PROXY STATEMENT
Annual Meeting of Stockholders
February 18, 2010

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of proxies in the accompanying form. Shares will be voted in the manner directed by the stockholders; provided, however, that if a stockholder delivers a proxy without giving any direction, the shares will be voted as recommended by the Corporation's Board of Directors. A stockholder delivering a proxy may revoke it at any time before it is exercised by (i) giving written notice of revocation to the Office of the Secretary of the Corporation, (ii) delivering a duly executed proxy bearing a later date, or (iii) voting in person at the Annual Meeting.

Registered stockholders may vote in one of three ways: By completing and returning the enclosed proxy card via regular mail or by voting via the Internet or telephone, as permitted by Delaware law. Specific instructions for using these methods are set forth on the enclosed proxy card. The Internet and telephone procedures are designed to authenticate the stockholder's identity and to allow stockholders to vote their shares and confirm that their instructions have been properly recorded.

Proxies are being solicited by mail, and, in addition, directors, officers and employees of the Corporation may solicit proxies personally, by telephone or letter at no additional compensation to them. The Corporation will pay the expense of soliciting proxies and will reimburse brokerage firms and others for their expenses in forwarding proxy materials to beneficial owners of our common stock. In addition, the Corporation has retained Morrow & Co., LLC (Morrow) as a proxy consultant and to act as a proxy solicitor in conjunction with the Annual Meeting. Under the terms of an agreement dated December 1, 2009, the Corporation has agreed to pay \$25,000, plus reasonable out-of-pocket expenses, to Morrow for its consulting and proxy solicitation services.

If a stockholder delivers a proxy and abstains from voting on any matter, the abstention will be counted for purposes of determining whether a quorum is present at the Annual Meeting of Stockholders for the transaction of business as well as shares entitled to vote on that matter. Under Section 216 of the Delaware General Corporation Law, on matters other than the election of directors, an action of the stockholders generally requires the affirmative vote of a majority of shares present in person or represented by proxy at the meeting and entitled to vote on the matter. Accordingly, an abstention on any matter other than the election of directors will have the same effect as a vote against that matter.

A street name holder is the beneficial owner of shares held in a stock brokerage account or by a bank, trust or other nominee. Street name holders generally cannot vote their shares directly and must instead instruct the broker, bank, trust or other nominee how to vote their shares using the voting instruction form provided by it. If a street name holder does not provide timely instructions, the broker or other nominee may have the authority to vote on some proposals but not others. If the broker or other nominee votes on one proposal, but does not vote on another proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner, this results in a broker non-vote. Broker non-votes on a matter are counted as present for purposes of establishing a quorum for the meeting, but are not considered entitled to vote on that particular matter. Consequently, non-votes generally do not have the same effect as a negative vote on the matter.

Street name holders of shares held in broker accounts should be aware of a change in voting rules, effective January 1, 2010, that will affect whether their shares will be voted in the election of directors. Under New York Stock Exchange Rule 452 relating to the discretionary voting of proxies by brokers, brokers will no longer be permitted to vote shares with respect to the election of directors without instructions from the beneficial owner. Similarly, brokers are not permitted to vote shares on the increase in the share reserve under the 2009 Omnibus Equity Plan without instructions. However, brokers will still be able to vote shares held in brokerage accounts with respect to the approval of the independent registered public accounting firm, even if they do not receive instructions from the beneficial owner. Therefore, street name holders of shares held in broker accounts are advised that, if they do not timely provide instructions to their broker, their shares will not be voted in connection with the election of directors or the increase in the share reserve.

CORPORATE GOVERNANCE

Board Committees

The standing committees of the Board of Directors for 2009 were as follows:

<u>Name of Committee</u>	<u>Membership</u>
Executive Committee	Susan S. Boren, William L. Mansfield Chair and Gregory R. Palen
Audit Committee	John S. Bode Chair, Susan S. Boren, Ian R. Friendly, Janel S. Haugarth, Mae C. Jemison and Richard L. White
Compensation Committee	Susan S. Boren, Jeffrey H. Curler, Charles W. Gaillard, Stephen D. Newlin and Gregory R. Palen Chair
Nominating and Governance Committee	Susan S. Boren Chair, Jeffrey H. Curler, Charles W. Gaillard, Stephen D. Newlin and Gregory R. Palen

The Board of Directors met six times during fiscal 2009.

The Executive Committee, in accordance with the Principles of Corporate Governance, generally meets or acts only in emergencies or when requested by the full Board. The Executive Committee did not meet or act during the fiscal year.

The Audit Committee held four meetings during the fiscal year. The Audit Committee Chair also held four meetings with management and the Independent Auditors prior to quarterly earnings releases. The duties and activities of the Audit Committee are described in the Audit Committee Report beginning on page 6. All members of the Audit Committee are independent under the applicable listing standards of the New York Stock Exchange (NYSE) and the requirements for audit committee independence under Rule 10A-3 under the Securities Exchange Act of 1934. The Board has determined that each Audit Committee member is financially literate and has determined that at least one member of the Audit Committee, John S. Bode, is an audit committee financial expert who is independent of management as defined in Item 401(h)(2) of Regulation S-K.

The Compensation Committee is responsible for all matters relating to compensation of senior management and directors and for adoption and administration of employee compensation and benefit plans. All members of the Compensation Committee are independent under the applicable listing standards of the NYSE. The Compensation Committee held five meetings during the fiscal year at which it reviewed and approved the compensation plans and arrangements or granted options for officers, employees and directors.

The Compensation Committee may not delegate its responsibility of overseeing executive officer and director compensation, but may, and has, delegated to management certain administrative aspects of the Corporation's compensation plans which do not involve setting compensation levels for executive officers and directors. Additional information on the role of management and compensation consultants in our compensation process is contained in the Compensation Discussion and Analysis beginning on page 7.

The Nominating and Governance Committee (the Governance Committee) held six meetings during the fiscal year at which it conducted Chief Executive Officer performance evaluations, reviewed succession plans, considered nominations for Board membership and considered other matters related to corporate governance. All members of the Governance Committee are independent under the applicable listing standards of the NYSE.

During fiscal 2009, each director attended 75% or more of the meetings of the Board and of the committees on which the director served.

Director Nomination Process

The Corporation's Board of Directors has adopted a formal process by which individuals are reviewed for possible nomination to the Corporation's Board of Directors. Under this process, the Governance Committee will consider nominees for Board membership submitted by

stockholders. Any stockholder recommendation should be submitted in writing to the Corporation in care of the Corporate Secretary at P.O. Box 1461, Minneapolis, Minnesota 55440, along with the written consent of such nominee to serve as a director if so elected. Any such recommendation by a stockholder shall be referred to the Governance Committee, and the Governance Committee, in consultation with the Corporation's General Counsel, will review the nomination in accordance with the Corporation's Board Candidate Review and Nomination Process, certificate of incorporation, by-laws and applicable laws and regulations. The Governance Committee considers general business experience, industry experience, track record as a director of other companies, probable tenure if elected and other factors as relevant in evaluating Board nominees.

4

When the Board considers an individual for possible nomination to the Board, the Governance Committee, in consultation with the Corporation's Chief Executive Officer, will prepare a profile of a candidate expected to provide the most meaningful contribution to the Board as a whole. The Governance Committee (or a subcommittee designated by the Governance Committee) will normally consider all of the following: (a) the candidate's skills, experience and other relevant biographical information, (b) the candidate's general interest in serving a public corporation, (c) the candidate's ability to attend Board and committee meetings and (d) any potential concerns regarding independence or conflicts of interest.

Following the initial screening, if the Governance Committee approves a candidate for further review, the Governance Committee will establish an interview process for the candidate. It is expected that at least a majority of the members of the Governance Committee, along with the Corporation's Chief Executive Officer, would interview each candidate. At the same time, the Governance Committee, assisted by the Corporation's General Counsel, will conduct a comprehensive conflict-of-interest assessment for the candidate. The Governance Committee will then consider reports of the interviews and the conflicts-of-interest assessment and determine whether to recommend the candidate to the full Board of Directors. A subcommittee of the Governance Committee, management representatives designated by the Governance Committee and a search firm selected by the Governance Committee may assist with the process. Any nominee recommended by a stockholder would be subject to the same process.

Upon recommendation to the full Board by the Governance Committee, Mr. Friendly was elected in June 2009 after following the process described above. The candidate was originally identified through a search conducted by the Governance Committee.

Director Independence

The Board annually reviews all relationships that directors have with the Corporation to determine whether the directors are independent. Directors are considered independent as long as they do not accept any consulting, advisory or other compensatory fee (other than director fees) from the Corporation, are not an affiliated person of the Corporation or its subsidiaries and are independent within the meaning of applicable laws, regulations and the NYSE listing requirements. The independent members of the Board meet regularly without any members of management present. In accordance with our Corporate Governance Guidelines, Ms. Boren, as Governance Chair and Lead Director, presides at executive sessions. Only independent directors serve on our Audit, Compensation and Governance Committees.

The Board has determined that a majority of the members of the Board are considered independent under applicable NYSE listing standards. The members of the Board deemed independent are John S. Bode, Susan S. Boren, Jeffrey H. Curler, Ian R. Friendly, Charles W. Gaillard, Janel S. Haugarth, Mae C. Jemison, Stephen D. Newlin, Gregory R. Palen and Richard L. White. Mr. Newlin is the Chairman, President and Chief Executive Officer of PolyOne Corporation, which supplies certain products to the Corporation. See Certain Relationships and Related Transactions. The Board considered this relationship in determining that Mr. Newlin is independent.

Communications with Certain Directors

The Chair of the Governance Committee, currently Ms. Boren, presides at regularly scheduled executive sessions of the non-management directors. Stockholders and other interested parties wishing to contact the presiding director or the non-management directors as a group may do so by writing to the Chairman of the Governance Committee in care of the Corporate Secretary at the Corporation's headquarters address.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the 1934 Act), requires the Corporation's directors, executive officers and beneficial owners of more than 10% of the common stock of the Corporation to file with the SEC certain reports regarding their ownership of common stock or any changes in such ownership. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Corporation with copies of all Section 16(a) forms that they file.

Based solely on its review of the copies of such reports received by it, and/or written representations from certain reporting persons that no Forms 5 were required for such persons, the Corporation believes that, during the year ended October 30, 2009, the reporting persons have complied with all filing requirements of Section 16(a) of the 1934 Act.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Board has adopted a written Related Person Transaction Policy. This policy is intended to supplement, and not to replace or supersede, the provisions of any other corporate policy, including but not limited to the Corporation's Principles of Corporate Governance and Code of Ethics and Business Conduct. The Related Person Transaction Policy is available on the Investors Corporate Governance section of our website at www.valsparglobal.com, as Exhibit 11 to the Principles of Corporate Governance. The Audit Committee is responsible for reviewing and approving all related person transactions and has additionally adopted standing pre-approvals for certain categories of transactions with related persons:

- 1 *Certain transactions with other companies.* Any transaction with another company in which a related person's only relationship is as an employee, director or beneficial owner of less than 10% of that company's shares, if the aggregate amount involved does not exceed the greater of \$500,000 or 1% of that company's or the Corporation's total annual revenues.
- 1 *Transactions where all stockholders receive proportional benefits.* Any transaction where the related person's interest arises solely from the ownership of the Corporation's common stock, and all holders of the Corporation's common stock received the same benefit on a pro rata basis (e.g. dividends).
- 1 *Transactions not exceeding \$100,000.* Any transaction in the ordinary course of business in which the aggregate amount involved will not exceed \$100,000, when aggregated with all similar transactions.

Stephen D. Newlin, a member of the Board of Directors of the Corporation, is the Chairman, President and Chief Executive Officer of PolyOne Corporation (PolyOne), which supplies certain products to the Corporation. In fiscal 2009, PolyOne sold products to the Corporation with an aggregate purchase price of approximately \$6.6 million. The Board of Directors reviewed these transactions and determined that they did not affect Mr. Newlin's independence.

AUDIT COMMITTEE REPORT

The primary purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities relating to accounting, reporting practices and the quality and integrity of the financial reports and other publicly disseminated financial information of the Corporation. In this context, the Audit Committee has met with management (including the Chief Executive Officer, Chief Financial Officer, General Counsel and Director of Internal Audit) and Ernst & Young LLP, the Corporation's independent registered public accounting firm (Independent Auditors).

The Audit Committee held meetings with the Corporation's internal auditors and Independent Auditors, both in the presence of management and privately, to discuss the overall scope and plans for their respective audits, the results of their examinations, the evaluations of the Corporation's internal controls, the overall quality of the Corporation's financial reports, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

Edgar Filing: VALSPAR CORP - Form DEF 14A

The Audit Committee has reviewed and discussed the audited consolidated financial statements with management and the Independent Auditors. The Audit Committee also discussed with the Independent Auditors the matters required by Statement on Auditing Standards No. 114 (The Auditor's Communication With Those Charged With Governance), other standards of the Public Company Accounting Oversight Board (United States), rules of the SEC and other applicable regulations.

