The enclosed form of Proxy confers discretionary authority upon the persons named therein with respect to amendments to or variations of matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting. If other matters should properly come before the Meeting the form of Proxy will be voted on such matters in accordance with the best judgment of the person or persons voting the form of Proxy.

A simple majority of affirmative votes cast at the Meeting is required to pass the resolutions described herein. A quorum for the meeting consists of two shareholders holding not less than 25% of the outstanding ordinary shares of the Company between them, either in person or by proxy. All proxies submitted, regardless of how voted, will be included for purposes of determining whether a quorum is present for the Meeting.

Appointment of Proxies

The persons named in the enclosed form of Proxy are directors and officers of the Company. **A shareholder has the right to appoint a person, who need not be a shareholder, other than the persons designated in the enclosed form of Proxy, to attend and act on behalf of the shareholder at the Meeting. Such right may be exercised by inserting such other person's name in the blank space provided on the enclosed form of Proxy and striking out the names of the Management designees or by completing another proper form of Proxy.**

To be valid, the enclosed form of Proxy must be signed by the shareholder or the shareholder's attorney authorized in writing or, if the shareholder is a corporation, by a duly authorized officer or attorney. The enclosed form of Proxy, to be acted upon, must be deposited at the office of Equity Transfer & Trust Company, 400 - 200 University Avenue, Toronto, Ontario, Canada, M5H 4H1 or by fax at (416) 595-9593, by 4:30 p.m. (Toronto time) on June 1, 2009 or, in the case of any adjournment or postponement of the Meeting, no later than forty-eight hours (excluding Saturdays, Sundays and holidays) before the time of such reconvened meeting. **Failure to properly complete or deposit the form of Proxy may result in its invalidation. The time limit for proxies may be waived by the Chairman in his sole discretion without notice.**

Revocation of Proxies

Pursuant to The Companies (Guernsey) Law, 2008, a shareholder who has given a proxy may revoke the proxy: (a) by completing and signing a proxy bearing a later date and depositing it as aforesaid containing a statement that any previous proxy is revoked; (b) by depositing an instrument in writing executed by him or by his attorney authorized in writing containing a statement any previous proxy is revoked: (i) at the registered office of the Company at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or (ii)

with the Chairman of the Meeting prior to the commencement of such meeting on the day of such meeting or any adjournment thereof.

Voting Procedures for Non-Registered Shareholders

Only registered holders of ordinary shares of the Company (Shares) or exchangeable shares of CryptoLogic Exchange Corporation (CEC Shares), or the persons they appoint as their proxies, are entitled to vote at the Meeting. Holders of CEC Shares are entitled to vote at the Meeting under a voting trust agreement appointing Equity Transfer & Trust Company as voting trustee, on the basis of 1 vote for each CEC Share held. Holders of CEC Shares must follow the same practices regarding proxies as holders of Shares.

Many shareholders are non-registered shareholders because the Shares or CEC Shares that they own are not registered in their names but are instead registered in the name of the brokerage, firm, bank or trust company through which they purchased the Shares or CEC Shares. More particularly, a person is not a registered shareholder in respect of Shares or CEC Shares which are held on behalf of that person (a

Non-Registered Holder) but which are registered either: (a) in the name of an intermediary (an **Intermediary**) that the Non-Registered Holder deals with in respect of the Shares or CEC Shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (b) in the name of a depository (such as The Depository Trust Company in the United States, or CDS Clearing and Depository Services Inc. in Canada) of which the Intermediary is a participant.

In accordance with the requirements of National Instrument 54-101 *Communication with Beneficial Securities of a Reporting Issuer* (**NI 54-101**), the Company has distributed copies of the Notice of Meeting, this Management Proxy Circular, the form of Proxy and related documents (collectively, the **Meeting Materials**) to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders. Intermediaries are required to forward the Meeting Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Typically, Intermediaries will use service companies to forward the Meeting Materials to Non-Registered Holders.

Non-Registered Holders who have not waived the right to receive Meeting Materials will receive either a voting instruction form or, less frequently, a form of Proxy. The purpose of these forms is to permit Non-Registered Holders to direct the voting of the Shares or CEC Shares they beneficially own. Non-Registered Holders should follow the procedures set out below, depending on which type of form they receive.

1. **Voting Instruction Form.** In most cases, a Non-Registered Holder will receive, as part of the Meeting Materials, a voting instruction form, which, when properly completed and returned to the Intermediary or its service provider, will constitute voting instructions that the Intermediary must follow. Should a Non-Registered Holder wish to vote at the Meeting in person, the Non-Registered Holder should follow the procedure in the request for voting instructions provided by or on behalf of the Intermediary and request a form of legal proxy which will grant the Non-Registered Holder the right to attend the Meeting and vote in person.
2. **Form of Proxy.** Less frequently, a Non-Registered Holder will receive, as part of the Meeting Materials, a form of Proxy that has already been signed by the Intermediary which is restricted as to the number of Shares or CEC Shares beneficially owned by the Non-Registered Holder, but which is otherwise incomplete. If the Non-Registered Holder does not wish to attend and vote at the Meeting in person, the Non-Registered Holder should complete the form of Proxy and deposit it to the offices of Equity Transfer & Trust Company, 400 - 200 University Avenue, Toronto, Ontario, Canada, M5H 4H1 or by fax at (416) 595-9593, as described above. If a Non-

Edgar Filing: CRYPTOLOGIC LTD - Form 6-K

Registered Holder wishes to attend and vote at the Meeting in person (or have another person attend and vote on the Non-Registered Holder's behalf), the Non-Registered Holder must strike out the names of the persons named in the form of Proxy and insert the Non-Registered Holder's (or such other person's) name in the blank space provided.

Non-Registered Holders should carefully follow the instructions of their Intermediary including those regarding when and where the voting instruction form or form of Proxy is to be deposited.

Voting Securities and Principal Holders of Voting Securities

The Board of Directors has fixed May 4, 2009 as the record date (the **Record Date**) for determination of persons entitled to receive notice of the Meeting. Only shareholders of record at the close of business on the Record Date who either attend the Meeting personally or complete, sign and deposit the enclosed form of Proxy in the manner and subject to the provisions described above will be entitled to vote or to have their shares voted at the Meeting.

