**PROXY STATEMENT
for
ANNUAL MEETING OF STOCKHOLDERS**

This Proxy Statement is furnished in connection with the solicitation of proxies to be voted at the 2006 Annual Meeting of Stockholders of TD Ameritrade Holding Corporation (the Company). The 2006 Annual Meeting will be held on Thursday, March 9, 2006 at 10:30 a.m., Central Standard Time, at the Joslyn Art Museum, 2200 Dodge Street in Omaha, Nebraska. This Proxy Statement and the accompanying proxy card are first being sent to stockholders on or about February 3, 2006.

GENERAL INFORMATION ABOUT THE MEETING

Quorum and Voting Requirements

The Company has one class of Common Stock. Each share of Common Stock is entitled to one vote upon each matter to be voted on at the Annual Meeting. Stockholders do not have the right to cumulate votes in the election of directors. Only stockholders of record at the close of business on January 26, 2006 (the Record Date) will be entitled to vote at the Annual Meeting. As of the Record Date, there were 603,496,440 shares of Common Stock issued and outstanding.

All shares of the Company's Common Stock represented by properly executed and unrevoked proxies will be voted by the Board of Directors of the Company in accordance with the directions given therein. Where no instructions are indicated, properly executed proxies will be voted FOR the proposals set forth in this Proxy Statement for consideration at the Annual Meeting. At this time, we are unaware of any matters, other than set forth above, that may properly come before the Annual Meeting. If any other matters properly come before the Annual Meeting, the persons named as proxies will vote in accordance with their judgment with respect to such matters. The directors expect shares of the Common Stock held by executive officers and directors of the Company will be voted FOR such proposals. Such shares represent approximately 16 percent of the Common Stock outstanding as of the Record Date.

The accompanying proxy is solicited from the holders of the Common Stock on behalf of the Board of Directors of the Company and is revocable at any time by giving written notice of revocation to the Secretary of the Company prior to the Annual Meeting or by executing and delivering a later-dated proxy via the Internet, telephone or mail prior to the Annual Meeting. Furthermore, the stockholders who are present at the Annual Meeting may revoke their proxies and vote in person.

A quorum consisting of at least a majority of shares of Common Stock issued and outstanding must be present at the meeting for any business to be conducted. Shares of Common Stock entitled to vote and represented by properly executed, returned and unrevoked proxies, including shares with respect to which votes are withheld, abstentions are cast or there are broker non-votes, will be considered present at the Annual Meeting for purposes of determining a quorum.

Voting Electronically

In order to vote online or via telephone, go to the **www.ProxyVote.com** Web site or call the toll-free number on the enclosed proxy card, and follow the instructions. If you would like to receive future stockholder materials electronically, please enroll at **www.investordelivery.com**. Please have the proxy card you received in hand when

accessing the site.

Please refer to the proxy card enclosed herewith or to the e-mail announcement that you may have received for voting instructions. If you choose not to vote electronically, please complete and return the paper proxy card in the pre-addressed, postage-paid envelope provided herewith.

If you elected to receive this Proxy Statement electronically over the Internet and would now like to receive a paper copy of this Proxy Statement so that you may submit a paper proxy in lieu of an electronic proxy, please notify the Secretary of the Company of this request in writing at the address set forth at the top of this page.

Broker Non-Votes

Broker non-votes are shares held by brokers or nominees as to which voting instructions have not been received from the beneficial owners or the persons entitled to vote those shares and the broker or nominee does not have discretionary voting power under rules applicable to broker-dealers. Under these rules, the proposal to approve the amendment and restatement of the Company's 1996 Long-Term Incentive Plan is not an item on which brokerage firms may vote in their discretion on behalf of their clients if such clients have not furnished voting instructions within ten days of the Annual Meeting. Any broker non-votes submitted by brokers or nominees in connection with the Annual Meeting will not be counted for purposes of determining the number of votes cast on the proposal related to the amendment and restatement of the Company's 1996 Long-Term Incentive Plan, but will be treated as present for quorum purposes. The proposal to approve the amendment and restatement of the Company's 1996 Long-Term Incentive Plan is required to be approved by the holders of a majority of the shares of Company Common Stock present or represented by proxy and voting on the applicable matter and therefore abstentions and broker non-votes will have no effect on this proposal.

PROPOSAL 1

ELECTION OF DIRECTORS

Board of Directors

The Company's restated certificate of incorporation divides the Company's Board of Directors into three classes, with four directors per class and with each class being elected to a staggered three-year term. J. Joe Ricketts, the Company's Chairman and Founder, certain members of his family and trusts established for their benefit (collectively, the Ricketts holders) owned approximately 18 percent of our Common Stock as of the Record Date. The Toronto-Dominion Bank, a Canadian chartered bank (TD) owned approximately 32.5 percent of our Common Stock as of the Record Date. In connection with the acquisition of TD Waterhouse, the Ricketts holders and TD entered into a stockholders agreement (the Stockholders Agreement), effective June 22, 2005. Under the Stockholders Agreement, the Company's Board of Directors consists of twelve members, five of whom are designated by TD, three of whom are designated by the Ricketts holders, one of whom is the chief executive officer of TD Ameritrade, and three of whom are outside independent directors, who are designated by the existing outside independent directors of TD Ameritrade, subject to the consent of TD and the Ricketts holders. The right of each of TD and the Ricketts holders to designate directors is subject to their maintenance of specified ownership thresholds of TD Ameritrade Common Stock as set forth in the Stockholders Agreement. Because TD and the Ricketts holders collectively own more than 50 percent of the voting power of the outstanding Common Stock of the Company, the Company qualifies as a controlled company for purposes of NASD Rule 4350(c) and, as such, is exempt from specified director independence requirements of The Nasdaq Stock Market.

The Board of Directors has nominated the following persons as directors to be voted upon at the 2006 Annual Meeting: W. Edmund Clark, Michael D. Fleisher, Joseph H. Moglia and Thomas S. Ricketts as Class I directors to serve terms ending at the 2009 Annual Meeting and Glenn H. Hutchins, who is presently a Class I director, as a Class II director to serve a term ending at the 2007 Annual Meeting. Mr. Clark is a designee of TD, Messrs. Fleisher and Hutchins are outside independent directors, Mr. Moglia is the chief executive officer of the Company, and Mr. Thomas Ricketts is a designee of the Ricketts holders.

J. Peter Ricketts, Marshall A. Cohen and Daniel A. Marinangeli are Class II directors serving terms ending at the 2007 Annual Meeting. J. Joe Ricketts, Dan W. Cook III, Wilbur J. Prezzano and Fredric J. Tomczyk are Class III directors serving terms ending at the 2008 Annual Meeting. The Board of Directors has determined that Messrs. Cohen, Cook, Fleisher, Hutchins and Prezzano are independent as defined in NASD Rule 4200.

This Proxy Statement relates only to the solicitation of proxies from the stockholders with respect to the election of four Class I directors and one Class II director to be elected by them and the other matters described herein. The Board of Directors knows of no reason any of Messrs. Clark, Fleisher, Hutchins, Moglia and Thomas Ricketts might be unavailable to serve as directors, and each has expressed an intention to serve, if elected. If any of Messrs. Clark, Fleisher, Hutchins, Moglia and Thomas Ricketts is unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute nominee as the Board of Directors may recommend. With the exception of the Stockholders Agreement, there are no arrangements or understandings between any of the persons nominated to be a Class I or a Class II director and any other person pursuant to which any of such nominees was selected.

The election of a director requires the affirmative vote of a plurality of the shares of Common Stock present in person or represented by proxy at the meeting and entitled to vote; provided that a quorum of at least a majority of the outstanding shares of Common Stock are represented at the meeting. Shares of Common Stock held by stockholders electing to abstain from voting and broker non-votes will be counted towards the presence of a quorum but will not be considered present and voting. Therefore, abstentions and broker non-votes will have no impact on the election of directors. Proxies submitted pursuant to this solicitation will be voted for the election of each of Messrs. Clark, Fleisher, Moglia and Thomas Ricketts as Class I directors and Mr. Hutchins as a Class II director, unless specified otherwise.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE **FOR** THE ELECTION OF W. EDMUND CLARK, MICHAEL D. FLEISHER, JOSEPH H. MOGLIA AND THOMAS S. RICKETTS AS CLASS I DIRECTORS AND FOR THE ELECTION OF GLENN H. HUTCHINS AS A CLASS II DIRECTOR.

Board Meetings and Committees

The Board of Directors conducts its business through meetings of the board, actions taken by written consent in lieu of meetings and by the actions of its committees. During the fiscal year ended September 30, 2005, the Board of Directors held 26 meetings and took action by written consent five times. During fiscal year 2005, each director attended at least 75 percent of the aggregate number of meetings of the Board of Directors and meetings of the committees of the Board of Directors on which he served. Although the Company does not have a formal policy regarding director attendance at our Annual Meeting of Stockholders, we encourage directors to attend. Six of the eight directors attended the 2005 Annual Meeting of Stockholders.

The Board of Directors has established four standing committees: Audit, Compensation, Outside Independent Directors and Non-TD Directors. On February 9, 2005, the Board of Directors decided to form an independent Special Committee to review, evaluate, investigate and negotiate the terms of a possible transaction with TD, and any alternative transaction, and to determine whether the transaction with TD, or an alternative transaction, was fair to, and in the best interests of, the Company and its stockholders. The Board of Directors appointed Messrs. Fleisher and Mark L. Mitchell, both of whom the Board of Directors determined to be independent directors with respect to the potential transaction, to serve as members of the Special Committee. Following the 2005 Annual Meeting of Stockholders on February 16, 2005, the Board of Directors held a regularly scheduled meeting at which it appointed Mr. Cook, a newly elected director, who the Board of Directors determined to be independent with respect to the potential transaction, to the Special Committee to serve with Messrs. Fleisher and Mitchell. The Special Committee held 11 meetings during the fiscal year ended September 30, 2005.

Audit Committee. The functions performed by the Audit Committee are described in the Audit Committee Charter and include (i) overseeing the Company's internal accounting and operational controls as well as its financial and regulatory reporting, (ii) selecting the Company's independent auditors and managing director of corporate audit, and assessing their performance on an ongoing basis, (iii) reviewing the Company's financial statements and audit findings, and taking any action considered appropriate by the Audit Committee and the Board of Directors, (iv) performing other oversight functions as requested by the full Board of Directors and (v) reporting activities performed to the full Board of Directors. The Audit Committee Charter was adopted by unanimous written consent of the Board of Directors on September 5, 2002 and subsequently adopted by the Audit Committee at the October 3, 2002 Audit Committee meeting. The Charter was reviewed and reaffirmed by the Audit Committee at the November 15, 2005 Audit Committee meeting. The Audit Committee Charter is available on the Company's Web site at www.amtd.com and is attached to this proxy statement as Appendix A. The Audit Committee is currently composed of Messrs. Fleisher, Prezzano and Cohen. Mr. Fleisher serves as the Audit Committee's chairman. All current Audit Committee members are independent as defined in the applicable listing standards of The Nasdaq Stock Market. The

Board of Directors has determined that each Audit Committee member has sufficient knowledge in financial and auditing matters to serve on the committee. The Board of Directors has also designated Mr. Fleisher as an audit committee financial expert as defined by the SEC. The Company's Audit Committee met 16 times during fiscal year 2005. The Report of the Audit Committee for the

fiscal year ended September 30, 2005 appears under PROPOSAL 2 RATIFICATION OF APPOINTMENT OF AUDITOR.

Compensation Committee. The Compensation Committee reviews and approves broad compensation philosophy and policy and changes in executive salary levels, bonus payments and equity awards pursuant to the Company's management incentive plans as outlined below. The Compensation Committee is currently composed of Messrs. Hutchins, Cook and Tomczyk. Mr. Hutchins serves as the Compensation Committee's chairman. The Compensation Committee Charter is available on the Company's Web site at www.amtd.com. The Company's Compensation Committee met three times during fiscal year 2005. The Report of the Compensation Committee on Executive Compensation appears under EXECUTIVE COMPENSATION.

Nominations Committee. The Nominations Committee's purpose was to assist the Board of Directors in fulfilling the board's oversight responsibilities by (1) identifying individuals qualified to serve on the board; (2) reviewing the qualifications of the members of the board and recommending nominees to fill vacancies on the board; and (3) recommending a slate of nominees for election or reelection as directors by the corporation's stockholders at the Annual Meeting to fill the seats of outside independent directors whose terms are expiring. In connection with the acquisition of TD Waterhouse Group, Inc., the Board of Directors constituted the Outside Independent Directors Committee, which will take the place of the Nominations Committee. The Nominations Committee's Charter provided that its members were to be independent as defined under applicable Nasdaq Stock Market listing standards and were not to include any director designated by investment funds affiliated with Silver Lake Partners and TA Associates or the Ricketts holders pursuant to a stockholders agreement. The Nominations Committee was composed of Messrs. Cook, Fleisher, and Mark L. Mitchell. All Nominations Committee members were independent as defined in the applicable listing standards of The Nasdaq Stock Market. Mr. Mitchell served as the Nominations Committee's chairman. The Company's Nominations Committee met three times during fiscal year 2005.