With respect to independence, the Audit Committee has received the written disclosures from the Independent Auditors required under Rule 3526 of the Public Company Accounting Oversight Board (Communications with Audit Committees Concerning Independence) and has discussed with the Independent Auditors their independence.

Based upon the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, (i) the selection of the Independent Auditors for the 2010 fiscal year and (ii) that the audited financial statements be included in the Corporation's Annual Report on Form 10-K for the year ended October 30, 2009 for filing with the SEC.

The Charter adopted by the Audit Committee, as amended to date, appears as Appendix A to this Proxy Statement.

EXECUTIVE AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

Overview

This discussion and analysis describes our compensation objectives and the elements of our compensation program for executive officers for the year ended October 30, 2009 (fiscal 2009). The broad objectives of our executive compensation program are to:

1 Pay for objective financial performance

2 Align the interests of executives and stockholders

3 Attract and retain qualified, experienced executives

We seek to achieve these objectives by providing an executive compensation program with short and long term compensation elements, including a competitive base salary, stock option grants, a performance based annual cash bonus and performance based restricted stock.

In fiscal 2009, we achieved net income of \$172.9 million and pre-tax return on capital of 12.0% (excluding restructuring charges). Sales declined in fiscal 2009 to \$2.88 billion. We exceeded our fiscal 2009 financial performance goals for net income and pre-tax return on capital, but not for sales.

Compensation Program Objectives

Pay for Performance. A significant portion of the compensation for each executive is based on performance against financial objectives established by the Committee. Key elements of compensation that depend on performance include:

1 **Annual Incentive Bonus** based on performance against goals for financial measures (such as growth in net sales, net income and pre-tax return on capital) established in the first quarter of the fiscal year.

1 **Restricted Stock** based on performance against the same goals for financial measures established for the annual incentive bonus.

Alignment with Stockholder Interests. We want our executives to have a significant personal financial stake in the value of the common stock of the company. The stock options and restricted stock we grant align directly the interests of our executives and stockholders, as these grants to executives increase in value as our stock price increases.

Other types of awards increase this alignment indirectly. Annual incentive bonuses and restricted stock awards to named executives are earned based on achievement of financial performance measures (such as growth in net sales, net income and pre-tax return on capital). We believe that superior performance on these measures increases stockholder value over the long term.

We have agreements with the five executives identified in the 2009 Summary Compensation Table beginning on page 15 (referred to as our named executives) that would provide for their continued employment for, or compensation in the event their employment is terminated, during the two-year period after a change in control, such as an acquisition or merger in which Valspar is not the surviving company. These agreements reduce the likelihood of an executive leaving the company due to uncertainty surrounding an acquisition, which could serve to reduce management disruption and increase the value of the company to a potential acquirer. These agreements also help the named executives stay focused on maximizing stockholder value, without the distraction caused by the prospect of losing their compensation upon a change in control. In addition, outstanding stock options and restricted stock awards vest immediately upon a change in control.

Attract and Retain Management. Our compensation program is intended to attract qualified executives and to promote retention of our experienced management team. The named executives have a combined total of more than 100 years of service with Valspar, during which they have held different positions and have been promoted to increasing levels of responsibility.

The Committee performs periodic assessments of the competitive nature of the different elements of our compensation program. We use benchmark studies to help determine whether the total compensation of our executive officers is competitive with compensation offered by comparable companies. In addition to compensation opportunities, we believe that our severance pay policies and change in control agreements help us hire and retain qualified executives.

The vesting features of our long-term incentives promote retention by encouraging executives to remain employed by the company. Generally, stock options and restricted stock fully vest over three or more years.

Mr. Mansfield, our CEO, has a supplemental executive retirement plan (SERP) that will provide him with benefits upon his retirement that increase in value with each year that he remains actively employed by us through age 65.

Compensation Program Elements Awarded in Fiscal 2009

Consistent with our overall compensation objectives, we seek to provide a market-competitive mix of annual bonus and long-term incentive opportunities and to ensure that program participants understand the drivers of incentive opportunities available to them. The elements of this program are set forth in the Key Employee Annual Bonus Plan (the Key Employee Plan), and the formulas for these elements were generally established in August 2007. The program places a significant portion of compensation at risk each fiscal year and rewards strong performance and long-term value creation.

Base Salary. Salary adjustments for executive officers are generally considered annually. As described on page 13 under Competitive Assessments, in setting each named executive s base salary, the Committee reviews compensation studies periodically provided by an independent compensation consultant to help determine whether the compensation of our executive officers is competitive with compensation offered by comparable companies to individuals in comparable positions. The Committee also considers each executive s experience,

responsibilities relative internal pay equity and the financial performance of the Corporation. In April 2009, the Committee considered current officer salaries and business conditions and decided not to adjust officer salaries for fiscal 2009.

Bonus. The Committee establishes annual incentive bonus targets for each officer, expressed as a percentage of his or her respective base salary. In establishing the incentive bonus targets, the Committee considers annual bonus targets compiled periodically for corresponding positions at peer group companies, last evaluated in 2008, and internal pay equity among Valspar executives. The annual incentive bonus for each of the executive officers for 2009 was based upon (1) an incentive bonus target for the executive, equal to a predetermined percentage of base salary, and (2) our actual corporate performance with respect to financial performance goals established by the Committee.

In the first quarter of fiscal 2009, the Committee established each executive's incentive bonus target as a percentage of base salary based on position, ranging from 65.0% to 110.0% of base salary for the named executives. In establishing the target percentages, the Committee considers several factors including the scope and responsibilities of each position, bonus target percentages for similar roles at peer group companies as established through recent benchmark studies and relative internal equity.

In the first quarter, the Committee also established specific performance goals for the named executives. The performance goals for executives are based on financial measures (such as gross or net sales, expenses as a percentage of net sales, inventory turns, profits, return on average equity and cash flow), either on an absolute basis or a comparative basis with other fiscal years. Payouts for fiscal 2009 were based on corporate financial performance relative to the following financial measures—growth in net income, pre-tax return on capital and net sales. At the end of the fiscal year, if the executive remained employed by us, the executive was entitled to receive a cash bonus based on achievement of each of the performance goals. Potential payouts range from zero for performance less than or equal to the previous year's results, adjusted for the cost of restructuring and the 2008 gain on the sales of assets, to 200% of the incentive bonus target for exceptional performance. In prior years, the executive's potential incentive bonus payout as a percentage of target ranged from zero to 125% of the target. In 2008, the Committee increased the payout range to provide a greater incentive for current year financial performance and to adopt an annual bonus structure considered more typical of practices at peer group companies.

The Committee established fiscal 2009 performance goals for the named executives in two tiers:

- 1 basic performance goals based on three financial measures: net income growth (weighted 50% as a component of the bonus), growth in pre-tax return on capital (a variant of return on equity) (weighted 40%) and net sales growth (weighted 10%), with a payout of up to 100% of the named executive's incentive bonus target for performance equal to these basic goals; and
- 1 additional incentive performance goals for exceptional corporate performance based on two financial measures: net income growth (weighted 50%) and growth in pre-tax return on capital (weighted 50%), with an additional payout of up to 100% of the named executive's incentive bonus target for performance equal to these additional goals. Payout for additional goals would only apply if performance on these two measures exceeded the 100% payout level against the basic performance goals.

In the first quarter of fiscal 2009, the Committee established the following performance goals for each of the financial performance measures:

Basic Performance Goals 100% Potential Maximum Payout

USD (000s)	Entry Point: 0% Payout	Basic Goal: 100% Payout	Weighting
Net Income	\$ 157,490	\$ 165,000	50%
Pre-Tax Return on Capital	11.2%	11.5%	40%
Net Sales	\$ 3,482,378	\$ 3,482,380	10%

Additional Incentive Performance Goals 100% Potential Additional Payout

USD (000s)	Entry Point: No Additional Bonus	Additional Goal: 100% Payout	Weighting
Net Income	\$ 165,000	\$ 185,000	50%
Pre-Tax Return on Capital	11.5%	12.9%	50%

Edgar Filing: VALSPAR CORP - Form DEF 14A

The basic performance goals were established so that achievement of the 100% payout would represent strong performance in each of the financial measures, based on prior year performance and general economic conditions, and be difficult, but achievable. Based on expected challenging economic conditions in fiscal 2009, particularly with respect to demand for our products, the Committee emphasized growth in net income and pre-tax return on capital over growth in net sales, as better measures of operational discipline and performance. The additional incentive performance goals were established to incent and reward exceptional performance in net income and pre-tax return on capital. As an indication of the difficulty of achieving our performance goals, the average payout for achievement of corporate performance goals (including payouts for achievement of the additional incentive performance goals where applicable) for the past five years has been 67.7% of the total targeted incentive bonus levels.

In fiscal 2009, we achieved net income of \$172.9 million, pre-tax return on capital (a variation of return on equity) of 12.0% and net sales of \$2.88 billion (excluding restructuring charges, as noted below). The Committee excluded after-tax restructuring charges of \$12.8 million from the performance goals. These charges were incurred in 2009 and were excluded from the performance goals so as not to penalize employees for taking restructuring actions in the long-term best interests of Valspar and its stockholders. Based on our 2009 financial performance, the company achieved the basic goals and partially achieved the additional incentive goals for net income and for pre-tax return on capital (both exclude the above restructuring charges), but not the performance goal for net sales. Therefore, the incentive bonus payouts represented 124.9% to 127.6% of the incentive bonus target, with the resulting bonuses representing a range of 81.2% to 140.4% of base salary for the named executives.

In recognition of Valspar's strong fiscal 2009 performance relative to its peers and the overall market during a challenging economic period the Committee awarded discretionary bonuses after the end of the fiscal year of \$99,000 to Mr. Mansfield; \$24,500 to Ms. Walker; \$42,000 to Mr. Hendrickson; \$31,500 to Mr. Erdahl; and \$29,000 to Mr. Eng.

Stock Options and Restricted Stock (Long-Term Incentives). Long-term incentive opportunities are provided in the form of stock options and performance based restricted stock.

Under our executive compensation program, the Committee establishes a Long-Term Incentive Target Value (LTI Target) for each participant annually. In setting the individual LTI Targets, the Committee considers the long-term incentive levels for like positions at peer group companies, last evaluated in 2008, as well as relative internal pay equity and the potential long-term incentive opportunities that had been provided to executives under our former executive compensation program. Half of the LTI Target for each year is granted in the form of a stock option. The other half of the LTI Target represents a targeted level of restricted stock that can be earned, contingent on achievement of financial performance goals for the fiscal year.

The actual value of the restricted stock award will range from zero to 125% of the target level, depending on performance during the fiscal year against the goals set by the Committee. The performance goals for the restricted stock grant are the same as the performance goals established for the annual incentive bonus.

Restricted stock grants are made after the end of the fiscal year based on achievement of the performance goals established in the first quarter of the year. Restricted stock grants are subject to forfeiture for three years from the date of grant if the participant's employment with Valspar terminates for any reason other than death, disability, retirement or a change in control of Valspar.

The future value of these stock options and restricted stock grants depends on the value of Valspar's common stock, thus aligning the interests of the named executives with stockholder interests. By linking the amounts of these incentives to the amounts of long-term incentives granted to executives at competitive companies, the amended program assists Valspar to attract and retain talented executives. Further, the amount of restricted stock grants is designed to reward performance based on objective financial measures, which are considered by the Committee to enhance stockholder value.

Prior LTIP. Prior to August 2007, we had in effect a long-term incentive plan (the LTIP). Under the LTIP, executive officers received annual awards with three year performance period. Payouts under the LTIP were based on performance against three-year earnings per share goals established by the Committee. In August 2007, in order to align better the executive compensation program with our compensation objectives, the Committee adopted a number of amendments to the executive compensation program, with corresponding amendments to the Key Employee Plan. These amendments changed the formulas for awarding stock options and restricted stock to executives, and additional awards under the LTIP were discontinued. The final, remaining LTIP award for the 2007 - 2009 performance period was paid in January 2010 (and included in the 2009 amounts shown in the Summary Compensation Table beginning on page 15).

No Employment Agreements. We do not have employment agreements with any of the named executives. Our named executives serve at the will of the Board of Directors, which enables us to terminate their employment at any time. However, we have entered into change in control agreements as described below. Also, the Committee has adopted a policy of making severance payments equal to one year's salary, and certain other benefits, to executive officers whose employment is terminated without cause as described in more detail under Severance Policy For

Edgar Filing: VALSPAR CORP - Form DEF 14A

Officers on page 22. This policy is intended to assist in establishing standardized benefits for termination without cause and to induce all terminated officers to enter into three-year non-compete agreements with Valspar.

