RE: Notice of Action by Written Consent of Stockholders in Lieu of an Annual Meeting

Dear Stockholder:

We are notifying our stockholders of record on July 31, 2009 that stockholders representing 97.3% of our outstanding common stock on July 31, 2009 have executed a written consent in lieu of an annual meeting approving the removal and re-election of thirteen directors to serve as members of the Company's Board of Directors, to hold office until their successors are duly elected and qualified or until the earlier of their death, resignation, or removal.

Under the Delaware General Corporation Law, stockholder action may be taken by written consent without a meeting of stockholders. The written consent of the holders of a majority of our outstanding common stock is sufficient under the Delaware General Corporation Law and our articles of incorporation and bylaws to approve the action described above. Accordingly, the action described above will not be submitted to you and our other stockholders for a vote. This letter and the accompanying information statement are intended to notify you of the aforementioned stockholder action in accordance with applicable Securities and Exchange Commission (the "SEC") rules as a result of our common stock being registered with the SEC. Pursuant to the applicable SEC rules, this corporate action will be effective 20 calendar days after the date of the initial mailing of the accompanying information statement, or on or about September 21, 2009.

Under Section 228(e) of the Delaware General Corporation Law, where stockholder action is taken without a meeting by less than unanimous written consent, prompt notice of the taking of such corporate action must be given to those stockholders who have not consented in writing and who, if the action had been taken at a meeting, would have been entitled to notice of the meeting if the record date for such meeting had been the date that written consents signed by a sufficient number of holders to take the action were delivered to the corporation as provided in subsection (c) of Section 228. This letter is also intended to serve as the notice required by Section 228(e) of the Delaware General Corporation Law.

An information statement containing a detailed description of the matters adopted by written consent in lieu of an annual meeting of stockholders accompanies this notice. You are urged to read the information statement in its entirety for a description of the action taken by the holders of a majority of the voting power of the Company.

HOWEVER, WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND US A PROXY. We are only furnishing you an information statement as a matter of regulatory compliance with the SEC rules. No action is required of you. The Company will mail this information statement to stockholders on or about September 1, 2009.

INFORMATION STATEMENT**

WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND US A PROXY. NO ACTION IS REQUIRED OF YOU.

QUESTIONS AND ANSWERS

Q: Why did I receive the information statement?

A: We sent you the information statement as a matter of regulatory compliance with the SEC rules and Delaware law to inform you of the action taken by the holders of a majority of our outstanding common stock by written consent in lieu of an annual meeting.

Q: Does this mean HCA's stock is publicly traded?

A: No. Due to the number of stockholders HCA currently has, the Company's stock is required to be registered with the SEC and the Company is required to make certain disclosures with the SEC, such as the information statement. However, HCA's stock is not publicly traded.

Q: Who sent me this information statement?

A: The information statement was sent to you and paid for by HCA.

Q: Do I need to return anything?

A: No. The information statement is merely to inform you of the action taken by written consent in lieu of an annual meeting by holders of a majority of the Company's outstanding common stock. No action is required by you.

Q: When was this information statement mailed or made available to stockholders?

A: This information statement was first mailed or made available to stockholders on or about September 1, 2009. Our 2008 Annual Report on Form 10-K, as updated by our Current Report on Form 8-K/A, was mailed or made available with the information statement. The annual report is not part of the information statement materials.

Q: What is an action taken by written consent?

A: Pursuant to Delaware law, any action required to be taken at an annual or special meeting may be taken without a meeting, without prior notice and without a vote, if a consent in writing is signed by the holders of the outstanding stock having more than the minimum number of votes necessary to authorize such action at a meeting at which all shares entitled to vote thereon were present and voted.

Table of Contents

Q: Why was there no annual meeting?

A: Because Delaware law allows action to be taken by written consent in lieu of an annual meeting, and holders of a majority of our outstanding shares of common stock acted by written consent, an annual meeting was not necessary.

Q: What action was taken by written consent in lieu of an annual meeting?

A: The holders of a majority of our outstanding common stock executed a written consent approving the removal and re-election of thirteen directors to serve as members of the Company's Board of Directors, to hold office until their successors are duly elected and qualified or until the earlier of their death, resignation, or removal.

Q: Do I need to vote on these matters?

A: No. Since holders of a majority of our common stock have already executed a written consent in lieu of an annual meeting, your vote is not necessary.

Q: How many votes were required to approve the proposal?

A: The approval and adoption of the action taken by written consent in lieu of an annual meeting requires the consent of the holders of a majority of the shares of our outstanding common stock.

Q: How many shares were voted for the action?

A: The record date for the action taken by written consent is July 31, 2009. We had 94,410,130 outstanding shares of our common stock on the record date. Each share of our common stock is entitled to one vote. The holders of 91,845,692 shares of our common stock, representing 97.3% of our outstanding common stock shares entitled to vote on July 31, 2009 executed a written consent in lieu of an annual meeting. The written consent of the holders of a majority of our outstanding common stock will be sufficient under Delaware General Corporation Law and our articles of incorporation and amended and restated bylaws to approve the action described above.

Q: When will the corporate action be effected?

A: Pursuant to the applicable SEC rules, the earliest date on which this corporate action may be effected is 20 calendar days after the date of the initial mailing of this information statement. Accordingly, we anticipate the action taken by written consent being effective on or about September 21, 2009.

Q: Am I entitled to dissenter's rights?

A: No.

Table of Contents**BACKGROUND**

On November 17, 2006, HCA Inc. completed its merger (the Merger) with Hercules Acquisition Corporation, pursuant to which the Company was acquired by Hercules Holding II, LLC (Hercules Holding), a Delaware limited liability company owned by a private investor group comprised of affiliates of Bain Capital Partners (Bain), Kohlberg Kravis Roberts & Co. (KKR), Merrill Lynch Global Private Equity (MLGPE) (each a Sponsor) and of Citigroup Inc. and Bank of America Corporation (the Sponsor Assignees), by affiliates of HCA founder, Dr. Thomas F. Frist Jr., (the Frist Entities, and together with the Sponsors and the Sponsor Assignees, the Investors), and by members of management and certain other investors. The Merger, the financing transactions related to the Merger and other related transactions are collectively referred to in this information statement as the Recapitalization. The Merger was accounted for as a recapitalization in our financial statements, with no adjustments to the historical basis of our assets and liabilities. As a result of the Recapitalization, our outstanding capital stock is owned by the Investors, certain members of management and key employees and certain other investors. On April 29, 2008, we registered our common stock pursuant to Section 12(g) of the Securities Exchange Act of 1934, as amended thus subjecting us to the reporting requirements of Section 13(a) of the Securities Exchange Act of 1934, as amended. Our common stock is not traded on a national securities exchange.

That consent and the election of directors will be effective on or about September 21, 2009. Director Independence. Our Board of Directors consists of Jack O. Bovender, Jr., Chairman, Christopher J. Birosak, Richard M. Bracken, John P. Connaughton, James D. Forbes, Kenneth W. Freeman, William R. Frist, Thomas F. Frist III, Christopher R. Gordon, Michael W. Michelson, James C. Momtazee, Stephen G. Pagliuca, and Nathan C. Thorne, who are each managers of Hercules Holding. The Amended and Restated Limited Liability Company Agreement of Hercules Holding requires that the members of Hercules Holding take all necessary action to ensure that the persons who serve as managers of Hercules Holding also serve on the Board of Directors of HCA. See Certain Relationships and Related Transactions. In addition, Messrs. Bovender's and Bracken's employment agreements provide that they will continue to serve as members of our Board of Directors so long as they remain officers of HCA, with Mr. Bovender to serve as the Chairman. Because of these requirements, together with Hercules Holding's ownership of 97.3% of our outstanding common stock, we do not currently have a policy or procedures with respect to stockholder recommendations for nominees to the Board of Directors, nor do we have a nominating/corporate governance committee, or a committee that serves a similar purpose. Our Board of Directors currently has four standing committees: the Audit and Compliance Committee, the Compensation Committee, the Executive Committee and the Patient Safety and Quality of Care Committee. Each of the Investors has the right to have at least one director serve on all standing committees.

Though not formally considered by our Board because our common stock is not currently listed or traded on any national securities exchange, based upon the listing standards of the New York Stock Exchange (the NYSE), the national securities exchange upon which our common stock was traded prior to the Merger, we do not believe that any of our directors would be considered independent because of their relationships with certain affiliates of the funds and other entities which hold significant interests in Hercules Holding, which, as of July 31, 2009, owned 97.3% of our outstanding common stock, and other relationships with us. In addition, we do not believe that George A. Bitar, Thomas F. Frist, Jr. or Peter Stavros, who served as directors until April 22, 2009, January 1, 2009 and February 6, 2009, respectively, qualified as independent directors because of their relationships with certain affiliates of the funds and other entities which hold significant interests in Hercules Holding, which, as of July 31, 2009, owned 97.3% of our outstanding common stock, and other relationships with us. See Certain Relationships and Related Transactions.

Accordingly, we do not believe that any of Messrs. Birosak, Frist, Gordon or Momtazee, the members of our Audit and Compliance committee, would meet the independence requirements of Rule 10A-1 of the Exchange Act or the NYSE's audit committee independence requirements, or that Messrs. Connaughton, Forbes or Michelson, the members of our Compensation Committee, would meet the NYSE's independence requirements.

Board Meetings and Committees. During 2008, our Board of Directors held 11 meetings. All directors attended at least 75% of the Board meetings and meetings of the committees of the Board on which the director served.

Table of Contents

Given that we do not presently intend on holding annual stockholder meetings because we are not currently publicly traded, HCA has not adopted a policy regarding director attendance at annual meetings of stockholders. The Company did not have an annual meeting of stockholders in 2008 and our directors were re-elected through stockholder action taken on written consent effective March 26, 2008.

Audit and Compliance Committee. Our Audit and Compliance Committee is composed of James C. Momtazee, Chairman, Christopher J. Birozak, Thomas F. Frist III, and Christopher R. Gordon. In light of our status as a closely held company and the absence of a public trading market for our common stock, our Board has not designated any member of the Audit and Compliance Committee as an audit committee financial expert. None of the members of the Audit and Compliance Committee would meet the independence requirements of Rule 10A-1 of the Exchange Act or the NYSE's audit committee independence requirements. We do not believe Mr. Momtazee would be considered independent because of his relationship with certain affiliates of the funds and other entities which hold significant interests in Hercules Holding, which, as of July 31, 2009, owned 97.3% of our outstanding common stock, and other relationships with us. See Certain Relationships and Related Transactions. This committee reviews the programs of our internal auditors, the results of their audits, and the adequacy of our system of internal controls and accounting practices. This committee also reviews the scope of the annual audit by our independent registered public accounting firm before its commencement, reviews the results of the audit and reviews the types of services for which we retain our independent registered public accounting firm. The Audit and Compliance Committee has adopted a charter which can be obtained on the Corporate Governance page of the Company's website at www.hcahealthcare.com. In 2008, the Audit and Compliance committee met six times.

Compensation Committee. Our Compensation Committee is currently composed of John P. Connaughton, Chairman, James D. Forbes and Michael W. Michelson. In 2008, the Committee consisted of George A. Bitar, John P. Connaughton, Thomas F. Frist, Jr., M.D. and Michael W. Michelson, and determinations with respect to 2008 compensation were made by such Committee. None of the members of our Compensation Committee would meet the NYSE's independence requirements. The Compensation Committee is generally charged with the oversight of our executive compensation and rewards programs. Responsibilities of the Compensation Committee include the review and approval of the following items:

Executive compensation strategy and philosophy;

Compensation arrangements for executive management;

Design and administration of the annual cash-based Senior Officer Performance Excellence Program;

Design and administration of our equity incentive plans;

Executive benefits and perquisites (including the HCA Restoration Plan and the Supplemental Executive Retirement Plan); and

Any other executive compensation or benefits related items deemed noteworthy by the Compensation Committee.

