Dear Fellow Shareholders:

You are cordially invited to attend the 2019 Annual Meeting of Shareholders of C&F Financial Corporation, the holding company for Citizens and Farmers Bank. The meeting will be held on Tuesday, April 16, 2019, at 3:30 p.m. at C&F Financial Corporation, 3600 LaGrange Parkway, Toano, Virginia. The accompanying Notice and Proxy Statement describe the matters to be presented at the meeting. Enclosed is our Annual Report to Shareholders that will be reviewed at the Annual Meeting.

Please complete, sign, date, and return the enclosed proxy card as soon as possible. Whether or not you will be able to attend the Annual Meeting, it is important that your shares be represented and your vote recorded. If you decide to attend the Annual Meeting in person, you can revoke your proxy at any time before it is voted at the Annual Meeting (provided that, if you hold your shares through a bank, broker or other holder of record and you wish to vote in person, you must obtain a legal proxy or broker's proxy card and bring it to the Annual Meeting as proof of your authority to vote the shares).

We appreciate your continuing loyalty and support of C&F Financial Corporation.

Sincerely,

Larry G. Dillon Thomas F. Cherry
Executive Chairman President and Chief Executive Officer

NOTICE OF 2019 ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD APRIL 16, 2019

The 2019 Annual Meeting of Shareholders of C&F Financial Corporation (the “Corporation”) will be held at C&F Financial Corporation, 3600 LaGrange Parkway, Toano, Virginia, on Tuesday, April 16, 2019, at 3:30 p.m. for the following purposes:

1. To elect four Class II directors to the Board of Directors of the Corporation to serve until the 2022 Annual Meeting of Shareholders, as described in the Proxy Statement accompanying this Notice.
2. To approve, in an advisory, non-binding vote, the compensation of the Corporation’s named executive officers disclosed in the Proxy Statement.
3. To recommend, in an advisory, non-binding vote, the frequency of future advisory, non-binding votes to approve the compensation of the Corporation’s named executive officers.
4. To ratify the appointment of Yount, Hyde & Barbour, P.C. as the Corporation’s independent registered public accountant for the fiscal year ending December 31, 2019.
5. To transact such other business as may properly come before the meeting or any adjournment thereof.

Shareholders of record at the close of business on February 22, 2019, are entitled to notice of and to vote at the Annual Meeting or any adjournment thereof.

By Order of the Board of Directors,

Mary-Jo Rawson
Secretary
March 8, 2019

IMPORTANT NOTICE

Please complete, sign, date, and return the enclosed proxy card in the accompanying postage paid envelope so that your shares will be represented at the meeting. If you decide to attend the Annual Meeting in person, you can revoke your proxy at any time before it is voted at the Annual Meeting (provided that, if you hold your shares through a bank, broker or other holder of record and you wish to vote in person, you must obtain a legal proxy or broker's proxy card and bring it to the Annual Meeting as proof of your authority to vote the shares).

GENERAL INFORMATION

2019 Annual Meeting of Shareholders and Proxy Information

The following information is furnished in connection with the solicitation by and on behalf of the Board of Directors (the “Board”) of the enclosed proxy to be used at the 2019 Annual Meeting of Shareholders (the “Annual Meeting”) of C&F Financial Corporation (the “Corporation”) to be held Tuesday, April 16, 2019, at 3:30 p.m. at C&F Financial Corporation, 3600 LaGrange Parkway, Toano, Virginia. The approximate mailing date of this Proxy Statement and accompanying proxy is March 8, 2019.

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to Be Held on April 16, 2019

The Notice of 2019 Annual Meeting of Shareholders, this Proxy Statement, form of proxy and the 2018 Annual Report to Shareholders are available on the internet at the following website:

<http://www.astproxyportal.com/ast/08723/>

Revocation and Voting of Proxies

Execution of a proxy will not affect a shareholder’s right to attend the Annual Meeting and to vote in person. Any shareholder who has executed and returned a proxy may revoke it by attending the Annual Meeting and requesting to vote in person. A shareholder may also revoke his proxy at any time before it is exercised by filing a written notice with the Corporation or by submitting a proxy bearing a later date. Proxies will extend to, and will be voted at, any properly adjourned session of the Annual Meeting. If a shareholder specifies how the proxy is to be voted with respect to any proposals for which a choice is provided, the proxy will be voted in accordance with such specifications. If a shareholder returns a signed proxy card but fails to specify how to vote his or her shares with respect to any proposal set forth in the accompanying Notice and further described herein, the proxy will be voted according to the recommendation of the Board of Directors, as follows:

Proposal Recommendation of the Board of Directors

- ONE FOR each of the director nominees
- TWO FOR advisory, non-binding approval of the compensation of the Corporation's named executive officers
- THREE For an every 1 YEAR frequency for the advisory, non-binding vote on the compensation of the Corporation's named executive officers
- FOUR FOR ratification of the appointment of Yount, Hyde & Barbour, P.C. as the Corporation's independent registered public accountant for the fiscal year ending December 31, 2019

If you hold your shares through a bank, broker or other holder of record, and you plan to vote in person at the Annual Meeting, you should contact your bank, broker or agent to obtain a legal proxy or broker's proxy card and bring it to the meeting as proof of your authority to vote the shares. If you hold your shares through a bank, broker or other holder of record, you should contact your bank, broker or agent to revoke your proxy or change your vote.

Directions to Annual Meeting

To obtain directions to attend the Annual Meeting and vote in person, please contact the Secretary of the Corporation at (804) 843-2360.

Table of Contents

Voting Rights of Shareholders

Only those common shareholders of record at the close of business on February 22, 2019, are entitled to notice of and to vote at the Annual Meeting, or any adjournments thereof. The number of shares of Corporation common stock outstanding and entitled to vote at the Annual Meeting is 3,486,861. The Corporation has no other class of voting stock outstanding. A majority of the votes entitled to be cast, represented in person or by proxy, will constitute a quorum for the transaction of business.

Each share of Corporation common stock entitles the record holder thereof to one vote for each matter to be voted upon at the Annual Meeting. Shares for which the holder has elected to abstain or to withhold the proxies' authority to vote (including broker non-votes) on a matter will count toward a quorum, but will not be included in determining the number of votes cast with respect to such matter.

With regard to the election of directors, votes may be cast in favor or withheld. If a quorum is present, the four nominees receiving the greatest number of affirmative votes cast at the Annual Meeting, even if less than a majority, will be elected directors; therefore, votes withheld and broker non-votes will have no effect.

With regard to the non-binding advisory vote on the frequency of the non-binding advisory vote on executive compensation, shareholders may vote for a frequency of every year, every two years or every three years, or shareholders may abstain from voting. If a quorum is present, the frequency that receives the highest number of votes in favor, even if less than a majority, will be the frequency that is recommended by the shareholders; therefore, abstentions and broker non-votes will have no effect.

For all other proposals, votes may be cast in favor or against, or shareholders may abstain from voting. Approval of these other proposals (including the non-binding advisory vote to approve executive compensation and the ratification of the appointment of the Corporation's independent registered public accountant) requires an affirmative vote of a majority of the votes cast on the matter. Thus, although abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum, they generally do not count as votes cast and, therefore, will have no effect for purposes of determining whether such a matter is approved.

Routine and Non-Routine Proposals

Applicable rules determine whether proposals presented at shareholder meetings are routine or non-routine. If a proposal is routine, a broker or other entity holding shares for an owner in street name generally may vote on the proposal without receiving voting instructions from the owner. If a proposal is non-routine, the broker or other entity

generally may vote on the proposal only if the owner has provided voting instructions. A “broker non-vote” occurs when a broker or other entity returns a signed proxy card but does not vote shares on a particular proposal because the proposal is not a routine matter and the broker or other entity has not received voting instructions from the beneficial owner of the shares. The ratification of the appointment of Yount, Hyde & Barbour, P.C. as the Corporation’s independent registered public accountant for the fiscal year ending December 31, 2019 is considered a routine matter, while the election of directors and the non-binding advisory votes to approve executive compensation and on the frequency of non-binding advisory votes to approve executive compensation are considered to be non-routine matters.

Solicitation of Proxies

The cost of solicitation of proxies will be borne by the Corporation. Solicitations will be made only by the use of the mail, except that officers and regular employees of the Corporation and Citizens and Farmers Bank (the “Bank”) may make solicitations of proxies in person, by telephone or by mail, acting without compensation other than their regular compensation. We anticipate that brokerage houses and other nominees, custodians and fiduciaries will be requested to forward the proxy soliciting material to the beneficial owners of the stock held of record by such persons, and the Corporation will reimburse them for their charges and expenses in this connection. The Corporation engaged D. F. King & Co., Inc. to assist in the solicitation of proxies for the Annual Meeting for a fee of approximately \$10,000 plus expenses.

Table of Contents

BOARD AND GOVERNANCE MATTERS

PROPOSAL ONE

ELECTION OF DIRECTORS

The Corporation's Board is divided into three classes (I, II and III) of directors. The term of office for Class II directors will expire at the Annual Meeting. Four persons named below, each of whom currently serves as a director of the Corporation, will be nominated to serve as Class II directors. If elected, the Class II nominees will serve until the 2022 Annual Meeting of Shareholders.

The two persons named in the proxy card will vote for the election of the nominees named below unless authority is withheld. The Corporation's Board believes that the nominees will be available and able to serve as directors, but if any of these persons should not be available or able to serve, the proxies may exercise discretionary authority to vote for a substitute proposed by the Nominating Committee.

The Board is not aware of any family relationship among any director, director nominee or executive officer; nor is the Board aware of any involvement of any director, director nominee or executive officer, currently or in the past ten years, in any legal proceedings that would be material to an evaluation of the ability or integrity of any director, director nominee or executive officer. None of the directors or director nominees serves, nor in the past five years has any director or director nominee served, as a director of any other public company with a class of securities registered pursuant to Section 12 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Unless authority for the Class II Director nominees is withheld, the shares represented by the enclosed proxy card, if executed and returned, will be voted FOR the election of the nominees proposed by the Board of Directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE FOUR NOMINEES NOMINATED TO SERVE AS CLASS II DIRECTORS.

Table of Contents

Director Nominees and Directors Continuing to Serve

Certain information concerning the nominees for election at the Annual Meeting as Class II directors is set forth below, as well as certain information about the Class I and III directors who will continue in office until the 2021 and 2020 Annual Meetings of Shareholders, respectively, including the qualifications, skills and experience that the Board believes make the director or director nominee a good fit for service on the Board.

Class II Director Nominees—To Serve Until the 2022 Annual Meeting

Name	Principal Occupation During Past Five Years and Qualifications, Skills and Experience
<p>Audrey D. Holmes Director since 2007 Age 61</p>	<p>Ms. Holmes owns and operates her own legal practice, Audrey D. Holmes, Attorney-at-Law. Ms. Holmes conducts business in most of the communities served by the Bank. Ms. Holmes' business experience as a sole practitioner is enhanced by her membership in a number of professional, civic and religious organizations. As a small business owner, Ms. Holmes understands many of the challenges faced by the Bank's customers.</p>
<p>Elizabeth R. Kelley Director since 2017 Age 58</p>	<p>Ms. Kelley is the managing director and co-owner of Blue Heron Management LLC, a business and</p>

management consulting and advisory firm. Prior to joining Blue Heron Management LLC, Ms. Kelley served as the president and chief operating officer of The Martin Agency, an international full-service advertising agency headquartered in Richmond, Virginia, until April 2018. She began her advertising career in 1983 at The Martin Agency, and during her tenure, she worked in a variety of roles from account management to working in the creative department, as well as leading the human resources group. She became a partner in 2005, assumed the role of chief operating officer in 2011, and was named president of the agency in 2016. Ms. Kelley currently serves on the Hampden-Sydney College board of trustees and the board of the Greater West Point Family YMCA, and she is a member of the West Point, Virginia Chamber of Commerce. She has served as a member of the Board of Directors of the Bank (the "Bank Board") since June 2016. Ms. Kelley's diverse experience in business and strategy, including with a company that

specializes in, among other things, advertising, strategic planning, and building the relationship between brand and consumers, brings valuable expertise to the Board.

James T. Napier Director since 2016 Age 66	Mr. Napier is the president of Napier Realtors ERA headquartered in Chesterfield County, Virginia, with branch offices serving Powhatan County, Henrico County, the City of Richmond and the tri-cities area. Mr. Napier has been president of the firm since 1991 and involved in the real estate business since 1976. Mr. Napier served on the board of directors of Central Virginia Bankshares, Inc. from 1997 until its acquisition by the Corporation in 2013. Since that time, Mr. Napier has served as a member of the Bank Board. Mr. Napier's experience in real estate, his experience as the president of a real estate company and his years of experience on the board of a community bank provide him the leadership skills and attributes desired to serve as a director.
--	---

Paul C. Robinson Mr. Robinson is the
Director since 2000 president of Francisco,
Age 61 Robinson and
 Associates, Inc., a real
 estate brokerage
 firm. Mr. Robinson
 has gained practical
 business experience
 through over 40 years
 in the real estate
 business, including
 over 25 years as a firm
 owner/principal
 broker. In addition,
 Mr. Robinson
 previously served as
 an elected member of
 the Board of
 Supervisors for New
 Kent County, and has
 represented New Kent
 County, Virginia, on
 multi-jurisdictional
 boards in the greater
 Richmond
 region. Through his
 experiences in
 business and
 government services,
 Mr. Robinson has
 developed relevant
 financial, accounting
 and compliance
 knowledge. In
 addition, Mr.
 Robinson's past
 experience as an
 elected public official
 provides insight into
 the workings of local
 government, issues
 facing constituents,
 many of whom reside
 in the Bank's banking
 footprint, and how to
 effectively manage
 input from numerous
 stakeholders to make
 the most appropriate
 decisions.