No Pensions. None of the named executives is eligible for a Valspar pension, but we have established an unfunded executive retirement plan for Mr. Mansfield as described below under SERP for Chief Executive Officer.

Change in Control Agreements. We have entered into agreements with certain key employees, including the named executives, providing for the continued employment or compensation of the employees, and for the payment of other benefits, after a change in control of Valspar. The Key Employee Plan, the 1991 Stock Option Plan, the 2001 Stock Incentive Plan and the 2009 Omnibus Equity Plan all provide that stock options and restricted stock granted under such plans all vest immediately upon a change in control of Valspar. The change in control agreements for the named executives provide for a two-year employment term with the Corporation after the change in control, and a lump sum payment equal to three times an executive's annual base salary and target annual bonus (plus three years of continued benefits) if such employment is terminated by the Corporation without cause or by the executive for good reason during the two-year employment term.

Retirement. Under Valspar's Prior Plans, stock options and restricted stock granted to the named executives vest immediately upon retirement after age 60, or early retirement after age 55 with an executed non-compete agreement. Effective for fiscal year 2009 stock options and fiscal year 2010 restricted stock granted to executives under the 2009 Omnibus Equity Plan will vest upon retirement after age 55 with an executed non-compete agreement.

SERP for Chief Executive Officer. We established an unfunded supplemental executive retirement plan (a SERP) for Mr. Mansfield in connection with his promotion to Chief Executive Officer in 2005, at age 56. We adopted a restated SERP for Mr. Mansfield in December 2008 to comply with Section 409A of the Internal Revenue Code and changes to Minnesota income tax laws. The restated SERP benefits will consist of a lump sum payment following termination of employment, equal to the actuarial equivalent of a monthly annuity for Mr. Mansfield's life expectancy based on percentages of the average of Mr. Mansfield's highest five years of compensation over the ten years prior to termination, with such percentages ranging from 25% of the average compensation upon normal retirement at age 60 to 40% of the average compensation upon retirement at age 65. This plan is a valuable retention tool because, although Mr. Mansfield first became eligible for benefits under the SERP during fiscal 2008 (when he reached the age of 60), his benefits under the SERP increase each year he remains with Valspar through age 65.

Other Compensation. We provide perquisites and other benefits, as reflected in the table titled 2009 Components of All Other Compensation, on page 16, to our named executives. The perquisites may include physical examinations, a car allowance, financial counseling and tax preparation services, club dues, premium equivalent value for life insurance or other items. We believe these benefits help the company attract and retain qualified executives and are reasonable in amount. Other benefits include dividends paid on restricted stock grants that are subject to a risk of forfeiture, an annual contribution by Valspar to The Valspar Savings and Retirement Plan and a cash payment in lieu of retirement contributions that the named executives do not receive due to plan limitations.

Tying Fiscal 2009 Compensation Programs and Elements to Compensation Objectives

We rely on common sense and good judgment in making compensation decisions, based on our overall performance and the performance and responsibilities of the named executives. We try to achieve a balance among our objectives of pay for performance, alignment with stockholders and management attraction and retention by offering a variety of compensation elements, each with specific goals or emphasis. We work to achieve an appropriate mix of short and long-term compensation, as well as equity and cash compensation, to meet our objectives. We establish performance goals for objective financial measures at the beginning of each year as a basis for the annual incentive bonus, and those performance goals are also used for restricted stock grants. We maintain sufficient flexibility to allow us to retain and motivate our named executives to deliver long-term performance and value to stockholders and to align their interests with stockholder interests.

The chart below indicates how each element of our fiscal 2009 executive compensation program was intended to achieve our stated compensation objectives of paying for objective financial performance, aligning the interests of executives and stockholders and attracting and retaining qualified, experienced executives.

2009 Performance. Our reported net income was \$160.2 million. Excluding after-tax restructuring charges of \$12.8 million, net income was 9.8% higher than the entry point for fiscal 2009 performance goals. Our 2009 pre-tax return on capital, a variation of return on equity, was 12.0% (excluding the restructuring charges), which was 80 basis points higher than the entry point for fiscal 2009 performance goals. Sales of \$2.88 billion in fiscal 2009 represented a decline of 17.3% from fiscal 2008. We also generated operating cash flow of \$337.7 million, an increase of \$73.2 million from last year. The base salaries of the named executives were not increased in 2009, and the bonus earned for corporate performance averaged 96.9% of salary (ranging from 81.2% to 140.4% of base salary for the named executives). As a result of our fiscal 2009 performance with respect to net income and pre-tax return on capital (both excluding restructuring charges) against the 2009 performance goals, the annual incentive bonus and restricted stock awards for each of the named executives were higher for 2009 than for 2008. Based on Valspar's strong performance in fiscal 2009 relative to its peers and the overall market, the Committee also awarded a discretionary bonus to each of the named executives.

Competitive Assessments. The Committee engages outside compensation consultants from time to time. In 2008, the Committee engaged Hewitt Associates LLC (Hewitt), as the Committee's outside compensation consultant to provide executive compensation advisory services, which included reviewing the effectiveness and competitiveness of our executive and director compensation programs and policies. Hewitt does not provide any other services to Valspar. We use compensation studies provided by Hewitt as a benchmark to help determine whether the compensation of our named executives is competitive with compensation offered to executive officers at comparable companies. To attract and retain experienced, qualified executives, we target the 50th percentile within our peer group to compensate the named executives with respect to base salary and the 50th to 75th percentile for total compensation, contingent on achievement of our financial performance goals.

Edgar Filing: VALSPAR CORP - Form DEF 14A

In April 2008, Hewitt compared the compensation of our executives to those of a peer group consisting of 53 manufacturing, specialty chemical and consumer product companies with sales generally in the range of \$1 billion to \$8 billion. For comparative purposes, pay data for peer group companies used to estimate the competitive market values for our executives was size adjusted by Hewitt to ensure correlation to their individual revenue responsibilities.

The companies included in the peer group are listed below.

Air Products and Chemicals, Inc.	H. B. Fuller Company	Potash Corporation of Saskatchewan Inc.
Avery Dennison Corporation	Harley-Davidson Motor Company Inc.	PPG Industries, Inc.
Avon Products, Inc.	Hercules Incorporated	Praxair, Inc.

Hewitt also made the same comparisons in April 2008 against a smaller group of nine companies considered to be industry peers of Valspar: Chemtura Corporation, Ecolab Inc., Hercules Incorporated, Olin Corporation, PolyOne Corporation, PPG Industries, Inc., Rohm and Haas Company, RPM International, Inc. and The Sherwin-Williams Company. Eighteen executive positions at Valspar were included in this benchmark study comparing base salary, annual incentives and long-term incentives with the peer groups. This study concluded that in aggregate our base salaries were within a competitive range of base salaries at peer group companies. This study also provided data to help determine market competitive levels for our executive compensation program. In addition to comparing compensation levels of our executives with compensation levels of executives in comparable positions at peer group companies, the Committee also considers internal pay equity among Valspar executives.

Roles of Compensation Committee and CEO

The Compensation Committee of our Board of Directors is responsible for all matters relating to compensation of senior management, including the named executives, adoption and administration of compensation and benefit plans and programs and determination and approval of compensation for the named executives, including the CEO.

The Committee has the authority to retain, manage and dismiss compensation consultants or other professionals, as it deems necessary or appropriate.

13

To assist the Committee, the CEO and Senior Vice President, Human Resources, provide information and recommendations about compensation, programs and policies when requested by the Committee or its Chair. The other named executives have no related involvement with the Committee.

As requested by the Committee or its Chair, the CEO and other management personnel attend Committee meetings, but are excused at such times as the Committee deems appropriate.

Stock Ownership Guidelines

To more closely align their interests with those of shareholders, our stock ownership guidelines for our officers, including the named executives, are as follows: for the CEO, the guidelines specify stock ownership representing five times his base salary within five years after becoming CEO; for the other named executives, the guidelines specify stock ownership representing three times their base salary within five

years after becoming an executive officer. The officers who do not meet the guidelines have not yet been in their positions for five years.

Stock Option Grant Practices

Valspar's annual stock option awards are granted in October of each year. The company does not time its annual grants to coordinate with the release of material non-public information and does not coordinate or time the release of company information with grant dates. On occasion, the company grants options outside of the annual grant cycle for new hires and promotions. Grants to executive officers are approved by the Committee with an effective date of grant on the date of approval or, if later, the effective date of the new hire or promotion.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally limits to \$1 million the tax deductibility of compensation paid by a public company to its chief executive and four other most highly compensated executive officers. Certain performance based compensation is not subject to the limitation. The Compensation Committee considers the deductibility of compensation arrangements as one factor in executive compensation decisions for the named executives. However, deductibility is not the sole factor used to determine appropriate levels or types of compensation. The provisions of our equity and annual incentive bonus plans are intended to permit tax deductibility of compensation income of the named executives received under those plans. Since corporate objectives may not always be consistent with the requirements for full deductibility, it is conceivable that we may enter into compensation arrangements under which compensation in excess of \$1 million is not deductible under Section 162(m).

Prior Long-Term Incentive Plan

As stated above, the LTIP awards were discontinued in 2007. The final remaining LTIP award for the 2007-2009 performance period was paid in January 2010.

To be eligible to receive the LTIP payout, the named executive must be an active employee of Valspar on the last day of the three-year performance period, provided that the executive would receive a prorated amount if his or her employment is terminated during the performance period due to death, disability or retirement. The payout at the end of the period is based on achievement of the earnings per share goals established within a range in the first quarter of the three-year period, with the payout ranging from a minimum of 40% of the LTIP target award to a maximum of 160% of the LTIP target award. The earnings per share goals were intended to represent strong earnings growth, based on prior year performance and prevailing business conditions, and to be difficult, but achievable.

The named executives received cash payouts under their LTIP awards granted for fiscal 2007-2009, in an amount equal to 40% of the LTIP target awards. This amount was based on a formula under which one-half of a long-term incentive target amount was awarded in the form of the LTIP target award and one-half was to be awarded in the form of a stock option. These payouts are reflected in the 2009 Summary Compensation Table beginning on page 15 under the column "Non-Equity Incentive Plan Compensation" and the corresponding footnote. The amount of the LTIP target award was equal to a percentage of 2006 base salary (30% for Mr. Mansfield and Mr. Hendrickson, 26% for Ms. Walker, 23% for Mr. Erdahl and Mr. Engh).

Restricted Stock Awards

As stated above under "Compensation Program Elements Awarded in Fiscal 2009 - Stock Options and Restricted Stock (Long-Term Incentives)", each of the named executives received a restricted stock grant in

January 2010 relating to the achievement of financial performance goals for fiscal 2009 that were established under the Key Employee Plan. The target value of the restricted stock was equal to one-half of the executive's LTI Target. The actual value of the restricted stock earned based on achievement of the fiscal 2009 performance goals ranged from 112.5% to 113.8% of the target values.

Our fiscal 2009 awards of restricted stock are reflected in the 2009 Summary Compensation Table beginning on page 15 under the column "Stock Awards" and the corresponding footnote. The awards are also reflected in the 2009 Grants of Plan-Based Awards table on page 17 and the Outstanding Equity Awards at Fiscal Year-End table beginning on page 18. Restricted stock granted to our executives for fiscal 2009 will vest over a three-year period from the date of grant (January 2010) through January 2013, subject to forfeiture upon termination of employment for any reason other than death, disability, retirement or a change in control of Valspar.