In addition, the Compensation Committee considers the proper alignment of executive pay policies with Company values and strategy by overseeing employee compensation policies, corporate performance measurement and assessment, and Chief Executive Officer performance assessment. The Compensation Committee may retain the services of independent outside consultants, as it deems appropriate, to assist in the strategic review of programs and arrangements relating to executive compensation and performance. In 2008 the Compensation Committee hired Semler Brossy Consulting Group, LLC to assist in conducting an assessment of competitive executive compensation. The Compensation Committee may consider recommendations from our Chief Executive Officer and compensation consultants, among other factors, in making its compensation determinations. The Compensation Committee has the authority to delegate any of its responsibilities to one or more subcommittees as the committee may deem appropriate. The Compensation Committee has adopted a charter which can be obtained on the Corporate Governance page of

Company's website at www.hcahealthcare.com. In 2008, the Compensation Committee met 10 times.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee (the Committee) of the Board of Directors is generally charged with the oversight of our executive compensation and rewards programs. The Committee is currently composed of John P. Connaughton, Michael W. Michelson and James D. Forbes. In 2008, the Committee consisted of George A. Bitar, John P. Connaughton, Michael W. Michelson and Thomas F. Frist, Jr., M.D., and determinations with respect to 2008 compensation were made by such Committee. Responsibilities of the Committee include the review and approval of the following items:

- Executive compensation strategy and philosophy;
- Compensation arrangements for executive management;
- Design and administration of the annual cash-based Senior Officer Performance Excellence Program (PEP);
- Design and administration of our equity incentive plans;
- Executive benefits and perquisites (including the HCA Restoration Plan and the Supplemental Executive Retirement Plan); and

Any other executive compensation or benefits related items deemed appropriate by the Committee.

In addition, the Committee considers the proper alignment of executive pay policies with Company values and strategy by overseeing employee compensation policies, corporate performance measurement and assessment, and Chief Executive Officer performance assessment. The Committee may retain the services of independent outside consultants, as it deems appropriate, to assist in the strategic review of programs and arrangements relating to executive compensation and performance.

The following executive compensation discussion and analysis describes the principles underlying our executive compensation policies and decisions as well as the material elements of compensation for our named executive officers. Our named executive officers for 2008 were:

- Jack O. Bovender, Jr., Chairman of the Board and Chief Executive Officer;
- Richard M. Bracken, President and Chief Operating Officer;
- R. Milton Johnson, Executive Vice President and Chief Financial Officer;
- Samuel N. Hazen, President Western Group; and
- Beverly B. Wallace, President Shared Services Group.

Effective December 31, 2008, Mr. Bovender retired as Chief Executive Officer but retained the role of Chairman of the Board, and effective January 1, 2009, Mr. Bracken was appointed to serve as Chief Executive Officer and President of the Company.

Table of Contents

As discussed in more detail below, the material elements and structure of the named executive officers compensation program for 2008 was negotiated and determined in connection with the Merger.

Compensation Philosophy and Objectives

The core philosophy of our executive compensation program is to support the Company’s primary objective of providing the highest quality health care to our patients while enhancing the long term value of the Company to our shareholders. Specifically, the Committee believes the most effective executive compensation program (for all executives, including named executive officers):

Reinforces HCA’s strategic initiatives;

Aligns the economic interests of our executives with those of our shareholders; and

Encourages attraction and long term retention of key contributors.

The Committee is committed to a strong, positive link between our objectives and our compensation and benefits practices.

Our compensation philosophy also allows for flexibility in establishing executive compensation based on an evaluation of information prepared by management or other advisors and other subjective and objective considerations deemed appropriate by the Committee. The Committee will also consider the recommendations of our Chief Executive Officer. This flexibility is important to ensure our compensation programs are competitive and that our compensation decisions appropriately reflect the unique contributions and characteristics of our executives.

Compensation Structure and Benchmarking

Our compensation program is heavily weighted towards performance-based compensation, reflecting our philosophy of increasing the long-term value of the Company and supporting strategic imperatives. Total direct compensation and other benefits consist of the following elements:

Total Direct Compensation

Base Salary

Annual Cash-Based Incentives (offered through our PEP)

Long-Term Equity Incentives (in the form of Stock Options)

Other Benefits

Retirement Plans

Limited Perquisites and Other Personal Benefits

Severance Benefits

The Committee does not support rigid adherence to benchmarks or compensatory formulas and strives to make compensation decisions which effectively support our compensation objectives and reflect the unique attributes of the Company and each executive. Our general practice, however, with respect to pay positioning, is that executive base salaries and annual incentive (PEP) target values should generally position total annual cash compensation between the median and 75th percentile of similarly-sized general industry companies. We utilize the general industry as our primary source for competitive pay levels because HCA is significantly larger than its industry peers. See the discussion of benchmarking below for further information. The named executive officers’ pay fell within the range noted above for jobs with equivalent market comparisons.

The cash compensation mix between salary and PEP is currently more weighted towards salary rather than PEP than competitive practice among our general industry peers would suggest. Over time, we intend to continue moving towards a mix of cash compensation that will place a greater emphasis on annual performance-based compensation.

Although we look at competitive long-term equity incentive award values in similarly-sized general industry companies when assessing the competitiveness of our compensation programs, we did not base our 2007 stock option

grants on these levels since equity is structured differently in closely held companies than in publicly-traded companies. As is typical in similar situations, the Investors wanted to share a certain percentage of the equity with

12

Table of Contents

executives shortly after the consummation of the Merger and establish performance objectives and incentives up front in lieu of annual grants to ensure our executives' long-term economic interests would be aligned with those of the Investors. This pool of equity was then further allocated based on the executives' anticipated impact on, and potential for, driving Company strategy and performance. The resulting total direct pay mix is heavily weighted towards performance-based pay (PEP plus stock options) rather than fixed pay, which the Committee believes reflects the compensation philosophy and objectives discussed above. No additional long term equity incentives were granted to the named executive officers in 2008.

Compensation Process

While our 2008 named executive officer compensation was largely determined at the time of the Merger, the Committee ensures that executives' pay levels are generally consistent with the compensation strategy described above, in part, by conducting annual assessments of competitive executive compensation. Management (but no named executive officer), in collaboration with the Committee's independent consultant, Semler Brossy Consulting Group, LLC, collects and presents compensation data from similarly-sized general industry companies, based to the extent possible on comparable position matches and compensation components. The following nationally recognized survey sources were utilized in anticipation of establishing 2008 executive compensation:

Survey	Revenue Scope (Median Revenue)	Number of Companies in Sample
Towers Perrin Executive Compensation Database	Greater than \$20B (\$35.0B)	58
Hewitt Total Compensation Measurement	\$10B – \$25B (\$15.0B)	68
Hewitt Total Compensation Measurement	Greater than \$25B (\$46.5B)	36

These particular revenue scopes were selected because they were the closest approximations to HCA's revenue size. Each survey that provided an appropriate position match and sufficient sample size to be used in the compensation review was weighted equally. For this purpose, the two Hewitt survey cuts were considered as one survey, and we used a weighted average of the two surveys (65% for the \$10B – \$25B cut and 35% for the Greater than \$25B).

Data was also collected from health care providers within our industry including Community Health Systems, Inc., Health Management Associates, Inc., Kindred Healthcare, Inc., LifePoint Hospitals, Inc., Tenet Healthcare Corporation and Universal Health Services, Inc. These health care providers are used only as a secondary point of reference for industry practices since we are significantly larger than these companies. The data from this analysis did not affect named executive officer pay level decisions in 2008. Semler Brossy also performed a competitive pay analysis specific for the Chairman of the Board, the President and Chief Executive Officer and the Executive Vice President and Chief Financial Officer to be utilized in setting 2009 compensation for Mr. Bovender, Mr. Bracken and Mr. Johnson. A custom proxy analysis was utilized, covering 150 selected companies in the S&P 500 (excluding the financial services sector). The following cuts of this database were used for market comparisons: (i) companies with \$15 billion to \$35 billion in revenues (52 companies) and (ii) companies in the broader health care sector (21 companies).

Consistent with our flexible compensation philosophy, the Committee is not required to approve compensation precisely reflecting the results of these surveys, and may also consider, among other factors (typically not reflected in these surveys): the requirements of the applicable employment agreements, the executive's individual performance during the year, his or her projected role and responsibilities for the coming year, his or her actual and potential impact on the successful execution of Company strategy, recommendations from our chief executive officer and compensation consultants, an officer's prior compensation, experience, and professional status, internal pay equity considerations, and employment market conditions and compensation practices within our peer group. The weighting of these and other relevant factors is determined on a case-by-case basis for each executive upon consideration of the relevant facts and circumstances.

Employment Agreements

In connection with the Merger, we entered into employment agreements with each of our named executive officers and certain other members of senior management to help ensure the retention of those executives critical to

Table of Contents

the future success of the Company. Among other things, these agreements set the executives' compensation terms, their rights upon a termination of employment, and restrictive covenants around non-competition, non-solicitation, and confidentiality. These terms and conditions are further explained in the remaining portion of this Compensation Discussion and Analysis and under Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements.

In light of Mr. Bovender's retirement from the position of Chief Executive Officer, effective December 31, 2008, and continuing service to the Company as executive Chairman until December 15, 2009, the Company entered into an Amended and Restated Employment Agreement with Mr. Bovender, effective December 31, 2008. The material amendments to Mr. Bovender's prior employment agreement as set forth in the Amended and Restated Employment Agreement are described below under Mr. Bovender's Severance Benefits and under Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements.

The Company also amended Mr. Bracken's employment agreement, effective January 1, 2009, to reflect his appointment to the position of Chief Executive Officer and President.

*Elements of Compensation**Base Salary*

Base salaries are intended to provide reasonable and competitive fixed compensation for regular job duties. The threshold base salaries for our executives are set forth in their employment agreements. We did not increase named executive officer base salaries in 2008, other than an approximate 5.3% increase in Mr. Johnson's base salary in order to better align his salary with market for his position as Chief Financial Officer based on general industry surveys. In light of Mr. Bovender's retirement from the position of Chief Executive Officer and continuing role as Chairman and Mr. Bracken's assumption of the responsibilities of Chief Executive Officer and President, Mr. Bovender's base salary for 2009 was reduced to approximately \$1.144 million for his Employment Term (as described further in Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements.), and Mr. Bracken's 2009 base salary was increased to \$1.325 million. Similarly, taking into consideration the additional responsibilities being assumed by the position of Executive Vice President and Chief Financial Officer and relevant market comparables, Mr. Johnson's 2009 salary was set at \$850,000, reflecting an increase of approximately 7.6%. In light of our goal of reducing the emphasis of base salary in our cash compensation mix, we do not intend to provide salary increases to any of our named executive officers in 2009, other than those described above.

Annual Incentive Compensation: PEP

The PEP is intended to reward named executive officers for annual financial performance, with the goals of providing high quality health care for our patients and increasing shareholder value. Each named executive officer in the Company's 2008-2009 Senior Officer Performance Excellence Program (2008-2009 PEP) was assigned a 2008 annual award target expressed as a percentage of salary ranging from 66% to 126% (see individual targets in table below). In light of our goal to further emphasize performance-based pay, we increased the named executive officers' PEP target opportunities by approximately 6% for 2008 in lieu of salary increases (with the exception of Mr. Johnson's 2008 salary increase). These targets are intended to provide a meaningful incentive for executives to achieve or exceed performance goals.

The 2008-2009 PEP was designed to provide 100% of the target award for target performance, 50% of the target award for a minimum acceptable (threshold) level of performance, and a maximum of 200% of the target award for maximum performance, while no payments are made for performance below threshold levels. The Committee believes this payout curve is consistent with competitive practice. More importantly, it promotes and rewards continuous growth as performance goals have consistently been set at increasingly higher levels each year. Actual awards under the PEP are generally determined using the following two steps:

1. The executive's conduct must reflect our Mission and Values by upholding our Code of Conduct and following our compliance policies and procedures. This step is critical to reinforcing our commitment to integrity and the delivery of high quality health care. In the event the Committee determines the participant's conduct during the fiscal year is not in compliance with the first step, he or she will not be eligible for an incentive award.