Table of Contents

Class III Directors—Serving Until the 2020 Annual Meeting

Name Principal Occupation During Past Five Years and Qualifications, Skills and Experience

Dr. Julie R. Agnew is the Richard C. Kraemer Term Professor of Finance and Economics at the College of William & Mary's Raymond A. Mason School of Business. From 2014 until 2016, she was the Director of the Director Boehly Center for Excellence in Finance at the Mason School of Business. She is a TIAA Institute Fellow, since 2017 a member of the Wharton School's Pension Research Council Advisory Board and a Research Associate for the Center for Retirement Research at Boston College. Prior to pursuing her doctorate, Dr. Agnew worked as an analyst in investment banking for Salomon Brothers in New York City and as an equity research associate for Vector Securities International in Chicago. Dr. Agnew has served as a member of the Bank Board since June 2016. Dr. Agnew's experience enables her to provide significant insights regarding the finances and economic risks of the Corporation.

Age 49

J. P. Causey Jr.1 In addition to being a self-employed attorney-at-law, Mr. Causey is Plan Administrator for Canal Corporation, formerly Chesapeake Corporation. Mr. Causey previously served as executive vice president, secretary and general counsel for Canal Corporation, formerly a SEC registrant, from 2001 to 2011. Mr. Causey had 27 years of experience with Canal Corporation. During his time with Canal Corporation, Mr. Causey actively participated in the development of corporate strategy and in evaluating risk. Mr. Causey also had direct supervisory responsibility for the corporate legal, communications, human resources, business ethics, environmental compliance and internal audit functions. Mr. Causey played an active part in the drafting and/or review of periodic Securities and Exchange Commission ("SEC") filings and other corporate communications. Mr. Causey's background enables him to provide significant contributions with respect to the Corporation's overall management, as well as with respect to its compliance obligations.

Director since 1984

Age 75

Barry R. Chernack Prior to his retirement in December 1999, Mr. Chernack was the managing partner of PricewaterhouseCoopers LLP ("PwC")'s southern Virginia practice. Mr. Chernack specialized in audits of both public and non-public companies, including those operating in the financial services industry, such as banks and broker dealers. Mr. Chernack has significant experience with the preparation of SEC filings, including periodic and annual reports and registration statements covering debt and equity offerings. Mr. Chernack's background enables him to provide significant contributions to Board deliberations regarding the financial health of the Corporation and its compliance requirements as an SEC registrant.

Director since 2002

Age 71

Thomas F. Mr. Cherry is the President and Chief Executive Officer of the Corporation and the Bank. Mr. Cherry has worked for the Corporation and the Bank for over 22 years. He has been Chief Executive Officer since January 1, 2019 and President since December 2014 and was appointed to the Boards of Directors of the Corporation and the Bank in January 2015. Mr. Cherry also previously served as Secretary from 2002 until 2018 and Chief Financial Officer from 2004 until 2016. Mr. Cherry is well versed in all business and operational aspects of the Corporation and the Bank and has strong leadership qualities. In addition to his duties at the Corporation and the Bank, Mr. Cherry has served on several committees of the Virginia Bankers Association. Mr. Cherry has served in several community organizations in communities served by the Bank. Prior to joining the Bank, Mr. Cherry worked for Price Waterhouse LLP (prior to its merger with Coopers & Lybrand to create PwC). All of these experiences provide Mr. Cherry with valuable insights for leading a community bank and serving on the Corporation's Board.

Director since 2015

Age 50

Table of Contents

Class I Directors—Serving Until the 2021 Annual Meeting

Name Principal Occupation During Past Five Years and Qualifications, Skills and Experience

Larry G. Mr. Dillon is the Executive Chairman of the Boards of Directors of the Corporation and the Bank. Mr. Dillon¹ has worked for the Corporation and the Bank for over 41 years and has been Chairman since 1998. He served as Chief Executive Officer from 1989 until December 31, 2018, and as President from 1989 until December 2014. Prior to becoming President and Chief Executive Officer, Mr. Dillon served in several capacities including Chief Operating Officer and Commercial Lending Officer. Mr. Dillon is well versed in all business and operational aspects of the Corporation and the Bank and has the strong leadership qualities that are necessary to lead the Board and Corporation as a whole. In addition to his duties at the Corporation and the Bank, Mr. Dillon has served as president of the Virginia Bankers Association and has served on several committees within that organization. Mr. Dillon has served as a leader in several community organizations in communities served by the Bank. Prior to joining the Bank, Mr. Dillon worked for the State Corporation Commission Bureau of Financial Institutions. All of these experiences provide Mr. Dillon with valuable insights for leading a community bank and serving on the Corporation's Board.

James H. Mr. Hudson is an attorney-at-law for Hudson Law, PLC. Mr. Hudson has practiced law for over 41 years in the primary footprint of the Bank and is the current mayor of one of the communities served by the Bank. Mr. Hudson's work centers on real estate, both residential and commercial, and includes, among other things, loan workouts, collateralizations and foreclosures. Mr. Hudson's experience and insights in these areas allow the Board to have more robust discussions and establish appropriate direction for the Corporation.

C. Elis Mr. Olsson is vice president and director of operations for Martinair, Inc. ("Martinair"), an aircraft charter and management company. Mr. Olsson has been with Martinair since May 2000. Mr. Olsson, as a vice president of Martinair, in addition to his operational duties, has responsibility for the review of financial information of Martinair. Prior to Martinair, Mr. Olsson worked for a Fortune 500 company where he held numerous roles including regional sales manager and vice president of operations. He also served on the board of directors for the Fortune 500 company. Mr. Olsson is actively involved in various community organizations in the markets the Bank serves. Mr. Olsson's background brings valuable operational and financial expertise to the Board.

¹ If prior to 1994, refers to the year the director joined the Bank Board, prior to the Corporation's becoming the holding company for the Bank.

The Bank Board consists of the eleven current members of the Corporation's Board listed above and Bryan E. McKernon, President and CEO of C&F Mortgage Corporation.

Board Leadership Structure and Risk Oversight

Prior to January 1, 2019, the Corporation operated using the traditional U.S. board leadership structure, under which our Chief Executive Officer (“CEO”) also served as Chairman of the Board. In connection with Mr. Dillon’s decision in 2018 to step back from being Chief Executive Officer of the Corporation and the Bank, the Board decided to separate the roles of CEO and Chairman of the Board effective with the appointment of Mr. Cherry as CEO, effective January 1, 2019. Mr. Dillon has been a member of the Board since 1989 and is the second longest serving director in the history of the Corporation and the Bank. The Board determined that Mr. Dillon’s knowledge of the Corporation and his Board experience make him the best choice to serve as Chairman of the Board. We believe the Board and the Corporation also benefit from the continuity that Mr. Dillon provides in chairing the Board.

Table of Contents

While the Board has not formally designated a lead independent director, Mr. Hudson presides over executive sessions of the Board, which are attended solely by independent directors. Mr. Hudson also refers to the appropriate Board committee any issue brought to his attention by shareholders, directors and others. Mr. Hudson is the primary communicator between the independent directors and the CEO, who is directly responsible to the Board in its entirety, although individual Board members may communicate directly with the CEO and vice versa and may freely discuss their views with other Board members at any time.

The Corporation believes that its leadership structure allows the directors to provide effective oversight of its risk management function. The Audit Committee oversees the accounting and financial reporting processes of the Corporation, as well as legal and compliance matters and risk management. As described in the Audit Committee Charter, the Board has delegated to the Audit Committee the responsibility of overseeing the internal controls of the Corporation along with its adherence to compliance and regulatory requirements. On at least a quarterly basis, the Corporation's Director of Internal Audit provides a comprehensive report to the Audit Committee regarding the Corporation's key risks, including operational, financial, credit quality, cyber and other risks. While the Audit Committee has primary responsibility for overseeing risk management, our entire Board is actively involved in overseeing this function for the Corporation. On a routine basis, the Board receives reports from the Audit Committee Chair and discusses risks that the Corporation is facing. The full Board also engages in periodic discussions with the President and CEO, Chief Financial Officer ("CFO") and other corporate officers as the Board may deem appropriate. In addition to the roles performed by the Audit Committee, the Compensation Committee considers the risks that may arise through our compensation programs. The Compensation Committee Chair also reports to the Board on a routine basis. The Corporation believes that its leadership structure promotes effective Board oversight of risk management because, while there is a single leader ultimately accountable for the management of the Corporation's enterprise risks, Board committees comprised solely of independent directors actively monitor the Corporation's risk management, and the committee chairs, each of whom is an independent director, are provided with the information necessary to evaluate the specific risks relevant to each committee's areas of accountability.

As described below, on an annual basis, the Nominating Committee evaluates our Board leadership structure to ensure that it remains the optimal structure for our Corporation and our shareholders.

Director Independence

The Board has determined that all non-employee directors, who comprise a majority of the Corporation's Board, satisfy the independence requirements of the NASDAQ Stock Market ("NASDAQ") listing standards. The Board has affirmatively determined that directors Agnew, Causey, Chernack, Holmes, Hudson, Kelley, Napier, Olsson, and Robinson are independent within the meaning of the NASDAQ listing standards. In conjunction with this determination, the Board considered the Corporation's relationship with Mr. Hudson. The firm of Hudson Law, PLC, of which Mr. Hudson is a member, was retained to perform legal services for the Corporation during fiscal years 2016, 2017 and 2018, for fees of approximately \$69,000, \$69,000 and \$84,000, respectively, and continues to provide such services in 2019. The Board determined that the relationship did not interfere with Mr. Hudson's ability to exercise independent judgment as a director of the Corporation. During 2018, the Board held two regularly-scheduled executive session meetings attended solely by its independent directors and over which Mr.

Hudson presided.

Board Evaluation Process

The Board believes in a robust self-evaluation process. Each year, all members of the Board complete a detailed questionnaire regarding the Board's performance and Board governance and processes. In connection with the evaluation process, the qualifications and performance of all Board members are reviewed prior to their re-nomination to the Board. Annually, the Audit Committee and Compensation Committee each

7

Table of Contents

conducts a self-evaluation of its performance and procedures, including the adequacy of its charter, and reports the results to the Board.

Board Committees and Attendance

During 2018, there were 12 meetings of the Board of Directors of the Corporation. Each director attended at least 75 percent of all meetings of the Board and Board committees on which he or she served.

The Corporation has not adopted a formal policy on Board members' attendance at its annual meeting of shareholders, although all Board members are encouraged to attend and historically most have done so. All Board members attended the Corporation's 2018 Annual Meeting of Shareholders.

The Board has three standing committees, which are the Audit, Compensation and Nominating Committees. Each of these committees is comprised solely of independent directors, with the Audit and Compensation committees each having a separate Chair. The Nominating Committee does not currently have a Chair. The duties of the committees are set forth in their respective committee charters. The Chairs of the Audit and Compensation Committees are responsible for directing the work of the committee in fulfilling its responsibilities. In addition to these standing committees, all of the directors participate in the Corporation's annual strategic planning process.

The following table sets forth the current committee membership of the Board.

Director	Board of Directors Committees		
	Audit ¹	Compensation ¹	Nominating ¹
Julie R. Agnew	X		X
J.P. Causey Jr.	X	Chair	X
Barry R. Chernack	Chair ²	X	X
Thomas F. Cherry

Audrey D. Holmes			X
James H. Hudson III		X	X
Elizabeth R. Kelley		X	X
James T. Napier	X		X
C. Elis Olsson	X		X
Paul C. Robinson			X
Meetings during 2018	14	5	2

1 All members of the Audit, Compensation, and Nominating Committees are non-employee directors and are independent for such purpose according to NASDAQ listing standards and SEC regulations.

2 Mr. Chernack qualifies as an “audit committee financial expert” under SEC regulations.

Audit Committee

The Audit Committee engages the Corporation’s independent registered public accountant, approves the scope of the independent registered public accountant’s audit, reviews the reports of examination by the regulatory agencies, the independent registered public accountant and the internal auditor, and regularly provides updates to the Board as to the Audit Committee’s activities. The Board has adopted a charter for the Audit Committee which is posted on the Corporation’s website at www.cffc.com under “Investor Relations/Corporate Overview.” See “Report of the Audit Committee” on pages 47 and 48.

Table of Contents

Compensation Committee

The Compensation Committee recommends the level of compensation to be paid to the executive officers of the Corporation and certain key officers of the Bank and its subsidiaries, administers all incentive and equity compensation plans for the benefit of such officers, directors and employees eligible to participate in such plans, and regularly provides updates to the Board as to the Compensation Committee's activities. The Board has adopted a charter for the Compensation Committee which is posted on the Corporation's website at www.cffc.com under "Investor Relations/Corporate Overview." See "Compensation Committee Report" on page 35.

Nominating Committee

The Nominating Committee's primary responsibility is to identify individuals who have the desired experience, qualifications, attributes and/or skills to serve on the Board of Directors and to recommend to the Board for selection, candidates for all directorships to be filled by the Board or by the Corporation's shareholders. The Board has adopted a charter for the Nominating Committee which is posted on the Corporation's website at www.cffc.com under "Investor Relations/Corporate Overview." Currently there is no Chair of the Nominating Committee. Mr. Hudson presided over all Nominating Committee meetings during 2018 and directed the work of the committee in fulfilling its responsibilities in 2018.

While there are no formal procedures for shareholders to submit director recommendations, the Nominating Committee will consider candidates recommended by shareholders in writing. Such written submissions should include the name, address and telephone number of the recommended candidate, along with a brief statement of the candidate's qualifications to serve as a director. All such shareholder recommendations should be submitted to the attention of the Corporation's Secretary, P.O. Box 391, West Point, Virginia 23181, and must be received no later than January 1, 2020 in order to be considered by the Nominating Committee for the annual election of directors in 2020. Any candidates recommended by a shareholder will be reviewed and considered in the same manner as all other director candidates considered by the Nominating Committee.