The authorized capital of the Company consists of an unlimited number of Shares and one preferred share designated as the Special Voting Share. As of April 30, 2009, there are 12,735,819 Shares and one Special Voting Share outstanding. The Special Voting Share is entitled to that number of votes equal to the number of CEC Shares outstanding at the close of business on the Record Date, other than the CEC Shares held by the Company or its affiliates. The Special Voting Share, which is held by Equity Transfer & Trust Company pursuant to a Voting Trust Agreement, allows the holders of CEC Shares to vote at a meeting of holders of the Company's ordinary shares on the basis of 1 vote for each CEC Share held. As of April 30, 2009, there were 1,083,232 CEC Shares outstanding (other than CEC Shares held by affiliates of the Company). Consequently, 13,819,051 votes may be cast at the meeting.

Each holder of record of a Share at the close of business on the Record Date, will be entitled to one vote for each Share held, as applicable, on all matters proposed to come or that come before the Meeting. If a shareholder has transferred any ordinary shares after the Record Date, the transferee of such shares must establish ownership thereof and make a written demand, not later than ten days before the date of the Meeting, to be included in the list of shareholders entitled to vote at the Meeting, in order to be entitled to vote such shares.

This Management Information Circular is being mailed to holders of Shares and CEC Shares. The Management Information Circular relates principally to the Company as CryptoLogic Exchange Corporation is exempt from National Instrument 51-102 -- *Continuous Disclosure Obligations* (**NI 51-102**) provided that the Company complies with the requirements set out in Section 13.3 of NI 51-102. The CEC Shares are the economic equivalent of the Shares.

As of the date hereof, to the knowledge of the directors and officers of the Company, no person beneficially owns, directly or indirectly, or exercises control or direction over, Shares carrying more than 10% of the votes attached to the issued and outstanding Shares except as follows:

NAME	NUMBER OF SHARES BENEFICIALLY OWNED OR OVER WHICH CONTROL OR DIRECTION IS EXERCISED	PERCENTAGE OF ISSUED AND OUTSTANDING SHARES

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Canadian Securities Administrators implemented new rules relating to disclosure of executive compensation and related matters under a revised Form 51-102F6 *Statement of Executive Compensation*. The following section addresses the disclosure requirements of this form, which differ in many respects from the executive compensation disclosure the Company has been required to provide in previous years.

Overview

The Remuneration Committee is responsible for developing and monitoring the Company's approach to compensation. This includes developing compensation programs aimed at attracting, retaining and building high calibre management and expertise and providing for the orderly succession of management. The Remuneration Committee is also charged with periodically reviewing the compensation provided to Directors to ensure it adequately reflects the roles and responsibilities of the Board of Directors. Due to the size and structure of the business of the Company, the Remuneration

Committee carries out its duties in consultation with other members of the Board of Directors and individual executive officers, as appropriate. In this respect, the Chief Executive Officer, and from time to time other members of senior management, are involved in providing input and guidance on specific compensation related issues. The Remuneration Committee carries out its duties with a particular focus on the unique characteristics of the Company, including the nature of its business and the challenges, risks and opportunities particular to it. In respect of the year ended December 31, 2008, these challenges included ensuring that the compensation program continued to meet its goals in light of the continuing migration and transition of functions to the Company's new (as of June of 2007) head office in Dublin, Ireland and other changes in the Company's business, including the implementation of the Company's announced plans to restructure certain fundamental aspects of the business. This requires consideration of the impact of these circumstances and developments on the Company as a whole, as well as their professional and personal impact on individual executives.

As part of developing the Company's overall compensation program, the Remuneration Committee is also responsible for setting and reviewing the compensation packages for the Company's Named Executive Officers (each, an **NEO**). The names of the NEOs, together with detailed quantitative information regarding compensation earned by each NEO for the year ended December 31, 2008, is set out in the Summary Compensation Table below. The discussion below highlights the different elements of compensation comprising the compensation packages of the NEOs and should be read in conjunction with the Summary Compensation Table.

Objectives of Compensation Program

The nature, level and combination of elements of compensation made available to the NEOs is designed to attract, retain and motivate highly qualified executive officers, while promoting an alignment of interests between such executive officers and the Company's shareholders. The Company has engaged third party consultants in the past to aid in determining the appropriate level of base salary, and appropriate combination between salary and other elements of compensation. While the information and recommendations provided by these past consulting engagements has historically been considered by the Remuneration Committee, the different elements and levels of compensation have ultimately been tailored having regard to circumstances unique to the Company.

For the year ended December 31, 2008, determinations relating to compensation were made based on past practice, subject to alterations determined necessary to reflect current circumstances and developments. For example, in arriving at the compensation for Mr. Hadfield, who became CEO on February 27, 2008, the input and analysis of compensation consultants engaged by the Company in the past with regard to similarly situated executives, was considered, but his compensation was then specifically tailored in light of the particular circumstances facing the Company at the time of his hire. While compensation consultants have been engaged in the past by the Company, no compensation consultants were engaged in respect of compensation earned for the year ended December 31, 2008.

Elements of the Compensation Program

As discussed in further detail below, the Company's compensation program is comprised of the following elements: base salary, cash bonus, stock option awards, long-term incentive plan (**LTIP**) awards, participation in an employee share purchase plan, certain limited pension benefits and selective allowances. While most of these elements are available to all NEOs, allowances and pension benefits are individually tailored and provided on a comparatively limited basis. As well, while elements of compensation are subject to achievement of a mix of personal and corporate objectives, the Company's compensation program is designed overall to reward superior individual and corporate performance.

The general policy relating to requisite individual and corporate objectives is set by the Remuneration Committee and is reviewed from time to time to ensure it is responsive to changes in individual NEO

circumstances as well as the business of the Company as a whole, including general market conditions, and those specific to the market for the Company's business. Awards under the Company's stock option plan and LTIP are also guided by objectives specific to those programs. Awards to individual NEOs are reviewed in light of the Remuneration Committee's general policy and the specific elements of the stock option plan and LTIP, as well as the objectives forming part of an NEO's individual compensation program. These are discussed further in context below.

Base Salary and Bonus:

Base salary is a key element of the Company's compensation program. The Company's view is that a competitive base salary is crucial for retaining qualified executive officers. The amount payable to an NEO is determined primarily based on each NEO's level of responsibility, experience and role within the business. For these reasons, base salary generally comprises the most significant component of NEO compensation. In comparison, bonus payments, option and LTIP awards and allowances or perquisites have been generally limited. Increases to base salary are made generally on an annual basis in consideration of individual and corporate performance following review by the Remuneration Committee. During the two most recently completed financial years, retention was of specific concern as a result of the relocation of the Company's headquarters to Ireland and the above-referenced significant changes in the structure and direction of the Company's business. Compensation of executives who were identified as being integral to the transition of the business after the relocation to Ireland was adjusted in order to align their interests over a short and long term horizon, as well as to motivate performance and provide financial rewards for success given the risks and challenges posed by these changes. For example, to ensure his compensation continued to be equitable, the compensation structure for Mr. Taylor was modified, and he was provided with certain additional allowances and perquisites as compared to other NEOs, as a result of his personal relocation from Canada to Ireland.

