Committees of the Board

The Board of Directors currently has a standing Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee. Each member of the Audit, Compensation and Nominating and Corporate Governance Committees is an independent director as defined in Rule 4200(a)(15) of the Marketplace Rules of the National Association of Securities Dealers, Inc.

Audit Committee. The Audit Committee of the Board of Directors currently consists of Mr. Hutcherson (Chairperson), Mr. Caruso, Mr. Maloney and Dr. Waylan, and reviews, acts on and reports to the Board of Directors with respect to various auditing and accounting matters, including the selection of the Company's independent registered public accounting firm, the scope of the annual audits, fees to be paid to the independent registered public accounting firm, the performance of the Company's independent registered public accounting firm and the accounting practices of the Company. The Audit Committee also serves as the Board of Directors Qualified Legal Compliance Committee within the meaning of Section 307 of the Sarbanes-Oxley Act of 2002. The Board of Directors has determined that Mr. Hutcherson is qualified as an "audit committee financial expert" as defined in Item 401(h) of Regulation S-K.

Compensation Committee. The Compensation Committee of the Board of Directors currently consists of Mr. Caruso (Chairperson), Mr. Maloney, Mr. Shaw and Dr. Waylan, and determines the salaries and incentive compensation of the executive officers and directors of the Company. The Compensation Committee also administers various incentive compensation, stock and benefit plans, including awards to directors.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee, which currently consists of Mr. Maloney (Chairperson), Mr. Caruso, Mr. Shaw and Dr. Waylan, is responsible for searching for and recommending to the Board of Directors potential nominees for director positions, making recommendations to the Board of Directors regarding the size and composition of the Board of Directors and its committees, monitoring the Board's effectiveness and developing and implementing the Company's corporate governance procedures and policies.

In selecting candidates for the Board of Directors, the Nominating and Corporate Governance Committee begins by determining whether the incumbent directors whose terms expire at the annual meeting of stockholders desire and are qualified to continue their service on the Board of Directors. The Board of Directors is of the view that the continuing service of qualified incumbents promotes stability and continuity in the boardroom, giving the Company the benefit of

the familiarity and insight into the Company's affairs that its directors have accumulated during their tenure, while contributing to the Board of Directors' ability to work as a collective body. Accordingly, it is the policy of the Nominating and Corporate Governance Committee, absent special circumstances, to nominate qualified incumbent directors who continue to satisfy the Nominating and Corporate Governance Committee's criteria for

4

membership on the Board of Directors, whom the Nominating and Corporate Governance Committee believes will continue to make important contributions to the Board of Directors and who consent to stand for re-election and, if re-elected, to continue their service on the Board of Directors.

If there are positions on the Board of Directors for which the Nominating and Corporate Governance Committee will not be re-nominating an incumbent director, or if there is a vacancy on the Board of Directors, the Nominating and Corporate Governance Committee will solicit recommendations for nominees from persons whom the Nominating and Corporate Governance Committee believes are likely to be familiar with qualified candidates, including members of the Board of Directors and senior management of the Company. The Nominating and Corporate Governance Committee may also engage a search firm to assist in the identification of qualified candidates.

The Nominating and Corporate Governance Committee will review and evaluate each candidate whom it believes merits serious consideration, taking into account all available information concerning the candidate, the existing composition and mix of talent and expertise on the Board of Directors and other factors that it deems relevant. In conducting its review and evaluation, the Nominating and Corporate Governance Committee may solicit the views of management and other members of the Board of Directors and may, if deemed helpful, conduct interviews of proposed candidates. The Nominating and Corporate Governance Committee requires that all candidates for the Board of Directors be of the highest personal and professional integrity and have demonstrated exceptional ability and judgment. The Nominating and Corporate Governance Committee will consider whether such candidate will be effective, in conjunction with the other members of the Board of Directors, in collectively serving the long-term interests of the Company's stockholders. In addition, the Nominating and Corporate Governance Committee requires that all candidates have no interests that materially conflict with those of the Company and its stockholders, have meaningful management, advisory or policy making experience, have a general appreciation of the major business issues facing the Company and have adequate time to devote to service on the Board of Directors. The Company also requires that a majority of its directors be independent; at least three of the directors have the financial literacy necessary for service on the Audit Committee and at least one of these directors qualifies as a financial expert in accordance with Nasdaq rules.

The Nominating and Corporate Governance Committee will consider stockholder recommendations for candidates for the Board of Directors if such recommendations are received in writing by the Nominating and Corporate Governance Committee by the due date for stockholder proposals as indicated in the Company's proxy statement for the previous fiscal year. Such candidates will be considered using the same criteria as for other candidates, except that the Nominating and Corporate Governance Committee may consider, as one of the factors in its evaluation of stockholder recommended candidates, the size and duration of the interest of the recommending stockholder or stockholder group in the equity of the Company. A stockholder seeking to recommend a prospective nominee for the Nominating and Corporate Governance Committee's consideration should submit the candidate's name and qualifications in writing to the Nominating and Corporate Governance Committee at the following address: Globecomm Systems Inc., 45 Oser Avenue, Hauppauge, NY 11788, Attention: Nominating and Corporate Governance Committee.

These restrictions prevent their sale of stock obtained through exercise of an accelerated option prior to the earlier of the original vesting date or the individual's termination of employment or service on the Board of Directors.

Employment Contracts and Change of Control Arrangements

In October 2001, the Company entered into employment agreements (the "Executive Agreements") with each of Messrs. Hershberg, Miller, Melfi, Yablonski and Johnson (each, an "Executive"). The Executive Agreements continue from year to year, unless terminated earlier by either party by written notice of termination given to the other party. Each Executive Agreement entitles the Executive to all employee benefits generally made available to executive officers.

Under the Executive Agreements between the Company and each of Messrs. Hershberg, Miller, Melfi, Yablonski and Johnson, the Company is currently required to compensate Messrs. Hershberg, Miller, Melfi, Yablonski and Johnson an annual base salary of \$385,000, \$298,000, \$230,000, \$208,000 and \$204,000 respectively (which amounts are reviewed annually by the Board of Directors and subject to increase at the Board's discretion). The Executives may also receive discretionary bonuses. Messrs. Hershberg, Miller, Melfi, Yablonski and Johnson are required to devote

their full-time efforts to the Company as Chairman of the Board and Chief Executive Officer, President, Vice President and Chief Financial Officer, Senior Vice President Sales, Marketing and Product Development and Senior Vice

10

President, Customer Relations and Contracts, respectively. If the Company terminates any of the Executive Agreements, other than for disability or cause, or if any Executive terminates his employment with the Company for Good Reason (as defined in each Executive Agreement), the Company will have the following obligations: (i) to continue to pay the Executive his then applicable annual base salary for a two-year period commencing upon the effective date of the termination (the "Severance Period"); provided, however, that the Severance Period for Messrs. Hershberg and Miller shall be a three-year period commencing on the effective date of the termination; (ii) to pay for continued health benefits during the Severance Period; and (iii) to pay the cash value of certain other benefits during the Severance Period.

If the Executive does not provide the Company notice of resignation and remains employed by the Company through the one-year anniversary of a Change in Control, as defined in the 1997 Plan, the Executive shall be paid a one-time bonus payment equal to 300%, in the cases of Messrs. Hershberg and Miller, and 200%, in the cases of Messrs. Melfi, Yablonski and Johnson, of his then applicable annual base salary (the "Retention Bonus"); provided that the Executive must execute and deliver to the Company a general release as a condition of receiving the Retention Bonus. If an Executive gives notice of his resignation for Good Reason within one year after a Change in Control, and the Company requests that the Executive continue his employment until a date no later than the first anniversary of the Change in Control, then the Executive shall receive the severance payments and benefits described above only if he continues his employment until that date.