The SERP was amended and restated effective December 31, 2008, to comply with Section 409A of the Internal Revenue Code and changes to Minnesota income tax laws.
- 1 The SERP was designed to provide additional benefits upon retirement of Mr. Mansfield at or after age 60, tied to a fixed percentage of his average base salary and annual cash incentive bonus over the five highest compensation years out of the most recent ten-year period of employment prior to termination.
- 1 Mr. Mansfield will be entitled to receive the benefits under the SERP if his employment terminates due to death, disability, change in control of Valspar, normal retirement at or after age 60 or involuntary termination by Valspar other than for cause.
- 1 Valspar's obligation to pay the SERP benefit is unfunded and unsecured.
- 1 The SERP benefit will consist of a lump sum payment following termination of employment, equal to the actuarial equivalent of a monthly annuity for Mr. Mansfield's life expectancy based on percentages of the average of Mr. Mansfield's highest five years of compensation over the ten years prior to termination, with such percentages ranging from 25% of his average compensation upon normal retirement at age 60 to 40% of his average compensation upon retirement at age 65.
- 1 Determination of SERP Benefit:
 - o The payment is equal to the target pension (described below), less an offset for benefits received under The Valspar Savings and Retirement Plan and the Lost ERISA plan.
 - o The target pension level is determined 90 days prior to the payment of the SERP benefit, and the benefit offset is determined on the date of separation, death or disability.
- 1 Target Pension:

Age at Separation of Service	Percentage of Average Monthly Compensation
60	25%
61	28%
62	31%
63	34%
64	37%
65	40%

Severance Policy for Officers

The Compensation Committee has approved a severance policy for officers, providing for certain severance benefits in the event of termination without cause, but only if the officer signs a three-year non-compete agreement:

- 1 One year's base pay
- 1 Immediate vesting of LTIP benefits, pro rata for the portion of the performance period(s) during which the officer was employed, with the payout increased as if the officer completed one year's additional service (no further LTIP awards granted after fiscal 2007)
- 1 Immediate vesting of all stock options
- 1 Retiree medical benefits if the officer has reached age 55

Hypothetical Termination Payments

The following tables provides information on the potential payments that would have been payable to each of the named executives under existing contracts, agreements, plans or arrangements, for various scenarios involving termination of employment (other than a change in control) if the triggering events for the payments had each occurred on October 30, 2009. The tables use the closing price of our common stock of \$25.37 as of October 30, 2009. These benefits are in addition to benefits available prior to the occurrence of any termination of employment to all salaried employees, such as distributions under The Valspar's Savings and Retirement Plan.

Change in Control Arrangements

Valspar has entered into agreements with the named executives providing for the continued employment of such executives for a period of up to two years following a change in control of Valspar. During such two-year period, executives would continue to be employed and compensated commensurate with their positions and compensation prior to the change in control. The change in control agreements each have a two-year term, subject to an annual evergreen extension for an additional two years. The company is permitted to terminate the agreement by providing the executive with written notice of termination at least 60 days prior to the next annual renewal date. The employment and severance compensation provisions of the agreement do not, however, take effect until a Change in Control (defined below) has occurred during the term of the agreement.

Under the change in control agreements, an executive becomes entitled to a lump sum payment and the continuation of certain benefits upon any termination of the executive's employment with Valspar (or an applicable subsidiary), after a change in control, for any reason other than: (a) by the executive without good reason; (b) by Valspar as a result of the disability of the executive or for cause; or (c) as a result of the death of the executive. Severance payments required under each agreement include a lump sum amount equal to three times the named executive's annual base salary and target annual bonus (plus three years of continued benefits). For this purpose, the annual base salary is defined as the 12 times the highest monthly base salary paid (or payable) to the executive in the one-year period preceding the month in which a Change in Control Period (as defined below) begins; and the target annual bonus is defined as the targeted annual cash bonus payment for the fiscal year during which a Change in Control Period begins. The company will also be obligated to provide the executive (and his or her family) with health care and life insurance benefits at least equal to, and at the same after-tax cost, as those which would have been provided absent a termination (subject to alteration in the event that such benefits are later increased to peer executives at the company).

Under the change in control agreements, Valspar will at its sole expense provide a terminated executive with outplacement services substantially similar to those available to the executive immediately prior to the change in control. In addition, Valspar will pay all legal fees and expenses that an executive reasonably incurs as a result of any contest (regardless of the outcome thereof) respecting the validity or enforceability of, or liability under, any provision of the executive's change in control agreement or any guarantee of performance thereof (including as a result of any contest by the executive about the amount of any payment pursuant to the change in control agreement), plus interest. Finally, Valspar will also pay any excise taxes that the executive may incur as a result of such payments, and any income and excise taxes on such excise tax payments.

Definitions

Change in Control means any of the following:

Edgar Filing: VALSPAR CORP - Form DEF 14A

- 1 any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934 (the Exchange Act) (a Person) becoming the beneficial owner (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 20% or more of either (A) the then-outstanding shares of common stock of the company or (B) the combined voting power of the then-outstanding voting securities of the company entitled to vote generally in the election of directors provided, however, that (i) any acquisition directly from the company, (ii) any acquisition by the company and (iii) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the company or any affiliated company do not constitute a Change in Control;
- 1 individuals who, as of the date of the agreement, constitute the Board of Directors (the Incumbent Board), together with any individuals becoming a director after the date of the agreement whose election, or nomination for election by the company s stockholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board, ceasing for any reason to constitute at least a majority of the Board of Directors;
- 1 subject to certain limited exceptions, any consummation of a reorganization, merger, statutory share exchange or consolidation or similar transaction involving the company or any of its subsidiaries, a sale or other disposition of all or substantially all of the assets of the company, or the acquisition of assets or stock of another entity by the company or any of its subsidiaries (each, a Business Combination); or
- 1 approval by our stockholders of a complete liquidation or dissolution of Valspar.

Change in Control Period means the period commencing on the date of the agreement and ending on the second anniversary of that date; provided, however, that, commencing on each anniversary date of a change in control agreement (such date, the Renewal Date), unless previously terminated, the Change in Control Period

23

shall be automatically extended so as to terminate two years from such Renewal Date, unless, at least 60 days prior to the Renewal Date, the company shall give notice to the executive that the Change in Control Period shall not be so extended.

Good Reason means:

- 1 the assignment to the executive of any duties inconsistent in any respect with the executive s position (including status, offices, titles and reporting requirements), authority, duties or responsibilities as contemplated by the agreement, or any action by the company that results in a diminution in such position, authority, duties or responsibilities (whether or not occurring solely as a result of the company s ceasing to be a publicly traded entity), excluding for this purpose an isolated, insubstantial and inadvertent action not taken in bad faith and that is remedied by the company promptly after receipt of notice thereof given by the executive;
- 1 any failure by the company to comply with any of the compensation-related provisions of the change in control agreement, other than an isolated, insubstantial and inadvertent failure not occurring in bad faith and that is remedied by the company promptly after receipt of notice thereof given by the executive;
- 1 requiring the executive to be based at (i) any office or location other than as determined under the change in control agreement and that increases the distance or duration of the executive s commute, (ii) a location other than the principal executive offices of the company if the executive was employed at such location immediately prior to any change in control or (iii) any location that increases the distance or duration of the executive s commute;
- 1 any purported termination by the company of the executive s employment otherwise than as expressly permitted by the change in control agreement; or
- 1 any other action or inaction that constitutes a material breach by the company of the change in control agreement.

For the above purposes, any good faith determination of Good Reason made by the executive shall be conclusive. The executive s mental or physical incapacity following the occurrence of an event constituting Good Reason shall not affect the executive s ability to terminate employment for Good Reason, and the executive s death following delivery of a notice of termination for Good Reason shall not affect the entitlement of the executive s estate to severance payments benefits provided hereunder upon a termination of employment for Good Reason.

Cause means (1) the willful and continued failure of an executive to perform substantially the executive s duties (other than any failure resulting from incapacity due to physical or mental illness or following the executive s delivery of a notice of termination for Good Reason), after a written demand for substantial performance is delivered to the executive by the Board of Directors that specifically identifies the manner in which the Board believes that the executive has not substantially performed the executive s duties, or (2) the willful engaging by the executive in illegal conduct or gross misconduct that is materially and demonstrably injurious to the company. For these purposes, no act, or failure to act, on the part of an executive is considered willful unless it is done, or omitted to be done, by the executive in bad faith or without reasonable belief

Edgar Filing: VALSPAR CORP - Form DEF 14A

that the executive's action or omission was in the best interests of the company. In this regard, any act, or failure to act, based upon (A) authority given pursuant to a resolution duly adopted by the Board of Directors (or the board of directors of an applicable subsidiary), or (B) the advice of counsel for the company shall be conclusively presumed to be done, or omitted to be done, by the executive in good faith and in the best interests of the company.

In addition to the change in control agreements, Valspar's equity and non-equity compensation plans also contain provisions regarding changes in control. Under the equity plans, including the 2009 Omnibus Equity Plan, and under individual award agreements, any unvested stock options and restricted stock vest immediately upon a change in control of Valspar and stock options are exercisable for the remainder of their term. Under the non-equity plans governing awards made prior to fiscal 2008 (LTIP awards), outstanding awards with remaining performance periods vest immediately with a cash payment equal to the value calculated to include actual financial results for fiscal years already completed and assuming achievement of target results for each fiscal year remaining in any performance period.

Potential Payments Upon Change In Control

The following table provides information on the potential payments that would have been payable to each of the named executives under existing contracts, agreements, plans or arrangements, for a change in control if the change in control and any other triggering event for the payments had each occurred on October 30, 2009.

- (5) This amount reflects the present value of accumulated benefits of Mr. Mansfield's SERP that would be payable in a single lump sum upon a change in control as of October 30, 2009.
- (6) This amount reflects the amount equal to the excise tax and taxes thereon charged, if any, to the named executives as a result of any change in control payments under Section 280G of the Internal Revenue Code.

Director Compensation

Fees Payable in Cash or Stock. In fiscal 2009, non-employee directors received an annual retainer of \$75,000, except the Chairs of the Audit and Compensation Committees received an annual retainer of \$90,000 and the Lead Director, Ms. Boren, received an annual retainer of \$110,000. At a director's option, the annual retainer may be paid in cash or by Valspar purchasing shares of its common stock in the open market quarterly on behalf of the director. Any costs of such purchases are paid by Valspar. No meeting fees are paid to directors.

Non-employee directors appointed to any subcommittee of the standing committees of the Board of Directors receive an additional cash retainer of \$5,000.

Annual Non-Qualified Stock Option Grant. Each non-employee director is granted non-qualified stock options every year under the 2009 Omnibus Equity Plan. For grants in respect of service in fiscal year 2009, each non-employee director serving as a member of the Board of Directors on the date of the October Board meeting was granted on the date of such meeting non-qualified stock options with a value equal to \$75,000. The valuation of the option is based on the valuation of the options for purposes of Valspar's audited financial statements for such fiscal year. The per share option exercise price is equal to 100% of the fair market value of Valspar's common stock on the date of grant as determined

Edgar Filing: VALSPAR CORP - Form DEF 14A

by the closing price on the date of grant. Each option is immediately exercisable in full, has a term of ten years and is transferable to family members during the lifetime of the optionee. The non-employee directors received options on October 21, 2009 to purchase the following numbers of shares at an exercise price of \$26.37 per share: Mr. Bode, 12,600 shares; Ms. Boren, 12,600 shares; Mr. Curler, 12,600 shares; Mr. Friendly, 5,250 shares; Mr. Gaillard, 12,600 shares; Ms. Haugarth, 12,600 shares; Dr. Jemison, 12,600 shares; Mr. Newlin, 12,600 shares; Mr. Palen, 12,600 shares and Dr. White, 12,600 shares.

Effective for fiscal 2010, the non-qualified stock option grant for non-employee directors will be replaced with a stock award. Each non-employee director serving as a member of the Board of Directors on the date of the October Board meeting will be granted a stock award with a value equal to his or her then current annual retainer.

New Director Non-Qualified Stock Option Grant. New non-employee directors of Valspar receive non-qualified stock options, intended to attract new directors of high caliber and qualifications and recognize their immediate contributions to Valspar. In fiscal 2009, a non-qualified stock option grant was made to Mr. Friendly, who joined the board in June 2009. The non-qualified stock option was for 12,500 shares with an exercise price of \$21.97 under 2009 Omnibus Equity Plan on June 17, 2009. The value of the option was equal to \$75,000, or one-year's retainer for directors, and was based on the valuation of the options for purposes of Valspar's audited financial statements for fiscal year 2009. The per share exercise price was equal to 100% of the fair market value

25

of Valspar's common stock on the date of grant as determined by the closing price on the date of grant. The option is immediately exercisable in full, has a term of ten years and is transferable to family members during the lifetime of the optionee.

Effective with fiscal 2010, the non-qualified stock option grant for new non-employee directors will be replaced with a stock award equal to his or her current annual retainer. The stock award is restricted for five years, and the director must be serving as a member of the Board on the date the restrictions lapse to receive the award.

Board Retirement. Option grants in October 2007, and subsequent grants, including option grants in October 2009, will be exercisable for their full remaining term following a non-employee director's retirement. Options granted prior to October 2007 are exercisable for a period of three years after the date the non-employee director retires, not to exceed the grant's original expiration date.

Reimbursement of Out-of-Pocket Expenses. Directors are entitled to reimbursement for reasonable out-of-pocket expenses incurred in connection with travel to and from meetings of the Board of Directors or its committees and for related activities, including director education courses.