Cash bonuses have historically formed part of the Company's compensation program. While in some cases, NEO bonuses are non-discretionary and mandated by contractual terms between the Company and the NEO, generally, most NEO bonuses are discretionary, performance-based, and have been guided by annual management bonus programs. These programs have been designed to motivate excellence by connecting financial rewards with exceptional performance. Payment levels have therefore been set based on achievement of personal and corporate objectives. However, a level of discretion has been considered appropriate to afford the Remuneration Committee the flexibility to meet the Company's compensation objectives. Historically, this was achieved by the Remuneration Committee allocating a specified amount to the bonus pool. This pool was then funded based on the Company's development and performance over the relevant bonus period (typically, a fiscal year). Payments to individual officers were then made based on the amount available in the bonus pool (which was generated in correlation to corporate performance) and personal performance. Corporate objectives considered for these purposes have been based on overall profitability of the consolidated operations of the Company. Personal performance measures have included personal and overall contributions to the business, determined at the discretion of the Remuneration Committee. In consideration of the poor performance by the Company and the downturn in general economic conditions during the period, and to reserve capital, no bonus program was implemented for the most recently completed financial year, and thus, no discretionary performance bonus payments were made to NEOs in respect of such period. To the extent that bonuses were paid to NEOs in respect of the most recently completed financial year, they were paid pursuant to pre-existing contractual commitments owed to the said NEOs, and were non-discretionary in nature.

Stock Options:

Under the Company's incentive stock option plan (the **Stock Option Plan**), options have a term of five years or less and are subject to earlier termination if the holder leaves the employ of the Company, unless the Remuneration Committee otherwise decides. Options granted to NEOs typically vest at a rate of one-quarter of the total amount granted per year, the first vesting date to follow one year after the date of grant. One exception in this regard was 100,000 of the options granted to Mr. Aziz on his appointment as CEO of the Company, which options vested immediately. Vesting follows annually after the anniversary date of the original grant, and is accelerated in the event of a public takeover bid for the Company's shares. The Company awards options to NEOs in order to attract and retain high quality individuals to serve as officers and executives of the Company and to ensure alignment the interests of officers and executives with those of shareholders of the Company. Further details on the Stock Option Plan are set out below under the heading "Securities Authorized for Issuance under Equity Compensation Plans".

Historically option grants to NEOs have been determined at the discretion of the Remuneration Committee, having regard to the need to reward performance while limiting the dilutive impact on the Shares. Such discretion was considered appropriate given the business of the Company, its size and structure, as well as the need to retain flexibility in light of changing circumstances. While the Remuneration Committee considers option grants from a principled perspective, keeping in line with the objectives of the compensation program and relevant market trends, options grants may also be based, in part, on the specific circumstances of individuals. Individual grants were made to Mr. Taylor in fiscal 2008 and Mr. Hadfield was granted options on the six month anniversary of his assumption of the role of Chief Executive Officer of the Company.

Long-Term Incentive Plan:

The long-term incentive plan (**LTIP**) was adopted by the Board of Directors with effect as of January 1, 2005. The LTIP is intended to enhance the Company's ability to attract and retain high quality individuals to serve as officers and executives of the Company and to align the interests of officers and executives with those of shareholders of the Company. The LTIP provides performance-based incentives, payable in cash, Shares or a combination of both. Any payments in Shares are made through acquisitions of those Shares by the Company in the secondary market, which avoids any dilutive effect to shareholders' interests. The LTIP provides for the granting of performance share units (**PSUs**) on a discretionary basis to reward participants for growth in the Company's earnings per share and share price, with vesting occurring over a 3 year period (generally referred to as a performance cycle). In the LTIP's inaugural year, 50% of the initial grant of PSUs was structured to vest at the end of year 2, and the remaining 50% at the end of year 3. In subsequent years, grants are generally structured to vest 100% at the end of year 3. Vesting may also be accelerated under certain circumstances, such as a change of control of the Company as defined in the LTIP, or a Participant's death. The Chief Executive Officer, the President, each Vice President, each Director or Director-level executive, each other officer of the Company and certain consultants are eligible to participate in the LTIP, on a discretionary basis. Non-employee members of the Board of Directors are not eligible participants. Generally, PSUs granted under the LTIP are not transferable. PSU grants and the financial and performance objectives required for PSUs to vest are subject to review and approval of the Remuneration Committee.

The LTIP has been designed to reward participants for growth in earnings per share and share price through overlapping three-year performance cycles. The LTIP payout is generally based upon the product of three factors: (i) The number of PSUs awarded; (ii) the share price at the end of the performance cycle; and (iii) a performance modifier that is based upon cumulative earnings per share actually achieved by the Company during the performance cycle. Generally, if cumulative targeted earnings per share are not satisfied, no payouts are made. Initial grants were made under the LTIP in 2005. PSUs granted to Mr. Salmon and Mr. Strazynski matured on December 31, 2007 and were paid out

in 2008. Further grants were made under the 2006 LTIP. However, given the payout conditions associated with the 2006 LTIP, the exit by the Company from the US market in October of 2006 made it highly improbable that the 2006 LTIPs would ultimately pay anything out to holders of 2006 LTIP PSUs. As a result, the Board of Directors determined in October 2006 that the value and payment of one-third of the 2006 LTIP PSUs would be guaranteed and paid out on maturity. The 2006 LTIP matured on December 31, 2008, and holders of 2006 LTIP PSUs received payouts of the guaranteed portion of the said PSUs in early 2009. Further grants were made under the 2007 LTIP. However, payouts are not expected as it is unlikely that the target cumulative annual growth required to meet the payout conditions will be achieved. No PSUs were granted in respect of the most recently completed financial year.

Employee Share Purchase Plan:

In 2005, the Company established an Employee Share Purchase Plan to provide employees with an opportunity to purchase Shares, further participants' alignment with the interests of shareholders and allow them to participate in the growth of the Company. Participation is limited to eligible employees and independent consultants of the Company and its subsidiaries. Employees become eligible after six months of employment with the Company. There are four (4) offering periods (each, an **Offering Period**) per year (once a quarter), as determined by the Board of Directors. Shares will be purchased, through an agent, at market value on the open market of the Toronto Stock Exchange. Employees may elect to purchase shares through a cash transaction at the beginning of the Offering Period, or through payroll deductions over a 12 month period. Employees can contribute up to 10% of their salary (excluding bonuses). The Company will match 50% of the employee's contribution, subject to a Cdn\$2,500 annual limit. Shares purchased with Company match funds will have a 12 month hold period (from the date of purchase). As at December 31, 2008 there were 9374 Shares held under the Employee Share Purchase Plan.

