee or the holders of not less than 25% in principal amount of outstanding debt securities of that series may declare the principal amount of the debt securities of that series (or that portion of the principal amount as may be specified in the terms of that series) due and payable immediately by notice to Newell (and to the trustee, if given by the holders). If an event of default relating to certain events of bankruptcy, insolvency and reorganization occurs and is continuing, the principal amount of the debt securities of that series (or that portion of the principal amount as may be specified in the terms of that series) shall become and be immediately due and payable without any declaration or other action on the part of the trustee or any holder. (Section 502)

At any time after a declaration of acceleration with respect to debt securities of any series has been made and before a judgment or decree for payment of the money due has been obtained by the trustee therefor, the holders of a majority in principal amount of the outstanding debt securities of that series by written notice to Newell and the trustee may rescind and annul the declaration and its consequences if:

Newell has paid or deposited with the trustee a sum sufficient to pay in the currency in which the debt securities of the series are payable, except as otherwise specified in the indenture:

all overdue interest on all outstanding debt securities of that series and any related coupons,

all unpaid principal of and premium, if any, on any of the debt securities which has become due otherwise than by the declaration of acceleration, and interest on the unpaid principal at the rate or rates prescribed therefor in the debt securities,

to the extent lawful, interest on overdue interest at the rate or rates prescribed therefor in the debt securities, and

all sums paid or advanced by the trustee and the reasonable compensation, expenses, disbursements and advances of the trustee, its agents and counsel; and

all events of default with respect to debt securities of that series, other than the non-payment of amounts of principal, interest or any premium on the debt securities which have become due solely by the declaration of acceleration, have been cured or waived. (Section 502)

No rescission shall affect any subsequent default or impair any right consequent thereon.

The holders of not less than a majority in principal amount of the outstanding debt securities of any series may, on behalf of the holders of all the debt securities of the series, waive any past default under the indenture with respect to the series and its consequences, except a default:

in the payment of the principal of or premium, if any, or interest on any debt security of the series or any related coupon, or

in respect of a covenant or provision that cannot be modified or amended without the consent of the holder of each outstanding debt security of the series affected thereby. (Section 513)

The trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of debt securities of the series, unless the holders shall have offered to the trustee indemnity and security reasonably acceptable to the trustee in its sole discretion against the costs, expenses and liabilities that might be incurred by it in compliance with the request. (Section 603)

The holders of a majority in principal amount of the outstanding debt securities of the series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee under the indenture, or exercising any trust or power conferred on the trustee with respect to the debt securities of that series. The trustee may refuse to follow directions in conflict with law or the indenture or that may involve the trustee in personal liability or may be unjustly prejudicial to the other, non-directing holders. (Section 512)

Modification or Waiver

The indenture allows Newell and the trustee, without the consent of any holders of debt securities, to enter into supplemental indentures for various purposes, including:

evidencing the succession of another entity to us and the assumption of our covenants and obligations under the debt securities and the indenture by this successor,

adding to Newell's covenants for the benefit of the holders,

adding additional events of default for the benefit of the holders,

establishing the form or terms of any series of debt securities issued under the supplemental indentures or curing ambiguities or inconsistencies in the indenture, and

making other provisions that do not adversely affect the interests of the holders of any series of debt securities in any material respect. (Section 901)

The indenture allows Newell and the trustee, with the consent of the holders of not less than a majority in principal amount of all outstanding debt securities of any affected series, to execute supplemental indentures adding any provisions to or changing or eliminating any of the provisions of the indenture or modifying the rights of the holders of the debt securities of the series. (Section 902) Without the consent of the holders of all the outstanding debt securities affected thereby, no supplemental indenture may:

change the stated maturity of the principal of, or any installment of principal of or interest on, any debt security;

