ANNUAL MEETING OF SHAREHOLDERS

SIMMONS FIRST NATIONAL CORPORATION
P. O. BOX 7009
PINE BLUFF, ARKANSAS 71611

PROXY STATEMENT

MEETING TO BE HELD ON APRIL 23, 2002
PROXY AND PROXY STATEMENT FURNISHED ON OR ABOUT MARCH 21, 2002

THE ENCLOSED PROXY IS SOLICITED ON BEHALF OF THE BOARD OF DIRECTORS OF SIMMONS FIRST NATIONAL CORPORATION (THE "COMPANY") FOR USE AT THE ANNUAL MEETING OF THE SHAREHOLDERS OF THE COMPANY TO BE HELD ON TUESDAY, APRIL 23, 2002, AT 7:45 P.M., AT THE BANQUET HALL OF THE PINE BLUFF CONVENTION CENTER, PINE BLUFF, ARKANSAS, OR AT ANY ADJOURNMENT OR ADJOURNMENTS THEREOF. When such proxy is properly executed and returned, the shares represented by it will be voted at the meeting in accordance with any directions noted thereon, or if no direction is indicated, will be voted in favor of the proposals set forth in the notice.

Edgar Filing: SIMMONS FIRST NATIONAL CORP - Form DEF 14A

REVOCABILITY OF PROXY

Any shareholder giving a proxy has the power to revoke it at any time before it is voted.

COSTS AND METHOD OF SOLICITATION

The costs of soliciting proxies will be borne by the Company. In addition to the use of the mails, solicitation may be made by employees of the Company by telephone, telegraph and personal interview. These persons will receive no compensation other than their regular salaries, but they will be reimbursed by the Company for their actual expenses incurred in such solicitations.

OUTSTANDING SECURITIES AND VOTING RIGHTS

At the meeting, holders of the \$1.00 par value Class A common stock (the "Common Stock") of the Company, the only class of stock of the Company outstanding, will be entitled to one vote, in person or by proxy, for each share of the Common Stock owned of record, as of the close of business on February 15, 2002. On that date, the Company had outstanding 7,088,535 shares of the Common Stock; 1,070,694 of such shares were held by Simmons First Trust Company ("SFTC"), and Simmons First Bank of El Dorado, N.A., in a fiduciary capacity, of which 195,648 shares will not be voted at the meeting. Hence, 6,892,887 shares will be deemed outstanding and entitled to vote at the meeting.

All actions requiring a vote of the shareholders must be taken at a meeting in which a quorum is present in person or by proxy. A quorum consists of a majority of the outstanding shares entitled to vote upon a matter. With respect to each proposal subject to a stockholder vote, other than the election of directors, approval requires that the votes cast for the proposal exceed the votes cast against it. The election of directors will be approved, if each director nominee receives a plurality of the votes cast. All proxies submitted will be tabulated by SFTC.

With respect to the election of directors, a shareholder may withhold authority to vote for all nominees by checking the box "withhold authority for all nominees" on the enclosed proxy or may withhold authority to vote for any nominee or nominees by checking the box "withhold authority for certain nominees" and lining through the name of such nominee or nominees for whom the authority to vote is withheld as it appears on the enclosed proxy. The enclosed proxy also provides a method for shareholders to abstain from voting on each other matter presented. By abstaining, shares will not be voted either for or against the subject proposals, but will be counted for quorum purposes. While there may be instances in which a shareholder may wish to abstain from voting on any particular matter, the Board of Directors encourages all shareholders to vote their shares in their best judgment and to participate in the voting process to the fullest extent possible.

An abstention or a broker non-vote, (i.e., when a shareholder does not grant his or her broker authority to vote his or her shares on non-routine matters) will have no effect on any item to be voted upon by the shareholders.

In the event a shareholder executes the proxy but does not mark the ballot to vote (or abstain) on any one or more of the proposals, the proxy solicited hereby confers discretionary authority to the named proxies to vote in their sole discretion with respect to such proposals. Further, if any matter, other than the matters shown on the proxy, is properly presented at the meeting which may be acted upon without special notice under Arkansas law, the proxy solicited hereby confers discretionary authority to the named proxies to vote in their sole

Edgar Filing: SIMMONS FIRST NATIONAL CORP - Form DEF 14A

discretion with respect to such matters, as well as other matters incident to the conduct of the meeting. On the date of the mailing of this Proxy Statement, the Board of Directors has no knowledge of any such other matter which will come before the meeting.