2. The actual award amount is determined based upon Company performance. In 2008, the PEP for all named executive officers, other than Mr. Hazen, incorporated one Company financial performance measure, EBITDA,

defined in the 2008-2009 PEP as earnings before interest, taxes, depreciation, amortization, minority interest

Table of Contents

expense, gains or losses on sales of facilities, gains or losses on extinguishment of debt, asset or investment impairment charges, restructuring charges, and any other significant nonrecurring non-cash gains or charges (but excluding any expenses for share-based compensation under Statement of Financial Accounting Standards No. 123(R), Share-Based Payment (SFAS 123(R)) with respect to any awards granted under the 2008-2009 PEP) (EBITDA). The Company EBITDA target for 2008 was \$4.720 billion (\$4.714 billion after adjustment) for the named executive officers. Mr. Hazen s 2008 PEP, as the Western Group President, was based 50% on Company EBITDA and 50% on Western Group EBITDA (with a Western Group EBITDA target for 2008 of \$2.328 billion) to ensure his accountability for his group s results. The Committee chose to base annual incentives on EBITDA for a number of reasons:

It effectively measures overall Company performance;

It is an important surrogate for cash flow, a critical metric related to paying down the Company s significant debt obligation;

It is the key metric driving the valuation in the internal Company model, consistent with the valuation approach used by industry analysts; and

It is consistent with the metric used for the vesting of the financial performance portion of our option grants.

These EBITDA targets should not be understood as management s predictions of future performance or other guidance and investors should not apply these in any other context. Our 2008 threshold and maximum goals were set at approximately +/- 3.6% of the target goal to reflect likely performance volatility. EBITDA targets were linked to the Company s short-term and long-term business objectives to ensure incentives are provided for appropriate annual growth and stretch performance.

Pursuant to the terms of the 2008-2009 PEP and the named executive officer employment agreements, the Committee exercised its ability to make adjustments to the Company s 2008 EBITDA performance target for dispositions of facilities occurring during the 2008 fiscal year. The adjustments to the target resulted in a decrease of approximately \$6 million.

The Committee set the named executive officers 2009 target performance goals based on aggressive, yet realistic, expectations of Company performance ensuring successful execution of our plans in order to realize the most value from these awards. While we do not intend to disclose our 2009 PEP EBITDA target as an understanding of that target is not necessary for a fair understanding of the named executive officers compensation for 2008 and could result in competitive harm and market confusion, we consistently set targets that require an increase in EBITDA year over year to promote continuous growth consistent with our business plan.

Upon review of the Company s 2008 financial performance, the Committee determined that Company EBITDA performance for the fiscal year ended December 31, 2008 fell below the target performance, but above threshold performance as set by the Compensation Committee; likewise, the EBITDA performance of the Western Group also exceeded threshold performance but was less than target performance. Accordingly, the 2008 PEP was paid out as follows to the named executive officers (the actual 2008 PEP payout amounts are included in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table):

Named Executive Officer	2008 Target PEP (% of Salary)	2008 Actual PEP Award (% of Salary)
Jack O. Bovender, Jr. (Chairman and CEO)	126%	85.9%
Richard M. Bracken (President and COO)	96%	65.5%
R. Milton Johnson (Executive Vice President and CFO)	66%	45.0%
Samuel N. Hazen (President, Western Group)	66%	44.5%
Beverly B. Wallace (President, Shared Services Group)	66%	45.0%

In 2008, the 2008-2009 PEP was approved by the Committee. Therefore, the 2009 PEP program will work under the same plan as in 2008. Each named executive officer in the Company's 2008-2009 PEP was assigned a maximum 2009 annual award target expressed as a percentage of salary ranging from 72% to 132% which under the terms of the 2008-2009 PEP applies to the lesser of (a) the Named Executive Officer's 2009 base salary, or (b) 125% of the Named Executive Officer's 2008 base salary. The Committee has the discretion to reduce, but not increase, the 2009 Threshold, Target and Maximum percentages as set forth in the 2008-2009 PEP. Mr. Bovender's 2009 PEP target or Annual Bonus is set forth in his Amended and Restated Employment Agreement, effective December 31, 2008, as described in Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

Table of Contents

Mr. Bovender's Employment Agreement. The Committee set Mr. Bracken's 2009 target percentage at 130% of his 2009 base salary in connection with his appointment as Chief Executive Officer and President and amended the 2008-2009 PEP to set Mr. Johnson's 2009 target percentage at 80% of his 2009 base salary in light of the additional responsibilities assumed by the position of Executive Vice President and Chief Financial Officer. The 2009 PEP target percentage will remain at 66% of base salary for Mr. Hazen and Ms. Wallace, respectively. The Committee also has the ability to supplement the financial metrics and weightings with additional measures other than EBITDA including: (a) operating income, profit or efficiencies; (b) return on equity, assets, capital, capital employed or investment; (c) after-tax operating income; (d) net income; (e) earnings or book value per share; (f) cash flow(s); (g) stock price or total shareholder return; (h) debt reduction; (i) strategic business objectives, consisting of one or more objectives based on meeting specified cost targets, business expansion goals and goals relating to acquisitions or divestitures; or (j) any combination thereof.

Long-Term Equity Incentive Awards: Options

In connection with the Merger, the Board of Directors approved and adopted the 2006 Stock Incentive Plan for Key Employees of HCA Inc. and its Affiliates (the 2006 Plan). The purpose of the 2006 Plan is to:

Promote our long term financial interests and growth by attracting and retaining management and other personnel and key service providers with the training, experience and abilities to enable them to make substantial contributions to the success of our business;

Motivate management personnel by means of growth-related incentives to achieve long range goals; and

Further the alignment of interests of participants with those of our shareholders through opportunities for increased stock or stock-based ownership in the Company.

In January 2007, pursuant to the terms of the named executive officers' respective employment agreements, the Committee approved long-term stock option grants to our named executive officers under the 2006 Plan consisting solely of a one-time, multi-year stock option grant in lieu of annual long-term equity incentive award grants (New Options). In addition to the New Options granted in 2007, the Company committed to grant the named executive officers 2x Time Options in their respective employment agreements, as described in more detail below under Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements. The Committee believes that stock options are the most effective long-term vehicle to directly align the interests of executives with those of our shareholders by motivating performance that results in the long-term appreciation of the Company's value, since they only provide value to the executive if the value of the Company increases. As is typical in leveraged buyout situations, the Committee determined that granting all of the stock options (except the 2x Time Options) up front rather than annually was appropriate to aid in retaining key leaders critical to the Company's success over the next several years and, coupled with the executives' significant personal investments in connection with the Merger, provide an equity incentive and stake in the Company that directly aligns the long-term economic interests of the executives with those of the Investors.

The New Options have a ten year term and are divided so that are time vested options, are EBITDA-based performance vested options and are performance options that vest based on investment return to the Sponsors, each as described below. The combination of time, performance and investor return based vesting of these awards is designed to compensate executives for long term commitment to the Company, while motivating sustained increases in our financial performance and helping ensure the Sponsors have received an appropriate return on their invested capital before executives receive significant value from these grants.

The time vested options are granted to aid in retention. Consistent with this goal, the time vested options granted in 2007 vest and become exercisable in equal increments of 20% on each of the first five anniversaries of the grant date. The time vested options have an exercise price equivalent to fair market value on the date of grant. Since our common stock is not currently traded on a national securities exchange, fair market value was determined reasonably and in good faith by the Board of Directors after consultation with the Chief Executive Officer and other advisors.

The EBITDA-based performance vested options are intended to motivate sustained improvement in long-term performance. Consistent with this goal, the EBITDA-based performance vested options granted in 2007 are eligible to vest and become exercisable in equal increments of 20% at the end of fiscal years 2007, 2008, 2009, 2010 and

Table of Contents

2011 if certain annual EBITDA performance targets are achieved. These EBITDA performance targets were established at the time of the Merger and can be adjusted by the Board of Directors in consultation with the Chief Executive Officer as described below. We chose EBITDA (defined in the award agreements as earnings before interest, taxes, depreciation, amortization, minority interest expense, gains or losses on sales of facilities, gains or losses on extinguishment of debt, asset or investment impairment charges, restructuring charges, and any other significant nonrecurring non-cash gains or charges (but excluding any expenses for share-based compensation under SFAS 123(R) with respect to any awards granted under the 2006 Plan)) as the performance metric since it is a key driver of our valuation and for other reasons as described above in the Annual Incentive Compensation: PEP section of this Compensation Discussion and Analysis. Due to the number of events that can occur within our industry in any given year that are beyond the control of management but may significantly impact our financial performance (e.g., health care regulations, industry-wide significant fluctuations in volume, etc.), we have incorporated catch-up vesting provisions. The EBITDA-based performance vested options may vest and become exercisable on a catch up basis, such that, options that were eligible to vest but failed to vest due to our failure to achieve prior EBITDA targets will vest if at the end of any subsequent year or at the end of fiscal year 2012, the cumulative total EBITDA earned in all prior years exceeds the cumulative EBITDA target at the end of such fiscal year.

As discussed above, we do not intend to disclose the 2009-2011 EBITDA performance targets as they reflect competitive, sensitive information regarding our budget. However, we deliberately set our targets at increasingly higher levels. Thus, while designed to be attainable, target performance levels for these years require strong, improving performance and execution, which in our view, provides an incentive firmly aligned with shareholder interests.

As with the EBITDA targets under our 2008-2009 PEP, pursuant to the terms of the 2006 Plan and the Stock Option Agreements governing the 2007 grants, the Board of Directors, in consultation with our Chief Executive Officer, has the ability to adjust the established EBITDA targets for significant events, changes in accounting rules and other customary adjustment events. We believe these adjustments may be necessary in order to effectuate the intents and purposes of our compensation plans and to avoid unintended consequences that are inconsistent with these intents and purposes. The Board of Directors exercised its ability to make adjustments to the Company's 2008-2011 EBITDA performance targets (including cumulative EBITDA targets) for facility dispositions and acquisitions and accounting changes occurring during the 2008 fiscal year.

The options that vest based on investment return to the Sponsors are intended to align the interests of executives with those of our principal shareholders to ensure shareholders receive their expected return on their investment before the executives can receive their gains on this portion of the option grant. These options vest and become exercisable with respect to 10% of the common stock subject to such options at the end of fiscal years 2007, 2008, 2009, 2010 and 2011 if the Investor Return (as defined below) is at least equal to two times the price paid to shareholders in the Merger (or \$102.00), and with respect to an additional 10% at the end of fiscal years 2007, 2008, 2009, 2010 and 2011 if the Investor Return is at least equal to two-and-a-half times the price paid to shareholders in the Merger (or \$127.50). Investor Return means, on any of the first five anniversaries of the closing date of the Merger, or any date thereafter, all cash proceeds actually received by affiliates of the Sponsors after the closing date in respect of their common stock, including the receipt of any cash dividends or other cash distributions (including the fair market value of any distribution of common stock by the Sponsors to their limited partners), determined on a fully diluted, per share basis. The Sponsor investment return options also may become vested and exercisable on a catch up basis if the relevant Investor Return is achieved at any time occurring prior to the expiration of such options.

Upon review of the Company's 2008 financial performance, the Committee determined that the Company achieved the 2008 EBITDA performance target of \$4.603 billion (\$4.592 billion after adjustment) under the New Option awards; therefore, pursuant to the terms of the 2007 Stock Option Agreements, 20% of each named executive officer's EBITDA-based performance vested options vested as of December 31, 2008. Further, 20% of each named executive officer's time vested options vested on the second anniversary of their grant date, January 30, 2009. No portion of the options that vest based on Investor Return vested as of the end of the 2008 fiscal year; however, such options remain subject to the catch up vesting provisions described above.

For additional information concerning the options awarded in 2007, see the Grants of Plan-Based Awards Table.