Allowances:

Certain limited allowances or personal benefits or perquisites are also made available to NEOs under the Company's compensation program. These include car allowances, which are generally available to all NEOs consistent with market practices in the industry. In addition, allowances may be provided to reflect the unique circumstances of particular NEOs. For example, Mr. Taylor's employment contract provides that, in connection with his relocation to Ireland, the Company compensate him for both one-time and ongoing expenses associated with his relocation and the relocation of his family. Certain adjustments were also made to his compensation to reflect cost of living allowances. With respect to allowances made available to Mr. Taylor, the Company engaged the services of outside consultants to advise the Company on matters relating to executive compensation in connection with executive relocation at the time of his relocation.

Comparator Group

The Company's compensation program has historically been developed with reference to compensation offered by comparable publicly-traded, software companies. While comparator group compensation levels were historically used as a point of reference, NEO compensation is highly individualized with regard to the opportunities and challenges unique to the Company's business. NEO compensation earned in respect of the year-ended December 31, 2008 was not set in direct reference to any comparator group or benchmark but was determined largely based on compensation levels paid in prior years. As discussed above, for the most recently completed financial year, salary comprised the main component of compensation as, for most NEOs, no discretionary bonuses were paid, no grants were made under the LTIP and only limited stock options were granted.

Determining NEO Compensation

Generally speaking, and subject to as otherwise set forth below, the compensation payable to each NEO for the most recently completed financial year was determined based on previously paid compensation adjusted to reflect changing circumstances and current market conditions. The compensation payable to Mr. Taylor for the most recently completed financial year was determined by the Remuneration Committee in 2006, in part based on the fact that Mr. Taylor had agreed to relocate his family from Toronto to Dublin as part and parcel of the re-domiciling of the Company's head office. Mr. Taylor, who has been employed with the Company since fiscal 2005, was provided with a series of enhancements to his compensation at the time of his relocation, as express consideration for his agreement to relocate. The Company engaged two independent relocation consultants and various tax consultants to advise it with respect to the arriving at the compensation arrangements of Mr. Taylor, and to ensure that all arrangements with Mr. Taylor are in accordance with applicable tax laws. The employment of Mr. Aziz was terminated effective April 30, 2008. As such, the bulk of the compensation paid to Mr. Aziz for the most recently completed financial year represented contractual entitlements of Mr. Aziz on the termination of his employment.

No NEO is involved in the decision-making process related to the setting of his own compensation. Mr. Hadfield, as the President and CEO of the Company, makes recommendations to the Remuneration Committee regarding the compensation of all other NEOs. Mr. Taylor is not a member of the Remuneration Committee, but as a director of the Company, votes on the recommendations of the Remuneration Committee in respect of the compensation of all other NEOs.

Circumstances Triggering Termination and Change of Control Benefits

As noted below under the heading *Termination and Change of Control Benefits* there are certain circumstances that trigger or accelerate payments or the provision of other benefits to an NEO upon termination or a change of control relating to the Company. Elements that may be subject to payment or acceleration based on termination or change of control include salary, LTIP awards and stock option awards as discussed in further detail below.

Performance Graph

The following graph compares the Company's five year cumulative total shareholder return to the S&P/TSX Composite Total Return Index, assuming reinvestment of dividends and considering \$100 investment on January 1, 2004.

Edgar Filing: CRYPTOLOGIC LTD - Form 6-K

The Company, its business and its industry have been subject to a great deal of volatility and uncertainty during the five years reflected in the performance graph. The performance graph reflects, among other factors, the impact that regulatory changes and uncertainty, as well as changes in general economic conditions and the business of Company, have had on the price of the Shares. At the same time, there has been a significant increase in the challenges facing the Company, which of course impacts the role, breadth and scope of duties of the NEOs. As discussed above, compensation of NEOs is comprised of fixed and performance based compensation in the form of base salary, supplemented by bonuses, option grants, LTIP awards and allowances or perquisites as appropriate. Base salary, being a fixed component of overall compensation, forms the most significant element of this mix and is paid to reflect factors such as competence, skill, experience and the role of the NEOs in respect of the business of the Company. Base salary has remained relatively stable during the comparison period, taking into account cost of living and other adjustments, and further considering that the factors that are reflected in base salary are not diminished, but have taken on increased significance in the face of the escalating challenges the Company has faced and continues to face. While these challenges may have a negative impact on market performance of the Company's stock, the Remuneration Committee must also consider the impact of these challenges on retention and motivation. At the same time, performance based elements of compensation have generally declined in correlation to, and reflective of, the decline in the price of Shares. Any exceptions to this general decline have occurred on account of changes in management (for example, while general option grants have been suspended, new or incoming executives may still be granted options in their first and/or second year of employment as employment and retention incentives).

⁽¹⁾ All amounts in this Table are expressed in US dollars. Unless otherwise indicated, where actual compensation was paid in a currency other than US dollars, the amounts in this Table are calculated based on the average effective local currency to US dollar exchange rate for fiscal year 2008.

⁽²⁾ The fair value of the options awarded to both Mr. Hadfield and Mr. Taylor was determined using the Black Scholes valuation model, at the date of award, as prescribed by Section 3870 of the CICA Handbook assuming a 3 year useful life, risk free interest rate of 2.74%, volatility factor of 46.11% and a dividend yield of 2.12%.

⁽³⁾ This amount is made up of a car allowance and amounts paid to Mr. Hadfield as directors fees for the period in fiscal 2008 that Mr. Hadfield was a non-executive director of the Company.

⁽⁴⁾ All Ireland-based employees of the Company, including Mr. Taylor, participate in a pension plan administered in accordance with Irish standards, whereby the Company makes a pre-determined contribution on behalf of Mr. Taylor.

⁽⁵⁾ These amounts are made up of 1) amounts earned by Mr. Taylor while working away from Ireland, 2) allowances for ongoing expenses provided to Mr. Taylor associated with his relocation and the relocation of his family to Dublin, Ireland including car allowance, cost of living adjustments, housing allowances and tuition reimbursements for the educational requirements of his family and 3) a retention bonus due on each anniversary of employment until February 14, 2010. Mr. Taylor's duties require him to spend approximately one-third of his time away from Ireland. With respect to the portion of his compensation associated with his time away from Ireland, Mr. Taylor is paid through a consulting arrangement between a wholly owned subsidiary of the Company and a corporation wholly-owned by Mr. Taylor.