PROPOSAL NUMBER TWO

Approval of an Amendment to The Valspar Corporation 2009 Omnibus Equity Plan

Background

On December 9, 2009, our Board of Directors approved an amendment to The Valspar Corporation 2009 Omnibus Equity Plan (the Omnibus Plan) that would, subject to stockholder approval, add 3,000,000 shares to the reserve of shares authorized for issuance under the Omnibus Plan. The purpose of the Omnibus Plan is to increase stockholder value and to advance the interests of the Corporation by furnishing a variety of incentives

26

designed to attract, retain and motivate key employees and consultants of the Corporation and its subsidiaries, and directors of the Corporation. The Omnibus Plan was adopted to replace the Corporation's 1991 Stock Option Plan, Stock Option Plan for Non-Employee Directors, Key Employee Restricted Stock Plan and 2001 Stock Incentive Plan (together, the Prior Plans) with a single plan providing us with significant flexibility in determining the types and specific terms of awards made to participants. As of December 28, 2009, approximately 3,298,550 shares of common stock were available for issuance under the Omnibus Plan.

Summary of the Plan

The following description of the Omnibus Plan is only a summary of certain provisions of the Omnibus Plan and is qualified in its entirety by reference to the full text of the Omnibus Plan.

Administration of the Plan

Our Compensation Committee administers the Omnibus Plan and has complete authority to award incentives, to interpret the plan and to make any other determination which it believes necessary and advisable for the proper administration of the plan. The committee's decisions on matters relating to the Omnibus Plan are final and conclusive on the Corporation and participants in the plan.

The Corporation's Chief Executive Officer may, on a discretionary basis and without committee review or approval, grant stock options under the Omnibus Plan to purchase up to 5,000 shares each to employees of the Corporation who are not officers. Such discretionary grants may not exceed 25,000 shares in total in any fiscal year. Subject to these limitations, the Chief Executive Officer will determine from time to time (i) the employees to whom these grants will be made, (ii) the number of shares to be granted, and (iii) the terms and provisions of each stock option (which need not be identical).

Eligible Participants

Officers of the Corporation, employees of the Corporation or a subsidiary, members of the Board, and consultants or other independent contractors who provide services to the Corporation or a subsidiary are eligible to receive incentives under the Omnibus Plan when designated

by the committee.

Shares Available For Awards

The aggregate number of shares of our common stock available for awards made under the Omnibus Plan is currently 3,298,550. If adopted by our stockholders at the annual meeting, this proposal will make available for issuance under the plan an additional 3,000,000 shares, bringing the total number of shares reserved for awards to 6,298,550. If an incentive granted under the Omnibus Plan (or previously granted under any of the Prior Plans) expires or is terminated or canceled unexercised as to any shares of common stock or forfeited or reacquired by the Corporation pursuant to rights reserved upon issuance thereof, such shares may again be awarded under the Omnibus Plan pursuant to another incentive award, subject to the plan's share counting requirements for incentives other than stock options or stock appreciation rights (SARs). Nevertheless, the number of shares of common stock awarded under the Omnibus Plan pursuant to all incentives, other than stock options and SARs, will reduce the number of shares of common stock available to be awarded under the plan by a multiple of 2.53 times the actual number of shares of common stock awarded pursuant to any such incentive other than stock options and SARs. For example, if the committee awards 100 shares of restricted stock to a participant, the number of shares remaining and available to be issued under the Omnibus Plan will be reduced by 253 shares. Any shares of common stock covered by a stock option or SAR will be counted in full against the share limitation, regardless of the number of shares of common stock actually issued upon the exercise of such stock option or SAR.

In any one fiscal year, no person may receive awards under the Omnibus Plan that could result in that person receiving, earning or acquiring (a) stock options and SARs for, in the aggregate, more than 500,000 shares of common stock, (b) stock awards, restricted stock, restricted stock units and performance shares, in the aggregate, covering more than 250,000 shares of common stock and (c) performance awards payable in cash with a maximum amount payable exceeding \$3,000,000.

The number of shares authorized under the Omnibus Plan and the limitations on awards in any fiscal year will be adjusted appropriately by the committee in the event of any change in the outstanding common stock of the Corporation by reason of a stock dividend, stock split, reverse stock split, combination of shares, spin-off, dividend (other than regular, quarterly cash dividends), recapitalization, merger or similar event, in order to reflect the change in the common stock and to provide participants with the same relative rights before and after such adjustment.

27

Types of Awards and Terms and Conditions

The Omnibus Plan permits the granting of incentives in any one or a combination of the following forms:

- 1 non-qualified stock options which are not intended to qualify under Section 422 of the Internal Revenue Code (the Code);
- 1 SARs payable in shares of common stock;
- 1 restricted stock and restricted stock units;
- 1 performance awards of cash, stock or property; and
- 1 stock awards.

Payment of incentives may be in the form of cash, shares of common stock, or any combination as determined by the committee.

Stock Options. The holder of an option will be entitled to purchase a number of shares of our common stock at a specified exercise price during a specified time period, all as determined by the committee. The exercise price will be payable (a) in cash upon exercise of the stock option, payable by certified check or bank draft, or otherwise as determined by the committee; (b) to the extent permitted in the option agreement, by the delivery of shares of common stock in payment of all or any part of the exercise price, valued at the fair market value on the date the stock option is exercised; or (c) unless otherwise provided in the option agreement, by instructing the Corporation to withhold from the shares of common stock issuable upon exercise of the stock option shares of common stock in payment of all or any part of the exercise price and/or any related withholding tax obligations, valued at fair market value.

The exercise price per share under any stock option may not be less than the fair market value of our common stock on the date of grant of that option.

Edgar Filing: VALSPAR CORP - Form DEF 14A

Stock Appreciation Rights. An SAR is a right to receive, without payment to the Corporation, the aggregate amount of appreciation in the number of shares of common stock covered by the SAR, payable in the form of shares of common stock. SARs vest and become exercisable in accordance with a vesting schedule established by the committee. The term of each SAR will be determined by the committee, but may not exceed ten years from the grant date. An SAR may be granted (a) with respect to any stock option either concurrently with the grant of such stock option or at such later time as determined by the committee or (b) alone, without reference to any stock option.

The exercise price per share of any SAR may not be less than the fair market value of our common stock on the date of grant of that SAR.

Restricted Stock. Restricted stock is common stock that is sold or transferred to a participant at a price, if any, determined by the committee and subject to restrictions and other terms and conditions established by the committee. The restrictions may include a prohibition against transfer of the shares, to lapse at such time or times as the committee determines, and a requirement that the holder forfeit (or resell back to the Corporation at his or her cost) all or a part of such shares in the event of termination of his or her employment or consulting engagement while the shares are subject to restrictions. A participant receiving restricted stock generally will have all the rights of a stockholder with respect to shares of stock during any period in which the shares are subject to forfeiture and restrictions on transfer, including without limitation, the right to vote the shares. Dividends paid in cash or property other than common stock with respect to shares of restricted stock will be paid to the participant currently.

Restricted Stock Units. A restricted stock unit is a right to receive one share of common stock at a future date that has been granted subject to terms and conditions, including a risk of forfeiture, established by the committee. Participants who receive restricted stock units will have no rights as stockholders with respect to such restricted stock units until the share certificates for common stock are issued to the participants. However, to the extent provided by the committee in the award agreement, quarterly during the applicable restricted period, the Corporation will pay to each such participant an amount equal to the sum of all dividends and other distributions paid by the Corporation on the equivalent number of shares of common stock. Except as otherwise determined by the committee, if the participant's employment or service as a director terminates during the vesting period for any reason, the restricted stock units will be forfeited.

Performance Awards. A performance award is a right to either a number of shares of common stock, their cash equivalent, or a combination thereof, based on satisfaction of performance goals for a particular period. At

28

or about the same time that performance goals are established for a specific period, the committee shall in its absolute discretion establish the percentage of the performance awards granted for such performance period which shall be earned by the participant for various levels of performance measured in relation to achievement of performance goals for such performance period.

Performance goals applicable to a performance award will be established by the committee not more than 90 days after the beginning of the relevant performance period. The performance goals for performance awards that are intended to qualify as performance based compensation within the meaning of Section 162(m) of the Code must be based on one or more of the following business criteria: earnings per share, operating income or profit, net income, gross or net sales, expenses, expenses as a percentage of net sales, inventory turns, cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment), gross profit, margins, working capital, earnings before interest and tax (EBIT), earnings before interest, tax, depreciation and amortization (EBITDA), return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales or revenue), revenue growth, share price (including, but not limited to, growth measures and total shareholder return), operating efficiency, productivity ratios, market share, economic value added and safety. Any of the above criteria may be used to measure the performance of the Corporation, a subsidiary and/or affiliate of the Corporation as a whole or any business unit of the Corporation, subsidiary, and/or such an affiliate or any combination thereof, as the committee may deem appropriate, or any of the above criteria as compared to the performance of a group of comparator companies, or published or special index that the committee, in its sole discretion, deems appropriate, or the committee may select criteria based on the Corporation's share price as compared to various stock market indices. The committee, in its sole discretion, may modify the performance goals if it determines that circumstances have changed and modification is required to reflect the original intent of the performance goals; provided, however, that no such change or modification may be made to the extent it increases the amount of compensation payable to any participant who is a covered employee within the meaning of Code Section 162(m).

The committee will determine the terms and conditions applicable to any performance award, which may include restrictions on the delivery of common stock payable in connection with the performance award, the requirement that the stock be delivered in the form of restricted stock, or other restrictions that could result in the future forfeiture of all or part of any stock earned. The committee will, as soon as practicable after the close of a performance period, determine the extent to which the performance goals for such performance period have been achieved and the percentage of the performance awards earned as a result. Performance awards will not be earned for any participant who is not employed by the Corporation or a subsidiary continuously during the entire performance period for which such performance award was granted, except in certain events such as death, disability or retirement.

With the consent of the committee, a participant who has been granted a performance award may elect to defer receipt of all or any part of any distribution associated with that performance award pursuant to the terms of a deferred compensation plan of the Corporation, subject to compliance with Section 409A of the Code.

Stock Awards. The committee may grant unrestricted shares of our common stock, subject to terms and conditions determined by the committee and the limitations in the Omnibus Plan.

Transferability of Awards

Unless otherwise provided by the committee, awards (other than stock awards) under the Omnibus Plan may only be transferred by will or by the laws of descent and distribution. The committee may permit limited transfers of awards to family members.

Effect of Retirement

In the event of a participant's retirement, to the extent provided in the incentive agreement, (1) all outstanding restricted stock awards, stock options, SARs and restricted stock units previously granted to the participant will become 100% vested, (2) the participant will be entitled to exercise any outstanding stock options and SARs for the remainder of the original term of the stock option or SAR, provided that if the participant violates his or her applicable non-compete agreement, all of his or her unexercised stock options and SARs will terminate immediately and be forfeited to the Corporation and (3) the participant will become entitled to a distribution of any performance award based on actual achievement of the performance goals, except that for fiscal years after the fiscal year during which the retirement occurred, the committee will establish an assumed level of achievement. Retirement means termination of employment for any reason other than for cause after the participant has attained the age of 55 (or a different age specified for the incentive) if the participant has executed a three-year non-compete agreement.

29

Effect of Change in Control

In the event of a change in control, the committee or its successor will provide that the awards will accelerate and vest in full, and all stock options and SARs must be exercised within a specified period of time or they will terminate, and that all Performance Awards are deemed earned. The committee may, but is not obligated to, provide for an appropriate cash payment to each participant who holds a stock option or SAR that is terminated.

A change in control is defined in the Omnibus Plan to include the following events, all with certain important exceptions specified in the Omnibus Plan: (i) any individual, entity or group becomes the beneficial owner of 20% or more of the outstanding shares voting power of the Corporation; (ii) individuals who, as of the effective date of the plan, constitute the Board cease for any reason to constitute at least a majority of the Board; or (iii) consummation of a reorganization, merger, statutory share exchange or consolidation or similar transaction involving the Corporation or any of its subsidiaries, a sale or other disposition of all or substantially all of the assets of the Corporation, or the acquisition of assets or stock of another entity by the Corporation or any of its subsidiaries; or (iv) approval by the stockholders of a complete liquidation or dissolution of the Corporation.

Prohibition on Repricing Awards

Without the prior approval of the Corporation's stockholders, no stock option or SAR under the Omnibus Plan will be repriced, replaced, or regranted through cancellation, the exercise price of a previously granted stock option or SAR will not be lowered, and no stock option or SAR whose fair market value is lower than its exercise price will be exchanged for cash or another award, except as adjustments are permitted under other provisions of the Omnibus Plan, such as the provisions providing for adjustment upon stock splits and similar events.

Duration, Termination and Amendment

The Omnibus Plan became effective upon its approval by our stockholders at our 2009 annual meeting held on February 25, 2009. The Omnibus Plan will remain in effect until all incentives granted under the Omnibus Plan have either been satisfied by the issuance of shares or the payment of cash or have been terminated under the terms of the Omnibus Plan and all restrictions imposed on shares of common stock have lapsed. No incentives may be granted under the Omnibus Plan after February 25, 2019, which is the tenth anniversary of the date on which the Omnibus Plan was approved by our stockholders.