Outside Independent Directors (OID) Committee. On January 19, 2006, in accordance with the provisions of the Stockholders Agreement and effective as of the closing of the acquisition of TD Waterhouse Group, the Board of Directors constituted the OID Committee. The OID Committee will take the place of the Nominations Committee and generally will serve the same purpose as the Nominations Committee served. The members of the OID Committee are Messrs. Cook, Fleisher, and Hutchins. All current OID Committee members are independent as defined in the applicable listing standards of The Nasdaq Stock Market. In accordance with the Stockholders Agreement, the OID Committee will not include any director designated by TD or the Ricketts holders.

Written communications submitted by stockholders pursuant to the Company's Stockholder Communications Policy, recommending the nomination of a person to be a member of the Company's Board of Directors, will be forwarded to the chair of the OID Committee for consideration. The OID Committee will consider director candidates who have been identified by other directors or the Company's stockholders but it has no obligation to recommend such candidates for nomination except as may be required by contractual obligation of the Company. Stockholders who submit director recommendations must include the following: (a) a detailed resume outlining the candidate's knowledge, skills and experience, (b) a one-page summary of the candidate's attributes, including a statement as to why the candidate is an excellent choice for the board, (c) a detailed resume of the stockholder submitting the director recommendation and (d) the number of shares held by the stockholder, including the dates such shares were acquired. The Company has retained a professional search firm to assist in identifying candidates, performing background research and conducting the interview process.

The Nominations Committee Charter, which will serve as the basis for the OID Committee Charter, establishes guidelines for identifying and evaluating candidates for selection to the board as follows:

1. Decisions for recommending candidates for nomination shall be based on merit, qualifications, performance, character and integrity and the Company's business needs and shall comply with the Company's anti-discrimination policies and federal, state and local laws.

2. The composition of the entire board shall be taken into account when evaluating individual directors, including: the diversity, depth and breadth of knowledge, skills, experience and background represented on the board; the need for financial, business, financial industry, public company and other experience and expertise

on the board and its committees; and the need to have directors work cooperatively to further the interests of the Company and its stockholders.

3. Candidates shall be free of conflicts of interest that would interfere with their ability to discharge their duties as a director.
4. Candidates shall be willing and able to devote the time necessary to discharge their duties as a director and shall have the desire and purpose to represent and advance the interests of the Company and stockholders as a whole.
5. The OID Committee may determine any other criteria.

Notwithstanding any provision to the contrary in the OID Committee Charter, when the Company is legally required by contractual obligation to provide third parties with the ability to nominate directors (including pursuant to the Stockholders Agreement discussed below under the heading "Stockholders Agreement") the selection and nomination of such directors shall not be subject to the committee's review and recommendation process.

Non-TD Directors Committee. The Non-TD Directors Committee is composed of all of the directors not designated by TD. The purpose of this committee is to make determinations relating to any acquisition by TD Ameritrade of a competing business held by TD. The Non-TD Directors Committee is currently composed of Messrs. J. Joe Ricketts, Cook, Fleisher, Hutchins, Moglia, J. Peter Ricketts and Thomas Ricketts. This committee has not yet met.

Stockholder Communications Policy

Stockholders may communicate with any member of the Board of Directors, including the chairperson of any committee, an entire committee or the independent directors or all directors as a group, by sending written communications to:

Chief Administrative Officer
TD Ameritrade Holding Corporation
4211 South 102nd Street
Omaha, Nebraska 68127

A stockholder must include his, her or its name and address in any such written communication and indicate whether he, she or it is a Company stockholder.

The Chief Administrative Officer will compile all communications, summarize lengthy, repetitive or duplicative communications and forward them to the appropriate director or directors. Complaints regarding accounting, internal controls or auditing will be forwarded to the chair of the Audit Committee. The Chief Administrative Officer will not forward non-substantive communications or communications that pertain to personal grievances to directors, but will instead forward them to the appropriate department within the Company for resolution. The Chief Administrative Officer will retain a copy of such communications for review by any director upon his or her request.

Compensation of Directors

The Company maintains the Ameritrade Holding Corporation 1996 Directors Incentive Plan (the "Directors Plan"), administered by the Compensation Committee, pursuant to which non-employee directors are granted various equity awards and may make elections with respect to the payment of their retainers and fees. Specifically, the Directors Plan provides that, upon a non-employee director's election to the board for his or her first term, the director will receive (a) a stock option to purchase such number of shares of the Company's Common Stock as determined by the Chairman

of the board and approved by the board and (b) an award of restricted stock, the fair market value of which is equal to approximately \$20,000 or such other amount determined by the Chairman of the Board and approved by the board from time to time. Non-employee directors may also be awarded stock options other than upon their initial election to the board as determined from time to time by the board. Awards made pursuant to the Directors Plan will generally vest in substantially equal annual installments over a period of three years, beginning with the first anniversary of the grant date. The exercise price of options granted under the Directors Plan may not be less than the fair market value of a share of the Company's Common Stock on the date of

the grant of the option. The expiration date with respect to an award under the Directors Plan is the earlier of the ten-year anniversary of the date on which the award is granted or the one-year anniversary of the date on which the non-employee director's service as a director of the Company terminates for cause. Options are not exercisable after the expiration date. Restricted stock that is not vested on the expiration date is forfeited.

Employee directors do not receive compensation for services provided as a director. Non-employee directors receive an annual retainer payable in advance. For fiscal year 2005, the annual retainer was \$25,000. Fifty percent of the retainer is payable in cash and fifty percent is payable in the form of Common Stock, provided that, if a director has met the Company's equity ownership guidelines, the director may elect to receive all or any portion of the stock retainer in cash. Non-employee directors receive payments of \$1,500 for quarterly meetings and \$1,000 for committee meetings, all payable quarterly in arrears in the form of cash or Common Stock at the election of the director. The foregoing elections and payments are made pursuant to the Directors Plan. Awards for periods of less than 12 months are calculated and determined by the board.

Pursuant to the Directors Plan, non-employee directors may elect to defer receipt of all or a portion of the retainer and meeting and committee fees otherwise payable to the non-employee director, including those amounts that would otherwise be payable to the non-employee director in the form of Common Stock. Amounts deferred pursuant to a non-employee director's election are credited to a bookkeeping account, which consists of a Cash Subaccount reflecting amounts that would otherwise have been payable to the non-employee director in cash and a Stock Subaccount reflecting amounts that would otherwise have been payable to the non-employee director in Common Stock. As of the first day of each fiscal quarter, the Cash Subaccount is adjusted to reflect contributions and distributions during the preceding fiscal quarter and is credited with interest computed at the prime rate as reported by the Wall Street Journal for that date (or, if that day is not a business day, the next preceding business day). The Stock Subaccount is credited with stock units as of each day that a deferred amount would otherwise have been payable to the non-employee director in Common Stock, is charged with stock units as of each day on which amounts are distributed from the Stock Subaccount and is credited with stock units as of each record date to reflect dividends paid, if any, on the Common Stock. For purposes of the adjustments to the Stock Subaccount, one stock unit corresponds to one share of Common Stock.

Deferred amounts are payable to non-employee directors as of a distribution date elected by the non-employee director at the time of the deferral. If no distribution date is specified, payments begin as of the first business day of January of the year following the date on which the non-employee director ceases to be a director of the Company for any reason. Distributions of deferred amounts can be made in ten annual installments commencing on the distribution date elected. A non-employee director may also elect to have payments in a lump sum or in any number of annual payments not exceeding ten. If a non-employee director dies prior to the full payment of his deferral account, the balance will be paid in a lump sum to a beneficiary designated by the non-employee director. The Compensation Committee may also distribute the full balance of a non-employee director's deferral account in a lump sum at any time.

Directors are reimbursed by the Company for travel and entertainment expenses incurred while attending board or committee meetings or while on Company business, including first class airfare between their home cities and the location of the meeting, business meals while on Company business, ground transportation and miscellaneous expenses such as tips and mileage. Hotel charges are billed directly to the Company for directors attending board or committee meetings.

Section 16(a) Beneficial Ownership Reporting Compliance

Based solely upon the Company's review of forms filed by directors, officers and certain beneficial owners of the Company's Common Stock (the Section 16(a) Reporting Persons) pursuant to Section 16 of the Securities Exchange Act of 1934 (the 1934 Act), the Company has not identified any late filings by the Section 16(a) Reporting Persons.

Stock Ownership of Certain Beneficial Owners and Management

As of the Record Date, there were 603,496,440 shares of Common Stock issued and outstanding. The following table sets forth, as of the Record Date, the beneficial ownership of the Company's Common Stock by each of the executive officers named in the Summary Compensation Table, by directors and nominees, by each person believed by the Company to beneficially own more than 5 percent of the Company's Common Stock, by all current executive officers and directors of the Company as a group, and by certain other TD Ameritrade stockholders. Shares of Common Stock subject to options that are exercisable within 60 days of the Record Date are deemed beneficially owned by the person holding such options and are treated as outstanding for the purpose of computing the percentage of ownership of such person, but are not treated as outstanding for the purpose of computing the percentage of any other person.

Stockholders Agreement

Concurrently with entering into the share purchase agreement related to Ameritrade's acquisition of TD Waterhouse Group, Inc., Ameritrade, the Ricketts holders and TD entered into a Stockholders Agreement. The

Stockholders Agreement contains certain governance arrangements and various provisions relating to board composition, stock ownership, transfers by TD and the Ricketts holders, voting and other matters.

Governance of TD Ameritrade. The Stockholders Agreement provides that the Board of Directors of the Company consists of twelve members, five of whom are designated by TD, three of whom are designated by the Ricketts holders, one of whom is the chief executive officer of the Company, and three of whom are OID directors, who were initially designated from among Ameritrade's current independent directors and thereafter will be designated by the existing OID directors of the Company, subject to the consent of TD and the Ricketts holders. The number of directors designated by TD and the Ricketts holders will depend on their maintenance of specified ownership thresholds of Common Stock and may increase or decrease from time to time based on those ownership thresholds, but will never exceed five (in the case of TD) or three (in the case of the Ricketts holders). The Company Board of Directors will continue to be classified into three classes, with each class serving staggered three-year terms. Subject to applicable laws and certain conditions, the Company has caused and will continue to cause each committee of its Board of Directors (other than the OID committee and a committee of the Board of Directors comprised solely of all directors who are not TD directors) to consist of two of the directors designated by TD, one of the directors designated by the Ricketts holders, and two of the OID directors. These levels of committee representation are subject to adjustment from time to time based on TD's and the Ricketts holders' maintenance of specified ownership thresholds. The parties to the Stockholders Agreement each agreed to vote their shares of Common Stock in favor of, and TD Ameritrade agreed that it would solicit votes in favor of, each director nominated for election in the manner provided for in the Stockholders Agreement.

Tender Offer and Share Ownership. The Stockholders Agreement provides that following consummation of the acquisition of TD Waterhouse, TD will commence a cash tender offer pursuant to which TD will offer to purchase a number of shares of Common Stock such that, upon successful completion of the offer, TD will beneficially own 39.9 percent of the outstanding voting securities of the Company. If J. Joe Ricketts elects to participate in the tender offer, he may offer to purchase up to the number of shares of Common Stock such that, upon successful completion of the tender offer, the Ricketts holders collectively own 29 percent of the outstanding voting securities of the Company. The offer price will be no less than \$16 per share and the offer will not be subject to any minimum condition on the number of shares tendered. The Stockholders Agreement further provides that following the completion of the tender offer, TD may acquire additional shares of Common Stock only up to an aggregate beneficial ownership interest of 39.9 percent of the outstanding voting securities of the Company for a period of three years following completion of the acquisition of TD Waterhouse, and up to an aggregate beneficial ownership of 45 percent for the remaining term of the Stockholders Agreement, and the Ricketts holders may acquire additional shares of Common Stock only up to an aggregate ownership interest of 29 percent of the outstanding Common Stock. The Stockholders Agreement also provides that TD will not, subject to certain exceptions, solicit proxies with respect to Common Stock. Despite the limitations on TD's ownership described above, the Stockholders Agreement permits TD to make a non-public proposal to the Company Board of Directors to acquire additional shares pursuant to a tender offer or merger for 100 percent of the outstanding voting securities of the Company and to complete such a transaction, subject to the approval of independent directors and holders of a majority of the outstanding shares of Common Stock not affiliated with TD.

Right to Purchase Securities. In addition, TD and the Ricketts holders have the right to purchase up to their respective proportionate share of future issuances of Common Stock, other than in connection with the Company stock issued as consideration in an acquisition by the Company and certain other issuances specified in the Stockholders Agreement. If the Company proposes to issue shares as consideration in an acquisition, the Company will discuss in good faith with TD and the Ricketts holders alternative structures in which a portion of such shares would be sold to TD or the Ricketts holders, with the proceeds of such sale used to fund the acquisition.