The 1997 Plan provides for the accelerated vesting of the shares of Common Stock subject to outstanding options held by any executive officer or the shares of Common Stock subject to direct issuances held by any such individual, in connection with certain changes in control of the Company or the subsequent termination of the executive officer's employment following the change in control.

COMPENSATION COMMITTEE REPORT

The information contained in this report shall not be deemed to be "soliciting material" or "filed" or incorporated by reference in future filings with the Securities and Exchange Commission, or subject to the liabilities of Section 18 of the Securities and Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended, or Securities Exchange Act of 1934, as amended.

The Compensation Committee of the Board of Directors is responsible for establishing the base salary and incentive cash bonus programs for the Company's executive officers and directors and administering certain other compensation programs for such individuals, subject in each instance to review by the full Board of Directors. The Compensation Committee also is responsible for the administration of the 1997 Plan under which grants may be made to executive officers and directors. The Board of Directors has reviewed the report of the Compensation Committee, and is in accord with the compensation paid to executive officers in fiscal 2006.

General Compensation Policy. The fundamental policy of the Compensation Committee is to provide the Company's executive officers with competitive compensation opportunities based upon their contribution to the development and financial success of the Company and their personal performance. It is the Compensation Committee's objective to have a portion of each executive officer's compensation contingent upon the Company's performance, as well as upon his own level of performance. Accordingly, the compensation package for each executive officer is comprised of two elements: (i) base salary and bonus which reflects individual performance and is designed primarily to be competitive with salary levels in the industry and (ii) long-term stock-based incentive awards which strengthen the mutuality of interests between the executive officers and the Company's stockholders.

Factors. The principal factors that the Compensation Committee considered in ratifying the components of each executive officer's compensation package for fiscal 2006 are summarized below. The Compensation Committee may, however, in its discretion apply entirely different factors in setting executive compensation for future years.

- **Base Salary.** Any increase in base salary for each executive officer beyond that provided in his respective Executive Agreement is determined on the basis of the following factors: experience; personal performance; the salary levels in effect for comparable positions within and outside the industry; and internal base salary comparability considerations. The weight given to each of these factors differs from individual to individual, as the Compensation Committee deems appropriate.
- **Bonus.** The Compensation Committee may authorize cash bonuses if such bonuses are deemed to be in the best interest of the Company. For fiscal 2006, the Committee established a Management Incentive Plan (the "Plan") under which bonuses would be awarded to executive officers upon the Company achieving certain predetermined goals. The bonus awards were made to executive officers based upon the recommendations of the Chief Executive Officer of the Company, while the Compensation Committee determined the level of the Chief Executive Officer's bonus under the Plan.
- **Long-Term Incentive Compensation.** In fiscal 2006, no long-term incentives were provided through stock option grants. For fiscal 2007 and thereafter, the Company is considering granting restricted stock in lieu of, or in addition to, stock options as long-term incentive compensation. Stock option and restricted stock grants are designed to align the interests of each executive officer with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the Company.

The number of shares subject to any grant of equity-based compensation is set at a level intended to create a meaningful opportunity for stock ownership based on the officer's current position with the

Company, the base salary associated with that position, the size of comparable awards made to individuals in similar positions within the industry, the individual's potential for increased responsibility and promotion over the option term

and the individual's performance in recent periods. However, the Compensation Committee has not adhered to any specific guidelines as to the relative equity-related holdings of the Company's executive officers.

CEO Compensation. In setting the compensation payable to the Company's Chief Executive Officer, the Compensation Committee seeks to achieve two objectives: (i) establish a level of base salary, within the parameters of his Executive Agreement, competitive with that paid by companies within the industry which are of comparable size to the Company and by companies outside of the industry with which the Company competes for executive talent, and (ii) make a significant percentage of the total compensation package contingent upon the Company's performance and stock price appreciation, pursuant to the terms of Mr. Hershberg's Executive Agreement. In fiscal 2006, as part of his compensation, Mr. Hershberg received an \$85,500 bonus, pursuant to the Company's Management Incentive Plan.

Director Compensation. The Compensation Committee reviewed the current level of compensation for non-employee members of the Board and considered it to be consistent with that provided to non-employee directors of technology-related companies of similar size.

Director Option Grant Policy. As plan administrator of the 1997 Plan, the Compensation Committee may, in its discretion, grant options from time to time to non-employee members of the Board under the Discretionary Option Grant component of the 1997 Plan, in addition to the automatic option grants provided in the 1997 Plan. The basis for such grants is the Compensation Committee's assessment of each Board member's specific contributions to the Company during the course of the year. The circumstances and amounts of such grants may vary based on the Compensation Committee's assessment. During fiscal 2006, no discretionary options were granted to non-employee directors.

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to publicly held companies for compensation exceeding \$1.0 million paid to certain of the corporation's executive officers. The limitation applies only to compensation, which is not considered to be performance-based. The non-performance based compensation paid to the Company's executive officers for the 2006 fiscal year did not exceed the \$1.0 million limit per officer, nor is it expected that the non-performance based compensation to be paid to the Company's executive officers for fiscal 2007 will exceed that limit. The 1997 Plan is structured so that any compensation deemed paid to an executive officer in connection with the exercise of option grants made under that plan with an exercise price equal to the fair market value of the option shares on the grant date will qualify as performance-based compensation which will not be subject to the \$1.0 million limitation. Because it is very unlikely that the cash compensation payable to any of the Company's executive officers in the foreseeable future will approach the \$1.0 million limit, the Compensation Committee has decided at this time not to take any other action to limit or restructure the elements of cash compensation payable to the Company's executive officers. The Compensation Committee will reconsider this decision should the individual compensation of any executive officer ever approach the \$1.0 million level.

PROPOSAL 2

APPROVAL OF THE COMPANY'S 2006 STOCK INCENTIVE PLAN

You are being asked to approve the Globecomm Systems Inc. 2006 Stock Incentive Plan (the "2006 Plan"). The Board believes the adoption of the 2006 Plan is necessary to allow the Company to continue to utilize equity incentives to attract and retain the services of key individuals essential to the Company's long-term growth and financial success. The Company relies significantly on equity incentives in order to attract and retain key individuals and believes that such equity incentives are necessary for the Company to remain competitive in the marketplace for executive talent and other key individuals. Option grants made to newly-hired or continuing employees and other individuals will be based on both competitive market conditions and individual performance.

The Company currently maintains the Globecomm Systems Inc. 1997 Stock Incentive Plan (the "1997 Plan"), which will expire on February 25, 2007. The 2006 Plan will replace the 1997 Plan and, if stockholders approve the 2006 Plan, no new grants will be made under the 1997 Plan (although outstanding grants will continue in effect). As of September 29, 2006, there are approximately 1,291,211 shares of Common Stock available for grant under the 1997 Plan. These will be replaced with an aggregate of 850,000 shares of Common Stock reserved for issuance pursuant to the 2006 Plan.

The full text of the 2006 Plan will be furnished to any stockholder upon written request made to the Secretary of the Company and is available at <http://www.sec.gov> as Appendix A to the Company's definitive proxy statement, filed October 13, 2006.

General Description of the 2006 Plan

The following is a summary of the principal features of the 2006 Plan.