Table of Contents

As discussed above, except in the cases of promotions or new hires, the Committee does not intend to award additional stock options to our named executive officers (other than the 2x Time Options the Company committed to grant the named executive officers in their respective employment agreements, as described in more detail below under Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements). Grants made in connection with promotions and new hires will be formally approved by the Committee. The exercise price of grants made in connection with promotions and new hires will be based on the quarterly fair market value as determined reasonably and in good faith by the Board of Directors after consultation with the Chief Executive Officer and other advisors. We anticipate that any option grants approved under the 2006 Plan in 2009 (other than the 2x Time Options) will be structured identical to those granted in 2007 except that the options will vest over a three year period rather than a five year period, with the time vested options vesting and becoming exercisable in equal increments of approximately 33% on each of the first three anniversaries of the grant date, the EBITDA-based performance vested options being eligible to vest and become exercisable in equal increments of approximately 33% at the end of fiscal years 2009, 2010 and 2011 if the applicable EBITDA performance targets are achieved (with the same catch up provision as described above), and the options that vest based on investment return to the Sponsors vesting and becoming exercisable with respect to approximately 16.67% of the common stock subject to such options at the end of fiscal years 2009, 2010 and 2011 if the Investor Return (as defined above) is at least equal to two times the price paid to shareholders in the Merger (or \$102.00), and with respect to an additional approximately 16.67% at the end of fiscal years 2009, 2010 and 2011 if the Investor Return is at least equal to two-and-a-half times the price paid to shareholders in the Merger (or \$127.50) (provided that the investor return options granted in 2009 may also become vested and exercisable on a catch up basis if the relevant Investor Return is achieved prior to the eighth anniversary of the grant date).

Ownership Guidelines

While we have maintained stock ownership guidelines in the past, as a non-listed company, we no longer have a policy regarding stock ownership guidelines. However, we do believe equity ownership aligns our executive officers interests with those of the Investors. Accordingly, all of our named executive officers were required to rollover at least half their pre-Merger equity and, therefore, maintain significant stock ownership in the Company. See Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters.

Retirement Plans

At the beginning of 2008, we maintained two qualified retirement plans, the HCA 401(k) Plan and the HCA Retirement Plan, to aid in retention and to assist employees in providing for their retirement. As of April 1, 2008, the HCA Retirement Plan merged into the HCA 401(k) Plan resulting in one qualified retirement plan. Generally all employees who have completed the required service are eligible to participate in the HCA 401(k) Plan. Each of our named executive officers participates in the plan. For additional information on these plans, including amounts contributed by HCA in 2008 to the named executive officers, see the Summary Compensation Table and related footnotes and narratives and Pension Benefits.

Our key executives, including the named executive officers, also participate in two supplemental retirement programs. The Committee and the Board initially approved these supplemental programs to:

Recognize significant long-term contributions and commitments by executives to the Company and to performance over an extended period of time;

Induce our executives to continue in our employ through a specified normal retirement age (initially 62 through 65, but reduced to 60 upon the change in control at the time of the Merger in 2006); and

Provide a competitive benefit to aid in attracting and retaining key executive talent.

The Restoration Plan provides a benefit to replace a portion of the contributions lost in the HCA 401(k) Plan due to certain IRS limitations. Effective January 1, 2008, participants in the SERP (described below) are no longer eligible for Restoration Plan contributions; however, the hypothetical accounts maintained for each named executive officer as of January 1, 2008 will continue to be maintained and will be increased or decreased with investment earnings based on the actual investment return. For additional information concerning the Restoration Plan, see Nonqualified

Deferred Compensation.

Table of Contents

Key executives also participate in the Supplemental Executive Retirement Plan, or the SERP, adopted in 2001. The SERP benefit brings the total value of annual retirement income to a specific income replacement level. For named executive officers with 25 years or more of service, this income replacement level is 60% of final average pay (base salary and PEP payouts) at normal retirement, a competitive level of benefit at the time the plan was implemented. Due to the Merger, all participants are fully vested in their SERP benefits and the plan is now frozen to new entrants. For additional information concerning the SERP, see Pension Benefits.

In the event a participant renders service to another health care organization within five years following retirement or termination of employment, he or she forfeits the rights to any further payment, and must repay any payments already made. This non-competition provision is subject to waiver by the Committee with respect to the named executive officers.

Personal Benefits

Our executive officers receive limited, if any, benefits outside of those offered to our other employees. Generally, we provide these benefits to increase travel and work efficiencies and allow for more productive use of the executive's time. Mr. Bovender and Mr. Bracken are permitted to use the Company aircraft for personal trips, subject to the aircraft's availability. Other named executive officers may have their spouses accompany them on business trips taken on the Company aircraft, subject to seat availability. In addition, there are times when it is appropriate for an executive's spouse to attend events related to our business. On those occasions, we will pay for the travel expenses of the executive's spouse. We will, on an as needed basis, provide mobile telephones and personal digital assistants to our employees and certain of our executive officers have obtained such devices through us. The value of these personal benefits, if any, is included in the executive officer's income for tax purposes and, in certain limited circumstances, the additional income attributed to an executive officer as a result of one or more of these benefits will be grossed up to cover the taxes due on that income. Except as otherwise discussed herein, other welfare and employee-benefit programs are the same for all of our eligible employees, including our executive officers. For additional information, see footnote (6) to the Summary Compensation Table.

Severance and Change in Control Benefits

As noted above, all of our named executive officers have entered into employment agreements, which provide, among other things, each executive's rights upon a termination of employment in exchange for non-competition, non-solicitation, and confidentiality covenants. We believe that reasonable severance benefits are appropriate in order to be competitive in our executive retention efforts. These benefits should reflect the fact that it may be difficult for such executives to find comparable employment within a short period of time. We also believe that these types of agreements are appropriate and customary in situations such as the Merger wherein the executives have made significant personal investments in the Company and that investment is generally illiquid for a significant period of time. Finally, we believe formalized severance arrangements are common benefits offered by employers competing for similar senior executive talent.

Severance Benefits for Named Executive Officers (other than Chairman)

If employment is terminated by the Company without cause or by the executive for good reason (whether or not the termination was in connection with a change-in-control), the executive would be entitled to accrued rights (Cause, good reason and accrued rights are as defined in Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements) plus:

Subject to restrictive covenants and the signing of a general release of claims, an amount equal to two times for Mr. Hazen and Ms. Wallace and three times in the case of Messrs. Bracken and Johnson the sum of base salary plus PEP paid or payable in respect of the fiscal year immediately preceding the fiscal year in which termination occurs, payable over a two year period;

Pro-rata bonus; and

Continued coverage under our group health plans during the period over which the cash severance is paid.

Additionally, unvested options will be forfeited; however, vested New Options will remain exercisable until the first anniversary of the termination of the executive's employment.

Table of Contents

Because we believe that a termination by the executive for good reason (a constructive termination) is conceptually the same as an actual termination by the Company without cause, we believe it is appropriate to provide severance benefits following such a constructive termination of the named executive officer's employment. All of our severance provisions are believed to be within the realm of competitive practice and are intended to provide fair and reasonable compensation to the executive upon a termination event.

Mr. Bovender's Severance Benefits

In light of his long-term service to the Company and his retirement from the position of Chief Executive Officer, the Company entered into an Amended and Restated Employment Agreement with Mr. Bovender, effective December 31, 2008 (the Amended Employment Agreement). Mr. Bovender's Amended Employment Agreement provides, effective as of the expiration of the Employment Term (as defined in Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements) or Mr. Bovender's sooner voluntary termination for any reason (including by reason of death or disability, but other than for good reason), that Mr. Bovender would be entitled to receive the accrued rights as described above for the other named executive officers. Mr. Bovender would also be entitled to receive a pro rata portion of his bonus under the 2008-2009 PEP based on the Company's actual results for 2009 (Mr. Bovender's Prorated Bonus). Additionally, in the event Mr. Bovender's Additional Bonus (as defined in Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements) has not been earned as of the termination date, the Committee will consider in good faith whether or not all or a portion of Mr. Bovender's Additional Bonus will be included as part of Mr. Bovender's Prorated Bonus. The same severance applies regardless of whether the termination was in connection with a change in control of the Company. Mr. Bovender would also be entitled to continued coverage under the Company's group health plans for Mr. Bovender and his wife until age 65, reimbursement of any unreimbursed business expenses properly incurred and such employee benefits, if any, as to which Mr. Bovender would be entitled under the Company's employee benefit plans.

The Amended Employment Agreement also provides that, effective as of the expiration of the Employment Term or Mr. Bovender's sooner voluntary termination for any reason (including by reason of death or disability, but other than for good reason), (i) neither Mr. Bovender nor the Company shall have any put or call rights with respect to Mr. Bovender's New Options or stock acquired upon the exercise of any such options; (ii) Mr. Bovender's rollover stock options will remain exercisable as if Mr. Bovender's employment terminated by reason of retirement in accordance with the terms of the applicable equity plans and award agreements; (iii) the unvested New Options (including any issued 2x Time Options) held by Mr. Bovender that vest solely based on the passage of time will vest as if Mr. Bovender's employment had continued through the next three anniversaries of their date of grant (it being understood that any 2x Time Options issued after Mr. Bovender's termination or retirement shall also continue to vest through the remainder of the extended vesting period); (iv) the unvested New Options held by Mr. Bovender that are EBITDA performance options will remain outstanding and will vest, if at all, on the next four dates that they would have otherwise vested had Mr. Bovender's employment continued, based upon the extent to which performance goals are met; (v) the unvested New Options held by Mr. Bovender that are Investor Return performance options will remain outstanding and will vest, if at all, on the dates that they would have otherwise vested had Mr. Bovender's employment continued through the expiration of such options, based upon the extent to which performance goals are met; and (vi) Mr. Bovender's New Options will remain exercisable until the second anniversary of the last date on which his EBITDA performance options are eligible to vest (which is December 31, 2014), except that (a) Mr. Bovender's 2x Time Options will remain exercisable until the fifth anniversary of the last date on which his EBITDA performance options are eligible to vest (which is December 31, 2017), and (b) Mr. Bovender's Investor Return performance options will remain exercisable until the expiration of such options.

If Mr. Bovender's employment is terminated by the Company without cause or by Mr. Bovender for good reason (whether or not the termination was in connection with a change-in-control), Mr. Bovender would be entitled to receive the benefits described above and, subject to the delivery of a customary release and continued compliance with the noncompetition, nonsolicitation and confidentiality restrictions in the Amended Employment Agreement, an amount (if any) equal to Mr. Bovender's base salary that would have been otherwise payable through the end of the Employment Term.

If Mr. Bovender's employment is terminated by the Company for cause, Mr. Bovender shall be entitled to receive the amounts and benefits described in the first paragraph of this section, except that Mr. Bovender shall not be entitled to receive Mr. Bovender's Prorated Bonus and shall not be entitled to any other benefits described above.

Table of Contents

Mr. Bovender's vested New Options will, upon such event, remain exercisable until the first anniversary of the termination of Mr. Bovender's employment.