⁽⁶⁾ Mr. Aziz served as President and CEO of the Company until February 26, 2008.

⁽⁷⁾ This was paid to Mr. Aziz, with the intention that Mr. Aziz would contribute same into a self-directed pension plan.

⁽⁸⁾ Mr. Aziz was terminated during fiscal 2008. This amount is comprised of payments made to satisfy contractual entitlements of Mr. Aziz on the termination of his employment. The amounts were denominated in British pounds but paid in Euros at an exchange rate mutually agreed upon. The amounts included in the table are thus the U.S. dollar equivalents of said Euro payments, based on the Euro to US dollar exchange rate as at the date of payment.

⁽⁹⁾ Mr. Starzynski's employment was terminated effective January 19, 2009. He was paid a lump sum payment of Cdn\$510,000 (Cdn\$225,000 of which was paid on January 19, 2009 as a lump sum and the balance of which, being Cdn\$285,000, is to be paid in twelve equal monthly payments), in accordance with contractual obligations relating to such termination.

Pension Plan Benefits

Generally speaking, the Company does not provide pension benefits to NEOs. The sole exception in this regard is Mr. Taylor, in respect of whom the Company is contractually obligated to contribute an amount equal to USD \$18,813 per annum to the pension plan provided by the Company for all of its Ireland-based employees.

Termination and Change of Control Benefits

The following is a summary of termination and change of control payments or benefits accruing to the NEOs. All dollar amounts have been converted to \$USD based on the average local currency to US dollar exchange rate applicable during fiscal 2008.

Brian Hadfield - President and CEO and Director

The Company and Mr. Hadfield entered into an employment agreement dated March 15, 2008. Pursuant to Mr. Hadfield's employment agreement he is entitled to receive a fixed base salary. Any further review of his base salary for adjustment is to be based on an assessment of Mr. Hadfield's achievement of over-all objectives as determined by the Company. Any incremental payments that would be triggered under various termination circumstances are summarized below:

Termination by the Company Other Than For Cause

Should the Company terminate Mr. Hadfield's employment by giving notice, Mr. Hadfield will be entitled a lump sum payment made up of the following sums: (a) 12 months' base salary; and (b) 12 months' bonus, equal to the total amount of bonus received for the previous year of employment.

Edgar Filing: CRYPTOLOGIC LTD - Form 6-K

Termination With Respect to a Change of Control

(Each individual NEO contract contains a definition of "change of control" and such definitions are not necessarily identical in all cases.)

In the event Mr. Hadfield's employment is terminated in connection with a change of control of the Company, Mr. Hadfield will be entitled to a termination payment as set out above, and in addition, he will be entitled to a lump sum payment equal to GBP £473,000.

Voluntary Termination by Mr. Hadfield

Mr. Hadfield must provide the Company with a minimum of ninety (90) days' written notice should he wish to voluntarily terminate his employment with the Company. In the event Mr. Hadfield voluntarily terminates his employment with the Company by providing such ninety (90) days' written notice, and the Company exercises its right to waive such notice, Mr. Hadfield will be entitled to a lump sum

payment equivalent to the his base salary and bonus for the balance of the notice period that remains outstanding on the date the Company exercises such waiver.

Javaid Aziz - Former President and CEO

Mr. Aziz's employment with the Company was terminated effective April 30, 2008. All payments made to Mr. Aziz in connection with such termination are as noted in the Summary Compensation Table.

Stephen Taylor - Chief Financial Officer

The Company and Mr. Taylor entered into an employment agreement dated June 1, 2007. In addition, a joint venture made up of three wholly-owned subsidiaries of the Company entered into a consulting agreement with a company wholly owned by Mr. Taylor dated June 1, 2007. Pursuant to these agreements, Mr. Taylor and his company are entitled to receive gross annual remuneration at a prescribed base rate. Thereafter, his and his company's annual remuneration are subject to review by the Board of Directors of the Company on the same basis as the Board shall review the remuneration of other senior executives of the Company. Pursuant to the aforesaid agreements, Mr. Taylor and or his company are also entitled to both discretionary bonuses and non-discretionary retention bonuses and to participate in the Company's stock option plan and LTIP. As well, the Company has agreed to make an annual pension contribution on behalf of Mr. Taylor, to the pension plan provided by the Company for all of its Ireland-based employees.

Any incremental payments that would be triggered under various termination circumstances are summarized below:

Termination by the Company Other Than for Cause

In the event Mr. Taylor's employment agreement is terminated by the Company other than for cause or if his employment is voluntarily terminated, under circumstances which constitute "good reason" (as defined in his employment agreement), Mr. Taylor will be entitled to the following:

Severance or Termination Pay - An amount equal to:

- a) Mr. Taylor's annual remuneration at the time of termination of employment; plus
- b) the greater of (i) the amount of the discretionary bonus paid to Mr. Taylor in respect of the fiscal year immediately prior to the year in which the termination takes place, or (ii) the expected amount which would be paid to Mr. Taylor as a discretionary bonus in respect of the fiscal year in which the termination takes place had Mr. Taylor remained in the employ of the Company, based on the criteria established by the senior management team bonus plan in effect at that time; plus

Edgar Filing: CRYPTOLOGIC LTD - Form 6-K

- c) a pro rata portion of the discretionary bonus Mr. Taylor would have received in respect of the fiscal year in which the termination arises (having regard to the portion of the fiscal year Mr. Taylor remained employed with the Company, which pro rata discretionary bonus shall be declared, calculated and paid in accordance with, and subject to the Company's senior management team bonus plan).

Benefits Plans - Continued participation in the Company's benefits plans for a period of twelve (12) months following the effective date of termination.

Retention Bonus- As part and parcel of arrangements entered into at the time of Mr. Taylor's relocation to Dublin, the Company agreed to pay Mr. Taylor a retention bonus, provided that Mr. Taylor remains in the employ of the Company on February 14, 2010. If Mr. Taylor's employment is terminated by the Company prior to February 14, 2010 (except for cause), Mr. Taylor will be entitled to a pro rata portion of the retention bonus which Mr. Taylor would have been entitled to had he remained in the active employment of the Company on February 14, 2010, having regard to the number of days between the August 14, 2008 and February 14, 2010 that Mr. Taylor remained in active employment with the Company.