The 2006 Plan was adopted by the Board of Directors on September 26, 2006 as the successor plan to the 1997 Plan.

The 2006 Plan is divided into four separate components: (i) the Discretionary Option Grant Program, (ii) the Stock Issuance Program, (iii) the Restricted Stock Unit Program and (iv) the Automatic Option Grant Program. All employees, non-employee directors, consultants and other independent advisors of the Company will be eligible to participate in one or more of these programs. As of September 29, 2006, six executive officers, six non-employee directors and approximately 194 other employees were eligible to participate in the 2006 Plan. Other than with respect to the Automatic Option Grant Program, the granting of awards under the 2006 Plan is discretionary and it is not possible to determine how many individuals actually will receive awards under the 2006 Plan. Therefore, future awards under the 2006 Plan, other than with respect to the Automatic Option Grant Program, cannot be determined. However, the Company does have the ability to determine certain information with respect to options to be granted automatically in the next 12 months under the 2006 Plan to all non-employee directors. Such information is presented below in the following table:

New Plan Benefits
 Globecomm Systems Inc. 2006 Stock Incentive Plan
 Automatic Option Grant Program

Name and Position	Dollar Value(1)	Number of Units(2)
Non-Employee Director Group	8.54	30,000

(1)For purposes of this table, the closing selling price of a share of the Company's Common Stock on September 29, 2006.

(2)Each of our non-employee directors is granted under our Automatic Option Grant Program an option to purchase 5,000 shares of Common Stock of the Company on the date of each annual stockholders' meeting at which such director is re-elected to the Board.

Administration. The Discretionary Option Grant Program, Stock Issuance Program and Restricted Stock Unit Program generally are administered by a committee of the Board appointed for that purpose. With respect to officers who are subject to Section 16 of the Securities Exchange Act of 1934, these programs will generally be administered by the Compensation Committee. The Board may at any time reassume any powers delegated to any committee and either administer the 2006 Plan on its own or delegate that authority to a different committee of the Board. The Automatic Option Grant Program generally operates automatically without any discretionary determination. However, to the extent that any determinations must be made, the Automatic Option Grant Program is administered by the Board. The term "Plan Administrator" is used to refer to whichever committee of the Board, or the entire Board, that is administering the 2006 Plan.

The Plan Administrator has complete discretion to determine which eligible individuals are to receive awards under the 2006 Plan, the time or times when such awards are to be made, the number of shares subject to each such award, the status of any granted option as either an incentive stock option or a non-statutory stock option under the Federal tax laws, the vesting schedule to be in effect for the award and the maximum term for which any granted award is to remain outstanding. The Plan Administrator shall have the authority to make any determinations and interpretations with respect to the 2006 Plan as it may deem necessary or advisable. All Plan Administrator decisions shall be final and binding.

Discretionary Option Grant Program

Under the Discretionary Option Grant Program, the Plan Administrator may grant incentive stock options and stock options that do not qualify as incentive stock options ("non-qualified stock options"). Incentive stock options provide recipients with certain favorable tax treatment.

The Plan Administrator determines the terms of any stock option under the Discretionary Option Grant Program, including the exercise price, vesting schedule, the term that the stock option remains outstanding and the effect on the stock option of the recipient's termination of employment or other service with the Company before the stock option is exercised. The exercise price for a stock option or the base price for a stock appreciation right cannot be less than the

fair market value of a share of Common Stock on the date of grant. The fair market value per share on any relevant date is the closing selling price per share on that date on the Nasdaq Global Market.

The Plan Administrator may grant a stock appreciation right in connection with a stock option. A stock appreciation right provides the recipient with the election to surrender his or her outstanding option for a payment from the Company, to be made in cash or shares of Common Stock, equal to the excess of

17

(i) the fair market value of the vested shares of Common Stock subject to the surrendered stock option over (ii) the aggregate exercise price payable for such shares.

The Plan Administrator may grant stock options that can be exercised immediately for unvested shares of Common Stock. If the recipient terminates employment or other service with the Company before the shares vest, he or she may be obligated to resell those shares to the Company at the exercise price paid for the shares.

Stock Issuance Program

Under the Stock Issuance Program, the Plan Administrator may grant eligible individuals vested or unvested shares of Common Stock. The Plan Administrator may establish a purchase price for the shares.

Unvested shares granted under the Stock Issuance Program cannot be transferred and will be forfeited if the individual terminates employment or other service with the Company. If the individual paid for the shares, the Company will repay that purchase price with respect to the forfeited shares.

A recipient of shares under the Stock Issuance Program will have all the rights of a stockholder of the Company, including the right to receive dividends and vote the shares. However, any dividends or other distributions granted with respect to unvested shares will be subject to the same vesting requirements as the underlying shares and in the Company's discretion, may be held in escrow until they vest.

Restricted Stock Unit Program

A restricted stock unit is the right to receive a share of Common Stock on the date that the unit vests. The Plan Administrator determines the vesting schedule for restricted stock units. If the recipient terminates employment before the unit vests, the restricted stock unit is forfeited.

Other Provisions

Change in Control. In the event of certain corporate transactions that result in a change in control of the Company, all awards under the 2006 Plan generally will become fully vested and exercisable.

Non-transferability. Awards under the 2006 Plan may not be transferred, sold or assigned other than by will or the laws of descent and distribution.

Federal Income Tax Consequences

Incentive Stock Options. No taxable income is recognized by the recipient at the time of the option grant, and no taxable income is generally recognized at the time the option is exercised. The recipient will, however, generally recognize taxable income or loss in the year in which the purchased shares are sold or otherwise disposed of. For Federal tax purposes, dispositions are either “qualifying” or “disqualifying.” A qualifying disposition occurs if the sale or other disposition is made after the optionee has held the shares for more than two years after the option grant date and more than one year after the exercise date. If either of these two holding periods is not satisfied, then a disqualifying disposition will result.

Upon a qualifying disposition, the optionee will recognize long-term capital gain or loss in an amount equal to the difference between the amount realized upon the sale of the shares and the exercise price paid for the shares. If there is a disqualifying disposition of the shares, then the excess of the fair market value of the shares on the exercise date over the exercise price paid for the shares will be taxable as ordinary income and the Company will be entitled to take a deduction for such amount. Any additional gain or loss recognized upon disposition will be taxable as capital gain or loss to the optionee.

18

Non-qualified Options. No taxable income is recognized by an optionee upon the grant of a non-qualified option. The optionee will in general recognize ordinary income, and the Company will be entitled to take a corresponding deduction, in the year in which the option is exercised, equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares, and the optionee will be required to satisfy the tax withholding requirements applicable to such income.

Stock Issuance. The direct grant of unvested stock will not result in taxable income at the time of grant and the Company will not be entitled to a corresponding deduction, assuming that the restrictions constitute a “substantial risk of forfeiture” for federal income tax purposes. Upon the vesting of shares, the recipient will realize ordinary income in an amount equal to the then fair market value of those shares, and the Company will be entitled to a corresponding deduction. Gains or losses realized by the recipient upon disposition of such shares will be treated as capital gains and losses, with the basis in such shares equal to the fair market value of the shares at the time of vesting. Dividends paid to the recipient during the restriction period, will also be compensation income to the recipient, and the Company will be entitled to a corresponding deduction. A recipient may elect pursuant to Section 83(b) of the Internal Revenue Code to have income recognized at the date of grant of an unvested stock award and to have the applicable capital gain holding period commence as of that date, and the Company will be entitled to a corresponding deduction. If the stock is vested at the date of grant, the recipient will realize ordinary income in an amount equal to the fair market value of those shares on the date of grant, and the Company will be entitled to a corresponding deduction.