The Board or committee may amend or discontinue the Omnibus Plan at any time. However, no such amendment or discontinuance may adversely change or impair an outstanding incentive, without the consent of the recipient. Further, no such amendment shall, without approval of the stockholders of the Corporation, (a) increase the maximum number of shares of common stock which may be issued to all participants under

the Omnibus Plan, or (b) make any other change for which stockholder approval is required by law or under the applicable rules of the NYSE.

Federal Income Tax Consequences

Grant of Options and SARs. The grant of a stock option or SAR is not expected to result in any taxable income for the participant.

Exercise of Options and SARs. Upon exercising a non-qualified stock option, the holder must recognize ordinary income equal to the excess of the fair market value of the shares of our common stock acquired on the date of exercise over the exercise price, and we will generally be entitled at that time to an income tax deduction for the same amount. Upon the exercise of a SAR, the amount of any cash received by the participant and the fair market value on the exercise date of any shares of our common stock received are taxable to the recipient as ordinary income and generally deductible by us.

Disposition of Shares Acquired Upon Exercise of Options and SARs. The tax consequence upon a disposition of shares acquired through the exercise of an option or SAR will depend on how long the shares have been held. Ordinarily, any gain realized upon a disposition will be treated as a capital gain, with the precise character of that gain (either short or long term) being determined by the length of time during which the holder has held the shares. Generally, there will be no tax consequence to us in connection with the disposition of shares acquired under an option or SAR.

Awards Other than Options and SARs. As to other awards granted under the Omnibus Plan that are payable either in cash or shares of our common stock that are either transferable or not subject to substantial risk of forfeiture, the holder of the award must recognize ordinary income equal to (a) the amount of cash received or, as applicable, (b) the excess of (i) the fair market value of the shares received (determined as of the date of receipt) over (ii) the amount (if any) paid for the shares by the holder of the award. We will generally be entitled at that time to an income tax deduction for the same amount.

30

As to an award that is payable in shares of our common stock that are restricted from transfer and subject to substantial risk of forfeiture, unless a special election is made by the holder of the award under the Code, the holder must recognize ordinary income equal to the excess of (i) the fair market value of the shares received (determined as of the first time the shares become transferable or not subject to substantial risk of forfeiture, whichever occurs earlier) over (ii) the amount (if any) paid for the shares by the holder of the award. We will generally be entitled at that time to an income tax deduction for the same amount.

Income Tax Deduction. Subject to the usual rules concerning reasonable compensation, including our obligation to withhold or otherwise collect certain income and payroll taxes, and assuming that, as expected, stock options, SARs and certain other performance awards paid under the Omnibus Plan are qualified performance based compensation within the meaning of Section 162(m) of the Code, we will generally be entitled to a corresponding income tax deduction at the time a participant recognizes ordinary income from awards made under the Omnibus Plan.

Delivery of Shares for Tax Obligation. Under the Omnibus Plan, the committee may permit participants receiving or exercising awards, subject to the discretion of the committee and upon any terms and conditions it may impose, to deliver shares of our common stock (either shares received upon the receipt or exercise of the award or shares previously owned by the participant) to us to satisfy federal and state tax obligations.

Withholding. The Corporation has the right to withhold from any payments made under the Omnibus Plan or to collect as a condition of payment, any taxes required by law to be withheld. The participant may satisfy this obligation in whole or in part by electing to have the Corporation withhold shares of common stock having a fair market value up to the minimum amount of withholding taxes required to be collected on the transaction.

Plan Benefits

The committee in its sole discretion will determine the number and types of awards that will be granted under the Omnibus Plan. Therefore, it is not possible to determine at this time the benefits that will be received by eligible participants if the amendment to the Omnibus Plan is approved by our stockholders. The closing price per share of our common stock as reported on the NYSE on December 28, 2009, was \$27.40.

Vote Required

The Board recommends that stockholders approve the proposed increase in the number of shares reserved for issuance under the Omnibus Plan. The affirmative vote of a majority of the shares represented at the annual meeting and entitled to vote is required for such approval.

PROPOSAL NUMBER THREE**Appointment of Auditors**

The Board of Directors has appointed Ernst & Young LLP to examine the Corporation's consolidated financial statements for the fiscal year ending October 29, 2010. Ernst & Young LLP acted as the Corporation's auditors for the fiscal year ended October 30, 2009. A representative of Ernst & Young LLP is expected to be present at the 2010 annual meeting and will be given an opportunity to make a statement if so desired and to respond to appropriate questions.

Pre-Approval of Services by Independent Auditors

As permitted under applicable law, the Audit Committee may pre-approve from time to time certain types of services, including tax services, to be provided by the Independent Auditors. As provided in the Charter of the Audit Committee, and in order to maintain control and oversight over the services provided by the Independent Auditors, it is the policy of the Audit Committee to pre-approve all audit and non-audit services to be provided by the Independent Auditors and not to engage the Independent Auditors to provide any non-audit services prohibited by law or regulation. For administrative convenience, the Audit Committee may delegate pre-approval authority to the Audit Committee Chair, but any decision by the Committee Chair on pre-approval must be presented to the full Audit Committee at its next scheduled meeting.

Upon approval of the Plan by the stockholders of the Company, no further awards will be granted to any person under the Prior Plans, and the Prior Reserves will be combined, transferred to the Plan and included in the number of shares of Common Stock reserved and available to be issued pursuant to Section 6.1 of the Plan.

2. Definitions

2.1. Award. An Award is a grant of Stock Options, Stock Appreciation Rights, Performance Awards, Restricted Stock or Restricted Stock Units under the Plan.

(b) Individuals who, as of the date hereof, constitute the Board (the Incumbent Board) cease for any reason to constitute at least a majority of the Board; *provided, however*, that any individual becoming a director subsequent to the date hereof whose election, or nomination for election by the Company's stockholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual was a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other

actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board;

Deferred Compensation shall not include any amount that is otherwise exempt from the requirements of Code Section 409A and the regulations promulgated thereunder.

2.9. Disability. Disability shall mean permanent disability as that term is defined under the long term disability insurance coverage offered by the Company to its employees at the time the determination is to be made.

2.10. Grant Date. The Grant Date of an Incentive shall be the date established by the Committee as the date of grant of the Award, which shall not be earlier than the date of the Committee meeting at which the Award is approved.

The Fair Market Value of a share of Common Stock at a specified date shall, unless otherwise expressly provided in this Plan, be the amount which the Committee determines in good faith to be 100% of the fair market value of such a share as of the date in question. Notwithstanding the foregoing, if such shares are listed on a U.S. securities exchange, then Fair Market Value shall be determined by reference to the last sale price (also referred to as the closing price) of a share of Common Stock on such U.S. securities exchange on the applicable date. 2.13. Incentives. Incentives means economic incentives in one or more of the forms described in Section 5 hereof.

2.14. Participant. A Participant is a person who has been designated as such by the Committee and granted an Award under this Plan.

2.23. Stock Option. A Stock Option is a right to purchase shares of Common Stock from the Company.

2.24. Subsidiary. 3. Administration

3.1. Administration by Committee. The Plan shall be administered by the Committee. The Committee shall consist of not less than two directors of the Company and shall be appointed from time to time by the Board. Each member of the Committee shall be (i) a non-employee director within the meaning of Rule 16b-3 of the Exchange Act, and (ii) an outside director within the meaning of Section 162(m) under the Code. The Committee shall have complete authority to award Incentives under the Plan, to interpret the Plan, and to make any other determination which it believes necessary and advisable for the proper administration of the Plan. The Committee's decisions and matters relating to the Plan shall be final and conclusive on the Company and the Participants.

4

3.2. Delegation of Authority. The Company's Chief Executive Officer may, on a discretionary basis and without Committee review or approval, grant Stock Options to purchase up to 5,000 shares each to employees of the Company who are not officers of the Company. Such discretionary Stock Option grants shall not exceed 25,000 shares in total in any fiscal year. Subject to the foregoing limitations, the Chief Executive Officer shall determine from time to time (i) the employees to whom grants will be made, (ii) the number of shares to be granted, and (iii) the terms and provisions of each Stock Option (which need not be identical).

4. Eligible Participants. Officers of the Company, employees of the Company or a Subsidiary, members of the Board, and consultants or other independent contractors who provide services to the Company or a Subsidiary shall be eligible to receive Incentives under the Plan when designated by the Committee. Participants may be designated individually or by groups or categories (for example, by pay grade) as the Committee deems appropriate. Participation by officers of the Company or a Subsidiary and any Performance Goals relating to such officers must be approved by the Committee. Participation by others and any Performance Goals relating to others may be approved by groups or categories (for example, by pay grade) and authority to designate Participants who are not officers and to set or modify such Performance Goals may be delegated by the Committee to other persons.

5. Types of Incentives. Incentives under the Plan may be granted in any one or a combination of the following forms: (a) Stock Options (Section 7); (b) Stock Appreciation Rights (SARs) (Section 8); (c) Stock Awards (Section 9); (d) Restricted Stock and Restricted Stock Units (Section 9); and (e) Performance Awards (Section 10). Subject to the specific limitations provided in this Plan, payment of Incentives may be in the form of cash, Common Stock or combinations thereof as the Committee shall determine, and with such other restrictions as it may impose.

6. Shares Subject to the Plan and Limitations on Awards

6.1. Number of Shares. Subject to adjustment as provided in Section 11.6, the number of shares of Common Stock available for Awards under the Plan shall not exceed 5,218,903; provided, however, that subject to adjustment as provided in Section 11.6, the number of shares of Common Stock awarded under the Plan pursuant to all Incentives other than Stock Options and SARs shall reduce the number of shares of Common Stock available to be awarded under the Plan by a multiple of 2.53 times the actual number of shares of Common Stock awarded pursuant to any such Incentive other than Stock Options and SARs. For example, if the Committee awards 100 shares of Restricted Stock to a Participant, the number of shares of Common Stock remaining and available to be issued under the first sentence of this section shall be reduced by 253 shares. Any shares of Common Stock covered by a Stock Option or SAR granted under this Plan shall be counted in full against the limitation in this Section 6.1, regardless of the number of shares of Common Stock actually issued upon the exercise of such Stock Option or SAR.

6.2. Cancellation. In the event that an Incentive granted hereunder (or granted under any of the Former Plans prior to the effective date of this Plan) expires or is terminated or canceled unexercised as to any shares of Common Stock or forfeited or reacquired by the Company pursuant to rights reserved upon issuance thereof, such shares may again be awarded under the Plan pursuant to another Incentive, subject to the share counting requirements for Incentives other than Stock Options or SARs set forth in Section 6.1.

5

6.3. Type of Common Stock. Common Stock issued under the Plan in connection with Incentives may be authorized and unissued shares or treasury stock, as designated by the Committee.

6.4. Limitation on Awards. During any one fiscal year, no person shall receive Awards under the Plan that, in the aggregate, could result in that person receiving, earning or acquiring, subject to the adjustments described in Section 11.6: (a) Stock Options and SARs for, in the aggregate, more than 500,000 shares of Common Stock, (b) Stock Awards, Restricted Stock, Restricted Stock Units and performance shares, in the aggregate, covering more than 250,000 shares of Common Stock and (c) Performance Awards payable in cash with a maximum amount payable exceeding \$3,000,000.

7. Stock Options. Stock Options granted by the Committee under this Plan are not intended to qualify as incentive stock options (as such term is defined in Section 422 of the Code). Stock Options granted under this Plan shall be subject to the following terms and conditions:

7.1. Price. The exercise price per share shall be determined by the Committee, subject to adjustment under Section 11.6. Notwithstanding the foregoing sentence, the exercise price per share shall not be less than the Fair Market Value of the Common Stock on the Grant Date.

7.2. Number. The number of shares of Common Stock subject to a Stock Option shall be determined by the Committee, subject to adjustment as provided in Section 11.6. If an SAR is granted in conjunction with or related to a Stock Option, the number of shares of Common Stock subject to the Stock Option shall be reduced in the same proportion that the holder thereof exercises the SAR.

7.3. Duration and Time for Exercise. Subject to earlier termination as provided in Section 11.4, the term of each Stock Option shall be determined by the Committee but shall not exceed ten years from the Grant Date. Each Stock Option shall become exercisable at such time or times during its term as shall be determined by the Committee at the time of grant. The Committee may accelerate the exercisability of any Stock Option.