Table of Contents

reduce the principal amount of, the rate of interest on, or any premium payable upon the redemption of, any debt security;

reduce the amount of the principal of any original issue discount security or indexed security that would be due and payable upon acceleration of the maturity of the debt security;

change the redemption provisions of any debt security in a manner adverse to the interests of holders of such security;

change any place of payment where, or the currency, currencies or currency unit or units in which, any debt security or any premium or interest thereon is payable;

impair the right to institute suit for the enforcement of any payment on or after the stated maturity of the debt security or, in the case of redemption, on or after the redemption date;

affect adversely the right of repayment at the option of the holder of any debt security of the series;

reduce the percentage in principal amount of the outstanding debt securities of any series, the consent of whose holders is required for a supplemental indenture, or the consent of whose holders is required for any waiver of compliance with various provisions of the indenture or various defaults thereunder and their consequences provided for in the indenture; or

modify any of the foregoing described provisions. (Section 902)

Meetings

The indenture contains provisions for convening meetings of the holders of debt securities of any series for any action to be made, given or taken by holders of debt securities. The trustee, Newell, and the holders of at least 10% in principal amount of the outstanding debt securities of a series may call a meeting, in each case after notice to holders of that series has been properly given. (Section 1502)

Persons entitled to vote a majority in principal amount of the outstanding debt securities of a series will constitute a quorum at a meeting of holders of debt securities of that series. Any resolution passed or decision taken at any meeting of holders of debt securities of any series that has been properly held under the provisions of the indenture will bind all holders of debt securities of that series and related coupons. (Section 1504)

Financial Information

Newell will file with the Securities and Exchange Commission the annual reports, quarterly reports and other documents required to be filed with the Securities and Exchange Commission by Section 13(a) or 15(d) of the Exchange Act, and will also file with the trustee copies of these reports and documents within 15 days after it is required to file them with the Securities and Exchange Commission. (Section 703)

Defeasance

The indenture includes provisions allowing us to be discharged from our obligation on the debt securities of any series. (Section 1401) To be discharged from our obligations on the debt securities, we would be required to deposit with the trustee or another trustee money or U.S. government obligations sufficient to make all principal, premium (if any) and interest payments on those debt securities. (Section 1404) If we make this defeasance deposit with respect to your debt securities, we may elect either:

to be discharged from all of our obligations on your debt securities, except for our obligations to register transfers and exchanges, to replace temporary or mutilated, destroyed, lost or stolen debt securities, to maintain an office or agency in respect of the debt securities and to hold moneys for payment in trust (Section 1402); or

to be released from restrictions relating to liens and sale-leaseback transactions and from other covenants as may be described in the prospectus supplement relating to such debt securities. (Section 1403)

Table of Contents

To establish the trust, Newell must deliver to the trustee an opinion of our counsel that the holders of the debt securities will not recognize gain or loss for federal income tax purposes as a result of the defeasance and will be subject to federal income tax on the same amount, and in the same manner and at the same times as would have been the case if the defeasance had not occurred. (Section 1404) There may be additional provisions relating to defeasance which we will describe in the applicable prospectus supplement.

The Trustee

U.S. Bank National Association (U.S. Bank) is the trustee under the indenture. U.S. Bank is a lender under our revolving credit facility. We maintain other banking arrangements with U.S. Bank, and U.S. Bank and its affiliates may perform additional banking services for, or transact other banking business with, Newell in the future.

Subject to the provisions of the Trust Indenture Act of 1939, the trustee may be deemed to have a conflicting interest for purposes of the Trust Indenture Act of 1939 and may be required to resign as trustee if:

there is an event of default under the indenture; and

one or more of the following occurs:

the trustee is a trustee for another indenture under which our securities are outstanding;

the trustee is a trustee for more than one outstanding series of debt securities under a single indenture;

the trustee is one of our creditors; or

the trustee or one of its affiliates acts as an underwriter or agent for us.

Newell may appoint an alternative trustee for any series of debt securities. The appointment of an alternative trustee would be described in the applicable prospectus supplement.