The Stockholders Agreement further provides that if the Company engages in discussions with a third party that could result in the acquisition by such party of 25 percent of the voting securities or consolidated assets of the Company, the Company must offer TD the opportunity to participate in parallel discussions with the Company regarding a comparable transaction.

Transfer Restrictions. The Stockholders Agreement generally prohibits TD and the Ricketts holders from transferring shares of Common Stock, absent approval of the independent directors, to any holder of 5 percent or

more of the outstanding shares of the Company, subject to certain exceptions. For so long as TD and the Company constitute the same audit client, TD may not engage the auditor of the Company, and the Company will not engage the auditors of TD, to provide any non-audit services.

Information Rights. Subject to confidentiality and nondisclosure obligations, TD, for so long as it owns at least 15 percent of the outstanding shares of Common Stock, is entitled to access to and information regarding the Company's business, operations and plans as TD may reasonably require to appropriately manage and evaluate its investment in the Company and to comply with its obligations under U.S. and Canadian laws.

Obligation to Repurchase Shares. If the Company issues shares of its Common Stock pursuant to any compensation or similar program or arrangement, then the Company will, subject to certain exceptions, use its reasonable efforts to repurchase a corresponding number of shares of its Common Stock in the open market within 120 days after any such issuance.

Non-Competition Covenants. Subject to specified exceptions, the Stockholders Agreement generally provides that none of TD, J. Joe Ricketts, so long as he is a director of the Company, or any of their respective affiliates may participate in or own any portion of a business engaged in the business of providing securities brokerage services in the U.S. (or, solely in the case of Mr. Ricketts and his affiliates, in Canada) to retail traders, individual investors and registered investment advisors. If TD acquires indirectly such a competing business as a result of its acquisition of a non-competing business, TD must offer to sell the competing business to the Company at its appraised fair value as determined in accordance with the terms of the Stockholders Agreement. If the Company decides not to purchase the competing business, TD must use commercially reasonable efforts to divest the competing business within two years. Mr. Ricketts, TD and their affiliates are permitted under the terms of the Stockholders Agreement to own a passive investment representing less than 2 percent of a class of equity securities of a competing business so long as the class of equity securities is traded on a national securities exchange in the U.S. or the Toronto Stock Exchange or quoted on the Nasdaq National Market. TD also is permitted to engage in certain activities in the ordinary course of its banking and securities businesses. In addition, Ameritrade has agreed that it will not hold or acquire control of a bank or similar depository institution except (1) incidentally in connection with the acquisition of an entity not principally engaged in the banking business or (2) in the event that TD does not hold control of any bank or similar depository institution which is able to offer money market deposit accounts to clients of the Company as a designated sweep vehicle or TD has indicated that it is not willing to offer such accounts to clients of the Company through one or more of any banks or similar depository institutions it controls.

Termination of the Stockholders Agreement. The Stockholders Agreement will terminate (1) with respect to the Ricketts holders, when their aggregate ownership of Common Stock falls below approximately 4 percent, and (2) upon the earliest to occur of (a) the consummation of a merger or tender offer where TD acquires 100 percent of the Common Stock, (b) the tenth anniversary of the consummation of the acquisition of TD Waterhouse, (c) the date on which TD's ownership of Common Stock falls below approximately 4 percent of the outstanding voting securities of the Company, (d) the commencement by a third party of a tender offer or exchange offer for not less than 25 percent of Common Stock unless the Company board recommends against such tender offer or exchange offer and continues to take steps to oppose such tender offer or exchange offer, (e) the approval by the Company board of a business combination that would result in another party owning 25 percent of the voting securities or consolidated assets of the Company or which would otherwise result in a change of control of the Company, or (f) the acquisition of 20 percent of the voting securities of the Company by a third party. For a period of up to one year following a termination under (2)(d), (2)(e) or (2)(f) above, TD and the Ricketts holders will be prohibited from acquiring shares of Common Stock that would cause, in the case of TD, its aggregate ownership to exceed 45 percent (39.9 percent in the first three years following the completion of the acquisition of TD Waterhouse) or, in the case of the Ricketts holders, 29 percent, except pursuant to a tender offer or merger for 100 percent of the outstanding shares of Common Stock approved by the holders of a majority of the outstanding shares of Common Stock (other than the Ricketts

holders and TD). In addition, during that one-year period, the provisions of the Stockholders Agreement relating to the designation of directors and certain other provisions will remain in effect.

Employment and Severance Agreements

The Company currently has employment agreements with each of its Named Executive Officers.

Joseph H. Moglia, Chief Executive Officer. Mr. Moglia's employment agreement was entered into as of March 1, 2001 and had a two-year initial term. The agreement was renewed for an additional two-year term on March 1, 2003. On December 15, 2004, the Company and Mr. Moglia agreed to amend and restate Mr. Moglia's employment agreement. As amended, Mr. Moglia's employment agreement was extended through September 30, 2005 at the same salary and annual bonus target. This agreement has expired, but the parties continue to perform under the terms of this agreement. Either party may terminate the employment agreement with or without cause. Pursuant to the original agreement, Mr. Moglia was paid a signing bonus of \$1.3 million and was reimbursed for relocation costs. The original agreement provided for the payment of a base salary of \$600,000 per year, a one-time benefit of \$15.6 million pursuant to a deferred compensation plan that vested as of March 1, 2003 and is payable upon his termination, and participation in other employee benefits under the various benefit plans and programs

maintained by the Company. The original agreement was amended in 2002 to provide Mr. Moglia an annual bonus with a target of \$625,000. In addition, the original agreement provided that, if Mr. Moglia were still employed by the Company as of March 1, 2003, he would be awarded stock options with respect to 2 percent of the then outstanding shares of Company Common Stock. If Mr. Moglia is discharged from employment by the Company without cause or terminates his employment under circumstances that constitute constructive dismissal, all of his stock options will vest. Under the deferred compensation plan established in connection with the original agreement, Mr. Moglia is entitled to a deferred payment of cash compensation, as adjusted for earnings and losses based on investment performance. The balance in the deferred compensation account vested pro rata on a daily basis over the initial two-year term. Payments of the deferred compensation account balance shall begin as soon as practicable after Mr. Moglia's termination date and may be made in a lump sum or installments over a period of not more than 10 years, as elected by Mr. Moglia in accordance with the plan. If Mr. Moglia dies before the vested balance in his deferred compensation account is paid to him, the vested balance will be paid in a lump sum to a beneficiary named by him. Pursuant to the December 15, 2004 agreement, Mr. Moglia will be entitled to fly on private aircraft when traveling on Company-related business. Mr. Moglia will establish a budget for private air travel which is subject to the approval by the Company's Board of Directors and which will not exceed \$200,000 for the remainder of the employment term as extended.

The original agreement provides that, if a change in control of the Company occurs, Mr. Moglia's employment will automatically terminate and he will be entitled to the payments and benefits to which he would otherwise be entitled under the agreement had he continued in employment with the Company through both the initial and additional two-year terms. On January 19, 2006, Mr. Moglia entered into an employment agreement addendum with the Company, which specifies that the acquisition of TD Waterhouse Group, Inc. does not constitute a change in control for purposes of his employment agreement and stock option agreements. Pursuant to the December 15, 2004 agreement, Mr. Moglia has agreed not to compete with the Company from the end of the term of his employment through September 30, 2006. He will be entitled to receive noncompetition payments during the period in which the agreement not to compete is in effect equal to the payments (salary, bonus and health and disability insurance) he currently receives under his employment agreement.

Following Mr. Moglia's retirement at the end of the term of his amended employment agreement, Mr. Moglia would be given the title of CEO Emeritus of the Company. He will be entitled to retain this title for no more than five years, subject to earlier termination upon his death, his commencement of other employment, or his engaging in specified conduct that would permit termination for cause under his existing employment agreement. Mr. Moglia would be required to relinquish his title of CEO Emeritus of the Company upon the approval of a majority of the Company's Board of Directors following the recommendation of the then Company Chief Executive Officer. As CEO Emeritus of the Company, Mr. Moglia would be expected to perform the duties consistent with those of a CEO Emeritus of a public company as requested from time to time by the Company's Board of Directors. While CEO Emeritus of the Company, Mr. Moglia would be entitled to the following benefits: (a) an office at the Company's headquarters, subject to relocation at the Company's or Mr. Moglia's request to a location in the continental United States of Mr. Moglia's choice, the cost of such office shall not substantially exceed the cost of providing Mr. Moglia an office in Omaha at September 30, 2005; (b) an assistant at his office location, the cost of such assistant not to substantially exceed the cost of providing Mr. Moglia an assistant in Omaha at September 30, 2005; and (c) the ability to utilize private air travel when traveling at the Company's request on Company's business, subject to the same terms as apply to private air travel at September 30, 2005. If Mr. Moglia's status as CEO Emeritus of the Company is terminated by the Company's Board of Directors, Mr. Moglia would be entitled to continue to receive the benefits described in (a) and (b) in the preceding sentence for a period equal to the lesser of 24 months after he relinquishes the title of CEO Emeritus of the Company or the remainder of the CEO Emeritus term.

Under an agreement between the Company and Mr. Moglia, dated September 13, 2001, the Company agreed to lend Mr. Moglia the Medicare tax amounts due from time to time resulting from his vesting in benefits under the deferred

compensation plan. Mr. Moglia is required to repay the loan, which does not bear interest, at the time of termination of his employment. The Company may set off the amount of the loan against the amount that would otherwise be payable to Mr. Moglia under the deferred compensation plan. For periods prior to the termination of his employment, the Company will reimburse Mr. Moglia annually for all taxes imposed on the interest imputed to Mr. Moglia.

J. Joe Ricketts, Chairman and Founder. Mr. Ricketts' employment agreement was entered into as of October 1, 2001 and has a seven-year term. Either party may terminate the agreement with or without cause. The agreement provides for the payment of a base salary of not less than \$650,000 per year, an annual bonus with a target level for each of fiscal years 2002 and 2003 of not less than 75 percent of his base salary, grants of stock options pursuant to the Company's long term incentive plan with a target award value for each of fiscal years 2002 and 2003 of not less than \$1,200,000, employee assistance program payments and tax payments, fully equipped home offices, participation in employee benefits plans and programs maintained by the Company, and reimbursement for reasonable fees and expenses for legal, tax, accounting, financial and estate planning counseling and services and some insurance coverages. If the agreement is terminated due to Mr. Ricketts' disability, Mr. Ricketts is entitled to payment of 50 percent of his base salary plus benefits until the earlier of the end of the agreement term or the fifth anniversary of the date of the disability. If Mr. Ricketts is discharged from employment by the Company without cause or terminates his employment following specified breaches of the agreement by the Company, he will be entitled to receive payments of his base salary, bonus, option awards and continuing benefits for the remainder of the agreement term; provided, that in no event will his payments under these circumstances be less than the sum of three times (1) his base salary, determined as of October 1, 2001, and (2) his annual cash bonus payable for 2002. If a termination described in the preceding sentence occurs, Mr. Ricketts will also be entitled to recover damages he incurs as a result of his inability to exercise his outstanding stock options. The agreement contains covenants by Mr. Ricketts not to compete with the Company during the term of the agreement and for a specified period after the term. Mr. Ricketts and the Company entered into an amendment to the employment agreement dated August 5, 2004. Under the amendment, Mr. Ricketts was granted a stock option award for fiscal year 2003 with respect to 750,000 shares of Company Common Stock. Mr. Ricketts will not be entitled to annual stock option awards for fiscal years after 2003 until the Company reinstates its annual stock option award program that existed on October 1, 2001 or implements a new program that provides, after fiscal year 2003, equity-based incentive compensation to at least one of the other executive officers of the Company; however, if Mr. Ricketts is discharged from employment by the Company without cause or terminates his employment following specified breaches of the agreement by the Company, his annual stock option award will be in the amount of options to purchase 390,000 shares of Company Common Stock. Subsequent to fiscal year 2003 the Company will have the discretion to determine the annual cash bonus and annual stock option award targets and target levels for Mr. Ricketts; however, in determining his annual cash bonus and annual stock option award, the Company must treat Mr. Ricketts reasonably, equitably and comparably to the Company's other executive officers.

Asiff S. Hirji, Executive Vice President, Chief Operating Officer. Mr. Hirji's employment agreement was entered into as of April 7, 2003 and has a three-year term. The agreement provides for the payment of a base salary of \$350,000, an annual bonus with a target of 100 percent of his base salary, grants of stock options pursuant to the Company's long-term incentive plan, benefits pursuant to a deferred compensation plan and participation in other employee benefits under the various benefit plans and programs maintained by the Company. The agreement provides that it may be terminated by either party at any time. If Mr. Hirji is terminated by the Company for any reason other than cause or if he terminates his employment for good reason, Mr. Hirji is entitled to receive continued payments of his base salary for a period of one year after termination or until the end of the term of the agreement, whichever is longer. Mr. Hirji will also receive the amount of annual target bonus to which he was entitled for the year in which the termination occurs and he will be provided with continuing medical coverage, subject to limitations, for the severance period at the Company's cost. If, following a change in control, Mr. Hirji's employment is terminated by the Company without cause or his employment is terminated for good reason, he is entitled to be paid a lump sum equal to his salary and bonus as described above. The agreement contains covenants by Mr. Hirji not to compete with the Company during the term of employment and for a specified period after the term. All severance benefits payable under the agreement are conditional on Mr. Hirji's execution of a release of claims and, if any payments under the agreement would subject Mr. Hirji to an excise tax on parachute payments, the payments under the agreement will be reduced to the extent necessary to avoid the tax.

