Item 8.01. Other Events.

On August 22, 2016, Westlake Chemical Corporation (Westlake) announced the preliminary results of the exchange offers (the Exchange Offers) pursuant to which it is offering to issue its new senior notes (the New Westlake Notes) in exchange for any and all of the \$688 million aggregate principal amount of the outstanding 4.625% Senior Notes due February 15, 2021 (the Existing Axiall 2021 Notes) issued by Eagle Spinco Inc., a wholly-owned subsidiary of Axiall Corporation (together, Axiall), and of the \$450 million aggregate principal amount of the outstanding 4.875% Senior Notes due May 15, 2023 (the Existing Axiall 2023 Notes and, together with the Existing Axiall 2021 Notes, the Existing Axiall Notes) issued by Axiall Corporation. In conjunction with the Exchange Offers, Axiall has solicited and received the requisite consents (the Consent Solicitations) from holders of the Existing Axiall Notes to adopt certain proposed amendments (the Proposed Amendments) to the indentures under which the Existing Axiall Notes were issued. As a result, Axiall and the trustee for the Existing Axiall Notes entered into supplemental indentures implementing the Proposed Amendments. The Proposed Amendments will not become operative until the amounts payable by Westlake pursuant to the Exchange Offers and Consent Solicitations have been paid, which is expected to occur on September 7, 2016. Westlake also announced that the previous deadline for holders to tender their Existing Axiall Notes and be eligible to receive the New Westlake Notes in the same principal amount as the Existing Axiall Notes tendered therefor plus a cash amount of \$2.50 per \$1,000 principal amount of Existing Axiall Notes tendered has been extended to 11:59 p.m., New York City time, on September 2, 2016. Documents relating to the Exchange Offers and Consent Solicitations will only be distributed to eligible holders of the Existing Axiall Notes who complete and return an eligibility form confirming that they are either a qualified institutional buyer under Rule 144A under the Securities Act of 1933, as amended (the Securities Act), or not a U.S. person and outside the United States within the meaning of Regulation S under the Securities Act. A copy of the press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

Forward-Looking Statements

This Current Report on Form 8-K contains forward-looking statements within the meaning of the federal securities laws. These forward-looking statements include, but are not limited to, statements regarding Westlake s proposed transaction to acquire Axiall Corporation (including financing of the proposed transaction and the benefits, results, effects and timing thereof), all statements regarding Westlake s and Axiall s (and Westlake s and Axiall s combined) expected future financial position, results of operations, cash flows, dividends, financing plans, business strategy, budgets, capital expenditures, competitive positions, growth opportunities, plans and objectives of management, estimated synergies from the proposed transaction and statements containing the use of forward-looking words, such as may, will, could, would, should, project, believe, anticipate, expect, estimate, continue, approximate, intend, upside, and the like, or the use of future tense. Statements contained herein concerning the business outlook or future economic performance, anticipated profitability, revenues, expenses, dividends or other financial items, and product or services line growth of Westlake and Axiall (and the combined businesses of Westlake and Axiall), together with other statements that are not historical facts, are forward-looking statements that are estimates reflecting the best judgment of Westlake or Axiall based upon currently available information. Statements concerning current conditions may also be forward-looking if they imply a continuation of current conditions.

Such forward-looking statements are inherently uncertain, and stockholders and other potential investors must recognize that actual results may differ materially from Westlake s and/or Axiall s expectations as a result of a variety of factors, including, without limitation, those discussed below. Such forward-looking statements are based upon management s current expectations and include known and unknown risks, uncertainties and other factors, many of which Westlake and/or Axiall are unable to predict or control, that may cause Westlake s and/or Axiall s actual results, performance or plans to differ materially from any future results, performance or plans expressed or

implied by such forward-looking statements. These statements involve risks, uncertainties and other factors discussed below and detailed from time to time in Westlake's and/or Axiall's filings with the Securities and Exchange Commission (the "SEC").

Risks and uncertainties related to the proposed business combination transaction include, but are not limited to: (i) the ultimate outcome of the proposed transaction between Westlake and Axiall and the potential negative impact on Westlake's share price and future business and financial results if the transaction is not consummated, (ii) the ultimate outcome and results of integrating the operations of Westlake and Axiall if a transaction is consummated, (iii) the ability to obtain regulatory approvals and meet other closing conditions to the proposed transaction, including any necessary stockholder approvals, (iv) potential adverse reactions or changes to business relationships resulting from the announcement, pendency or completion of the proposed transaction, (v) competitive responses to the announcement or completion of the proposed transaction, costs and difficulties related to the integration of Axiall's businesses and operations with Westlake's businesses and operations, (vi) the inability to obtain, or delays in obtaining, cost savings and synergies from the proposed transaction, (vii) uncertainties as to whether the completion of the proposed transaction will have the accretive effect on Westlake's earnings or cash flows that are expected, (viii) unexpected costs, liabilities, charges or expenses resulting from the proposed transaction, (ix) litigation relating to the proposed transaction, (x) the inability to retain key personnel, (xi) potential adverse effects on Westlake's ability to operate Westlake's business due to the increase in Westlake's overall debt level contemplated by the proposed transaction, (xii) potential diminished productivity due to the impact of the potential transaction on Westlake's and/or Axiall's current and prospective employees, key management, customers, suppliers and business partner and (xiii) any changes in general economic and/or industry-specific conditions.

In addition to the factors set forth above, other factors that may affect Westlake's and/or Axiall's plans, results or stock price are set forth in Westlake's and Axiall's respective Annual Reports on Form 10-K and reports on Forms 10-Q and 8-K.

Many of these factors are beyond Westlake's and/or Axiall's control. Westlake and Axiall caution investors that any forward-looking statements made by Westlake and/or Axiall are not guarantees of future performance. Westlake and Axiall do not intend, and undertake no obligation, to publish revised forward-looking statements to reflect events or circumstances after the date of this communication or to reflect the occurrence of unanticipated events.

Important Information for Investors and Stockholders

This communication does not constitute an offer to sell or the solicitation of an offer to buy any securities, nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.