Governing Law

The indenture and the debt securities are by their terms to be governed by and their provisions construed under the internal laws of the State of New York. (Section 112)

Miscellaneous

Newell has the right at all times to assign any of its respective rights or obligations under the indenture to a direct or indirect wholly-owned subsidiary of Newell; provided, that, in the event of any assignment, Newell will remain liable for all of its respective obligations. (Section 803) The indenture is binding upon and inure to the benefit of the parties thereto and their respective successors and assigns. (Section 109)

DESCRIPTION OF CAPITAL STOCK

General

Our authorized capital stock consists of 800,000,000 shares of common stock and 10,000,000 shares of preferred stock. As of January 31, 2014, there were 278,859,127 million shares of common stock (net of treasury shares) and no shares of preferred stock outstanding. The outstanding shares of common stock are listed on the New York Stock Exchange.

Common Stock

Voting. Holders of common stock vote as a single class on all matters submitted to a vote of the stockholders, with each share of common stock entitled to one vote.

Dividends. Holders of the common stock are entitled to receive the dividends that may be declared from time to time by the board of directors out of funds legally available therefor. The rights of holders of common

stock to receive dividends are subject to the prior rights of holders of any issued and outstanding preferred stock that may be issued in the future.

Other Provisions. Upon liquidation (whether voluntary or involuntary) or a reduction in Newell's capital which results in any distribution of assets to stockholders, the holders of the common stock are entitled to receive, pro rata according to the number of shares held by each, all of the assets of Newell remaining for distribution after payment to creditors and the holders of any issued and outstanding preferred stock of the full preferential amounts to which they are entitled. The common stock has no preemptive or other subscription rights and there are no other conversion rights or redemption provisions with respect to the shares.

Transfer Agent and Registrar. The transfer agent and registrar for our common stock is Computershare Investor Services.

Preferred Stock

Our board of directors may issue, without further authorization from our stockholders, up to 10,000,000 shares of preferred stock in one or more series. Our board of directors may determine at the time of creating each series:

dividend rights and rates;

voting and conversion rights;

redemption provisions;

liquidation preferences; and

other relative, participating, optional or other special rights, qualifications, limitations or restrictions of the series.

We will describe in a prospectus supplement relating to any series of preferred stock being offered the terms of the preferred stock, which may include:

the maximum number of shares to constitute the series;

any annual dividend rate on the shares, whether the rate is fixed or variable or both, the date or dates from which dividends will accrue, the dates on which dividends, if declared, will be paid, whether the dividends will be cumulative and any dividend preference;

whether the shares will be redeemable and, if so, the price at and the terms and conditions on which the shares may be redeemed;

any liquidation preference applicable to the shares;

the terms of any sinking fund;

any terms and conditions on which the shares of the series shall be convertible into, or exchangeable for, shares of any other capital stock;

any voting rights of the shares of the series; and

any other preferences or special rights or limitations on the shares of the series.

Provisions With Possible Anti-Takeover Effects

Newell's restated certificate of incorporation and by-laws contain provisions which may be viewed as having an anti-takeover effect. The restated certificate of incorporation and the by-laws contain provisions that may reduce surprise and disruptive tactics at stockholders' meetings. The restated certificate of incorporation provides that no action may be taken by stockholders except at an annual meeting or special meeting, and does not permit stockholders to directly call a special meeting of stockholders. A stockholder must give written notice to Newell of an intention to nominate a director for election at an annual meeting 90 days before the anniversary

Table of Contents

date of the immediately preceding annual meeting. Each of these provisions tends to make a change of control of the board of directors more difficult and time consuming.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase debt or equity securities. We may issue warrants independently or together with any offered securities. The warrants may be attached to or separate from those offered securities. We will issue the warrants under warrant agreements to be entered into between us and a bank or trust company, as warrant agent, all as described in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants.