Change in Control Benefits

Pursuant to the Stock Option Agreements governing the New Options granted in 2007 under the 2006 Plan, upon a Change in Control of the Company (as defined below), all unvested time vesting New Options (that have not otherwise terminated or become exercisable) shall become immediately exercisable. Performance options that vest subject to the achievement of EBITDA targets will become exercisable upon a Change in Control of the Company if: (i) prior to the date of the occurrence of such event, all EBITDA targets have been achieved for years ending prior to such date; (ii) on the date of the occurrence of such event, the Company's actual cumulative total EBITDA earned in all years occurring after the performance option grant date, and ending on the date of the Change in Control, exceeds the cumulative total of all EBITDA targets in effect for those same years; or (iii) the Investor Return is at least two-and-a-half times the price paid to the shareholders in the Merger (or \$127.50). For purposes of the vesting provision set forth in clause (ii) above, the EBITDA target for the year in which the Change in Control occurs shall be equitably adjusted by the Board of Directors in good faith in consultation with the chief executive officer (which adjustment shall take into account the time during such year at which the Change in Control occurs). Performance vesting options that vest based on the investment return to the Sponsors will only vest upon the occurrence of a Change in Control if, as a result of such event, the applicable Investor Return (i.e., at least two times the price paid to the shareholders in the Merger for half of these options and at least two-and-one-half times the price paid to the shareholders in the Merger for the other half of these options) is also achieved in such transaction (if not previously achieved). Change in Control means in one or more of a series of transactions (i) the transfer or sale of all or substantially all of the assets of the Company (or any direct or indirect parent of the Company) to an Unaffiliated Person (as defined below); (ii) a merger, consolidation, recapitalization or reorganization of the Company (or any direct or indirect parent of the Company) with or into another Unaffiliated Person, or a transfer or sale of the voting stock of the Company (or any direct or indirect parent of the Company), an Investor, or any affiliate of any of the Investors to an Unaffiliated Person, in any such event that results in more than 50% of the common stock of the Company (or any direct or indirect parent of the Company) or the resulting company being held by an Unaffiliated Person; or (iii) a merger, consolidation, recapitalization or reorganization of the Company (or any direct or indirect parent of the Company) with or into another Unaffiliated Person, or a transfer or sale by the Company (or any direct or indirect parent of the Company), an Investor or any affiliate of any of the Investors, in any such event after which the Investors and their affiliates (x) collectively own less than 15% of the Common Stock of and (y) collectively have the ability to appoint less than 50% of the directors to the Board (or any resulting company after a merger). For purposes of this definition, the term Unaffiliated Person means a person or group who is not an Investor, an affiliate of any of the Investors or an entity in which any Investor holds, directly or indirectly, a majority of the economic interest in such entity.

Additional information regarding applicable payments under such agreements for the named executive officers is provided under Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements and Potential Payments Upon Termination or Change in Control.

Recoupment of Compensation

While we do not presently have any formal policies or practices that provide for the recovery or adjustment of amounts previously paid to a named executive officer in the event the operating results on which the payment was based were restated or otherwise adjusted, in such event we would reserve the right to seek all appropriate remedies available under the law.

Tax and Accounting Implications

On April 29, 2008, we registered our common stock pursuant to Section 12(g) of the Securities Exchange Act of 1934, as amended; and the Company became subject to Section 162(m) of the Internal Revenue Code, as amended (the Code) for fiscal year 2008 and beyond, so long as the Company's stock remains registered with the SEC. The Committee considers the impact of Section 162(m) in the design of its compensation strategies. Under Section 162(m), compensation paid to executive officers in excess of \$1,000,000 cannot be taken by us as a tax deduction unless the compensation qualifies as performance-based compensation. We have determined, however, that

we will not necessarily seek to limit executive compensation to amounts deductible under Section 162(m) if such limitation is not in the best interests of our stockholders. While considering the tax implications of its compensation decisions, the Committee believes its primary focus should be to attract, retain and motivate executives and to align the executives' interests with those of our stakeholders.

Table of Contents

The Committee operates its compensation programs with the good faith intention of complying with Section 409A of the Internal Revenue Code. We account for stock based payments with respect to our long term equity incentive award programs in accordance with the requirements of SFAS 123(R).

(1) Salary amounts for 2006 do not include the value of restricted stock awards granted pursuant to the HCA Inc. Amended and Restated Management Stock Purchase Plan, which was terminated upon consummation of the Merger, (the MSPP) in lieu of a portion of annual salary. Such

awards are included in the Restricted Stock Awards column. The 2006 base salary for each of Messrs. Bovender, Bracken, Johnson and Hazen, were \$1,615,662, \$1,057,882, \$748,265 and \$786,450, respectively.

- (2) Restricted Stock Awards for 2006 include all compensation expense recognized in our financial statements in 2006 in accordance with SFAS 123(R) with respect to restricted shares awarded to the named executive officers, including restricted shares awarded pursuant to the HCA 2005 Equity Incentive Plan (the 2005 Plan) and predecessor plans, and restricted shares awarded pursuant to the MSPP. As a result of the Merger, all outstanding restricted shares vested and therefore all compensation expense with respect to restricted shares was recognized in

2006 in accordance with SFAS 123(R). See Note 3 to our consolidated financial statements.

- (3) Option Awards for 2007 and 2008 include the compensation expense recognized in our financial statements for fiscal years 2007 and 2008, respectively, in accordance with SFAS 123(R) with respect to New Options to purchase shares of our common stock awarded to the named executive officers in fiscal year 2007 under the 2006 Plan. Pursuant to the terms of his Amended and Restated Employment Agreement with the Company, all remaining compensation expense with respect to the options granted to Mr. Bovender in fiscal year 2007 under the 2006 Plan was recognized in 2008 in accordance with SFAS 123(R). See Note 3 to our consolidated financial

statements.

Option Awards for 2006 include all compensation expense recognized in our financial statements for fiscal year 2006 in accordance with SFAS 123(R) with respect to options to purchase shares of our common stock awarded to the named executive officers, including options awarded pursuant to the 2005 Plan and predecessor plans. As a result of the Merger, all options outstanding at the time of the Merger vested and therefore all compensation expense with respect to such options was recognized in 2006 in accordance with SFAS 123(R). See Note 3 to our consolidated financial statements.

- (4) Non-Equity Incentive Plan Compensation for 2008 reflects amounts earned for the year ended

Table of Contents

December 31, 2008 under the 2008-2009 PEP, which amounts were paid in the first quarter of 2009 pursuant to the terms of the 2008-2009 PEP. For 2008, the Company did not achieve its target performance level, but exceeded its threshold performance level, as adjusted, with respect to the Company's EBITDA; therefore, pursuant to the terms of the 2008-2009 PEP, 2008 awards under the 2008-2009 PEP were paid out to the named executive officers at approximately 68.2% of each such officer's respective target amount, with the exception of Mr. Hazen, whose award was paid out at approximately 67.4% of his target amount, due to the 50% of his PEP based on the Western Group EBITDA,

which also exceeded the threshold performance level but did not reach the target performance level.

Non-Equity Incentive Plan Compensation for 2007 reflects amounts earned for the year ended December 31, 2007 under the 2007 PEP, which amounts were paid in the first quarter of 2008 pursuant to the terms of the 2007 PEP. For 2007, the Company exceeded its maximum performance level, as adjusted, with respect to the Company's EBITDA; therefore, pursuant to the terms of the 2007 PEP, awards under the 2007 PEP were paid out to the named executive officers, at the maximum level of 200% of their respective target amounts, with the exception of Mr. Hazen, whose award was paid out at

175.6% of the target amount, due to the 50% of his PEP based on the Western Group EBITDA, which exceeded the target but did not reach the maximum performance level.

Non-Equity Incentive Plan Compensation for 2006 reflects amounts paid under the 2006 PEP in November 2006, which amounts became due and payable to certain of our executive officers, including the named executive officers, as a result of the change in control of the Company upon consummation of the Merger.

- (5) All amounts for 2008 are attributable to changes in value of the SERP benefits. Assumptions used to calculate these figures are provided under the table titled Pension Benefits. The changes in the SERP benefit

value during 2008 were impacted mainly by: (i) the passage of time which reflects another year of pay and service plus actual investment return, (ii) the discount rate changing from 6.00% to 6.25%, which resulted in a decrease in the value and (iii) the opportunity for participants to change their benefit election before 2009 for terminations and retirements occurring after 2008. Mr. Bovender elected to change his benefit payment from an annuity to a lump sum. The impact of these events on the SERP benefit values was:

	Bovender	Bracken	Johnson	Hazen	Wallace
Passage of Time	\$1,432,831	\$2,142,217	\$2,100,290	\$1,037,631	\$2,301,107
Discount Rate Change	\$ (467,374)	\$ (401,597)	\$ (228,500)	\$ (227,169)	\$ (220,271)
Change in Election	\$2,960,760				

All amounts for 2007 are attributable to changes in value of the SERP benefits. Assumptions used to calculate these figures are provided under the table titled Pension Benefits. The changes in the SERP benefit value during 2007 were impacted mainly by: (i) the passage of time which reflects another year of pay and service, (ii) the discount rate changing from 5.75% to 6.00%, which resulted in a decrease in the value and (iii) the use of the named executive officers' actual elections compared to 2006 when benefits were valued assuming a 50% probability of electing a lump sum and a 50% probability of electing an annuity. All named executive officers elected a lump sum payment at retirement, with the exception of Mr. Bovender, who elected an annuity. The impact of these events on the SERP benefit values was:

	Bovender	Bracken	Johnson	Hazen	Wallace
Passage of Time	\$ (966,974)	\$ 399,630	\$ 510,118	\$ 266,066	\$ 549,404
Discount Rate Change	\$ (542,195)	\$(351,603)	\$(145,992)	\$(186,325)	\$(165,945)
Actual Election	\$(1,322,788)	\$ 542,343	\$ 145,315	\$ 179,046	\$ 292,652

All amounts for 2006 are attributable to increases in value to the SERP benefits. In addition to the assumptions set forth under the table titled Pension Benefits, for the purposes of calculating the 2006 figures, benefits are valued assuming a 50% probability of electing a lump sum and a 50% probability of electing an annuity. Messrs. Bovender, Bracken, Johnson and Hazen's SERP benefit value increased in 2006 by \$4,185,617, \$1,272,074, \$299,972, and \$287,717, respectively, as a result of the passage of time. In 2006, their SERP benefit value further increased due to three special, one-time events: (i) the payments made under the 2006 Senior Officer PEP in November 2006 described in footnote (4) to the Summary Compensation Table, which had the effect of increasing the named executive officers' current

final average earnings; (ii) the Merger constituted a change in control under the terms of the SERP, which triggered a decrease in the normal retirement age under the SERP from age 65 (or 62 with 10 years of service) to age 60; and (iii) the Committee approved the amendment of the SERP to include a lump sum payment provision and to revise certain actuarial factors. The impact of these events on the SERP benefit values was:

	Bovender	Bracken	Johnson	Hazen
Timing of PEP payment	\$2,593,533	\$ 732,167	\$293,215	\$263,193
Change to retirement age	\$1,250,090	\$1,535,685	\$576,907	\$620,300
Lump sum provision and actuarial factors	\$2,686,511	\$1,372,162	\$678,606	\$657,538

Personal use of corporate aircraft. In 2008, Messrs. Bovender, Bracken and Johnson were allowed personal use of Company aircraft with an estimated incremental cost of \$28,913, \$15,233 and \$4,546, respectively, to the Company. Mr. Hazen and Ms. Wallace did not have any personal travel on Company aircraft in 2008. We calculate the aggregate incremental cost of the personal use of Company aircraft based on a methodology that includes the average aggregate cost, on a per nautical mile basis, of variable expenses incurred in connection with personal plane usage, including trip-related maintenance, landing fees, fuel, crew hotels and meals, on-board catering, trip-related hangar and parking costs and other variable costs. Because our aircraft are used primarily for business travel, our incremental cost methodology does not include fixed costs of owning and operating aircraft that do not change based on usage. We grossed up the income attributed to Messrs. Bovender and Bracken with respect to certain trips on Company aircraft. The additional income attributed to them as a result of gross ups was \$588 and \$599, respectively. In addition, we will pay the expenses of our executives' spouses associated with travel to and/or attendance at business related events at which spouse attendance is appropriate. We paid approximately \$107, \$189 and \$13,660 for travel and/or other expenses incurred by Messrs. Bovender, Bracken and Johnson's wives, respectively, for such business related events, and additional income of \$62, \$109 and \$4,912 was attributed to Messrs. Bovender, Bracken and Johnson, respectively, as a result of the gross up on such amounts.

2007 Amounts consist of:

Company contributions to our Retirement Plan, matching Company contributions to our 401(k) Plan and Company accruals for our Restoration Plan as set forth below.