Qualifications for consideration as a director nominee may vary according to the particular areas of expertise being sought as a complement to the existing Board composition. However, minimum qualifications include high level leadership experience in business activities, breadth of knowledge about issues affecting the Corporation and time available for meetings and consultation on Corporation matters. The Nominating Committee seeks a diverse group of candidates who possess the background, skills and expertise to make a significant contribution to the Board, to the Corporation and its shareholders. All candidates must possess the aptitude or experience to understand fully the legal responsibilities of a director and the governance processes of a public company, as well as the personal qualities to be able to make a substantial active contribution to Board deliberations, including intelligence and wisdom, self-assuredness, interpersonal and communication skills, courage and inquisitiveness. Consideration will also be given to financial management, reporting and control expertise or other experiences that would qualify the candidate as an "audit committee financial expert" under established standards. The Nominating Committee also considers

diversity in its evaluation of candidates for Board membership. Pursuant to its charter, in identifying candidates for Board membership, the Nominating Committee seeks to ensure that the Board, as a whole, is diverse and consists of individuals with various and relevant career experience and backgrounds. Consideration is given to assuring that the Board, as a whole, adequately reflects the diversity of our constituencies and the communities in which we conduct our business. The Nominating Committee may consider these and other appropriate factors that contribute to an overall diversity of perspective that enhances the Board's ability to oversee the Corporation's business and perform its responsibilities.

Table of Contents

The Nominating Committee evaluates potential nominees, whether proposed by shareholders or otherwise, by reviewing their qualifications, reviewing results of personal and reference interviews and reviewing other relevant information. Candidates whose evaluations are favorable are then chosen by majority vote of the Nominating Committee to be recommended for nomination by the full Board. The full Board then selects and nominates candidates for election as directors by the shareholders at the Annual Meeting. The Nominating Committee follows the same process to identify new candidates for recommendation to the full Board in the event of a vacancy on the Board. No director elected after February 23, 2016, is eligible to serve on the Board after the Annual Meeting following his or her 75th birthday. This provision does not apply to any person serving as a director of the Bank on December 31, 1984.

The Board has concluded that each director and director nominee possesses the personal traits described above. In considering the directors' and the director nominees' individual experience, qualifications, attributes and skills, the Board has concluded that the appropriate experience, qualifications, attributes and skills are represented for the Board as a whole and for each of the Board's committees. In addition, each director and director nominee possesses characteristics that led the Board to conclude that such person should serve as a director. The specific experience, qualifications, attributes and skills that the Board believes each director and director nominee possesses are discussed under Proposal One "Election of Directors."

In accordance with the Corporation's bylaws, any shareholder entitled to vote in the election of directors generally may nominate one or more persons for election as director(s) at an Annual Meeting, if the shareholder gives written notice of his or her intent to make such nomination. A shareholder nomination must include the nominee's written consent to serve as a director of the Corporation if elected; sufficient background information with respect to the nominee including, but not limited to, the nominee's name and address, the amount and nature of the nominee's beneficial ownership of the Corporation's securities, his or her principal occupation for the past five years, his or her age, and a discussion of the specific experience, qualifications, attributes or skills that led to the conclusion that the nominee should serve as director; sufficient identification of the nominating shareholder, including the shareholder's name and address; a description of any arrangements or understandings between the shareholder and the nominee pursuant to which the nomination is to be made by the shareholder; and a representation by the shareholder that he or she is the owner of stock of the Corporation entitled to vote at the Annual Meeting and that he or she intends to appear at the Annual Meeting (in person or by proxy) to nominate the individual specified in the notice. No such nomination was made for the annual election of directors in 2019. Nominations must be received by the Corporation's Secretary at the Corporation's principal office in West Point, Virginia, no later than February 7, 2020 for the annual election of directors in 2020. These requirements are more fully described in Article III, Section 16 of the Corporation's bylaws, a copy of which will be provided, without charge, to any shareholder upon written request to the Corporation's Secretary.

Director Compensation

The following table provides compensation information for the year ended December 31, 2018 for each non-employee director of the Corporation's Board of Directors.

Table of Contents

Director Compensation for 2018

Name ¹	Fees Earned or Paid in Cash ² (\$)	Stock Awards ³ (\$)	All Other Compensation ⁴ (\$)	Total (\$)
Julie R. Agnew	28,550	20,440	1,344	50,334
J. P. Causey Jr.	37,750	20,440	1,988	60,178
Barry R. Chernack	38,780	20,440	1,988	61,208
Audrey D. Holmes	22,550	20,440	1,988	44,978
James H. Hudson III	26,100	20,440	1,988	48,528
Elizabeth R. Kelley	25,100	20,440	1,344	46,884
James T. Napier	27,000	20,440	1,988	49,428
C. Elis Olsson	30,100	20,440	1,988	52,528
Paul C. Robinson	22,100	20,440	1,988	44,528

¹ Larry G. Dillon, the Corporation's Executive Chairman of the Board, and Thomas F. Cherry, the Corporation's President and CEO, are not included in this table. Both are employees of the Corporation and thus receive no compensation for service as a director. The compensation received by Messrs. Dillon and Cherry as employees of the Corporation is shown in the Summary Compensation Table on page 36.

² Includes any fees deferred pursuant to the Corporation's Directors Non-Qualified Deferred Compensation Plan (which was restated January 1, 2018 as the C&F Financial Corporation Non-Qualified Deferred Compensation Plan for Directors). Under the plan, each director may elect to defer any or all of his or her fees. Deferral elections are made in December of each year for amounts to be earned in the following year.

³ Reflects the grant date fair value of the restricted stock award granted to each non-employee director on January 16, 2018 under the C&F Financial Corporation 2013 Stock and Incentive Compensation Plan (the "2013 Stock and Incentive Plan"), calculated in accordance with FASB Accounting Standards Codification Topic 718 ("ASC Topic 718"), based on the closing price of the Corporation's stock on the date of grant. As of December 31, 2018, Dr. Agnew and Ms. Kelley each had 1,060 shares, and each other non-employee director had 1,385 shares, of unvested restricted stock awards outstanding.

⁴ The amounts represent nonforfeitable dividends paid on unvested restricted stock awards pursuant to the 2013 Stock and Incentive Plan.

The Compensation Committee, appointed by the Board, annually reviews and evaluates the compensation of the Board, including the appropriate mix of cash and equity compensation. The Compensation Committee recommends changes in compensation to the Board for approval. In July 2017, the Compensation Committee engaged Pearl Meyer & Partners LLC ("Pearl Meyer"), an independent compensation consultant, to update the review of director compensation that was performed in July 2015. The peer group used for the director compensation review was the same peer group used for the 2017 review of CEO, President, and CFO compensation, which is described on page 22 under "Compensation Benchmarking and Peer Group Analysis." The review found that total director

compensation, which includes cash and equity, was above the 80th percentile of the peer group. The cash component of director compensation was at the 61st percentile of the peer group. In addition, the review found that the total board cost was at the 80th percentile and the annual retainer was below the median of \$12,000. As a result of this review, effective January 1, 2018, the annual retainer was increased from \$10,600 to \$11,000. Additionally, the Board combined meeting fees for all monthly meetings of the Board, Nominating Committee, Bank Board and Bank subsidiary boards into a single fee of \$1,050 per month.

During 2018, non-employee members of the Corporation's Board each received an annual retainer of \$11,000. In addition, Mr. Causey, as Chair of the Corporation's Compensation Committee, received an additional annual retainer of \$5,150 and Mr. Chernack, as Chair of the Corporation's Audit Committee, received an additional annual retainer of \$6,180. The retainers are payable in quarterly installments. The Chair of the Nominating Committee (when such position is filled) does not receive an additional annual retainer. Each non-employee member of the Corporation's Board also earned a fee of \$1,050 for attendance at monthly

Table of Contents

Board, Nominating Committee, Bank Board, and Bank subsidiary board meetings. Additionally, each member of the Audit or Compensation Committee earned a fee of \$500 for attendance at each meeting of the Audit or Compensation Committee.

In addition to cash compensation, non-employee members of the Corporation's Board are eligible to participate in the 2013 Stock and Incentive Plan. Under the 2013 Stock and Incentive Plan, directors are eligible to receive awards of restricted stock units, stock options, stock appreciation rights, restricted stock and other stock-based awards. On January 16, 2018, each non-employee director was granted 350 shares of restricted stock and the fair value of the restricted stock on the grant date was \$58.40 per share. Subject to accelerated vesting under certain circumstances, these shares of restricted stock vest in their entirety on the third anniversary of the grant date.

Compensation of the non-employee members of the Corporation's Board for 2019 remains generally the same as it was in 2018, except that the annual retainers for board service increased to \$11,320 from \$11,000, the annual retainer for serving as Chair of the Audit Committee increased to \$6,360 from \$6,180, and the monthly attendance fee for Corporation, Nominating Committee, Bank Board and Bank subsidiary Board meetings increased to \$1,080 from \$1,050.

Holding Period/Stock Ownership Guidelines. Once restricted stock awards vest, non-employee members of the Board of Directors of the Corporation may not sell more than 50 percent of the award until a minimum level of stock ownership is achieved. Each non-employee director is required to own shares of the Corporation's stock having an aggregate value at least equal to three times the amount of the annual Board of Directors retainer paid for regular service on the Board.

Compensation Committee Interlocks and Insider Participation

During 2018 and up to the present time, there were transactions between the Corporation's banking subsidiary and certain members of the Compensation Committee or their associates, all consisting of extensions of credit by the Bank in the ordinary course of business. Each transaction was made on substantially the same terms, including interest rates, collateral and repayment terms, as those prevailing at the same time for comparable transactions with unrelated parties. In the opinion of management and the Corporation's Board, none of the transactions involved more than the normal risk of collectability or presented other unfavorable features.

None of the members of the Compensation Committee has served as an officer or employee of the Corporation or any of its affiliates. James H. Hudson III, a Class I director, currently serves as a member of the Compensation Committee. The firm of Hudson Law, PLC, of which Mr. Hudson is a member, was retained to perform legal services for the Corporation during fiscal year 2018 and continues to provide such services in 2019 in amounts that are below the threshold for disclosure as a related party transaction under Item 404 of Regulation S-K.

Shareholder Communications with the Corporation's Board of Directors

The Corporation provides a process for shareholders to send communications to the Board of Directors. Shareholders who wish to contact the Board or any of its members may do so by addressing their written correspondence to C&F Financial Corporation, Board of Directors, c/o Secretary, P.O. Box 391, West Point, Virginia 23181. Correspondence directed to an individual Board member will be referred, unopened, to that member. Correspondence not directed to a particular Board member will be referred, unopened, to the Chairman of the Board.

EXECUTIVE COMPENSATION

PROPOSAL TWO

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

As part of implementing the “say-on-pay” requirements of Section 14A of the Exchange Act, the SEC requires an advisory, non-binding shareholder vote to approve the compensation of the named executive officers in this Proxy Statement. Such a proposal, commonly known as a “say-on-pay” proposal, gives shareholders the opportunity to endorse or not to endorse the Corporation’s executive pay program. Accordingly, our shareholders are hereby given the opportunity to cast an advisory vote on the Corporation’s executive compensation as described below in this Proxy Statement under the heading “Compensation Discussion and Analysis” and the tabular disclosure of named executive officer compensation and the related material.

The Corporation has in place comprehensive executive compensation plans. This Proxy Statement fully and fairly discloses all material information regarding the compensation of the Corporation’s named executive officers, so that shareholders can evaluate the Corporation’s approach to compensating its executives. The Corporation believes that its executive compensation is competitive, is focused on pay for performance principles, is strongly aligned with the long-term interests of our shareholders and is necessary to attract and retain experienced, highly qualified executives critical to the Corporation’s long-term success and the enhancement of shareholder value within the Corporation’s risk profile. The Board of Directors believes the Corporation’s executive compensation achieves these objectives, and, therefore, unanimously recommends that shareholders vote “for” the proposal.

Because this vote is advisory, it will not be binding on the Board of Directors and will not be construed as overruling any decision made by the Board. The Compensation Committee and the Board will take into account the outcome of this advisory vote when considering future executive compensation arrangements, but they are not required to do so.

The Corporation anticipates that the next “say-on-pay” vote will occur at the 2020 Annual Meeting of Shareholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE “FOR” THIS PROPOSAL TO PROVIDE ADVISORY, NON-BINDING APPROVAL OF THE COMPENSATION OF THE CORPORATION’S NAMED EXECUTIVE OFFICERS.

Table of Contents

PROPOSAL THREE

ADVISORY VOTE ON THE FREQUENCY OF THE ADVISORY VOTE ON EXECUTIVE COMPENSATION

Section 14A of the Exchange Act requires that the Corporation's shareholders have the opportunity to recommend how frequently shareholder advisory votes should be held to approve the compensation of the Corporation's named executive officers as disclosed in this Proxy Statement. This proposal is commonly referred to as "say-when-on-pay," and the vote on the say-when-on-pay proposal is an advisory, non-binding vote. Shareholders have the following choices regarding how often the Corporation holds the say-on-pay vote: every year, every two years, or every three years.

Our shareholders voted on a similar proposal in 2013, with the majority voting to have the say-on-pay vote every year. The Board continues to believe that an advisory, non-binding say-on-pay vote every year provides the highest level of accountability and communication by having the shareholder vote correspond with the most recent compensation information presented in the proxy statement for the Corporation's annual meetings and, therefore, recommends such frequency.