The prospectus supplement relating to any warrants that we may offer will contain the specific terms of the warrants. These terms may include the following:

the title of the warrants;

the designation, amount and terms of the securities for which the warrants are exercisable;

the designation and terms of the other securities, if any, with which the warrants are to be issued and the number of warrants issued with each other security;

the price or prices at which the warrants will be issued;

the aggregate number of warrants;

any provisions for adjustment of the number or amount of securities receivable upon exercise of the warrants or the exercise price of the warrants;

the price or prices at which the securities purchasable upon exercise of the warrants may be purchased;

if applicable, the date on and after which the warrants and the securities purchasable upon exercise of the warrants will be separately transferable;

if applicable, a discussion of the material U.S. federal income tax considerations applicable to the exercise of the warrants;

any other terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants;

the date on which the right to exercise the warrants will commence, and the date on which the right will expire;

the maximum or minimum number of warrants that may be exercised at any time; and

information with respect to book-entry procedures, if any.

Exercise of Warrants

Each warrant will entitle the holder of warrants to purchase for cash the amount of debt or equity securities at the exercise price stated or determinable in the prospectus supplement for the warrants. Warrants may be exercised at any time up to the close of business on the expiration date shown in the applicable prospectus supplement, unless otherwise specified in such prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void. Warrants may be exercised as described in the applicable prospectus supplement. When the warrant holder makes the payment and properly completes and signs the warrant certificate at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement, we will, as soon as possible, forward the debt or equity securities that the warrant holder has purchased. If the warrant holder exercises the warrant for less than all of the warrants represented by the warrant certificate, we will issue a new warrant certificate for the remaining warrants.

DESCRIPTION OF STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

We may issue stock purchase contracts, including contracts obligating holders to purchase from us, and for us to sell to the holders, a specified number of shares of common stock at a future date or dates. The price per share of common stock and the number of shares of common stock may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula stated in the stock purchase contracts.

The stock purchase contracts may be issued separately or as part of units that we call stock purchase units. Stock purchase units consist of a stock purchase contract and either our debt securities or U.S. treasury securities securing the holders' obligations to purchase the common stock under the stock purchase contracts.

The stock purchase contracts may require us to make periodic payments to the holders of the stock purchase units or vice versa, and these payments may be unsecured or prefunded on some basis. The stock purchase contracts may require holders to secure their obligations in a specified manner.

The applicable prospectus supplement will describe the terms of the stock purchase contracts or stock purchase units. The description in the prospectus supplement will only be a summary, and you should read the stock purchase contracts, and, if applicable, collateral or depositary arrangements, relating to the stock purchase contracts or stock purchase units. Material U.S. federal income tax considerations applicable to the stock purchase units and the stock purchase contracts will also be discussed in the applicable prospectus supplement.

PLAN OF DISTRIBUTION

We may sell the securities:

through underwriters,

through agents,

directly to a limited number of institutional purchasers or to a single purchaser, or

any combination of these.

The prospectus supplement will describe the terms of the offering of the securities, including the following:

the name or names of any underwriters, dealers or agents;

the purchase price and the proceeds we will receive from the sale;

any underwriting discounts and other items constituting underwriters' compensation; and

any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers. If underwriters are used in the sale, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The securities may be either offered to the public through underwriting syndicates represented by managing underwriters or by underwriters without a syndicate. The obligations of the underwriters to purchase securities will be subject to conditions precedent and the underwriters will be obligated to purchase all the securities if any are purchased. Any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

If dealers are used in the sale, we will sell the securities to the dealers as principals. The dealers may resell the securities to the public at prices determined by the dealers at the time of the resale.

We may sell securities directly or through agents we designate from time to time. Any agent involved in the offer or sale of the securities in respect of which this prospectus is delivered will be named, and any commissions payable by us to that agent, will be described in the prospectus supplement.

Table of Contents

The names of the underwriters, dealers or agents, as the case may be, and the terms of the transaction will be set forth in the applicable prospectus supplement.