Personal use of corporate aircraft. In 2007, Messrs. Bovender and Bracken were allowed personal use of Company aircraft with an estimated incremental cost of \$21,350 and \$26,895, respectively, to the Company, calculated as described above. Mr. Hazen and Ms. Wallace did not have any personal travel on

Company's aircraft in 2007. We grossed up the income attributed to Messrs. Bovender and Bracken with respect to certain trips on Company aircraft. The additional income attributed to them as a result of gross ups was \$629 and \$863, respectively. In addition, we

will pay the travel expenses of our executives' spouses associated with travel to business related events at which spouse attendance is appropriate. We paid approximately \$342 for travel by Mr. Bracken's wife on a commercial airline and related expenses for such an event, and additional income of \$123 was attributed to Mr. Bracken as a result of the gross up on such amount.

2006 Amounts consist of:

The cash payment received as a result of the deemed purchase under the MSPP. Salary amounts withheld on behalf of the participants in the MSPP through the closing date of the Merger were deemed to have been used to purchase shares of our common stock under the terms of the MSPP, using the closing date of the Merger as the last date of the applicable offering period, and then converted into the right to receive a cash payment equal to the number of shares deemed purchased under the MSPP multiplied by \$51.00. Salary amounts were refunded to the participants, and they also received a cash payment equal to the difference between \$51.00 and the deemed purchase price, multiplied by the number of shares the participant was deemed to have purchased. Messrs. Bovender, Bracken, Johnson and Hazen received cash payments of \$20,860, \$27,326, \$24,157 and \$25,379, respectively.

Dividends on restricted shares. On March 1, 2006, June 1, 2006 and September 1, 2006, we paid dividends of \$0.15 per share, \$0.17 per share and \$0.17 per share, respectively, for each issued and outstanding share of common stock of HCA, including restricted shares. Messrs. Bovender, Bracken, Johnson and Hazen received aggregate dividends of \$82,525, \$42,030, \$25,267 and \$27,754, respectively, in 2006 in respect of restricted shares held by them.

Personal use of corporate aircraft. In 2006, each of Messrs. Bovender, Bracken, Johnson and Hazen were allowed personal use of Company aircraft with estimated incremental cost of approximately \$30,336, \$12,173, \$11,308 and \$6,812, respectively, to the Company, calculated as described above. We grossed up the income attributed to Messrs. Bovender and Bracken with respect to certain trips on Company aircraft. The additional income attributed to them as a result of gross ups was \$1,287 and \$522, respectively. In addition, we will pay the travel expenses of our executives' spouses associated with travel to business related events at which spouse attendance is appropriate. We paid approximately \$469 for travel by Mr. Bracken's wife on a commercial airline for such an event.

Annual Incentive Compensation: PEP. The amounts shown in the Threshold column reflect the threshold payment, which is 50% of the amount shown in the Target column. The amount shown in the Maximum column is 200% of the target amount. These amounts are based on the individual's salary and position as of the date the 2008-2009 Senior Officer PEP was approved by the Compensation Committee. Pursuant to the terms of the 2008-2009 PEP, awards have already been determined and paid out to the named executive officers at approximately 68.2% of each such officer's respective target amount, with the exception of Mr. Hazen, whose award vested and was paid out at approximately 67.4% of the target amount. Messrs. Bovender, Bracken, Johnson and Hazen and Ms.

Wallace received \$1,391,886, \$694,370, \$355,491, \$350,807 and \$314,992, respectively, under the 2008-2009 Senior Officer PEP for the 2008 fiscal year; such amounts are reflected in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

Total Compensation

In 2008 and 2007, total direct compensation, as described in the Summary Compensation Table, consisted primarily of base salary, annual PEP awards payable in cash, and, in 2007, long term stock option grants designed to be one-time grants to cover at least five years of service. This mix was intended to reflect our philosophy that a significant portion of an executive's compensation should be equity-linked and/or tied to our operating performance. In addition, we provided an opportunity for executives to participate in two supplemental retirement plans; however, effective January 1, 2008, participants in the SERP are no longer eligible for Restoration Plan contributions, although Restoration Plan accounts will continue to be maintained for such participants (for additional information concerning the Restoration Plan, see *Nonqualified Deferred Compensation*). In 2006, by contrast, total compensation, as described in the Summary Compensation Table, was significantly impacted by the Merger and related one time events.

Options

In January 2007, New Options to purchase common stock of the Company were granted under the 2006 Plan to members of management and key employees, including the named executive officers. The New Options were designed to be long term equity incentive awards, constituting a one-time stock option grant in lieu of annual equity grants. The New Options granted in 2007 have a ten year term and are structured so that they are time vested options (vesting in five equal installments on the first five anniversaries of the grant date), they are EBITDA-based performance vested options and they are performance options that vest based on investment return to the Sponsors. The terms of the New Options granted in 2007 are described in greater detail under *Compensation Discussion and Analysis Long Term Equity Incentive Awards: Options*. Compensation expense associated with the New Option awards was recognized in 2008 and 2007 in accordance with SFAS 123(R) and is included under the *Option Awards* column of the Summary Compensation Table.

As a result of the Merger, all unvested awards under the 2005 Plan (and all predecessor equity incentive plans) vested in November 2006. Generally, all outstanding options under the 2005 Plan (and any predecessor plans) were cancelled and converted into the right to receive a cash payment equal to the number of shares of common stock underlying the option multiplied by the amount by which the Merger consideration of \$51.00 per share exceeded the exercise price for the options (without interest and less any applicable withholding taxes). However, certain members of management, including the named executive officers, were given the opportunity to convert options held by them prior to consummation of the Merger into options to purchase shares of common stock of the surviving corporation (*Rollover Options*). Immediately after the consummation of the Merger, all Rollover Options (other than those with an exercise price below \$12.75) were adjusted so that they retained the same spread value (as defined below) as

immediately prior to the Merger, but the new per share exercise price for all Rollover Options would be \$12.75. The term "spread value" means the difference between (x) the aggregate fair market value of the common stock (determined using the Merger consideration of \$51.00 per share) subject to the outstanding options held by the participant immediately prior to the Merger that became Rollover Options, and (y) the aggregate exercise price of those options. All previously unrecognized compensation expense associated with the Rollover Options was recognized in 2006; therefore, we did not record any compensation expense related to the Rollover Options in 2008 or 2007. New Options and Rollover Options held by the named executive officers are described in the Outstanding Equity Awards at Fiscal Year-End Table.

Table of Contents*Employment Agreements*

In connection with the Merger, on November 16, 2006, Hercules Holding entered into substantially similar employment agreements with each of the named executive officers and certain other executives, which agreements were shortly thereafter assumed by the Company and which agreements govern the terms of each executive's employment. However, in light of Mr. Bovender's retirement from the position of Chief Executive Officer, effective December 31, 2008, and continuing service to the Company as Chairman until December 15, 2009, the Company entered into an Amended and Restated Employment Agreement with Mr. Bovender, effective December 31, 2008, the terms of which are described below. The Company also entered into an amendment to Mr. Bracken's employment agreement, effective January 1, 2009, to reflect his appointment to the position of Chief Executive Officer and President.

Executive Employment Agreements (Other than the Chairman's)

The term of employment under each of these agreements is indefinite, and they are terminable by either party at any time; provided that an executive must give no less than 90 days notice prior to a resignation.

Each employment agreement sets forth the executive's annual base salary, which will be subject to discretionary annual increases upon review by the Board of Directors, and states that the executive will be eligible to earn an annual bonus as a percentage of salary with respect to each fiscal year, based upon the extent to which annual performance targets established by the Board of Directors are achieved. The employment agreements committed us to provide each executive with annual bonus opportunities in 2008 that were consistent with those applicable to the 2007 fiscal year, unless doing so would be adverse to our interests or the interests of our shareholders, and for later fiscal years, the agreements provide that the Board of Directors will set bonus opportunities in consultation with our Chief Executive Officer. With respect to the 2008 and 2007 fiscal years, each executive was eligible to earn under the 2008-2009 PEP and the 2007-2008 PEP, respectively, (i) a target bonus, if performance targets were met; (ii) a specified percentage of the target bonus, if threshold levels of performance were achieved but performance targets were not met; or (iii) a multiple of the target bonus if maximum performance goals were achieved, with the annual bonus amount being interpolated, in the sole discretion of the Board of Directors, for performance results that exceeded threshold levels but do not meet or exceed maximum levels. The annual bonus opportunities for 2008 were set forth in the 2008-2009 PEP, as described in more detail under Compensation Discussion and Analysis Annual Incentive Compensation: PEP. As described above, awards under the 2008 PEP have already been determined and will be paid out to the named executive officers, at approximately 68.2% of each such officer's respective target amount, with the exception of Mr. Hazen, whose award vested and will be paid out at approximately 67.4% of the target amount. As described above, awards under the 2007 PEP were paid out to the named executive officers, at the maximum level of 200% of their respective target amounts, with the exception of Mr. Hazen, whose award was paid out at 175.6% of his target amount. Each employment agreement also sets forth the number of options that the executive received pursuant to the 2006 Plan as a percentage of the total equity initially made available for grants pursuant to the 2006 Plan. Such option awards, the New Options, were made January 30, 2007 and are described above.

Pursuant to each employment agreement, if an executive's employment terminates due to death or disability, the executive would be entitled to receive (i) any base salary and any bonus that is earned and unpaid through the date of termination; (ii) reimbursement of any unreimbursed business expenses properly incurred by the executive; (iii) such employee benefits, if any, as to which the executive may be entitled under our employee benefit plans (the payments and benefits described in (i) through (iii) being accrued rights); and (iv) a pro rata portion of any annual bonus that the executive would have been entitled to receive pursuant to the employment agreement based upon our actual results for the year of termination (with such proration based on the percentage of the fiscal year that shall have elapsed through the date of termination of employment, payable to the executive when the annual bonus would have been otherwise payable (the pro rata bonus)).

If an executive's employment is terminated by us without cause (as defined below) or by the executive for good reason (as defined below) (each a qualifying termination), the executive would be (i) entitled to the accrued rights; (ii) subject to compliance with certain confidentiality, non-competition and non-solicitation covenants contained in his or her employment agreement and execution of a general release of claims on behalf of the Company, an amount equal to the product of (x) two (three in the case of Richard M. Bracken and R. Milton Johnson) and (y) the sum of

(A) the executive's base salary and (B) annual bonus paid or payable in respect of the fiscal year immediately preceding the fiscal year in which termination occurs, payable over a two-year period; (iii) entitled to the pro rata bonus; and (iv) entitled to continued coverage under our group health plans during the period over which the cash severance described in clause (ii) is paid. The executive's vested New Options would also remain exercisable until the first anniversary of the termination of the executive's employment. However, in

Table of Contents

lieu of receiving the payments and benefits described in (ii), (iii) and (iv) immediately above, the executive may instead elect to have his or her covenants not to compete waived by us. The same severance applies regardless of whether the termination was in connection with a change in control of the Company.

Cause is defined as an executive's (i) willful and continued failure to perform his material duties to the Company which continues beyond 10 business days after a written demand for substantial performance is delivered; (ii) willful or intentional engagement in material misconduct that causes material and demonstrable injury, monetarily or otherwise, to the Company or the Sponsors; (iii) conviction of, or a plea of *nolo contendere* to, a crime constituting a felony, or a misdemeanor for which a sentence of more than six months imprisonment is imposed; or (iv) willful and material breach of his covenants under the employment agreement which continues beyond the designated cure period or of the agreements relating to the new equity. Good Reason is defined as (i) a reduction in the executive's base salary (other than a general reduction that affects all similarly situated employees in substantially the same proportions which is implemented by the Board in good faith after consultation with the chief executive officer and chief operating officer), a reduction in the executive's annual incentive compensation opportunity, or the reduction of benefits payable to the executive under the SERP; (ii) a substantial diminution in the executive's title, duties and responsibilities; or (iii) a transfer of the executive's primary workplace to a location that is more than 20 miles from his or her current workplace (other than, in the case of (i) and (ii), any isolated, insubstantial and inadvertent failure that is not in bad faith and is cured within 10 business days after the executive's written notice to the Company).