John R. MacDonald, Executive Vice President, Chief Financial Officer and Chief Administrative Officer. Mr. MacDonald's employment agreement was entered into as of September 9, 2002 and had a three-year term. The agreement renewed automatically on September 9, 2005 for an additional one year. The agreement provides for the payment of a base salary of \$350,000, an annual bonus target of 100 percent of his base salary, grants of stock options pursuant to the Company's long-term incentive plan, benefits pursuant to a deferred compensation plan and

participation in other employee benefits under the various benefit plans and programs maintained by the Company. The agreement provides that it may be terminated by either party at any time and that if Mr. MacDonald is terminated by the Company for any reason other than cause or if he terminates his employment for good reason, he will be entitled to receive continued payments of his base salary for a period of one year after termination or until the end of the term of the agreement, whichever is longer. Mr. MacDonald will also receive the amount of annual target bonus to which he was entitled for the year in which the termination occurs and he will be provided with continuing medical coverage, subject to limitations, for the severance period at the Company's cost. If, following a change in control, Mr. MacDonald's employment is terminated by the Company without cause or his employment is terminated for good reason, he will be entitled to be paid a lump sum equal to his salary and bonus as described above. The agreement contains covenants by Mr. MacDonald not to compete with the Company during the term of employment and for a specified period after the term. All severance benefits payable under the agreement are conditional on Mr. MacDonald's execution of a release of claims and, if any payments under the agreement would subject Mr. MacDonald to an excise tax on parachute payments, the payments under the agreement will be reduced to the extent necessary to avoid the tax.

Phylis M. Esposito, Executive Vice President, Chief Strategy Officer. Ms. Esposito's employment agreement was entered into as of February 1, 2002 and had an initial term ending on June 30, 2003. Ms. Esposito's employment agreement was renewed for additional twelve month terms ending June 30, 2004, 2005 and 2006, respectively. The agreement provides for the payment of a base salary of \$300,000, an annual bonus with a target of 100 percent of her base salary, grants of stock options pursuant to the Company's long-term incentive plan, benefits pursuant to a deferred compensation plan and participation in other employee benefits under the various benefit plans and programs maintained by the Company. The agreement provides that it may be terminated by either party at any time. If Ms. Esposito is terminated by the Company for any reason other than cause or if she terminates her employment for good reason, Ms. Esposito is entitled to receive continued payments of her base salary for a period of one year after termination or until the end of the term of the agreement, whichever is longer. Ms. Esposito will also receive the amount of annual target bonus to which she was entitled for the year in which the termination occurs and she will be provided with continuing medical coverage, subject to limitations, for the severance period at the Company's cost. If, following a change in control, Ms. Esposito's employment is terminated by the Company without cause or her employment is terminated for good reason, she is entitled to be paid a lump sum equal to her salary and bonus as described above. The agreement contains covenants by Ms. Esposito not to compete with the Company during the term of employment and for a specified period after the term. All severance benefits payable under the agreement are conditional on Ms. Esposito's execution of a release of claims and, if any payments under the agreement would subject Ms. Esposito to an excise tax on parachute payments, the payments under the agreement will be reduced to the extent necessary to avoid the tax. On June 25, 2002, Ms. Esposito entered into an employment agreement addendum with the Company, which specifies that the merger with Datek does not constitute a change in control for purposes of her employment agreement.

Report of the Compensation Committee on Executive Compensation

This report is not deemed to be soliciting material or to be filed with the SEC or subject to the SEC's proxy rules or to the liabilities of Section 18 of the 1934 Act and the report shall not be deemed to be incorporated by reference into any prior or subsequent filing by the Company under the Securities Act of 1933 (the "1933 Act") or the 1934 Act.

The Compensation Committee (the "Committee") of the Board of Directors establishes and administers the Company's executive compensation programs. The Committee is composed of three non-employee directors of the board. During fiscal year 2005, Messrs. Hutchins, Cook and Mitchell were members of the Committee. Effective on the close of the transaction with TD Waterhouse, Mr. Mitchell resigned from the board and Mr. Tomczyk was added as a replacement. No member of the Committee during fiscal year 2005 was an employee of the Company or any of its subsidiaries.

Each member of the committee during fiscal year 2005 qualified as a non-employee director under rule 16b-3 under the Securities Exchange Act of 1934 and as an outside director under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code).

Compensation Philosophy and Policy Overview

The Committee's purpose is to develop and maintain compensation programs and policies reflective of the Company's strategy to provide strong performance incentive for achieving goals to maximize stockholder value. To accomplish this, the Committee constructs compensation determinations based upon the following goals:

1. Align executive compensation with stockholder interests, and
2. Enable the Company to be competitive in securing and motivating superior caliber executive talent necessary for continued profitable growth.

The Company's executive officers' total compensation is determined by comparing individual responsibilities with industry survey data and responsibilities of the other Company executive officers. Market data, provided by a third party consultant, is reviewed utilizing broad data sources, including information from the financial services sector. Comparator groups include a primary comparator group, consisting of brokerage peers, and an alternative comparator group including financial services (non-brokerage) peers. In addition, a target annual incentive bonus award is based on a percentage of salary, which ranges from 30 to 105 percent. The incentive bonus is at-risk pay, which serves to motivate the executive to perform, and comprises a large portion of total executive compensation. The Committee has utilized the services of an external executive compensation consultant to provide objective and competitive market data to ensure stockholder-beneficial decision making consistent with the Company's compensation goals. The Company aims for total compensation paid to its executives to be at the 50th percentile of the market.

The Committee and the Company strongly believe in executive ownership of Company stock. This benefits stockholders by meaningfully aligning executive goals and decision-making to stockholder interests. Executives are required to adhere to equity ownership guidelines that require a specific percentage of stock ownership, ranging from 100 to 500 percent of annual base salary, depending on executive level.

Base Salaries

In order to remain competitive with the market, the Committee reviews executive salaries annually and as needed. Other than in the context of promotions, the Company has not adjusted the base salaries of its top executive management since fiscal year 2003. Typically executive officer salary adjustments are determined by objective and subjective evaluation of individual performance and by comparison with market data of external comparable positions, internal comparison, and applicable terms of existing employment agreements.

Annual Incentive Bonuses

Annual incentive bonuses are designed to promote strong Company performance and achievement of the Company's initiatives. Target incentive percentages are set at the beginning of the fiscal year and payout is earned according to achievement of Company goals. The Company's executive officers participate in the Management Incentive Plan. This plan is based on the achievement of key corporate performance metrics and is intended to be qualified under Section 162(m) of the Code in order to maximize tax deductibility for the Company, while providing strong incentive for goal achievement at the highest levels of the organization. For fiscal year 2005, 100 percent of annual incentive compensation was based upon quantitative goals for the Company's diluted earnings per share.

Executives were able to defer all or part of annual incentive bonuses under a deferred compensation program in the form of Company stock.

Long-Term Incentives

The Committee considers the award of stock options in specific cases based on individual performance or for purposes of retaining and attracting key executives.

Although the long-term incentive plan also permits the award of stock appreciation rights, stock awards (including restricted stock units) and performance units, no such awards have been made under the program. The Company granted replacement stock appreciation rights in fiscal 2002 to former Datek employees in connection with the Datek merger.

Deductibility of Compensation

Section 162(m) of the Code limits the Company's deduction for compensation paid to the executive officers named in the Summary Compensation Table to \$1 million unless certain requirements are met. For fiscal year 2005, the requirements for deductible compensation under Section 162(m) were met for all executive officers. The policy of the Compensation Committee with respect to Section 162(m) is to establish and maintain a compensation program that will optimize the deductibility of compensation. However, the Committee may exercise its right to use judgment, where merited, by the need to respond to changing business conditions or to an executive officer's individual performance, to authorize compensation which may not in a specific case, be fully deductible by the Company.

Chief Executive Officer Compensation

In fiscal year 2005, Mr. Moglia served in the capacity of Chief Executive Officer. The determination of the Chief Executive Officer's salary, annual incentive, and grants of stock options followed the philosophy and policies set forth above for all other executive compensation, subject to any individual terms in the executive's employment agreement. Mr. Moglia's compensation history is outlined under the Summary Compensation Table. For fiscal year 2005, his salary remained at \$600,000 per year, and he did not receive an equity grant. Seventy-one percent of Mr. Moglia's compensation, as defined in the Summary Compensation Table, was directly tied to the Company's performance via diluted earnings per share.

Fiscal Year 2006 Compensation

The Company intends to review compensation for its executives in fiscal year 2006 in light of the recent acquisition of TD Waterhouse

Certain Relationships and Related Transactions

Gartner, Inc. provided professional research services to the Company under a three-year contract, which expired in October 2005. During fiscal 2005, the Company paid approximately \$95,000 to Gartner, Inc. under the

contract. Glenn H. Hutchins, a director of the Company, and Michael J. Bingle, a former director of the Company, are directors of Gartner, Inc.

Two siblings and a brother-in-law of J. Joe Ricketts each hold management positions with the Company and received annual compensation ranging from approximately \$99,000 to \$169,200 for fiscal 2005.

Under an agreement between the Company and Joseph H. Moglia, Chief Executive Officer, dated September 13, 2001, the Company agreed to lend Mr. Moglia the Medicare tax amounts due from time to time resulting from his vesting in benefits under the deferred compensation plan. Mr. Moglia is required to repay the loan, which does not bear interest, at the time of termination of his employment. The Company may set off the amount of the loan against the amount that would otherwise be payable to Mr. Moglia under the deferred compensation plan. The balance of the loan was approximately \$222,000 as of September 30, 2005.

Certain directors and executive officers, and members of their immediate families, maintain margin trading accounts with the Company. Margin loans to these individuals were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectibility or present other unfavorable features.

In connection with TD Ameritrade's acquisition of the U.S. retail securities brokerage business of TD Waterhouse Group, Inc. from TD, TD Ameritrade and TD became party to a series of agreements which are described below.

The registration rights granted in the registration rights agreement are subject to customary restrictions such as minimums, blackout periods and limitations on the number of shares to be included in any underwritten offering imposed by the managing underwriter. In addition, the registration rights agreement contains other limitations on the timing and ability of stockholders to exercise demands.

The term of the URL license agreement is 10 years from January 24, 2006 unless mutually extended. Audit and Non-Audit Fees

On November 15, 2005, Deloitte & Touche LLP (D&T), the Company's previous independent registered public accounting firm, informed the Company that D&T declined to stand for reelection for the fiscal year ending on September 29, 2006 due to independence issues that would preclude D&T from continuing to serve as the Company's

independent registered public accounting firm after the closing of the Company's acquisition of TD Waterhouse Group, Inc. D&T ceased its service as the Company's independent registered public accounting firm

effective upon the completion of the audit of the Company's financial statements for the fiscal year ended September 30, 2005.

PROPOSAL NO. 3

APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE 1996 LONG-TERM INCENTIVE PLAN

At the Annual Meeting, the stockholders will be asked to approve an amendment and restatement of the Ameritrade Holding Corporation 1996 Long-Term Incentive Plan. We refer to this plan as the 1996 Plan in this proxy statement. The Board of Directors originally adopted the 1996 Plan effective as of October 1, 1996 and previously amended and restated the 1996 Plan as of September 9, 2002 and January 19, 2005.

The Board of Directors believes that the Company must offer a competitive equity incentive program if it is to continue to successfully attract and retain the best possible candidates for positions of responsibility within the Company. The Board of Directors expects that the 1996 Plan will continue to be an important factor in attracting, retaining and rewarding the high caliber employees essential to our success and in motivating these individuals to strive to enhance our growth and profitability.

On January 19, 2006, the Board of Directors of the Company approved the amendment and restatement of the 1996 Plan, subject to stockholder approval, to permit future awards under the 1996 Plan to qualify as both (i) performance-based compensation under Section 162(m) of the Internal Revenue Code (the Code) and/or (ii) incentive stock options under Section 422 of the Code. By approving the amendment and restatement of the 1996 Plan the Board of Directors also made several other changes and modifications to the 1996 Plan to facilitate the efficient and clear administration of the 1996 Plan and the granting of awards thereunder.

The number of shares of Common Stock reserved for issuance under the 1996 Plan is not being increased.