Restricted Stock Units. The grant of a restricted stock unit will not result in taxable income at the time of grant, and the Company will not be entitled to a corresponding deduction. Upon the vesting of the restricted stock unit, the recipient will realize ordinary income in an amount equal to the then fair market value of the shares received, and the Company will be entitled to a corresponding deduction. Gains or losses realized by the recipient upon disposition of such shares will be treated as capital gains and losses, with the basis in such shares equal to the fair market value of the shares at the time of vesting, when granted to the recipient.

Tax Withholding. Whenever an employee recognizes income in connection with an award under the 2006 Plan, the Company may be obligated to remit amounts to the federal, state or local government for tax withholding. The 2006 Plan provides that a recipient may be required by the Company to remit to the Company amounts to satisfy these tax

withholding requirements. At the discretion of the Company, a recipient may be permitted to meet these requirements by remitting shares of Common Stock or directing the Company to withhold shares of Common Stock from the number of shares payable with respect to an award under the 2006 Plan.

Deductibility of Executive Compensation. Section 162(m) of the Code disallows a federal income tax deduction for certain compensation in excess of \$1 million per year paid to each of the Company's chief executive officer and its four other most highly compensated executive officers. Compensation that qualifies as "performance-based compensation" is not subject to the \$1 million limit. The Company anticipates that any compensation deemed paid by it in connection with disqualifying dispositions of incentive stock option shares or exercises of non-qualified stock options will qualify as performance-based compensation. Accordingly, the Company expects that all compensation deemed paid with respect to those options will remain deductible without limitation under Code Section 162(m).

APPENDIX A

GLOBECOMM SYSTEMS INC. 2006 STOCK INCENTIVE PLAN

ARTICLE ONE GENERAL PROVISIONS

I. Purpose of the Plan

This 2006 Stock Incentive Plan (the "Plan") is intended to promote the interests of Globecomm Systems Inc., a Delaware corporation, by providing eligible persons with the opportunity to acquire a proprietary interest, or otherwise increase their proprietary interest, in the Corporation as an incentive for them to remain in the service of the Corporation.

Capitalized terms shall have the meanings assigned to such terms in the attached Appendix.

II. Structure of the Plan

A. The Plan shall be divided into four separate equity programs:

- (i) the Discretionary Option Grant Program under which eligible persons may, at the discretion of the Plan Administrator, be granted options to purchase shares of Common Stock,
- (ii) the Stock Issuance Program under which eligible persons may, at the discretion of the Plan Administrator, be issued shares of Common Stock directly, which shares generally will not be transferable and will be subject to forfeiture until they vest,
- (iii) the Restricted Stock Unit Program under which eligible persons may, at the discretion of the Plan

Administrator, be issued restricted stock units, which entitle the Participant to receive shares of Common Stock when the restricted stock units vest, and

(iv) the Automatic Option Grant Program under which eligible non-employee Board members shall automatically receive option grants at periodic intervals to purchase shares of Common Stock.

B. The provisions of Articles One and Six shall apply to all equity programs under the Plan and shall govern the interests of all persons under the Plan.

III. Administration of the Plan

A. The Primary Committee shall administer the Discretionary Option Grant, Stock Issuance and Restricted Stock Unit Programs with respect to Section 16 Insiders.

B. Administration of the Discretionary Option Grant, Stock Issuance and Restricted Stock Unit Programs with respect to all other persons eligible to participate in those programs may, at the Board's discretion, be vested in the Primary Committee or a Secondary Committee, or the Board may retain the power to administer those programs with respect to all such persons. The members of the Secondary Committee may be Board members who are Employees eligible to receive discretionary option grants or direct stock issuances under the Plan or any other stock option, stock appreciation, stock bonus or other stock plan of the Corporation (or any Parent or Subsidiary).

C. Members of the Primary Committee or any Secondary Committee shall serve for such period of time as the Board may determine and may be removed by the Board at any time. The Board may also

A-1

at any time terminate the functions of the Primary Committee or any Secondary Committee and reassume all powers and authority previously delegated to such committee or delegate such power and authority to another committee of the Board.

D. Each Plan Administrator shall, within the scope of its administrative functions under the Plan, have full power and authority (subject to the provisions of the Plan) to establish such rules and regulations as it may deem appropriate for proper administration of the Discretionary Option Grant and Stock Issuance Programs and to make such determinations under, and issue such interpretations of, the provisions of such programs and any outstanding options or stock issuances thereunder as it may deem necessary or advisable. Decisions of the Plan Administrator within the scope of its administrative functions under the Plan shall be final and binding on all parties who have an interest in the Discretionary Option Grant and Stock Issuance Programs under its jurisdiction or any option or stock issuance thereunder.

E. Service on the Primary Committee or the Secondary Committee shall constitute service as a Board member, and members of each such committee shall accordingly be entitled to full indemnification and reimbursement as Board members for their service on such committee. No member of the Primary Committee or the Secondary Committee shall be liable for any act or omission made in good faith with respect to the Plan or any option grants or stock issuances under the Plan.

F. Administration of the Automatic Option Grant shall be self-executing in accordance with the terms of that program. While generally no Plan Administrator shall exercise any discretionary functions with respect to any option

grants or stock issuances made under such program, to the extent any determinations or interpretations are necessary, they shall be made by the Board, whose decisions shall be final and binding on all parties.

IV. Eligibility

A. The persons eligible to participate in the Discretionary Option Grant, Stock Issuance and Restricted Stock Unit Programs are as follows:

- (i) Employees,
- (ii) non-employee members of the Board or the board of directors of any Parent or Subsidiary, and
- (iii) consultants and other independent advisors who provide services to the Corporation (or any Parent or Subsidiary).

B. Each Plan Administrator shall, within the scope of its administrative jurisdiction under the Plan, have full authority to determine, (i) with respect to the option grants under the Discretionary Option Grant Program, which eligible persons are to receive option grants, the time or times when such option grants are to be made, the number of shares to be covered by each such grant, the status of the granted option as either an Incentive Option or a Non-Statutory Option, the time or times when each option is to become exercisable, the vesting schedule (if any) applicable to the option shares and the maximum term for which the option is to remain outstanding, (ii) with respect to stock issuances under the Stock Issuance Program, which eligible persons are to receive stock issuances, the time or times when such issuances are to be made, the number of shares to be issued to each Participant, the vesting schedule (if any) applicable to the issued shares and the consideration for such shares and (iii) with respect to issuances under the Restricted Stock Unit Program, which eligible persons are to receive restricted stock units, the time or times when such issuances are to be made, the number of restricted stock units to be issued to each Participant and the vesting schedule applicable to the restricted stock units.

A-2

C. The Plan Administrator shall have the absolute discretion either to grant options in accordance with the Discretionary Option Grant Program, to effect stock issuances in accordance with the Stock Issuance Program or to grant restricted stock units under the Restricted Stock Unit Program.

D. The individuals who shall be eligible to participate in the Automatic Option Grant Program shall be limited to non-employee Board members, whether those individuals are appointed by the Board or elected by the Corporation's stockholders. A non-employee Board member who has previously been in the employ of the Corporation (or any Parent or Subsidiary) or who serves as a member of the Board pursuant to contractual rights granted to certain groups of stockholders in connection with their purchase of stock in the Corporation shall not be eligible to receive an option grant under the Automatic Option Grant Program.