7.4. Manner of Exercise. A Stock Option may be exercised, in whole or in part, by giving written notice to the Company, specifying the number of shares of Common Stock to be purchased and accompanied by the exercise price for such shares. Subject to the policies of the Company or Committee in effect from time to time and any requirements of the Company's transfer agent, the exercise price shall be payable (a) in cash (United States dollars) upon exercise of the Stock Option, payable by certified check or bank draft, or otherwise as determined by the

Committee; (b) to the extent permitted in the option agreement, by delivery of shares of Common Stock (or deemed surrender through attestation) in payment of all or any part of the exercise price, which shares shall be valued for this purpose at the Fair Market Value on the date such Stock Option is exercised; or (c) unless otherwise provided in the option agreement, by instructing the Company to withhold from the shares of Common Stock issuable upon exercise of the Stock Option shares of Common Stock in payment of all or any part of the exercise price and/or any related withholding tax obligations consistent with Section 11.8, which shares shall be valued for this purpose at the Fair Market Value or in such other manner as may be authorized from time to time by the Committee. Prior to the issuance of shares of Common Stock upon the exercise of a Stock Option, a Participant shall have no rights as a stockholder.

6

8. Stock Appreciation Rights (SARs). An SAR may be granted (a) with respect to any Stock Option granted under this Plan, either concurrently with the grant of such Stock Option or at such later time as determined by the Committee (as to all or any portion of the shares of Common Stock subject to the Stock Option), or (b) alone, without reference to any related Stock Option. Each SAR granted by the Committee under this Plan shall be subject to the following terms and conditions:

8.1. Price. The exercise price per share of any SAR granted without reference to a Stock Option shall be determined by the Committee, subject to adjustment under Section 11.6. Notwithstanding the foregoing sentence, the exercise price per share shall not be less than the Fair Market Value of the Common Stock on the Grant Date.

8.2. Number. Each SAR granted to any Participant shall relate to such number of shares of Common Stock as shall be determined by the Committee, subject to adjustment as provided in Section 11.6. In the case of an SAR granted with respect to a Stock Option, the number of shares of Common Stock to which the SAR relates shall be reduced in the same proportion that the holder exercises the related Stock Option. Notwithstanding the foregoing, the limitation on grants under Section 6.4 shall apply to grants of SARs under the Plan.

8.3. Duration. Subject to earlier termination as provided in Section 11.4, the term of each SAR shall be determined by the Committee but shall not exceed ten years from the Grant Date. Unless otherwise provided by the Committee, each SAR shall become exercisable at such time or times, to such extent and upon such conditions as the Stock Option, if any, to which it relates is exercisable. The Committee may in its discretion accelerate the exercisability of any SAR.

8.4. Exercise. An SAR may be exercised, in whole or in part, by giving written notice to the Company, specifying the number of SARs which the holder wishes to exercise. Prior to the issuance of shares of Common Stock upon the exercise of an SAR, a Participant shall have no rights as a stockholder.

8.5. Issuance of Shares Upon Exercise. The number of shares of Common Stock which shall be issuable upon the exercise of an SAR shall be determined by dividing:

Edgar Filing: VALSPAR CORP - Form DEF 14A

(a) the number of shares of Common Stock as to which the SAR is exercised multiplied by the amount of the appreciation in such shares (for this purpose, the appreciation shall be the amount by which the Fair Market Value of the shares of Common Stock subject to the SAR on the exercise date exceeds (1) in the case of an SAR related to a Stock Option, the exercise price of the Stock Option or (2) in the case of an SAR granted alone, without reference to a related Stock Option, the exercise price as determined under Section 8.1; by

(b) the Fair Market Value of a share of Common Stock on the exercise date.

No fractional shares of Common Stock shall be issued upon the exercise of an SAR; instead, the holder of the SAR shall be entitled to receive a cash adjustment equal to the same fraction of the Fair Market Value of a share of Common Stock on the exercise date or to purchase the portion necessary to make a whole share at its Fair Market Value on the date of exercise.

7

9. Stock Awards, Restricted Stock, and Restricted Stock Units. The transfer of Common Stock pursuant to Stock Awards and the transfer and sale of Restricted Stock or Restricted Stock Units shall be subject to the following terms and conditions:

9.1. Number of Shares. The number of shares to be transferred or sold by the Company to a Participant pursuant to a Stock Award or as Restricted Stock or Restricted Stock Units shall be determined by the Committee.

9.2. Sale Price. The Committee shall determine the price, if any, at which shares of Restricted Stock shall be sold to a Participant, which may vary from time to time and among Participants.

9.3. Restrictions. All shares of Restricted Stock transferred or sold by the Company hereunder shall be subject to such restrictions as the Committee may determine, including, without limitation any or all of the following:

(a) a prohibition against the sale, transfer, pledge or other encumbrance of the shares of Restricted Stock by the Participant, such prohibition to lapse at such time or times as the Committee shall determine (whether in annual or more frequent installments, at the time of the death, disability or retirement of the holder of such shares, or otherwise);

(b) a requirement that the holder of shares of Restricted Stock forfeit, or (in the case of shares sold to a Participant) resell back to the Company at his or her cost, all or a part of such shares in the event of termination of his or her employment or consulting engagement during any period in which such shares are subject to restrictions;

Edgar Filing: VALSPAR CORP - Form DEF 14A

(c) such other conditions or restrictions as the Committee may deem advisable.

9.4. Enforcement of Restrictions. In order to enforce the restrictions imposed by the Committee pursuant to Section 9.3, the Participant receiving Restricted Stock shall enter into an agreement with the Company setting forth the conditions of the grant. Shares of Restricted Stock shall be registered in the name of the Participant and deposited, together with a stock power endorsed in blank, with the Company. As determined by the Company or the Committee, each such certificate shall bear a legend that refers to the Plan and the restrictions imposed under the applicable agreement or be retained by the Company until such time as the restrictions have lapsed. The Committee may provide that no certificates representing Restricted Stock be issued until the restriction period is completed.

9.5. End of Restrictions. Subject to Section 11.5, at the end of any time period during which the shares of Restricted Stock are subject to forfeiture and restrictions on transfer, such shares will be delivered free of all restrictions to the Participant or to the Participant's legal representative, beneficiary or heir, subject to applicable withholding for taxes.

9.6. Rights of Holders of Restricted Stock. Subject to the terms and conditions of the Plan, each Participant receiving Restricted Stock shall have all the rights of a stockholder with respect to shares of stock during any period in which such shares are subject to forfeiture and restrictions on transfer, including without limitation, the right to vote such shares. Dividends paid in cash or property other than Common Stock with respect to shares of Restricted Stock shall be paid to the Participant currently.

8

9.7. Section 83(b) Election. The Committee may provide in an Award agreement that the Award of Restricted Stock is conditioned upon the Participant making or refraining from making an election with respect to the Award under Section 83(b) of the Code. If a Participant makes an election pursuant to Section 83(b) of the Code concerning a Restricted Stock Award, the Participant shall be required to file promptly a copy of such election with the Company.

9.8. Rights of Holders of Restricted Stock Units. Participants who receive Restricted Stock Units shall have no rights as stockholders with respect to such Restricted Stock Units until such time as share certificates for Common Stock are issued to the Participants; provided, however, that, to the extent provided by the Committee in the applicable Award agreement, quarterly during the applicable restricted period for all Restricted Stock Units awarded hereunder, the Company shall pay to each such Participant an amount equal to the sum of all dividends and other distributions paid by the Company on that equivalent number of shares of Common Stock. Such payments, if any, shall be made at a time that satisfies the requirements of Section 409A of the Code, including the rules and regulations thereunder (together, "Section 409A").

10. Performance Awards. A Performance Award is based on the extent to which the applicable Performance Goals are achieved. A Performance Award shall be of no value to a Participant unless and until earned in accordance with this Section 10.

10.1. Establishment of Performance Goals. Performance Goals applicable to a Performance Award shall be established by the Committee in its absolute discretion and not more than 90 days after the beginning of the relevant Performance Period. Such Performance Goals for Performance Awards that are intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code shall be

Edgar Filing: VALSPAR CORP - Form DEF 14A

based on one or more of the following business criteria: earnings per share, operating income or profit, net income, gross or net sales, expenses, expenses as a percentage of net sales, inventory turns, cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment), gross profit, margins, working capital, earnings before interest and tax (EBIT), earnings before interest, tax, depreciation and amortization (EBITDA), return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales, or revenue), revenue growth, share price (including, but not limited to, growth measures and total shareholder return), operating efficiency, productivity ratios, market share, economic value added and safety. For Performance Awards that are intended to so qualify under Section 162(m), the targets shall be established within the required time period. Any of the above criteria may be used to measure the performance of the Company, a Subsidiary, and/or affiliate of the Company as a whole or any business unit of the Company, Subsidiary, and/or such an affiliate or any combination thereof, as the Committee may deem appropriate, or any of the above criteria as compared to the performance of a group of comparator companies, or published or special index that the Committee, in its sole discretion, deems appropriate, or the Committee may select criteria based on the Company's share price as compared to various stock market indices. The Committee, in its sole discretion, may modify the Performance Goals if it determines that circumstances have changed and modification is required to reflect the original intent of the Performance Goals; provided, however, that no such change or modification may be made to the extent it increases the amount of compensation payable to any Participant who is a covered employee within the meaning of Code Section 162(m).

10.2. Levels of Performance Required to Earn Performance Awards. At or about the same time that Performance Goals are established for a specific period, the Committee shall in its absolute discretion establish the percentage of the Performance Awards granted for such Performance Period which shall be earned by the Participant for various levels of performance measured in relation to achievement of Performance Goals for such Performance Period.

9

10.3. Other Terms. The Committee shall determine the terms and conditions applicable to any Performance Award, which may include vesting provisions, restrictions on the delivery of Common Stock payable in connection with the Performance Award, the requirement that such Common Stock be delivered in the form of Restricted Stock, or other restrictions that could result in the future forfeiture of all or part of any Common Stock earned. The Committee may provide that shares of Common Stock issued in connection with a Performance Award be held in escrow and/or legended.

10.4. Notification to Participants. Promptly after the Committee has established or modified the Performance Goals with respect to a Performance Award, the Participant shall be provided with written notice of the Performance Goals so established or modified.

10.5. Measurement of Performance Against Performance Goals. The Committee shall, as soon as practicable after the close of a Performance Period, determine:

- (a) the extent to which the Performance Goals for such Performance Period have been achieved; and
- (b) the percentage of the Performance Awards earned as a result.

These determinations shall be absolute and final as to the facts and conclusions therein made and be binding on all parties. Promptly after the Committee has made the foregoing determination, each Participant who has earned Performance Awards shall be notified, in writing thereof. For

all purposes of this Plan, notice shall be deemed to have been given the date action is taken by the Committee making the determination. Participants may not sell, transfer, pledge, exchange, hypothecate or otherwise dispose of all or any portion of their Performance Awards during the Performance Period, except that Performance Awards may be transferable by assignment by a Participant to the extent provided in the applicable Performance Award agreement.

10.6. Treatment of Performance Awards Earned. Upon the Committee's determination that a percentage of any Performance Awards have been earned for a Performance Period, Participants to whom such earned Performance Awards have been granted and who have been (or were) in the employ of the Company or a Subsidiary thereof continuously from the Grant Date, subject to the exceptions set forth in this section and in Section 10.9 hereof, shall be entitled, subject to the other conditions of this Plan, to payment in accordance with the terms and conditions of their Performance Awards. Such terms and conditions may permit or require that any applicable tax withholding be deducted from the amount payable. Performance Awards shall under no circumstances become earned or have any value whatsoever for any Participant who is not in the employ of the Company or a Subsidiary continuously during the entire Performance Period for which such Performance Award was granted, except as provided by the Committee in circumstances it deems advisable or as provided in Section 10.9 hereof.

10.7. Distribution. Distributions payable pursuant to Section 10.6 above shall be made as soon as practicable after the Committee determines the Performance Awards have been earned unless the provisions of Section 10.8 hereof are applicable to a Participant.

10

10.8. Deferral of Receipt of Performance Award Distributions; Compliance with Section 409A. With the consent of the Committee, a Participant who has been granted a Performance Award may elect to defer receipt of all or any part of any distribution associated with that Performance Award pursuant to the terms of a deferred compensation plan of the Company. In any such event, the agreement evidencing such Performance Award shall comply in all respects with the applicable requirements of Section 409A of the Code and the regulations promulgated thereunder.

10.9. Non-Disqualifying Termination of Employment. Exceptions to the requirement of continuous employment during a Performance Period for Performance Award distribution include Retirement as defined in Section 11.4(a), or termination of a Participant's employment by reason of death (in which event the Performance Award may be transferable by will or the laws of descent and distribution only to such Participant's beneficiary designated to receive the Performance Award or to the Participant's applicable legal representatives, heirs or legatees) or total and permanent disability, with the consent of the Committee, occurring during the Performance Period applicable to the subject Performance Award. In the instance of Retirement, death or total and permanent disability as described above, a distribution of the Performance Award shall be made as soon as practicable, with the distributed amount equal to the amount that could have been earned during the Performance Period if the Participant were continuously employed by the Company or a Subsidiary until the last day of the Performance Period; provided, that the amount earned will be established by the Committee (i) based upon the actual achievement level of the Performance Goals for any fiscal year during the Performance Period that was completed prior to termination and for the fiscal year in which the termination occurred, and (ii) based upon the assumed achievement of target levels of the Performance Goals for any subsequent fiscal year during the Performance Period.