Summary of Proposed Amendments to 1996 Plan

Section 162(m) of the Code (Section 162(m)) limits the federal income tax deductibility of compensation paid to the Company's chief executive officer and to each of its four other most highly compensated executive officers to \$1 million in any one year. However, the Company may deduct compensation in excess of that amount if it qualifies as performance-based compensation, as defined in Section 162(m). As amended and restated, the 1996 Plan is designed to qualify awards under Section 162(m) as performance-based compensation, so that the Company may receive a federal income tax deduction for performance-based awards to its executive officers even if an executive's compensation exceeds \$1 million in that year. In order for future awards under the 1996 Plan to qualify as performance-based compensation, the Company's stockholders must approve the changes to the 1996 Plan that specify (i) the types of performance criteria that may be used as performance goals under the 1996 Plan and (ii) the limitations on the number of shares of stock and/or the dollar amount of performance awards that may be granted to any individual in any fiscal year.

Section 422 of the Code limits the ability of the Company to grant incentive stock options under the 1996 Plan to a period of ten years from the original date of the 1996 Plan's adoption. The Company wishes to preserve the ability to grant incentive stock options after the expiration of this original ten year period (which is scheduled to expire in October of 2006). As amended and restated, and after approval by the Company's stockholders, the 1996 Plan will permit the grant of incentive stock options, with respect to any of the shares reserved for issuance under the 1996 Plan, until January 19, 2016 (ten years after the date such amendment and restatement has been approved by the Company's Board of Directors).

In addition to the amendments to implement the Section 162(m) and incentive stock option provisions which require stockholder approval, the Board of Directors has also approved certain other changes and modifications to the 1996 Plan, which do not require stockholder approval, the key features of which are highlighted below:

The 1996 Plan requires, and all options outstanding have been granted with, an exercise price equal to not less than the fair market value of a share of our Common Stock on the date of grant;

The 1996 Plan prohibits, without stockholder approval, the repricing of any outstanding option or stock appreciation right through either (i) the cancellation of outstanding options or stock appreciation rights and the grant in substitution therefore of any new award, or (ii) the amendment of outstanding options or stock appreciation rights to reduce the exercise price thereof; and

The 1996 Plan requires that each newly granted restricted stock or restricted stock unit award not become 100 percent vested until a date at least three years after the date of grant, unless earlier vesting is on account of death, disability, change in control, retirement or satisfaction of (i) specified performance criteria or (ii) Company obligations to deliver shares pursuant to any Company deferred compensation plan.

The proposed changes to the 1996 Plan are described in further detail below.

Summary of the 1996 Plan

The following summary of the principal features of the amended and restated 1996 Plan is qualified in its entirety by the specific language of the amended and restated 1996 Plan, a copy of which is attached to this Proxy Statement as Appendix B and which may also be accessed from the SEC's website at <http://www.sec.gov>. In addition, a copy of the 1996 Plan, as amended and restated, may be obtained upon written request to the Company.

General. The purpose of the 1996 Plan is to advance the interests of the Company by providing an incentive program that will enable the Company to attract and retain employees upon whose judgment, interest and efforts the Company's success is dependent and to provide them with an equity interest in the success of the Company in order to motivate superior performance. These incentives are provided through the grant of stock options, stock appreciation rights, restricted stock awards, restricted stock units, performance shares and performance units.

Authorized Shares. A total of 42,104,174 shares of our Common Stock, subject to adjustment as described below (and after taking into account the adjustments necessary to preserve the economic value of outstanding awards as determined immediately prior to the special dividend distribution which occurred on January 24, 2006), have been reserved for the granting of awards. These shares may be currently authorized but unissued or currently held or subsequently acquired by the Company as treasury shares, including shares purchased in the open market or in private transactions. If any award expires, lapses or otherwise terminates for any reason without having been exercised or settled in full, or if shares subject to forfeiture or repurchase are forfeited or repurchased by the Company, any such shares that are reacquired or subject to such a terminated award will again become available for issuance. However, shares shall not again become available for issuance under the 1996 Plan if they were (i) withheld or surrendered to satisfy tax withholding obligations of any award, (ii) surrendered in payment of stock option exercise price or (iii) subject to the grant of a stock appreciation right which were not issued upon settlement of the stock appreciation right.

Adjustments to Shares Subject to the 1996 Plan. In the event of any merger, consolidation, reorganization, spin-off, stock dividend, stock split, reverse stock split, exchange or other distribution with respect to shares of Common Stock or other change in the corporate structure or capitalization affecting Common Stock, the number of shares of stock reserved, the type and number of shares of stock which are subject to outstanding awards and the terms of any such outstanding awards (including the price at which shares of stock may be issued pursuant to an outstanding award) shall be equitably adjusted by the Board of Directors or the Compensation Committee (the "Committee"), in its sole discretion, to preserve the value of benefits awarded or to be awarded to participants.

Administration. The 1996 Plan will be administered by the Committee. In the case of awards intended to qualify for the performance-based compensation exemption under Section 162(m), administration must be by a compensation committee comprised solely of two or more outside directors within the meaning of Section 162(m). Subject to the provisions of the 1996 Plan, the Committee determines in its discretion the persons to whom and the times at which awards are granted, the types and sizes of such awards, and all of their terms and conditions. The Committee may, subject to certain limitations on the exercise of its discretion required by Section 162(m), amend, cancel or renew any

award, waive any restrictions or conditions applicable to any award, and accelerate, continue, extend or defer the vesting of any award. However, the 1996 Plan forbids, without stockholder approval, the repricing of any outstanding option or stock appreciation right through either (i) the cancellation of outstanding options or stock appreciation rights and the grant in substitution therefore of any new award, or (ii) the amendment of outstanding options or stock appreciation rights to reduce the exercise price thereof. The Committee will interpret the 1996 Plan and awards granted thereunder, and all determinations of the Committee will be final and binding on all persons having an interest in the 1996 Plan or any award.

Eligibility. Awards may only be granted to employees of the Company or any present or future parent or subsidiary corporation of the Company and any other business, partnership, limited liability company or other entity in which the Company, or any parent or subsidiary corporation, holds a substantial ownership. Incentive stock options may be granted only to employees who, as of the time of grant, are employees of the Company or any parent or subsidiary corporation of the Company. As of January 26, 2006, the Company had approximately 4,300 employees, including 12 executive officers, who would be eligible for awards.

Stock Options. Each option granted must be evidenced by a written agreement between the Company and the optionee specifying the number of shares subject to the option and the other terms and conditions of the option, consistent with the requirements of the 1996 Plan.

The exercise price of each option may not be less than the fair market value of a share of Common Stock on the date of grant. However, any incentive stock option granted to a person who at the time of grant owns stock possessing more than 10 percent of the total combined voting power of all classes of stock of the Company or any parent or subsidiary corporation of the Company (a Ten percent Stockholder) must have an exercise price equal to at least 110 percent of the fair market value of a share of Common Stock on the date of grant. Generally, the fair market value of the Common Stock is the closing market composite price per share on the date of grant as quoted on the Nasdaq National Market. On January 26, 2006, the closing price of the Company's Common Stock on the Nasdaq National Market was \$20.00 per share.

An option's exercise price may be paid in cash, by check, by the assignment of the proceeds of a sale with respect to some or all of the shares being acquired upon the exercise of the option (a cashless exercise), to the extent legally permitted, by tender of shares of Common Stock owned by the optionee having a fair market value not less than the exercise price, or by any combination of these. No option may be exercised unless the optionee has made adequate provision for federal, state, local and foreign taxes, if any, relating to the exercise of the option.

Options will become vested and exercisable at such times or upon such events and subject to such terms, conditions, performance criteria or restrictions as specified by the Committee. The maximum term of any option is ten years, provided that an incentive stock option granted to a Ten percent Stockholder must have a term not exceeding five years. The Committee will specify in each written option agreement, and solely in its discretion, the period of post-termination exercise applicable to each option.

Stock options are nontransferable by the optionee, other than by will or by the laws of descent and distribution, and are exercisable during the optionee's lifetime only by the optionee.

Stock Appreciation Rights. Each stock appreciation right must be evidenced by a written agreement between the Company and the participant specifying the number of shares subject to the award and the other terms and conditions of the award, consistent with the requirements of the 1996 Plan.

A stock appreciation right gives a participant the right to receive the appreciation in the fair market value of the Company Common Stock between the date of grant of the award and the date of its exercise. The Company may pay the appreciation either in cash or in shares of Common Stock. The Committee may grant stock appreciation rights in tandem with a related stock option or as a freestanding award. A tandem stock appreciation right is exercisable only at the time and to the same extent that the related option is exercisable, and its exercise causes the related option to be canceled. Freestanding stock appreciation rights vest and become exercisable at the times and on the terms established by the Committee. Stock appreciation rights are generally nontransferable by the participant other than by will or by the laws of descent and distribution, and are generally exercisable during the participant's lifetime only by the participant. The Company has not granted any stock appreciation rights pursuant to the 1996 Plan.

Restricted Stock Awards. Each restricted stock award granted must be evidenced by a written agreement between the Company and the participant specifying the number of shares subject to the award and the other terms and conditions of the award, consistent with the requirements of the 1996 Plan. Restricted stock awards may be subject to vesting conditions based on such service or performance criteria as the Committee specifies, and the shares acquired may not be transferred by the participant until vested. Unless otherwise provided by the Committee, a participant will forfeit any shares of restricted stock as to which the restrictions have not lapsed prior to the participant's termination of service. Participants holding restricted stock will have the right to vote the shares and to receive any dividends paid, except that dividends or other distributions paid in shares will be subject to the same

restrictions as the original award. The Company has not granted any restricted stock awards pursuant to the 1996 Plan.

Restricted Stock Units. The Committee may grant restricted stock units which represent a right to receive shares of Common Stock at a future date determined in accordance with the participant's award agreement. No monetary payment is required for receipt of restricted stock units or the shares issued in settlement of the award, the consideration for which is furnished in the form of the participant's service to the Company. The Committee may grant restricted stock unit awards subject to the attainment of performance goals similar to those described below in connection with performance shares and performance units, or may make the awards subject to vesting conditions similar to those applicable to restricted stock awards. The Company may pay the appreciation either in cash or in shares of Common Stock. Participants have no voting rights or rights to receive cash dividends with respect to restricted stock unit awards until shares of stock are issued in settlement of such awards. However, the Committee may grant restricted stock units that entitle a participant to receive dividend equivalents, which are rights to receive additional restricted stock units for a number of shares whose value is equal to any cash dividends paid with respect to Common Stock.

Performance-Based Compensation. Performance units and performance shares may also be granted under the 1996 Plan. Performance units and performance shares are awards that will result in a payment to a participant only if performance goals established by the Committee are achieved or the awards otherwise vest. As described below, the Committee will establish organizational or individual performance goals in its discretion within the parameters of the 1996 Plan, which, depending on the extent to which they are met, will determine the degree of granting, vesting and/or payout value of performance units and performance shares. Performance units will have an initial dollar value established by the Committee on or before the grant date. Performance shares will have an initial value equal to the fair market value of Common Stock on the grant date. As originally adopted, the 1996 Plan did not provide specific measures for performance goals, but allowed the Committee to determine the performance goals applicable to an award using certain Company or individual performance measures. As amended and restated, the 1996 Plan provides specific measures from which the Committee may base performance goals. Specifically, performance goals to be used for awards shall be chosen from one or more of the following measures: (i) revenue, (ii) gross margin, (iii) operating margin, (iv) operating income, (v) pre-tax profit, (vi) pre-tax margin, (vii) earnings before interest, taxes, depreciation and amortization, (viii) net income, (ix) cash flow, (x) operating expenses, (xi) the market price of the Company's Common Stock, (xii) earnings per share, (xiii) earnings yield, (xiv) earnings yield spread, (xv) gross and net client asset growth, (xvi) gross and net account growth, (xvii) total stockholder return, (xviii) return on capital, (xix) return on assets, (xx) product quality, (xxi) economic value added, (xxii) number of customers, (xxiii) market share, (xxiv) return on investments, (xxv) profit after taxes, (xxvi) customer satisfaction, (xxvii) business divestitures and acquisitions, (xxviii) supplier awards from significant customers, (xxix) new product development, (xxx) working capital, (xxxi) individual objectives, (xxxii) time to market, (xxxiii) return on net assets, and (xxxiv) sales.

Prior to the beginning of any applicable performance period or such later date as permitted under Section 162(m), the Committee will establish one or more performance goals applicable to the award. The target levels with respect to these performance measures may be expressed on an absolute basis or relative to a standard specified by the Committee. The degree of attainment of performance measures will, according to criteria established by the Committee, be computed before the effect of changes in accounting standards, restructuring charges and similar extraordinary items occurring after the establishment of the performance goals applicable to a performance award.

Following completion of the applicable performance period, the Committee will certify in writing the extent to which the applicable performance goals have been attained and the resulting value to be paid to the participant. The Committee retains the discretion to eliminate or reduce, but not increase, the amount that would otherwise be payable to the participant on the basis of the performance goals attained. However, no such reduction may increase the amount paid to any other participant. Performance award payments may be made in lump sum or in installments. If any payment is to be made on a deferred basis, the Committee may provide for the payment of dividend equivalents or

interest during the deferral period.