V. Stock Subject to the Plan

A. The stock issuable under the Plan shall be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Corporation on the open market. The maximum number of shares of Common Stock reserved for issuance over the term of the Plan shall not exceed 850,000 shares.

B. No one person participating in the Plan may receive options, separately exercisable stock appreciation rights and direct stock issuances for more than 150,000 shares of Common Stock in the aggregate per calendar year.

C. Shares of Common Stock subject to outstanding options shall be available for subsequent issuance under the Plan to the extent those options expire or terminate for any reason prior to exercise in full. Unvested shares issued under the Plan and subsequently cancelled or repurchased by the Corporation, at the original issue price paid per share, pursuant to the Corporation's repurchase rights under the Plan shall be added back to the number of shares of Common Stock reserved for issuance under the Plan and shall accordingly be available for reissuance through one or more subsequent option grants or direct stock issuances under the Plan. However, should the exercise price of an option under the Plan be paid with shares of Common Stock or should shares of Common Stock otherwise issuable under the Plan be withheld by the Corporation in satisfaction of the withholding taxes incurred in connection with the exercise of an option or the vesting of a stock issuance under the Plan, then the number of shares of Common Stock available for issuance under the Plan shall be reduced by the gross number of shares for which the option is exercised or which vest under the stock issuance, and not by the net number of shares of Common Stock issued to the holder of such option or stock issuance.

D. If any change is made to the Common Stock by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class without the Corporation's receipt of consideration, appropriate adjustments shall be made to (i) the maximum number and/or class of securities issuable under the Plan, (ii) the number and/or class of securities for which any one person may be granted stock options, separately exercisable stock appreciation rights and direct stock issuances under this Plan per calendar year, (iii) the number and/or class of securities for which grants are subsequently to be made under the Automatic Option Grant Program to new and continuing non-employee Board members, (iv) the number and/or class of securities to be received upon vesting of restricted stock units and (v) the number and/or class of securities and the exercise price per share in effect under each outstanding option under the Plan. Such adjustments to the outstanding options are to be effected in a manner which shall preclude the enlargement or dilution of rights and benefits under such options. The adjustments determined by the Plan Administrator shall be final, binding and conclusive.

A-3

ARTICLE TWO DISCRETIONARY OPTION GRANT PROGRAM

I. Option Terms

Each option shall be evidenced by one or more documents in the form approved by the Plan Administrator; provided, however, that each such document shall comply with the terms specified below. Each document evidencing an Incentive Option shall, in addition, be subject to the provisions of the Plan applicable to such options.

A. Exercise Price.

1. The exercise price per share shall be fixed by the Plan Administrator but shall not be less than the Fair Market Value per share of Common Stock on the option grant date.
2. The exercise price shall become immediately due upon exercise of the option and shall, subject to the provisions of Section I of Article Six and the documents evidencing the option, be payable in one or more of the forms specified below:

- (i) cash or check made payable to the Corporation,
- (ii) shares of Common Stock held for the requisite period necessary to avoid a charge to the Corporation's earnings for financial reporting purposes and valued at Fair Market Value on the Exercise Date, or
- (iii) to the extent the option is exercised for vested shares, through a special sale and remittance procedure pursuant to which the Optionee shall concurrently provide irrevocable written instructions to (a) a Corporation-designated brokerage firm to effect the immediate sale of the purchased shares and remit to the Corporation, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate exercise price payable for the purchased shares plus all applicable Federal, state and local income and employment taxes required to be withheld by the Corporation by reason of such exercise and (b) the Corporation to deliver the certificates for the purchased shares directly to such brokerage firm in order to complete the sale.

Except to the extent such sale and remittance procedure is utilized, payment of the exercise price for the purchased shares must be made on the Exercise Date.

B. Exercise and Term of Options. Each option shall be exercisable at such time or times, during such period and for such number of shares as shall be determined by the Plan Administrator and set forth in the documents evidencing the option. However, no option shall have a term in excess of ten (10) years measured from the option grant date.

C. Effect of Termination of Service.

1. The following provisions shall govern the exercise of any options held by the Optionee at the time of cessation of Service or death:

(i) Any option outstanding at the time of the Optionee's cessation of Service for any reason shall remain exercisable for such period of time thereafter as shall be determined by the Plan Administrator and set forth in the documents evidencing the option, but no such option shall be exercisable after the expiration of the option term.

(ii) Any option exercisable in whole or in part by the Optionee at the time of death may be subsequently exercised by the personal representative of the Optionee's estate or by the

A-4

person or persons to whom the option is transferred pursuant to the Optionee's will or in accordance with the laws of descent and distribution.

(iii) Should the Optionee's Service be terminated for Misconduct, then all outstanding options held by the Optionee shall terminate immediately and cease to be outstanding.

(iv) During the applicable post-Service exercise period, the option may not be exercised in the aggregate for more than the number of vested shares for which the option is exercisable on the date of the Optionee's cessation of Service. Upon the expiration of the applicable exercise period or (if earlier) upon the expiration of the option term, the option shall terminate and cease to be outstanding for any vested shares for which the option has not been exercised. However, the option shall, immediately upon the Optionee's cessation of Service, terminate and cease to be outstanding to the extent the option is not otherwise at that time exercisable for vested shares.

2. The Plan Administrator shall have complete discretion, exercisable either at the time an option is granted or at any time while the option remains outstanding, to:

- (i) extend the period of time for which the option is to remain exercisable following the Optionee's cessation of Service from the limited exercise period otherwise in effect for that option to such greater period of time as the Plan Administrator shall deem appropriate, but in no event beyond the expiration of the option term, and/or
- (ii) permit the option to be exercised, during the applicable post-Service exercise period, not only with respect to the number of vested shares of Common Stock for which such option is exercisable at the time of the Optionee's cessation of Service but also with respect to one or more additional installments in which the Optionee would have vested had the Optionee continued in Service.

D. Stockholder Rights. The holder of an option shall have no stockholder rights with respect to the shares subject to the option until such person shall have exercised the option, paid the exercise price and become a holder of record of the purchased shares.

E. Repurchase Rights. The Plan Administrator shall have the discretion to grant options which are exercisable for unvested shares of Common Stock. Should the Optionee cease Service while holding such unvested shares, the Corporation shall have the right to repurchase, at the exercise price paid per share, any or all of those unvested shares. The terms upon which such repurchase right shall be exercisable (including the period and procedure for exercise and the appropriate vesting schedule for the purchased shares) shall be established by the Plan Administrator and set forth in the document evidencing such repurchase right.

F. Limited Transferability of Options. During the lifetime of the Optionee, Incentive Options shall be exercisable only by the Optionee and shall not be assignable or transferable other than by will or by the laws of descent and distribution following the Optionee's death. However, a Non-Statutory Option may, in connection with the Optionee's estate plan, be assigned in whole or in part during the Optionee's lifetime to one or more members of the Optionee's immediate family or to a trust established exclusively for one or more such family members. The assigned portion may only be exercised by the person or persons who acquire a proprietary interest in the option pursuant to the assignment. The terms applicable to the assigned portion shall be the same as those in effect for the option immediately prior to such assignment and shall be set forth in such documents issued to the assignee as the Plan Administrator may deem appropriate.

A-5

II. Incentive Options

The terms specified below shall be applicable to all Incentive Options. Except as modified by the provisions of this Section II, all the provisions of Articles One, Two and Six shall be applicable to Incentive Options. Options which are specifically designated as Non-Statutory Options when issued under the Plan shall not be subject to the terms of this Section II.