Deferred Compensation and Change in Control Arrangements

One of the individuals named above, J. Thomas May, is a party to a deferred compensation agreement, under the terms of which Simmons First National Bank, agrees to pay to Mr. May, upon normal retirement at age 65, or upon death or disability prior to age 65, a monthly sum of deferred compensation equal to one twelfth (1/12) of fifty percent (50%) of the final average compensation (the average compensation paid to him by the employer for the most recent five consecutive calendar years), less the accrued monthly benefit to such individual under the deferred annuity received upon the termination of the Company's pension plan; such payments begin the month following retirement and continue for 120 consecutive months or until the individual's death, whichever shall occur later.

Further, the deferred compensation agreement provides that, in the event of a change of control of the Company and the subsequent separation from service of Mr. May, eligibility to receive payments under the Agreement will be accelerated. In such circumstance, if Mr. May has attained age 60, the officer is entitled to commence receiving the specified monthly payments under the agreement immediately after separation from service, without any actuarial reduction due to age. If at such time he has not attained age 60, Mr. May will be entitled to immediately commence receiving 72 monthly payments equal to one twelfth (1/12) of fifty (50%) percent of the final average compensation, less the accrued monthly benefit to such individual then payable under the annuity received pursuant to the termination of the Company's pension plan.

Compensation Committee Interlocks and Insider Participation

During 2001, the Executive Compensation and Retirement Committee was composed of W. E. Ayres (non-voting Advisory Director), George Makris, Jr., Louis L. Ramsay, Jr. (non-voting Advisory Director) Harry L. Ryburn, Henry F. Trotter, Jr. and Jerry Watkins. None of these individuals were employed as officers or employees of the Company during 2001. Prior to retirement in 1983 and 1995, respectively, Louis L. Ramsay, Jr. and W. E. Ayres were previously employed by the Company in various capacities, including Chief Executive Officer.

Compensation Committee Report on Executive Compensation

The Executive Compensation and Retirement Committee issued the following report on the general guidelines for executive compensation and the bases for establishing the compensation of the Chief Executive Officer:

Review of Executive Compensation Program

During 2000, the Executive Compensation and Retirement Committee appointed a subcommittee, consisting of W. E. Ayres, Harry L. Ryburn, Jerry Watkins, and Louis L. Ramsay, Jr. (non-voting Advisory Director), to review the executive compensation program of the Company. The subcommittee hired a consultant to

Edgar Filing: SIMMONS FIRST NATIONAL CORP - Form DEF 14A

review the Company's executive compensation program and to recommend such changes as the consultant deemed advisable. The Subcommittee made three (3) recommendations to the Board:

1. The adoption of a new executive stock incentive plan under which incentive stock options, non-qualified stock options, stock appreciation rights and restricted stock could be granted to participants. The subcommittee recommended that 300,000 shares be allocated to the new plan. Further, the subcommittee recommended that in administering the new executive stock incentive plan that the participants be given larger grants of shares on a less frequent basis as compared to the Company's past practices in administering its stock options plans.

2. The adoption of executive severance agreements for certain executives of the Company, certain senior management of the subsidiary banks and certain officers whose duties were deemed to put them at substantially higher employment risk in the event of a change in control. The executive severance agreements are intended to give executives additional assurances concerning their continued employment in the event the Company were to engage in discussions concerning or consummate a transaction which involved a change in control of the Company. The subcommittee concluded that it is in the best interests of the Company and its stockholders to provide certain assurances regarding continued employment of selected key officers to better assure that the Company will be able to properly evaluate any proposed transaction and to continue the Company's operations during any transition period.

3. The adoption of a split dollar life insurance program for J. Thomas May to expand his compensation program to include additional life insurance protection. The split dollar program provides \$1,000,000 of death benefit coverage. The premiums paid by the Company for the insurance protection under the recommended program will be repaid to the Company upon the earlier of the death of Mr. May or December 7, 2016.

The subcommittee also suggested that additional review should be undertaken regarding the (i) advisability and structure of a broad based long term incentive plan for management officials of the Company and its subsidiaries, and (ii) possible revisions to the existing deferred compensation plan for Mr. May.

The Board has acted on all three recommendations. First, the new executive stock incentive plan was presented to and approved by the shareholders at the 2001 shareholders' meeting. After the approval of the plan, following the subcommittee recommendation, the Board granted options for 212,300 shares and 21,700 shares of Restricted Stock under the new plan to key officers of the Company and its subsidiaries.