No performance award may be sold or transferred other than by will or the laws of descent and distribution prior to the end of the applicable performance period. The Company reserves the right to grant awards that do not qualify for the Section 162(m) performance-based exception under Section 162(m).

Individual Award Limitations. As amended and restated, the 1996 Plan contains annual grant limits intended to satisfy Section 162(m). Specifically, the maximum number of shares which could be issued to any one individual in any fiscal year (i) pursuant to options and/or stock appreciation rights is limited to 4,000,000 shares, (ii) pursuant to restricted stock, restricted stock units or performance shares is limited to 2,000,000, and (iii) the maximum which could be issued to any one individual in any fiscal year pursuant to the grant of performance units is \$6,000,000. In addition, an individual may be granted options or stock appreciation rights to purchase up to an additional 2,000,000 shares of stock in connection with his or her initial hiring with the Company.

The Committee may adjust the limitations on annual grants to individuals or in connection with an individual's initial hiring, as well as any performance conditions relating to shares and any other conditions of outstanding awards, in the event of any adjustment to Common Stock discussed above.

Effect of a Change in Control. The 1996 Plan provides that in the event of a change in control of the Company after the date the stockholders approve this amendment and restatement, the successor corporation will assume, substitute an equivalent award, or replace with a cash incentive program each outstanding award that is granted after the date the stockholders approve this amendment and restatement under the 1996 Plan. If there is no assumption, substitution or replacement with a cash incentive program of outstanding awards granted after the date the stockholders approve this amendment and restatement, such awards will become fully vested and exercisable immediately prior to the change in control, and the Company will provide notice to the recipient that he or she has the right to exercise such outstanding awards for a period of 15 days from the date of the notice. The awards will terminate upon the expiration of the 15-day period.

Termination or Amendment. The 1996 Plan will continue in effect until the first to occur of (1) its termination by the Committee, or (2) the date on which all shares available for issuance have been issued and all restrictions on such shares have lapsed. However, no incentive stock option may be granted on or after January 19, 2016. The Committee may terminate or amend the 1996 Plan at any time, provided that no amendment may be made without stockholder approval if (i) the Committee deems such approval necessary for compliance with any applicable tax or securities law or other regulatory requirements, including the requirements of any stock exchange or market system on which the Common Stock of the Company is then listed or (ii) the amendment purports to reprice stock options or stock appreciation rights. No termination or amendment may affect any outstanding award unless expressly provided by the Committee, and, in any event, may not adversely affect an outstanding award without the consent of the participant unless necessary to comply with any applicable law, regulation or rule.

Summary of U.S. Federal Income Tax Consequences

The following summary is intended only as a general guide to the U.S. federal income tax consequences of participation in the 1996 Plan and does not attempt to describe all possible federal or other tax consequences of such participation or tax consequences based on particular circumstances.

Incentive Stock Options. An optionee recognizes no taxable income for regular income tax purposes as a result of the grant or exercise of an incentive stock option qualifying under Section 422 of the Code. Optionees who do not dispose of their shares within two years following the date the option was granted or within one year following the exercise of the option will normally recognize a capital gain or loss equal to the difference, if any, between the sale price and the purchase price of the shares. If an optionee satisfies such holding periods upon a sale of the shares, the Company will not be entitled to any deduction for federal income tax purposes. If an optionee disposes of shares within two years

after the date of grant or within one year after the date of exercise (a disqualifying disposition), the difference between the fair market value of the shares on the determination date (see discussion under Nonstatutory Stock Options below) and the option exercise price (not to exceed the gain realized on the sale if the disposition is a transaction with respect to which a loss, if sustained, would be recognized) will be taxed as ordinary income at the time of disposition. Any gain in excess of that amount will be a capital gain. If a loss is recognized, there will be no ordinary income, and such loss will be a capital loss. Any ordinary income recognized by the optionee upon the disqualifying disposition of the shares generally should be deductible by the

Company for federal income tax purposes, except to the extent such deduction is limited by applicable provisions of the Code.

The difference between the option exercise price and the fair market value of the shares on the determination date of an incentive stock option (see discussion under *Nonstatutory Stock Options* below) is treated as an adjustment in computing the optionee's alternative minimum taxable income and may be subject to an alternative minimum tax which is paid if such tax exceeds the regular tax for the year. Special rules may apply with respect to certain subsequent sales of the shares in a disqualifying disposition, certain basis adjustments for purposes of computing the alternative minimum taxable income on a subsequent sale of the shares and certain tax credits which may arise with respect to optionees subject to the alternative minimum tax.

Nonstatutory Stock Options. Options not designated or qualifying as incentive stock options will be nonstatutory stock options having no special tax status. An optionee generally recognizes no taxable income as the result of the grant of such an option. Upon exercise of a nonstatutory stock option, the optionee normally recognizes ordinary income in the amount of the difference between the option exercise price and the fair market value of the shares on the determination date (as defined below). If the optionee is an employee, such ordinary income generally is subject to withholding of income and employment taxes. The determination date is the date on which the option is exercised unless the shares are subject to a substantial risk of forfeiture (as in the case where an optionee is permitted to exercise an unvested option and receive unvested shares which, until they vest, are subject to the Company's right to repurchase them at the original exercise price upon the optionee's termination of service) and are not transferable, in which case the determination date is the earlier of (1) the date on which the shares become transferable or (2) the date on which the shares are no longer subject to a substantial risk of forfeiture. If the determination date is after the exercise date, the optionee may elect, pursuant to Section 83(b) of the Code, to have the exercise date be the determination date by filing an election with the Internal Revenue Service no later than 30 days after the date the option is exercised. Upon the sale of stock acquired by the exercise of a nonstatutory stock option, any gain or loss, based on the difference between the sale price and the fair market value on the determination date, will be taxed as capital gain or loss. No tax deduction is available to the Company with respect to the grant of a nonstatutory stock option or the sale of the stock acquired pursuant to such grant. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the optionee as a result of the exercise of a nonstatutory stock option, except to the extent such deduction is limited by applicable provisions of the Code.

Stock Appreciation Rights. In general, no taxable income is reportable when a stock appreciation right is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares of our Common Stock received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Restricted Stock Awards. A participant acquiring restricted stock generally will recognize ordinary income equal to the fair market value of the shares on the determination date (as defined above under *Nonstatutory Stock Options*). If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. If the determination date is after the date on which the participant acquires the shares, the participant may elect, pursuant to Section 83(b) of the Code, to have the date of acquisition be the determination date by filing an election with the Internal Revenue Service no later than 30 days after the date the shares are acquired. Upon the sale of shares acquired pursuant to a restricted stock award, any gain or loss, based on the difference between the sale price and the fair market value on the determination date, will be taxed as capital gain or loss. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

Restricted Stock Unit Awards. There are no immediate tax consequences of receiving an award of restricted stock units. A participant who is awarded restricted stock units will be required to recognize ordinary income in an amount

equal to the fair market value of shares issued to such participant at the end of the applicable vesting period or, if later, the settlement date elected by the Committee or a participant. Any additional gain or loss recognized upon any later disposition of any shares received would be capital gain or loss. The Company generally should be

entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

Performance Shares and Performance Unit Awards. A participant generally will recognize no income upon the grant of a performance share or a performance unit award. Upon the settlement of such awards, participants normally will recognize ordinary income in the year of receipt in an amount equal to the cash received and the fair market value of any cash or nonrestricted shares received. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. If the participant receives shares of stock, the participant generally will be taxed in the same manner as described above (see discussion under *Restricted Stock Awards*). Upon the sale of any shares received, any gain or loss, based on the difference between the sale price and the fair market value on the determination date (as defined above under *Nonstatutory Stock Options*), will be taxed as capital gain or loss. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

TD AMERITRADE HOLDING CORPORATION
Audit Committee Charter
November 15, 2005

The Committee is authorized to engage independent legal counsel and other advisers as the Committee determines necessary to carry out its responsibilities. The Committee will meet on at least a quarterly basis and will hold special meetings as circumstances require.

E. The Committee will inquire about the existence and substance of any significant accounting accruals, reserves or estimates made by management that had a material impact on the financial statements.

F. The Committee will meet regularly with the Corporation's in-house legal counsel, and outside counsel, when appropriate, to discuss legal matters that may have a significant impact on the financial statements and on risk management.

G. The Committee will review the significant reports to management prepared by the internal auditing department and management's responses.

H. The Committee will review the reports to the Committee prepared by the RPA regarding critical accounting policies and practices, alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, the treatment preferred by the RPA, and other material written communications between the RPA and management.

I. The Committee will meet privately with the RPA to request its opinion of various matters, including the quality of financial and accounting personnel and the internal audit staff.

L. The Committee will discuss with management and the RPA the substance of any significant issues raised by in-house and outside counsel concerning litigation, contingencies, claims or assessments. The Committee will assess the adequacy of the disclosure of such matters in the Corporation's financial statements and periodic reports.

Q. The Committee will inquire of management and the RPA if there were any significant financial reporting issues discussed during the accounting period reported. The Committee will instruct the RPA to advise the Committee of any disagreements between the RPA and the Corporation's management regarding financial reporting issues. The Committee will resolve any such disagreements.

R. The Committee will instruct the RPA to communicate to the Committee any other known matters that require the attention of the Committee or the Board of Directors.

except in relation to matters as to which it shall be adjudged in such action, suit or proceeding that such person is liable for gross negligence, bad faith or intentional misconduct in duties; provided, however, that within sixty (60) days after the institution of such action, suit or proceeding, such person shall offer to the Company, in writing, the opportunity at its own expense to handle and defend the same.

4. Participation. Subject to the terms and conditions of the Plan, the Board or the Committee shall determine and designate, from time to time, from among Employees those who will be granted one or more Awards under the Plan. In the discretion of the Board or the Committee, and subject to the terms of the Plan, a Participant may be

granted any Award permitted under the provisions of the Plan, and more than one Award may be granted to a Participant. Except as otherwise agreed by the Board or the Committee and the Participant, or except as otherwise provided in the Plan, an Award under the Plan shall not affect any previous Award under the Plan or an award under any other plan maintained by the Company.

5. Shares Subject to the Plan.

5.1. Number of Shares Reserved. The shares of Stock with respect to which Awards may be made under the Plan shall be shares currently authorized but unissued or currently held or subsequently acquired by Ameritrade as treasury shares, including shares purchased in the open market or in private transactions. Subject to the provisions of subsection 5.4, the number of shares of Stock which may be issued with respect to Awards under the Plan shall not exceed 39,000,000 shares in the aggregate.

5.2. Reusage of Shares.

(a) In the event of the exercise or termination (by reason of forfeiture, expiration, cancellation, surrender or otherwise) of any Award under the Plan, that number of shares of Stock that was subject to the Award but not delivered shall again be available for Awards under the Plan.

(b) In the event that shares of Stock are delivered under the Plan as Restricted Stock or Restricted Stock Units and are thereafter forfeited or reacquired by the Company pursuant to rights reserved in the Award Agreement, such forfeited or reacquired shares of Stock shall again be available for Awards under the Plan.

(c) Notwithstanding the provisions of Sections 5.2(a) or (b), the following shares of Stock shall not be available for reissuance under the Plan: (i) shares of Stock with respect to which the Participant has received the benefits of ownership (other than voting rights), either in the form of dividends or otherwise; (ii) shares of Stock which are withheld from any Award or payment under the Plan to satisfy tax withholding obligations; (iii) shares of Stock which are surrendered to fulfill tax obligations; (iv) shares of Stock which are surrendered in payment of the Option Price upon the exercise of an Option; and (v) shares of Stock subject to the grant of SAR which are not issued upon settlement of the SAR.

5.3. Adjustments to Shares Reserved. In the event of any merger, consolidation, reorganization, recapitalization, spinoff, stock dividend, stock split, reverse stock split, exchange or other distribution with respect to shares of Stock or other change in the corporate structure or capitalization affecting the Stock, the type and number of shares of stock which are or may be subject to awards under the Plan and the terms of any outstanding awards (including the price at which shares of stock may be issued pursuant to an outstanding award) shall be equitably adjusted by the Board or the Committee, in its sole discretion, to preserve the value of benefits awarded or to be awarded to Participants under the Plan.

5.4. Individual Limits on Awards. Notwithstanding any other provision of the Plan to the contrary, the following limitations shall apply to Awards under the Plan:

(a) No Employee shall be granted, in any fiscal year of the Company (1) an Option or SAR to purchase more than 4,000,000 Shares, (2) Restricted Stock or Restricted Stock Units covering more than 2,000,000 Shares, (3) Performance Shares covering more than 2,000,000 Shares or (4) Performance Units which could result in such Employee receiving more than \$6,000,000.

(b) In connection with her or her initial employment with the Company, an Employee may be granted Options or SARs to purchase up to an additional 2,000,000 Shares, which shall not count against the limit set forth in

subsection (a) above.

(c) The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 5.3.

(d) If an Award is cancelled in the same fiscal year of the Company in which it was granted (other than in connection with a Change in Control), the cancelled Award will also be counted against the limits set forth in subsections (a) and (b) above.