Stock Options - As part and parcel of arrangements entered into at the time of Mr. Taylor's relocation to Dublin, the Company granted to Mr. Taylor certain stock options in consideration of his agreement to relocate to Dublin. Like all other options granted by the Company pursuant to its stock option plan, these options vest over time. If, Mr. Taylor's employment is terminated prior to February 14, 2010 (except for cause), vesting of a pro rata percentage of these options will accelerate such that they will vest on the termination date, and will be exercisable by Mr. Taylor for such period of time following termination as is provided for in the stock option plan.

Termination With Respect to a Change of Control

In the event Mr. Taylor's employment is terminated pursuant to a change of control (as defined in his employment agreement) Mr. Taylor will be entitled to the following:

Stock Options - All invested stock options granted to Mr. Taylor will vest and be exercisable from and after the occurrence of the change of control, in the same manner, and subject to the same terms and conditions as relate to all other vested stock-options granted to Mr. Taylor.

Termination of Consulting Agreement Other Than for Cause

In the event the consulting agreement is terminated by the joint venture without cause (as defined in the consulting agreement) Mr. Taylor's consulting company will be entitled to the following:

Severance or Termination Pay - An amount equal to:

- a) The consulting company's annual fees at the time of termination of employment; plus
- b) the greater of (i) the amount of the discretionary bonus paid to the consulting company in respect of the fiscal year immediately prior to the year in which the termination takes place, or (ii) the expected amount which would be paid to the consulting company as a discretionary bonus in respect of the fiscal year in which the termination takes place had the consulting agreement remained in effect, based on the criteria established by the senior management team bonus plan in effect at that time; plus

Edgar Filing: CRYPTOLOGIC LTD - Form 6-K

- c) a pro rata portion of the discretionary bonus the consulting company would have received in respect of the fiscal year in which the termination arises (having regard to the portion of the fiscal year the consulting agreement remained in effect, which pro rata discretionary bonus shall be declared, calculated and paid in accordance with, and subject to the Company's senior management team bonus plan).

Cross Termination

In the event that the employment agreement or the consulting agreement is terminated, the other of the agreements is contemporaneously terminated.

Voluntary Termination by Mr. Taylor

Mr. Taylor must provide the Company with a minimum of three (3) months notice written notice should he wish to voluntarily terminate his employment with the Company. In the event Mr. Taylor voluntarily terminates his employment with the Company on giving such three (3) months notice, and the Company exercises its right to waive such notice, Mr. Taylor will be entitled to an equivalent amount of remuneration for such period.

Shailesh Naik - Former Managing Director As noted under the Summary Compensation Table, Mr. Naik resigned from his position effective January 31, 2009.

Jon Salmon- Former Managing Director

As noted under the Summary Compensation Table, Mr. Salmon resigned from his position effective October 3, 2008.

Michael Starzynski - Former Chief Information and Technology Officer

As noted under the Summary Compensation Table, Mr. Starzynski's employment with the Company terminated effective January 19, 2009. All payments made to Mr. Starzynski in respect of such termination are as noted in the footnotes to the above Summary Compensation Table.

Narrative discussion

Director compensation consists of a retainer fee for non-executive directors and additional fees in connection with service as Board Chairman or committee chairs. Stock Option Plan

The principal features of the Stock Option Plan are as follows:

The Stock Option Plan authorizes the issuance of 3,900,000 options, of which 388,651 options are available for issuance under the Stock Option Plan.

Options have a term of five years or less and will be subject to earlier termination in certain circumstances. An option will only become exercisable after the following vesting periods:

- o one-third of the options granted to Directors will vest at the date of grant, one additional third one year thereafter, and the remaining third one year after that;
- o unless otherwise permitted by the Remuneration Committee, all other options granted will vest at a rate of one-quarter of the total amount granted per year, the first vesting date to follow one year after the date of grant. Vesting dates will follow annually on the anniversary date of the original grant, provided that in the event of a public takeover bid all options will immediately vest.

Any option granted under the Option Plan, to the extent that such option has not been validly exercised, will terminate on the earlier of the following dates: (i) the date of expiration specified in the option agreement; (ii) 30 days after the date of the termination or expiration of the optionee's employment, directorship or service agreement other than by cause and other than by retirement, permanent disability or death; (iii) six (6) months after the date of the optionee's death; and (iv) three (3) months after termination of the optionee's employment by permanent disability or retirement under any retirement plan of the Company.

No one person may receive or hold options entitling the purchase of 5% or more the outstanding Shares of the Company.

The exercise price is fixed by the directors but is not less than the market value of the Shares at the date of the grant (the closing price on the day of the grant or the average between highest and lowest prices on such day).

Stock options are not assignable by the holder.

No financial assistance will be provided by the Company to option holders in connection with the exercise of stock options granted under the Stock Option Plan.

The Stock Option Plan is administered by the Board of Directors on the advice of the Remuneration Committee.

Amendments to the Stock Option Plan require the approval of the directors and those shareholders not otherwise eligible to receive a benefit under the plan.

AUDIT COMMITTEE

Composition of the Audit Committee

The members of the Audit Committee are Thomas Byrne, Stephen Freedhoff and David Gavagan. All three members are independent within the meaning of NI 52-110. A member is considered financially literate if he has the ability to read and understand a set of financial statements that present a breadth of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can be reasonably expected to be raised by the Company's financial statements. A member of the committee is independent if the member has no direct or indirect material relationship with the Company which could in view of the Board of Directors reasonably interfere with the exercise of the member's independent judgment.

Relevant Education and Experience

Mr. Byrne is a Chartered Accountant and was a partner of a global accounting firm before joining Davy Stockbrokers, Ireland's largest brokerage house, in 1987. He is Chairman of the Company's Audit Committee.

Reliance on Certain Exemptions

At no time since the commencement of the Company's recently completed financial year did the Company rely on exemptions in NI 52-110 (2.4), (3.2), (3.3(2)), (3.4), (3.5), (3.6), (3.8) or Part 8.

Audit Committee Oversight

The Audit Committee has not made any recommendations to the Board of Directors to nominate or compensate any external auditor that was not accepted by the Board of Directors.

Pre-Approval Policies and Procedures for Non-Audit Services

The Audit Committee Charter sections 3(2)(f) and (g) require the Audit Committee to review all non-audit engagements of the auditor, and these reviews are individually considered on a case by case basis.

External Auditor Service Fees

The Audit Committee has reviewed the nature and amount of the non-audit services provided to the Company by Grant Thornton to ensure auditor independence. Fees paid to Grant Thornton for audit and non-audit services the fiscal year ended December 31, 2008 are outlined in the following table. KPMG LLP were the Company's auditors for fiscal year ended December 31, 2007.