Second, in June, 2001, the Company entered into Executive Severance Agreements with twenty-one (21) of the key officers of the Company and its subsidiaries. These agreements are intended to give executives additional assurances concerning their continued employment in the event the Company were to engage in discussions concerning or consummate a transaction which involved a change in control of the Company. The subcommittee concluded that it is in the best interests of the Company and its stockholders to provide certain assurances regarding continued employment of selected key officers to better assure that the Company will be able to properly evaluate any proposed transaction and to continue the Company's operations during any transition period. The agreements, which are only effective for a period of up to two years after a change in control occurs, provide for severance benefits ranging from an amount equal to one year's annual salary to an amount equal to twice the executive's annual salary plus bonus but only if the executive separates from service under certain circumstances within the two year period.

Edgar Filing: SIMMONS FIRST NATIONAL CORP - Form DEF 14A

Third, in October, 2001, the Company adopted a split dollar life insurance program for Mr. May providing \$1,000,000 in coverage. The premiums for the life insurance policies in the program are split between the Company and Mr. May. The aggregate premiums paid by the Company for the policies will be re-paid to the Company upon the earlier to occur of (i) the death of Mr. May, or (ii) December 7, 2016.

At the request of the subcommittee, the Executive Compensation and Retirement Committee has undertaken further review of the (i) advisability of adopting a long term incentive plan and (ii) revision of the deferred compensation plan of Mr. May. This review has not been completed.

General Compensation Guidelines for Executive Officers

The Company currently utilizes a unitary compensation structure for its executive officers and the executive officers of its subsidiaries. The compensation program consists of four elements: Salary, Incentive Compensation, Stock Related Compensation, and Retirement Compensation.

The Company, after consultation with a nationally recognized compensation advisory firm, has established job grades and determined the value of each job within the Company. Subject to adjustment for unique factors affecting the job or the executive, the Company targets the midpoint of the market salary range for each job grade, as adjusted annually, as the guide for salaries for executive officers, who are satisfactorily performing their duties.

The Simmons First National Corporation Incentive Compensation Program provides compensatory incentives for executive officers to reinforce achievement of the financial goals of the Company, its subsidiary banks and the participating executives. At the beginning of each year, participating executives are allocated incentive points, which are the basis of the executive's participation within the program. Annually, performance thresholds are established for the Company (net income threshold), each of the subsidiary banks (net income threshold) and each of the participating executive officers (thresholds based upon actual department income and expense factors versus budgeted items). Incentive compensation is payable under the incentive program for a fiscal year if (1) the Company satisfied an applicable threshold, (2) the entity employing the executive satisfied an applicable threshold and (3) the executive satisfied at least 75% of the applicable individual threshold. Performance by the Company and the subsidiary banks above the thresholds may proportionately increase the compensation of each incentive point.

Stock related compensation may consist of incentive stock options, non-qualified options (with or without stock appreciation rights) or restricted shares of the Company's stock. Over the years the Company has maintained several different stock option and stock incentive plans. The Company currently maintains an executive stock incentive plan which authorizes the granting of incentive stock options, non-qualified options (with or without stock appreciation rights) or restricted shares of the Company's stock to certain executive officers. The plans are designed to provide an incentive for the participating executive officers to enhance the long term financial performance

of the Company and the value of the Common Stock. Participation under these plans has been offered to those executive officers whose long term employment and job performance can significantly affect the continued profitability of the Company and its subsidiary banks.

Edgar Filing: SIMMONS FIRST NATIONAL CORP - Form DEF 14A

The Company also maintains a Profit-Sharing/Employee Stock Ownership Plan and a Section 401(k) Plan to provide retirement benefits for substantially all of its employees, including its executive officers.

Bases for the Chief Executive Officer's Compensation

The compensation of the chief executive officer is set by the Executive Compensation and Retirement Committee and approved by the Board of Directors. The committee and the Board examine the annual market analysis provided by the compensation consultant retained by the Company prior to setting his compensation. The committee emphasizes incentive compensation for the chief executive officer, through the incentive compensation program and stock related compensation. In analyzing the compensation of the chief executive officer, the committee evaluates his performance in managing the operations as well as the financial results of operations of the Company. Among the criteria examined are management and leadership, revenue growth, expense control, net earnings, market share, acquisition and expansion activities and other factors material to the job performance of the chief executive officer.