(e) The determination made under this Section 5.4 shall be based on the shares subject to the Awards at the time of grant, regardless of when the Awards become exercisable and/or are settled.

6. Options.

6.1. Term of Option. The term of each Option will be stated in the Award Agreement. In the case of an Incentive Stock Option, the term will be ten (10) years from the date of grant or such shorter term as may be provided in the Award Agreement. Moreover, in the case of an Incentive Stock Option granted to a Participant who, at the time of the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or a Related Entity, the term of the Incentive Stock Option will be five (5) years from the date of grant or such shorter term as may be provided in the Award Agreement.

6.2. Restrictions Relating to Incentive Stock Options. To the extent that the aggregate fair market value of Stock with respect to which Incentive Stock Options are exercisable for the first time by any individual during any calendar year (under all plans of the Company) exceeds \$100,000, such options shall be treated as Non-Qualified Stock Options, to the extent required by section 422 of the Code.

6.3. Option Price. The Option Price shall be established by the Board or the Committee or shall be determined by a method established by the Board or the Committee at the time the Option is granted; provided, however, that in no event shall such price be less than 100% of the Fair Market Value of a share of Stock as of the date on which the Option is granted. Notwithstanding the foregoing, any Incentive Stock Option granted to an Employee who, at the time of grant, owns Stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or a Related Entity, the Option Price will be no less than 110% of the Fair Market Value on the date of grant.

6.4. Waiting Period and Exercise Dates. At the time an Option is granted, the Committee will fix the period within which the Option may be exercised and will determine any conditions that must be satisfied before the Option may be exercised. The Board or the Committee, in its discretion, may impose such restrictions on shares of Stock acquired pursuant to the exercise of an Option (including stock acquired pursuant to the exercise of a tandem Stock Appreciation Right) as it determines to be desirable, including, without limitation, restrictions relating to disposition of the shares and forfeiture restrictions based on service, performance, Stock ownership by the Participant, and such other factors as the Board or the Committee determines to be appropriate.

6.5. Form of Consideration. The Committee will determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Committee will determine the acceptable form of consideration at the time of grant. Such consideration to the extent permitted by Applicable Laws may consist entirely of: (a) cash; (b) check; (c) other shares of Stock which meet the conditions established by the Committee to avoid any adverse financial accounting consequences (as determined solely by the Committee); (d) consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan; (e) any combination of the foregoing methods of payment; or (f) such other consideration and method of payment for the issuance of shares of Stock to the extent permitted by Applicable Laws.

6.6. Exercise of Option.

(a) Procedure for Exercise: Rights as a Stockholder. Any Option granted hereunder will be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Committee and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share.

An Option will be deemed exercised when the Company receives: (x) written or electronic notice of exercise (in accordance with the Award Agreement) from the person entitled to exercise the Option, and (y) full payment for the Shares with respect to which the Option is exercised (together with any applicable withholding taxes). Full payment may consist of any consideration and method of payment authorized by the Committee and permitted by the Award Agreement and the Plan. Shares issued upon exercise of an Option will be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent

of the Company), no right to vote or receive dividends or any other rights as a stockholder will exist with respect to the shares of Stock underlying such Option, notwithstanding the exercise of the Option. The Company will issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in the applicable Award Agreement.

Exercising an Option in any manner will decrease the number of Shares thereafter available for sale under the Option, by the number of Shares as to which the Option is exercised. In addition, the exercise of an Option will result in the surrender of the corresponding rights under a tandem Stock Appreciation Right, if any.

(b) Termination of Employment. If a Participant ceases to be an Employee, other than upon the Participant's death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, and except to the extent terminated earlier pursuant to the Award Agreement, the Option will remain exercisable for three (3) months following the Participant's termination. Unless otherwise provided by the Committee, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified by the Committee, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(c) Disability of Participant. If a Participant ceases to be an Employee as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following the Participant's termination as a result of Disability. Unless otherwise provided by the Committee, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(d) Death of Participant. If a Participant dies while an Employee, the Option may be exercised following the Participant's death within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Committee. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following Participant's death. Unless otherwise provided by the Committee, if at the time of death Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will immediately revert to the Plan. If the Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

6.7. Reload Provision. In the event the Participant exercises an Option that was granted on or prior to the Restatement Date and pays all or a portion of the Option Price in Stock, such Participant (either pursuant to the terms of the Option Award, or pursuant to the exercise of Committee discretion at the time the Option is exercised) may be issued a new Option to purchase additional shares of Stock equal to the number of shares of Stock surrendered to the Company in such payment. Such new Option shall have an exercise price equal to the Fair Market Value per share on the date such

new Option is granted, shall first be exercisable six months from the date of grant of the new Option and shall expire on the same date as the expiration date of the original Option so exercised by payment of the Option Price in shares of Stock. Options granted after the Restatement Date will not be subject to this reload provision in this Section 6.6.

7. Stock Appreciation Rights.

7.1. Types of SARs Authorized. SARs may be granted in tandem with all or any portion of a related Option or may be granted independently of any Option.

7.2. Exercise Price and Other Terms. The Board or the Committee, subject to the provisions of the plan, will have complete discretion to determine the terms and conditions of each SAR granted under the Plan; provided, however, that (a) the exercise price per share subject to a tandem SAR shall be the exercise price per share under the related Option and (b) the exercise price per share subject to an independently granted SAR shall not be less than the Fair Market Value of a share of Stock on the effective date of grant of the SAR.

7.3. Exercise. If a SAR is not in tandem with an Option, then the SAR shall be exercisable in accordance with the terms established by the Board or the Committee at the time of grant and set forth in the Award Agreement. If a SAR is granted in tandem with an Option, then the SAR shall be exercisable at the time the tandem Option is exercisable. The exercise of a tandem SAR will result in the surrender of the corresponding rights under the related Option.

7.4. Settlement of Award. Upon the exercise of a SAR, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying: (a) the difference between the Fair Market Value of a Share on the date of exercise over the exercise price; times (b) the number of shares of Stock with respect to which the SAR is exercised. At the discretion of the Board or the Committee, the payment upon SAR exercise may be in cash, in shares of Stock of equivalent value, or in some combination thereof.

7.5. Terms and Expiration of SARs. The Board or the Committee, in its discretion, may impose such restrictions on shares of Stock acquired pursuant to the exercise of a SAR as it determines to be desirable, including, without limitation, restrictions relating to disposition of the shares and forfeiture restrictions based on service, performance, ownership of Stock by the Participant, and such other factors as the Board or the Committee determines to be appropriate. Each SAR grant under the Plan will expire upon the date determined by the Board or the Committee, in its sole discretion, and set forth in the Award Agreement. Notwithstanding the foregoing, the requirements of Section 6.6 also will apply to SARs.

8. Restricted Stock.

8.1. Grant of Restricted Stock. Subject to the terms and provisions of the Plan, the Committee, at any time and from time to time, may grant Restricted Stock to Employees in such amounts as the Committee, in its sole discretion, will determine.

8.2. Restricted Stock Agreement. Each Award of Restricted Stock will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares granted, and such other terms and conditions as the Committee, in its sole discretion, will determine. Unless the Committee determines otherwise, Restricted Stock will be held by the Company as escrow agent until the restrictions on such Shares have lapsed.

8.3. Other Restrictions. The Committee, in its sole discretion, limited only by the requirements of Section 3.6 of the Plan, may impose such other restrictions on Restricted Stock as it may deem advisable or appropriate, including granting such an Award of Restricted Stock subject to Performance Goals or to the requirements of Section 12.

8.4. Removal of Restrictions. Except as otherwise provided in the Plan or the applicable Award Agreement, Shares of Restricted Stock covered by each Restricted Stock grant made under the Plan will be released from escrow as soon as practicable after the last day of the Period of Restriction. The Committee, in its discretion, may accelerate the time at which any restrictions will lapse or be removed.

8.5. Voting Rights. During the Period of Restriction, Employees holding Shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those Shares, unless the Committee determines otherwise and as set forth in the Award Agreement.

8.6. Dividend Rights. During the Period of Restriction, Employees holding Shares of Restricted Stock may be entitled to Dividend Rights with respect to such Shares to the extent provided in the Award Agreement. If any such Dividend Rights are paid in shares of Stock, the shares of Stock will be subject to the same restrictions on

transferability and forfeitability as the Restricted Stock with respect to which they were paid. Dividend Rights shall be settled in cash or in shares of Stock, as determined by the Board or the Committee, shall be payable at the time and in the form determined by the Board or the Committee, and shall be subject to such other terms and conditions as the Board or the Committee may determine.

8.7. Return of Restricted Stock to Company. On the date set forth in the Award Agreement, the Restricted Stock for which restrictions have not lapsed will revert to the Company and again will become available for grant under the Plan.

9. Restricted Stock Units.

9.1. Grant of Restricted Stock Units. Subject to the terms and provisions of the Plan, the Committee, at any time and from time to time, may grant Restricted Stock Units to Employees in such amounts as the Committee, in its sole discretion, will determine.

9.2. Restricted Stock Unit Agreement. Each Award of Restricted Stock Units will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares to be issued in settlement of the Award, and such other terms and conditions as the Committee, in its sole discretion, will determine.

9.3. Other Restrictions. The Committee, in its sole discretion, limited only by the requirements of Section 3.6 of the Plan, may impose such other restrictions on Restricted Stock Units as it may deem advisable or appropriate, including granting such an Award of Restricted Stock Units subject to Performance Goals or to the requirements of Section 12.

9.4. Settlement of Restricted Stock Units. At the time of grant of any Restricted Stock Unit, the Committee will specify the settlement date applicable to each grant of Restricted Stock Units which will be no earlier than the vesting date or dates of the Award and may be determined at the election of the Participant. On the settlement date, the Company will transfer to the Participant either (a) one share of Stock or (ii) cash equal to the value of one such share of Stock for each Restricted Stock Unit scheduled to be paid out on such date and which was not previously forfeited.

9.5. Voting Rights. Employees holding Restricted Stock Units will not have any right to exercise voting rights with respect to the shares of Stock underlying such Restricted Stock Unit.

9.6. Dividend Rights. During the Period of Restriction, Employees holding Shares of Restricted Stock Units may be entitled to Dividend Rights with respect to such Shares to the extent and in the manner provided in the Award Agreement. Dividend Rights shall be settled in cash or in shares of Stock, as determined by the Board or the Committee, shall be payable at the time and in the form determined by the Board or the Committee, and shall be subject to such other terms and conditions as the Board or the Committee may determine.

9.7. Return of Restricted Stock Units to Company. On the date set forth in the Award Agreement, the Restricted Stock Units for which restrictions have not lapsed, and for which shares of Stock have not been issued in settlement of the Award, will revert to the Company and again will become available for grant under the Plan.

10. Performance Units and Performance Shares.

10.1. Grant of Performance Units/Shares. Subject to the terms and conditions of the Plan, Performance Units and Performance Shares may be granted to Service Providers at any time and from time to time, as will be determined by the Administrator, in its sole discretion. The Administrator will have complete discretion in determining the number of Performance Units and Performance Shares granted to each Participant.

10.2. Value of Performance Units/Shares. Each Performance Unit will have an initial value that is established by the Administrator on or before the date of grant. Each Performance Share will have an initial value equal to the Fair Market Value of a Share on the date of grant.

10.3. Performance Objectives and Other Terms. The Administrator will set performance objectives or other vesting provisions (including, without limitation, continued status as a Participant) in its discretion which, depending on the extent to which they are met, will determine the number or value of Performance Units/Shares that will be paid out to the Participants. The time period during which the performance objectives must be met will

be called the Performance Period. Each Award of Performance Units/Shares will be evidenced by an Award Agreement that will specify the Performance Period, and such other terms and conditions as the Administrator, in its sole discretion, will determine. The Administrator may set Performance Goals based upon the achievement of Company-wide, divisional, or individual goals, applicable federal or state securities laws, or any other basis determined by the Administrator in its discretion.

10.4. Earning of Performance Units/Shares. After the applicable Performance Period has ended, the holder of Performance Units/Shares will be entitled to receive a payout of the number of Performance Units/Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives have been achieved. After the grant of a Performance Unit/Share, the Administrator, in its sole discretion, may reduce or waive any performance objectives for such Performance Unit/Share.

10.5. Form and Timing of Payment of Performance Units/Shares. Payment of earned Performance Units/Shares will be made as soon after the expiration of the applicable Performance Period at the time determined by the Administrator. The Administrator, in its sole discretion, may pay earned Performance Units/Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Units/Shares at the close of the applicable Performance Period) or in a combination thereof.

10.6. Cancellation of Performance Units/Shares. On the date set forth in the Award Agreement, all unearned or unvested Performance Units/Shares will be forfeited to the Company, and again will be available for grant under the Plan.