As stated above, this is an advisory vote only. Shareholders are not voting to approve or disapprove the recommendation of the Board. The alternative receiving the greatest number of votes – every year, every two years, or every three years – will be the frequency that shareholders recommend. The Board will take into account the outcome of the vote when considering how frequently to provide an advisory vote on executive compensation in the future. However, the Board may decide that it is in the best interests of the Corporation and its shareholders to select a frequency of advisory vote on executive compensation that differs from the option that receives the highest number of votes from shareholders. We anticipate the next say-when-on-pay proposal will occur at the 2025 Annual Meeting of Shareholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE FOR A FREQUENCY OF EVERY "1 YEAR" FOR FUTURE ADVISORY, NON-BINDING VOTES ON THE COMPENSATION OF THE CORPORATION'S NAMED EXECUTIVE OFFICERS.

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee of the Board of Directors of the Corporation (for purposes of this discussion, the “Committee”) has responsibility for establishing, implementing and continually monitoring adherence to the Corporation’s compensation philosophy. This discussion provides a description of the Corporation’s compensation of its named executive officers (“NEOs”), listed below, including the philosophy, objectives, process and rationale for making decisions about compensation and specific decisions made related to the compensation of these NEOs during 2018.

Name	Title as of December 31, 2018
Larry G. Dillon	Chairman and Chief Executive Officer
Thomas F. Cherry	President and Secretary
Jason E. Long	Senior Vice President and Chief Financial Officer
Bryan E. McKernon	President and Chief Executive Officer of C&F Mortgage Corporation
S. Dustin Crone	President of C&F Finance Company

As announced on December 18, 2018, the Board elected Mr. Cherry to serve as President and Chief Executive Officer (“CEO”) of the Corporation and the Bank effective January 1, 2019. Mr. Dillon continues to serve the Corporation and the Bank as Executive Chairman of the Board of Directors. Unless stated otherwise, this discussion relates to the year ending December 31, 2018, and statements related to the compensation of the CEO pertain to Mr. Dillon.

Executive Summary

Performance Highlights. The Corporation reported diluted earnings per share of \$5.15, \$1.88 and \$3.89 for the years ended December 31, 2018, 2017 and 2016, respectively. Diluted earnings per share increased 173.9 percent in 2018 compared to 2017 and decreased 51.7 percent in 2017 compared to 2016. For the year ended December 31, 2017, adjusted diluted earnings per share, which excludes the effect of the remeasurement of net federal deferred income tax assets in 2017 resulting from the enactment of the Tax Cuts and Jobs Act of 2017, was \$3.79. As adjusted for 2017, diluted earnings per share increased 35.9 percent in 2018 compared to 2017 and decreased 2.6 percent in 2017 compared to 2016. See Note 1 on page 16 for more information about this non-GAAP measure.

The Corporation’s return on average assets (ROA) increased to 1.19 percent in 2018 compared to 0.45 percent in 2017 and 0.96 percent in 2016, and the Corporation’s return on average equity (ROE) increased to 12.40 percent in 2018 compared to 4.58 percent in 2017 and 9.90 percent in 2016. For 2017, adjusted ROA and adjusted ROE were 0.90 percent and 9.20 percent, respectively. See Note 1 on page 16 for more information about these non-GAAP measures. During 2018 the Corporation returned \$6.0 million to shareholders through cash dividends and share

repurchases. Additional highlights of the Corporation's performance in 2018 are as follows:

- Average total loans and total deposits at the retail banking segment for 2018 increased by 3.9 percent and 3.8 percent, respectively, compared to 2017;
- The ratio of nonperforming assets to total loans and OREO for the retail banking segment at December 31, 2018 (0.22 percent) decreased 52 basis points compared to December 31, 2017;
- Mortgage loan originations at the mortgage banking segment for 2018 decreased 6.1 percent compared to 2017; and
- The ratio of net charge-offs to average total loans at the consumer finance segment for 2018 (4.14 percent) decreased 168 basis points compared to 2017.

Table of Contents

Note 1: Adjusted diluted earnings per share, adjusted ROA, and adjusted ROE for 2017 are financial measures not consistent with generally accepted accounting principles (“GAAP”) and exclude the effect of the remeasurement of net federal deferred income tax assets in 2017 resulting from the enactment of the Tax Cuts and Jobs Act of 2017. Refer to page 66 of the Corporation’s Annual Report on Form 10-K filed with the SEC on February 26, 2019 under the heading “Use of Certain Non-U.S. GAAP Financial Measures” for further information regarding the Corporation’s use of non-GAAP financial measures and reconciliations of these non-GAAP financial measures to the most directly comparable GAAP financial measures.

Note 2: Peer group adjusted ROA and adjusted ROE as shown above represent the median adjusted ROA and median adjusted ROE of the financial institutions in the 2018 Incentive Compensation Peer Group, discussed below, excluding the effect of the remeasurement of net federal deferred income tax assets in 2017 resulting from the enactment of the Tax Cuts and Jobs Act of 2017.

Table of Contents

Compensation Highlights. The Committee makes decisions about executive compensation with the objective of aligning the interests of executives with the interests of shareholders by rewarding achievement with a balance of short-term and long-term incentives. The Committee primarily focuses its decisions about executive compensation on total direct compensation, which comprises salary, short-term cash incentive compensation, and long-term equity incentive compensation.

Total direct compensation as shown above reflects the Committee's decisions about compensation based on performance for the years indicated. As such, restricted stock grants are included in the year for which performance was used in determining the amount of the grant. This differs from the Summary Compensation Table on page 36, which includes restricted stock grants in the year in which they are granted. Total direct compensation above for 2018 includes restricted stock granted in 2019 based on 2018 performance, whereas the Summary Compensation Table includes in 2018 restricted stock granted in 2018, which was awarded by the Committee based on 2017 performance. Total direct compensation as shown above also excludes perquisites such as personal use of Corporation-owned automobiles and matching charitable contributions and excludes indirect compensation such as the Corporation's contributions to defined contribution plans and the change in the actuarial present value of retirement benefits. Refer to the Summary Compensation Table for further details.

Based on the performance of the Corporation in 2018 and the incentive-based compensation awards established by the Committee, the Committee could have awarded Mr. Dillon a short-term cash incentive compensation award of up to 79 percent of his annual base salary. Based on Mr. Dillon's recommendation, the actual short-term cash incentive compensation award granted to Mr. Dillon was 66 percent of his annual base salary, or 83 percent of what was allowed to be granted. The Committee could have awarded Mr. Dillon a long-term equity incentive compensation award of up to 62 percent of his annual base salary. Based on Mr. Dillon's recommendation, the actual long-term equity incentive compensation award granted to Mr. Dillon was 46 percent of his annual base salary, or 74 percent of what was allowed to be granted. The total direct compensation of the Corporation's NEOs is discussed further below.

Base Salary. The Committee increased Mr. Dillon's base salary by 3.7 percent to \$335,000 effective January 1, 2018, and increased the other NEOs' salaries by a range of zero to 5 percent effective January 1, 2018, commensurate with broader salary increases in our market and those provided to non-officer employees of the Corporation.

Table of Contents

Short-Term Cash Incentive. Based on the Corporation's ROA and ROE in 2018 compared to the 2018 Incentive Compensation Peer Group (as defined below), the Committee awarded Messrs. Dillon and Cherry short-term cash incentive compensation awards of 66 percent and 68 percent of their respective annual base salaries, or \$220,000 each. Based on the Corporation's 2018 net income and individual performance criteria, the Committee awarded Mr. Long a short-term cash incentive compensation award of 27 percent of his annual base salary, or \$55,000. The Committee awarded short-term cash incentive compensation awards to Messrs. McKernon and Crone of \$415,646 and \$73,600, respectively. The award granted to Mr. McKernon was determined pursuant to his employment agreement, based on the performance of C&F Mortgage Corporation ("C&F Mortgage"). The award granted to Mr. Crone was based primarily on the performance of C&F Finance Company ("C&F Finance"). Mr. Crone was also awarded an additional cash bonus award of \$28,400 in recognition of certain strategic accomplishments that were not considered under the 2018 short-term cash incentive compensation award. See pages 25 to 27 for further details on the 2018 short-term cash incentive compensation awards.

Long-Term Equity Incentive. Each NEO was granted an award of restricted stock under the 2018 long-term equity incentive compensation award that included an annual component and a performance component and was subject to five-year cliff vesting from the date of grant. The annual component of the restricted stock award is fixed as a percentage of base salary for each NEO. The amount of the performance component was determined by reference to the Corporation's three-year growth in tangible book value plus dividends paid to shareholders for the period 2016-2018 compared to the 2018 Incentive Compensation Peer Group and, in the case of Messrs. McKernon and Crone, on their respective business unit performance. The portion of the 2018 long-term equity incentive compensation award granted to each NEO that was attributable to corporate performance was 150 percent of the target award value for that component. Long-term equity incentive compensation awards included in 2018 total direct compensation above were granted on February 19, 2019 and are not included in the Summary Compensation Table. See pages 27 to 30 for further details on the 2018 long-term equity incentive compensation awards.

Changes effective in 2018. In 2017 and 2018, the Committee made various changes to our executive compensation program based in part on feedback received from shareholders as a result of our annual "Say-on-Pay" advisory vote and shareholder outreach and on recommendations from Pearl Meyer, our independent compensation consultant. Key changes that took effect in 2018 include the following:

- Limited discretion. Under the Management Incentive Plan (the "MIP"), which was amended on February 20, 2018, the Committee no longer has the ability to use its discretion to increase a calculated award amount or to grant an award when none was earned under the terms of the long-term equity incentive compensation award. Refer to page 32 for a discussion of the Committee's limited use of discretion.
- New performance measure. The performance component of the long-term equity incentive compensation award is awarded based on a new measure of long-term performance, three-year growth in tangible book value plus dividends paid to shareholders compared to a peer group. This new performance measure was used in determining the amount of the performance component of restricted stock awards for all NEOs. Additionally, business unit performance criteria were introduced for the performance component of the long-term equity incentive compensation award for executive officers other than Messrs. Dillon, Cherry and Long.
- Clawback policy. The Committee adopted a clawback policy in 2018 that applies to all incentive compensation awards granted to executive officers and provides that the Corporation may seek to recover excess incentive compensation in the event of a material financial reporting restatement, except when the Committee may

determine that to do so would be unreasonable or would not be in the long-term interests of the Corporation.

Table of Contents

Compensation Philosophy and Process

The Committee is responsible for ensuring that the total compensation paid to executives is fair, reasonable and competitive. The Committee may, consistent with applicable law, regulations, NASDAQ requirements or plan provisions, delegate certain of its authority to the CEO, a designee, or other appropriate members of management, including matters relating to the compensation or election as officers of the Corporation's employees other than the Corporation's executive officers.

Overall Philosophy. Our executive compensation program is designed to reward the achievement of specific goals consistent with the overall strategy of the Corporation, and to align executives' interests with those of our shareholders by rewarding performance that exceeds established goals within the Corporation's risk profile, with the ultimate objective of generating and sustaining long-term shareholder value.

Our overall compensation strategy is based on the following four principles:

- Performance driven – Executive compensation is tied to achievement of certain annual and long-term goals, including attainment of both financial performance objectives and strategic business objectives;
- Shareholder aligned – The benchmarks, objectives, and types of awards included in the executive compensation program are designed to align executives' interests with those of our shareholders;
- Competitive – Executive compensation packages are intended to attract and retain key executives who are crucial to the long-term growth and profitability of the Corporation; and
- Balanced – Our executive compensation program includes both fixed and variable compensation, short-term and long-term incentives, and cash and equity-based awards, and balances the competitive compensation of executive talent with overall best practices of governance and the safety and soundness of the Corporation.

The Corporation is committed to promoting the longevity of its key employees who are critical to its continued competitiveness and long-term success. In addition to providing for ongoing development and opportunities for advancement for our employees, the Corporation promotes retention and the long-term commitment of key employees through our overall compensation program in the following ways:

- Restricted Stock – Equity awards to key employees of the Corporation and its subsidiaries are in the form of restricted stock that is subject to five-year cliff vesting;
- Retirement Plan – C&F Bank offers a cash balance pension plan open to all employees under which participants' accounts are credited each year in increasing amounts based on age and tenure as a percentage of compensation; and
- Nonqualified Plan – The Corporation makes discretionary supplemental retirement contributions into the accounts of certain executive officers under a nonqualified defined contribution plan, which generally remain unvested until retirement.

Table of Contents

The following key governance highlights illustrate some of the ways we execute our executive compensation program in keeping with our overall philosophy.

Our Executive Compensation – Key Governance Highlights

Pay for performance. A significant portion of our NEOs' total direct compensation is variable compensation linked to established performance metrics.

No excessive perquisites. We provide benefits to NEOs that we believe to be reasonable and consistent with our peers, which accounted for less than 3 percent of each NEO's total compensation in 2018.

Independent compensation consultant. The Committee engages Pearl Meyer for compensation consulting services related to executive and director compensation.

Peer group comparisons. We periodically benchmark executive compensation against a relevant group of peer companies, and we measure performance against peer companies for our performance-based cash and equity incentive compensation awards.

Five-year cliff vesting. Our restricted stock awards to key employees, including annual and performance-based components of restricted stock granted to executives, are subject to further vesting conditions to promote tenure and commitment of key employees.

Stock ownership requirements. All executive officers and directors are subject to stock ownership guidelines that establish minimum holding requirements.

Generally no tax gross-ups on perquisites. We did not make any tax gross-up payments to executives in 2018. However, certain payments upon a change in control may be subject to tax gross-ups pursuant to legacy agreements with certain executives.

Clawback policy. Incentive compensation payments to executive officers are subject to the Corporation's clawback policy in the event of a material financial reporting restatement.