The chief executive officer was allocated 650 points in the incentive compensation program. His threshold of performance was based upon the net income of the Company (60%) and Simmons First National Bank (40%). The Company's income for 2001 did not meet the Company's budgeted performance threshold for 2001. However, the Company's performance was substantially affected by the declining interest rate market, a factor beyond the control of the Company or its executives. Based upon these events, the incentive compensation earned by the chief executive officer under this Program was \$50 per point, or \$32,500.

The chief executive officer received stock option grants for 55,000 shares at an option price of \$24.25 per share. Fifteen thousand (15,000) of these options are incentive stock options which become exercisable in installments of 3,000 shares annually commencing on the grant date. The options expire unless exercised prior to May 6, 2011. Forty thousand (40,000) of these options are non-qualified stock options with tandem stock appreciation rights ("SAR") which become exercisable in installments of 8,000 shares annually commencing on the grant date. The options expire unless exercised prior to May 6, 2011. Each non-qualified stock option with a tandem SAR entitles the holder to either exercise the stock option and acquire a share of stock at the option price or to exercise the SAR and receive a cash payment in the amount of the difference between the closing market price of the stock on the day before the exercise less the option price. The participant can exercise the non-qualified stock option or the SAR, but not both.

Mr. May also received restricted stock grants for 18,000 shares. He received a grant of restricted stock under the new executive stock incentive plan for 15,000 shares. These shares are issued immediately but his full ownership of these shares is subject to vesting over seven (7) years, commencing one year after the date of issuance. Three thousand (3,000) of the restricted shares constituted the fifth and final grant of restricted stock under the executive stock incentive plan adopted in 1997. The Board of Directors has expressed its intention to grant the restricted stock to the chief executive officer based upon the past performance of the Company under his leadership as well as to provide an additional incentive for him to remain in his current position and to enhance the future performance of the Company.

In addition, Simmons First National Bank maintains a deferred compensation agreement for the chief executive officer, as a supplement to the retirement benefits available under the other plans. This agreement provides for a monthly benefit at age 65, or earlier upon death or disability, equal to 50% of the average monthly compensation of the executive officer during the prior five

Edgar Filing: SIMMONS FIRST NATIONAL CORP - Form DEF 14A

years and provides certain benefits, in the event of a change in control of the Company and the subsequent separation from service by the chief executive officer.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities and Exchange Act of 1934 and the regulations issued thereunder require directors and certain officers of any company registered under that Act to file statements on SEC Forms 3, 4 & 5 with the Securities and Exchange Commission, showing their beneficial ownership in securities issued by such company. Based upon a review of such statements by the directors and officers of the Company for the preceding fiscal year, provided to the Company by such person, the Company has identified the following person who failed to timely file the required statements during the preceding fiscal year: J. Thomas May reported in December, 2001 the purchase of 3,000 shares of stock upon the exercise of an incentive stock option which should have been reported on a Form 4 for October, 2001.

AUDIT AND SECURITY COMMITTEE

During 2001, the Audit and Security Committee was composed of Louis L. Ramsay, Jr. (non-voting Advisory Director), Lara F. Hutt, III, George Makris, Jr., David Perdue, Mary Pringos (Director of Simmons First National Bank) and Adam Robinson, Jr. (Director of Simmons First National Bank). Each of the listed committee members are independent as defined in Rule 4200 of the National Association of Securities Dealers listing requirements. This committee provides assistance to the Board in fulfilling its responsibilities concerning accounting and reporting practices, by regularly reviewing the adequacy of the internal and external auditors, the disclosure of the financial affairs of the Company and its subsidiaries, the control systems of management and internal accounting controls. During 2001, this Committee met 12 times.

The Audit and Security Committee issued the following report concerning its activities related to the Company for the previous year:

The Audit and Security Committee has reviewed and discussed the audited financial statements of the Company for the year ended December 31, 2001 with management.

The Audit and Security Committee has discussed with BKD, LLP ("BKD"), its independent auditors, the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU 380).

The Audit and Security Committee has received the written disclosures and the letter from independent accountants required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees) and has discussed with BKD its independence.

Based upon the foregoing review and discussions, the Audit and Security Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the last fiscal year for filing with the Securities and Exchange Commission.

In its analysis of the independence of BKD, the Audit and Security Committee considered whether the non-audit related professional services rendered by BKD to the Company, were compatible with maintaining the principal accountant's independence.