A. Eligibility. Incentive Options may only be granted to Employees.

B. Exercise Price. The exercise price per share shall not be less than one hundred percent (100%) of the Fair Market Value per share of Common Stock on the option grant date.

C. Dollar Limitation. The aggregate Fair Market Value of the shares of Common Stock (determined as of the respective date or dates of grant) for which one or more options granted to any Employee under the Plan (or any other option plan of the Corporation or any Parent or Subsidiary) may for the first time become exercisable as Incentive Options during any one calendar year shall not exceed the sum of One Hundred Thousand Dollars (\$100,000). To the extent the Employee holds two (2) or more such options which become exercisable for the first time in the same calendar year, the foregoing limitation on the exercisability of such options as Incentive Options shall be applied on the basis of the order in which such options are granted. The provisions of this Section C shall apply to options previously issued under the Corporation's Incentive Stock Option Plan, and shall be in substitution for the limitation set forth in Section 2.05 of such Plan.

D. 10% Stockholder. If any Employee to whom an Incentive Option is granted is a 10% Stockholder, then the exercise price per share shall not be less than one hundred ten percent (110%) of the Fair Market Value per share of Common Stock on the option grant date, and the option term shall not exceed five (5) years measured from the option grant date.

III. Corporate Transaction/Change in Control

A. In the event of any Corporate Transaction, each outstanding option shall automatically accelerate so that each such option shall, immediately prior to the effective date of the Corporate Transaction, become fully exercisable with respect to the total number of shares of Common Stock at the time subject to such option and may be exercised for any or all of those shares as fully-vested shares of Common Stock.

B. All outstanding repurchase rights shall also terminate automatically, and the shares of Common Stock subject to those terminated rights shall immediately vest in full, in the event of any Corporate Transaction.

C. Immediately following the consummation of the Corporate Transaction, all outstanding options shall terminate and cease to be outstanding.

D. In the event of a Change in Control each outstanding option shall automatically accelerate so that each such option shall, immediately prior to the effective date of the Change in Control, become fully exercisable with respect to the total number of shares of Common Stock at the time subject to such option and may be exercised for any or all of those shares as fully-vested shares of Common Stock. Each option so accelerated shall remain exercisable for fully-vested shares until the earlier of (i) the expiration of the option term or (ii) the expiration of the one (1)-year period measured from the effective date of the Optionee's cessation of Service. In addition, all of the Corporation's outstanding repurchase rights with respect to shares held by the Optionee at the time of such Change in Control shall immediately terminate, and the shares subject to those terminated repurchase rights shall accordingly vest in full.

A-6

E. The portion of any Incentive Option accelerated in connection with a Corporate Transaction or Change in Control shall remain exercisable as an Incentive Option only to the extent the applicable One Hundred Thousand Dollar limitation is not exceeded. To the extent such dollar limitation is exceeded, the accelerated portion of such option shall be exercisable as a Non-Statutory Option under the Federal tax laws.

F. The outstanding options shall in no way affect the right of the Corporation to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

IV. Stock Appreciation Rights

A. The Plan Administrator shall have full power and authority to grant to selected Optionees tandem stock appreciation rights and/or limited stock appreciation rights.

B. The following terms shall govern the grant and exercise of tandem stock appreciation rights:

(i) One or more Optionees may be granted the right, exercisable upon such terms as the Plan Administrator may establish, to elect between the exercise of the underlying option for shares of Common Stock and the surrender of that option in exchange for a distribution from the Corporation in an amount equal to the excess of (a) the Fair Market Value (on the option surrender date) of the number of shares in which the Optionee is at the time vested under the surrendered option (or surrendered portion thereof) over (b) the aggregate exercise price payable for such shares.

(ii) No such option surrender shall be effective unless it is approved by the Plan Administrator, either at the time of the actual option surrender or at any earlier time. If the surrender is so approved, then the distribution to which the Optionee shall be entitled may be made in shares of Common Stock valued at Fair Market Value on the option surrender date, in cash, or partly in shares and partly in cash, as the Plan Administrator shall in its sole discretion deem appropriate.

(iii) If the surrender of an option is not approved by the Plan Administrator, then the Optionee shall retain whatever rights the Optionee had under the surrendered option (or surrendered portion thereof) on the option surrender date and may exercise such rights at any time prior to the later of (a) five (5) business days after the receipt of the rejection notice or (b) the last day on which the option is otherwise exercisable in accordance with the terms of the documents evidencing such option, but in no event may such rights be exercised more than ten (10) years after the option grant date.

C. The following terms shall govern the grant and exercise of limited stock appreciation rights:

(i) One or more Section 16 Insiders may be granted limited stock appreciation rights with respect to their outstanding options.

(ii) Upon the occurrence of a Hostile Take-Over, each individual holding one or more options with such a limited stock appreciation right shall have the unconditional right (exercisable for a thirty (30)-day period following such Hostile Take-Over) to surrender each such option to the Corporation, to the extent the option is at the time exercisable for vested shares of Common Stock. In return for the surrendered option, the Optionee shall receive a cash distribution from the Corporation in an amount equal to the excess of (A) the Take-Over Price of the shares of Common Stock which are at the time vested under each surrendered option (or surrendered portion thereof) over (B) the aggregate exercise price payable for such shares. Such cash distribution shall be paid within five (5) days following the option surrender date.

A-7

(iii) Neither the approval of the Plan Administrator nor the consent of the Board shall be required in connection with such option surrender and cash distribution.

(iv) The balance of the option (if any) shall remain outstanding and exercisable in accordance with the documents evidencing such option.

ARTICLE THREE
STOCK ISSUANCE PROGRAM

I. Stock Issuance Terms

Shares of Common Stock may be issued under the Stock Issuance Program through direct and immediate issuances without any intervening option grants. Each such stock issuance shall be evidenced by a Stock Issuance Agreement which complies with the terms specified below.

A. Purchase Price.

The Plan Administrator may require the Participant to pay a Purchase Price with respect to stock issued under the Stock Insurance Program.

B. Vesting Provisions.

1. The Plan Administrator shall determine when the Shares of Common Stock issued under the Stock Issuance Program shall vest, or whether they shall be fully and immediately vested upon issuance. Vesting may be based on continued employment or upon attainment of specified performance objectives or both.
2. Any new, substituted or additional securities or other property (including money paid other than as a regular cash dividend) which the Participant may have the right to receive with respect to the Participant's unvested shares of Common Stock by reason of any stock dividend, stock split, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class without the Corporation's receipt of consideration shall be issued subject to (i) the same vesting requirements applicable to the Participant's unvested shares of Common Stock and (ii) such escrow arrangements as the Plan Administrator shall deem appropriate.
3. Unvested shares issued under the Stock Issuance Program may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of except as otherwise specifically provided in this Plan or the Stock Issuance Agreement.
4. The Participant shall have full stockholder rights with respect to any shares of Common Stock issued to the Participant under the Stock Issuance Program, whether or not the Participant's interest in those shares is vested. Accordingly, the Participant shall have the right to vote such shares and to receive any regular cash dividends paid on such shares.
5. Should the Participant cease to remain in Service while holding one or more unvested shares of Common Stock issued under the Stock Issuance Program or should the performance objectives not be attained with respect to one or more such unvested shares of Common Stock, then those shares shall be immediately surrendered to the Corporation for cancellation, and the Participant shall have no further stockholder rights with respect to those shares. To the extent the surrendered shares were previously issued to the Participant for consideration paid in cash or cash equivalent (including the Participant's purchase-money indebtedness), the Corporation shall repay to the Participant the cash consideration paid for the surrendered shares and shall cancel the unpaid principal balance of any outstanding purchase-money note of the Participant attributable to the surrendered shares.