Role of the Compensation Committee

The Committee, which is comprised solely of independent directors, determines and recommends to the Board the compensation of the CEO and approves all compensation of the Corporation's executive officers other than the CEO and certain other senior officers of the Corporation and its subsidiaries. In connection with the determination of executive compensation, the Committee considers feedback received from shareholders on the executive compensation program, including the results of advisory, non-binding votes to approve the compensation of the NEOs. The Corporation also evaluates both performance and compensation to ensure that the Corporation maintains its ability to attract and retain top talent in key positions and that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of the Corporation's peer companies.

The Committee selects the corporate, business unit, and individual performance goals and metrics used in determining the short-term cash incentive compensation and long-term equity incentive compensation awards that are consistent with the Corporation's overall compensation philosophy and the long-term interests of its shareholders. The Committee reviews the performance of the Corporation, business units, and individual executive officers relative to these incentive compensation goals and determines the amount of each incentive compensation award. The

Committee considers input from the CEO with respect to the compensation of senior officers other than the CEO. From time to time, as it deems appropriate, the Committee engages an independent

20

Table of Contents

compensation consultant to advise the committee on such matters as benchmarking of executive compensation, the form and structure of the components of executive compensation, and the mix of the components of executive compensation elements. The Committee also reviews and approves, as appropriate, any new incentive compensation plans, including equity-based plans, and, as may be deemed necessary, any amendments to existing plans relating to executive officers and other senior officers.

The Committee also administers the Corporation's equity-based plans and recommends awards to the Board for approval including stock options, restricted stock awards, performance stock awards, restricted stock units or other similar awards as provided in the 2013 Stock and Incentive Plan.

Role of Management

The Committee obtains input from the CEO regarding the compensation of executive officers other than the CEO and certain other senior officers of the Corporation and its subsidiaries. In particular, the CEO provides the Committee with a review of the performance of each of these senior officers and makes a recommendation to the Committee for changes in base salary. The CEO does not participate in discussions or decisions related to his own compensation.

Role of Independent Compensation Consultant

During 2017, the Committee engaged Pearl Meyer to perform an updated executive compensation review (the "2017 Review"), which was completed and presented to the Committee in July 2017. The 2017 Review was performed to assess the reasonableness of the overall compensation of the CEO, President, CFO, and certain other senior officers of the Bank. The 2017 Review used a peer group analysis and a market analysis. The peer group analysis reviewed base salary, total cash compensation and total compensation of the CEO, President, CFO, and certain other senior officers of the Bank. Total compensation for purposes of the peer group analysis included total cash compensation plus equity and retirement compensation. When reviewing the President's compensation, the 2017 Review considered publicly available proxy information for a group of peer companies for both presidents and chief operating officers ("COOs"), when the COO was the second highest paid employee, in order to encompass the range of responsibilities of the Corporation's President, which were greater than what is typically associated with a bank president. The market analysis reviewed base salary and total cash compensation.

In addition to assessing the reasonableness of overall level of compensation of the CEO, President, CFO, and certain other senior officers of the Bank, the 2017 Review considered the structure of incentive compensation awards for the CEO, President, CFO and certain other senior officers of the Bank. Based on recommendations of Pearl Meyer in the 2017 Review, the Committee approved changes in the long-term equity incentive compensation award effective in 2018, including removing the discretion of the Committee to increase the amount of long-term equity incentive compensation awards under the MIP and introducing a new performance measure. The Committee also added an

annual component to the long-term equity incentive compensation award that is not performance-based. Refer to page 27 for further details of the long-term equity incentive compensation award.

During 2017 and 2018, Pearl Meyer did not provide any consulting services to the Corporation other than in connection with non-employee director and executive compensation, and Pearl Meyer maintains no other economic relationship with the Corporation. The Committee assessed the independence of Pearl Meyer pursuant to SEC and NASDAQ rules and concluded that the advice it receives from Pearl Meyer is objective and not influenced by other relationships that could be viewed as conflicts of interest.

Table of Contents

Compensation Benchmarking and Peer Group Analysis

Benchmarking Executive Compensation. The group of peer companies used in the 2017 Review (the “2017 Compensation Benchmarking Peer Group”) consisted of 25 publicly-traded commercial financial institutions headquartered in Virginia, Kentucky, Maryland, North Carolina, Tennessee and West Virginia, ranging in asset size from approximately \$900 million to \$2.8 billion. The median asset size of the financial institutions in this peer group as of December 31, 2016 was \$1.3 billion compared to the Corporation’s consolidated total assets at December 31, 2016 of \$1.5 billion. Refer to Appendix A to this Proxy Statement for the names and locations of the financial institutions included in the 2017 Compensation Benchmarking Peer Group. The peer group analysis indicated that total cash compensation of the CEO was at the 45th percentile of the 2017 Compensation Benchmarking Peer Group.

The market analysis was based on data from the following:

- 2016 American Bankers Association Compensation and Benefits Survey
- Pearl Meyer: 2016 National Banking Compensation Survey Report
- Kenexa’s 2017 CompAnalyst compensation database
- 2017 Compensation Benchmarking Peer Group and other additional Pearl Meyer proprietary survey sources

In evaluating the results of the peer group analysis and the market analysis, the Committee considered roles and responsibilities, experience, tenure, performance and other factors with respect to each executive’s pay positioning compared to these results. For example, the Committee positioned pay for the Corporation’s President with consideration given to his responsibilities, which are greater than what is typically associated with a bank president, as well as the Corporation’s long-term management succession plan, which led to Mr. Cherry’s promotion to CEO effective January 1, 2019. In consideration of these factors, the results of the 2017 Review concluded that base salaries for our CEO and our executive officers as a group were below the respective medians in our market and that overall executive compensation for our executive officers was competitive with the market. The Committee considered these results when making 2018 executive compensation decisions.

Performance Relative to Peers. In addition to the use of the 2017 Compensation Benchmarking Peer Group for evaluating total direct compensation, the Committee also uses a group of peer companies for assessing relative performance of the Corporation in determining incentive compensation awards. Similar criteria as the 2017 Compensation Benchmarking Peer Group described above are used to determine relative performance peer groups in subsequent years, with the companies meeting those criteria subject to change from year to year as the peer group is updated to account for changes in asset size due to mergers, acquisitions or growth. In 2018, the peer group used for assessing relative performance of the Corporation for incentive compensation awards (the “2018 Incentive Compensation Peer Group”) consisted of 23 publicly-traded commercial financial institutions headquartered in Virginia, Kentucky, Maryland, North Carolina, Tennessee and West Virginia. The asset size for this peer group ranged from approximately \$900 million to \$2.9 billion, with a median of \$1.4 billion based on December 31, 2017 assets, compared to the Corporation’s consolidated total assets at December 31, 2017 of \$1.5 billion. Based on these criteria, the following financial institutions were included in the 2018 Incentive Compensation Peer Group:

Results of Say-on-Pay Votes

The Committee values the input of the Corporation's shareholders regarding the design and effectiveness of its executive compensation program. Moreover, although the advisory shareholder vote to approve executive compensation is non-binding, the Committee considers the outcome of this vote when making compensation decisions for our CEO and other NEOs. At our 2018 Annual Meeting of Shareholders, the votes cast in favor of our executive compensation program in the "say-on-pay" vote were 71 percent, which represents a decrease from 78 percent and 93 percent at the 2017 and 2016 Annual Meetings of Shareholders, respectively. The Committee has taken this message of decreased support since 2016 for the Corporation's executive compensation program very seriously. During 2017, the Committee engaged Pearl Meyer to perform an updated executive compensation review as described on page 21. In 2018, the Committee made changes to the long-term equity incentive compensation awards under the MIP, implementing recommendations made by Pearl Meyer. The Committee believes these changes, which include removing the Committee's discretion to increase the amount of incentive compensation awards to our executive officers under the MIP, should result in an even greater alignment between the interests of our CEO and other NEOs and those of our shareholders.

Equity Ownership Guidelines

The executive compensation program includes awards of equity incentive compensation in the form of restricted stock, as discussed further below. Upon vesting of restricted stock awards, executive officers remain subject to equity ownership guidelines in order to promote stock ownership among the executive officers and to further align their interests with those of shareholders. Until an executive officer has met the minimum stock ownership level, the executive officer must retain and hold at least 50 percent of any vested restricted stock award. Minimum stock ownership levels are defined for each executive officer as a multiple of base salary as shown in the following table.

Table of Contents

	2018	2019
	Minimum Stock Ownership	Minimum Stock Ownership
	(Multiple of Base Salary)	(Multiple of Base Salary) ¹
Larry G. Dillon	3x	1x
Thomas F. Cherry	1x	3x
Jason E. Long	1x	1x
Bryan E. McKernon	2x	2x
S. Dustin Crone	1.5x	1.5x

¹ In January 2019, the Committee approved changes to the equity ownership guidelines as a result of Mr. Cherry's appointment as President and CEO and Mr. Dillon's transition to Executive Chairman.

Elements of Executive Compensation

The Corporation's executive compensation program consists of fixed and variable compensation in the form of cash and equity, as well as compensation through tax-qualified and nonqualified retirement and other deferred compensation plans and certain reasonable perquisites. The Committee uses these elements in combination, guided by the four principles of our compensation strategy identified above, to provide compensation to our executives that is consistent with our compensation philosophy. Each element of executive compensation, including the purpose of each element and how the Committee determines the amount of each element, is discussed in further detail below.

Base Salary. We provide base salaries to compensate NEOs for services rendered during the fiscal year and to attract and retain talented executives. Base salaries for NEOs (with the exception of Messrs. McKernon and Crone) are determined for each executive based on his position and responsibility by using market data. Salary levels are considered annually as part of the Committee's performance review process as well as upon a promotion or other change in job responsibilities. The Committee targets base salaries for executives at the median of the Corporation's peer financial institutions in the 2017 Compensation Benchmarking Peer Group, while providing a competitive total compensation package through other elements of the executive compensation program. During its review of base salaries for executives for 2018, the Committee primarily considered:

- Market data provided by Pearl Meyer in 2017;
- Compensation data for the 2017 Compensation Benchmarking Peer Group;
- Responsibilities of the executive;
- Internal review of the executive's compensation relative to other officers; and
- Individual performance of the executive.

Mr. McKernon's base salary is established by his employment agreement, which is discussed in further detail under "Employment and Change-in-Control Agreements" on page 33. Mr. Crone's base salary is established based on recommendations from the CEO which are based on the overall performance of C&F Finance. Performance of C&F Finance is evaluated based on net income, asset quality measures and earning asset growth as well as achievement of other strategic goals as evaluated by the CEO and the Committee.

The Committee increased the base salaries of NEOs in 2018 as shown in the table below. All salary changes took effect January 1, 2018. Mr. Dillon's base salary increase was limited upon his recommendation in both 2017 and 2018.

In establishing Mr. Cherry's base salary increase, the Committee considered his responsibilities, which are greater than what is typically associated with a bank president, as well as the Corporation's long-term management succession plan, which led to Mr. Cherry's promotion to CEO effective January 1, 2019.

Table of Contents

	Base Salary	
	2017	2018
	(\$)	(\$)
Larry G. Dillon	323,000	335,000
Thomas F. Cherry	310,000	325,000
Jason E. Long	191,500	201,000
Bryan E. McKernon	220,000	220,000
S. Dustin Crone	228,500	237,000

Short-Term Cash Incentive Compensation Award. The primary form of variable cash compensation for executives is the short-term cash incentive compensation award under the Corporation's MIP. The Committee awards short-term cash incentive compensation awards to reward executives for achievement of specific goals selected by the Committee in order to generate and sustain long-term shareholder value. Under the MIP, at the beginning of 2018, the Committee established the performance criteria and the award formula or matrix by which all short-term cash incentive compensation awards were to be determined. The Committee selects performance criteria and grants short-term cash incentive compensation awards based on the Corporation's long-term strategy and competitive priorities. The Committee selected corporate, business unit, and individual performance criteria, which may be measured in some cases using objective performance metrics compared to a peer group and a formula or matrix to calculate a short-term cash incentive compensation award amount, and in other cases using qualitative performance outcomes. Under the Corporation's MIP, performance criteria for incentive compensation awards vary based on the position and responsibilities of each executive officer. The Committee may use discretion to adjust any short-term cash incentive compensation award if it determines such an adjustment would be in the best interests of the Corporation and its shareholders. The Committee also set a target award amount as a percentage of annual base salary for each executive officer other than Messrs. McKernon and Crone, whose awards are calculated by reference to each award's performance criteria. The following table shows the targets, outcomes of calculated performance measures, and actual awards granted under the 2018 short-term cash incentive compensation award. The actual awards granted to Messrs. Dillon and Cherry were less than the awards calculated using the relevant performance measure, as discussed in further detail below.

	Short-Term Cash Incentive Compensation Award							
	Base Salary (\$)	Target Award as % of Base1 (%)	Calculated Award as % of Target1, 2 (%)	Calculated Award as % of Base (%)	Calculated Award (\$)	Actual Award as % of Base (%)	Actual Award (\$)	Discretionary Bonus3 (\$)
Larry G. Dillon	335,000	45	175	79	264,650	66	220,000	—
Thomas F. Cherry	325,000	40	175	70	227,500	68	220,000	—
Jason E. Long	201,000	20	n/a	n/a	n/a	27	55,000	—
	220,000	n/a	n/a	189	415,646	189	415,646	—

Bryan E. McKernon								
S. Dustin Crone	237,000	n/a	n/a	31	73,600	31	73,600	28,400

¹ The short-term cash incentive compensation award amounts for Messrs. McKernon and Crone are determined based on the profitability of their respective business units and, in the case of Mr. Crone, certain other performance criteria as discussed below.

Table of Contents

² The short-term cash incentive compensation award for Mr. Long is based on corporate and individual performance criteria, discussed in further detail below, which are evaluated individually and collectively by the Committee in determining Mr. Long’s award amount. These performance criteria are not entirely measured using objective metrics or a formula in order to calculate an award amount.