YEARS ENDED DECEMBER 31, (IN THOUSANDS OF U.S. DOLLARS)	2008 (GRANT THORNTON)	2008 (KPMG LLP)	2007 (KPMG LLP)

⁽¹⁾ Audit fees were for professional services rendered for the audits of the Company's consolidated financial statements and subsidiary companies, the review of interim financial statements, the review of accounting disclosure requirements regarding other business activities and review of documents filed with U.S., Canadian and U.K. securities regulatory authorities including documents relating to the Company's reorganization to Ireland.

⁽⁴⁾ Other fees were for services other than audit fees, audit-related fees and tax fees as described above. These services included probity checks of employees and licensees.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

None of the current directors or officers of the Company is indebted to CryptoLogic other than for routine indebtedness within the meaning of applicable law.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No director or executive officer of the Company, nor any person who has held such a position since the beginning of the last completed financial year end of the Company, nor any proposed nominee for election as a director of the Company, nor any associate or affiliate of the foregoing persons, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors, the appointment of the auditor and as may be set out herein.

INTERESTS OF INSIDERS IN MATERIAL TRANSACTIONS

In the normal course of operations, the Company engages the services of a law firm in which Robert Stikeman, a member of the Board of Directors, is a partner. Fees paid to this firm were \$0.4 million in 2008 (2007 - \$0.9 million). At December 31, 2008, there were \$0.03 million of outstanding fees payable to this law firm (2007 - \$0.09 million). As the Company has now fully completed its transition from a Canadian incorporated and headquartered entity to a Guernsey incorporated and Irish headquartered company, the Board of Directors has determined that it will no longer use this law firm for material legal work.

During 2008, the Company also engaged another law firm in which Wai Ming Yap, a member of the Board of Directors, is a partner. The fees paid or payable to this law firm, however, were not considered material (2007 - \$0.3 million). As at December 31, 2008, there were no outstanding fees payable to this law firm.

CORPORATE GOVERNANCE

Effective June 30, 2005, National Instrument 58-101 Disclosure of Corporate Governance Practices (**NI 58-101**) and National Policy 58-201 Corporate Governance Guidelines (**NP 58-201**) were adopted in each of the provinces and territories in Canada. NI 58-101 requires issuers to disclose the corporate governance practices that they have adopted. NP 58-201 provides guidance on corporate governance practices (**Guidelines**), which are not prescriptive, but are encouraged in the formulation of corporate governance practices.

The Board believes that good corporate governance improves corporate performance and benefits all shareholders, and believes that its practices are closely aligned to the Guidelines. This section sets out the Company's approach to corporate governance and provides the disclosure requested by Form NI 58-101F1.

1. **Board of Directors**

Directors are defined under NI 58-101 as independent if they have no direct or indirect material relationship with the Company. A material relationship is further defined in Multilateral Instrument 52-110 (**MI 52-110**) to include a relationship which could, in the view of the Company's Board of Directors, be reasonably expected to interfere with the exercise of a director's independent judgment. As well, MI 52-110 provides a list of circumstances that deem a director not to be independent if that person or his family receive any compensation directly or indirectly other than as acting as a director.

The independent members of the Board of Directors of the Company are Thomas Byrne, Stephen Freedhoff, David Gavagan and, if elected, James Wallace. The non-independent members of the Board of Directors are Brian Hadfield, President and Chief Executive Officer, Robert Stikeman, Chairman and Secretary and Stephen Taylor, Chief Financial Officer. Robert Stikeman, the non-executive Chairman of

Edgar Filing: CRYPTOLOGIC LTD - Form 6-K

the Company, is a partner in a law firm that provides legal services to the Company. While the Board does not believe Mr. Stikeman's relationship with the Company should be reasonably perceived to materially interfere with his ability to act in the best interests of the Company, he is not considered independent due to the above fact. Mr. Stikeman is also not considered independent for the purposes of the NASDAQ Rule 4350(d)(2)(A). However, pursuant to the provisions of the NASDAQ Rule 4350(d)(2)(B), the Board has determined that membership on the Nominating Committee by Mr. Stikeman is required by the best interests of the Company and its shareholders, due to Mr. Stikeman's knowledge of the Company and its operations. Brian Hadfield and Stephen Taylor are non-independent members of the Board as they are executive officers of the Company. Mr. Yap is a partner in a law firm that provides legal services to the Company. He is not independent under MI 52-110 but is independent under the NASDAQ Rule 4350(d) (2VB). It is the intention of the Company that Mr. Yap be replaced on the Board by Mr. James Wallace.

The Board facilitates its independent supervision over management by promoting frequent interaction, feedback and exchange of ideas. As well, Management provides the non-independent directors with periodic reports outlining the financial position and status of development projects.

The independent directors meet separately from Management between regular director meetings to permit independent discussion of issues facing the Company. In 2008, four (4) such meetings were held independent of Management. The attendance record of each director for all Board meetings held since January 1, 2008 is contained in the section below titled Meetings of the Board of Directors.

All directors are encouraged to hold a minimum of 5,000 Shares of the Company.

Meetings of the Board of Directors

The attendance record at Board and committee meetings for each member of the Board from January 1, 2008 to May 5, 2009 are set out below:

2. **Board Mandate**

The following is the text of the Board's written mandate to manage, or supervise the management of, the business and affairs of the Company. To discharge this obligation, the Directors assume responsibility in the following areas:

Corporate Disclosure

Monitoring continuous and timely disclosure, financial reporting and all related communications.

Receiving and reviewing the reports of the Audit Committee on financial disclosure.

Establishing a communications policy for the Company, namely, to establish controls and procedures for vetting the quality and accuracy of financial results.

Material Transactions

Review and approve material transactions not in the ordinary course of business and establish thresholds requiring prior Board approval.

Risk Assessment

Identify the principal risks of the Company's businesses and ensure that appropriate systems are in place to manage these risks.

Integrity

Ensure the integrity of the Company's internal control and management information systems.

Ensure ethical behaviour and compliance with laws and regulations, audit and accounting principles, and the Company's own governing documents.

Strategic Planning Process

Provide input to management on emerging trends and issues.

Review and approve management's strategic plans.

Review and approve the Company's financial objectives, plans and actions, including significant capital allocations and expenditures.

Take into account the opportunities and risks of the business.

Monitoring Tactical Progress

Monitor corporate performance against the strategic and business plans, including assessing operating results to evaluate whether the business is being properly managed.

Senior Level Staffing

Select, monitor and evaluate the performance of the Chief Executive Officer and other senior executives, and plan for Management succession.

Monitoring Directors Effectiveness

Assess its own effectiveness in fulfilling the above and Boards responsibilities, including monitoring the effectiveness of individual Directors, based on a review and recommendations of the Compliance and Governance Committee.