11. General

11.1. Effective Date. The Plan will become effective upon its approval by the Board, subject to approval by the Company's stockholders.

11.2. Duration. The Plan shall remain in effect until all Incentives granted under the Plan have either been satisfied by the issuance of shares of Common Stock or the payment of cash or been terminated under the terms of the Plan and all restrictions imposed on shares of Common Stock in connection with their issuance under the Plan have lapsed. No Incentives may be granted under the Plan after the tenth anniversary of the date the Plan is approved by the Company's stockholders.

11.3. Limits on Transfer of Awards. No Award and no right under any such Award shall be transferable by a Participant for any consideration. Except as otherwise provided by the terms of this Plan, no Award and no right under any such Award shall be transferable by a Participant other than by will or by the laws of descent and distribution. The Committee may establish procedures as it deems appropriate for a Participant to designate a Person or Persons, as beneficiary or beneficiaries, to exercise the rights of the Participant and receive any property distributable with respect to any Award in the event of the Participant's death. The Committee, in its discretion and subject to such additional terms and conditions as it determines, may permit a Participant to transfer a Stock Option to any family member (as such term is defined in the General Instructions to Form S-8 (or any successor to such Instructions or such Form) under the Securities Act of 1933, as amended) at any time that such Participant holds such Option, provided that such transfers may not be for value (i.e., the transferor may not receive any consideration therefore) and the family member may not make any subsequent transfers other than by will or by the laws of descent and distribution. Each Award under the Plan or right under any such Award shall be exercisable during the Participant's lifetime only by the Participant, except as provided herein or in an agreement evidencing an Award or amendment thereto relating to a Stock Option) or, if permissible under applicable law, by the Participant's guardian or legal representative. No Award or right under any such Award may be pledged, alienated, attached or otherwise encumbered, and any purported pledge, alienation, attachment or encumbrance thereof shall be void and unenforceable against the Company.

11

11.4. Effect of Retirement or Other Termination

(a) In the event of a Participant's Retirement (as defined below), if and to the extent provided in the agreement evidencing any Incentive described in this sentence, (1) all outstanding Restricted Stock Awards, Stock Options, SARs and Restricted Stock Units previously granted to the Participant will become 100% vested, (2) the Participant shall be entitled to exercise any outstanding Stock Options and SARs for the remainder of the original term of the Stock Option or SAR, provided that if the Participant violates his/her Non-Compete Agreement (as defined below), all of his/her unexercised Stock Options and SARs shall terminate immediately and be forfeited to the Company and (3) the Participant will become entitled to a distribution of any Performance Award as described in Section 10.9. For purposes of this Plan, Retirement means the termination of employment with the Company or a Subsidiary for any reason other than death, Disability or Termination for Cause (as defined below) at any time after the Participant has attained the age of fifty-five years or a different age specified for a Participant for any Incentive) if the Participant has executed a Non-Compete Agreement (as defined below). Non-Compete Agreement means an agreement not to directly or indirectly render services (including consulting or research) for a period of three years to any person or business organization that is engaged in the development, manufacture and sale of any product, process or service (including any component thereof or research to develop information useful in connection with a product or service) that is being designed, developed, assembled, manufactured, marketed or sold by anyone other than the Company and which is of the same general type, performs similar functions, competes with or is used for the same purposes as a product of the Company or a Subsidiary. Termination for Cause means the termination of employment with the Company or a Subsidiary as a result of an illegal act, gross insubordination or willful violation of a policy of the Company or a Subsidiary by a Participant.

(b) In the event that a Participant ceases to be an employee of or consultant to the Company or a Subsidiary or a director of the Company, as applicable, for any reason other than Retirement, including death or disability, any Incentives may be exercised or shall expire at such times as may be set forth in the agreement, if any, applicable to the Incentive, or otherwise as determined by the Committee.

11.5. Restrictions under Securities Laws. Notwithstanding anything in this Plan to the contrary: (a) the Company may, if it shall determine it necessary or desirable for any reason, at the time of Award of any Incentive or the issuance of any shares of Common Stock pursuant to any Incentive, require the recipient of the Incentive, as a condition to the receipt thereof or to the receipt of shares of Common Stock issued pursuant thereto, to deliver to the Company a written representation of present intention to acquire the Incentive or the shares of Common Stock issued pursuant thereto for his or her own account for investment and not for distribution; and (b) if at any time the Company further determines, in its sole discretion, that the listing, registration or qualification (or any updating of any such document) of any Incentive or the shares of Common Stock issuable pursuant thereto is necessary on any securities exchange or under any federal or state securities or blue sky law, or that the consent or approval of any governmental regulatory body is necessary or desirable as a condition of, or in connection with the Award of any Incentive, the issuance of shares of Common Stock pursuant thereto, or the removal of any restrictions imposed on such shares, such Incentive shall not be awarded or such shares of Common Stock shall not be issued or such restrictions shall not be removed, as the case may be, in whole or in part, unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Company.

12

11.6. Adjustment. In the event of any change in the outstanding Common Stock of the Company by reason of a stock dividend, stock split, reverse stock split, combination of shares, spin-off, dividend (other than regular, quarterly cash dividends), recapitalization, merger or similar event, the Committee shall make appropriate adjustments in the number of shares of Common Stock then subject to the Plan, the shares of Common Stock issuable pursuant to any Incentive, the exercise price of any Stock Option or SAR, the Performance Goals for any Incentive, and other provisions of this Plan and outstanding Incentives, in order to reflect the change in the Common Stock and to provide Participants with the same relative rights before and after such adjustment.

11.7. Incentive Plans and Agreements. Except in the case of Stock Awards, the terms of each Incentive shall be stated in a plan or agreement approved by the Committee. The Committee shall communicate the key terms of each Award to the Participant promptly after the Committee approves the grant of such Award.

11.8. Withholding

(a) The Company shall have the right to withhold from any payments made under the Plan or to collect as a condition of payment, any taxes required by law to be withheld. At any time when a Participant is required to pay to the Company an amount required to be withheld under applicable income tax laws in connection with a distribution of Common Stock or upon exercise of a Stock Option or SAR or upon vesting of Restricted Stock, the Participant may satisfy this obligation in whole or in part by electing (the Election) to have the Company withhold, from the distribution or from such shares of Restricted Stock, shares of Common Stock having a value up to the minimum amount of withholding taxes required to be collected on the transaction. The value of the shares to be withheld shall be based on the Fair Market Value of the Common Stock on the date that the amount of tax to be withheld shall be determined (Tax Date).

(b) Each Election must be made prior to the Tax Date. The Committee may disapprove of any Election, may suspend or terminate the right to make Elections, or may provide with respect to any Incentive that the right to make Elections shall not apply to such Incentive. An Election is irrevocable.

11.9. No Continued Employment, Engagement or Right to Corporate Assets. No Participant under the Plan shall have any right, because of his or her participation, to continue in the employ of the Company for any period of time or to any right to continue his or her present or any other rate of compensation. Nothing contained in the Plan shall be construed as giving an employee, a consultant, such persons' beneficiaries or any other person any equity or interests of any kind in the assets of the Company or creating a trust of any kind or a fiduciary relationship of any kind between the Company and any such person.

13

11.10. Payments Under Incentives. Payment of cash or distribution of any shares of Common Stock to which a Participant is entitled under any Incentive shall be made as provided in the Incentive. Except as permitted under Section 11.14, payments and distributions may not be deferred under any Incentive unless the deferral complies with the requirements of Section 409A.

11.11. Amendment of the Plan. The Board or Committee may amend or discontinue the Plan at any time. However, no such amendment or discontinuance shall adversely change or impair, without the consent of the recipient, an Incentive previously granted. Further, no such amendment shall, without approval of the stockholders of the Company, (a) increase the maximum number of shares of Common Stock which may be issued to all Participants under the Plan, or (b) make any other change for which stockholder approval is required by law or under the applicable rules of the New York Stock Exchange.

11.12. Amendment of Agreements for Incentives: No Stock Option or SAR Repricing Without Stockholder Approval. Except as otherwise provided in this Section 11.12, the terms of an existing Incentive may be amended by agreement between the Committee and the Participant. Notwithstanding the foregoing sentence, except as permitted under Section 11.6, 11.13 or 11.14, (a) without the prior approval of the Company's stockholders, (i) no Stock Option or SAR will be repriced, replaced, or regranted through cancellation, (ii) the exercise price of a previously granted Stock Option or SAR will not be lowered and (iii) no Stock Option or SAR whose Fair Market Value is lower than its exercise price will be exchanged for cash or another Incentive, and (b) no such amendment shall (i) extend the maximum period during which such Incentive may be exercised, either by extending the term of the Incentive or by extending the exercise period following termination of employment or any other applicable event, or (ii) reduce the exercise price per share below the Fair Market Value of the Common Stock on the date the Incentive was granted, unless, in either case, the Incentive, as amended, complies with the requirements of Section 409A.

11.13. Change in Control. In the event of a Change in Control, the Committee or a comparable committee of any corporation assuming the obligations of the Company hereunder shall declare that the restriction period of all Restricted Stock and Restricted Stock Units has been eliminated, that all outstanding Stock Options and SARs shall accelerate and become exercisable in full but that all outstanding Stock Options and SARs, whether or not exercisable prior to such acceleration, must be exercised within the period of time set forth in a notice to Participant or they will terminate, and that all Performance Awards granted to Participants are deemed earned. In connection with any declaration pursuant to this Section 11.13, the Committee may, but shall not be obligated to, cause a cash payment to be made to each Participant who holds a Stock Option or SAR that is terminated in an amount equal to the product obtained by multiplying (x) the amount (if any) by which the Transaction Proceeds Per Share (as defined in the following sentence) exceeds the exercise price per share covered by such Stock Option times (y) the number of shares of Common Stock covered by such Stock Option or SAR. For purposes of this Section 11.13, Transaction Proceeds Per Share shall mean the cash plus the Fair Market Value of the non-cash consideration to be received per share by the shareholders of the Company upon the occurrence of the transaction.

The Board may restrict the rights of Participants or the applicability of this Section 11.13 to the extent necessary to comply with Section 16(b) of the Exchange Act, the Code or any other applicable law or regulation. The grant of an Incentive Award pursuant to the Plan shall not limit in any

way the right or power of the Company to make adjustments, reclassifications, reorganizations or changes of its capital or business structure or to merge, exchange or consolidate or to dissolve, liquidate, sell or transfer all or any part of its business or assets.

14

11.14. Deferred Compensation

(a) Except to the extent such acceleration or deferral is permitted or complies with the requirements of Code Section 409A and the regulations promulgated thereunder, neither the Committee nor a Participant may accelerate or defer the time or schedule of any payment of, or the amount scheduled to be paid under, an Incentive that constitutes Deferred Compensation; provided, however, that payment shall be permitted if it is in accordance with a fixed date or schedule or on account of separation from service, disability, death, change in control or unforeseeable emergency as those terms are defined under Code Section 409A and the regulations promulgated thereunder.

(b) Notwithstanding anything in the Plan, unless the agreement evidencing the Incentive specifically provides otherwise, the Company may not make payment to a Specified Employee of any Incentive that constitutes Deferred Compensation, earlier than 6 months following the Participant's separation from service as defined for purposes of Code Section 409A (or if earlier, upon the Specified Employee's death), except as permitted under Code Section 409A and the regulations promulgated thereunder. Any payments that otherwise would be payable to the Specified Employee during the foregoing 6 month period will be accumulated and payment delayed until the first date after the 6 month period. The Committee may specify in the Stock Incentive Agreement, that the amount of the Deferred Compensation delayed shall accumulate interest or earnings during the period of such delay.

(c) The Committee may, however, reform any provision in an Incentive intended to be exempt from Code Section 409A to maintain to the maximum extent practicable the original intent of the applicable provision without violating the provisions of Code Section 409A and the regulations promulgated thereunder.

11.15. Prior Plans. Notwithstanding the adoption of this Plan by the Board and its approval by the stockholders, the Company's Prior Plans, as they have been amended from time to time, shall remain in effect, and all grants and awards made under the Prior Plans shall be governed by the terms of the Prior Plans. No further grants shall be made under the Prior Plans.

Approved by the Board of Directors on December 10, 2008.

Approved by the stockholders on February 25, 2009.