6. The Plan Administrator may in its discretion waive the surrender and cancellation of one or more unvested shares of Common Stock which would otherwise occur upon the cessation of the Participant's Service or the non-attainment of the performance objectives applicable to those shares. Such waiver shall result in the immediate vesting of the Participant's interest in the shares as to which the waiver applies. Such waiver may be effected at any time, whether before or after the Participant's cessation of Service or the attainment or non-attainment of the applicable performance objectives.

II. Corporate Transaction/Change in Control

All unvested shares issued under the Stock Issuance Program shall immediately vest in full upon a Corporate Transaction or a Change in Control.

III. Share Escrow/Legends

Unvested shares may, in the Plan Administrator's discretion, be held in escrow by the Corporation until the Participant's interest in such shares vests or may be issued directly to the Participant with restrictive legends on the certificates evidencing those unvested shares.

ARTICLE FOUR

RESTRICTED STOCK UNIT PROGRAM

I. Restricted Stock Unit Terms

Restricted stock units shall be evidenced by one or more documents in a form approved by the Plan Administrator, in accordance with the Plan. A restricted stock unit shall entitle the Participant to receive a share of Common Stock on the date the restricted stock unit vests.

A. Vesting Provisions.

1. The Plan Administrator shall determine when the restricted stock units shall vest. Vesting may be based on continued employment or upon attainment of specified performance objectives or both.
2. Restricted stock units may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of except as otherwise specifically provided in this Plan or the document evidencing the grant.
3. Should the Participant cease to remain in Service while holding one or more restricted stock units, then those restricted stock units shall be forfeited, unless the Plan Administrator provides otherwise.

II. Corporate Transaction/Change in Control

All restricted stock units shall immediately vest in full upon a Corporate Transaction or a Change in Control.

ARTICLE FIVE

AUTOMATIC OPTION GRANT PROGRAM

I. Option Terms

A. Option Grants. Each non-employee Board member shall automatically be granted, (i) a Non-Statutory Option to purchase 15,000 shares of Common Stock on the date of initial election or

appointment to the Board, provided that individual has not previously been in the employ of the Corporation or any Parent or Subsidiary and (ii) a Non-Statutory Option to purchase an additional 5,000 shares of Common Stock on the date of each succeeding annual meeting of stockholders at which such director stands for re-election.

B. Exercise Price.

1. The exercise price per share shall be equal to one hundred percent (100%) of the Fair Market Value per share of Common Stock on the option grant date.

2. The exercise price shall be payable in one or more of the alternative forms authorized under the Discretionary Option Grant Program. Except to the extent the sale and remittance procedure specified thereunder is utilized, payment of the exercise price for the purchased shares must be made on the Exercise Date.

C. Option Term. Each option shall have a term of ten (10) years measured from the option grant date.

D. Exercise and Vesting of Options. Each option shall be exercisable for those option shares which have vested. During the period of service as a member of the Board, (i) each 15,000-share grant shall vest to the extent of one third of the number of shares granted thereby (5,000 shares), on the date of grant, and cumulatively to the extent of an additional one-third, on each of the next two succeeding anniversaries of the date of grant, so that on the second anniversary of the date of grant (provided service as a Board member has continued throughout the period), the options granted to any eligible Director shall be fully vested and (ii) each annual 5,000-share grant shall fully vest on the date of grant.

E. Non-transferability. Shares of Common Stock acquired pursuant to the exercise of any annual 5,000-share option grants under the Automatic Option Grant Program may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of until the first anniversary of the date of grant of the applicable option.

F. Termination of Board Service. The following provisions shall govern the exercise of any options held by the Optionee at the time the Optionee ceases to serve as a Board member:

(i) The Optionee (or, in the event of Optionee's death, the personal representative of the Optionee's estate or the person or persons to whom the option is transferred pursuant to the Optionee's will or in accordance with the laws of descent and distribution) shall have a twelve (12)-month period following the date of such cessation of Board service in which to exercise each such option.

(ii) During the twelve (12)-month exercise period, the option may not be exercised in the aggregate for more than the number of vested shares of Common Stock for which the option is exercisable at the time of the Optionee's cessation of Board service.

(iii) Should the Optionee cease to serve as a Board member by reason of death or Permanent Disability, then all shares at the time subject to the option shall immediately vest so that such option may, during the twelve (12)-month exercise period following such cessation of Board service, be exercised for all or any portion of those shares as fully-vested shares of Common Stock.

(iv) In no event shall the option remain exercisable after the expiration of the option term. Upon the expiration of the twelve (12)-month exercise period or (if earlier) upon the expiration of the option term, the option shall terminate and cease to be outstanding for any vested shares for which the option has not been exercised. However, the option shall, immediately upon the

Optionee's cessation of Board service for any reason other than death or Permanent Disability, terminate and cease to be outstanding to the extent the option is not otherwise at that time exercisable for vested shares.

II. Corporate Transaction/Change in Control/Hostile Take-Over

A. In the event of any Corporate Transaction, the shares of Common Stock at the time subject to each outstanding option but not otherwise vested shall automatically vest in full so that each such option shall, immediately prior to the effective date of the Corporate Transaction, become fully exercisable for all of the shares of Common Stock at the time subject to such option and may be exercised for all or any portion of those shares as fully-vested shares of Common Stock. Immediately following the consummation of the Corporate Transaction, each automatic option grant shall terminate and cease to be outstanding.

B. In connection with any Change in Control, the shares of Common Stock at the time subject to each outstanding option but not otherwise vested shall automatically vest in full so that each such option shall, immediately prior to the effective date of the Change in Control, become fully exercisable for all of the shares of Common Stock at the time subject to such option and may be exercised for all or any portion of those shares as fully-vested shares of Common Stock. Each such option shall remain exercisable for such fully-vested option shares until the expiration or sooner termination of the option term or the surrender of the option in connection with a Hostile Take-Over.

C. Upon the occurrence of a Hostile Take-Over, the Optionee shall have a thirty (30)-day period in which to surrender to the Corporation each of his or her outstanding automatic option grants. The Optionee shall in return be entitled to a cash distribution from the Corporation in an amount equal to the excess of (i) the Take-Over Price of the shares of Common Stock at the time subject to each surrendered option (whether or not the Optionee is otherwise at the time vested in those shares) over (ii) the aggregate exercise price payable for such shares. Such cash distribution shall be paid within five (5) days following the surrender of the option to the Corporation. No approval or consent of the Board or any Plan Administrator shall be required in connection with such option surrender and cash distribution.

D. Each option which is assumed in connection with a Corporate Transaction shall be appropriately adjusted, immediately after such Corporate Transaction, to apply to the number and class of securities which would have been issuable to the Optionee in consummation of such Corporate Transaction had the option been exercised immediately prior to such Corporate Transaction. Appropriate adjustments shall also be made to the exercise price payable per share under each outstanding option, provided the aggregate exercise price payable for such securities shall remain the same.

E. The grant of options under the Automatic Option Grant Program shall in no way affect the right of the Corporation to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

III. Remaining Terms

The remaining terms of each option granted under the Automatic Option Grant Program shall be the same as the terms in effect for option grants made under the Discretionary Option Grant Program.