11. Replacement Awards. Each holder of an Award related to the common stock of Old Ameritrade which was granted pursuant to the Plan prior to the Assumption Date and which was outstanding as of the Assumption Date after giving effect to the transactions contemplated by the Merger Agreement (the Existing Awards), will, as of the Assumption Date, be automatically granted a Replacement Award under the Plan and the Existing Awards shall be cancelled in exchange for the Replacement Awards. The number of shares of Stock and, if applicable, the Option Price per share of Stock, subject to a Replacement Award shall be equal to the same number of shares of common stock of Old Ameritrade and, if applicable, the same Option Price per share, subject to corresponding Existing Award. Except as provided in the preceding sentence, the Replacement Awards granted pursuant to this Section 10 shall be subject to the same terms and conditions as the corresponding Existing Awards.

12. Terms and Conditions of Any Performance-Based Award.

12.1. Purpose. The purpose of this Section 12 is to provide the Committee the ability to qualify Awards (other than Options and SARs) that are granted pursuant to the Plan as qualified performance-based compensation under Section 162(m) of the Code. If the Committee, in its discretion, decides to grant a Performance-Based Award subject to Performance Goals to a Covered Employee, the provisions of this Section 12 will control over any contrary provision in the Plan; provided, however, that the Committee may in its discretion grant Awards to such Covered Employees that are based on Performance Goals or other specific criteria or goals but that do not satisfy the requirements of this Section 12.

12.2. Applicability. This Section 12 will apply to those Covered Employees which are selected by the Committee to receive any Award subject to Performance Goals. The designation of a Covered Employee as being subject to Section 162(m) of the Code will not in any manner entitle the Covered Employee to receive an Award under the Plan. Moreover, designation of a Covered Employee subject to Section 162(m) of the Code for a particular Performance Period will not require designation of such Covered Employee in any subsequent Performance Period and designation of one Covered Employee will not require designation of any other Covered Employee in such period or in any other period.

12.3. *Procedures with Respect to Performance Based Awards.* To the extent necessary to comply with the performance-based compensation of Section 162(m) of the Code, with respect to any Award granted subject to Performance Goals, no later than ninety (90) days following the commencement of any fiscal year in question or any other designated period of time or period of service (or such other time as may be required or permitted by Section 162(m)), the Committee will, in writing, (a) designate one or more Participants who are Covered Employees, (b) select the Performance Goals applicable to the Performance Period, (c) establish the Performance

Goals, and amounts of such Awards, as applicable, which may be earned for such Performance Period, and (d) specify the relationship between Performance Goals and the amounts of such Awards, as applicable, to be earned by each Covered Employee for such Performance Period. Following the completion of each Performance Period, the Committee will certify in writing whether the applicable Performance Goals have been achieved for such Performance Period. In determining the amounts earned by a Covered Employee, the Committee will have the right to reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Committee may deem relevant to the assessment of individual or corporate performance for the Performance Period. Unless specifically provided otherwise by the Committee when establishing any Performance Goal, and only to the extent applicable to each particular Performance Goal, such Performance Goals shall be automatically adjusted to (a) the reflect the impact of any change in accounting standards that may be required by the Financial Accounting Standards Board after the adoption of the Performance Goal and (b) reflect the impact of any restatement of the Company's financial statements as result of such a change in the accounting standards.

12.4. Payment of Performance Based Awards. Unless otherwise provided in the applicable Award Agreement, a Covered Employee must be employed by the Company or a Related Entity on the day a Performance-Based Award for such Performance Period is paid to the Covered Employee. Furthermore, a Covered Employee will be eligible to receive payment pursuant to a Performance-Based Award for a Performance Period only if the Performance Goals for such period are achieved.

12.5. Additional Limitations. Notwithstanding any other provision of the Plan, any Award which is granted to a Covered Employee and is intended to constitute qualified performance based compensation under Section 162(m) of the Code will be subject to any additional limitations set forth in the Code (including any amendment to Section 162(m)) or any regulations and ruling issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Section 162(m) of the Code, and the Plan will be deemed amended to the extent necessary to conform to such requirements.

13. Change in Control.

13.1. Options and SARs. In the event of a Change in Control, an outstanding Option or SAR that was granted on or after the Restatement Date may be (i) assumed or substituted with an equivalent option or SAR of the successor corporation or a Parent or Subsidiary of the successor corporation, (ii) replaced with a cash incentive program of the successor corporation or a Parent or Subsidiary of the successor corporation, or (iii) terminated. Unless determined otherwise by the Committee, in the event that the successor corporation does not assume, substitute or replace a Participant's Option or SAR that was granted on or after the Restatement Date, the Participant shall, immediately prior to the Change in Control, fully vest in and have the right to exercise such Option or SAR that was granted on or after the Restatement Date and which is not assumed, substituted or replaced as to all of the Stock underlying the Award, including Shares as to which it would not otherwise be vested or exercisable. If an Option or SAR that was granted on or after the Restatement Date is not assumed, substituted or replaced in the event of a Change in Control, the Committee shall notify the Participant in writing or electronically that the Option or SAR that was granted on or after the Restatement Date shall be exercisable, to the extent vested, for a period of up to fifteen (15) days from the date of such notice, and the Option or SAR that was granted on or after the Restatement Date shall terminate upon the expiration of such period. For the purposes of this paragraph, the Option or SAR that was granted on or after the Restatement Date shall be considered assumed if, following the Change in Control, the option or stock appreciation right confers the right to purchase or receive, for each Share of Stock subject to such Option or SAR immediately prior to the Change in Control, the consideration (whether stock, cash, or other securities or property) received in the Change in Control by holders of Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Change in Control is not solely common stock of the successor corporation or its Parent, the Committee may, with the consent of the successor corporation, provide

for the consideration to be received upon the exercise of the Option or SAR that was granted on or after the Restatement Date, for each Share of Stock subject to the Option or SAR that was granted on or after the Restatement Date, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Stock in the Change in Control. Notwithstanding anything herein to the contrary, an Award that vests, is earned or paid-out upon the

satisfaction of one or more Performance Goals will not be considered assumed if the Company or its successor modifies any of such Performance Goals without the Participant's consent; provided, however, a modification to such Performance Goals only to reflect the successor corporation's post-merger or post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

13.2. Restricted Stock, Restricted Stock Units, Performance Shares and Performance Units. In the event of a Change in Control, an outstanding Award of Restricted Stock, Restricted Stock Unit, Performance Share or Performance Unit that was granted on or after the Restatement Date may be (i) assumed or substituted with an equivalent restricted stock, restricted stock unit, performance share or performance unit award of the successor corporation or a Parent or Subsidiary of the successor corporation, (ii) replaced with a cash incentive program of the successor corporation or a Parent or Subsidiary of the successor corporation, or (iii) terminated. Unless determined otherwise by the Committee, in the event that the successor corporation refuses to assume, substitute or replace a Participant's Restricted Stock, Restricted Stock Unit, Performance Share or Performance Unit that was granted on or after the Restatement Date, the Participant shall, immediately prior to the Change in Control, fully vest in such Restricted Stock, Restricted Stock Unit, Performance Share or Performance Unit that was granted on or after the Restatement Date including as to Shares which would not otherwise be vested. For the purposes of this paragraph, a Restricted Stock, Restricted Stock Unit, Performance Share or Performance Unit award that was granted on or after the Restatement Date shall be considered assumed if, following the Change in Control, the award confers the right to purchase or receive, for each Share subject to the Award immediately prior to the Change in Control, the consideration (whether stock, cash, or other securities or property) received in the Change in Control by holders of Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Change in Control is not solely common stock of the successor corporation or its Parent, the Committee may, with the consent of the successor corporation, provide for the consideration to be received, for each Share and each unit/right to acquire a Share subject to the Award, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Stock in the Change in Control. Notwithstanding anything herein to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more Performance Goals will not be considered assumed if the Company or its successor modifies any of such Performance Goals without the Participant's consent; provided, however, a modification to such Performance Goals only to reflect the successor corporation's post-merger or post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

14. Miscellaneous.

14.1. Limit on Distribution. Distribution of shares of Stock or other amounts under the Plan shall be subject to the following:

- (a) Notwithstanding any other provision of the Plan, the Company shall have no liability to deliver any shares of Stock under the Plan or make any other distribution of benefits under the Plan unless such delivery or distribution would comply with all applicable laws and the applicable requirements of any securities exchange or similar entity.
- (b) In the case of a Participant who is subject to Section 16(a) and 16(b) of the Exchange Act, the Board or the Committee may, at any time, add such conditions and limitations to any Award to such Participant, or any feature of any such Award, as the Board or the Committee, in its sole discretion, deems necessary or desirable to comply with Section 16(a) or 16(b) and the rules and regulations thereunder or to obtain any exemption therefrom.
- (c) To the extent that the Plan provides for issuance of certificates to reflect the transfer of shares of Stock, the transfer of such shares may be effected on a non-certificated basis, to the extent not prohibited by applicable law or the rules of any stock exchange.

14.2. *Withholding.* All Awards and other payments under the Plan are subject to withholding of all applicable taxes, which withholding obligations may be satisfied, with the consent of the Board or the Committee, through the surrender of shares of Stock which the Participant already owns, or to which a Participant is otherwise

entitled under the Plan; provided, however, that in no event shall the Fair Market Value of the number of shares withheld from any Award to satisfy tax withholding obligations exceed the amount necessary to meet the required Federal, state and local withholding tax rates then in effect that are applicable to the participant and to the particular transaction.

14.3. Transferability. Awards under the Plan are not transferable except as designated by a Participant by will or by the laws of descent and distribution. To the extent that the Participant who receives an Award under the Plan has the right to exercise such Award, the Award may be exercised during the lifetime of the Participant only by the Participant.

14.4. Notices. Any notice or document required to be filed with the Board or the Committee under the Plan will be properly filed if delivered or mailed by registered mail, postage prepaid, to the Board or the Committee, in care of Ameritrade, at its principal executive offices. The Board or the Committee may, by advance written notice to affected persons, revise such notice procedure from time to time. Any notice required under the Plan (other than a notice of election) may be waived by the person entitled to notice.

14.5. Form and Time of Elections. Unless otherwise specified herein, each election required or permitted to be made by any Participant or other person entitled to benefits under the Plan, and any permitted modification or revocation thereof, shall be in writing filed with the Board or the Committee at such times, in such form, and subject to such restrictions and limitations, not inconsistent with the terms of the Plan, as the Board or the Committee shall require.

14.6. Agreement With Company. At the time of an Award to a Participant under the Plan, the Board or the Committee may require a Participant to enter into an Award Agreement with the Company in a form specified by the Board or the Committee, agreeing to the terms and conditions of the Plan and to such additional terms and conditions, not inconsistent with the Plan, as the Board or the Committee may, in its sole discretion, prescribe.

14.7. Limitation of Implied Rights.

(a) Neither a Participant nor any other person shall, by reason of the Plan, acquire any right in or title to any assets, funds or property of the Company whatsoever, including, without limitation, any specific funds, assets, or other property which the Company, in its sole discretion, may set aside in anticipation of a liability under the Plan. A Participant shall have only a contractual right to the amounts, if any, payable under the Plan, unsecured by any assets of the Company. Nothing contained in the Plan shall constitute a guarantee by the Company that the assets of such companies shall be sufficient to pay any benefits to any person.

(b) The Plan does not constitute a contract of employment, and selection as a Participant will not give any employee the right to be retained in the employ of the Company, nor any right or claim to any benefit under the Plan, unless such right or claim has specifically accrued under the terms of the Plan. Except as otherwise provided in the Plan, no Award under the Plan shall confer upon the holder thereof any right as a shareholder of the Company prior to the date on which he fulfills all service requirements and other conditions for receipt of such rights.

14.8. Evidence. Evidence required of anyone under the Plan may be by certificate, affidavit, document or other information which the person acting on it considers pertinent and reliable, and signed, made or presented by the proper party or parties.

14.9. Gender and Number. Where the context admits, words in one gender shall include the other gender, words in the singular shall include the plural and the plural shall include the singular.

14.10. Severability. Notwithstanding any contrary provision of the Plan or an Award to the contrary, if any one or more of the provisions (or any part thereof) of this Plan or the Awards shall be held invalid, illegal or unenforceable in any respect, such provision shall be modified so as to make it valid, legal and enforceable, and the validity, legality and enforceability of the remaining provisions (or any part thereof) of the Plan or Award, as applicable, shall not in any way be affected or impaired thereby.

14.11. Date of Grant. The date of grant of an Award will be, for all purposes, the date on which the Committee makes the determination granting such Award, or such other later date as is determined by the

Committee. Notice of the determination will be provided to each Participant within a reasonable time after the date of such grant.

15. Amendment and Termination.

15.1. Amendment and Termination. The Board may at any time amend, alter, suspend or terminate the Plan.

15.2. Stockholder Approval. The Company will obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws. Other than pursuant to Section 13, the Company also will obtain stockholder approval before implementing a program to reduce the exercise price of outstanding Options and/or SARs through a repricing or Award exchange.

15.3. Effect of Amendment or Termination. No amendment, alteration, suspension or termination of the Plan will impair the rights of any Participant, unless mutually agreed otherwise between the Participant and the Company, which agreement must be in writing and signed by the Participant and the Company. Termination of the Plan will not affect the Committee's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.