In the event of an executive's termination of employment that is not a qualifying termination or a termination due to death or disability, he or she will only be entitled to the accrued rights (as defined above).

In each of the employment agreements with the named executive officers, we also commit to grant, among the named executive officers and certain other executives, 10% of the options initially authorized for grant under the 2006 Plan at some time before November 17, 2011 (but with a good faith commitment to do so before a change in control (as defined in the 2006 Plan and set forth above) or a public offering (as defined in the 2006 Plan) and before the time when our Board of Directors reasonably believes that the fair market value of our common stock is likely to exceed the equivalent of \$102.00 per share) at an exercise price per share that is the equivalent of \$102.00 per share (2x Time Options). A percentage of these options will be vested at the time of the grant, such percentage corresponding to the elapsed percentage of the period measured between November 17, 2006 and November 17, 2011. When granted, these options will be allocated among the recipients by our Board of Directors in consultation with our chief executive officer based upon the perceived contributions of each recipient since November 17, 2006. The terms of the 2x Time Options will otherwise be consistent with other time vesting options granted under the 2006 Plan. Additionally, pursuant to the employment agreements, we agree to indemnify each executive against any adverse tax consequences (including, without limitation, under Section 409A and 4999 of the Internal Revenue Code), if any, that result from the adjustment by us of stock options held by the executive in connection with Merger or the future payment of any extraordinary cash dividends.

Additional information with respect to potential payments to the named executive officers pursuant to their employment agreements and the 2006 Plan is contained in Potential Payments Upon Termination or Change in Control.

Pension Benefits

Our SERP is intended to qualify as a top-hat plan designed to benefit a select group of management or highly compensated employees. There are no other defined benefit plans that provide for payments or benefits to any of the named executive officers. Information about benefits provided by the SERP is as follows:

Name	Plan Name	Number of Years Credited Service	Present Value of Accumulated Benefit	Payments During Last Fiscal Year
Jack O. Bovender, Jr	SERP	29	\$ 22,172,777	\$ 0
Richard M. Bracken	SERP	27	\$ 10,207,328	\$ 0
R. Milton Johnson	SERP	26	\$ 4,321,235	\$ 0
Samuel N. Hazen	SERP	26	\$ 3,605,578	\$ 0
Beverly B. Wallace	SERP	25	\$ 6,649,507	\$ 0

Mr. Bovender is eligible for normal retirement. Mr. Bracken and Ms. Wallace are eligible for early retirement. The remaining named executive officers have not satisfied the eligibility requirements for normal or early retirement. All of the named executive officers are 100% vested in their accrued SERP benefit.

Table of Contents*Plan Provisions*

In the event the employee's accrued benefits under the Company's Plans (computed using actuarial factors) are insufficient to provide the life annuity amount, the SERP will provide a benefit equal to the amount of the shortfall. Benefits can be paid in the form of an annuity or a lump sum. The lump sum is calculated by converting the annuity benefit using the actuarial factors. All benefits with a present value not exceeding one million dollars are paid as a lump sum regardless of the election made.

Normal retirement eligibility requires attainment of age 60 for employees who were participants at the time of the change in control which occurred as a result of the Merger, including all of the named executive officers. Early retirement eligibility requires age 55 with 20 or more years of service. The service requirement for early retirement is waived for employees participating in the SERP at the time of its inception in 2001, including all of the named executive officers. The life annuity amount payable to a participant who takes early retirement is reduced by three percent for each full year or portion thereof that the participant retires prior to normal retirement age.

The life annuity amount is the annual benefit payable as a life annuity to a participant upon normal retirement. It is equal to the participant's accrual rate multiplied by the product of the participant's years of service times the participant's pay average. The SERP benefit for each year equals the life annuity amount less the annual life annuity amount produced by the employee's accrued benefit under the Company's Plans.

The accrual rate is a percentage assigned to each participant, and is either 2.2% or 2.4%. All of the named executive officers are assigned a percentage of 2.4%.

A participant is credited with a year of service for each calendar year that the participant performs 1,000 hours of service for HCA or one of our subsidiaries, or for each year the participant is otherwise credited by us, subject to a maximum credit of 25 years of service.

A participant's pay average is an amount equal to one-fifth of the sum of the compensation during the period of 60 consecutive months for which total compensation is greatest within the 120 consecutive month period immediately preceding the participant's retirement. For purposes of this calculation, the participant's compensation includes base compensation, payments under the PEP, and bonuses paid prior to the establishment of the PEP.

The accrued benefits under the Company's Plans for an employee equals the sum of the employer-funded benefits accrued under the HCA Retirement Plan, the HCA 401(k) Plan and any other tax-qualified plan maintained by us or one of our subsidiaries, the income/loss adjusted amount distributed to the participant under any of these plans, the account credit and the income/loss adjusted amount distributed to the participant under the Restoration Plan and any other nonqualified retirement plans sponsored by us or one of our subsidiaries.

The actuarial factors include (a) interest at the long term Applicable Federal Rate under Section 1274(d) of the Code or any successor thereto as of the first day of November preceding the plan year in or for which a benefit amount is calculated, and (b) mortality based on the prevailing commissioner's standard table (as described in Code section 807(d)(5)(A)) used in determining reserves for group annuity contracts.

Credited service does not include any amount other than service with us or one of our subsidiaries.

Assumptions

The Present Value of Accumulated Benefit is based on a measurement date of December 31, 2008.

The assumption is made that there is no probability of pre-retirement death or termination. Retirement age is assumed to be the Normal Retirement Age as defined in the SERP for all named executive officers, as adjusted by the provisions relating to change in control, or age 60. Age 60 also represents the earliest date the named executive officers are eligible to receive an unreduced benefit.

All other assumptions used in the calculations are the same as those used for the valuation of the plan liabilities in this annual report.

Table of Contents*Supplemental Information*

In the event a participant renders service to another health care organization within five years following retirement or termination of employment, he or she forfeits his rights to any further payment, and must repay any benefits already paid. This non-competition provision is subject to waiver by the Committee with respect to the named executive officers.

Nonqualified Deferred Compensation

Amounts shown in the table are attributable to the HCA Restoration Plan, an unfunded, nonqualified defined contribution plan designed to restore benefits under the HCA Retirement Plan based on compensation in excess of the Code Section 401(a)(17) compensation limit (\$230,000 in 2008).

Name	Executive Contributions in Last Fiscal Year	Registrant Contributions in Last Fiscal Year	Aggregate Earnings in Last Fiscal Year	Aggregate Withdrawals/ Distributions	Aggregate Balance at Last Fiscal Year

The following amounts from the column titled "Aggregate Balance at Last Fiscal Year" have been reported in the Summary Compensation Tables in prior years:

Beverly B. Wallace						\$ 52,250

Plan Provisions

Until 2008, hypothetical accounts for each participant were credited each year with a contribution designed to restore the HCA Retirement Plan based on compensation in excess of the Code Section 401(a)(17) compensation limit (\$230,000 in 2008), based on years of service. Effective January 1, 2008, participants in the SERP are no longer eligible for Restoration Plan contributions. However, the hypothetical accounts as of January 1, 2008 will continue to be maintained and will be increased or decreased with investment earnings based on the actual investment return.

No employee deferrals are allowed under this or any other nonqualified deferred compensation plan.

Eligible employees make a one time election prior to participation (or prior to December 31, 2006, if earlier) regarding the form of distribution of the benefit. Participants choose between a lump sum and five or ten installments. Distributions are paid (or begin) during the July following the year of termination of employment or retirement. All balances not exceeding \$500,000 are automatically paid as a lump sum. If no election is made, the benefit is paid in a lump sum.

Supplemental Information

In the event a participant renders service to another health care organization within five years following retirement or termination of employment, he or she forfeits the rights to any further payment, and must repay any payments already made. This non-competition provision is subject to waiver by the Committee with respect to the named executive officers.

Potential Payments Upon Termination or Change in Control

The following tables show the estimated amount of potential cash severance payable to each of the named executive officers, as well as the estimated value of continuing benefits, based on compensation and benefit levels in effect on December 31, 2008, assuming the executive's employment terminates or the Company undergoes a Change in Control (as defined in the 2006 Plan and set forth above under Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table Options) effective December 31, 2008. Due to the numerous factors involved in estimating these amounts, the actual value of benefits and amounts to be paid can only be determined upon an executive's termination of employment.

Table of Contents**Director Compensation**

During the year ended December 31, 2008, none of our directors received compensation for their service as a member of our Board. Our directors are reimbursed for any expenses incurred in connection with their service.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2008, the Compensation Committee of the Board of Directors was composed of Michael W. Michelson, George A. Bitar, John P. Connaughton and Thomas F. Frist, Jr., M.D. Dr. Frist served as an executive officer and Chairman of our Board of Directors from January 2001 to January 2002. From July 1997 to January 2001, Dr. Frist served as our Chairman and Chief Executive Officer. Dr. Frist served as Vice Chairman of the Board of Directors from April 1995 to July 1997 and as Chairman from February 1994 to April 1995. He was Chairman, Chief Executive Officer and President of HCA-Hospital Corporation of America from 1988 to February 1994. Dr. Frist, who retired from our Board of Directors effective January 1, 2009, is the father of Thomas F. Frist, III and William R. Frist, who currently serve as directors. (Thomas F. Frist, III has been a director since November 2006, and William R. Frist has been a director since January 2009.) None of the other members of the Compensation Committee have at any time been an officer or employee of HCA or any of its subsidiaries. Each member of the Compensation Committee is also a manager of Hercules Holding, and the Amended and Restated Limited Liability Company Agreement of Hercules Holding requires that the members of Hercules Holding take all necessary action to ensure that the persons who serve as managers of Hercules Holding also serve on our Board of Directors. Messrs. Michelson, Forbes, Connaughton and Bitar (Mr. Bitar retired from our Board of Directors effective April 22, 2009) are affiliated with KKR, MLGPE (an affiliate of Bank of America Corporation), Bain and MLGPE respectively, each of which is a party to the sponsor management agreement with us. Dr. Frist and certain other members of the Frist family, are also party to the sponsor management agreement with us. The Amended and Restated Limited Liability Company Agreement of Hercules Holding, the sponsor management agreement and certain transactions with affiliates of MLGPE and KKR are described in greater detail in *Certain Relationships and Related Transactions* below.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In accordance with its charter, our Audit and Compliance Committee reviews and approves all material related party transactions. Prior to its approval of any material related party transaction, the Audit and Compliance Committee will discuss the proposed transaction with management and our independent auditor. In addition, our Code of Conduct requires that all of our employees, including our executive officers, remain free of conflicts of interest in the performance of their responsibilities to the Company. An executive officer who wishes to enter into a transaction in which their interests might conflict with ours must first receive the approval of the Audit and Compliance Committee. The Amended and Restated Limited Liability Company Agreement of Hercules Holding II, LLC generally requires that an Investor must obtain the prior written consent of each other Investor before it or any of its affiliates (including our directors) enter into any transaction with us.

Stockholder Agreements

On January 30, 2007, our Board of Directors awarded to members of management and certain key employees New Options to purchase shares of our common stock (New Options together with the Rollover Options, Options) pursuant to the 2006 Plan. Our Compensation Committee approved additional option awards periodically throughout the years ended December 31, 2008 and 2007 to members of management and certain key employees in cases of promotions, significant contributions to the Company and new hires. In connection with their option awards, the participants under the 2006 Plan were required to enter into a Management Stockholder's Agreement, a Sale Participation Agreement, and an Option Agreement with respect to the New Options. Below are brief summaries of the principal terms of the Management Stockholder's Agreement and the Sale Participation Agreement each of which are qualified in their entirety by reference to the agreements themselves, forms of which were filed as Exhibits 10.12 and 10.13, respectively, to our annual report on Form 10-K for the fiscal year ended December 31, 2006. The terms of the Option Agreement with respect to New Options and the 2006 Plan are described in more detail in *Compensation Discussion and Analysis - Long Term Equity Incentive Awards*.

