Item 1.01 Entry into a Material Definitive Agreement.

On December 29, 2004, Moog Inc. entered into Modification No. 3, dated as of December 17, 2004 (the "Amendment"), to its Amended and Restated Loan Agreement, dated as of March 3, 2003, by and among Moog, the lenders parties thereto, and HSBC Bank USA, N.A., as agent for the lenders (the "Credit Facility").

The Credit Facility consists of a \$75 million term loan and a \$315 million revolving loan facility that had outstanding balances of \$52.5 million and \$243.0 million, respectively, at September 25, 2004. Interest on borrowings under the Credit Facility, at Moog's election, are at the prime rate or the London Interbank Offered Rate, plus the applicable margin, which is currently 150 basis points. The Credit Facility expires on March 31, 2008 and requires quarterly principal payments on the term loan of \$3.75 million. The Credit Facility is secured by substantially all of Moog's assets located in the United States.

The Amendment permits the issuance by Moog of up to \$150 million of senior unsecured subordinated notes with a stated maturity date in 2015, and permits the net proceeds of the offering of the notes to be used to repay the revolving loan facility or for other corporate purposes. The Amendment also provides that the repayment will not reduce Moog's borrowing availability under the revolving loan facility and adds Moog's subsidiary, Moog Components Group Inc., as a borrower under the Credit Facility.

The above description does not purport to be complete and is qualified in its entirety by reference to the Amendment, which is filed as exhibit 10.1 to this Current Report on Form 8-K.
