Item 2.02 Results of Operations and Financial Condition

On February 13, 2008 the Company announced its financial results for the quarter and fiscal year ended December 31, 2007. The full text of the press release issued, among other things, in connection with the announcement is furnished as Exhibit 99.1 to this Current Report on Form 8-K.

The information contained in Item 2.02 of this Form 8-K (including Exhibit 99.1) shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934 (the “Exchange Act”) or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Exchange Act, regardless of any general incorporation by reference language in such filing, except as expressly set forth by specific reference in such a filing.

Item 4.02(a) Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review

On February 12, 2008, the Company concluded, and the Audit Committee of the Board of Directors of the Company (the “Committee”) approved, that the Company’s financial statements for the second and third quarters of 2007, as reported on Forms 10-Q filed on August 14, 2007 and November 13, 2007, Forms 8-K furnished on August 7, 2007 and November 7, 2007, and Form 8-K/A furnished on August 10, 2007 (the “Restated Filings”), need to be restated. Accordingly, the Company is reporting in this filing on Form 8-K today that the applicable previously issued financial statements and earnings releases should no longer be relied on.

The Company has concluded that it improperly classified a portion of its stock-based compensation expense in its income tax provision as a permanent tax difference when such portion should have been classified as a temporary tax difference. This resulted in an overstatement of the provision for income taxes in the financial statements included in the Restated Filings. The Company has determined that its Forms 10-Q for the second and third quarters of 2007 require restatement. The Company anticipates it will file amendments to the Forms 10-Q within the next 30 days.

The restatement will result in a decrease to the provision for income taxes and a corresponding increase to net income of \$534,000 for the three and six months ended June 30, 2007, and \$290,000 and \$824,000 for the three and nine months ended September 30, 2007, respectively. The restatement will also result in an increase to total assets of \$534,000 and \$824,000 at June 30, 2007 and September 30, 2007, respectively. Set out in the tables below is a summary of the changes to the provision for income taxes, net income, and net income (loss) per common share as a result of the restatement.