³ Mr. Crone was awarded a discretionary bonus in recognition of certain strategic accomplishments that were not considered under the 2018 short-term cash incentive compensation award, as discussed further below.

CEO and President. For Messrs. Dillon and Cherry, the short-term cash incentive compensation award is designed to reward overall corporate performance. Performance is evaluated by determining a composite ranking of the Corporation’s ROE and ROA performance among the financial institutions of the 2018 Incentive Compensation Peer Group.

The Committee established threshold, target and maximum performance levels for the composite ranking, expressed as a percentile, and corresponding award amounts as a percentage of the target award amount as shown in the table below. Performance outcomes between the threshold and target levels and between the target and maximum levels result in a calculated award amount determined using a straight-line interpolation.

Threshold Target Maximum

ROE/ROA Composite Ranking (Percentile)	40th	60th	90th
---	------	------	------

Award Amount as a Percentage of Target Award 50% 100% 175%(1)

¹ The maximum calculated short-term cash incentive compensation award under the MIP is 200 percent of the target award amount and results from a composite ranking that is (1) at or above the 90th percentile relative to the 2018 Incentive Compensation Peer Group and (2) first among Virginia banks in the 2018 Incentive Compensation Peer Group. Otherwise, the award amount corresponding to the 90th percentile performance level is 175 percent of the target award amount.

The composite ranking is based on the rankings of each financial institution based on ROE and ROA. The Committee may adjust the ROE and ROA of the Corporation or any financial institution in the 2018 Incentive Compensation Peer Group for nonrecurring items of income or expense. In the composite ranking, the ROE ranking is weighted two-thirds and the ROA ranking is weighted one-third as shown in the table below. Based on the ROE and ROA for 2018 of the Corporation and the financial institutions of the 2018 Incentive Compensation Peer Group, the Corporation achieved results in excess of the 90th percentile and was the second highest ranked bank in Virginia.

Performance Relative to 2018 Incentive Compensation Peer Group

ROE Ranking	ROA Ranking	Composite Ranking (Percentile)	Calculated Award Amount (% of Target)
2nd out of 24 (Weighted 66 2/3%)	9th out of 24 (Weighted 33 1/3%)	3rd out of 24 (91st)	175%

The Corporation's ROE/ROA composite ranking resulted in calculated award amounts of \$264,650 and \$227,500 for Messrs. Dillon and Cherry, respectively. The calculated award amount may be adjusted by the Committee. In particular, the Committee considers asset quality at the Bank, C&F Mortgage and C&F Finance in evaluating whether the full calculated award amount has been earned, and may use other factors in its discretion to adjust the award amount. Based on the calculated award amounts and the recommendation of Messrs. Dillon and Cherry, the Committee awarded Messrs. Dillion and Cherry short-term cash incentive compensation awards of \$220,000 each, or 66 percent and 68 percent of their respective annual base salaries.

Table of Contents

Other NEOs. Mr. Long's short-term cash incentive compensation award is based on performance criteria related to corporate and individual performance. Based on these performance criteria, the Committee may determine an award amount that is up to 200 percent of Mr. Long's target award amount. In determining Mr. Long's award, the Committee considers the following indicators of performance:

- Net income of the Corporation,
- Performance relative to budget,
- Performance of Mr. Long's subordinates (which include the finance and compliance functions of the Corporation and the Bank),
- Results of audit and regulatory examinations (including audits performed by our independent registered public accounting firm and our internal audit function, safety and soundness examinations performed by banking regulators, and compliance reviews) and
- Achievement of strategic initiatives of the Corporation that are assigned to Mr. Long.

Based on the outcomes of these performance criteria, the Committee awarded Mr. Long a short-term cash incentive compensation award equal to 27 percent of his annual base salary.

Mr. McKernon's short-term cash incentive compensation award is calculated as a percentage of the income before taxes of C&F Mortgage in accordance with his employment agreement, which is described in further detail under "Employment and Change-in-Control Agreements" on page 33.

Mr. Crone's short-term cash incentive compensation award amount is determined as the product of an award percentage and the net income of C&F Finance. The award percentage range is defined as between zero and an upper limit between 0.45 percent and 1.35 percent, determined on a sliding scale based on the ROA of C&F Finance. Based on the 2018 ROA of C&F Finance, the upper limit of the award percentage range was 1.10 percent. In determining an award percentage within the award percentage range, the Committee considers the following indicators of performance:

- Delinquency on loans at C&F Finance,
- Charge off rates,
- Loan growth,
- Performance relative to budget,
- Performance of Mr. Crone's subordinates at C&F Finance and
- Results of audit and regulatory examinations related to C&F Finance.

Based on the outcomes of these performance criteria, the Committee awarded Mr. Crone a short-term cash incentive compensation award equal to 1.10 percent of the net income of C&F Finance, which was the maximum award allowed under the MIP. In addition to the ROA of C&F Finance and the other indicators of performance above, the Committee also considered Mr. Crone's individual achievement in overseeing the implementation in 2018 of new lending programs at C&F Finance, including its indirect lending program for marine and recreational vehicle loans, which was initiated in 2018. In recognition of this individual achievement, the Committee awarded Mr. Crone a discretionary bonus of \$28,400.

Long-Term Equity Incentive Compensation Award. The Corporation grants equity compensation to executives in order to provide long-term incentives to achieve corporate objectives and generate and sustain shareholder value without exposing the Corporation or its subsidiaries to imprudent risks, and to align their personal interests with the long-term financial success of the Corporation. Long-term equity incentive compensation awards are established under the MIP, and equity securities are issued pursuant to the 2013 Stock and Incentive Plan, which was approved by shareholders and adopted by the Corporation effective April 16, 2013, in the form of restricted stock, restricted stock units, stock options, stock appreciation rights or other stock-based awards.

Table of Contents

The primary form of equity awards granted by the Committee is restricted stock. All awards of restricted stock are subject to five-year cliff vesting on condition of continuous employment by the Corporation or its subsidiaries and are forfeited in their entirety upon termination prior to vesting. Vesting may be accelerated in certain circumstances, including retirement. Unvested restricted stock cannot be sold or transferred by the executive officer but entitles the executive officer to voting rights and non-forfeitable dividends equivalent to common stock. The service condition of the restricted stock awarded by the Corporation is for a period that is longer than most equity awards issued by the Corporation's peers. The Committee believes that this time-based vesting of restricted stock is consistent with the objectives of retaining talented executives and promoting long-term tenure of its key employees, as unvested restricted stock provides an incentive to remain with the Corporation and its subsidiaries in order to fulfill the vesting condition and realize the full award value.

The long-term equity incentive compensation award under the MIP includes an annual component and a performance component. The annual component, which is fixed as a percentage of annual base salary for each NEO, serves to provide each NEO with a consistent element of his annual compensation that promotes tenure with the Corporation and aligns his long-term interests with those of our shareholders. The annual component is earned through continued employment and consistent individual performance during the year and until the grant date of the award. The performance component serves to compensate executives based on the financial performance of the Corporation and its subsidiaries compared to our peers. The performance component is variable and is earned based on a corporate performance measure, which reflects consolidated performance, and, in the case of Messrs. McKernon and Crone, business unit performance measures.

At the beginning of 2018, for each NEO, the Committee set a target total award value as a percentage of annual base salary and established allocations of the target award value to the annual award and each performance measure as shown in the following table.

2018 Long-Term Equity Incentive Compensation Awards

	Larry G. Dillon	Thomas F. Cherry	Jason E. Long	Bryan E. McKernon	S. Dustin Crone
Target Total Award Value	45% of annual base salary	40% of annual base salary	25% of annual base salary	20% of annual base salary	25% of annual base salary
Annual Award Allocation	25%	25%	50%	50%	50%
Corporate Performance Allocation	75%	75%	50%	25%	25%
Business Unit Performance Allocation	n/a(1)	n/a(1)	n/a(1)	25%	25%

¹ The performance component of the long-term equity incentive compensation awards for Messrs. Dillon, Cherry and Long is based solely on the corporate performance measure.

In determining the award amount for the performance component, the Committee assigns a performance score to each corporate and business unit performance measure based on the results of the performance measure during the relevant period. The total award value of the long-term equity incentive compensation award for each NEO is determined using the target total award value, the allocations to the annual award and each performance measure, and the performance scores for each performance measure, as shown below.

Table of Contents

Corporate performance is measured by reference to the Corporation's three-year growth in tangible book value plus dividends paid to shareholders relative to the 2018 Incentive Compensation Peer Group. Tangible book value is a non-GAAP measure defined by the Committee for purposes of measuring performance as common equity excluding accumulated other comprehensive income or loss, less goodwill and intangible assets. Corporate performance for purposes of the 2018 long-term equity incentive compensation award was determined using the performance period 2016-2018. For purposes of the corporate performance measure, the Committee may adjust reported common equity of the Corporation or any financial institution in the 2018 Incentive Compensation Peer Group for nonrecurring items, including changes in common equity related to income, expense, gain, loss or other events including mergers and acquisitions. The Committee adjusted common equity of the Corporation and each of its peers for purposes of the corporate performance measure to exclude the effect on tangible book value of the remeasurement of net federal deferred tax assets by each financial institution in 2017 related to the enactment of the Tax Cuts and Jobs Act of 2017. The Committee established threshold, target and maximum performance levels for the corporate performance measure, expressed as a percentile relative to the 2018 Incentive Compensation Peer Group, and corresponding performance scores as a percentage of the target award value allocated to the corporate performance measure as shown in the table below. Performance outcomes between the threshold and target levels and between the target and maximum levels result in a calculated performance score determined using a straight-line interpolation. Based on the outcome of the corporate performance measure, the Committee determined the corporate performance score for the 2018 long-term equity incentive compensation award to be 150 percent of the target award value allocated to the corporate performance measure for each NEO.

	Threshold	Target	Maximum	Actual ¹
Corporate Performance Measure (Percentile)	40th	60th	80th	91st (3rd out of 23)
Corporate Performance Score	50%	100%	150%	150%

¹ For purposes of measuring three-year growth in tangible book value plus dividends paid to shareholders of the 2018 Incentive Compensation Peer Group, the Committee omitted the results of Limestone Bancorp, Inc. from the ranking due to events during the period 2016-2018 that did not allow for a consistent measurement of performance during the period for that financial institution. The omission of Limestone Bancorp, Inc. did not have a significant effect on the corporate performance measure percentile or the corporate performance score.

For the business unit performance measures, the Committee evaluates the performance of C&F Mortgage and C&F Finance and determines a business unit performance score for each business unit between zero and 150 percent. Business unit performance for purposes of the 2018 long-term equity incentive compensation award was determined using the performance period of the year ended December 31, 2018. Based on the performance of C&F Mortgage and C&F Finance, the Committee determined the business unit performance scores to be 120 percent and 120 percent for purposes of the 2018 long-term equity incentive compensation awards granted to Messrs. McKernon and Crone, respectively.

The 2018 long-term equity incentive compensation target award values and actual award values for each component and performance measure are shown in the table below for each of the NEOs. Awards of

Table of Contents

restricted stock under the long-term equity incentive compensation award were granted to NEOs on February 19, 2019.

	Target Award Value (\$)	Calculated Award			Actual Award Value (\$)
		Annual Award (\$)	Corporate Performance (\$)	Business Unit Performance (\$)	
Larry G. Dillon	150,750	37,688	169,594	—	153,870
Thomas F. Cherry	130,000	32,500	146,250	—	153,870
Jason E. Long	50,250	25,125	37,688	—	62,574
Bryan E. McKernon	44,000	22,000	16,500	13,200	51,290
S. Dustin Crone	59,250	29,625	22,219	17,775	69,242

Retirement and Deferred Compensation Plans. The Corporation's subsidiaries sponsor several tax-qualified benefit plans, including both a defined benefit retirement plan and defined contribution plans, which are available generally to all employees of either the Bank, C&F Mortgage or C&F Finance, and in which our NEOs are participants. Additionally, the Corporation sponsors a nonqualified deferred compensation plan for the benefit of certain senior officers and its non-employee directors. Our tax-qualified plans are offered in order to assist our employees in attaining financial security for retirement and for employee retention. Our nonqualified plan is offered to provide flexibility to our senior officers and directors by providing deferral opportunities otherwise restricted by qualified plan limits and to establish a long-term retention incentive for our executives.

Retirement Plan. The Bank maintains a tax-qualified cash balance pension plan named the VBA Master Defined Benefit Plan for Citizens and Farmers Bank (the "Retirement Plan"). Under the Retirement Plan, participants' accounts are credited each year based on a percentage of each participant's annual compensation including salary and bonus (subject to limitations under the requirements of the Internal Revenue Code (the "Code")). Participants' accounts are also credited for interest upon each participant's accumulated balance. The applicable compensation credit percentage ranges between 1 percent and 12 percent, increasing with a participant's age and years of credited service at the end of each plan year. Interest credits are based on the 30-year Treasury rate plus 150 basis points. Messrs. Dillon, Cherry and Long are participants in the Retirement Plan.

Upon having completed at least three years of service or reaching age 65, participants become vested in the Retirement Plan. Upon termination from the Bank, vested participants may receive the amount then credited to the participant's cash balance account in a lump sum or may defer benefits until age 65. Participants who defer benefits after termination continue to receive interest credits until age 65 and then may receive an actuarially equivalent joint and survivor annuity (if married) or single life annuity (if not married). The participant may also choose from other optional forms of benefit, including a lump sum payment in the amount of the cash balance account.