Agents, dealers and underwriters may be entitled to indemnification by us against civil liabilities arising out of this prospectus, including liabilities under the Securities Act of 1933, or to contribution with respect to payments which the agents, dealers or underwriters may be required to make relating to those liabilities. Agents, dealers and underwriters may be customers of, engage in transactions with, or perform services for us in the ordinary course of business.

Our common stock will be approved for listing upon notice of issuance on the New York Stock Exchange. Other securities may or may not be listed on a national securities exchange. No assurances can be given that there will be a market for the securities.

LEGAL MATTERS

Legal matters in connection with the securities will be passed upon for Newell by Schiff Hardin LLP, Chicago, Illinois and for any underwriters, dealers or agents by counsel named in the applicable prospectus supplement.

Item 15. *Indemnification of Directors and Officers*

Section 102 of the Delaware law allows a corporation to eliminate the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except in cases where the director breached his or her duty of loyalty to the corporation or its stockholders, failed to act in good faith, engaged in intentional misconduct or a knowing violation of the law, willfully or negligently authorized the unlawful payment of a dividend or approved an unlawful stock redemption or repurchase or obtained an improper personal benefit. Newell's Restated Certificate of Incorporation and By-Laws contain a provision which eliminates directors' personal liability as set forth above.

The Restated Certificate of Incorporation and the By-Laws of Newell provide in effect that Newell shall indemnify its directors and officers to the extent permitted by the Delaware law. Section 145 of the Delaware law provides that a Delaware corporation has the power to indemnify its directors, officers, employees and agents in certain circumstances. Subsection (a) of Section 145 of the Delaware law empowers a corporation to indemnify any director, officer, employee or agent, or former director, officer, employee or agent, who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation), against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with such action, suit or proceeding provided that such director, officer, employee or agent acted in good faith and in a

manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, provided that such director, officer, employee or agent had no reasonable cause to believe that his or her conduct was unlawful.

Subsection (b) of Section 145 of the Delaware law empowers a corporation to indemnify any director, officer, employee or agent, or former director, officer, employee or agent, who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that such person acted in any of the capacities set forth above, against expenses (including attorneys' fees) actually and reasonably incurred in connection with the defense or settlement of such action or suit provided that such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification may be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery shall determine

Table of Contents

that despite the adjudication of liability such person is fairly and reasonably entitled to indemnity for such expenses which the court shall deem proper.

Section 145 further provides that to the extent that a director or officer or employee of a corporation has been successful in the defense of any action, suit or proceeding referred to in subsections (a) and (b) or in the defense of any claim, issue or matter therein, he or she shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him or her in connection therewith; that indemnification provided by Section 145 shall not be deemed exclusive of any other rights to which the party seeking indemnification may be entitled; and the corporation is empowered to purchase and maintain insurance on behalf of a director, officer, employee or agent of the corporation against any liability asserted against him or her or incurred by him or her in any such capacity or arising out of his or her status as such whether or not the corporation would have the power to indemnify him or her against such liabilities under Section 145; and that, unless indemnification is ordered by a court, the determination that indemnification under subsections (a) and (b) of Section 145 is proper because the director, officer, employee or agent has met the applicable standard of conduct under such subsections shall be made by (1) a majority vote of the directors who are not parties to such action, suit or proceeding, even though less than a quorum, or (2) if there are no such directors, or if such directors so direct, by independent legal counsel in a written opinion, or (3) by the stockholders.

Newell has in effect insurance policies for general officers and directors liability insurance covering all of Newell's officers and directors.

Item 16. Exhibits

The Exhibits filed herewith are set forth on the Index to Exhibits filed as a part of this Registration Statement on page II-7 hereof.

Item 17. Undertakings

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the registration statement is on Form S-3, and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered

II-2

Table of Contents

therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of such undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by such undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of such undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement

relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(7) To file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Act.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described under Item 15 above, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