ARTICLE SIX
MISCELLANEOUS

I. Financing

To the extent permitted by law, the Plan Administrator may permit any Optionee or Participant to pay the option exercise price under the Discretionary Option Grant Program or the purchase price of shares issued under the Stock Issuance Program by delivering a full-recourse, interest bearing promissory note payable in one or more installments. The terms of any such promissory note (including the interest rate and the terms of repayment) shall be established by the Plan Administrator in its sole discretion. In no event may the maximum credit available to the Optionee or Participant exceed the sum of (i) the aggregate option exercise price or purchase price payable for the purchased shares plus (ii) any Federal, state and local income and employment tax liability incurred by the Optionee or the Participant in connection with the option exercise or share purchase.

II. Tax Withholding

A. The Corporation's obligation to deliver shares of Common Stock upon the exercise of options or the vesting of restricted stock units or the issuance or vesting of such shares under the Plan shall be subject to the satisfaction of all applicable Federal, state and local income and employment tax withholding requirements.

B. The Plan Administrator may, in its discretion, provide any or all holders of Non-Statutory Options or unvested shares of Common Stock under the Plan (other than the options granted or the shares issued under the Automatic Option Grant Program) with the right to use shares of Common Stock in satisfaction of all or part of the Taxes incurred by such holders in connection with the exercise of their options or the vesting of their shares. Such right may be provided to any such holder in either or both of the following formats:

Stock Withholding: The election to have the Corporation withhold, from the shares of Common Stock otherwise issuable upon the exercise of such Non-Statutory Option or the vesting of such shares, a portion of those shares with an aggregate Fair Market Value equal to the percentage of the Taxes (not to exceed one hundred percent (100%)) designated by the holder.

Stock Delivery: The election to deliver to the Corporation, at the time the Non-Statutory Option is exercised or the shares vest, one or more shares of Common Stock previously acquired by such holder (other than in connection with the option exercise or share vesting triggering the Taxes) with an aggregate Fair Market Value equal to the percentage of the Taxes (not to exceed one hundred percent (100%)) designated by the holder.

III. Effective Date and Term of the Plan

A. The Plan shall become effective immediately upon the Plan Effective Date. Options may be granted under the Discretionary Option Grant or Automatic Option Grant Program and restricted stock units may be granted under the Restricted Stock Unit Program at any time on or after the Plan Effective Date. However, no options granted under the Plan may be exercised, and no shares shall be issued under the Plan, until the Plan is approved by the Corporation's stockholders. If such stockholder approval is not obtained within twelve (12) months after the Plan Effective Date, then all options previously granted under this Plan shall terminate and cease to be outstanding, and no further options shall be granted and no shares shall be issued under the Plan.

B. The Plan shall terminate upon the earliest of (i) the tenth anniversary of the Plan Effective Date, (ii) the date on which all shares available for issuance under the Plan shall have been issued as fully-vested shares or (iii) the termination of all outstanding options in connection with a Corporate Transaction. Upon such plan termination, all outstanding option grants, stock appreciation rights and unvested stock issuances shall thereafter continue to have force and effect in accordance with the provisions of the documents evidencing such grants or issuances.

IV. Amendment of the Plan

A. The Board shall have complete and exclusive power and authority to amend or modify the Plan in any or all respects. However, no such amendment or modification shall adversely affect the rights and obligations with respect to stock options or unvested stock issuances at the time outstanding under the Plan unless the Optionee or the Participant consents to such amendment or modification. In addition, certain amendments may require stockholder approval pursuant to (i) applicable laws or regulations in order to preserve the deductibility or other tax treatment of options and shares granted hereunder, (ii) the exemption of recipients of such shares or options from Section 16(b) of the 1934 Act or (iii) the listing requirements of any securities exchange on which the Common Stock is then listed for trading.

B. Options to purchase shares of Common Stock may be granted under the Discretionary Option Grant Program and shares of Common Stock may be issued under the Stock Issuance Program that are in each instance in excess of the number of shares then available for issuance under the Plan, provided any excess shares actually issued under those programs shall be held in escrow until there is obtained stockholder approval of an amendment sufficiently increasing the number of shares of Common Stock available for issuance under the Plan. If such stockholder approval is not obtained within twelve (12) months after the date the first such excess issuances are made, then (i) any unexercised options granted on the basis of such excess shares shall terminate and cease to be outstanding and (ii) the Corporation shall promptly refund to the Optionees and the Participants the exercise or purchase price paid for any excess shares issued under the Plan and held in escrow, together with interest (at the applicable Short Term Federal Rate) for the period the shares were held in escrow, and such shares shall thereupon be automatically cancelled and cease to be outstanding.

V. Use of Proceeds

Any cash proceeds received by the Corporation from the sale of shares of Common Stock under the Plan shall be used for general corporate purposes.

VI. Regulatory Approvals

A. The implementation of the Plan, the granting of any stock option under the Plan and the issuance of any shares of Common Stock (i) upon the exercise of any granted option or (ii) under the Stock Issuance Program shall be subject to the Corporation's procurement of all approvals and permits required by regulatory authorities having jurisdiction over the Plan, the stock options granted under it and the shares of Common Stock issued pursuant to it.

B. No shares of Common Stock or other assets shall be issued or delivered under the Plan unless and until there shall have been compliance with all applicable requirements of Federal and state securities laws, including the filing and effectiveness of the Form S-8 registration statement for the shares of Common Stock issuable under the Plan, and all applicable listing requirements of any stock exchange (or the Nasdaq Global Market, if applicable) on which Common Stock is then listed for trading.

VII. No Employment/Service Rights

Nothing in the Plan shall confer upon the Optionee or the Participant any right to continue in Service for any period of specific duration or interfere with or otherwise restrict in any way the rights of the Corporation (or any Parent or Subsidiary employing or retaining such person) or of the Optionee or the Participant, which rights are hereby expressly reserved by each, to terminate such person's Service at any time for any reason, with or without cause.

APPENDIX

The following definitions shall be in effect under the Plan:

A. "Automatic Option Grant Program" shall mean the automatic option grant program in effect under the Plan.

B. "Board" shall mean the Corporation's Board of Directors.

C. "Change in Control" shall mean a change of control of the Corporation of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A (or in response to any similar item on any similar schedule or form) promulgated under the 1934 Act whether or not the Corporation is then subject to such reporting requirement; provided, however, that, without limitation, such a Change in Control shall be deemed to have occurred if:

(i) any person or group (as such terms are used in connection with Sections 13(d) and 14(d) of the 1934 Act) becomes the "beneficial owner" (as defined in Rule 13d-3 and 13d-5 under the 1934 Act), directly or indirectly, of securities of the Corporation representing 35% or more of the combined voting power of the Corporation's then outstanding securities;

(ii) the Corporation is a party to a merger, consolidation, sale of assets or other reorganization, or a proxy contest, as a consequence of which members of the Board in office immediately prior to such transaction or event constitute less than a majority of the Board thereafter; or

(iii) during any period of twenty-four consecutive months, individuals who at the beginning of such period constituted the Board (including for this purpose any new director whose election or nomination for election by the Corporation's stockholders was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of such period) cease for any reason to constitute at least a majority of the Board.

Notwithstanding the foregoing provisions of this Section C, a "Change in Control" will not be deemed to have occurred solely because of the acquisition of securities of the Corporation (or any reporting requirement under the 1934 Act relating thereto) by an employee benefit plan maintained by the Corporation for its employees.

D. "Code" shall mean the Internal Revenue Code of 1986, as amended.

E. "Common Stock" shall mean the Corporation's common stock.