Defined Contribution Plans. The following tax-qualified defined contribution plans are offered by the Corporation's subsidiaries:

- Virginia Bankers Association Master Defined Contribution Plan for Citizens and Farmers Bank (the "Bank 401(k) Plan")
- C&F Mortgage Corporation 401(k) Plan (the "Mortgage 401(k) Plan")
- Defined Contribution 401(k) and Profit-Sharing Plan sponsored by the Virginia Bankers Association, which is offered by C&F Finance (the "Finance 401(k) Plan")

Our NEOs are participants in our defined contribution plans, including the Bank 401(k) Plan (Messrs. Dillon, Cherry and Long), the Mortgage 401(k) Plan (Mr. McKernon) and the Finance 401(k) Plan (Mr. Crone).

Table of Contents

Under these plans, the Corporation makes matching contributions on voluntary deferrals by NEOs, subject to limitations under each plan and the requirements of the Code. Matching contributions under the Bank 401(k) Plan and the Finance 401(k) Plan are up to 5 percent of each participant's covered compensation. Matching contributions under the Mortgage 401(k) Plan are discretionary, based on, among other factors, the profitability of C&F Mortgage. Each of the plans also provide for discretionary employer contributions. Investments under each of the plans are directed by participants' elections from among various investment options available under the plans, and participants' accounts earn a return based on the actual return of those investment elections.

Nonqualified Plan. The Corporation offers the C&F Financial Corporation Non-Qualified Deferred Compensation Plan for Executives (the "Nonqualified Plan") for senior officers and directors of the Corporation and its subsidiaries. The plan allows executive officers to make deferrals of salary or cash incentive compensation. The Corporation makes discretionary contributions into executive officers' accounts under the Nonqualified Plan. Discretionary contributions have included (1) amounts related to benefits that would have been received as matching contributions under tax-qualified plans except for statutory limitations that apply to employer contributions under those plans ("Excess Match" contributions) and (2) additional amounts as supplemental retirement benefits ("SERP" contributions) for certain executive officers. Participants' accounts under the Nonqualified Plan earn a return based on investment elections made by participants among various investment options available under the plan.

Discretionary Excess Match contributions are vested immediately for each NEO. For Mr. Dillon, the Corporation's discretionary SERP contributions are vested immediately in recognition of his performance and service over his career. For Messrs. Cherry, Long and Crone, the Corporation's discretionary SERP contributions vest upon retirement, death, disability or a change in control in order to provide a retention incentive consistent with the Corporation's overall compensation strategy. Mr. McKernon was not awarded a SERP contribution for 2018. For 2018, the Corporation made discretionary contributions to the Nonqualified Plan totaling \$91,350, \$59,300, \$10,050, and \$26,900 for Messrs. Dillon, Cherry, Long and Crone, respectively, which include both Excess Match and SERP contributions. These contributions were made in January 2019 and are reported as earned in 2018 in the Summary Compensation Table on page 36.

Perquisites and Other Benefits. The Corporation provides our NEOs with benefits that we believe are reasonable and consistent with our overall compensation program as part of a competitive compensation package for attracting and retaining talented executives. Perquisites offered to NEOs, which may include personal use of Corporation-owned automobiles, matching charitable contributions, an executive physical every two years, club dues, financial advisory services, and tax preparation services, are common among the Corporation's peer financial institutions. Effective January 1, 2015, the Committee approved an additional perquisite for Mr. Dillon that provides for post-retirement medical and dental insurance premiums for Mr. Dillon and his spouse for life. Mr. Dillon is eligible to begin receiving this perquisite upon retirement from employment. Perquisites to any individual NEO that exceeded \$10,000 in a particular year are included in the Summary Compensation Table on page 36.

NEOs also participate in other benefit plans that are available to our employees generally. These plans include medical, dental, life, and disability insurance.

Compensation Policies and Practices as They Relate to Risk Management. The Corporation, under the guidance of the Committee, has reviewed the compensation policies and practices of the Corporation as they relate to risk management. This review included both executive officer and non-executive officer compensation policies and practices and factors in place to mitigate any excess risk. In conducting the review, management focused on the risks associated with the Corporation's compensation policies and practices and evaluated those risks in light of the Corporation's operations and the internal compensation approval and compliance systems developed by the Corporation. The Corporation has determined that its

Table of Contents

policies and practices, including mitigating factors, are not reasonably likely to have a material adverse effect on the Corporation.

The Committee utilizes the position of senior risk officer and meets with the Corporation's senior risk officer to discuss, evaluate and review senior executive officer ("SEO") compensation plans and other employee compensation plans and the risks these plans pose to the Corporation. In connection with this risk review, the Committee's goal is to identify and limit or mitigate features in SEO and other employee compensation plans that could encourage SEOs or other employees to take unnecessary and excessive risks that threaten the Corporation's value (including behavior focused on short-term results rather than long-term shareholder value). In addition, the Committee will discuss, evaluate and review employee compensation plans and eliminate or mitigate features that could encourage the manipulation of reported earnings to enhance an employee's compensation. These reviews are completed at least once per year.

For the review conducted during May of 2018, the Committee evaluated each of the plans included in this discussion with the senior risk officer, as well as several additional employee compensation arrangements that provide for variable cash compensation, bonus, commission or incentive payments to employees other than SEOs. As a result of the risk and manipulation review, the Compensation Committee concluded that these plans do not encourage unnecessary and excessive risks that threaten the value of the Corporation or promote the manipulation of reported earnings to enhance the compensation of any employee and determined that the potential risks arising from these plans are not reasonably likely to have a material adverse effect on the Corporation.

Role of Discretion in the Compensation Process. In fulfilling its responsibilities over the executive compensation program, the Committee must make decisions that are inherently subjective. The Committee has established compensation plans and arrangements that place limits on the Committee's ability to exercise discretion in compensation decisions, including the MIP, which does not allow the Committee to increase the amount of any long-term equity incentive compensation award under the plan above the maximum amount calculated for any such award under the terms of the plan. The Committee retains the discretion to reduce the amount of any award determined under the terms of the MIP, including the short-term cash incentive compensation award and the long-term equity incentive compensation award. In compensation decisions for 2018, the Committee used discretion to grant less than the calculated short-term cash incentive compensation award for Messrs. Dillon and Cherry as described on page 26 and to adjust measures of tangible book value for the Corporation and its peers under the long-term equity incentive compensation award as described on page 29.

Clawback Policy. The Corporation's clawback policy provides that in the event of a restatement to correct material non-compliance with any financial reporting requirements under applicable securities laws, any excess incentive compensation paid to executive officers that was based or determined in whole or in part upon the Corporation's financial statements that were subsequently restated may be recovered from the executive officers. Excess incentive compensation is the amount that would not have been paid to the executive officers if the incentive compensation had been determined based on the restated financial statements. However, if the Committee determines that the accounting error resulted from intentional misconduct by executive officers, then the Corporation may recover up to 100 percent of any incentive compensation received by those executive officers during the years subject to the

restatement. Recovery of amounts under this clawback policy from an executive officer may include reimbursement to the Corporation of cash paid to the executive officer, offsetting the amount to be recovered against future payments to the executive officer, cancellation of any outstanding vested or unvested shares awarded to the executive officer, or other means available to the Corporation by law. Such recovery may extend to gains realized by the executive officer upon sale or transfer of equity awards and may be in addition to other remedies that may be available to the Corporation, including termination of employment. The Committee may, however, determine that repayment is not required in the event the Committee determines that to do so would be unreasonable or it would be in the long-term interests of the Corporation not to require repayment.

Table of Contents

Prohibition on Hedging and Pledging Transactions. Under the Corporation's insider trading policy, directors and executive officers, including the named executive officers, are prohibited from (i) pledging the Corporation's stock as collateral for loans and (ii) selling the Corporation's stock "short," trading in the Corporation's stock in or through a margin account or otherwise engaging in hedging transactions or speculative or short-term trading of the Corporation's stock. These provisions are part of the Corporation's overall program to prevent the Corporation's directors and executive officers, including the named executive officers, from trading on material non-public information.

Tax and Accounting Implications. As part of its role, the Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Code, which provides that the Corporation may not deduct compensation of more than \$1,000,000 annually that is paid to certain individuals. While the Corporation has not awarded compensation in the past that exceeded the limit on deductibility under Section 162(m) of the Code, we may choose to pay compensation that will not be deductible in order to ensure competitive levels of total compensation for our executive officers.

Employment and Change-in-Control Agreements

The Corporation may be required to make payments of severance or other benefits upon termination of an executive officer or a change in control of the Corporation pursuant to certain agreements and other arrangements as detailed below.

McKernon Agreement. As is typical in the mortgage industry, Mr. McKernon is employed by C&F Mortgage under an employment agreement originally entered into in 1995 and amended and restated as of January 1, 2013. Mr. McKernon was responsible for bringing all of the critical personnel and operations of C&F Mortgage to the Corporation at no cost to the Corporation. Under the agreement, C&F Mortgage has employed Mr. McKernon as its President and CEO under a three-year "evergreen" agreement, which remains in effect at all times unless and until terminated as permitted by the agreement. Either party, by notice to the other at any time and for any reason, may give notice of an intention to terminate the agreement three years from the date notice is received by the other. Additionally, either party may terminate the agreement in the event C&F Mortgage fails to meet certain specified financial performance criteria for a stipulated period or of a stipulated amount within a prescribed time period. The agreement terminates upon the death or disability of Mr. McKernon, or upon the failure of either party to fulfill its obligations under the agreement. Under the agreement, C&F Mortgage in 2018 paid Mr. McKernon an annual base salary of \$220,000, payable in monthly installments. C&F Mortgage also is obligated to pay Mr. McKernon a bonus, computed and paid on a monthly basis, based upon a variable percentage of C&F Mortgage's financial performance for the preceding month, subject to adjustment annually in order that the total bonus for a fiscal year will be equal to the specified percentage as determined by the year-end financial performance amount on which the bonus is based. C&F Mortgage has the right, at any time and at its option, to "buy out" Mr. McKernon's agreement and terminate his employment for an amount based upon C&F Mortgage's financial performance. In the event of a termination of his employment for any reason other than pursuant to a three-year notice, C&F Mortgage also may purchase a limited non-solicitation commitment from Mr. McKernon.

The agreement also provides that Mr. McKernon will be entitled, during his employment, to benefits commensurate with those furnished to other employees of C&F Mortgage. The agreement also contains provisions requiring confidentiality of information regarding C&F Mortgage. Mr. McKernon may terminate his employment agreement upon an event of “covered termination” as defined in his change-in-control agreement. Any termination of the employment agreement also will terminate Mr. McKernon’s change-in-control agreement, except a termination of his employment agreement as described in the preceding sentence.

The agreement provides that any incentive-based compensation or award Mr. McKernon receives will be subject to any clawback required pursuant to law, rule, regulation or stock exchange listing requirement or any policy of the Corporation adopted pursuant to any such law, rule, regulation or listing requirement.

Table of Contents

Change-in-Control Agreements. The Corporation has entered into “change-in-control agreements” with each of the NEOs (the “CIC Agreements”) because the Board has determined that it is in the best interest of the Corporation and its shareholders to have the continued dedication of these executives, notwithstanding the possibility, threat or occurrence of a change in control. The CIC Agreements provide for payments of severance in cash as well as health, wellness and other benefits following termination. In addition to the CIC Agreements, other benefits may be provided following a change in control of the Corporation under the 2013 Stock and Incentive Plan, including accelerated vesting of restricted stock awards.

The CIC Agreement with Mr. Dillon provides for certain payments and benefits in the event of a termination of his employment by the Corporation without “cause,” or by Mr. Dillon for “good reason,” during the period beginning on the occurrence of a “change in control” (as defined in the agreement) of the Corporation and ending 61 days after the second anniversary of the change in control date and including the period prior to the change in control date in the case of terminations of employment in anticipation of a change in control. In such event, Mr. Dillon would be entitled (i) to receive in a lump sum, two and one-half times the sum of his highest annual base salary during the 24-month period preceding the change in control date and his highest annual bonus for the three fiscal years preceding the change in control date; (ii) for a period of three years following termination, to receive continuing health insurance, life insurance, and similar benefits under the Corporation’s welfare benefit plans and to have the three-year period credited as service towards completion of any service requirement for retiree coverage under the Corporation’s welfare benefit plans; and (iii) if requested by Mr. Dillon, within six months after his termination, to have the Corporation acquire his primary residence for its appraised fair market value.

The CIC Agreements with Messrs. Cherry and McKernon provide for certain payments and benefits in the event of a termination of their employment by the Corporation without “cause,” or by either Mr. Cherry or Mr. McKernon for “good reason” during the period beginning on the occurrence of a change in control and ending 61 days after the second anniversary of the change in control date. In such event, Mr. Cherry or Mr. McKernon would each be entitled (i) to receive in a lump sum, two times his highest annual base salary during the 24-month period preceding the change in control date and (ii) for a period of two years following termination, to receive continuing health insurance, life insurance, and similar benefits under the Corporation’s welfare benefit plans and to have the two-year period credited as service towards completion of any service requirement for retiree coverage under the Corporation’s welfare benefit plans. In addition, Mr. Cherry would be entitled to two times his highest annual bonus for the three fiscal years preceding the change in control date.

The CIC Agreements with Messrs. Long and Crone provide for certain payments and benefits in the event of a termination of their employment by the Corporation without “cause,” or by either Mr. Long or Mr. Crone for “good reason” during the period beginning on the occurrence of a change in control and ending 61 days after the second anniversary of the change in control date and including the period prior to the change in control date in the case of terminations of employment in anticipation of a change in control. In such event, Mr. Long or Mr. Crone would each be entitled (i) to receive in a lump sum, an amount equal to one times the sum of his highest annual base salary during the 24-month period preceding the change in control date and his highest annual bonus for the three fiscal years preceding the change in control, and (ii) for a period of one year following termination, to receive continuing health insurance, life insurance, and similar benefits under the Corporation’s welfare benefit plans and to have the one-year period credited as service towards completion of any service requirement for retiree coverage under the Corporation’s welfare benefit plans.