3. **Position Descriptions**

The Board has developed a written mandate for the Board (see Board Mandate above), a position description for the Chief Executive Officer and outlined limits to his responsibilities. It has also adopted a statement of corporate objectives in consultation with the Chief Executive Officer.

The Board has developed a written mandate for the Chairman that consists of four principle components as follows:

Providing Leadership to Enhance Directors Effectiveness

The Chairman is explicitly accountable for ensuring that the Directors carry out their responsibilities effectively. This involves:

ensuring that the responsibilities of the Directors are well understood by both the Directors and management, and that the boundaries between Directors and management responsibilities are clearly understood and respected; the Chairman needs to ensure that the Directors do their job and do not try to do management s job;

ensuring that the Directors work as a cohesive team and providing the leadership essential to achieve this;

ensuring that the resources available to the Directors (in particular timely and relevant information) are adequate to support their work;

ensuring that a process is in place by which the effectiveness of the Board of Directors and their committees is assessed on a regular basis; and

ensuring that a process is in place by which the contribution of individual directors to the effectiveness of the Board and its committees is assessed on a regular basis.

Managing the Board

The Chairman is responsible for:

adopting procedures to ensure that the Directors can conduct their work effectively and efficiently, including committee structure and composition, scheduling, and management of meetings;

ensuring that where functions are delegated to appropriate committees, the functions are carried out and results are reported to the Board. Examples of such functions could include:

Edgar Filing: CRYPTOLOGIC LTD - Form 6-K

- o assessing the performance of the CEO;
- o ensuring that appropriate human resource management practices (including succession planning, development and compensation plans) are in place for senior management;
- o ensuring that succession planning for the board is carried out;
- o ensuring an adequate orientation and training program for new Board members;
- o at the conclusion of each Board of Directors meeting, the Chairman may chair a meeting of non-management Directors at which any concerns may be freely expressed; and
- o once potential Board or management candidates are identified, approaching potential candidates (with or without the CEO) to explore their interest in joining the Board.

Acting as Liaison Between Directors and Management

The Chairman must work to ensure that relationships between the Directors and management are conducted in a professional and constructive manner. This involves working closely with the CEO to ensure that the conduct of Board meetings provides adequate time for serious discussion of relevant issues and that the Company is building a healthy governance culture.

Representing the Company to External Groups

Working with the CEO and the CFO, the Chairman could represent the Company to external groups such as shareholders and other stakeholders including local community groups and governments.

At present, the Company does not have a mandate for the Chairman of the Committees, just the Committees themselves.

4. Orientation and Continuing Education

When new directors are appointed, they receive orientation, commensurate with their previous experience, on the Company's business, technology and industry and on the responsibilities of directors, including provision of extensive written materials and individual reviews on the affairs of the Company.

Board meetings include presentations by the Company's Management and employees to give the Directors additional insight into the Company's business, and informal meetings are arranged to permit the Board the occasion for unstructured discussion of the Company's position in the industry and strategic options it may consider.

The Board ensures that its directors maintain the skill and knowledge necessary to meet their obligations, as necessary, by, among other things, engaging consultants that are independent of the Company, to advise on matters pertaining to corporate finance, technology and executive compensation. In addition, the Board is advised regularly by its outside Irish, Canadian, US, UK and Guernsey counsel on matters pertaining to compliance with applicable laws, as well as its outside auditors on matters pertaining to, among other things, financial controls.

5. Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual directors' participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of Management and in the best interests of the Company.

The Company has adopted a written Code of Business Conduct and Ethics (**Code**) respecting ethical business conduct. A copy of the Code is available without charge upon request by contacting CryptoLogic's Investor Relations Department by mail at our office located at 55 St. Clair Avenue West, 3rd Floor, Toronto, Ontario, Canada, M4V 2Y7, by telephone (416) 545-1455, by mail at our office located at 3rd Floor, Marine House Clanwilliam Place, Dublin 2 Ireland, by telephone at +353(0) 12340400, by email at investor.relations@cryptologic.com, and also posted on the Company's web site at www.cryptologic.com.

The Board monitors compliance by making enquiries and receiving reports from the Chief Executive Officer and the Chairman of any event reported to them under the policy, and copies of any reports involving departure from the Code are copied to the Audit Committee.

No material change report filed by the Company has pertained to any departure from the Code.

In considering transactions and agreements in respect of which a director or senior officer has an interest, a disclosure of that interest is tabled in writing and the interested party is absented from the discussion of the matter in question.

The Code is reviewed periodically by the directors and amendments have occurred on two occasions in the past.

In order to promote a culture of ethical business conduct, the Board has directed Management to disseminate the Code to employees of the Company and to set expectations regarding compliance as a condition of continuing employment.

6. Nomination of Directors

The Board considers its size each year when it considers the number of directors to recommend to the shareholders for election at the annual meeting of shareholders of the Company, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience and assure a majority of directors are independent.

The Board has a Nominating Committee consisting of three members, two of which are independent. The Directors review the skills of the prospective directors and identify any deficiencies and direct interviewing of suitable candidates. In order to encourage an independent nominating process, once a candidate is identified, such candidate meets with directors individually and as a group to discuss the Company's business and regulatory activities. The Directors then receive a recommendation from the Nominating Committee on any candidate, who must be approved by the Board as a whole.

7. Compensation

The Board has a Remuneration Committee composed entirely of independent directors. The Remuneration Committee has a charter that mandates it to recommend human resource and compensation policies. It is also mandated to review the performance of the Chief Executive Officer and set the salary, bonus and other benefits of the Chairman and Chief Executive Officer.

8. Other Board Committees

In addition to the Audit, Remuneration and Nominating Committees, the Board has a Corporate Governance and Compliance Committee that reviews the Company's corporate governance (committees, mandates and composition) and reviews them annually to ensure: (i) adherence to best practices based on evolving industry standards; and (ii) to ensure legal compliance with all applicable statutes and regulations pertaining to, among other things, financial reporting, internal controls, disclosure of a non-financial nature, as well as the evolution of fiduciary standards, both prescribed by statute, regulation and as it evolves in common law.

The Corporate Governance and Compliance Committee also reviews the Company's compliance practice relating to the license and certification of its subsidiary gaming software to the Internet gaming industry overseas, reviewing all probity reports requested respecting its subsidiaries licensees, and assessing global legislative developments as they may affect the Company's business around the world.

9. Assessments

The Directors and its committees are regularly assessed as a group and individually in meetings and among individual directors and the Chairman, as situations require.