Management Stockholder's Agreement. The Management Stockholder's Agreement imposes significant restrictions on transfers of shares of our common stock. Generally, shares will be nontransferable by any means at

Table of Contents

any time prior to the earlier of a Change in Control (as defined in the Management Stockholder s Agreement) or the fifth anniversary of the closing date of the Merger, except (i) sales pursuant to an effective registration statement under the Securities Act of 1933, as amended (the Securities Act) filed by the Company in accordance with the Management Stockholder s Agreement, (ii) a sale pursuant to the Sale Participation Agreement (described below), (iii) a sale to certain Permitted Transferees (as defined in the Management Stockholder s Agreement), or (iv) as otherwise permitted by our Board of Directors or pursuant to a waiver of the restrictions on transfers given by unanimous agreement of the Sponsors. On and after such fifth anniversary through the earlier of a Change in Control or the eighth anniversary of the closing date of the Merger, a management stockholder will be able to transfer shares of our common stock, but only to the extent that, on a cumulative basis, the management stockholders in the aggregate do not transfer a greater percentage of their equity than the percentage of equity sold or otherwise disposed of by the Sponsors.

In the event that a management stockholder wishes to sell their stock at any time following the fifth anniversary of the closing date of the Merger but prior to an initial public offering of our common stock, the Management Stockholder s Agreement provides the Company with a right of first offer on those shares upon the same terms and conditions pursuant to which the management stockholder would sell them to a third party. In the event that a registration statement is filed with respect to our common stock in the future, the Management Stockholder s Agreement prohibits management stockholders from selling shares not included in the registration statement from the time of receipt of notice until 180 days (in the case of an initial public offering) or 90 days (in the case of any other public offering) of the date of the registration statement. The Management Stockholder s Agreement also provides for the management stockholder s ability to cause us to repurchase their outstanding stock and options in the event of the management stockholder s death or disability, and for our ability to cause the management stockholder to sell their stock or options back to the Company upon certain termination events.

The Management Stockholder s Agreement provides that, in the event we propose to sell shares to the Sponsors, certain members of senior management, including the executive officers (the Senior Management Stockholders) have a preemptive right to purchase shares in the offering. The maximum shares a Senior Management Stockholder may purchase is a proportionate number of the shares offered to the percentage of shares owned by the Senior Management Stockholder prior to the offering. Additionally, following the initial public offering of our common stock, the Senior Management Stockholders will have limited piggyback registration rights with respect to their shares of common stock. The maximum number of shares of Common Stock which a Senior Management Stockholder may register is generally proportionate with the percentage of common stock being sold by the Sponsors (relative to their holdings thereof).

Sale Participation Agreement. The Sale Participation Agreement grants the Senior Management Stockholders the right to participate in any private direct or indirect sale of shares of common stock by the Sponsors (such right being referred to herein as the Tag-Along Right), and requires all management stockholders to participate in any such private sale if so elected by the Sponsors in the event that the Sponsors are proposing to sell at least 50% of the outstanding common stock held by the Sponsors, whether directly or through their interests in Hercules Holding (such right being referred to herein as the Drag-Along Right). The number of shares of common stock which would be required to be sold by a management stockholder pursuant to the exercise of the Drag-Along Right will be the sum of the number of shares of common stock then owned by the management stockholder and his affiliates plus all shares of common stock the management stockholder is entitled to acquire under any unexercised Options (to the extent such Options are exercisable or would become exercisable as a result of the consummation of the proposed sale), multiplied by a fraction (x) the numerator of which shall be the aggregate number of shares of common stock proposed to be transferred by the Sponsors in the proposed sale and (y) the denominator of which shall be the total number of shares of common stock owned by the Sponsors entitled to participate in the proposed sale. Management stockholders will bear their pro rata share of any fees, commissions, adjustments to purchase price, expenses or indemnities in connection with any sale under the Sale Participation Agreement.

Amended and Restated Limited Liability Company Agreement of Hercules Holding II, LLC

The Investors and certain other investment funds who agreed to co-invest with them through a vehicle jointly controlled by the Investors to provide equity financing for the Recapitalization entered into a limited liability company

operating agreement in respect of Hercules Holding (the LLC Agreement). The LLC Agreement contains agreements among the parties with respect to the election of our directors, restrictions on the issuance or transfer of interests in us, including a right of first offer, tag-along rights and drag-along rights, and other corporate governance provisions (including the right to approve various corporate actions).

Table of Contents

Pursuant to the LLC Agreement, Hercules Holding and its members are required to take necessary action to ensure that each manager on the board of Hercules Holding also serves on our Board of Directors. Each of the Sponsors has the right to appoint three managers to Hercules Holding's board, the Frist family has the right to appoint two managers to the board, and the remaining two managers on the board are to come from our management team (currently Messrs. Bovender and Bracken). The rights of the Sponsors and the Frist family to designate managers are subject to their ownership percentages in Hercules Holding remaining above a specified percentage of the outstanding ownership interests in Hercules Holding.

The LLC Agreement also requires that, in addition to a majority of the total number of managers being present to constitute a quorum for the transaction of business at any board or committee meeting, at least one manager designated by each of the Investors must be present, unless waived by that Investor. The LLC Agreement further provides that, for so long as at least two Sponsors are entitled to designate managers to Hercules Holding's board, at least one manager from each of two Sponsors must consent to any board or committee action in order for it to be valid. The LLC Agreement requires that our organizational and governing documents contain provisions similar to those described in this paragraph.

Registration Rights Agreement

Hercules Holding and the Investors entered into a registration rights agreement with us upon completion of the Recapitalization. Pursuant to this agreement, the Investors can cause us to register shares of our common stock held by Hercules Holding under the Securities Act and, if requested, to maintain a shelf registration statement effective with respect to such shares. The Investors are also entitled to participate on a pro rata basis in any registration of our common stock under the Securities Act that we may undertake.

Sponsor Management Agreement

In connection with the Merger, we entered into a management agreement with affiliates of each of the Sponsors and certain members of the Frist family, including Thomas F. Frist, Jr., M.D., Thomas F. Frist, III and William R. Frist, pursuant to which such entities or their affiliates will provide management services to us. Pursuant to the agreement, in 2008, we paid management fees of \$15 million and reimbursed out-of-pocket expenses incurred in connection with the provision of services pursuant to the agreement. The agreement provides that the aggregate annual management fee, initially set at \$15 million, increases annually beginning in 2008 at a rate equal to the percentage increase of Adjusted EBITDA (as defined in the Management Agreement) in the applicable year compared to the preceding year. The agreement also provides that we will pay a 1% fee in connection with certain subsequent financing, acquisition, disposition and change of control transactions, as well as a termination fee based on the net present value of future payment obligations under the management agreement, in the event of an initial public offering or under certain other circumstances. No fees were paid under either of these provisions in 2008. The agreement includes customary exculpation and indemnification provisions in favor of the Sponsors and their affiliates and the Frists.

Other Relationships

In 2008, we paid approximately \$25.5 million to HCP, Inc. (NYSE: HCP), representing the aggregate annual lease payments for certain medical office buildings leased by the Company. Charles A. Elcan was an executive officer of HCP, Inc. until April 30, 2008 and is the son-in-law of Dr. Thomas F. Frist, Jr. (who was a member of our Board of Directors in 2008) and brother-in-law of Thomas F. Frist, III, and William R. Frist, who are members of our Board of Directors.

Christopher S. George serves as the chief executive officer of an HCA-affiliated hospital, and in 2008, Mr. George earned total compensation in respect of base salary and bonus of approximately \$440,000 for his services. Mr. George also received certain other benefits, including awards of equity, customary to similar positions within the Company. Mr. George's father, V. Carl George, was an executive officer of HCA in 2008.

Dustin A. Greene serves as the chief operating officer of an HCA-affiliated hospital, and in 2008, Mr. Greene earned total compensation in respect of base salary and bonus of approximately \$143,000 for his services. Mr. Greene also received certain other benefits, including awards of equity, customary to similar positions within the Company. Mr. Greene's father-in-law, W. Paul Rutledge, is an executive officer of HCA.

Bank of America, N.A. (Bank of America) acts as administrative agent and is a lender under each of our senior secured cash flow credit facility and our asset-based revolving credit facility. Affiliates of Bank of America indirectly own approximately 25.8% of the shares of our company. We engaged Banc of America Securities LLC, an affiliate of Bank of America, as arranger and documentation agent in connection with certain amendments to our cash flow credit facility and our asset-based revolving credit facility in March 2009. Under that engagement, upon such amendments becoming effective, we paid Banc of America Securities LLC aggregate fees of \$6 million relating to the amendments to our senior secured credit facilities. Banc of America also received its pro rata share of consent fees, amounting to \$121,816, paid to the lenders under our senior secured cash flow credit facility in connection with certain amendments to those facilities in June 2009.

In addition, Banc of America Securities LLC acted as joint book-running manager and a representative of the initial purchasers of the 9 7/8% Senior Secured Notes due 2017 (the 2009 Second Lien Notes) that we issued on February 19, 2009, the 8 1/2% Senior Secured Notes due 2019 (the 2009 8 1/2% First Lien Notes) that we issued on April 22, 2009 and the 7 7/8% Senior Secured Notes due 2020 that we issued on August 11, 2009 (the 2009 7 7/8% First Lien Notes). The proceeds of the issuance of the 2009 Second Lien Notes, the 2009 8 1/2% First Lien Notes and the 2009 7 7/8% First Lien Notes were used to repay indebtedness under the senior secured credit facilities, and Bank of America received its pro rata portion of such repayment. In addition, Banc of America Securities LLC received placement fees of \$1.4 million in connection with the issuance of the 2009 Second Lien Notes, placement fees of \$4.6 million in connection with the issuance of the 2009 8 1/2% First Lien Notes and placement fees of \$3.4 million in connection with the issuance of the 2009 7 7/8% First Lien Notes.

KKR Capital Markets LLC, one of the other initial purchasers of the 2009 Second Lien Notes, is an affiliate of KKR, whose affiliates own approximately 24.8% of the shares of our company, and received placement fees of \$191,050 in connection with the issuance of the 2009 Second Lien Notes. An investment fund advised by affiliates of KKR purchased an aggregate of \$10 million of the 2009 7 7/8% First Lien Notes.

In April 2009, we engaged Capstone Consulting LLC (KKR Capstone), a consulting firm that works exclusively with KKR professionals and portfolio companies, to provide certain consulting services relating to performance management and health care information technology and services. Although neither KKR nor any entity affiliated with KKR owns any equity interest in KKR Capstone, KKR has provided financing to KKR Capstone. We expect to pay KKR Capstone a total of approximately \$1.1 million plus expenses, and we paid approximately \$290,000 in July 2009.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers and greater than ten-percent shareholders to file initial reports of ownership and reports of changes in ownership of any of our securities with the SEC and us. We believe that during the 2008 fiscal year, all of our directors, executive officers and greater than ten-percent shareholders complied with the requirements of Section 16(a). This belief is based on our review of forms filed or written notice that no reports were required.

The Audit Committee has considered whether the independent registered public accounting firm's provision of nonaudit services to us is compatible with its independence.

The Audit Committee discussed with our internal auditors and the independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee meets with the internal auditors and the independent registered public accounting firm, with and without management present, to discuss the results of the audits of the financial statements, the audit of the effectiveness of our internal control over financial reporting, our progress in assessing the effectiveness of our internal control over financial reporting as required by Section 404 of the Sarbanes-Oxley Act of 2002, and the overall quality of our financial reporting, and reports to the Board of Directors on its findings.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, the inclusion of the audited financial statements in our filing with the Securities and Exchange Commission of our Annual Report on Form 10-K for the year ended December 31, 2008, our Current Report on Form 8-K filed with the Securities and Exchange Commission on May 27, 2009 and our Current Report on Form 8-K/A filed with the Securities and Exchange Commission on August 14, 2009.