In certain cases, some or all of the payments and benefits provided on termination of employment under the CIC Agreements may be delayed for six months following termination to comply with the requirements of Section 409A of the Code. Any payment required to be delayed would be paid at the end of the six-month period in a lump sum, with any payments due after the six-month period being paid at the normal payment date provided for under the agreement. In the case of benefits that are delayed, the executive would pay the cost of benefit coverage during the six-month delay period and then be reimbursed by the Corporation at the end of the six-month period.

Table of Contents

Voluntary Termination with Good Reason. Under the CIC Agreements, following a change in control, any of the NEOs may voluntarily terminate their employment for “good reason” and become entitled to these payments and benefits under certain circumstances. These circumstances include, but are not limited to, a material adverse change in position, authority or responsibilities, or a reduction in rate of annual base salary, benefits (including incentives, bonuses, stock compensation, and retirement and welfare plan coverage) or other perquisites as in effect immediately prior to the change in control date, as well as a right to terminate voluntarily during the 60-day periods after the change in control date, the first anniversary of the change in control date and the second anniversary of the change in control date.

Section 280G Tax Gross-Ups. If certain payments or benefits under CIC Agreements would be subject to excise tax as an “excess parachute payment” under Section 280G of the Code, the Corporation has agreed to pay additional amounts (“280G tax gross-ups”), except as described below, to adjust for the incremental tax costs of such payments or benefits under legacy CIC agreements with Messrs. Dillon, Cherry and McKernon, which were last amended and restated in 2008. The Corporation has not entered into any new agreements later than 2008 that provide for 280G tax gross-ups, including the CIC Agreements entered into with Mr. Long and Mr. Crone. Further, the Committee has expressed a commitment to refrain from entering into future agreements that provide for such payments. Under the CIC Agreements with Messrs. Dillon, Cherry and McKernon, a 280G tax gross-up will be paid if such payment would result in a net after-tax benefit to the executive of at least \$25,000, as compared to the elimination of the 280G tax gross-up payment and the reduction of other payments or benefits under CIC Agreement such that no excise tax would be imposed under Section 280G of the Code. If the after-tax benefit of the 280G tax gross-up would be less than \$25,000, then no such 280G tax gross-up will be paid, and other payments or benefits under the CIC Agreement will be reduced such that no excise tax will be imposed under Section 280G of the Code.

Retirement, Early Retirement, Death, Disability. Except in the case of Mr. McKernon’s employment agreement, the Corporation does not provide for payments upon termination outside of the CIC Agreements, but may negotiate individual severance packages with departing executives on a case-by-case basis. For terminations due to retirement, early retirement, disability and death, vesting of any unvested stock options, restricted stock and retirement benefits occur at the date of termination, except that beginning in 2016 restricted stock awards granted to key employees other than the CEO provide for accelerated vesting on early retirement upon the one-year anniversary of the date of termination and only if the individual has complied with a non-competition agreement.

In addition to the agreements discussed above and other elements of the Corporation’s executive compensation program detailed in the Compensation Discussion and Analysis within this Proxy Statement, Mr. Dillon is eligible, upon his retirement, to payment of post-retirement medical and dental insurance premiums for himself and his spouse for life.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Corporation has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in the Proxy Statement.

	2017	228,500	60,000	63,560	20,000	—
	2016	220,000	55,000	66,745	25,000	—

¹ Reflects titles as of December 31, 2018. Mr. Dillon served as CEO until December 31, 2018. Effective January 1, 2019, Mr. Dillon became Executive Chairman and Mr. Cherry became President and CEO. Prior to March 15, 2016, Mr. Cherry served as President, CFO and Secretary. Effective March 15, 2016, Mr. Long became CFO.

² The amounts in this column for Mr. Crone reflect the additional discretionary cash bonus he was awarded for 2018, 2017 and 2016 based on overall industry conditions and achievement of other strategic initiatives accomplished by C&F Finance.

- ³ The amounts in this column reflect the grant date fair value for restricted stock granted during fiscal years ended December 31, 2018, 2017 and 2016, respectively, pursuant to the 2013 Stock and Incentive Plan, calculated in accordance with ASC Topic 718, based on the closing price of the Corporation's stock on the date of grant. These amounts do not include the 2018 long-term equity incentive compensation award, discussed in further detail on pages 27 to 30, which was granted in February 2019.
- ⁴ The amounts in this column reflect the short-term cash incentive compensation awards for 2018, 2017 and 2016, which are discussed in further detail on pages 25 to 27.
- ⁵ The amounts in this column reflect the actuarial increase in the present value of the named executive officers' accumulated benefits under the Retirement Plan established by the Bank determined using credits based on age and years of service and interest credits consistent with those used in the Corporation's audited financial statements. Messrs. McKernon and Crone are not participants in the Retirement Plan. All earnings under the Nonqualified Plan are actual dividends and earnings of investments based on participants' investment elections and are not required to be reported in this column.
- ⁶ The amounts in this column for 2018 are detailed in the All Other Compensation Table for 2018 immediately below.

Table of Contents

All Other Compensation for 2018

Name	Dividends Paid on Unvested Stock Awards (\$)	Corporation Contributions to Defined Contribution Plans ² (\$)	Personal Use of Corporation- Owned Auto (\$)	Charitable Contributions (\$)	Club Dues (\$)
Larry G. Dillon ¹	24,840	105,100	—	—	—
Thomas F. Cherry	24,840	72,800	8,807	2,500	6,600
Jason E. Long ¹	4,541	18,461	—	—	—
Bryan E. McKernon	5,865	6,125	5,869	5,000	—
S. Dustin Crone	11,055	40,400	10,891	1,000	—

¹ Perquisites granted to Messrs. Dillon and Long did not exceed \$10,000 in 2018 and are not reported in this table.

² The amounts in this column include \$91,350, \$59,300, \$10,050, and \$26,900 in Corporation contributions to the Nonqualified Plan for 2018 for Messrs. Dillon, Cherry, Long and Crone, respectively, that were not paid to the plan as of the end of the fiscal year. These contributions, which include Excess Match contributions and SERP contributions, were made by the Corporation in January 2019 into each respective NEO's account in the Nonqualified Plan. Other amounts included in this column represent employer matching contributions to tax-qualified defined contribution plans. These plans are discussed in further detail on pages 30 to 31.

Table of Contents

The following table summarizes certain information with respect to cash and restricted stock awards established in 2018 under the MIP.

Grants of Plan-Based Awards for 2018

¹ The 2018 long-term equity incentive compensation awards do not have a grant date during the year ended December 31, 2018 and were ultimately granted in the form of restricted stock on February 19, 2019. The awards granted comprised a performance component and an annual component pursuant to the MIP. The fair value of these awards at the grant date was determined in accordance with ASC Topic 718, based on the closing price of the Corporation's stock on that date and has been allocated to the two components in this table. The awards were granted in the form of restricted stock, subject to a five-year cliff vesting service condition, with accelerated vesting under certain circumstances, and include rights to non-forfeitable dividends on unvested shares equal to dividends declared to common shareholders. See pages 29 to 31 for further details on the 2018 long-term equity incentive compensation awards.

² These columns reflect the threshold, target and maximum amounts established under the 2018 short-term cash incentive compensation award for Messrs. Dillon, Cherry and Long. The actual amounts awarded under the 2018 short-term cash incentive compensation award for Messrs. Dillon, Cherry and Long were \$220,000, \$220,000 and \$55,000, respectively. Threshold, target and maximum amounts are not established under the 2018 short-term cash incentive compensation award for Mr. McKernon, whose award is determined pursuant to his employment agreement and is based on the profitability of C&F Mortgage, or Mr. Crone, whose award is determined based on the ROA and net income of C&F Finance. The amounts reported above for Messrs. McKernon and Crone reflect the actual amounts of their 2018 short-term cash incentive compensation awards.

³ These columns reflect the threshold, target and maximum equity values established for the performance component of the 2018 long-term equity incentive compensation award. These amounts do not include \$37,688, \$32,500, \$25,125, \$22,000 and \$29,625 of the annual component of the 2018 long-term equity incentive compensation awards for Messrs. Dillon, Cherry, Long, McKernon and Crone, respectively, which is fixed as a percentage of annual base salary and earned through consistent individual performance during 2018.

⁴ The amounts in this column represent the approximate number of shares allocated to the annual component of the 2018 long-term equity incentive compensation award that was granted on February 19, 2019 based on the closing price of the Corporation's stock on that date. The annual component is earned through consistent individual performance during 2018 and is not reported under the columns for equity incentive plan awards in this table because its value is fixed as a percentage of base salary.

Table of Contents

The following table includes certain information with respect to all previously-awarded unvested restricted stock awards held by the named executive officers at December 31, 2018. None of the NEOs held any unexercised stock options at December 31, 2018.

Outstanding Equity Awards at 2018 Fiscal Year-End

	1/19/2021	1,750	93,118
	1/17/2022	1,400	74,494
	1/16/2023	1,070	56,935
Total		5,970	317,664

¹ The amounts in this column reflect the number of shares of restricted stock granted from 2014 through 2018 to each NEO pursuant to the 2013 Stock and Incentive Plan. Shares vest in their entirety on the fifth anniversary of the grant date, subject to accelerated vesting under certain circumstances, and participants are entitled to non-forfeitable dividends on unvested shares equal to dividends declared to common shareholders. This table does not include awards under the 2018 long-term equity incentive compensation award, which were granted on February 19, 2019.

² The amounts in this column represent the fair market value of the restricted stock as of December 31, 2018. The closing price of the Corporation's stock was \$53.21 on that date.

Table of Contents

The following table provides information regarding the value realized by our NEOs who held restricted stock that vested during 2018. None of the NEOs exercised any stock options during 2018.

Stock Vested for 2018

Name	Stock Awards	
	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting ¹ (\$)
Larry G. Dillon	3,900	228,540
Thomas F. Cherry	3,900	228,540
Jason E. Long	—	—
Bryan E. McKernon	800	46,880
S. Dustin Crone	1,750	86,520

¹ The value realized on vesting is the fair market value based on the closing price of the Corporation's stock on the date of vesting multiplied by the number of shares that vested. For purposes of this table, where the date of vesting was a non-business day, the closing price of the Corporation's stock on the business day prior to the date of vesting was used.

The following table shows the actuarial present value of accumulated benefits payable to each of the named executive officers, including the number of years of service credited to each named executive officer under the Retirement Plan, which is described in more detail on page 30.

Pension Benefits as of December 31, 2018

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit ¹ (\$)	Payments During Last Fiscal Year (\$)
Larry G. Dillon ²	Retirement Plan	41	1,784,100	—
Thomas F. Cherry	Retirement Plan	22	504,492	—
Jason E. Long	Retirement Plan	4	19,209	—

Bryan E. McKernon ³	n/a	—	—	—
S. Dustin Crone ³	n/a	—	—	—

¹ Assumptions used in the calculation of these amounts are included in Note 12 to the Corporation's audited financial statements for the fiscal year ended December 31, 2018 included in the Corporation's Annual Report on Form 10-K filed with the SEC on February 26, 2019. This account balance for each participant will grow each year with annual pay credits based on age and years of service and monthly interest credits based for 2018 on the December 2017 average yield for 30-year Treasuries plus 150 basis points, not to exceed the IRS third segment rate.

² As noted earlier, Mr. Dillon is eligible for retirement under the Retirement Plan.

³ Messrs. McKernon and Crone are not participants in the Retirement Plan.

Table of Contents

Nonqualified Deferred Compensation for 2018

The following table summarizes our named executive officers' compensation under our Nonqualified Plan, which is described in more detail on page 31.

Name	Executive Contributions in Last FY1 (\$)	Registrant Contributions in Last FY2 (\$)	Aggregate Earnings in Last FY3 (\$)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FYE ^{4,5} (\$)
Larry G. Dillon	—	91,350	(36,449)	—	1,406,219
Thomas F. Cherry	—	59,300	(52,015)	—	809,787
Jason E. Long	—	10,050	(6,095)	—	46,637
Bryan E. McKernon	—	—	(184,757)	—	2,314,366
S. Dustin Crone	—	26,900	(22,615)	—	258,648

¹ Pursuant to the Nonqualified Plan, certain executives, including named executive officers, may defer any portion of their base salary or awards earned under the MIP. No employee deferrals were made in 2018.

² Amounts in this column represent discretionary employer contributions for 2018 for each NEO other than Mr. McKernon, including Excess Match contributions and SERP contributions, which were not paid to the plan as of the end of the fiscal year. These amounts are reported as 2018 compensation in the Summary Compensation Table on page 36 and were paid by the Corporation in January 2019 into each respective NEO's account in the Nonqualified Plan.

³ Earnings (losses) attributed to participants under the Nonqualified Plan are actual returns based on their investment elections under the plan.

⁴ The aggregate balance includes \$574,845, \$46,637 and \$251,616 for Messrs. Cherry, Long and Crone, respectively, which amounts are not currently vested. These amounts would vest upon death, disability, retirement or a change in control.

⁵ Of the amounts disclosed in this column, \$1,122,528, \$479,179, \$18,825, \$437,899, and \$90,425 were previously reported as compensation to Messrs. Dillon, Cherry, Long, McKernon and Crone, respectively, in Summary Compensation Tables for years prior to 2018.

Table of Contents

Payments Upon Termination or Change in Control

The following table shows the potential payments upon termination, including following a change in control of the Corporation, for the NEOs based on agreements and plans in effect as of December 31, 2018. The amounts in this table are calculated assuming the change in control or termination event occurred on December 31, 2018 and all executives were paid in a lump sum payment. The closing price of the Corporation's stock was \$53.21 per share on December 31, 2018.
